Britton Scouts Attended Church On Scout Sunday

The Britton Scout family consisting of Cubs, Scouts and Explorers were the guests of the Ridgeway Methodist Church last Sunday. This was one of their annual events taking place during Boy Scout week. The scouts were in attendance with their leaders: Cubmaster, John Slick; Scoutmaster, Lester Ruhl, Sr., and Explorer Advisor, Fred Barnoske, Sr.

The Boy Scouts of Troop 23 are planning on attending the Lenape District Scout Show, to be held in the Adrian Armory Sat., Feb. 16th. The following weekend they plan to go to Camp Kanestake.

At a recent family night, five boys signified their intention to attend the Fourth National Jamboree to be held at Valley Forge, Penn. They are Gerald Rhora, Neil Benedict, Richard Seagert, Lester Ruhl, Jr. and Van Frayer.

Local Girl Scout Association Met Last Wednesday

The Tecumseh Girl Scout Association met in the Scout Cabin last Wednesday morning from 9:15 until 11 o'clock with Mrs. Howard Truesdale presiding.

Reports indicated that the Christmas parties were well attended and successful. Plans for Thinking Day, February 22nd, were presented to each age level. The Association voted to hold the Court of Awards in the late spring again this year. Plans concerning a week-end at Cedar Lake were approved and the Brownies were given permission to have a skating party. Mrs. Frank Robinette, Mrs. Melvin Purple and Mrs. Junior Fouts were hostesses during the coffee hour. The Association will meet again in April when the annual election of officers will be held.

It is very true that only about one man in a million catches up with that promising future.

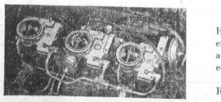
Announcing
OLDSMOBILE'S NEW
J2
ROCKET!
SUPER 88 HOLIDAY COUPÉ



TRIPLE-ACTION RESERVE POWER!
Simply nudge the accelerator beyond the ¾ mark and you "call out the reserves"! The J-2 Rocket then operates on *three* dual carburetors! J-2 is available now at a modest extra cost. Try it!

It's the most exciting engine development since the first Rocket was launched!

Engineers have dreamed for years of an engine that combined exceptional horsepower and torque potential with outstanding fuel economy in normal operation.

And today, Olds has it in the new J-2 Rocket.* You'll find *it's like two engines under the hood!*

In your day-to-day driving, you enjoy the smooth, alert action of the Rocket—with the fuel economy of dual-jet carburetion and a 10-to-1 compression ratio. But to meet the exceptional driving situation, just open the accelerator beyond the ¾ point and *two* additional carburetors automatically jet into action. There's an instant boost in torque and power. You'll appreciate the immediate response as another Olds contribution to your pleasure and safety at the wheel!

*277-h.p. Rocket T-400 Engine standard on all models.
J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., optional at extra cost.

Indians Lose To Monroe C.C. In Rough Game

The Tecumseh Indians were defeated by Monroe Catholic Central Friday night by the score of 51 to 37. The Indian Junior Varsity successfully battled the Monroe Junior Varsity and defeated them by the score of 55 to 41.

Starting for Tecumseh were Elliott, Hansen, Yoakum, Larned and Ken Miller. Sweet, Lazette, Vessechnot, Goethe and Boss started for Monroe.

It seemed that the Referees had no control of the game after the jump from center. Monroe couldn't hit their free throws during the first quarter despite their many chances. Miller, Hansen and Elliott in combination tallied 14 points during the quarter. Monroe could only come up with 8.

The story changed considerably however during the second quarter which produced the score of Monroe 22 to Tecumseh's 20. During the quarter, Tecumseh was charged with repeated fouls despite protests from the crowd. Monroe was not charged with their first foul until one minute and ten seconds before half time.

Monroe only had three fouls called on them in the third quarter while Miller fouled out for Tecumseh. Tecumseh could only score 10 more points during the quarter while Monroe widened their margin by scoring 13. The score at this point saw Tecumseh still in the game trailing by only 5 points. In the fourth quarter, Monroe caught fire and could hardly miss. They added 16 to their total while the Indians could only add 7 to make the final score 51 to 37.

All of the Tecumseh players saw action during the game. Elliott was high point man for Tecumseh with 12 points. Goethe was high point man for Monroe with 12 points. Tecumseh's Gary Green was high point man for the Junior Varsity with 15 points. Richard Stephenson helped the J.V.'s cause with 13 points.

Hartland Wins Over Boysville

Again is was a bad night for the Boysville cagers as they lost their second game in a row to Hartland 64-49. The Knights' shooting was 'way off, and the breaks of the game did not help much.

Hartland jumped ahead at the beginning of the game, kept the lead by trying a stalling game, but the Knights surged upwards and just a few seconds before the end of the game, Joe Velasquez sank a long shot to tie up the score.

In the three-minute overtime, Hartland took advantage of Knight fouls to pull out in front by quite a good margin. It was, in fact, Hartland's excellent foul shooting that spelled trouble for Boysville all night.

J. V. LOSES

Short on height and points, the Knights' J. V. team lost to Hartland J. V. by a score of 31-19. High scorer for Boysville was Duperron with 8 taliles.

The Knights lost to Manchester Feb. 1 by the score of 83-34.

THE OLD TIMER

"The more you know, the more you *ought* to know!"

Field and Stream

Winter conditions for deer were about normal during the last week in most of the state and no unusual sign of difficulty for the herd has been noted at this time.

Upper peninsula whitetails were yarded or in heavy cover in parts of the Baraga and Newberry districts and in northern parts of the Crystal Falls and Escanaba districts. Deer ranged out to feed in southern portions of the U. P.

In the northern lower peninsula, deer ranged rather freely, except in parts of the Gaylord and Traverse City districts where they were restricted to the vicinity of yarding areas by crusted snow. Conditions during the last week appeared less severe than a year ago in the Mio, Baldwin and Gladwin districts.

Snow depths is most of the upper peninsula ranged from six inches to 2½ feet while the northern lower peninsula reported depths of three inches to 1½ feet.

America's whooping cranes — probably the world's most publicized birds—total about 24 in number, according to latest reports from the U.S. Fish and Wildlife Service.

The rare birds have completed their long migration from near Great Slave Lake in Canada to their winter home at Aransas national wildlife refuge in Texas. Twenty-three of the big birds are at the refuge and another has been located on a nearby ranch.

Last year, there were 28 cranes on the refuge. The highest population at the wintering grounds since 1938 was 34; the lowest 15.

☆ ☆ ☆

A total of 63 persons were listed on the latest weekly report of conservation law convictions.

The 63 violators paid a total of $1324 in fines, in adidtion to court costs, in justice courts throughout the state.

In all conservation law cases, money from fines goes to the library fund in the county where the fine is assessed.

Pontiac takes over the Top Spot in Performance*

PONTIAC
1957
STATE POLICE POST

* Competing in the toughest tests the California Highway Patrol could devise—for performance, roadability, comfort and safety—Pontiac outclassed six of America's top-performance cars and got the order . . . for 300 cars! Here's proof about as official as you can get that Pontiac is America's Number One Road Car. Your first pulse-quickening experience with the smooth, instant response of Strato-Streak power will tell you why the experts call it the industry's most advanced V-8 engine. Sample Pontiac's precision-touch control and know what the pros are raving about the first time you round a corner or maneuver a tight spot. Head for the roughest road in town and repave it smooth as glass under Pontiac's Level-Line Ride. Altogether, Pontiac has rounded up more than six dozen "firsts" . . . wrapped them in the cleanest look on wheels . . . and put the whole wondrous package on the market proved by 100,000 miles of on-the-road shake-down. Tag all this with the most enticing price that ever gave a budget a new lease on life and you just can't say no! Better come in soon and get in on the fun!

AQABA, KEY TO PEACE?

As time drags on with reports of slow-downs and threatened stoppage in the work of clearing the Suez canal, of US emergency oil shipments to Europe falling behind schedule, and without progress in settling Suez administration problems—the attention of the world is drifting eastward, across the Sinai desert to the Gulf of Aqaba which separates Egypt and Saudi Arabia.

At the head of the Gulf is the Israeli port of Eilat, which flourished in the days of King Solomon, but which has languished since the Egyptians placed guns at Ras Nasrani, commanding the narrow straits at the entrance of the Gulf, 100 miles below. On last November 3rd, in its drive across the Sinai desert, the Israeli army captured the guns and freed the straits of Tiran. The Israelis still hold the west shore of the Gulf and subbornly refuse to withdraw until there are assurances that this international waterway will remain open to all shipping. In his latest report to the UN General Assembly, Secretary-General Dag Hammarskjold seems to be refusing such assurances.

The significance of the Gulf of Aqaba to the western world is seen in a recent Israeli statement that: "For the first time ,an alternative to the Suez is open". World War II plans for a second canal from Eilat to Haifa on the Mediterranean, considered when the Allies feared Nazi bombing of the Suez, are again under discussion. The fact that the Suez canal, regardless of its availability, will soon be inadequate for the traffic, suggests this is no longer an emergency measure. A further proposal is a trans-Israeli pipe-line from Eilat to the Mediterranean, designed to handle the cargoes of the huge 45,000 ton and 60,000 ton super-tankers that will otherwise plow their patient way around the Cape of Good Hope. In thus shortening the route, the size of the tanker fleet could be reduced by some 20 to 30 o fthese great vessels—a saving estimated at 270 to 380 million dollars. Savings in actual transportation, and hence the delivered price of Middle East Oil in Western Europe, would exceed 50 million a year.

All in all, there is considerable basis for believing that the welfare of the West—as well as the Middle East—demands free transit of the Gulf of Aqaba as well as the unhampered use of the Suez canal. Further, emphasis on this point at this time might well speed the lagging rehabilitation of the existing canal and the same resolution of the Middle East quarrels that threaten the peace of the world.

INCOME TAX FACTS No. 4

Claim All Exemptions for Yourself and Dependents

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Michigan Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

Many people overpay their taxes because they cheat themselves on their personal exemptions.

Here is how to count your exemptions (each one takes $600 off your taxable income):

One exemption for yourself, two if you are 65 or over, two if you are blind, three if you are both 65 and blind. The same applies to your husband or wife.

If your husband or wife died during 1956 you can still file a joint return claiming the exemptions, including those for age or blindness, to which the deceased would have been entitled at the time of death.

Who Qualifies

One exemption of $600 can be taken for each person who fits the definition of a dependent. This $600 is not doubled for age or blindness, however, as in the case of your personal exemption.

To count for an exemption, the dependent must:

(1) Have less than $600 gross income for 1956 (except that this does not apply to your child if he is under 19 or is a full-time student).

(2) Have received more than half of his support from you, unless you file a Multiple Support Agreement (see below).

(3) Not file a joint return.

(4) Be either a citizen of the U. S. or a resident of the U. S., Canada, Mexico, Canal Zone, Panama and in some cases, a serviceman's child living in the Philippines.

(5) Live with you (absence while attending school does not interfere) or be a close relative as defined in the instruction book or be a cousin receiving institutional care for a mental or physical disability who had lived with you before going to the institution.

Multiple Support Agreements

If you shared with others in the support of a dependent, but none of you provided more than half the support, you may still be able to arrange among you for one of the group to have the $600 exemption. You might agree, for example, to take turns in having the exemption from year to year.

The one who claims the exemption must have contributed more than 10 percent of the support, and he must be a member of a group who altogether provided more than half support, and that person must have been entitled to claim that dependent except for the requirement of providing more than half support.

In order for one of the group to have the exemption all other members of the group who contributed more than 10 per cent must sign declarations that they will not claim the dependent. The Internal Revenue Service provides Form 2120 (Multiple Support Agreement) for this purpose.

Children and Disabled Dependents

There is a deduction of as much as $600 for care of children under 12 while the breadwinner works. This child-care deduction is available to mothers, widowers, divorced and legally separated persons, who are allowed to deduct expenses paid to someone other than a dependent for the care of a son, daughter, stepson or stepdaughter under the age limit. This regulation also applies to any dependent of any age who is mentally or physically incapacitated.

A working wife is entitled to this deduction if her husband is physically or mentally incapable of providing support. Where the husband is not disabled, the working wife may also take the child-care deduction only if a joint return is filed, and the $600 limit must be reduced by the amount of the couple's gross income exceeds $4500. It should be kept in mind that you can't take this deduction if you take the standard 10 percent deduction.

The instruction book which comes with your tax form gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified advisor if you decide to seek outside help.

"Mr. Kohler, this is Mrs. Kloofer," the lady said on the phone. I recognized the name and knew her husband had passed away about a year ago. "I'd like for you to sell my home," she continued. "I'm living in Ann Arbor now, and I could arrange to meet you at the house this afternoon."

As I finished inspecting the home, she said, "I want your office to handle the sale exclusively."

This came as a mild surprise since I knew that she was acquainted with other brokers.

As if reading my mind she added, "I'm giving the job to you because I've heard about your firm from several of my best friends. Their recommendations mean a lot. They told be to seek your assistance. You will accept the assignment, wont' you?"

"Yes," I replied, "I'd be glad to sell your home. It is a nice house and fairly priced. It is exactly the kind of property we enjoy handling. And because of the recommendations you've had, we'll try doubly hard to sell it in a satisfactory way."

finger-tip Power for BETTER LIVING

The switch is to more comfort . . . extra ease . . greater home enjoyment, the electric way!

Yes, indeed, electricity has power . . . power to brighten and beautify your home . . . to save you work, time and steps in many ways . . . to help make you and your family happier, healthier, more comfortable. And best of all, electricity betters your living easily, conveniently, economically. It's truly power at your fingertips.

BUT also always use caution with electricity . . be sure your wiring is safe . . . use the right size fuses . . be sure your line is not overloaded. Your electrician will gladly advise you on what your home needs for greater safety.

LIVE BETTER . . . Electrically

NEWS OF THE FARM

Lenawee Co. Agricultural Agent's Column - - - - -

All-mash feeding of chickens is generally superior to feeding pellets or allowing free choice of mash and grain according to specialists. All-mash feeding requires less labor and fewer feed hoppers than the mash-grain system.

With mash alone, you can keep track of just how much the chickens are eating. Illness and other troubles in the flock show up more quickly in feed consumption than in egg production.

Years ago, feeding of only commercial mash gave farmers no opportunity to use their own corn and oats. Today, however, feed mills whip up poultry mash from home-grown grains and concentrates.

Experiments with chickens and rats have shown that animals cannot choose their own feed well enough for maximum production. Thus, production per pound of feed on the mash-grain system is generally lower than on mash alone.

Pellet feeding cuts feed wastes drastically and helps to assure that each chicken gets her full share of the diet. However, pellets cost more and seldom equal mash in production per pound of feed.

To save feed dollars, one should avoid the temptation to fill his feed hopper to the top rim. Nearly 30 per cent of the mash will be lost on the hen-house floor, and even more will cake in the hopper if left too long. Filling to the one-third level will reduce on-the-floor wastes to 1 per cent.

Nation-wide results show no advantage in feeding more than 15 per cent protein in old-type rations. However, with new high-energy rations, a 16-18 per cent rations may bring significant production increases.

Do not feed mash of more than one consistency to the same flock at the same time. All mash should be the same whether it is fine, medium, or coarse.

Reed canarygrass and bromegrass pastures have about equal ability in producing gains in lambs and ewes.

In tests made over a three-year period, nursing lambs gained a little more than one-third pound per day while comparable lambs on bromegrass gained a little less than a half-pound per day. The dams of the lambs made better gains on the bromegrass pasture also.

However, the reed canarygrass pastures produced a yearly average of about 250 pounds of lambs per acre while the bromegrass produced an average of 226 pounds per acre.

The final decision in selecting which grass to use will rest on which fits into the individual farming operation to best advantage, point out researchers. Both of these grasses are well adapted to the better drained areas of Michigan's poorly drained or flooded organic soils where sheep production might be a possible farm enterprise.

1957 Incentive Program Is The Same As 1956

Provisions of the wool incentive program for the marketing year starting April 1, 1957 will be the same as for the current marketing year. This assurance by T. O. Brittain, Chairman of the Lenawee Agricultural Stabilization and Conservation Committee, is based on a current announcement by the United States Department of Agriculture. The incentive price for shorn wool marketed during the coming marketing year as announced last October remains at 62 cents per pound.

Chairman, T. O. Brittain, explains that the payment rate for shorn wool will continue to be based on the percentage required to bring the average price to growers for their 1957 wool clip to the 62-cent incentive level. This means that the higher the price at which the individual grower sells his clip, the greater will be his incentive and the total return for his wool.

The first payments under the wool program were made last summer for the 1955 clip. The incentive price then ,also, was 62 cents per pound. The payment rate for that clip was 44.9 percent, which meant that the payment to growers was $44.90 for each 100 producers received from their wool sales. Payments on the 1957 clip will be made in the summer of 1958 when tabulations based on growers' sales slips can be completed.

The payment on lambs that have never been shorn when marketed also is determined the same as in 1956. The lambs must be owned by the applicant for at least 30 days and payment will be based on the weight increase of the lambs while under each person's ownership For incentive payment purposes the weight of wool is based on an average of 5 pounds of wool for each 100 pounds of unshorn lamb. The wool payment rate is based on 80 percent of the average payment for shorn wool. The lamb payment is designed to discourage unusual shearing of lambs before slaughter.

Chairman, T. O. Brittain urges all producers to keep their sales slips for wool and lambs since these must accompany applications for payment. Applications for payments, with the necessary sales slips, must be sent to the County ASC office at 118 W. Church St., Adrian, Michigan, before 4-1-58.

New Seeding Methods Urged, Improve Stands

About 200 thousand acres of the legume or grass seedings made in Michigan each year are either total or partial failures. These failures amount to one-fifth of the one million acres planted each year to forage crops, hay, pasture and silage.

Reason for this poor take is improper soil pH, or acid level; improper seedbeds... inadequate fertilizers; improper varieties; and poorly timed seeding. To offset the poor seedbed the newer approach to better seedbeds—band seeding. This method places a band of seed in the soil directly above a band of fertilizer which results in a shot-in-the-arm effect to the emerging seedlings.

Tests show that this seeding method, the amount of seed needed can be reduced by 20 per cent and still give growers a more vigorous stand which is better able to withstand drouth, insects and competition from weeds and companion crops. Another means of getting 15 per cent better stands is with the use of packer wheels towed behind the drill. Packer wheels pack only the area seeded in seven inch rows and not spaces between rows, fewer weeds get started and soils absorb water better than when cultipacked. When alfalfa seedings are made in winter wheat, the stands can be improved by 50 per cent when you drill in with the seed 100 pounds of 0-20-10 fertilizer per acre. This method, rather than broadcasting fertilizer in March, proves more satisfactory experts say.

Co. Farm Bureau Women To Hear J. C. Beardsley

On February 19, the Farm Bureau County Committee women will hold their February meeting at the County Offices at Madison Center. Potluck dinner will be served at noon. Attorney James Beardsley will be the speaker and will speak on the making of Wills. The Womens group motto for the year is "He That Is Too Secure Is Not Safe".

Full-Season Weed Control Is Prospect

Prospects are good that farmers will have a chemical weed killer that will have effect from planting time to harvest. So close, in fact, that one such chemical is adapted specifically for corn. He said there is a trend in weed control research towards this end.

Only a few years ago most researchers felt that chemicals should be selective post-emergence control. But recent tests have shown that this is probably not the most practical method.

Newer types should be applied at planting time, or near emergence time of the seedlings. Then, for the balance of the growing season, effective weed control should be assured without added expense of extra control methods such as cultivation or hand weeding.

The aim is to have a residual toxicity—long lasting poisonous effect to newly sprouted weeds. Then with such an effective means of weed control, the weed pest can almost be forgotten once weed killer is put on soil.

Local Men Engage In Map Exercise

Major James M. Rohrer of 405 Outer Drive, Tecumseh and Captain Gerald L. Smith of 200 Island Drive, Tecumseh were among a contingent of 86 officers and men from Michigan who attended a Fifth Army command post exercise at Ft. Sheridan, Illinois, the weekend of February 2-3, according to Maj. Gen. Gordon A. MacDonald, commanding general of the 46th Infantry Division, Michigan National Guard.

They joined other National Guard and Army Reserve units of the 13 state area to participate in Operation "Big Blast" VI, a tactical-type Army paper problem.

Aimed at keeping abreast with the latest developments in atomic and thermonuclear warfare, the Michigan Guardsmen, who make up the general and special staffs of the infantry unit, were called upon to take their place as members of an Army-sized fighting force.

Panel Discussion Planned At Next Adult Class

At the next adult farmers class meeting, there will be a panel discussion on corn production.

The panel members will consist of three members of the class who have sucessfully carried out new practices in corn production.

Fred Feight will lead the discussion on planting corn, with minimum tillage; and plant population in relation to yield. Lester Munger will talk about his fertilizer practices and Harold Joseph will talk on his experiences about spraying corn. Paul Burns, Agriculture teacher, will act as chairman for the discussion and will give the college recommendation for these practices.

This will be the last meeting at the high school for the year. The next meeting will consist of a beef tour which will be held in conjunction with the annual Lenawee County agents office. All farmers taking the course will be notified as to time and date of the tour.

Tories Takes 46 To 40 Thriller From Deerfield

(By Frank Prochaska)

Britton, all alone on top of the league, beat Deerfield in a close one last Friday night, 46-40. It was Brittons ball game the first half for they outscored Deerfield 25-14.

In the last too stanzas, the Minutemen put in 26 points to Britton's 21, not quite enough to top the Tories.

Britton dumped in 16 for 23 charity tosses while Deerfield only made 6 out of 21.

High scorer for the night was Deerfields center Dick Gainsley with 16 points Brittons top boy was Benedict with 12 points; and McClue and Kniffen with 10 points each were runners up.

Britton now has a 6-1 league record posting one more win than Waldron and Ida, who are tied for second place.

The little Tories dropped a 46-44 game to Deerfields reserves in the first game.

Mrs. Dyke Helms of Tecumseh entertained twenty ladies Wednesday evening. They were members and friends of the Alice Jane Circle. Miss Hallie Jane Mehler, the president, conducted the meeting. The group decided to have a public Steak Supper on Friday, March 29. They still have candy for sale and take orders for ladies hose. The group will be in charge of the March Fellowship dinner on March 10. A report was given on the new gas range that had been installed in the church kitchen. Several of the ladies will have charge of the dining room for the Father and Son Banquet on February 27. Mrs. Helms served refreshments at the close of the meeting.

The Macon Women's Society of Christian Service met at the home of Mrs. Joseph Sherward on Thursday. Mrs. Charles Bigelow conducted the meeting in the absence of the president. It was announced that the vanilla and extract had arrived and could be gotten from Mrs. Blanche Osborne, Mrs. Irma Sherward or Mrs. Mildred Moore. It is being sold to pay for a new roaster for the church. Anyone who has red stamps and wish to donate them towards another roaster may give them to Mrs. Sheward or Mrs. Russell Collins. The committee's were assigned for the Father and Son Banquet on February 27. Anyone wishing tickets for the banquet may contact Rev. Donald Bates. Mrs. Bessie Travis was appointed to the nominating committee, Mrs. Donald Bates gave the devotions, and Mrs. Lois Jordan had the program on "Whom Shall I Send?" Mrs. Minnie Sarvey was co-hostess and helped serve refreshments after the program.

Larry Neidlinger, Larry Pennington, Ronald Thomas, Jerry Rhodes and Ricky Zick, Boy Scouts of the Macon Troup, went to the Adrian Y.M.C.A. Friday evening for swimming with their Scoutmaster Dean Moore.

"Why, Harriet! I hardly recognized you. You look so much fatter in that mink coat!"

Come try the BIG BUY

(You can boss this Buick Special for little more than the price of a smaller car!)

ONE LOOK at that price figure and you'll know that—again in 1957—*if you can afford a new car you can afford a Buick.*

This fact has won hundreds of thousands of new owners to Buick in the past—and it's winning them again this year.

Because—look what you get for so little extra money.

You get the most completely new Buick brought to market in years.

Not just brand new in styling and brand new in body design.

But new in features that make this *the dream car of the year to drive.*

You get brand-new performance because the engine is literally new from the crankshaft up.

You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflow.*

And to give you the new sure-footed safety of a lower center of gravity—we built a brand-new frame—which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '57 Buick—waiting for you to try them. Do that soon—at your Buick dealer's.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan

$2595.83

(including Delivery and Handling Charges and Federal Excise Taxes) Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Brand-NEW DYNAFLOW PERFORMANCE —Instant Response —even without switching the pitch

Come in! One look is worth a thousand pictures—one ride is worth ten thousand words. IT'S THE DREAM CAR TO DRIVE—THE BIGGEST VALUE TO BUY

News From The Tecumseh Grade Schools

PATTERSON NEWS

Valentine boxes. Some blooming with beautiful flowers, some with hearts and bows. Each one different and each one the "Most Beautiful". It is fun having our own little mail boxes and we won't even peek until the big day.

Our work books and our number pages are not being neglected, however. We know how important they are.

Our Citizenship Club meet each Monday and we find that at each meeting we are discovering more and more ways that we can do things to be better citizens.

Last Wednesday Gussie Bishop's daddy visited our first grade room. He told us many things about airplanes. Many of us decided that someday we would like to either be a pilot or a stewardess.

We have our room decorated with many valentine people and pretty fancy valentines. Some of us brought our valentines early and we have had fun putting them in pretty individual mailboxes.

The second grade is finding out about muscles which pull and muscles which push. We are also finding pictures to show how these muscles do this work. Our bulletin board is to show machines which help us do these things.

We have been reading and hearing stories about Abraham Lincoln and are writing stories about him. We have found that we need to learn how to spell some extra words in order to write our stories.

Roger Hoag had a birthday last week and we enjoyed the cup cakes and ice cream which he brought to school for us.

The fourth grade, too, is making Valentines and making plans for our party next week.

We have finished our visit to New Orleans, and next week will be taking a trip to Seattle. We've really been traveling around the country—in our imaginations.

We are trying very hard to master all of the multiplication facts through the nines. Most of us know them quite well now.

This is a short week and we are all very glad.

The Fifth grade are busy making Valentine boxes and papier-mache dishes for art. In arithmetic they are adding fractions which have different denominators. It is quite a struggle.

We are having a game of basketball with Manchester sixth grade Thursday in our gymnasium.

Robert Wilbar has come into our room from Central. Some of the rooms at Central are filled to capacity.

We have decorated our Valentine box. It is a large one which will hold all of ourd Valentines.

CENTRAL SCHOOL NEWS

Central looks festive with all the various patriotic and valentine decorations in the rooms. The large display case adds to the attractiveness of the building with its very interesting exhibit of Japanese items arranged by Mrs. Crawford's sixth grade.

The other sixth grade, under Mrs. Becker's supervision, is studying the Solar system in Science. They are planning a trip into Outer Space, and have invited the fourth and fifth grades to come into their room next Wednesday and accompany them. The children are making space helmets and many other preparations for the journey. In connection with this project, John Hartley wrote to Bud Guest for information concerning the next solar or lunar eclipse. John and several of his classmates were thrilled to hear the question answered on Mr. Guest's morning radio program.

The four fourth grades have had a busy week. Mrs. Whiting's boys and girls are practicing the play "The Princess Who Could Not 6th grade assembly soon. Their Junior American Citizenship Club enjoyed several pictures of Washington and Lincoln, shown by Susan Hohenstein at a recent program.

The fourth graders in Mrs. Callihan's room have been intensely interested in Mardi Gras stories and are looking forward to reading of the celebration in New Orleans in March.

Mrs. Miller's class is learning in social studies why New York has become a large city. Several children have written to the Managers of wellknown buildings in that city and have received interesting pictures and literature concerning those particular sky-scrapers.

Mrs. Miller's children have become star gazers since learning in science about the constellations. Most of them now can identify the big dipper, little dipper, Cassiopeia and Orion.

Mrs. Bailey's boys and girls are busily working on material for the display case.

The theme will be historical, with emphasis on Washington and Lincoln, and will be shown during the last two weeks of February.

The third graders in Mrs. Schwartz' room are working on original valentine designs. They are planning to use the screen printing process for making them.

These same children have been writing and giving reports in language.

All twenty-nine children in Mrs. Puffer's second grade are now working hard in their new "Talk, Spell and Write" books and all reading groups have progressed to new basic readers. They have started cursive writing which always is a big event in the second grade.

Mrs. Neitling's first graders have been learning about how coconuts grow. Peggy Leighton's Grandmother brought one to Peggy just as it come from the tree.

Miss Luken's first grade youngsters have finished their first book of "Talk, Spell and Write." They were rather surprised to discover how many words they actually could spell without help when they had a spelling game one day.

These children also decorated folders entitled, "My Stories" in which will be kept all the stories they write in first grade. Already each child has three stories in his folder. The children also completed their alphabet books which were begun in October. Each page in the booklet shows what the letter might represent and also how the capital and lower forms of the letters are made. Most of the children are quite proud of their booklets and can really see a difference between their airplane and zeba pages. Some peoples' coloring and printing has changed so much it is hard to believe that both are their own.

Audie Murphy Appears In New Movie Sunday

Now firmly established as one of Hollywood's top-ranking film stars, Audie Murphy is carrying the laurels of stardom in the same modest manner that highlighted his public recognition as America's most-decorated combat soldier of World War II.

Says Audie, who has Anne Bancroft and Pat Crowley as his feminine stars in "Walk the Proud Land," the Universal-International picture in Technicolor and CinemaScope which opens Sunday at the Strand Theatre:

"I'm sincerely grateful for the breaks I've had in motion pictures, but as for the thrills of being a movie star—I get more kick out of watching my older boy, Terry, looking through the window of a toy store."

In spite of the sudden success that has come his way since his own wartime autobiography, "To Hell and Back," broke all box-office records in his studio's 40-year history, Audie refuses to "go Hollywood." He has become no part of the countless filmdom cliques and he stays away from night clubs and parties.

Polio Dinner Receipts $2815.00

Local citizens are shown eating a fine meal for a worthy cause Sunday at the Annual Polio Dinner held at Don's Grill. There were no fixed prices for the dinner. All receipts totaling $1815.00 went to the Polio Fund. All labor, supplies used and facilities were donated.

The $2815.00 in addition to the $1824.00 reported in the Herald last week as well as $245.47 from Raisin Township and $25.00 additional in Tecumseh bring the grand total up to $4910.45. There are still a few donations to come in. A total of approximately $5,000.00 is expected. Last year's overall total was $5592.51 of which $2084.64 was from the Polio Dinner. The drop in totals seems to be a trend this year perhaps reflecting a premature letdown in view of the Salk Vaccine.

Donations in cash or goods towards the Polio Dinner came from the following list as released by the Polio Chairman, Clara Easton: Wilson Motor Sales, Green's Clothing, Hayden Fuel and Supply, Schneider Brothers Garage, Herrick Foundation, Cal's Tog Shop, Kohler Real Estate, Wright's Drug Store, Adrian Federal Savings and Loan, The Tecumseh Herald, John's Gulf Service, Rumpf Trucking, M. H. Thielan, Eberhardt Insurance, Greenwald's Laundry, Fisher Pontiac, Hodges Drug Store, Marv's Market, Western Auto, Easton's Friendly Service, Don's Grill, Ben's Market, R. H. Hewlett, Eggleston Cleaners, Clauda Plumbing, Eggleston Jewelry, Sluyter Electric Store, Tecumseh Farm Equipment, Hite's Hardware, French's Market, Gaston and Son Jewelry, Mrs. Sally Pope, Rosacrans Store, Helm's Furniture, East Side Market, Welch's Cleaners, Osborne's Department Store, Bancroft Cleaners, Whelan Implement Co., John and Bill's Service, Musch's Flowers, Beach's Bulk Oil, Mr. Henry Smith, Guy Belding, Mr. and Mrs. E. C. Topps, Tecumseh Finance, Hinkles Barber Shop, Silvercup Bakery of Jackson, Kleenmaid Bread Co. of Jackson, Driggs Dairy of Palmyra, Banner Linen of Jackson, Albert Basso Company of Ann Arbor, McDonald Ice Cream Co. of Ann Arbor, Van's Pastry, Chris Taylor's Barber Shop, United Savings Bank, Butler Motor Sales, Kerby's, Dr. Robert Bowers, R. S. Moore and Son Lumber Co., Hayden Flour Mills, Ottawa Machine Co., Self Serve Laundry, R. and S. Manufacturing, Clark's Grocery, McCoy Real Estate, Gamble Store, Bailey Shoe Repair, Sohio Service, Wolf's Appliance, Harvey's Grill, Mrs. Don Wright, A & P Store, D. & C Store, Kroger Store, Meadowridge Dairy Co., Michigan Producers, Frank Csokasy and Linger's Market.

Workers at the dinner were: Dick Eggleston, Bob Custard, Harold Easton, Dave Vanderpool, Roger Linger, Harvey Wilson, Roy Richards, Don Smith, Charles Stevenson, Earl Baldwin, Al Merz, Bill Hodges, John Grace, Tom Corkery, Bill Hanna, Ron Reister, Jack Hanna, Perry Satterthwaite, Ruth Hanna, Clara Easton, Shirley Custard, Edna Smith, Marge Eggleston, Rena Vanderpool, Donna Reister, Mary Hanna, Gertrude Stevenson, Jean Merz, Polly Linger, Olive Grace, Edith Grace, Gladys Jewell, Della Butler, Helen Morningstar, Marge Greenwald and Marge Heflin. Sally Pope was omitted last week on the list of those soliciting business places for donations.

Thank You Expressed

The Lenawee Unit of The American Cancer Society wishes to thank the donors to The Frank Smith Memorial Fund. While this fund has not been allocated to the American Cancer Society it will be used for Cancer Research. It will be through research that the knowledge of the causes and cure of cancer will be found.

Manager Reported To City Council

City Manager E. J. Nelson in his report to the City Council Monday night reported that "It will be impossible to install the curb and gutter petitioned for this year due to the over balanced amount of local streets." "The Municipal League has a proposed bill before the legislature that would change distribution of local and major street money." According to the bill "as long as we match the money from the State, we can spend all the State Highway money

Library Given Hist. Of Culbertson School

Mrs. Marian Foote Stone has given her book "A History of the Culbertson School Tecumseh No. 1 Fr. Lenawee Co., Michigan" to the Tecumseh Public Library. It will be kept there for the use of Tecumseh people. Mrs. Stone went as far back as 1837 to gather facts for her book. She located a book which held the records of the organization of the district. From this book she compiled information to start her history. Mrs. Stone has given this old record to the Historical Museum in Ann Arbor.

The City Council Approved Several Recommendations

The Tecumseh City Council approved several recommendations of the Planning Commission at the regular Council meeting Monday evening.

Murray Drive north of Shady Lane was changed to Cairn Street in order to better conform to the present numbering system. Milwaukee Road was changed to Burt Street to the eastern city limits. Green Highway was changed to Adrian Street ending at the south city limits. Approval was also given to the suggested names for streets in the new Red Mill Subdivision to preserve the Indian tradition as follows: Algonquin, Deleware, Cherokee, Osage, Huron, Otsego, Winnebago and Hopewell. The names will be submitted to the people in charge of the subdivision.

The planning commission reported that they officially favor a City Building Code. They recommended the "Uniform Building Code". The council tabled this recommendation for further study.

Several Michigan House and Senate bills were officially opposed by the Council in the form of a Resolution. These bills include one which removes control of municipal police departments from the city, one which removes the matter of pay for firemen from the jurisdiction of the City Council, one that removes the matter of pay for policemen from the jurisdiction of the City Council, one which would remove from the taxing power of the city certain properties situated therein and would result in a discriminatory tax assessment and one which would prevent the use of State Highways by common carriers during many weekends of the year. Copies of the Resolution will be forwarded to Senator Elmer E. Porter and Representative Rollo Conlin and a copy sent to the Michigan Municipal League in Ann Arbor. The Council went on record in favor of Senate Bill No. 1065 which would permit the establishment of a Special Assessment Revolving Fund.

Patterson Fair Date Approaches For Tecumseh

An important date comes closer for Tecumseh and area people who enjoy a day of fun and bargains. March 2nd is the date of the Patterson Home Fair, hours 12 noon to 7:00 p.m. Plan to come early so you and your family can see it all.

Visitors to the Fair will not need to be encumbered with wraps and packages. J. D. Cook and his committee will be on guard in the Check Room to take care of possessions.

The Snack Bar will be open continuously for lunch, supper and snacks in between. Hot dogs, potato chips, cake, pop, tea and coffee will be served. Mrs. Betty Goodman, Chairman, has as her committee: Mr. and Mrs. Tony Collingsworth, Mr. and Mrs. Gerald Dunn, Mr. and Mrs. Ernest Hammach, Mr. and Mrs. Ralph Easton, Mr. and Mrs. Wayne Selders, Mr. and Mrs. Cecil Pence and Mr. Byron Goodman.

Admission tickets at a very low price are now available from any Patterson School pupil. Ticket stubs will be deposited upon arrival at the Fair but ticket holders need not be present at the actual time of the drawing to be eligible. Mrs. Betty Kempf, Mrs. Ted Pihl and Mrs. W. P. Hollar are working with Mrs. Opal Dickinson, General Chairman, in handling the ticket preparation, sales and the drawing.

Next week's Herald will give final news of the Patterson Home Fair, a big new project in this area.

$240.00 Collected For The Ronald Marsh Family

A total of $240.00 was collected in Tecumseh last week for the Ronald Marsh family of Ridgeway which has been stricken recently with a series of tragedies. Of this amount, $160.00 was turned in to Merlyn Downing at the United Savings Bank. The other $80.00 was collected by W. D. Hite from Hite's Hardware when he donated his key cutting machine and services to the cause last Friday and Saturday.

Anyone still wishing to help the family can do so by leaving donations with Merlyn Downing at the United Savings Bank.

Walper & Son Elevator To Begin Rebuilding

The J. J. Walper & Son Company elevator in Britton will be rebuilt. Dalton D. Walper, owner, announced that contracts have been signed for the erection of a new elevator to replace the one destroyed by fire Octobr 7, 1956.

The new structure, to be built by Hunt-Moline Co. of Chesaning, will be all steel and concrete. There will be ten seventy-foot silos with a thirty foot head house, making the structure extend one hundred feet into the air. Between the silos, there will be eight additional star bins.

A. T. Ferrell Co. of Saginaw was awarded the machinery contracts. Plans call for three driveways complete with dumps and hoists made to handle semi as well as conventional trucks. Provisions will be made for a fourth driveway to be put into operation if needed.

The new structure will be built on the site of the former elevator. What is now being used for office space will be torn out and a modern 40 by 60 foot office and display room erected. A new building will be added to the office space which will be used for retail sales. The storage capacity of the elevator will be 120,000 bushels. It will be geared for 6,000 bushel an hour capacity.

William Mukenstrum will continue as manager of the elevator. This rebuilding project will mean a lot to the economy of Britton since the firm is the largest employer in town and draws trade when in operation.

7 Candidates Seek 4 City Council Posts

Mrs. Naomi Sallows, Tecumseh City Clerk, reports that seven candidates are seeking four council posts in the City election which will be held Monday April 1.

Candidates seeking council posts are incumbents Donald F. Purkey, and John Hamilton, as we'l as Herbert Maynard, James Freckleton, Stephen Illeck, Raymond Schlagel and John Saling.

The two other councilmen whose terms expire this year are William Powell and Arthur Schwartz. Neither is seeking re-election.

The four candidates receiving the most votes fill the post, the three highest for two year terms and the fourth for a one year term.

Incumbent, Donald Purkey is service manager at Schneider Brothers' Garage. John Hamilton, incumbent, is proprietor of John's Gulf Station. Stephen Illeck is credit manager of the Tecumseh Products Co. James Freckelton is local representative for the Metropolitan Insurance Company. John Saling is owner of The Camera Shop and former supervisor and Tax assessor. Raymond Schlegel, is in the material control department of the Tecumseh Products Co.

Herbert Maynard is a silver solderer at the Tecumseh Products Co.

The Tecumseh Herald will carry more about the candidates in later issues preceding the election. Be sure to watch for it.

Editor's Corner . . .

By Phil Belleville

Loyality is defined by the dictionary as "faithful adherence to a sovereign or government, or to a leader, cause, or the like." I think it can more clearly be defined by saying that it is a common sense of belonging shared by individuals and groups sharing substancially the same experiences. Thus it can be seen at the family level, the neighborhood level, the city level, the county level, the state level, the regional level, the national level and the international level to generalize the categories as much as possible. To illustrate it, you more than likely feel more loyality to members of your immediate family than you do to any other individuals, groups or classifications. You probably feel more loyality to Tecumseh than you do to neighboring towns even though you would probably feel more loyality to neighboring towns than distant towns. Beyond this point, things are not nearly as clear cut. For example, some people feel more loyality to their county than to the state whereas others definitely do not. Perhaps the most difficult area is the state and national loyalities. It is more or less a question here of individual and regional preferences and differences. It goes without saying, that most of us owe more loyality to our nation than to others.

I think that there is a great need for more loyality to Tecumseh, Britton or wherever your particular locality may be. It is frequently the case that purchases are made or services utilized from out of town when the same purchase could be made in town at the same price or cheaper from a business or professional man that shares your community interest. It is too easy to say, "the local merchants just don't stock what I want", without actually taking the time to see if they do or not. This is a time consuming and expensive habit to form if only the added cost of transportation is considered and everything else ignored. Local merchants can stock no

Debate Team Won 5 Out Of 8

The Tecumseh high school Debate team ended their season at the District Debate Tournaments in Marshall, Michigan last Saturday. They have had a very successful season with five out of eight victories. Their debating opponents for the year were Ypsilanti, Jackson, St. Mary's, Willow Run and Marshall. In a few months the team will enter the non-league tournaments in Sylvania, Ohio. Last year they won the Class B trophy in this event.

The Tecumseh debating team is composed of Judy Whiting, 1st affirmative, Anne Rebottaro, 2nd affirmative, John Naser, 1st negative and Gregg Mason, 2nd negative.

Judy Whiting is the daughter of Mr. and Mrs. Wallace Whiting of 106 W. Pottawatamie. She is a Senior and has been on the debate team for four years. Over the years in Tecumseh High School, she has been active in many extra-curricular activities including three years in the Girls Athletic Association, two of which she served as treasurer, the Future Teacher's Club and Teen Club. She was class president her freshman year and vice president her junior year. Judy participated in forensics, the junior play, was chosen Girls State alternative and has served as associate editor of the school paper. This year she is currently working on advertising for the Annual staff and is on the board of executives of the Catholic Teen Club. Judy is an honor student and plans to attend the University of Michigan after graduation. She will enter the school of Literature Science and Arts and will major in English and mathematics.

Anne Rebottaro is the daughter of Mr. and Mrs. Eugene Rebottaro of 6901 Centennial road. She is also a Senior at Tecumseh high and a veteran debater of three years standing. She was honored by receiving the Outstanding Debater award during her junior year. Anne has been active in many organizations during her four years of High School including the Girl's Athletic association, 4-H for two years and the Future Teachers association. She is currently Student Council Representative for the FTA, she is a former Spanish club member and was class Secretary during her junior year. Anne participated in Forensics, worked on the school paper and was in the Junior and Senior play. This year, she is a feature writer for the Annual, a member of the Teen Club and the Hi-C club of the Catholic church. She is an honor student and plans to attend the University of Michigan next fall.

John Naser is the son of Mr. and Mrs. Harold Naser of 307 N. Union Street. He is also a senior and has been on the debate team for two years. Active throughout his years in High School, he is sports editor for the Annual, plays intra-mural basketball and is vice president of his class. John played football on the reserve team last fall and was in the senior play. He has had a part in the plays put on by the juniors and seniors all through his four years in high school which is a rather unique experience. He also works at the A & P store. John, a member of the Presbyterian Church, is an honor student and plans to attend the University of Michigan Engineering School next fall.

Gregg Mason is the son of Mr. and Mrs. James Mason of 526 Outer Drive. He is a Sophomore this year and a new member of the debate team. Gregg played football on the reserve team for two years and was on the track team his freshman year. He is a member of the Presbyterian church and has belonged to the Youth Fellowship a number of years. Gregg works at the A.C. Hamaker & Co. in his spare time, likes to collect stamps, play sports and read.

Hospital Aux. Announced 1957 Plans And Committees

At the regular meeting of the Herrick Memorial Hospital Auxiliary, standing committees and their plans for the year were announced.

The Finance Committee, headed by Mrs. Richard Coak, includes the following members: Mrs. Donald Purkey, Mrs. Stuart Costigan, Mrs. Elmer Eberhardt, Mrs. Curtis B. Brown, Mrs. Jack Shutt, Mrs. Robert Laidlaw, Mrs. W. T. Claxton, Mrs. Donald Cobb, Mrs. Donald Kettleman and Mrs. Laine Holden.

This committee has listed several definite fund raising projects for 1957. A Mystery Card Party is being planned for the month of March. In October Christmas Fruit Cake sales will begin, and in December the annual Holiday Ball will be held. Tentative plans are also being made by this committee for a chicken supper to be held in April, a Tea during Hospital Week in May, and a booth at the July Carnival.

Mrs. R. C. Roll, Membership Chairman, announces with her committee, Mrs. Kenneth Hunter, Mrs. Jan Kachur, Mrs. Claron Rex, Mrs. Thomas King, and Mrs. W. W. Ring, that new members will be acquainted with the various projects carried on by the Auxiliary so they may carry on with work which is most appealing to each individual.

Hostess Chairman for the year is Mrs. Donald Purkey; Publicity Chairman, Mrs. Stuart Costigan.

The Scholarship Committee, chaired by Mrs. E. C. Boss, includes Mrs. Paul Breitenwischer, Mrs. W. T. Claxton, Mrs. Fred Dickinson, and Mrs. W. W. Wilson. This group plans to study and revise the Auxiliary Scholarship in order to make it more attractive to girls in this vicinity who plan nursing careers.

The Hospital Cart Committee, led by Mrs. Dale Bowen, includes Mrs. Ralph Helzerman, Mrs. John Tomorsky, Mrs. Herman Koebel, Mrs. Joseph Galazzi, Mrs. Fred Randall, Mrs. E. L. White, and Mrs. Charles Butler.

A list of articles contained on the cart will be given each patient admitted to the hospital so that he or she will know more fully the items which may be purchased in the hospital daily from an Auxiliary member. Stamps, stationery, and a variety of candy are among the many items carried on the cart for the convenience of the patients.

The Cart Hostess Committee is made up of Mrs. Joseph Rohwedder, Mrs. Charles Stevenson, and Mrs. George McCombs.

The Future Nurses Club will have an advisory board made up of Mrs. Donald Kettleman, Auxiliary Representative; Mrs. Ruth Browne, Nurse Representative; and Mrs. Boltz, Teacher Representative.

The Hospital Sheet will have as Co-Editors, Mrs. Sam Sisson and Miss Marjorie Wickwire.

The Program Chairman, Mrs. Cecile Smith, announced that speakers on timely and interesting topics will follow business meetings.

At the March 12th meeting Mrs. Robert Laidlaw will show movies taken in Japan and give highlights on the social and medical aspects of life in that foreign land.

During the March business meeting the question of dues will be discussed. According to the questionnaires sent to members, many feel that active dues should be raised.

It is hoped that everybody attends the March 12th meeting.

Rotary Club Saw Nature Pictures Tuesday Evening

The Rotary Club enjoyed an interesting meeting Tuesday evening when [illegible] slides shown by Prof. Virgil Peal of Adrian College. Professor Peal's hobby is taking nature pictures. The slides showed flowers, trees, shrubbery, sunsets and many interesting and beautiful scenes in Michigan's out-doors, both in Lenawee county and northern Michigan. The photography was excellent.

Virgil Tucker presided over the meeting in the absence of the president.

April 2nd was announced as Rural-Urban Night when farmers will be guests for the evening.

Sunday Wedding

MRS. L. E. NICHOLS

The Nazarene Church of Tecumseh was the scene of a beautiful winter wedding Sunday afternoon at 3 p.m. when Miss Thelma Irene Anderson, daughter of Mr. and Mrs. Harlow B. Anderson, Adrian Route 2, became the bride of Lowell Edward Nichols, son of Mr. and Mrs. Elvin H. Nichols of Britton.

The altar was beautiful with various colors of Gladiolus, snapdragons, pom poms and red roses. The Reverend Bernard Gill officiated at the ceremony.

Mrs. Richard Baker played "Bless Be The Tie That Binds" and the father of the bride sang "Because" and "The Lords Prayer" as the bride and groom knelt at the altar.

The bride, who was given in marriage by her father, was lovely in a navy blue crepe dress with a matching hat. She carried a corsage of white carnations and pink baby roses tied with white satin ribbon.

Mrs. William Clark, sister of the bridegroom, was matron of honor. She wore a taupe dress with red accessories and carried a corsage of large red carnations tied with white satin ribbon. Channing Nichols of Morenci, was best man for his brother.

The mother of the bride chose black crepe for her dress, she wore a beige hat and black accessories. The mother of the groom wore toast tan with black accessories. The mothers wore identical corsages of pink carnations tied with pink satin ribbon.

After the wedding, a reception for the immediate family was held at the home of the bride's parents.

The new Mrs. Nichols is a senior at Adrian High school. Her husband graduated from Tecumseh high school and attended Cleveland Bible college in Cleveland, Ohio. He is employed at Adrian Typewriter Sales and Service. The couple will reside with his parents for the present.

The Womans Society of Christian Service of the Methodist Church met in the church parlors Wednesday afternoon with 16 members present. Mrs. Carlos Jones, president, presided. Worship was led by Mrs. Walter Hizer assisted by Mrs. Vaynard Close at the piano.

A letter from the recreation board giving a financial report of the bleacher fund for the recreation filed at the High School was read. The group responded with a financial gift.

Sunshine chairman, Mrs. Edna Codling reported having sent five cards to shut-in members.

An announcement was made that the North Central Jurisdiction conference will be at the Central Methodist Church, Detroit on March 13, 14 and 15. Mrs. Carlos Jones and Mrs. Edna Codling will attend as delegates from the local group.

The following events and dates were announced: Father and son banquet March 14, Annual White Breakfast, April 11, and the Mother and Daughter banquet in May.

Plans were discussed for a church wide Rummage sale Friday and Saturday March 1 and 2 with the proceeds to go for the Organ fund. Secretary of supplies, Mrs. Erwin Buss, is preparing a Missionary box for Korea. Announcement of a joint meeting of all the Circles for March 20 was made. Secretary of Spiritual Life, Mrs. Walter Hizer, announced the "World Day of Prayer" which will be held Friday March 8 with The Friends Church as host. Everybody is invited to attend.

The quarterly conference will be held Thursday, March 7.

Mrs. Horace James reported the Missionary study of Migrants for the Junior and Primary classes is in progress with the hour of the class changed from Saturday afternoon to Sunday morning following the Sunday school hour.

Secretary of Status of Women, Mrs. Ellsworth Collins, reminded members to sign their activities cards so the files might be completed. Members received these cards from their circle chairman. The Senior M.Y.F. is organized and group activities are in process.

The program topic "Whom Shall I Send", was ably presented by Mrs. Walter Hiser assisted by the members.

Following the adjournment, dainty refreshments were served by the committee Mrs. Paul Hardsell, Mrs. Thomas King, Mrs. Mary Cleveland and Miss Lillian Cannon.

June Wedding

MARY LOU PARTRIDGE

Mr. and Mrs. Austin Partridge announce the engagement of their daughter, Mary Lou, to Mr. Allan L. Barrett, son of Mr. and Mrs. Forrest Barrett of Britton. A June 1 wedding is planned. Allan is employed at Butler Motor Sales in Tecumseh and Mary Lou is employed at the Tecumseh Products Co.

Lenten Luncheons March 21 And 28

The Daughters of St. Peters Church met in the Parish House, Tuesday, Feb. 19. Mrs. W. E. Bly conducted the worship service. The year books were distributed to the 15 members present.

Mrs. O. W. Laidlaw was appointed chairman for the two lenten luncheons to be served March 21 and 28. Following the business meeting, Mrs. Cecile Smith read chapter 2 of the book "Ye Shall Be Witnesses". The continuation of this study will carry through the lenten period. Refreshments were served by the hostesses, Mrs. Harry Schuch and Mrs. John McCann.

Ralph Comfort Is Home After Trip Around World

Ralph B. Comfort, returned Sunday from a tour which took him around the world. He was accompanied by Rev. Chester Stanley of Damascus, Ohio.

They left Willow Run Airport on November 15th and arrived back there at 10:30 p.m. Feb. 17th.

The air tour took them to Glasgow, London, Paris, Frankfurt, Geneva, Zurich, Milan, Rome and Athens. Because of the troubled conditions in the Middle East the plans to visit Cairo and Jerusalem had to be cancelled. After leaving Athens, they flew to Istanbul, Turkey and then on the Karachi, Pakistan and New Delhi, India. They spent 7 weeks in India, visiting New Delhi, Calcutta, Nagpur, Agra, location of the Taj Mahal, and Landous in N. India. They toured India via automobile, air, bus and train. They also visited a diamond mine in Central India as well as a manganese mine.

A very interesting time was spent in Rangoon, Burma where they visited the Joseph Satterthwaite's, of Tecumseh, the U. S. Ambassador to India and a cousin of Mr. Comfort. They were fortunate in arriving at the same time the Fairless Committee investigating U.S. aid arrived and they had lunch with them.

From Rangoon, the two travellers flew to Hong Kong then to the Philippine Islands, spent a week in Formosa, Japan and then back to the U.S. via the Hawaiian Islands.

The main purpose of the tour was to visit the Mission stations of the American Friends Mission in Central India and Formosa.

Mr. Comfort took many colored movies and slides on the trip.

They Explored The Universe!

Tecumseh Herald photo

Fasten your safety belt and adjust your space helmet. You are about to explore the universe! This was the theme of the Assembly Program presented by Mrs. Becker's Sixth Grade at Central School.

Grade six presented the program to the 4th, 5th and 6th grades. They pretended the auditorium was a space ship. The room was darkened. A light was projected on the bulletin board where models of the 9 planets, the moon, the sun, a comet, a meteor and asteroids were fastened. As the ship came near a planet or object the light would be projected on that planet and a guide would describe it. The guide told about the conditions on it.

This activity proved to be an interesting way to learn a great deal about the Univ[illegible] questions were raised and discussions held. The space helmets were creative, equipped with oxygen tanks and antennae. Boys without helmets were on earth in control tower.

Court Of Honor Held For Troop 73 Thursday Evening

The Boy Scout Court of Honor for Troop 73 was held at the Scout Cabin last Thursday evening with a good attendance participating. Howard Wilson, Jr. presented the following merit badges: George Milosh, fishing and home repair; Carl Habrick, farm mechanics; Dennis Irelan, home repair and music; Larry Titley, home repair and music; David Brooks, firemanship and 2nd class rating; Bruce King, 1st class rating; Fred Hartwig, 2nd class rating. Three boys received their Star Scout badges: Larry Titley, Dennis Irelan and Richard Stephenson. Two Webeloes graduated in an induction ceremony conducted by the Scoutmaster. The Troop now numbers 27 boys. Next month, the total will be 33 boys and so the number grows with the efficient work of adults leaders and the cooperation of parents.

City Council Approved Recommendations

(Continued from Page 1)

sley was instructed to find out the procedure of other cities regarding regulations of taxi cabs and to draw up a resolution to be submitted to the Council at a future meeting. Jim Shields application to operate a taxi in the city was denied.

A motion was made and approved to confirm the curb and gutter assessments according to the curb and gutter ordinance providing the subdividers comply with the subdivision ordinance.

The Legion Hall was designated for voting in precinct 2 and 3 for the election April 1, the salary for workers will remain at $1.25 per hour plus lunch and dinner.

The City Attorney was asked to inform Mr. Clare Beland that he is in default on the plat act and corrective measures must be made within 60 days.

The City Managers report was accepted. There was considerable discussion regarding the need of sewers in the northwest section. It was thought this work should be done as soon as funds are available.

Calvin Zorn was appointed to act as administrator for the city in all transactions with the State Highway Commissioner.

on local streets." "It would help us considerably this year if it were in effect."

It has been agreed that the southeast end of Herrick Park is the best location to drill the next well test hole.

KeN

The highway project north of Burt Street is progressing very well. Mr. Nelson mentioned the inadequate sewer system in the north west section of the city. A few years ago, the possibility of installing a sanitary sewer from the 12 inch sewer at Maumee Street going west up Evans Creek was investigated. It would cross Evans Street near the V.F.W. Club, be continued west as far as necessary to service all the north west area. The Manager would like to see some action stated on the project and some money allocated in the budget next year.

The house on 117 S. Ottawa Street has been removed for a new city parking lot. The basement will be filled and the lot graded this week. It is hoped that it will help the parking problem.

Mr. Nelson also reported that the new fire truck has arrived. The old Schneider Brothers Garage building on Chicago Blvd. has been rented for $50.00 per month to keep the old fire truck clean and available for use until it is disposed of by the city.

more than their volumn of business dictates.

I feel that the people of a community owe their business to local establishments assuming the desired goods or service is available. Another strong conviction is that every conceivable loyality is owed by the people of a community to the institutions such as schools, city government etc of that community. In turn, those institutions owe their complete loyality to the local people and other local institutions. Divided community loyality reciprocates into a divided and weak community. Complete loyality and cooperation in reality, is seldom returned when it is not received. This is not idealism but certainly seems to be realism.

Music Club Tea Met With Miss Bess Pulver Sat.

The Music Club tea, held at the home of Miss Bess Pulver last Saturday, was very well attended. The State President, Mrs. Gilbert Burrell of Lansing, was the guest speaker.

A number of the organists from the various local churches, who were invited guests, were present to enjoy the program which included selections sung by Miss Jackie Rucker; "Desert Song", "If I Loved You", and "The Little Worm". She was accompanied by Mr. McKenzie. A piano duet, The Second Hungarian Rapsody, by Listz, was played by Mrs. Arthur Schwartz, and Mrs. Fred Oberlin. A vocal and piano solo was presented by Marie Wintersteen.

In Mrs. Burrell's talk, she spoke of the importance of the work of the State Federation as well as that of the local and district clubs. She made a very extensive announcement about the State Convention in Kalamazoo on April 4, 5, and 6th, telling of the very interesting programs planned for the three day affair, and also something about the organization of the members that will be singing together under the direction of the director of the music department of Michigan State University. She also announced the dates for the Biennal Convention in Columbus, Ohio which will be a nine day affair. Michigan day is on Tuesday, April 30th. A lot of enthusiasm was shown about this convention. It is hoped that a number of local members may be able to attend.

After the program, refreshments were served from a daintily appointed tea table with a centerpiece of pink and white carnations and pink candles in separate, identical, silver, candle holders. Tea was poured by Mrs. George Wittrup, and Marie Wintersteen.

Exchange Club Met Wednesday

The Exchange Club met Wednesday evening in the Eagles Hall. Plans concerning the Ladies Night are being formulated and will be released at a later date. The group hopes to take the ladies to a stage show, or perhaps dinner and dancing.

The program for the evening was a general discussion with membership participation.

SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF TECUMSEH PUBLIC SCHOOLS LENAWEE COUNTY, MICHIGAN TO BE HELD MARCH 4, 1957

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that a special election of the qualified electors of said School District will be held in the Lobby of the High School Gymnasium, in the Village of Tecumseh, Michigan, on Monday, March 4, 1957.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M., EASTERN STANDARD TIME.

The following propositions will be submitted to the vote of the electors at said special election:

I. Shall the limitation on the total amount of taxes which may be assessed against all property in Tecumseh Public Schools, Lenawee County, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by eighty-five hundredths of one per cent (0.85%) (8½ mills) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1957 to 1976, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of not to exceed One Million Nine Hundred Thousand Dollars ($1,900,000) to be issued for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for site purposes?

II. Shall Tecumseh Public Schools, Lenawee County, Michigan, borrow the sum of not to exceed One Million Nine Hundred Thousand Dollars ($1,900,000) and issue its bonds therefor, for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for ite purposes?

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of a qualified voter of the District having property so assessed.

Only persons registered as electors in the township in which they reside are eligible to vote.

I, Willis Moore, Treasurer of Lenawee County, Michigan, hereby certify that, as of February 8, 1957, the records of this Office indicate that the total of all voted increases over and above the tax limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Tecumseh Public Schools, Lenawee County, Michigan, is as follows:

By Lenawee County:	None
By Tecumseh Township:	None
By Franklin Township:	None
By Macon Township:	None
By Raisin Township:	None
By Clinton Township:	None
By Ridgeway Township:	None
By the School District:	13 mills, 1957 to 1966, inclusive
By the former School District No. 1, Ridgeway Township:	13 mills, 1957 to 1967, inclusive

Willis L. Moore
Treasurer
Lenawee County, Michigan

Take Notice that the Board of Education has estimated the total expense of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for site purposes, to be One Million Nine Hundred Thousand Dollars ($1,900,000), all of which it is necessary to raise by borrowing and issuing the bonds of the District.

This Notice is given by order of the Board of Education of Tecumseh Public Schools, Lenawee County, Michigan.

R. F. Helzerman, M.D.
Secretary, Board of Education

Well Known Rural Mail Carrier Laid To Rest Mon.

Ed Aebersold, well known rural mail carrier, was laid to rest Monday in Brookside cemetery after services were held at the Green Funeral Home at 2 p.m.

Mr. Aebersold was 64 years old. He passed away Friday at 4:40 a.m. at Herrick Memorial Hospital where he had been a patient since Jan. 26. He suffered injuries in an auto accident in Pontiac Jan. 22.

Mr. Aebersold was born in Pemberville, Ohio August 13, 1892, the son, Edward John, of Charles and Emma Losli Aebersold. His home was at 4174 Allen Road. He lived most of his life in Tecumseh. For 34 years he was employed by the [illegible] as a rural carrier and retired just four years ago. He was a member of the Presbyterian Church, Tecumseh Grange, Farm Bureau, Masonic Lodge, F. & A. M., Tecumseh Club, Underwood-Orr Post of American Legion and the Lenawee County Rural Mail Carriers Association.

Surviving are his widow, the former Margaret Gregg; a daughter, Mrs. Henry Carl (Hope) Smith of Tecumseh; 2 sons, Major E. Gregg Aebersold with the U.S. air force in Victoria, Texas, and William Aebersold of Pontiac; 2 brothers, George of Coldwater and Clarence of Tecumseh; 3 sisters, Mrs. Walter (Minnie) Meade of Tecumseh, Mrs. F. M. (Blanche) Julliard of Strycher, Ohio, Mrs. Eli (Clara) Busch of Hollywood, California; and nine grandchildren.

Mr. Aebersold was preceded in death by his parents; 2 brothers, Charles and Lloyd; and a sister, Mrs. Flora Tilton. Rev. George Walworth officiated at the services. Bearers were Gregg Aebersold, William Aebersold, Henry Carl Smith, Lyle Lewis of Adrian, Dale Aebersold of Fairfield, and Fred Aebersold of Detroit.

Witnesses Return From Bible Conf.

Local Jehovah's Witnesses returned Monday from their 3-day assembly held in Ann Arbor last weekend. The program was climaxed with the lecture, "What Will Armageddon Mean For You?", delivered by Mr. A. C. Manera of Providence.

Short talks concluded the 3-day assembly with all delegates returning to their homes, joyfully determined to share with those in their communities the benefits received from the gathering.

The meet brought together eighteen congregations of Witnesses representing Michigan Circuit No. 8.

To Visit St. Peter's

BISHOP EMRICH

The Rt. Rev. Richard S. Emrich is Bishop of the Episcopal Diocese of Michigan.

Bishop Emrich will visit St. Peter's Episcopal Church this coming Sunday for the 11 A.M. Service. At this service he will administer the rite of Confirmation, known in the time of the Apostles at the Laying on of Hands, to thirteen persons.

Bishop Emrich was born in Mardin, Turkey, of missionary parents. Following graduation from Phillips Andover Academy, he attended Brown University, the Episcopal Theological School in Cambridge and Union Theological Seminary in New York City and later studied at the University of Marburg in Germany, receiving the degree of Doctor of Philosophy. In recent years he has several times received honorary degrees from American Universities.

Convention To Be Held At Assembly Of God Church

A missionary to Latin America will be the 1st speaker in a four-night convention to begin March 5th at 8 p.m. in the Tecumseh Assembly of God Church situated at 210 W. Bidwell St. Rev. D. L. Macpherson announced today.

The Rev. L. W. Stokes will tell of the progress of Missions in Latin America and of the great Revival Campaign in Buenos Aires in 1954 when many were converted. As a result of this campaign, an Evangelistic center has been opened and fifteen out-stations in a one-hundred and fifty mile radius of Buenos Aires.

On March 6th at 8 p.m. Mrs. Joseph Brown, Missionary to Egypt, will be the guest speaker. Having spent 20 years in Missionary service, Mrs. Brown will give up-to-date information on the conditions in Egypt today and tell of the extent of the work of The Assemblies of God in that land.

On March 7th at 8 p.m., Mr. and Mrs. E. M. Brengle, Missionaries to the Philippines, will be the guest speakers and will relate some of their experiences in the Philippines. Mr. Brengle became interested in Misionary work while stationed in the Philippines as an army Chaplain.

On March 8th at 8 p.m. will be the concluding night of the Missionary-Convention with Rev. Bronnie E. Stroud, Missionary to the Gold-Coast West Africa. Mr. Stroud will tell of the progress of Missions in the Gold-Coast. He will also display curios, show colored-slide pictures and will be dressed in African costume.

The public is cordially invited to hear these Missionaries and see their slides of foreign lands from March 5th through the 8th each evening at 8 p.m.

Royal Neighbors To Have A White Elephant Sale

The Royal Neighbors met last week. The new officers took charge of the proceedings for the first time.

The auditing report was presented by Mrs. Ernie Topps who reported that $8.00 was made from the Penny Party held at the home of Mrs. Otto George. Another Penny Party will be held Thursday, Feb. 14, at the home of Mrs. Rose Service at 1:30 p.m. Plans are to hold these parties every two weeks. A white elephant sale will be held at the next meeting Feb. 25. It was announced that all camps of Royal Neighbors in the State are again honoring the memory of a former Supreme Officer, Mrs. Jessie Mitchell, by joining in the purchasing of park benches bearing a plaque in her memory.

In the future, Mrs. Carrol Frost and Mrs. John Moody will have charge of publicity for the Royal Neighbors.

Cub Scout Pack No. 4 HadBlue And Gold Banquet

The annual Blue and Gold Banquet of Cub Scout Pack No. 4 was held Monday evening at the Baptist Youth House with about 165 Cubs, parents and guests attending as well as Mr. and Mrs. John Dennis, new Webelos leader; Barry Hall from Troop 73, Bill Fielder, den chiefs and Jerry Chase and James Nighswander from Explorer Troop 4.

Rev. Bashore gave the invocation. After a fine dinner served by the ladies of the Baptist Church in the interest of scouting, cubmaster, Dr. Richard Dustin took attendance and awarded tin can Cubby to Den 7, who had over 85 per cent present. Awards were presented by [illegible] Merx awards chairman, to the following cubs: Timmy Rhinehart, a gold arrow and silver arrow under Wolf; Ricky Brighton, a silver arrow under Wolf and a silver arrow under Bear; Bradley Hatch, a silver arrow under Wolf; Donnie Nichols, a silver arrow under Wolf; one year service stars to Bradley Hatch, Paul Fisher, Ricky Brighton and Larry Merx; Lion badges and gold and silver arrows under the Lion badge to Dick Fielder, Jerry Hebb and Paul Snyder; Douglas Goldsberry, a Lion badge; Dennis Beemer, a Bear badge and a gold arrow under the Bear badge; Richard Johnson, a Bear badge; Ronald Johnson, a gold and silver arrow under the Lion badge and a 2 year service star; Douglas Kaynor, a 2 year service star; Bear badges to Roger Beale, Robert Berkley, Franklin Boike, Stephen Derby, Terry Lee Keith, Ricky Nighswander, William Schultz and Terry Sisty; Wolf badges to Earl Cook, and Gary Hall.

Den mothers receiving 1 year service stars were Lila Rutherford, Maude Fisher, Adah Boike and Mrs. Richard Dustin; assistant Den Mothers receiving one year service stars were Helen Sharpe, Ruth Brighton and Doris Carpenter. James Nighswander, Den Chief for Den 3, received his Den Chief cord.

After the awards were presented, Mrs. Carson House accompanied her son, Stan, on the piano as he played several numbers on his electric guitar. Stan played over a local T. V. station last summer. Mr. Carlos Jones entertained those assembled with a wonderful demonstration of magic.

A Webelos Den is being organized under the leadership of John Dennis as Scoutmaster. David Dustin, John Mensing, and Ronnie Anderson are already members. Jerry Hebb and Paul Snyder are eligible, Dick Fielder will be eligible in March when he will be 10½ years old. This Den meets every other Monday evening at 7 p.m.

Feb. 22 Is Girl Scout Thinking Day In Tecumseh

February 22 is Girl Scout Thinking Day and Tecumseh Scouts along with those from all over the nation will be honoring the Founder of the movement, Juliette Gordan Low. The date marks the birthday of Juliette Low and the time in which each member of the organization is asked to reflect her membership responsibilities. The International World Friendship Fund program in scouting is financed by penny donations each year on Thinking day. Members give one penny for each year of their age and thus pay their obligation to the Founder.

The Brownie Scout Thinking Day program, with Mrs. Donald Creger in charge, will be held today to make it easier for the leaders, assistant leaders, committeewomen and parents to attend. A program including a song fest and films will be held in the Tecumseh Friends Church from 4 to 5 p.m.

The program for the Intermediate Scouts, under the direction of Mrs. Robert Anderson, will be held from 4 to 5 p.m. Friday in the Presbyterian Fellowship Center. The program, with all members of Troop 10 participating, will be as follows: presentation of colors, all girls; pledge of allegiance led by Josilyn Snook; Girl Scout promise led by Jean Preston; Girl Scout Laws led by Vickie Gooding; Girl Scout Slogan and Motto both led by Candace McEnroe; remarks on the life of Juliette Gordan Low by [illegible]; story of Juliette Low World Friendship Fund by Peggy Johnson; explanation of the meaning of all parts of the World Friendship Flag and Pin by Michelle Anderson.

The Senior Scouts will hold their program Thursday, Feb. 22, in the High School cafeteria at 7:30 p.m. when a movie, "The Wider World", will be shown. This program is under the direction of Mrs. Victor Lawson.

AUNT JEMIMA
Corn Meal
QUAKER
CORN MEAL
The Quaker Oats Company

... besides satisfy folks' hankering for corn muffins?

"To a forward-looking company, *present successes are not enough. There must be serious planning for the future. My fellow employees and I are always impressed by the fact that The Quaker Oats Company invests thousands of dollars each year for up-to-date facilities and equipment. This is just another reason why we think Quaker a better place to work, and why we are able to make the highest quality products to sell at the lowest possible cost to the consumer," says one of the Quakers, Irving C. Shaw, in Tecumseh.*

People here in town who like corn breads and muffins show a preference for Quaker and Aunt Jemima Corn Meal. This is hardly surprising. The minute you open the package, the "fresh corn flavor" of this famous new-day corn meal comes through!

It mixes and cooks quickly and easily. And the piping hot corn muffins you make with it have a wonderful texture—moist, yet not too crumbly. No wonder folks are fond of corn sticks, corn bread, muffins and meat pies made the Quaker and Aunt Jemima way!

No wonder, also, that your friends and neighbors who work here in town for The Quaker Oats Company take great pride in their jobs! They know that to *get* the best, you have to *give* the best—and they feel satisfied that The Quaker Oats Company *does* give the best, as proved by the increasing popularity of Quaker products everywhere.

Mrs. C. Bailey Laid To Rest

Services were held Monday at 2 p.m. at the Collins Funeral Home for Mrs. Claude Bailey who passed away Friday at Herrick Memorial Hospital where she had only been a patient since Wednesday. Mrs. Bailey was born in Macon Nov. 23, 1885, Laurel the daughter of William A. and Alta Thomas Chambers.

She attended the Macon School and graduated from Tecumseh high school in 1904. She was employed by the Davis-Kishlar Co. in Ypsilanti for several years and married Mr. Bailey Jan. 19, 1914. They made their home in Macon where they have lived since that time. She was a member of the Macon Methodist church and the Macon Woman's Club. Mrs. Bailey is survived by her husband, three sisters, Mrs. Fred R. Bailey of Ypsilanti, Mrs. L. K. McIntyre of Clinton, and Mrs. Clyde W. Bailey of Tecumseh and two brothers, Maurice Chambers of Coldwater, and Everett W. Chambers of Detroit.

Rev. Vaughn Whited and Rev. Donald Bates officiated at the services. Burial was in the Macon cemetery. Bearers were David Bush, Robert Osburn, Carl Thomas, John Socha, Russell Collins and Robert Godfrey. Honorary pall bearers were John Ladd, Ray Gilmore, John Tuefel and Fred Tuefel.

Music Club Had Church Music Program Tuesday

The Tecumseh Music Club met at the home or Mrs. James Dansforth at 524 Outer Drive Tuesday evening for their February meeting. Ten members and one guest Mrs. Oscar Bryan were present. Church music was the program for the evening. Miss Ingersoll and Mrs. Nina Heath were the program leaders.

Transcriptions of hymns were played by Mrs. Oberlin and Marie Wintersteen. Mrs. Gallant sang the hymn of the month, "King of Love My Shepherd Is". Miss Ingersoll and Mrs. Heath gave papers about the history and stories of hymns. Mrs. Perry Hayden gave a paper entitled "Hymns Between Faiths", and Mrs. W. G. Waldron told of the origin of anthems. Each member sang or read their favorite hymn.

It was announced that the State Convention will be held April 4, 5, and 6 at Kalamazoo and that a Public Convention will be held March 10 at the Baptist Youth House.

Mrs. Heath, Miss Edith Ingersoll and Mrs. Clyde Smith were the co-hostesses.

Albert Muschs Attend Conference

Mr. and Mrs. Albert Musch of the Tecumseh Greenhouses and Floral Shop, 4372 Blood road, attended a Flower Growers Conference in Detroit on Tuesday. Principal business was a school of design and a business clinic. The Muschs report a very interesting and informative meeting.

Tecumseh Wins Chance For 2nd Place Honors

The Tecumseh Indians whipped Airport here Friday night by the score of 69 to 47 and won a chance for second place in the Southeastern Conference. However, they must beat Bedford Friday night to tie for the runner's up spot with Monroe C. C. The Indian's Junior Varsity also pulled out a victory in a close 42 to 39 battle.

The starting lineup for Tecumseh was Hansen, Yoakum, Larned, Miller and Elliott. Lembrix, Sanders, Sherman, Herman and Campbell started for the Airport Jets.

Tecumseh rapidly got under motion and established an easy 8 point lead by the end of the first quarter. The score was 16 to 8. The Jets couldn't score in the second period until a free throw after 2 minutes of play. Despite hard Jet play and good rebounding, the Indians managed to retain their 8 point lead. The score at the end of the quarter was 27 to 19. In the third quarter, the Indians surged ahead 42 to 29. The Indians kept up their drive and finished the game ahead 69 to 47.

The entire Tecumseh team played. Ken Miller was high point man for the Indians with 22 points. Bill Hansen took second place honors with his 17 points. High point man for Airport was Herman with 13 points.

Tecumseh will travel to Bedford this Friday, February 22, to play Bedford. The first game starts at 7:00 p.m.

Britton Tories In First Place League Tie

The Britton Tories defeated Waldron 49 to 45 Friday night and assured themselves of a tie for the Tri-County League title.

The Tories led 45 to 36 at the beginning of the fourth quarter. They stalled the entire quarter and scored 4 points and held Waldron to 9 points.

Jack McClue was high point man for the Tories with 17 points. Jerry Spray netted 19 points for the Spartans.

Boysville Ties For Second Place With South Lyons

Boysville tied with South Lyons for second place in the League of the Lakes Friday night by taking Pinckney 61 to 55 in one of the season's biggest thrillers. Boysville won the reserve game 36 to 33.

Boysville led 51 to 49 in the closing seconds of the game. Then Pinckney's Ed Wakefield tied up the game with a field goal. Paul Carry, Luis Taylor and Tony Mata scored 10 points for Boysville in the three minute overtime period to Pinckney's 4 points.

Luis Taylor was high point man for the Knights with 15 points while Mata hit for 13. Hill scored 16 points for Pinckney and Wylie scored 14.

DROP IN SUCCESS

Cold weather, particularly during January, caused a drop in rabbit hunting success in southern Michigan, according to preliminary information gathered by Conservation Department game biologists.

The January cold snap sent cottontails scurrying into underground burrows and hunter interest lagged during the final month of the October 20-January 31 rabbit season in the southern lower peninsula.

For example, hunters at the Department's Rose Lake wildlife experiment station bagged a total of 463 rabbits during the past season, compared with 499 during the 1955-56 season. The hunting success of the public at Rose Lake usually parallels the statewide situation.

Despite this late season drop, hunters found plenty of rabbit hunting last season in southern Michigan and early reports indicate a generally successful season. When final kill figures are compiled later this year from hunter report cards, the cottontail will again claim the title as "Michigan's most popular game animal."

During the 1955-56 season, hunters bagged some 1,600,000 rabbits; the 1954-55 figure was 1,400,000. Although rabbit hunting season has ended in the southern lower peninsula, rabbits and snowshoe hares are legal targets in northern areas of the state through March 1.

ACCIDENTS

Of the 2250 accidental deaths caused by firearms in the nation last year, 1050 occurred in homes. Fatal hunting accidents in the field totaled about 1200, while some 12,000,000 persons hunted.

Haley, Dale, Freed Star in 'The Rock'

The battle over rock 'n' roll explodes out of the headlines onto the screen on Tuesday when Columbia Pictures' "Don't Knock the Rock" starts at the Strand Theater.

There will be a special matinee Tuesday, Feb. 26 at 3:30, featuring "Don't Knock the Rock" and Rumble on the Docks".

"Don't Knock the Rock," produced by the same company that scored a sensational world-wide hit with "Rock Around the Clock," stars Bill Haley and his Comets, Alan Dale, Alan Freed, the Treniers, Little Richard and Dave Appell and his Applejacks. Jovada and Jimmy Ballard are featured.

An all-star lineup of rock kings reportedly give out with dazzling renditions of such songs as: "Calling All Comets," "Hot Dog, Buddy Buddy," "Rip It Up," "Hook, Line and Sinker," "Tutti Frutti," "Long Tall Sally' 'and "Don't Knock the Rock."

According to advance reports, "Don't Knock the Rock" casts a searching spotlight on the real reasons for the rock 'n' roll craze that's swept the country. It is the story of a singing idol, the teenagers who worship him and the adults who dislike him.

PEOPLE-TO-PEOPLE

Some months ago President Eisenhower called a group of leading American citizens to a special White House conference. Out of that conference came what is known as the "People-to-People program for international friendship" — a program whose aim is to construct a massive program of communication between Americans and the citizens of other lands.

There is a place in this program for everyone. An individual, for instance, may regularly write letters to friends and relatives abroad, share American books and magazines with eager readers overseas, or invite to his home one of the many foreign visitors who come to this country. A civic leader may help his community undertake a town affiliation with some sister-city abroad, as has Hagerstown, Maryland, with Wesel, Germany. A business firm with foreign branches may devote part of its overseas advertising to build better understanding of America, as has one of our oil companies. The possibilities are almost limitless—and some of them are novel and striking. As an example, the Gazette, of Amble, Pennsylvania, on the 900th anniversary of Coburg, Germany, issued a "Freedom Edition" in two languages and distributed copies in both its own town and the German city.

The government is prepared to give assistance in this undertaking. But the success of the People-to-People program will rest on individual citizens. In the President's words, "if our American idealogy is eventually to win out in the great struggle being waged between opposing ways of life, it must have the active support of thousands of independent private groups and institutions and millions of individual Americans acting through person-to-person communication in foreign lands."

INCOME TAX FACTS No. 5

Personal Deductions May Cut Your Tax Bill

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Michigan Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

When you use the "short form" in filing your income tax return, or take the standard deduction on the "long form," you are allowed a deduction of about 10 percent to cover such personal expenses as interest, state and local taxes, contributions and medical expenses.

If you are sure that your personal deductions are less than 10 percent standard deduction, there is no need to itemize them. But it is worth the effort of calculating your tax on both forms. Here are some deductions you should be careful not to overlook:

Interest on Loans

The interest you pay on loans is deductible. This includes mortgages, automobile, appliance, home improvement or personal loans you may have. The part of "carrying charges" representing interest on installment purchases is deductible. Evidence such as a statement from the seller should be obtained to show the amount of interest you paid during the year.

State and Local Taxes

Most taxes, other than federal taxes, are deductible. These include state and local real estate, personal property, income, retail sales, poll taxes and, in all but a few states, gasoline taxes. You can also deduct auto licenses and registration fees, but not dog or hunting licenses.

Charitable Contributions

Another type of deduction you can take if you itemize your deductions is your contributions to any "religious, charitable, educational, scientific or literary" organizations. These contributions are deductible up to 20 percent of your income, and up to 30 percent if at least 10 percent of your income was paid as gifts to religious organizations, schools or hospitals.

In adding up your contributions, don't forget that gifts of property can be deducted at their fair market value as of the time they were donated. Suppose, for example, you contributed to your church a share of stock which had doubled in value while you had it. You can deduct, as a contribution, the full value of the stock at the time of the gift, even though you only paid half that much for it. At the same time you escape paying the tax on the capital gain which would have been realized if you had sold the stock instead of contributing it.

An individual is not permitted to deduct a contribution which he has pledged but not paid during the tax year. Contributions of services are not deductible, and blood donations are construed as a service.

Transportation Expenses

An employee is permitted to deduct, in determining adjusted gross income, all his transportation expenses incurred in connection with his employer's business if they are not reimbursed. These include fares, automobile expenses, and (if in connection with over-night travel) meals and lodging. Other expenses paid in accordance with an expense allowance arrangement with the employer may also be deducted for this purpose.

An employee's expenses other than these can only be deducted if the standard deduction or tax table is not used. The expense of commuting between home and place of work is not deductible at all.

An "outside salesman" (one who usually works away from his employer's business) can deduct all business expenses before arriving at adjusted gross income, just as if he were in business for himself.

Miscellaneous Deductions

If you had certain expenses connected with your employment (other than travel or reimbursed expenses) you can claim them as miscellaneous deductions. Examples would be tools, uniforms, union dues and employment agency fees.

Other miscellaneous deductions include the fee for preparation of your tax return, some alimony and a share of interest and real estate taxes paid by a cooperative apartment corporation of which you are a tenant stockholder.

The instruction book which comes with your tax forms gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified advisor if you decide to seek outside help.

A revealing picture of Florida in the Carpet-bag era, an da provocative story of conflicting personalities.

"Queen Victoria," Haycraft, M.
This is the romantic tale of a queen's heart and a nation's destiny, and of the fierce conflict between love and duty.

"The Rancho of the Little Loves," Nathan, R.
Strange and wonderful things can happen at Christmas-time—especially near fabulous Las Vegas. And everything does in a heavenly mix-up with a happy ending.

"Annie Jordan," Post, M.
Annie was as wild and untamed as the great Northwest at the turn of the century, and her rise to wealth and position paralleled the growth of Seattle.

"The Diehard," Potts, J.
A vivid suspense novel.

"I wish I had taken your advice on selling our house," Mr. Pryer said earnestly. "But, your suggestion was unexpected. We move slowly and need time to think things through."

"A few weeks earlier, Mr. and Mrs. Pryer had listed their older style home. It was in nice shape, but somewhat out of date. Even though they hated to part with it, they realized it was now too large for them. While they were visiting friends in another state, we called Mr. Pryer to inform him that a young couple wished to buy their home if the Pryer's would accept the other couple's equity in a small home in part payment. "NO," said Mr. Pryer, "no trades."

In the meanwhile, the young couple bought another home. When the Pryers returned, they were eager to deal. Too late!

"Don't feel bad," I said consolingly to Mr. Pryer. "None of us is smart enough to always guess right. It was partly my fault. When you listed your property, we should have talked over the possibility of taking a smaller home, or a sound contract, in part payment. The tight money market makes it advisable to keep an open mind, and perhaps accept some other reasonable solution rather than cash in full."

"I know," Mr. Pryer said, "next time I'll listen."

May we help you SELL too?

News From The Tecumseh Grade Schools

PATTERSON SCHOOL NEWS

Our "Good Citizen Club" in kindergarten is a going concern. We try to remember what it means to be a good citizen, at home as well as at school. On our special meeting day we all have a turn to tell what we have done to be a good citizen. Helping small ones at home, picking up our toys, hanging our coats up—helping Mother and Father—All of these things are making us "Good Citizens".

Valentines Day was wonderful! We each opened our beautiful boxes (sorry you could not see them) and we thought how nice it was to have so many friends. John Bryan and Jimmy Whitney built the Empire State Building the other day. They made a sign for the top telling its name. (Who said children do not get good information from T.V.) It did not stand up too long as it was so high—but it was beautiful to look at while it lasted. Our "work books" are still the high spot of the week. We have some new, big A-B-C letters that we are enjoying—Many of us can find any letter when called upon—or find the letter our name begins with.

We have a new game, too. Thinking of words that sound alike [illegible] fun and it is also the beginning of phonetics. (Dr. Fleish, please note.)

Lee Selders is home from Florida and back with our third grade again. He has a real nice tan so we know he had loads of fun.

We started a baseball spelling game which we think is fun. We have four teams. Our scores are kept for the remainder of the year and then we will know which team is the winner.

Now that we know how to carry real well in addition, we are learning to borrow in subtraction.

We are happy to have Jimmy Welbar from Central with us. There are now thirty-seven in our room.

We also want to thank all of our mothers who helped with the refreshments for our Valentine party.

The fourth grade has had a busy week. On Monday Keith Kilbourn celebrated his birthday by bringing Valentine cookies and ice cream for the class. We were very glad Keith had a birthday.

The Young Americans Club met on Tuesday afternoon. After the regular meeting, Nancy Mead told us some things about Abraham Lincoln.

On Wednesday we saw a film called "Member of the Family," which showed how to care for and train dogs.

We are all ready for our Valentine Party on Thursday, with our room decorated, refreshments planned, and Valentines waiting to be opened and read.

We have finished our Health books in the Fifth grade and are going to start studying South America in its place now.

Our catfish died last week and we buried him under our cotton plant.

The Valentine Party in our room was a great success. Everyone had a pretty box all his own. Also everybody received about three dozen valentines. We had cookies and candy to eat and pop to drink.

Linda Selders returned Tuesday from a two week vacation in Florida. She reported as having had a wonderful time. So glad to have you back, Linda.

We all had lots of fun at our Valentine Party. Our refreshments consisted of pop, popcorn, and ice cream.

We have just finished studying the unit in science about light. We learned all about the colors which make up light, and how they can be separated.

In social studies we are learning about the Scandinavian Countries and the other Countries of Europe. We are learning more about the major problems of the countries. How necessary it is for the countries of the world to get along with one another peacefully, because they are so interdependent on one another for the necessities of every day living. We are beginning to realize a little more clearly the complexity of the situation.

Recently Melissa Hanna and Katie Neier celebrated their seventh birthdays. We all enjoyed their nice treats of ice cream, fancy cup cakes decorated with valentines, and last came very good candy suckers.

When Carol Moore's grandparents came back from the Hawaiian Islands last week they brought her a real grass skirt and a lei. She brought them to school to show them to us. Chuckie Spooner also brought his lei and ukulele to school that his grandparents brought him. Carol, Chuckie and Richard Miller visited several rooms and demonstrated how a Hawaiian dance should be performed.

CENTRAL SCHOOL NEWS

The children in Miss Luken's first grade room enjoyed the morning Mrs. Berkley, the Speech Correctionist, came to give a demonstration speech class. Ordinarily only three members of this class get to meet with her but this day everyone had a chance to see what speech class was like.

Barry Lamkins mother drew another nice chalk mural for the children. This one depicts important February dates such as Washington and Lincoln's birthdays and Valentines Day.

The children have eagerly anticipated their Valentine party. They decorated brown paper bags, so they could file their own cards in the right sack.

They completed the first Talk, Spell, and write book and have begun the second one.

The boys and girls in Mrs. Neitling's first grade were very happy to see everyone in his place Monday morning. It was the first time we had perfect attendance for several weeks.

Many of the children in Mrs. Puffer's room now are able to enjoy independent reading from supplementary books. They find it fun to look up a story and read it when other work is finished.

The boys and girls in Mrs. Weitenhagen's room enjoy a spell down each week. So far we have five winners. They are Eugene Boyers, Catherine Maples, Eddie Brazee, Rae Lynne Crosby.

Eddie Brazee returned from Florida and told us many interesting things about his trip. We also enjoyed seeing John Wirrick back to school.

Last Thursday the boys and girls in Mrs. Whiting's room were invited to Anne Drake's Grandfather's farm. They watched the shearing of sheep. They found this very interesting and especially enjoyed watching the sheep leap high after being sheared and released. We guess it was because they felt so light after getting rid of their heavy winter coat.

Mrs. Becker's sixth grade presented a program Wednesday for the fourth, fifth and sixth grades. They pretended the auditorium was a space ship. As they approached each planet it was described. In social studies they are ,making reports on Europe bringing objects from Europe, and having debates.

History proves that people who go to great lengths to find an easy way out usually fall short.

TILE PAYS

Money invested in tile drainage can pay off better than three to one. Returns from drainage investment core from a combination of improved drainage, use of more fertilizer and production of higher value crops. Crop yields have been increased as much as 2 0to 100 per cent by installing good tile drainage, according to the county agricultural agent.

Investment in a complete tiling system in the Saginaw-Thumb level land area, for example, will range from $80 to $150 per acre. A recent study shows that tiling investments have been paid off in six or seven years from the increased returns resulting from higher crop yields.

In some cases, it may be more profitable to invest in tile drainage, than to purchase feed for extra dairy cattle, Hoglund says. Tiling 80 acres of poorly drained crop land could make it possible to keep more cows on a 150 acre dairy farm in southern Michigan. This would raise the net income about $1,900 for tile investment, eight more cows, additional housing and equipment.

Buying feed for these cows instead of growing it would add only an estimated $400 to net income.

IMPROVED HAY

Eliminating three main hazards can improve the quality of hay silage put in stacks.

1. Drying out and molding of the top and sides of the stacks from wind and sun in the summer.
2. Drainage of late autumn rains and melted snow into the silage.
3. Hay put up too dry, leading to excessive damage resulting from heat. This was a special problem in unchopped stacks of less than 150 tons.

The 151 samples taken from 65 stacks in Wisconsin, Iowa, Minnesota, Illinois and Michigan showed that low acid content was usually found in high quality silage.

Silage put on too wet had a strong butyric acid smell and silage made too dry had a caramelized odor. Some drying at the sides and top and water penetration and accumulation at the shoulders and bottom of the stack were difficulties commonly met.

In large stacks, the loss around the edges was relatively less. Recent experiments suggest that vaporproof covers may prove practicable. This would cut down moisture seeping into and evaporating from the stacks.

FUTURE FARMERS OF AMERICA
National FFA Week • February 16-23

Future Farmer of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during National FFA Week, February 16-23.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to help develop rural leadership, good citizenship, to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

The Tecumseh FFA chapter has 38 members. Officers are: President, Darrell Lowery; Vice President, Ray Aylesworth; Secretary, Sylvan Echellbarger; Treasurer, Bill Lopshire; Reporter, Richard Neidermier; Sentinel, Melvin Scheffler; vocational agriculture instructor in Tecumseh High School, serves as advisor of the FFA chapter.

The national Future Farmer organization has more than 382,000 members, with 8,990 local chapters in the 48 states, Hawaii, and Puerto Rico. Membership in Michigan totals more than 11,000.

Veterinary Assoc. Invites Nominations For National Award

Nominations of boys and girls under 18 for the 1957 national Humane Act Award are now being sought by the American Veterinary Medical Association.

Youngsters who have performed acts of kindness or value to animals during the year are eligible for this annual award, the Association said.

The 1957 winner will be presented a $100 U. S. savings bond at the annual convention of the AVMA planned for August this year. Runners-up will also be honored with certificates.

Nominations may be made by any individual or group and should be submitted to the Humane Act Award Committee of the American Veterinary Medical Association, Chicago 5, Illinois.

Fertilizer Band Ups Grain Yield

Want to increase small grain production? Adequate fertilizer is the answer.

J. R. Guttay, of Michigan State University soil science department, explains that small grains usually come late in the rotation, after nitrogen fixed by legumes is nearly used up by row crops like corn and beans.

The amount of fertilizer and the analysis should be based on soil tests soil type and cropping history, Guttay says. Placement of fertilizer at rates less than 400 pounds per acre should be banded with the seed at planting time. Broadcast applications are only about half as effective as band placement.

Higher rates should be applied in a split application—part broadcast and part banded with the seed.

Watch Protein Content Of Grain Mixtures Fed

Watch your protein content of grain mixtures fed to dairy cattle on self-feeding systems, says C. A. Lassiter, Michigan State University dairyman.

Lassiter says the per cent of protein in grain mix depends only on roughage quality that is being fed. He pointed out that a good legume forage ration needs only 10 to 12 per cent protein in the grain mix. A low quality legume forage, or grass, needs up to 18 per cent protein in grain.

Self-fed corn silage usually needs more protein in the grain mix than normally used. The animal, when consuming large amounts of corn silage, should be fed grain mix with about 18 per cent protein, he said.

More Research In Animal Diseases Is Needed

The progress made in eradicating bovine tuberculosis and brucellosis opens the way for similar efforts on other diseases ,according to a report in the Journal of the American Veterinary Medical Association.

A committee of the Livestock Sanitary Association recommended that more attention be given to mastitis in cows. While it is recognized that mastitis is the type of disease which cannot be eradicated, better control is possible. Mastitis causes annual losses of close to $228 millions, and is the greatest single disease threat to our dairy cows, veterinary authorities say.

Vibriosis, a veneral disease in cattle, also requires more attention.

Movement of bulls and the use of glycerin to preserve semen has been instrumental in spreading the causative germ—vibrio fetus, the committee said.

These diseases, among others, are areas for additional research suggested by the committee.

National FFA Week Observed By Britton Members

Future Farmers of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during National FFA Week, Feb. 16-23.

Membership in the FFA is made of farm boys who are students of vocational agriculture in high school. The organization activities are designed primarily to help develop rural leadership and good citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

The Britton FFA chapter has 54 members. Officers are: President, Dick Cox; Vice President, Karl Kinmer; Secretary, Don Dickerson; Treasurer, Dick Palmer; Reporter, Larry Wagner. Russell Spalding, vocational agriculture instructor in Britton High School, serves as advisor of the FFA chapter.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although generally recognized as a Revolutionary War General and our first President, Washington's first love was the farm he called Mount Vernon. There he was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods. It was more than a century after Washington's death before general use was made of many of the sound agricultural practice that he advocated.

It sometimes happens that the man who thinks he is a genius can't think of anything else.

Britton Wins Three Out Of Four Elimination Contests

On February 13, 1957 the Monroe District of the Future Farmers of America held the elimination contest.

The schools that competed were Dundee, Bedford and Britton. The contests were as follows: Public speaking, first was Bedford school with Don Bagley on Fire Prevention. Second was Britton with Larry Ivan on Rat and Mouse Control. Third was Dundee.

The next contest was Parliamentary Procedure. The first place school was Britton. The members of the team were: Chairman, B. Brablec; Sec., J. Dicks; members, B. Bigelow, L. Miller, F. Barnoske, J. Benedict, D. Terrazas. The second place school was Bedford.

The demonstration contest was next with the first place team Britton. The topic of the demonstration was Livestock conservation. Members were: D. Clement, B. Malloch, and F. Avery. Bedford took second place with Drums of Disaster.

The Farm Forum contest was the last event of the evening. Britton again won this contest with the team members consisting of Chairman, Frank Prochaska, Don Dickerson, Karl Kimerer, Louis Loesch, Jack McClue, LeRoy Plank, Dick Cox.

The winning teams will participate in the regionals held in Britton, on February 27, 1957.

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan
$2595.83
(including Delivery and Handling Charges and Federal Excise Taxes) Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

WE'LL tell you frankly — we're proud of this car and the price level you see published here.

Only a few dollars more than the price of a smaller car — for a big and brawny Buick! But that's not all!

Do you know this spanking Buick is new from the rubber up?

Do you know it has an all-new body — and a windshield with more than 200 square inches of *new* visibility?

Do you know its roof line is *inches* lower — yet there's full headroom, legroom, footroom for *six* passengers?

All this took some great engineering. But where the engineers went all out was in making this *the dream car of the year to drive*.

New engine — new Dynaflow* response — new steering — new ride — more than 150 other chassis changes that make this, in fact, the most completely new Buick in years — offered at a price level that makes it literally true: *if you can afford any new car you can afford a Buick.*

And what a buy you'll get for your money! See your Buick dealer, take the wheel — and find out for yourself.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Brand-NEW DYNAFLOW PERFORMANCE —Instant Response —even without switching the pitch

Come in! One look is worth a thousand pictures —one ride is worth ten thousand words. IT'S THE DREAM CAR TO DRIVE —THE BIGGEST VALUE TO BUY

Postmaster Urges Use Of Postal Zone Numbers

Postmaster Jack Metcalf today urged all Tecumseh area mailers to use postal zone numbers when writing to individuals or firms in large cities.

"Nation-wide experience of the Post Office Department shows," Postmaster Metcalf said, "that some types of mailing gain as much as 8 to 10 hours by using zone numbers because zoned mail can be sorted more quickly. When you use the Postal Delivery Zone System, you reduce the number of times your mail is handled and thereby expedite its delivery."

Midwestern cities where zone numbers should be included are: Chicago, Illinois; Evansville, Indianapolis and South Bend, IIndiana; Des Moines and Sioux City, Iowa; Kansas City and Wichita, Kansas; Louisville, Kentucky; Detroit, Flint, Grand Rapids and Lansing, Michigan; Duluth, Minneapolis and St. Paul, Minnesota; Kansas City and St. Louis, Missouri; Akron, Canton, Cincinnati, Cleveland, Columbus, Dayton, Toledo and Youngstown, Ohio; Madison and Milwaukee, Wisconsin. Mailers in Tecumseh who send considerable mail to major cities, where zone numbers are in use, may obtain zone directories for those cities by writing the Division of Post Office Services, Post Office Department, Washington 25, D.C.

Christian Science Sunday Service

How spiritual understanding of God as divine Mind opens the way to greater abilities and opportunities will be brought out at Christian Science services Sunday.

Readings in the Lesson-Sermon entitled "Mind" will include the following from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (128:14): "A knowledge of the Science of being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms. It raises the thinker into his native air of insight and perspicacity."

The Golden Text is from Romans (12:2): "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

By Phil Belleville

THIS WE ASPIRE

The owners of the Tecumseh Herald and in turn the paper have the following goals and aspirations and pledge.

We want to help make our hometown, (the place where we plan to live the rest of our life and raise our children), second to none. The prospect of an ever bigger and better Tecumseh is more than a hope to us, it is a goal. A goal that if for the long run as well as in the immediate sense. We are here to serve the Tecumseh area.

We feel that our greatest help to this end is to build an ever bigger and better hometown newspaper that can be counted on to protect the public interest when the need arises regardless of where the chips may fall; a newspaper that is even more widely read than now due to complete coverage of FRESH news and alive with progressive standards of makeup and design; one that is published more than once a week as soon as permissable; an honest sincere newspaper that shows no partiality or prejudices to any group and will go all out for any of them on any right and just cause and incidentally one that can give employment to more than its present 2 owners, 4 full time employees and 3 part time employees. In addition the Herald pays 5 correspondents and several other helpers.

This is our promise to you. In turn we ask and need your help and cooperation.

☆ ☆ ☆

EXCITING DAY

March 2nd is going to be an exciting day for residents of Tecumseh and the area. I imagine many of you will want to be sure to stop in and visit the Patterson Home Fair sometime during its noon opening and 7:00 p.m. closing time. The committee is promising fun and bargains for all.

After dinner at 8:00 p.m., another exciting event will take place at the Tecumseh High School Gymnasium. The Tecumseh Exchange Club is sponsoring a Boxing Show featuring inmates of the Southern Michigan Prison boxing team. This ought to be good for unparalleled entertainment.

☆ ☆ ☆

VOTE MARCH 4

You and I will be going to the polls March 4 to decide whether our children have adequate educational facilities or not. We cannot afford to take the chance of one half school days in 1958. Nor can we afford to have our children going to school in the Library as well as in the Churches. An affirmative vote seems to be a necessity.

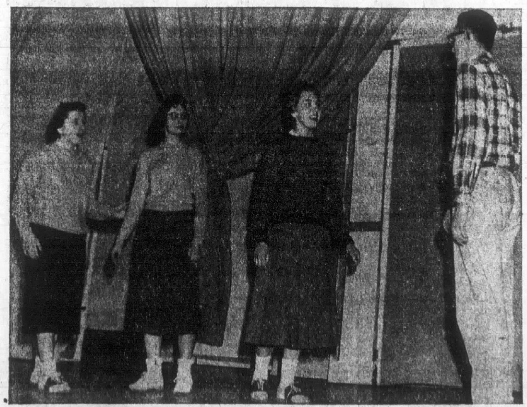
☆ ☆ ☆

AMATEUR PSYCHOANALYSIS

I wonder if our period of history will go down to succeeding generations as the era of "Amateur Psychoanalysis"? It seems that nearly everybody can figure out (or think they can) why everybody else acts the way they do.

Personalities become supposedly open books to experts like ourselves. We know "exactly why" the possessor of the personality does and says the things he does. Ironically enough, the person that we have "figured out" probably has "figured us out" in the meantime. Thus neither has the advantage but certainly a lot of fun providing the rules of courtesy and individual rights are observed.

Junior Class To Present "Harvey"



Tecumseh Herald photo

From left to right, Jane Colgrove, Diane Fox, Hilary Browne and Ron Lewis rehearse a scene from this year's Junior Play.

The Tecumseh High School Junior Class will present "Harvey" March 28, 29 and 30 in the Central School Auditorium. Performances are at 8:00 p.m. except the March 28 performance which is at 1:00 in the afternoon.

Progress on the play is growing steadily with every practice. Lines have been memorized and movements are taking shape. The set crew under Ray Sluyter is working hard to prepare the scenery and props. It is expected that the Junior play this year will rank high among past student performances.

"Harvey" was written by Mary Chase and appeared as a hit on Broadway. Later it was a successful movie starring James Stewart. The characters and scenery billed for this play "blend with the satiric comedy" and should make it a hit.

The cast is as follows: Myrtle Mae Simmons, Diane Fox; Veta Louise Simmons, Jane Colgrove; Elwood P. Dowd, Ron Lewis; Miss Johnson, Beatrice Graham; Mrs. Ethel Chauvenet, Hilary Browne.... Ruth Kelly, R. N., Joyce Wilbar; Duane Wilson, Larry Robison; Lyman Sanderson, M.D., Tom Price; William R. Chumley, M.D., Doug Hoffman; Betty Chumley, Kathy Tomorsky; Judge Omar Gaffney, Craig Knudson; E. S. Lofgren, Larry Robison. The Director is John Babcock and the Assistant Director is Carol Kapnick. Ray Sluyter is stage manager.

SCHOOL ELECTION IS MARCH 4

Two Proposals Presented

Frequent Questions Are Answered Here

Local voters from Tecumseh Public School District 11 will go to the polls Monday, March 4, to vote on two proposals designed to alleviate the overcrowded local school conditions and provide adequate facilities for the future.

All registered electors may vote on Proposal No. 1 which concerns whether the limitation, on the total amount of taxes which may be assessed against property in Tecumseh, should be increased or not by 8 1/2 mills of the assessed valuation, as equalized, of all property in the School District for a period of 20 years for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount not to exceed $1,900,000 to be issued for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building as well as acquiring additional land for site purposes.

Proposal No. 2, on which all registered taxpayers may vote, concerns whether or not the Tecumseh Public Schools should borrow the sum of not more than $1,900,000 and issue them for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building an dacquire additional land for site purposes.

Superintendent James McDowell has prepared the following questions most often asked concerning the proposal along with appropriate answers:

What are the educational advantages of our enlarged school system?

(a) Wider range of choice of subjects in the high school curriculum.
(b) Separate junior and senior high programs.
(c) Diversification in fields of study, ie. college preparation, vocational, commercial, etc.
(d) Elimination of elementary school rooms with children in two or more grades; children associate primarily with children their own age.
(e) Provision for Art, Music, Physical Education, and other special education subjects such as speech correction by specialists in these fields.

Are we badly overcrowded?

Yes! We are already using the basement of the Public Library and a room in the Baptist Church House fo relementary grades. We We will be on half-day sessions both in the grades and high school by 1958 unless we build.

When will the present bond issue be paid?

All of the 1952 Bond Issue will be paid with the collection of the 1957 taxes.

How much will we then owe for schools? Nothing.

How many mills will we pay for school bonds in 1958 if we do not vote a new issue? None.

How much will the proposed building program and equipment cost?

At most $1,900,000, — we hope less-

How many dollars and cents will we pay in 1957 on the present bond issue?

Up to $13.00 per thousand may be levied. Actual amount varies with needs of the current year and the assessed evaluation of the district, but will be less than maximum of $13.00 per thousand.

How many dollars and cents would we pay on the new bond issue starting in 1958?

Up to $8.50 per thousand may be levied. The actual amount varies with needs of the current year and the assessed evaluation of the district but will be less than the maximum of $8.50 per thousand.

Is this more or less than we paid on the previous bond issues?

The maximum amount that can be levied is less than for the 1948 and 1952 Bond $ssues.

When will the buildings be ready for occupancy if voted?

By Fall of 1958.

Would the buildings all be ready at about the same time?

Yes. It is planned so.

Can residents of the former Ridgewal School District vote?

Yes, However, they will not begin to pay on the new issue until their present bond issue is paid up which should be in about 1959. This proposed tax would not be added on top of their present tax.

Is the proposed tax to be added on top of the present tax for schools?

No. The Board of Education at present has permission from the taxpayers of the district to levy up to 13 mills for school buildings which will be withdrawn with the payment of the 1957 taxes. The Board of Education is now asking the taxpayers of the district to continue to give the Board permission to levy up to 8½ mills for the new school buildings starting in 1958. The Board is seeking to continue a tax which has already been voted and in existance but at a new lower limit.

What does this mean to taxpayers who have been living in this school district before annexation, namely City of Tecumseh people? For those who desire to delve into statistics the following is presented by the Superintendent.

I have been asked by many local taxpayers, "Just how does this new bond issue cost compare with that of 1952 in dollars and cents per thousand to us?" Actually, because of the involved process of comparing state equaliized evaluation which must be used as a basis to levy taxes for schools (the law was changed from Local to State in 1955) with local assessed evaluations upon which the local government actually levies the school tax, about all I can say is that the cost per thousand dollars of assessed evaluation will be less than that of the 1952 bon dissue. The difficulty of making such a comparison has been increased for in 1952 only one township was involved and now seven townships are involved due to the annexation of the seventeen school districts. Actually, if the 1952 rate of 13 mills local equalized (then legally voted on local equalized evaluations) were levied today in the entire school district, the state equalized rate would be $8.98 per thousand, whereas the maximum rate proposed, over the entire district for the new issue is $8.50 per thousand of state equalized evaluation for 1957 and following years.

On our present state equalized evaluation this means that to pay off all the bonded indebtedness of the school district for the 1952 bond issue and to pay the interest on the proposed issue for 1957, the levy would not exceed $8.47 per thousand state equalized for 1957 and in 1958 would not exceed $7.15 state equalized and would continue to decrease each year until the debt was paid off. In fact, with a normal increase of 15 per cent in state equalized evaluation each year, as in the past, the cost per taxpayer for 1957 should not exceed $7.36 per thousand state equalized, decrease to $6.21 per thousand or lower in 1958, and continue to decrease depending on growth of the community. Any comparison over the entire district of cost per thousand dollars of local equalized evaluations would be confusing since all of the seven townships have widely different local assessed evaluations and only the State equalized millage will be the same in all districts.

For those taxpayers who lived in the school district in Tecumseh City or Tecumseh township in 1955 and were paying taxes on the 1952 bond issue and still live in the same area, I can make a comparison of the actual cost for 1955 and the maximum cost possible for 1957 and years following on the proposed issue. Prison Boxing Team To Be Here Saturday

The Exchange Club Boxing Show Saturday evening, March 2nd., promises to be an exciting evening if similar shows recently held at Onsted and Addison are any indication.

Members of the Southern Michigan prison team are being brought to the Tecumseh High School Gymnasium to fight eight hard fought three round bouts. Possibly two or more of the fights will be for prison championships. It is believed that at least two of the team members could be national contenders. These fellows put on a show that is far different than the average boxing match. They have more at stake. Boxing is a part of the prisoners rehabilitation and behavior on such tours is a part of their record for parole and release. Many of the boxers feel that by putting on a "good fignt" they can help repay society to some extent since all proceeds always go to a worthwhile cause. It is emphasized that the men are strictly supervised and are all trusted prisoners. There is no chance of danger to the audience. The bouts are approved by the State Corrections Commission and the Warden at Jackson Prison. Members of the Corrections Commission, were issued tickets to come.

Proceeds from the event will go into the Exchange Club Youth Fund. They will probably be used for Little League Baseball, Scout Cabin equipment or possibly toward the expenses of the boys the Club sponsors to go to Boys' State. The refreshment stand will be run by the Senior Class and the Check Room will be run by the Exchange Club sponsored Girl Scout Troop.

A crew from Jackson will bring their own ring and set it up in the Gymnasium Saturday afternoon. The bouts will be judged by two judges and one referee. The only prizes allowed are two cartons of cigarettes to the winner and one to the loser of each bout.

Tickets are on sale from any Exchange Club Member and at various places in the downtown area including the Tecumseh Herald at the price of $1.00 for adults and .50 for children. They will also be on sale at the door Saturday evening. The show starts at 8:00.

Harold Easton Honored At Club Initiation

Harold Easton, proprietor of Easton's Friendly Service Station on W. Chicago Blvd., was made a charter member of the "Quarter of a Million Club" at a banquet held in the Elks Temple in Pontiac Wednesday evening.

Mr. A. G. Epker, district manager of the Pontiac district of the Secony Mobile Co., Inc., presented the award. The club is a small select group made up of dealers selling 250,000 gallons or more of gasoline per year.

To Have Anniversary

Friday, March 1 marks the twenty-seventh anniversary of the Butler Motor sales in Tecumseh, owned and operated by Charles O. Butler (left). The garage has been in the same location for the entire period.

It might be of interest to compare the operation twenty seven years ago with today's operation of this thriving business. Twenty seven years ago, there were six persons employed compared to fifteen today. Tools on hand amounted to $10,000 worth compared to $40,000 worth today. Parts inventory totals about $50,000 today compared with about $3,000 27 years ago. Mr. Butler states that during this time the establishment has sold three thousand new cars and five thousand used vehicles.

Mr. Butler is very active in civic affairs. At the present time he is president of the Michigan Automobile Dealers Association and a director of the NADA for this area comprising Lenawee, Monroe and Hillsdale counties. He has been a former president of the Chamber of Commerce, former president of the Tecumseh Club, Tecumseh Country Club, Rotary Club, Vestryman and Warden of the Episcopal Church and former president of the County Automobile Dealers Association.

As a special attraction for the anniversary, Butler Motor Sales is making a special offer. Be sure to read the large advertisement in this issue.

Local Police Made 4 Investigations And 1 Pick-Up

There were four investigations and one pick-up by the Tecumseh Police Department during the past week. Keith Shimel, Tecumseh, was picked up for the State Police at Clinton. On February 22, a car driven by Faye Daniels, Brooklyn and a car driven by Albert LeRoy Gilhouse, Tipton, collided on W. Chicago Blvd., causing $125 worth of damage to the Daniels vehicle. There were no injuries.

Franklin McKenzie, R. 3 Adrian, was arrested on a drunk driving charge February 23. He appeared before Justice Robert French and was fined $50.00, $8.60 costs and 5 in jail or 90 days in jail.

On February 25, a car driven by Loren Hazeltine, LaSalle and another driven by Arthur Ostrander, Adrian, collided on Patterson Street. About $150 worth of damage was done the Hazeltine car and about $200 worth of damage to the Ostrander vehicle.

Girl Scouts Will Help Local Voters

The Senior Girl Scouts in Tecumseh have an intense interest in the School Election to be held March 4 and they would like to be of service to the people of the community. Though they cannot say how to vote, they want to help to get every eligible voter to the poles, therefore, if a Girl Scout may call at your home offering her services as a baby sitter, perhaps transportation, or any other service that she is capable of doing. If any citizen is not contacted and would like this assistance, they may call Mrs. Victor Lawson phone 810-J or any other Senior Girl Scout leader. If the girls feel this project worth their time, the least an eligible voter can do is cast his or her ballot.

Patterson Home Fair This Saturday March 2

Final news of the Patterson Home Fair brings notice of all the features of this event being presented by the parents, teachers and students of Patterson Elementary School. The date is this Saturday, March 2, and Fair hours are 12 noon to 7:00 .p.m.

Admission tickets are now on sale at a very low cost and will also be available at the door. Ticket stubs will be deposited at the door upon entering. Drawing from these stubs for the door prizes will be held at approximately 6:30 p.m. but winners will not be required to be present at drawing time. The fine prizes include a coffeematic, a pen and pencil set and other valuable items. Mrs. Betty Kempf is chairman of the ticket department.

The Fair posters, prepared by the Patterson pupils, have been placed in the schools and downtown stores as well as in Tipton, Ridgeway, Britton, Clinton and Manchester. Mrs. Purnell Osburn and Mr. R. T. Gillam have assisted Mrs. Barney Fero, Publicity Chairman, with this project.

Upon arrival at the school on Fair Day, visitors will be given a map showing location of all booths. Very low prices will be posted prominently at the booths for convenience in making purchases.

Lunch will be served from the Snack Bar, featuring hot dogs, potato chips, cake, soft drinks, tea and coffee. Snacks will be available all afternoon. This service is being offered by Mrs. Byron Goodman and her committee.

Wraps and packages may be deposited in the Check Room with J. D. Cook and his committee for a minimum fee.

Youngsters will find entertainment and fun in the Movie Room, featuring cartoons and directed by Orville Bishop; the Rumpus Room, under the charge of Stephen Illeck, where will be found the ever-popular Fish Pond; and the Den, well stocked with comics, puzzles, games, records, all arranged by Mr. and Mrs. Gibbs Barber.

Visitors looking for gift ideas will find many such ideas in the Linen Shop, Mrs. Jane Andrews, Chairman; in the Apron Booth, with Mrs. Don Purkey in charge; the Tot Shop, directed by Mrs. Lucille Schlegel; the Sewing Room, staffed by Patterson Sixth Grade girls; and the Sun Room, where potted plants and tropical fish and relative items will be offered by Mrs. Jane Metcalf. A variety of handmade offerings will include stuffed toys and novelties, sewing supplies, bookmarks, pillow cases, doilies, surprise balls and many others.

The Parcel Post Room, directed by Roy Beasley, will have a big stock of interestingly postmarked packages to be sold for a reasonable price. Several packages have been received from noted people and these packages will be auctioned, a few each hour at the hour. This is the Booth to visit if you like surprises.

The '"Apron Lady" will be wandering through the crowd, offering more surprise wares. Be sure to

Wedding Dinner Was Served By Mrs. Arthur Holdridge

A wedding dinner was served Saturday evening by Mr. and Mrs. Arthur Holdridge at their home on Orchard Lane in honor of Mr. and Mrs. Wayne Giffin whose marriage took place Valentines Day in the Chapel in the Garden in Angola, Indiana. Mrs. Giffin is the sister of Mrs. Holdridge and the former Doris Heminger, daughter of Mr. and Mrs. George Heminger of Spring Arbor, Michigan. Her husband is the son of Mr. and Mrs. Neely Giffin of Bridgeport, Ohio.

White tapers and a wedding cake centered the table for the dinner. Out of town guests besides the parents of the newly married couple were Mr. and Mrs. George Heminger, Jr. of Cicero, Illinois. Mr. and Mrs. Giffin will make their home in Battle Creek after March 1.

Notes From The Country Club

Beginning Tuesday, February 26th, the new kitchen of the Tecumseh Country Club was in operation. In addition to new broiling, baking, frying and refrigeration equipment, there is now a functional floor plan which will permit personnel to move in a well organized pattern. This should help greatly at parties as well as during everyday operations.

Starting Monday, February 25, and on all Mondays from now on the clubhouse, dining room and bar have been closed. During the golf season however, the pro shop and locker rooms will be available for golfers.

Family nights will resume as usual on Thursday, February 28. Reservations are necessary.

For those interested in duplicate bridge, the night has been changed from Monday to Tuesday.

Jaycees To Hold Their Regular Meeting Tonight

The Tecumseh Junior Chamber of Commerce will meet tonight. James Thomas, State Vice President, will be present.

The first general rehearsals for the Minstrel Show scheduled for March 22 and 23 have been held. They are held on Tuesday evenings at 7:30. All members are urged to attend. Watch the Herald for future releases regarding the affair.

Boy Scout Troop 4, sponsored by the Jaycees, has taken over the former Chamber of Commerce Offices in the Sage Building. The floor on the 3rd story of the Sage building has been completely refinished for the Teen Club and other activities.

The State Convention is set for May 17, 18 and 19 at Lansing, Michigan. This years National Convention will be held at Milwaukee, Wisconsin June 25, 26 and 27.

Good Citizenship Tea Will Be Held In Joseph Rice Home

A tea in honor of the Good Citizenship girls and their mothers will be held at the home of Mrs. Joseph Rice Friday, March 8 at 2:30 p.m. This is an effort on the part of the D.A.R. to promote good citizenship in the nation.

Mrs. F. C. Dickinson, Sr. has had charge of the program for the Abi Evans Chapter here in Tecumseh for many years. The community as well as members of the Chapter recognize her good work and appreciate what she is doing.

The girls are chosen jointly by the student body and the teachers of their respective schools and not by members of the D.A.R. chapters. Three girls are chosen by the student body and from these three the teachers of the school select one to be the Good Citizenship Girl from their school. Each girl is awarded a pin engraved with her initials. These will be presented at the tea next Friday. They also have the opportunity to win a $100.00 government bond by writing essays on some phase of Citizenship. The winner is presented with the bond at the State conference which is held at Grand Rapids March 14, 15 and 16. The travel expenses and all other expense is taken care of either by the local or the State chapter. Entertainment is provided for some 300 girls who attend from all over the State. On Saturday, March 16, the Good Citizenship Pilgrimage takes place which is a procession of all the girls as they come into the conference and are received. The session is then arranged especially for the girls with a special speaker and a luncheon.

The winners from this area are Madelyn Kay McClure, daughter of Mr. and Mrs. Herbert McClure, of Tecumseh; Diana Seagert, daughter of Mr. and Mrs. Raymond Seagert, of Britton; and Patricia May Hoelzer, daughter of Mr. and Mrs. Martin Hoelzer of Clinton. (See Tecumseh Herald Jan. 17)

Organ Recital Sunday

DR. F. D. VERNOR

An organ recital will be held March 3 at 3:30 p.m. featuring Dr. F. Dedleigh Vernor on the new pipe organ at the Tecumseh Methodist Church. This will be the first time the organ will be used in Tecumseh.

Dr. Vernor is the Organist-Director of the Metropolitan Methodist Church in Detroit, a position he has held for 22 years. Before going to Detroit, he spent 12 years with the First Methodist Church at Jackson, Michigan.

Dr. Vernor is head of the Organ department of Albion college, a position he has held for many years . This talented man is an Organist, teacher, accompanist and has played concert duo-piano for Bay View Michigan summer school.

His educational background includes study at Detroit, Albion College and New York City. He has composed sacred and secular works including, "The Sweetheart of Sigma Chi".

In 1949 he was awarded an Honorary degree Dr. of Music from Albion college.

The Methodist church has the distinction of having the only Pipe Organ in Tecumseh and it should be a real treat to the local folks to hear this talented organist.

420 Guests Attended The Partridge Anniv. Celebration

Four hundred and twenty guests were registered for the 50th wedding anniversary celebration of Mr. and Mrs. Mel Partridge which was held in the Baptist Church Sunday afternoon.

At 3:30 p.m., guests went to the church sanctuary where an impressive service reuniting the honored couple was performed by the Rev. B. O. Bashore with the four sons and daughter-in-laws as their attendants. Mr. and Mrs. Russell Partridge came from their home in California, Mr. and Mrs. Milton Partridge of Plymouth came from Florida where they have been spending the winter, Mr. and Mrs. Owen Partridge and Mr. and Mrs. Austin Partridge attended from their homes here in Tecumseh. Mr. Wallace Whiting sang "The Lord's Prayer" and "Because" for the service accompanied by Mrs. Herbert Dillon, who also played appropriate organ music. Five grandsons of the Partridges served as ushers along with Allan Barrett of Britton; the grandsons are Donald, Arnold, Roger, and Milburn Partridge of Tecumseh and Richard Partridge of Plymouth.

After the ceremony, a reception was held in the Youth House with granddaughters, Joyce and Mary Lou Partridge, attending the guest book and also pouring punch. Mrs. Charles Driffill of Tipton and Mrs. Clair Rozelle cut the huge four-tiered wedding cake topped with a miniature bride and groom that centered the serving table which was beautiful with yellow organdy flounce, and yellow candles in gold candelabra. Window pieces of white carnations, gold leaves and the numerals "50" in gold along with numerous beautiful gifts of plants and bouquets of cut flowers further enhanced the Youth House.

Mrs. Carlos Jones, Mrs. Hal Kelso, Mrs. Blair Bashore and Mrs. Virgil Tucker poured coffee. Carol Partridge and Mrs. Richard Partridge also poured punch. Many out-of-town guests from Plymouth and Livonia attended the festivities.

After the reception, a dinner for 80 relatives and out-of-town friends was served at the Methodist church by the Mable Lawrence Circle with Mrs. Elmer Bryan in charge. A dinner for the immediate family was held Saturday evening in the home of Mr. and Mrs. Owen Partridge on Chicago Blvd.

1955 you paid $13.60 per thousand local and in 1957 and following years the maximum that could possibly be collected would be $11.70 per thousand with an estimate after 1957 of $8.98 per thousand or less on local assessed evaluations. These estimates of rates per thousand on local assessed evaluations are true only in Tecumseh in Tecumseh Township, as all other townships have different local assessed evaluations. However, all taxpayers will pay the same rate in State equalized evaluations not to exceed $8.50 per thousand. All taxpayrs pay the same portion of the debt in relation to the State evaluation of their property regardless of the location of their property.

Last year the Board of Education found it unnecessary to levy $13.60 per thousand as in 1955 on the local equalized evaluation in the entire school district and therefore cut the rate levied for its bonds. Actually the rate in the City of Tecumseh was cut from $13.60 per thousand to $6.45, a reduction of $7.15 per thousand. This year the rate will need to be increased again regardless of whether a new bond issue is voted for the balance of the old issue has yet to be raised. However, the rate will not exceed $13.00 in the City of Tecumseh on local assessed evaluations regardless of the outcome of the voting and therefore cannot exceed the local rate for 1955.

This is a vote to CONTINUE to pay for new school buildings beyond 1957 when the present buildings will be completely paid for. The 1952 bond levy with a maximum of 13 mills will not continue after this year. You are voting on a new issue. No school levy for bonds of any millage at all will be levied after 1957 unless you vote to do so March 4, 1957 or at a later date.

60 Cub Scouts Enjoyed Party

About 60 Cub Scouts and 10 adult leaders from Pack 73 all had a splashing good time last Saturday when they went to the Franklin Street gymnasium in Adrian for a swimming party. The swimming coach at the gym was very helpful to the cubs. Mr. Franklin Fergus, who had charge of the event, reported it a very successful affair. Considering the number of illnesses at this time of year, Mr. Fergus felt that 60 out of a possible 96 cubs was a very good attendance.

Indians Defeated Monroe High 68 To 41 Tuesday

The Tecumseh Indians played their last game of the season before the tournaments when they defeated Monroe High in a non-league contest 68 to 41. The Tecumseh Junior Varsity lost 50 to 38.

Miller, Hansen, Elliott, Larned and Yoakum started for Tecumseh. The Indians rambled ahead to a 21 to 14 lead at the end of the first quarter. In the second quarter, the Indians held Monroe to an additional 4 points while chalking 9 up for themselves. Tecumseh did a good job of controlling the backboards. The Indians were able to hold Monroe to 8 points in the third quarter while they added a huge 25 to their effort. The score at the end of the quarter was 55 to 26 in favor of Tecumseh. Coach Lawson made only one substitution during the first three quarters. In the fourth quarter, the entire team got into the game. With 1:23 remaining in the game, Miller fouled out and 3 seconds later, Hansen fouled out. Despite Monroe's 15 points in the final quarter, Tecumseh managed to tally a comfortable 13 to. win the game going away 68 to41.

Miller was high point man for Tecumseh with 18 points. Oney tallied 12 points for Monroe to take the scoring honors.

Rotarians Heard Dist. Governor Tuesday Evening

In the absence of the president, Virgil Tucker presided at the Tuesday night meeting of the Tecumseh Rotary Club. Mel Partridge was in charge of the program for the evening and introduced Mr. Frank Henderson of Plymouth who is the in-coming District Governor of Rotary. His very interesting talk told of the accomplishments of Rotary since its organization 52 years ago and reviewed events throughout the country through that period.

Mr. Gail Fisher will be in charge of the Rotary meeting next week.

Exchange Club Shown Slides Of European Trip

President Wallace Whiting presided at the Exchange Club meeting Wednesday evening. Final plans were discussed regarding the Boxing Show Saturday evening.

Program chairman for the evening was Ellsworth A. Collins. Mr. Collins introduced Russell Abbott from the Libby Owen Glass Co. in Toledo, Ohio who showed colored slides taken on a European trip in August of 1956. Mr. Abbott is a member of the Toledo Exchange Club and showed some very interesting and beautiful slides.

Mrs. R. Anderson Elected Fluoride Application Ch.

A meeting of the chairmen of the Fluoride clinics of Lenawee County was held last Wednesday in the office of the County Health Department. Mrs. Robert Anderson of Tecumseh was elected County chairman of the Fluoride program of topical application.

It was decided that this year the program throughout the County will be handled uniformly also that no preschool children will be given the application through the school system simply because they are not prepared for lining up and receiving the application in an orderly manner as are their older brothers and sisters. It is suggested that families wishing fluoride application for their little ones take them to the family dentist and thus save much needed time for the people working in the clinic.

Those children presently in the kindergarten, 2nd, 5th, and 8th grades will receive the treatment. The cost has been lowered from the usual $3.00 to $2.50. It is not known just when the program will be presented but advance notice will be printed in the Herald. Parents should be receiving first letters concerning the program, through their children, by the middle of March and those wishing the treatment should be prompt in signing them and returning them to the teachers.

Mrs. Joseph Dziachan is the chairman from the St. Elizabeth school, Mrs. Anderson chairman from the Tecumseh Public School system, Mrs. George McCombs and Mrs. Fred Dickinson, Jr. will also be assisting with the program.

Local Student In F.F.A. Regional Contest Feb. 27

The Future Farmers of America Regional Contest for Region II was held at the Britton-Macon School February 27.

Contests were scheduled in Public Speaking, Parliamentary Procedure, Demonstrations and Farm Forum. Dick Baker, Tecumseh High School Student, won the District speech contest and thus competed at Britton. The title of his speech was "How To Get Started In Farming". At press time, the results had not been determined. Paul Burns, from the Tecumseh High School Agricultural Department, was a Judge in the Parliamentary Procedure Contest.

Tecumseh Saw Shop Was Honored By Clinton Machine

Mr. and Mrs. Charles Kempf of the Tecumseh Saw Shop were honored by the Clinton Machine Company by having their shop selected as the "Clinton Service Station" of the month. The entire front page of the Clinton Arrowhead, trade paper of the company, was devoted to the Tecumseh Saw Shop with pictures both inside and out on their Christmas displays and decorations.

The Kempfs took the Clinton line just 2 years ago adding it to their regular sharpening and bicycle business and just recently added the Chainsaws. Now according to the Arrowhead, they have one of the leading stores in the area.

An addition was built on to the shop late in the fall almost doubling the floor space.

Cub Scouts from Pack 4 den 7 and their leaders visited the Herald office last Wednesday afternoon and were taken on a tour of the plant. The group enjoyed seeing the Herald coming off the big Duplex press. Left to right are, Michael O'Donnell, Richard Duffin, Richard Strens, John Dixon, Hal Warren, Lynn Gomez, Mrs. Pat Hatch, and Mrs. Harold Warren. Two members of this den, Tracy Oliver and Paul Gomez, were absent.

Christian Workers Class Discussed Coming Box Social

Plans were discussed for a box social and square dance to be held the latter part of March by the members of the Christian Workers Class of the Baptist Church at their meeting Friday evening after a bountiful potluck supper served in the Youth House. Among those present were Messrs. John Hunt, Mervyn Pratt, and Aubrey Bostock from Sydney, Australia who are in the city doing research work at the Tecumseh Products Co.

Following the dinner, a short business meeting conducted by the president, H. D. Prettyman, was held. The committee for the box social will be Mr. and Mrs. Laine Holden, chairman, Mr. and Mrs. Russell Langham and Mr. and Mrs. Orville Bishop. It was announced that the next meeting will be held March 21 when the hosts will be Mr. and Mrs. Warren Puffer and the program will be in charge of Mr. and Mrs. George Green, Jr.

The program as presented by Mr. and Mrs. Claude Sebring consisted of devotions based on Brotherhood Week led by Mr. Orvilel Bishop, several vocal duets presented by Mrs. Dean Jones, and Mrs. Leslie Calhoun accompanied by Mrs. Jones on the guitar, and a native dance by the two which the group enjoyed very much. An informative talk on Civil Defense was given by Rev. Bashore, County Civil Defense Director. Hosts for the evening were Mr. and Mrs. Duaine Murphy and Mr. and Mrs. Russell Langham.

Square And Folk Dancing Demon. Held This Week

Square dance and folk dancing demonstrations are being held this week in the Patterson and Central School gymnasiums. Mr. Hale, with Mrs. Murdock assisting, is presenting the children in a number of dances including some done around the World.

On Wednesday morning, the Patterson 4th grade presented the following dances for a good turnout of parents and friends: "Dance of Greeting", "Oh, Susanna" with the children singing, "Cshebogar", "Hansel and Gretel", "The Virginia Reel", a dance from Sweden, "Gcstaf Skoal", in which there is the presentation to the King and the celebration following, the Swedish "Bleking" and a square dance, "Pop, Goes the Weasel". The children were very attractive with the girls in their gayly colored skirts and the boys in brightly colored shirts. With much hand clapping, skipping and many shy smiles, it was obvious that the children enjoyed the performance as much as the audience which included the children of Miss Baker's 3rd grade room.

After the demonstration, trophies for the Patterson Home Fair Poster contest were awarded to Cynthia Tatar and Lee Selders of the 3rd grade by their teacher, Mis Baker and to Christian Pence and Jeff Noe of the 4th grade by their teacher, Mrs. Colson.

A similar demonstration took place in the Central Gym on Wednesday afternoon by four, fourth grades in that building. On Friday, the fifth and sixth grades will present a program of square dancing, only, in the same building. Today the 5th and 6th grade of Patterson will present their program at 1:30 p.m. in the gymnasium.

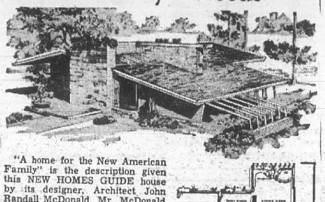
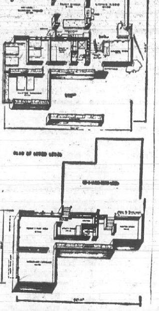
New Homes Guide Plan Meets Family's Needs





"A home for the New American Family" is the description given this NEW HOMES GUIDE house by its designer, Architect John Randall McDonald. Mr. McDonald has tried to achieve the "enchanted cottage" flavor with a design that respects the needs of the children of the family, makes them feel the home belongs to them as well as to the adults. Special areas are reserved for the younger set to call their own. The air of enchantment is cultivated by making the outdoor living area an important part of the plan, by bringing the outdoors inside through the glassed-in conservatory at one end of the living room. There are spaces for adult haven away from the children, too. Split-level planning allows lowest level to be used effectively. Area of the house is: upper levels, 1,800 sq. ft.; carport, 625 sq. ft. If you would like to receive information on blueprints and their cost, write to NEW HOMES GUIDE, Dept. 1826, 621 North Dearborn St., Chicago 10, Illinois.

Local Optometrists Are On Committee

Doctors Robert J. Bowers and George G. Burkhard have been appointed on the Michigan Save Your Vision Week Committee by Dr. Wayne H. Chapman, president of the Michigan Optometric Association.

National Save Your Vision Week will be celebrated March 3-9. "Adequate Vision for School Achievement" is the slogan in honor of the centennial of the National Education Association, as an organization of more than 650,000 American teachers.

Named Division Vice President

Fuller

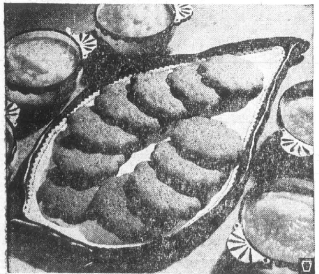
Carl S. Fuller, branch manager for the Kroger Co. in this area, has been appointed to the newly-created position of vice president of the Toledo Division, it has been announced by Joseph B. Hall, president of the retail food firm. The division area here formerly was known as the Toledo Branch.

Mr. Hall said that establishment of the position and appointment of division vice presidents is a logical development in Kroger's decentralization program which has been under way for some time.

A graduate of Ohio Wesleyan University and New York University, Mr. Fuller joined Kroger in 1938 following several years experience in the retailing field in New York. He was manager of a Kroger store in Cincinnati and also was associated with the firm's sales promotion department there before his appointment in Toledo in 1944.

Included in the Toledo Division are 40 retail Kroger stores in this area, served by a distribution center including offices and a warehouse in Toledo, completed last year.

Old Fashioned Molasses Cookies



Old Fashioned Molasses Cookies will score a dessert hit, especially when in the company of spicy apple sauce.

Fresh-from-the-oven cookies along with a favorite fruit are a simple but always popular dessert. When you serve these Old Fashioned Molasses Cookies with spiced apple sauce, you'll really please the family palate.

These Molasses Cookies plus milk make a nourishing after-school snack for the youngsters, too. That's especially true when you bake enriched flour, which has three B-vitamins and food iron added.

To make for easier rolling out, chill the cookie dough thoroughly. Cut as many cookies as you can from the first rolling. Cookies baked from re-rolled dough tend to become less tender. If you haven't time to roll out the dough, you can also bake it as soft, chewy drop cookies.

Your local bakery and supermarket are also headquarters for cookies when your time is limited. You count on finding a tempting selection of commercially baked cookies every time.

OLD FASHIONED MOLASSES COOKIES

4 cups sifted enriched flour
2½ teaspoons soda
2½ teaspoons salt
1 cup shortening
1 cup sugar
1 cup molasses
3 eggs, beaten
1 tablespoon vinegar
2 teaspoons grated orange rind

Sift together flour, soda and salt. Cream together shortening and sugar until light and fluffy. Add molasses, eggs and vinegar. Mix well. Add flour mixture and orange rind to creamed mixture and mix until smooth. Chill dough. Roll out ¼ inch thick on floured board or pastry cloth. Cut with floured cookie cutter. Bake on ungreased baking sheets in moderate oven (375°F.) 10 to 13 minutes.

Note: Dough may be dropped by teaspoonfuls on ungreased baking sheets. This method gives a softer, somewhat chewy cookie.

Makes about 5 dozen 3-inch cookies.

Christian Science Sunday Service

The vital significance for people today of Jesus' healing works will be emphasized at Christian Science services this Sunday.

Scriptural passages in the Lesson-Sermon entitled "Christ Jesus" will include the Master's reply to the disciples of John Baptist who questioned his mission (Luke 7:22): "Then Jesus answering said unto them, Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor the gospel is preached.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (131:26-30): "The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were no understood. Jesus' works established his claim to the Messiahship."

Thinking Day Programs Honored Juliette Low

About 175 Brownies, leaders, assistant leaders, parents and committee women attended the Brownie Thinking Day program held at the Friends Church last Friday in honor of the birthday of their founder, Juliette Gordan Low. Mrs. Thomas Brooks had charge of the Songfest. Mr. John Saling presented films, "The Brownie Story" and "Stop and Go". The pennies for the World Friendship Fund were placed in tiny replicas of the Girl Scout Mexican Cabana located near Mexico City and The Swiss Chalet in Switzerland with the girls having a choice as to which one they wanted to put their pennies, one for each year of their lives in.

The program for the intermediate Scouts, held at the Presbyterian Fellowship Center, was well attended. A special feature of the day was a table centered with a tiny plastic house representing the Girl Scout chalet in Switzerland in which the girls placed their offering for the Juliette Low Fund. The table was arranged by Mrs. Robert Anderson with a world globe on one side representing the World Friendship for which the fund is used. Three candles in red, white and blue colors were also used in decoration. The offering in the Chalet when counted was $10.75 which will be sent to Savanah, Georgia for distribution from the old home of Juliette Low which has been rejuvenated for the Scouts. After the retiring of the colors, the girls enjoyed munching on apples and chatting together in true Girl Scout fashion.

The Senior Scouts held their program Thursday evening to avoid some of the various other activities that were taking place on Friday and had a fairly good attendance though other activities did take many of the girls to other places. The movie, "The Wider World" was shown, the Juliette Low Fund of $5.82 was collected and refreshments of milk and cupcakes with the American flag and that of some 28 other lands who belong to the World Association of Scouting. The cupcakes with flags from other lands were decorated by Mrs. Victor Lawson who had charge of this program.

Elizabeth Dennis Laid To Rest

The body of Mrs. Elizabeth Dennis was taken to the Green Funeral Home Sunday after she passed away at the Hubbell nursing home where she had been making her home since June 1956. Mrs. Dennis was 81 years old and had been in failing health for several years.

Funeral services were held Tuesday at 1 p.m. in the Royal Funeral Home in Battle Creek and burial was in Bedford cemetery.

Funeral Services Were Tuesday

Funeral services were held Tuesday at the Proctor Funeral Home in Clinton at 2 o'clock for Mrs. Ella May Sanford who passed away Sunday morning after a brief illness at the home of her grand daughter, Mrs. Maxwell Smith, at 108 S. Division St. in Tecumseh. Mrs. Sanford was 82 years old and has made her home with her granddaughter since 1948. She was born Sept. 20, 1874 in Clinton, and lived all but seven years of her life in that area. She was married at Manchester on June 19, 1892 to George N. Sanford and he preceded her in death March 26, 1939.

She is survived by one daughter, Mrs. Leo (Ilah) Smith of Tecumseh; a granddaughter, Mrs. Maxwell Smith also of Tecumseh; one grandson, Henry Smith of Adrian; four great grandchildren; two sisters, Mrs. Marie Bauman of Toledo and Mrs. Iva McCombs of Clinton; two brothers, Oley and Ben Mahrle of Clinton and a number of nieces and nephews. She was preceded in death by her husband, and parents, Conrad and Lucy Mahrle, and a infant son.

Mrs. Sanford was a member of the Congregational church and The Royal Neighbors of America.

Rev. George Walworth officiated for the services. Burial was in the Riverside cemetery.

Mrs. V. N. Frank Died Sunday

Mrs. Verna Neilin Frank passed away at the Herrick Memorial Hospital Sunday at 4:30 a.m. where she had only been a patient three days. Mrs. Frank was born in Sandusky, Michigan April 6, 1892. She was the daughter of Wallace and Emma Merphy Evans and the mother of Mrs. Robert Ries of Ridgeway with whom she had made her home for the last several months.

The body was taken to the Green Funeral Home and then transferred to the Hacker Funeral Home at Sandusky. Funeral services were held Wednesday at the Elk Presbyterian church with burial in the Elk cemetery.

Naomi Irene Circle Met At K. Hunt Home

The Naomi Irene Circle of the Methodist Church met Wednesday evening at the home of Mrs. Kenton Hunt with Mrs. James Artman as chairman. During the business meeting, announcements were made of the Father and Son banquet to be held March 14 and the all church rummage sale to be held March 1 and 2 with the proceeds to go to the organ fund.

Mrs. Edward Harper was in charge of the program and gave a very interesting account of the work being done by Colonel Dean Hern with the Korean orphans. Games were enjoyed with Mrs. Franis Yoder in charge and refreshments were served by the hostess, Mrs. Hunt, assisted by Mrs.

Frank H. Chase Died Sunday

Funeral services were held at the Green Funeral Home Tuesday at 2 o'clock for Frank H. Chase who died suddenly Sunday morning at 8:30 a.m. after suffering a heart attack in his home at 210 South Ottawa St. Mr. Chase was 68 years old, born in Adrian Jan. 24, 1889. His parents were Fred and Ida Travis Chase. Mr. Chase was employed by the Tecumseh Products Co. after retiring from farm work in 1947. He lived in Tecumseh for 35 years.

He is survived besides his widow, Leta Oliver Chase of Britton, by one daughter, Mrs. Lawrence Brown of Blissfield; one son, Oliver of Tecumseh; two brothers, Sheldon and Fred Chase and a half brother, Charles Manley, all of Tecumseh as well as by five grandchildren.

He was preceded in death by his parents, a sister, Edith Martin; and two brothers, Ashley and Clarence. Rev. O. E. Priest officiated for the services and burial was in the Ridgeway cemetery. Bearers were Ernie Oliver, William Chase, Ashley Chase, Donald Helzer, Francis Taylor, and Robert Manley.

Card of Thanks

I want to thank all my friends who sent cards, flowers, and called; Dr. Blanden, Dr. Phelan, the nurses and aides for their care while I was a patient at the Herrick Memorial Hospital. Anna Morse. 22-c

Many thanks to my friends and neighbors for the lovely cards, plants, and fruit baskets, also the many acts of kindness extended to my family during my stay at the Hospital. I am indeed very grateful. Mrs. Kenneth Ross. 22-c

The family of the late Mrs. Ivadel Crosby wish to express our deepest gratitude and appreciation to our many friends who remembered us during our bereavement with the loss of our Mother. Especially do we wish to thank the Fort Industry Chapter Order of Eastern Stars; the Women of the Moose, Adrian, Michigan; the Pythian Sisters, White house Temple; and for the comforting words of Rev. Robert Yawberg.

First Home Fair Sat. March 2nd

(Continued from Page 1)

watch for her.

For weekend meal treats, Fair visitors will find lots of good things at Mrs. John Surratt's Pantry, featuring home-baked articles; and at the Sweet Shop, Mrs. Barney Fero, Chairman, with homemade fudge a specialty there.

There are many people donating and working on the committees to make this PTA project a success. The cooperation received by Mrs. Opal Dickinson, General Chairman, has been very gratifying. Helpers not previously reported are: Herbert Hoag, in the Rumpus Room; Mrs. Millie Osborn, Mrs. Ruth Dustin, Mrs. Gwen Beland and Mrs. Rosie Schneider in the Den; Mrs. J. D. Cook, Mrs. George Derby, Mrs. Orrie Gilbert and the Patterson Sixth Grade Boys to assist in the Check Room.

The proceeds from this first Patterson Home Fair have been designated to be used to purchase curtains for the stage in the Patterson School Gym. These curtains will not only add beauty and a finished look, but will add immeasurably to the variety of uses the teachers and students can make of the gymnasium.

The Fair Committee cordially invites every man, woman and child in the Tecumseh area to patronize and enjoy the Patterson Home Fair this Saturday, March 2.

Deer Starvation

The first known deer starvation of the current winter was confirmed by autopsy in Baraga county last week. Winter conditions restricted deer to yarding areas during the week in most of the upper peninsula.

In the northern lower peninsula, whitetails ranged rather freely except in the western part of the Gaylord district where yarding was reported.

In the U.P., maximum snow depths reached 2½ feet except in the Crystal Falls district, where maximum depths of about 16 inches were reported. Snow was not deep enough to be of any consequence to deer in the northern lower peninsula except in the Gaylord district and in Kalkaska county, where maximum depths of 1-1½ feet were recorded.

Tecumseh Indians Tie For Second Place

The Tecumseh Indians beat Bedford 64-61 at Bedford Friday night and won a tie for second place in the final league standings with Monroe Catholic Central. The Junior Varsiity won their game 48 to 19.

Bedford led 13 to 6 at the end of the half. In the second quarter after Tecumseh closed the gap, the game was nip and tuck all of the way with the period ending in a 29 to 29 tie. The third quarter showed the same general pattern ending with Bedford possessing a 49 to 48 lead. In the final period, the score continued to see-saw back and fourth with Tecumseh trying a stall with only one minute left in the game. Yoakum broke the game with a jump shot with only 14 seconds left to play. The final score was Tecumseh 64, Bedford 61.

High point man for Tecumseh was Miller with 15 points. Elliott was in second place with 14 points. Yoakum scored 13 points, Hansen 9, O'Neill 8 and Larned 5.

Rodger Rollman was high point man for Bedford with 26 points. Bedford's John Warren scored 18.

Hillsdale won the league championship with a 7 won 1 loss record. Tecumseh and Monroe C.C. tied for second with their 5 wins and 3 losses. Airport won 2 and lost 5 and Bedford won none and lost 7.

Tories Fell To Central 56-51

By Frank Prochaska

After going 6 games without a loss, the Tories finally dropped one to firey Catholic Central of Adrian, 56-51. The loss gives Ida and Waldron a chance to tie the Tories for 1st place. This coming Friday will decide the championship, when Ida travels to Britton for the final game of the season. If Britton can take the game they will emerge Tri-County champs for the 1956-57 season, but if Ida comes out on top, the championship will be split between Britton, Ida and Waldron, if they also win next Friday.

The Central team, sparked by Dick Szemen, led at half time, 27-26. In the next stanza, Central outscored Britton 16-11 with Piotter for Central getting 9 points.

In the last period, Britton came back with 14 points to Centrals 13 to lose 56-51.

Out of 34 charity tosses, the Tories sunk 19 while Central hit 24 for 43 shots. Jerry Benedict of Britton, and Centrals lanky Dick Szeman both hit 21 points for scoring honors.

The little Tories lost the preliminary game.

Score by quarters:

South Lyon Edged Boysville In Overtime

Without doubt this was one of the finest games played by both South Lyon and Boysville, but the Knights fell prey to the hungry Lions in the third overtime game in a row for the Boysville team. The score was 46-44.

This was really a hard one to lose, but there is no question in the minds of many that the cause of the loss was primarily the fouling of the Knights. The Lions capitalized on the many chances offered them to score at the free throw line, and hit a .600 percentage from that point.

This was only one side of the story. South Lyon committeed only four fouls in the entire game, somewhat of an improvement over the forty-seven they had charged against them only a few nights before against another team.

This loss put the Boysville five back into third place in the league for the season.

High-point men in the game for Boysville were Taylor and Velasquez. For South Lyon, Peveyhouse was top scorer.

UNDERWATER MINING

Exploratory drilling for copper-bearing rock now under way in the western upper peninsula may involve use of submerged lands under Lake Superior.

A bill now in the state legislature would authorize the Conservation Department to lease lake bottom lands for mining. This would enable mining companies to drive shafts under the lake, should they find sufficient metal-bearing rock to warrant the operation.

At least one company is now test drilling for copper sulfide rock in a large area along the Lake Superior shore, previously unexplored for this type of mining. Potentially, copper could be found anywhere in this [illegible]

Most of Michigan's copper mining, starting in 1845, has been to recover the metal in native form; only in recent years have the sulfide ores been utilized.

One mine, the White Pine, located west of Ontonagon, has been producing copper from these sulfide ores for about two years. This mine is using a bed of sulfide rock nine feet high at a depth of 600-700 feet underground. Test drills have indicated the mine has a potentially long life.

26,000 FIRMS — 12,000,000 WORKERS

We have taken a fresh look at those charges of dangerous-economic-power-in-the-hands-of-big-business that roll unceasingly from the propaganda mills in Washington and elsewhere.

And we have decided that there may be something to them ,after all—although not exactly the something that the propagandists have in mind.

Although it is just about as old as politics, the "economic concentration" talk becomes more interesting in the light of a recent General Motors survey of facts about its suppliers. Those, of course, are the firms from which GM buys the tremendous variety of goods and services needed in the production of its automobiles and other products.

That variety, by the way, ranges from obvious requirements like steel to guitar picks, baby bottle nipples, ground corn cobs, crushed walnut shells, and scores of other unlikely items required in various production operations.

But to us, the most interesting revelation of the survey is the fact that the vast majority of GM's 26,000 American suppliers are small businesses. Over 64 percent employ fewer than 100 persons. And 89 percent have fewer than 500 employes.

Yet, in total, it is estimated that those 26,000 suppliers —located in every state and the District of Columbia—employ more than 12,000,000 persons. Which means that the nearly 50 cents out of every GM sales dollar that goes to suppliers helps to support 12 million jobs.

Here is economic power, all right! The economic power of a large slice of America, operating as a team to produce the transportation we all use. And to produce profits, of course, for 26,000 businesses.

More power to them—and to the 12,000,000 workers and their families who also are splitting up the pot.

R. S. V. P.

Deszo Fonagy, a battered Hungarian freedom-fighter and a representative of the underground revolutionary parliament, testified the other day before a Senate Internal Security subcommittee. Unless there is help soon from the UN or from the West, he said, the patriots will strike again. The result will be "the extermination of the Hungarian people or the exit of the Russians from Hungary".

Mr. Fonagy's calm announcement that the Hungarians will "blow everything up so as to put Hungary in such chaos that the Russians will have to leave" may cause the UN to vote an 11th resolution condemning Soviet aggression. Or it might suggest to Secretary Dulles that he postpone that "serious consideration" of economic sanctions against Israel while he decides what our attitude should be when the Red tanks roll again in Hungary. The last act curtain will rise, Mr. Fonagy thinks, in the spring. Might we have a "Hungarian Doctrine" by then?

INCOME TAX FACTS No. 6

Medical Deductions and Widow Benefits

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Michigan Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

Uncle Sam realizes family doctor bills and dentist bills can add up; so he permits you to itemize and deduct all medical expenses beyond 3 percent of your adjusted gross income.

Sick Benefits are not counted as income. Here is what you can receive free of tax from your employer or his insurance company:

(1) Payment for medical expenses

(2) Payment for permanent injury (not based on time absent from work)

(3) Damages for injury or sickness

(4) Payments under Workmen's Compensation Act

(5) Payment up to $100 per week for loss of wages while you are absent due to injury or sickness, except that the first week's pay is taxable unless you are absent due to an injury or are hospitalized for at least one day.

Sick Pay Benefits

If "sick pay" payments from your employer are included in the wages shown on your withholding slips, you should subtract the proper amount from your income in the place provided on the first page of the tax return (Form 1040). Attach an explanation as described in the instruction book. You are entitled to exclude this amount even if you do not itemize deductions.

You are allowed a deduction for medical expenses beyond 3 percent of your adjusted gross income, but if you (or your husband or wife) are 65 or over, the 3 percent rule does not apply to your own medical expenses. It does apply, however, to any medical expenses you pay for your dependents.

Among the items to include in your list of medical expenses are fees of doctors, dentists, hospitals and nurses. You can also deduct premiums for health, accident, hospitalization and medical insurance, but you must reduce your medical expenses by the amount of any benefits received from insurance.

Medicines Are Also Deductible

Your total deduction is limited to a maximum amount for the year, as explained in the instruction book, and medicines and drugs may be included in your medical expenses only to the extent they exceed 1 percent of your gross income.

Widows and Widowers

The federal tax code contains several provisions of special interest to widows and widowers:

(1) You may file a joint return with a husband or wife who died during the tax year if no separate return is filed.

(2) If you have not remarried and have in your household a dependent child or stepchild, you are entitled for the next two years to use the same tax computation (with income-splitting privileges) as you have been entitled to on a joint return.

(3) When life insurance proceeds are taken as an annuity or in installments, widows and widowers are allowed up to $1000 per year of tax free payments in addition to a pro rata amount of the principal.

(4) You may be entitled to a deduction for child-care expenses.

(5) You may be entitled to retirement income credit if your deceased husband or wife would have qualified.

The instruction book which comes with your tax forms gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified advisor if you decide to seek outside help.

Superstition

Throughout all ages, false beliefs have been the greatest enemies of medical progress. Many people believed that witchcraft performed miracles through myth and medicine—about the former they knew much, but about the latter they knew little! When you feel ill or run-down for some unknown reason, forget the idea of taking either a patent medicine or a home remedy. Instead, visit your doctor. He alone can diagnose the cause and prescribe the medication required. If medicine is needed, depend upon us to supply it.

Sandy Dahlsen hurried into our office and asked anxiously, "How do I go about establishing a market price on my house? I've just been ordered to move to Missouri and before I let you sell my house I have to know what it's worth."

"That's reasonable," I answered, "and we'll help you any way we can. Because we are actively engaged at selling homes, we can no doubt estimate about what it will sell for. But you can use a couple of other methods, too, in arriving at the value.

"One," I continued," is to compare your home with recently sold properties. You'll learn exactly what owners received for their homes. If their houses compare quite closely with yours, you'll know about what the market value is. After we see your home, we may be able to suggest recent market comparisons.

"Then another method, is to have your home appraised by a mortgage loan company or a representative of the FHA or V.A. It costs $20 for a governmental appraisal but it may be money well spent."

"I'll leave everything in your hands," Sandy said, "come on out and inspect our house."

"O. K.," I replied. "We'll know [illegible] after we see your home."

Let us SELL your home too. Our experience leads to results!

CLIENTS

All of you are aware of the excellent dividends you received in the past from mutual funds recommended by our firm. We felt then they were good recommendations. Time has shown they **were** good recommendations.

Due to recent declines in market values, these mutual fund shares have, in our opinion, become very attractive investments. We cannot contact all of our clients. Therefore, we come to you through this medium to urge that you add to your mutual fund program at this time. We feel it is a very opportune time.

Sincerely,

WHEN BETTER AUTOMOBILES
ARE BUILT
BUICK WILL BUILD THEM

COME do yourself a favor. Try out this '57 Buick SPECIAL.

Its price level you can see right here – right down close to the smaller cars.

But you'll have to see in person how much more automobile you get for each dollar you pay in a Buick.

Fact is, this one's all new—straight through—*deep* inside where it counts most.

Sure, it has the new look and line and dashingly low profile that go with a brand-new body.

What's more to the point . . .

It has an all-new engine—mightiest in all SPECIAL history.

It has an all-new Dynaflow* performance – a new Variable Pitch Dynaflow with *instant* response, and a honey to boss.

Most amazing of all is the magic of its new chassis design – which gives you new road-hugging lowness with full ground clearance—and still keeps big-car room in the body. Plenty of headroom, hiproom, legroom *and footroom* – and what all this does for your ride and comfort is something you can learn only at the wheel.

Try it, at your Buick dealer's—drive the big-buy *big* car of 1957.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

FATHER AND SON BANQUET

One hundred and eighty-five Fathers and Sons attended the annual banquet held Saturday night in the church social rooms. The tables were centered with an American flag and at one end was a silhouette of Lincoln with a testament and candle and on the other end of the table was a silhouette of Washington with a chopped down tree and hatchet. Rev. Holly, pastor of the church, gave the invocation. After the banquet, Rayner Hardy led in group singing then the men retired to the sanctuary where Dean Cook introduced Waldo Johnson who showed his pictures of Africa.

FAMILY NIGHT

A Fellowship supper will be held next Sunday night at 7:00 p. m. The committee for the supper is Mrs. Howard Luce, Mrs. McKinley Spalding and Mrs. Marie Listman. The meat and potatoes are being furnished, each family is to bring rolls, a vegetable and either jello or cake as well as their own table service. A vesper service will be held after the meal.

GRANGE

The Tipton Grange will hold their regular meeting Friday night. The supper committee consists of Mr. and Mrs. Wayland Kahle, Mr. and Mrs. Raymon Buell and Mrs. Lillian Luce. Each family is to bring sandwiches and a dish to pass.

THIS MESSAGE IS IMPORTANT TO EVERY VOTER IN THE TECUMSEH PUBLIC SCHOOL SYSTEM, SCHOOL DISTRICT 11

READ IT CAREFULLY AND

VOTE YES ☒

TO BOTH PROPOSALS AT THE SCHOOL ELECTION

MARCH 4, 1957

THIS PRESENTATION HAS BEEN PREPARED BY DIRECTION
OF THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 11
J. K. TOUBORG, PRESIDENT
JAMES McDOWELL, SUPT. OF SCHOOLS

THE FUTURE OF TECUMSEH SCHOOLS

The School Electors of School District No. 11 will vote on March 4, 1957 on a bond issue to provide funds for additions to existing schools and new buildings needed to house the increasing number of children of school age in the district. As a property owner, you are vitally interested in this school election. It will affect your tax bill.

Some of the questions that you will ask are:

1. Why are more school buildings and class rooms needed?
2. What extensions are planned and where will they be located?
3. What is the cost?
4. How will the program be financed?
5. Will taxes be increased?
6. How long will these new facilities be adequate?

THE PURPOSE OF THIS PRESENTATION IS TO ANSWER THESE QUESTIONS AND INVITE YOU TO

VOTE — YES ☒ ON MARCH 4, 1957

WHY ARE MORE CLASSROOMS NEEDED?

1. Increased Birth Rate

Immediately following World War II, there was a marked increase in birth rate throughout the United States. The children born in that period are now school age, many of them just entering kindergarten.

2. Tecumseh and The Surrounding Area is Growing Rapidly

New families are required for the rapid industrial development in Tecumseh and the school district. This means a constantly increasing school age population. At present, the net increase of new pupils over those graduating or leaving the school is about 50 per year. This means one or two more classrooms per year to take care of the increase alone.

3. Efficiency From Consolidation

In order to realize the full benefits from our recent consolidation of school districts into a larger school district, certain changes are necessary, such as converting Central School to a Junior High School to relieve overcrowded conditions in the High School and reassignment of the kindergarten and grades to reduce bus travel from the grade pupils.

EXPECTED ENROLLMENT

DISTRICT NO. 11

SCHOOLS — 1956-1961

School Year	Kindergarten Through 6th Grade	Junior High 7 & 8th Grades	High School 9th Through 12th Grade	Totals
1956	1645	327	534	2506
1957	1765	340	609	2714
1958	1811	393	635	2839
1959	1818	461	674	2953
1960	1857	515	720	3092
1961	1852	487	801	3140

Note: — The above figures are based on present school census figures. This is an increase of 25% by 1961. About fifty additional pupils per year will be added each year from 1957 - 1961 by new families moving into the district. By 1961 the total will probably be 3390, an increase of 35%.

WHAT EXTENSIONS ARE PLANNED?

The general plan has been developed after considerable study by the Board of Education and The Superintendent of Schools, with the advice and consultation of leading school architects and educators. A "Bird's Eye View" of this plan is shown in the maps reproduced on the first page of this Section.

To Build The Needed Classrooms And To Provide Schools For Proper Education Of These Children — Vote Yes ☒ On March 4.

WHAT IS THE OVERALL COST AND HOW WILL IT BE FINANCED?

The total cost of the program is estimated at $1,900,000. This figure is not based on firm bids, but detailed estimates have been made for each addition and new building. These estimates have been checked by Warren Holmes Company, Architects who prepared the plans. The total cost of this program will be reduced by the amount of private gifts which are being considered by donors at the present time but have not yet been announced.

It is proposed to obtain this money as required by the sale of bonds of the School District maturing in 20 years. From past experience in this sort of financing, it is probable that the total debt can be retired sooner.

The School District has only a small bonded debt balance on the money borrowed for the new High School and Patterson School. While this is not due until 1965, the Board expects to retire the bonds during the current year 1957.

THIS NEW PROGRAM WILL BE STARTED WITH NO BONDED DEBT.

BROWNVILLE SCHOOL

One room Kindergarten.

No addition or change is planned.

RENTED SCHOOL ROOMS

Rented classrooms in the Library and the Baptist Church would be closed. Unless more classrooms are built half day sessions in both the elementary and secondary schools are inevitable by 1958.

THE RESULTS OF THIS PROGRAM

1. Increasing classrooms from 49 at present to 57 for the elementary grades.
2. Closing of inefficiently operated single room rural schools.
3. Less bus transportation, particularly for the younger children.
4. Reduce crossing of the highways by little tots.

THIS NEW PROGRAM WILL BE STARTED
WITH NO BONDED DEBT.

Will Taxes Be Increased?

Proposed Tax Not Added On Top Of The Present Tax For Schools

Perhaps the simplest statement that can be made, with reference to school taxes, is that they will be substantially the same for any individual piece of property as they were during the time that the City of Tecumseh was paying off the bonds on the 1948 and 1952 bond issues. A direct comparison is not possible due to the fact that in the City of Tecumseh and some townships assessed valuations have been revised in the past year. The actual amount might increase or decrease depending upon whether the assessor increased or decreased the valuation of the property.

The State Equalized Value, which is the same in the several Townships of the School District, is the best actual measure for levying taxes and also is the basis on which, according to State Law, school taxes must be spread. In the 1948 and 1952 Bond issues the tax rate was 13 mills or $13.00 per thousand of local equalized assessed evaluation. The Board expects to maintain a lower rate on local equalized evaluation for the district than on the two previous issues beginning with the bonding period in 1958. EACH TAXPAYER IN THE DISTRICT WILL PAY EXACTLY THE SAME AMOUNT PER THOUSAND DOLLARS OF STATE EQUALIZED VALUATION NO MATTER WHERE HE LIVES IN THE DISTRICT.

The voted rate must be 8.5 mills on state equalized valuations for 20 years but the actual rate which the Board will require will be between 6 and 7 mills beginning in 1958. This will retire the bond issue in from 10 to 14 years rather than 20 years as must be voted in order to sell the bonds, since this is the margin of safety required by bond buyers.

Tecumseh is a growing community. Many new homes are being built each year and their value added to the tax rolls. In the past, this increase in valuation has made it possible to maintain or reduce the tax rate and pay off bonded debt at an earlier date than the maturity of the bonds. There is every reason, therefore, to expect that taxes will remain the same as those in effect while the 1948 and 1952 bonds were being retired or, conceivably, they could decrease due to the growth in population and the greater efficiency of the school operation.

The Board of Education at present has permission from the taxpayers of the district to levy up to 13 mills for school buildings if necessary which will be withdrawn with the payment of the 1957 taxes. The Board of Education is now asking the taxpayers of the district to continue to give the Board permission to levy up to 8.5 mills for new school buildings starting in 1958. The Board of Education is seeking to continue a tax which has already been voted and is in existance but at a new lower limit.

News From The Tecumseh Grade Schools

In answer to the numerous inquiries regarding elementary news from more of the schools, Earl Greene, elementary supervisor, has obtained news from West Branch School this week and promises more additions in future weeks.

School news has been requested from St. Elizabeth's and will be available in the near future.

PATTERSON NEWS

One day, after working hard on Gingerbread Boys—in our workbooks—we were admiring them. Many remarks were made—on how well we did them—how good they looked—we wished that we could eat them, etc., etc. Why couldn't we really make some, occurred to us. We carefully composed a letter to Mr. Greene, telling him how busy we were getting ready to be first-graders—how we always tried to do our best—and we would like to make some real Gingerbread Boys. His prompt reply delighted us—written on a real typewriter and on paper that said—"TECUMSEH PUBLIC SCHOOLS" across the top. He told us that he was delighted to hear that we were doing good work and that we could do our baking the next day.

We found it took a little prepar- [illegible] large chart about clean hands, aprons and committees. (We like to use new words) There was the measuring committee, the stirring, the rolling, the cutting and the decorating committee — all ready and able—complete with scrubbed hands and aprons. They were beautiful to look at and delicious to eat with our milk. As a matter of fact there never were such Gingerbread boy's before— and enough left over to have a "Sharing Committee" take one to each teacher in our school.

The first grade have been very busy making a booklet about two of our great presidents, Abraham Lincoln and George Washington. We are all trying and hope to be good citizens like Lincoln and Washington.

Most of us have each sold five tickets to the Patterson Home Fair. Bruce DesErmia has sold the most in our room.

This week we made papier mache figures in Fifth Grade Art class.

Barry Seidel brought an insect collection that was very interesting. We are studying about birds, weeds, and insects in Science.

The pupils of Patterson School are having a contest to see which room can sell the most tickets. There will be a prize for the winning room.

Thursday afternoon we are having a dance program for the parents and friends of the Fifth and Sixth Grades. We hope everyone [illegible] so we can show them how much we have learned about square dancing.

Our sixth grade has collected twenty-three dollars from selling fair tickets. We have a graph in the hall showing how much money each grade has collected. So far the third grade is ahead with thirty-two dollars.

The girls are going to work in the snack bar and have a sewing room in the fair. The boys are going to check coats and hats.

On our bulletin board we have an assortment of pictures and reports of famous people born in February, such as Abraham Lincoln, George Washington, Susan Anthony, Thomas Edison, Henry Longfellow and the founding of the Boy Scouts.

Last week we put on a play in the gym for the fourth and fifth grade. The name of the play was "Susan Anthony." Maryann Mead played the part of Susan Anthony.

We, in the second grade, helped Richy Horton celebrate his eighth birthday. We enjoyed the birthday treat he brought for us.

We are keeping a record of the birds which we see because we expect to find that some are returning from the south pretty soon.

We decided that we want to know more about our state of Michigan because some of us will be taking vacation trips in Michigan. As a starting place, we are hearing all about a little canoe in the story "Paddle-to-the-Sea" during our story hour.

Another birthday in the fourth grade—Marie Kohler was ten years old this week and brought a treat for the class.

We are all very much interested in science right now. We have been studying about the planets and stars and have found so many books and magazines full of information about them.

Of course we are all looking forward to the Fair, and have sold tickets to our family and friends.

WEST BRANCH

For our first grade room decorations this month we have the alphabet on hearts backed with white paper doilies. Each of us learned to cut hearts and white paper doilies. We each painted our own valentine box with poster paints. Did we have fun!

Each of us has done some finger painting this year. During our free time we roll clay and make words from it.

For our language and writing we are making up stories or retelling them and writing them.

Now we are having a short unit on health and safety. We have make a booklet and are adding colored posters to it as we go.

This month Rancher Glen visited our school. We enjoyed hearing him tell us the five points of good health. He sang fine cowboy songs.

James Miller is out of school having his tonsils out.

We have missed Leon Richardson in second grade. He was in the hospital with appendicitis. We wrote to him, and he answered our letters.

We have been learning about George Washington. Mrs. Schultz read us stories about him. We colored a picture and wrote a story about him.

In Health we have had some stories about milk. We know now why our mothers wants us to drink milk. Everyone in our room likes milk, and we have milk every morning.

We were very happy this week, when each of us got a picture of Rancher Glen. We are going to try very hard to follow his health rules.

We are glad that we can do writing now. It isn't nearly as hard as we thought it would be.

This has been red, white and blue week in our third grade room. We have studied all about George Washington.

During our language period we have learned how to write letters. We are going to really send one to someone we want to write to.

During science we studied about planets. We learned about how far each is from the sun. Patty Green and Pamela Williams made a large chart of the solar system. We added much information about each planet to our science scrapbook that we have kept all year.

We have some new people in our room. Janice Sinkey, Richy Gartee, Kristine Kittell ,and Kenneth Miller moved from Mrs. Thomas' room at Central. Wanda Cooper came to our room from Mrs. Schwartz's room, and Linda Wheeler just moved here from Clinton. We have 37 in our class now.

In arithmetic we have learned how to borrow from ten's place and hundredth's place in subtraction and Monday we will start multiplication.

We like to have our Mothers come and visit our class. Mrs. Gartee and Mrs. Brighton came and watched our classes.

Nearly everyone in our room has a library card now. All of us like to read. Our library table is a busy place. We can get a book anytime our regular classwork is finished.

Larry Koons made Abraham Lincoln's log cabin and he is letting us keep it in our room. It is made of cardboard that looks just like logs.

CENTRAL NEWS

Marbles, jumpropes, and baseballs and bats. Spring? Not yet, but the girls and boys of Central School are all prepared for its arrival. They are getting a little bit tired of wearing leggings and boots. How many more days till spring?

Several children in Miss Lukens' first grade room are absent from school. They have chicken pox, but the rest of the children were glad to welcome Trudy Curtiss and John Baldon back after their recovery from it.

One of Miss Lukens' reading groups exchanged a reading class with Mrs. Neitling. Each teacher worked with the others group of children. The other two groups are waiting for their turn now.

Their first spell down contest was tried this week in Miss Lukens' first grade. The chiulren surprised both themselves and their neighbors with the words they knew how to espell. Just as important as the winners of the spell-down were those people who were good sports as they got "spelled down" to their seats.

Lee Ann Ward has chicken-pox so her classmates in Mrs. Puffer's room walked downtown and bought her a get-well card. After they had signed their names on it, they went to the post office and mailed it.

This same second grade was interested to learn, while celebrating George Washington's birthday that General Kimball, one of Washington's friends, was Patty Wilson's seven-times great grandfather. Patty brought a paper to school with her family history written on it, explaining the relationship. It also told of some of General Kimball's adventures.

The third graders in Mrs. Schwartz' room have been studying wheels, levers, and other simple machines.

In arithmetic they have found that what is usually called "borrowing" in substraction problems is really "changing tens to ones and hundreds to tens.

Mrs. Thomas' room has a new girl. Her name is Mary Ellen Kiquem. The children are very happy to welcome her to their group.

They have been learning about land and water in science. They now know that rivers begin up in the mountains and flow into lakes or oceans.

Their new health book is very interesting. Rancher Glen sent them some lovely posters about good health habits. Mrs. Thomas measured and weighed every child in the room to see how they are growing.

Mrs. Callihan's Fourth grade is studying the growth of the Northwest, mostly around Seattle. They are making a booklet showing the industries. Many boys and girls are bringing wood and wood products to show the uses of lumber. The multiplying and dividing of sevens is proving to be work for some, but fun for others. Maybe all will know them soon.

This week Mrs. Whiting's room is drawing pictures for a movie of one of their stories "KING PERAMUND'S WISH."

Terry Keiht, Jim Lawson, and Joel Rutherford are making the movie stage.

They hope to be able to show their movie to the other grades in their school when they are finished with it.

The boys and girls in Mrs. Baily's fourth grade room are working hard on the "eights" and "nines" in arithmetic. These are the last new ones to learn and the children are anxious to be able to multiply and divide without making mistakes.

The children are enjoying the Bobbsey Twins and other books from the library.

Constance Rumpf won first prize for her valentine box in Mrs. Miller's room. Fran Cooper won second prize.

In Science they have been studying about constellations, stars, planets, and the moon.

Just for fun! Mrs. Miller's fourth graders have had 23 teeth pulled out during school this year!

Mr. Sawyer's fifth grade had an exciting and fun-packed Valentine's Day. They enjoyed their eats —pop, popcorn, and candy hearts. Playing various games added to the enjoyment of the party. They are having fun bringing in samples of corn, wheat, cotton, etc. which are leading products of our United States. These products are then stapled or taped to an enlarged U. S. map mounted on fiber board. All this is being done in corrolation with the last six chapters in our Social Studies book.

In arithmetic, we are studying fractions and we have made fraction wheels from construction paper to help us better understand the use of them. Some film strips, [illegible] use of fractions were viewed by the class too.

The Junior American Citizens Club in Mrs. Crawford's sixth grade chose David Blanden as the citizen of the month. The officers are Tim Sisson, president; Kent Lucas, vice-president; Lois Handy, secretary.

They are working on reports in language class and many interesting topics are being prepared. This asignment requires a great deal of work but they are sure the results will be worthwhile.

BROWNVILLE KINDERGARTEN NEWS

Hello to you from all of us here at Brownville! There are 72 of us eager little beavers having fun at work and play. We are trying to get ready for first grade by using our new workbooks, learning to count and know the value of numbers to 10, our colors by association, when our birthdays are, our house numbers and streets, our telephone numbers, and how to tie our shoes. Most of us can write our name very well in manuscript. We have a new game called "Pretend Teacher."

Our room is gaily decorated for February. We each made a heart and put our own picture on it for our bulletin board. Mrs. Lamkin has been so nice to us. She has drawn a picture on our blackboard each month. This time she drew a picture of Lincoln, Washington, and a valentine.

We have a chart in our room saying, "My Mom Visited". When our mothers come to visit us we get a star. Have you visited yet?

Our mothers bought us a new record player. We think it is just wonderful. We have fun bringing our favorite records to school to share with others.

Many of us have had to miss school because of chickenpox.

Renae Muhn has moved to Toledo. We miss her.

Come and visit us, Mom and Dad!

REGISTRATION NOTICE

FOR

Biennial Spring Election

MONDAY, APRIL 1, 1957

To the Qualified Electors of First Ward (Precinct No. 1, 2, 3)
CITY OF TECUMSEH, COUNTY OF LENAWEE
STATE OF MICHIGAN

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, That I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

Monday, March 4, 1957 -- Last Day

The Thirtieth day preceding said Election

As provided by Section 498, Act No. 116, Public Acts of 1954.

From 8 o'clock a.m. until 8 o'clock p.m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P. A. 1954.)

TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made within the (30) days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be accepted during the next full working day), provided that no such transfer shall permit any person to vote in any Township, City or Village in which he had not resided (30) days next preceding any election or primary election.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to make application to have his registration transferred on any election or primary election day by executing a request over his or her signature for such transfer and presenting the same to the election board in the precinct in which he is registered. Upon receiving such request the inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and if the signatures correspond then the inspector shall certify such fact upon said request and the applicant for transfer shall then be permitted to vote in such precinct for that election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

PONTIAC IS GRAND NATIONAL CHAMP!

Wins NASCAR Grand National Championship Race Against All Cars Regardless of Size, Power or Price—Setting New Track Record in Biggest Stock Car Event of Year Following Clean Sweep of Its Class in Flying Mile and Acceleration Runs.

Here's why it's important to you! You can buy the same model Pontiac right here in town with the same ruggedness, safety and precision-handling that outclassed all the others at Daytona! Remember, this was a strictly production model Chieftain Pontiac powered by the spectacular 317 h.p. Strato-Streak engine — and introducing Pontiac's revolutionary *Tri-Power Carburetion,* a great new advance, optional at extra cost on any Pontiac model. This amazing carburetion system literally gives you 2 *engines for the price of 1 . . .* tame or terrific at a touch of your toe! For normal driving the engine operates on a standard two-jet carburetor (the same type that won the economy tests last year). A little extra pressure *automatically* cuts in four more carburetor jets for instant response when you need more power. Come on in and drive America's Number One Road Car. You can easily afford it—prices actually start *below* 30 models of the low-price three!

NOW IT'S OFFICIAL
Pontiac is America's Number 1 Road Car!
NUMBER 1 IN PERFORMANCE!
NUMBER 1 IN ROADABILITY!
NUMBER 1 IN HANDLING!
NUMBER 1 IN SAFETY!

Lenawee Co. Agricultural Agent's Column - - - - -

NEED FERTILIZER

Soil tests throughout the state show that actual soil needs run half again as much fertilizer as is now being put on fields, according to Louis G. Hall, Lenawee county agricultural agent.

Many farmers miss the mark in selecting the right fertilizer grade or analysis. For instance, the 1-1-1 ratio of fertilizer mixtures is gaining in popularity but research can't jutsify its use for every farm. Soil tests indicate soil needs which definitely lean away from the 1-1-1 ratio for most farms.

Most of our crops could use nine times more sulfate of ammonia, amonia, nitrate, anhydrous ammonia, urea, nitrogen solution and other such materials even though straight nitrogen is gaining in popularity in the state.

From the standpoint of straight nitrogen, 6,000 tons are now used in Michigan. But, by the way crops respond, soils specialists at Michigan State University maintain that the amount used could be boosted to 70,000 tons per year.

Soil testing also indicates that farmers could also profitably use more of the high phosphorus fertilizers. Some of these include formulations as: 3-18-9 or 5-20-10. Less of the 4-16-16 and 5-120-20 is needed.

FRUIT X-RAY

Beauty of fruit you buy may only be skin deep, but a machine has been developed to let man look inside the skin to see just how good the fruit is.

It is something like an X-ray machine, but works on a different principle, according to Louis G. Hall, Lenawee county agricultural agent.

The machine sends light through the fruit. At the same time it measures the amount of light that gets through.

When this penetrating light is measured, scientists are able to determine the quality of the fruit interior.

So far, said Hall, work of this type has only been done with tomatoes.

Other samples are under study ranging from tomato seed to grapefruit.

Olthough this machine is still only a research tool, it is being considered as an assembly line tool for grading and sorting fruit in future packing and processing plants.

Mr. Hall said that the name of this machine is a tongue twister. It is called the rephobiospect by the U. S. Department of Agriculture and chances are it'll get another name before long.

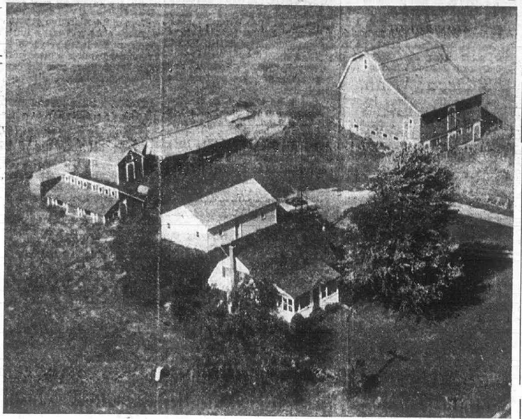
Change Date Of Conservation Payment Plan

Deadline for signing the soil bank conservation reserve contracts has been advanced to April 15. Formerly a month earlier, this date was moved up to relieve "the heavy work load in county ASC offices".

Contracts for conservation reserve program allow farmers to divert crop land to soil and water conservation uses, tree planting and wildlife protection for 3, 5 or 10-year periods. With the 5 and 10-year contracts, as much as 80 per cent of the cost of establishing conservation practices will be paid farmers.

Mystery Farm Belonged to Raymond Guy



Last week's "Mystery Farm" was the Raymond Guy farm at 10266 Macon Highway. It was correctly identified by Mrs. Harold Ruhl of Route 1 Clinton, who received a free two year extension to her subscription to the Her-ald.

The 80 acre farm was purchased by the Guy's in 1938. Mr. Guy works at the Tecumseh Products Company and rents the farmland out. A new garage has been built on the land in recent years.

The Guys attend the Presbyterian Church in Tecumseh. Mrs. Guy has a married son, Dean Hamilton, who lives nearby.

They received an aerial photograph from the Tecumseh Herald and are entitled to $5.00 worth of free merchandise from each of the following: Easton's Friendly Service, Davenport Electric and Hayden Flour Mills.

Bush Bean Is Going To Arrive Here Next Year

The new Sanilac bush bean will make farmers more money than the Michelite when it becomes available in 1958, claims Milton Erdmann, farm crops department of Michigan State University.

Bush type growth of the bean means that there will be fewer cull beans, and disease resistance may add as much as 10 bushels per acre to bean yield. The new bean, tested for two years by M.S.U., had less than one-half the weathered, spoiled, or off-color beans at harvest time than Michelite had in 1955.

Where anthracnose and sclerotinia—white mold—are problems, the Sanilac bean will outyield Michelite by up to ten bushels per acre. When the diseases are not present, the yield is about the same.

Certified seed growers will start seed production this spring, and planting seed will be available to growers in 1958.

Dairy Ration Self-Fed Not In Balance

A balanced dairy ration is next to impossible to control when self-feeding silage, claims C. F. Huffman, dairy researcher at Michigan State University.

The solution, he says, is a modification of the self-feeding program. Then, of course, it is no longer self-feeding. The problem is that dairymen have no control over the cows' silage or hay intake when self-feeding. This is an important consideration, especially with high producers, he says.

Unless you know what the cow is eating, and how much, it is next to impossible for you to balance the ration with protein supplement and home grown grain. When silage is self-fed, it is also important for dairymen to keep their animals away from silage for two hours before milking time. If he doesn't, milk off-flavors can develop.

County Has Agent At Large For Four Months

On February 5, Richard Schroeder arrived in Adrian to begin his duties as County Agricultural Agent at large. The Extension Service of Michigan State University has assigned Mr. Schroeder to Lenawee county fo ra 4-month training period after which he will move to Roscommon County as Extension Agent for Resource Developmnt.

Schroeder has recently returned from two years service in Pakistan as a farm machinery advisor to the government of Pakistan. He was working for the U.S. government under the Point 4 program. Previous to his foreign service Schroeder has spent 13 years teaching vocational agriculture in Michigan. The last five years of teaching were in East Jordan which he now calls home and where his wife and 4 children live.

In 1941 he received his B. S. degree from Michigan State College and in 1946 he received his M. S. degree from the same institution.

FORD IS AMERICA'S WINNINGEST CAR!

For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!

And now—just in from Daytona—seven more Ford firsts!

- A 300-hp 1957 Ford V-8 out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, out-accelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amâteur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile—outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too . . . and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

3 Oscar Winners Star In Movie Coming Tuesday

Bette Davis, winner of two Academy Awards, Ernest Borgnine, winner of this year's Academy Award, Debbie Reynolds and Barry Fitzgerald (the cast's third Oscar-winner) star in M-G-M's "The Catered Affair," coming to the Strand Theatre Tuesday.

Based on a play by Paddy Chayefsky, author of the Academy Award-winning "Marty," the new picture unfolds a human and heartwarming story of a middle-class New York family faced with the problem of giving their only daughter a suitable wedding.

If it is to be an expensive "catered affair," Mrs. Hurley will be able to make up to daughter Jane for past privations, to say nothing of putting up a good front for the neighbors. On the other hand, the cost of a fancy wedding will prevent taxicab driver "Pop" from buying the cab he has been saving up for. There are added complications in respect to Uncle Jack, who will want to bring his lady friend to the wedding, and, lastly, the young bride and groom find themselves at odds because of family interference. How it all turns out makes for a picture permeated with both laughter and tears.

The following preamble and resolution was presented.

RESOLUTION

WHEREAS divers measures now pending before the Senate and Legislature of the State of Michigan require, for reasons too lengthy to be herein delineated, the firm opposition of all municipalities in the State of Michigan.

NOW THEREFORE BE IT RESOLVED:

1. That the Common Council of the City of Tecumseh go no record of firmly opposing House Bill 79 which removes control of municipal police departments from the city.

2. That the Common Council of the City of Tecumseh go on record as being firmly opposed to Senate Bill 1025 which removes the matter of pay for fireman from the jurisdiction of the City Council.

3. That the Common Council of the City of Tecumseh go on record as being firmly opposed to Senate Bill 1024 which removes the matter of pay for policemen from the jurisdiction of the City Council.

4. That the Common Council of the City of Tecumseh go on record as being firmly opposed to House Bill 31 which would remove from the taxing power of the city certain properties situate therein and would result in a discriminatory tax assessment.

5. That the Common Council of the City of Tecumseh go on record as being firmly opposed to House Bill 7 which would prevent the use of State highways by common carriers during many weekends of the year.

6. That copies of this Resolution be forwarded to Senator Elmer E. Porter and Representative Rollo Conlin and that a copy hereof be sent to the Michigan Municipal League of Ann Arbor, Michigan.

Motion Kelso and seconded Hamilton the foregoing resolution be adopted. Motion carried unanimously.

The following resolution was offered by Councilman Purkey and seconded by Councilman Schwartz.

WHEREAS this Municipality is in favor of Senate Bill No. 1065 which would permit the establishment of a Special Assessment Revolving Fund.

SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF TECUMSEH PUBLIC SCHOOLS LENAWEE COUNTY, MICHIGAN TO BE HELD MARCH 4, 1957

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please Take Notice that a special election of the qualified electors of said School District will be held in the Lobby of the High School Gymnasium, in the Village of Tecumseh, Michigan, on Monday, March 4, 1957.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M., EASTERN STANDARD TIME.

The following propositions will be submitted to the vote of the electors at said special election:

I. Shall the limitation on the total amount of taxes which may be assessed against all property in Tecumseh Public Schools, Lenawee County, Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by eighty-five hundredths of one per cent (0.85%) (8½ mills) of the assessed valuation, as equalized, of all property in the School District for a period of twenty (20) years, from 1957 to 1976, both inclusive, for the purpose of providing a debt retirement fund to pay the principal and interest on bonds of the School District in the principal amount of not to exceed One Million Nine Hundred Thousand Dollars ($1,900,000) to be issued for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for site purposes?

II. Shall Tecumseh Public Schools, Lenawee County, Michigan, borrow the sum of not to exceed One Million Nine Hundred Thousand Dollars ($1,900,000) and issue its bonds therefor, for the purpose of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for ite purposes?

Each person voting on the proposition to increase the total tax rate limitation must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election.

Each person voting on the proposition of borrowing and issuing the bonds of said School District must be a citizen of the United States, above the age of 21 years, and have resided in the State of Michigan six months, and in the School District 30 days next preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of a qualified voter of the District having property so assessed.

Only persons registered as electors in the township in which they reside are eligible to vote.

I, Willis Moore, Treasurer of Lenawee County, Michigan, hereby certify that, as of February 8, 1957, the records of this Office indicate that the total of all voted increases over and above the tax limitation established by Section 21, Article X of the Constitution of Michigan, in any local units of government affecting the taxable property located in Tecumseh Public Schools, Lenawee County, Michigan, is as follows:

By Lenawee County:	None
By Tecumseh Township:	None
By Franklin Township:	None
By Macon Township:	None
By Raisin Township:	None
By Clinton Township:	None
By Ridgeway Township:	None
By the School District:	13 mills, 1957 to 1966, inclusive
By the former School District No. 1, Ridgeway Township:	13 mills, 1957 to 1967, inclusive

Willis L. Moore
Treasurer
Lenawee County, Michigan

Take Notice that the Board of Education has estimated the total expense of erecting and furnishing additional elementary schoolhouses and additions to existing elementary schoolhouses and to the high school building, and acquiring additional land for site purposes, to be One Million Nine Hundred Thousand Dollars ($1,900,000), all of which it is necessary to raise by borrowing and issuing the bonds of the District.

This Notice is given by order of the Board of Education of Tecumseh Public Schools, Lenawee County, Michigan.

Dr. Vernon Crane Has Returned From England

Dr. Vernon Crane, [illegible] Department of American History at the University of Michigan, has just returned from England where he delivered the Common Wealth lectures at the University of London. His subject was "Benjamin Franklin, Anglo American Relations".

His brother, Professor Ronald Crane, is visiting professor of English at Cornell University for the Spring term. He is Professor Emeritus of the University of Chicago.

Tecumseh friends will be interested in the fact that both of these learned men were born in Tecumseh and were graduated by Tecumseh High School. Vernon is considered the greatest living authority on Benjamin Franklin. His latest book was reviewed in the Herald about two years ago.

What I admire in Columbus is not his having discovered a world, but his having gone to search for it on the faith of an opinion.

You get more to be proud of in a Chevrolet!

You'll take extra pride in the way it looks—the way it acts—and the way it's put together. It's so *sweet, smooth* and *sassy*—and so solidly and finely made.

You'll feel a very special kind of pride the day you park a new Chevrolet in your driveway. It's a beautiful sight to behold.

And when the neighbors drop by to "look 'er over," you'll be prouder than ever. They'll see the fine construction and finishing touches throughout. For instance, they'll feel the extra solidity of Body by Fisher, and they'll see the deeper luster of Chevy's long-lasting *lacquer* paint job.

Stop in and see the car that gives you more to be proud of.

PSALM 140

The right rules of living can always be obtained from the Bible. There is no doubt in my mind but that it is the true guide. The 140th Psalm is a favorite of mine.

"Deliver me, O LORD, from the evil man: preserve me from the violent man;

2 Which imagine mischiefs in their heart; continually are they gathered together for war.

3 They have sharpened their tongues like a serpent; adders' poison is under their lips.

4 Keep me, O LORD, from the hands of the wicked; preserve me from the violent man; who have purposed to overthrow my goings.

5 The proud have hid a snare for me, and cords; they have spread a net by the wayside; they have set gins for me.

6 I said unto the LORD, Thou are my God: hear the voice of my supplications, O LORD.

7 O GOD the Lord, the strength of my salvation, thou hast covered my head in the day of battle.

8 Grant not, O LORD, the desires of the wicked: further not his wicked device; least they exalt themselves.

9 As for the head of those that compass me about, let the mischief of their own lips cover them.

10 Let burning coals fall upon them: let them be cast into the fire; into deep pits, that they rise not up again.

11 Let not an evil speaker be established in the earth: evil shall hunt the violent man to overthrow him.

12 I know that the LORD will maintain the cause of the afflicted, and the right of the poor.

13 Surely the righteous shall give thanks unto thy name: the upright shall dwell in thy presence."

Another favorite of mine is Chapter 23 of Exodus. Herein may be found, "thou shalt not raise a false report: put not thine hand with the wicked to be an unrighteous witness". Closely associated with this paragraph can be found, "keep thee far from a false matter; and the innocent and righteous slay thou not: for I will not justify the wicked".

WARM HEARTS

February 24th upon returning home from church, we found some people with very warm hearts. They were returning from our door to see if our boxer was home. They had a cold wet trembling female boxer wrapped in a blanket in their car. It seems that they had seen her fall through the ice on Red Mill Pond and had saved her with the help of a boat. They were checking all the homes in the area owning boxers to find the owner. I forgot to find out their name but would surely like to know it!

GOOD OLD DAYS

A lady was very kind and brought me a 1939 issue of the Toledo Blade found while cleaning an old cupboard. Among the points of interest are: growing concern over Japanese agression, the pronouncement that control over television signals remains a tough problem, a six tube radio for sale for $9.95 with a free corsage thrown in and a new automobile for sale for $660.00. By the way, the price of the newspaper was .03.

Patterson Home Fair Was Very Sucessful

The first Patterson Home Fair, held at the school on Saturday, March 2, proved more successful than the most optimistic of its supporters had hoped. A check of the tickets showed that approximately 1385 people attended the affair with visitors from fourteen surrounding communities in addition to the hundreds from Tecumseh.

The amount realized from sales totaled $916.11, which will provide the gymnasium with the long-awaited stage curtains. In addition, a committee will be appointed to investigate the possibilities for further improvements. The enthusiasm and hard work of the students, the teachers and the parents of Patterson School will be rewarded.

Miss Baker's third grade students were the proud winners in the ticket sales contest. A party in their honor was held in their room on Monday afternoon. Fair Chairman Mrs. Opal Dickinson and Mrs. Jean Anderson presented an engraved loving cup to display in the room and each child received an individual treat of ice cream and fancy cookies.

Mr. Ray Schlegel, Vice-President of the PTA, presided over the door prize drawing, with the following winners: Coffeematic, Lonnie Stolls; Pen and pencil set, Linda Spooner; Parakeet, donated by Mr. and Mrs. Wayne Pence, won by Mrs. Jean Schroeder; and a large decorated cake, donated by Mrs. Robert Anderson, and won by Kathy Weakly.

Of special interest was the Parcel Post Room where packages from all over the United States were sold. Stephen Illeck was the auctioneer who sold packages from such noted persons as Tennessee Ernie Ford, Dinah Shore, Steve Allen, Governor "Soapy" Williams

Minstrel Show To Be Presented March 22 and 23

The Tecumseh Jaycees are going to present a Minstrel Show March 22 and 23 that is expected to rival their extremely sucessful Womanless Wedding last year for laughs and entertainment.

The cast of characters includes: Interlocutor Jack Puffer; End Men Dermont Poley, Jr., Preston Caswell, Ray Shelton, Robert Murray, Robert Mohr and Don Brazee; Soloisits Duncan Oliphant, Fred Dickinson, Wally Whiting and Jerry LanenKamp; Quartette Duncan Oliphant, Fred Dickinson, Art Schwartz and Al Williams; and the Chorus composed of Dick Beemer, Del King, Bob Laidlaw, Charles Cottle, Mac McCluskey, Dick Kahle, Ed Ferguson, Ray Puffer, Jr., Bill Pace, Steve Illeck, Pete Dermeyer, James Freckelton, Wally Whiting, Fred Dickinson, Al Williams, Art Schwartz, Duncan Oliphant, Joe Conway, Tom Corkery, Jack Osburn, Phil Belleville, Jack Shutt, John Babcock and Merlyn Downing.

Tickets are available from any Jaycee member. Proceeds will go to the Youth Activities Fund. The affair will be held at the Tecumseh Products Union Hall at 8:00 March 22 and 23.

Mail Should Carry Proper Addresses

All mail for patrons of the Tecumseh Post Office must be addresses to street and number or to rural route and number as the case may be, or if the patron has a post office box to that number and not the street address, according to Postmaster Jack Metcalf.

If mail is improperly addressed it is first distributed to the carrier who makes deliveries in the area shown by the address. He must then return it to the post office before it can be properly distributed to the box number thus making a delay in delivery. For efficient service, notify the people who correspond with you of your correct mailing address.

1,184 Voters Went To The Polls

Tecumseh Herald photo

Both propositions passed at the school election Monday by nearly a 3 to 1 vote. Eleven hundred and eighty four persons passed through the polls out of approximately 3106 registered voters.

Proposal I passed with 871 affirmative votes and 306 negative votes. Proposal II passed with 861 affirmative votes and 286 negative votes. A total of 13 ballots were spoiled. Although a record turnout in absolute numbers, in terms of percentage figures, the turnout at the polls was considerably less than at the March 30th election in 1948 when the bond issue carried by nearly a 10 to 1 vote and 843 voters cast their ballot out of approximately 1200 registered voters.

Construction of the approved structures should begin sometime in May or early June.

The request from the Board to the Municipal Finance Commission for permission to borrow has been posted. Advertisements for bids will be published next week with a bid date set for sometime the first week in April.

Construction will consist of a [illegible] room school addition at Tipton, a four room addition to the Ridgeway School, a six classroom addition to the Patterson school, a thirteen room Tecumseh Acres School, a seven room school building in Herrick Park, a new larger cafeteria at the High School and conversion of the present cafeteria into two additional classrooms and enlargements of the shop and homemaking departments, and a two room addition to the Macon School.

Voters stood in a line extending completely around the High School Gymnasium in the late afternoon and evening Monday.

Superintendent McDowell stated that since it was "a Presidential election year, all of the township and school clerks were swamped with registrations and consequently both the township and the school clerks were in error at times and consequently delays resulted while registrations were checked." "It is hoped that a better method may be devised before another school election is held."

The members of the Board of Education and the Superintendent expressed "their appreciation to all who assisted in preparing for this election especially Larry Larson and his staff at the Products for the brochures; the Herald, Telegram and T.P. Broadcast for their cooperation; the Senior Girl Scouts for baby sitting, and the P.T.A.'s for their grand job of getting out the vote by telephone" as well as the many voters who patiently stood in line to vote.

Local Girl Scouts To Observe Service Day

The Seven Service Days of Girl Scout Week will be observed across the nation beginning this Sunday, March 10th and last through Saturday, March 16th.

Girl Scout Week begins with Girl Scout Sunday, followed by Homemaking Day (Monday), Citizenship Day (Tuesday), Health and Safety Day (Wednesday), International Friendship Day (Thursday), Arts and Crafts Day (Friday), and Out-of-Doors Day (Saturday). Each troop was asked to stress the meaning of the particular day on which it meets. March 12th marks the 45th anniversary of the founding of Girl Scouts by Juliette Low who received the inspiration from her very close friends, Lord and Lady Baden-Powell of England. The membership now stands at two and three-quarter millions.

On Sunday, the Brownies, Intermediate Girl Scouts and Senior Scouts will be encouraged to attend their own church service. It is hoped that the ministers will direct two or three minutes of their sermons to the value of the Girl Scout program in the community. The girls are asked to appear in their uniforms, if possible. The wearing of the brown and green will be very popular throughout the week because the girls may wear their uniforms at all times during these special days.

In Tecumseh, the membership has grown from the few to the many ranging in age from eight years to sixteen plus and numbering more than three hundred. This year there are twenty-five troops with equally as many organizations acting as sponsors. Over one hundred adults act as leaders, assistant leaders, committee-members and officers. The churches, schools and homes have opened their doors for the troop meetings and several meet in the scout cabin. Mrs. Howard Truesdale is president of the Tecumseh Girl Scout Association this year. All work is done by the adults on a volunteer basis in Tecumseh.

All registered scouts pay tribute to their founder's birthday on October 31st by giving one penny for each year that they are old to the Juliette Low World Friendship Fund on Thinking Day which is February 22nd. At present they may contribute to the Juliette Low Birthplace Fund which is being used for the restoration of her

An Extension Group Open House Is Planned

The Tri-Town Extension group is planning an Open House March 11 at 7:30 p.m. in the V.F.W. Hall for anyone interested in becoming familiar with extension work. Miss Faye Nichols, home demonstration agent from Adrian, will be the guest speaker for the evening and will discuss the goals of the extension service and the opportunities it offers to homemakers.

There will be a display of extension projects including various handicrafts and lessons studied. It is hoped that enough interest will be shown by those attending so that Miss Nichols can make arrangements for forming new extension groups.

Flying Club Meeting

There will be a second meeting at the Tecumseh Airport, Sunday, March 10, at 2:30 p.m., for those interested in forming a Tecumseh Flying club. Twelve to thirteen persons attended the meeting last Sunday. The group is hoping this current meeting will be well attended so that rapid progress can be made in forming the organization.

The City Manager Made His Report Monday Evening

City Manager E. J. Nelson made his report to the City Council at the regular meeting March 4. He reported that he talked to Charles Ireland regarding the City purchasing the property that was a former gravel pit to use as a storm sewer. Mr. Ireland is asking $3,500 for the property which in Mr. Nelsons opinion is too high. However, he pointed out that only a small amount of storm sewer could be built for that sum of money. The manager talked with the County Drain Commissioner regarding the use of the pit to drain water into and the county commissioner had no objections. The storm sewers are completed on the highway north of Burt street.

It was reported that the bottom was dropping out of several streets.

The new Fire truck has arrived and the building will not hold the three units. Mr. Nelson suggested either building an addition onto the south side of the present building or a small addition onto the back of the present building. He prefered the first suggestion.

Sunset Road, Pine and Cairns streets have been in a bad condition because the water has no place to drain. Mr. Shutt would like this

Service Clubs May Sponsor Little League Baseball

The Tecumseh Exchange Club, the Junior Chamber of Commerce, Kiwanis Club and the Rotary Club have recently been or will be approached with the idea of sponsoring a Little League baseball program this summer. Tecumseh high school coach Bob Breniff would be in charge of the program.

Such a program would have a 4 team league which would play twice a week. (if possible Britton and Clinton would each be approached to have a team, making a 6 team league.) Fourteen games would be played by each team during the season.

Boys between the ages of eight and twelve who are residents of Tecumseh would be eligible to play.

There would also be a B League, which would be composed of boys who didn't make the Little League. These boys would also play fourteen games but would not have uniforms.

A Little League Board composed of one member from each sponsoring organization, the athletic director and one member of the recreation board would be formed. This board would have various duties including rule violation cases, promoting boys from the B League and general problems concerning the league.

Each organization sponsoring a

Word Day Of Prayer Services Are Friday

On the first Friday in Lent praying Christians unite in a service of prayer, praise and song. Last year there were 134 countries which united with this project.

The services for World Day of Prayer for this community will be held Friday afternoon, at the Tecumseh Friends Church at 2:30. In addition to the regular program, there will be a filmstrip, "While Earth Rolls Onward Into Light," to show the great sweep and flow of Prayer and Praise, as the earth turns on World Day of Prayer. The film will also show some of the projects which are benefited by the World Day of Prayer offering.

"Come, let us worship to-gether, saith the Lord".

Council Considered Routine Business Mon.

Mr. Wayne Pence was present at the Monday evening meeting of City Council and presented the proposed plans for an addition to the Scout Cabin.

The addition would more than double the capacity of the building with double sliding doors in the center, making the building large enough so it could be used as a community center. The cost will be about $3800. The Council approved the plans. Money for the structure will be raised by subscription and donations.

The plat of the Waskin Subdivision was presented and was found to have several irregularities. Dr. Waskin was present and stated his desire to have the corrections made as soon as possible so that work wouldn't be delayed any longer. The revised plat was approved subject to the final inspection and approval of the City Attorney.

An ordinance was presented stating that on all plats filed in the City, there should be a flat $25.00 fee charged.

Another ordinance was presented to give adequate protection on building standards. Effective April 1, 1957, all standards of the Federal Housing Administration will be inforced and a building fee of $5.00 for the first thousand dollars and $1.00 for each additional thousand dollars will be charged.

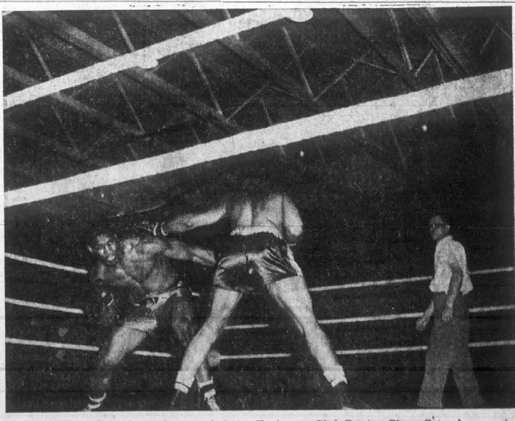
A petition from the business people on the south side of Chicago Blvd. between Evans and Ottawa Street was received asking that proper drainage and hard-surfacing work be done in the alley behind their stores to make excess to the parking lot more convenient. The petition was acknowledged and the City Manager was instructed to secure bids on the job to find out the cost which would probably be met jointly by the city and owners of the stores.

e/

A letter was read from Charles Hensen asking that city pay part of the repair job to his car caused by hitting stones in the street. It was referred to the City Attorney.

The City Managers report was read and approved. There was considerable discussion regarding a place to house the additional fire truck. An addition on the rear or the south side of the present hall was discussed. The City Manager was instructed to find out the cost of such an addition.

It was agreed to have the downspouts checked in the residential areas, to see which ones were draining into the sanitary sewer. An ordinance prohibits draining down-spouts into sanitary sewers.



Approximately 500 people attended the Exchange Club Boxing Show Saturday evening. Participants were members of the Southern Michigan Prison Boxing Team under the direction of Recreation Director Bud Riker. Profits, which are estimated at $400, will go to Youth Activities in Tecumseh such as Little League Baseball, the Scout Cabin or toward the support of a boy to Boys State.

Music Club To Present Concert Sunday Afternoon

A concert will be presented by the Tecumseh Music Club Sunday afternoon in the Baptist Youth House at 3 p.m. Two guest artists will be present, beside some local talent. Community singing will be directed by Mr. Leslie Bennett. Patricia Ryan, of the Adrian College will be the vocal solist, and Ronald Rhees of Manchester, who was a pupil of Mischa Kotler of Detroit, will be the pianist.

The public is cordially invited to attend this fine afternoon of music. Refreshments will be served at the conclusion of the program.

Wit And Wisdom Club Met Monday At Wickwire Home

Mrs. Earl Wickwire and daughter, Marjorie, assisted by Mr. and Mrs. Ellsworth Collins, entertained the Wit and Wisdom Club Monday evening at the Wickwire home. Mrs. Herbert Munger presided at a short business meeting during which she appointed two committees: one to make arrangements for the May banquet and a nominating committee headed by Mrs. Hoyt Whelan to report at the April meeting.

Mr. Collins, in charge of the program, then introduced the Rev. B. O. Bashore, who spoke in his capacity as Lenawee County Chairman of Civil Defense. He impressed and rather surprised his audience with the completeness and detail of the program which has been set up in the county to cope with disasters, either military or natural. He especially emphasized the part of the individual in such an event as well as every-day precautions that should be taken. He also said that in the near future more adequate publicity will be given these official preparations.

Mr. and Mrs. Munger will be hosts to the club in April when new officers will be elected.

Exchange Club Had Reg. Meet. Wed. Evening

The Exchange Club met in regular session Wednesday evening with president Wallace Whiting presiding.

Jack Metcalf was in charge of the program for the evening. He presented Mrs. Truman Rentschler and Troop 11 of the Senior Girl Scouts. The program was in three parts; the first of which was a pantomime of the record "Eloise", the second, was three numbers sung by Miss Jackie Rucker, who was chosen by the Lenawee Federated Womens Club to go to Interlochen for two weeks. Dennis McKenzie acompanied Miss Rucker. The third part was "A History of Dance", narrater by Olive Grace. The girls attempted to show the importance of dancing down through the ages. Demonstrations of dancing steps were presented by each of the following girls: Diane Socks, the waltz; Barbara Crowell, the polka; Carolyn LaLonde, Charleston; Norma Jewell, the Bunny hop; and Joyce Wilbar the chicken. The program ended with the girls trying to justify the current dancing rage, 'The Chicken". They pointed out that down through history, each generation has had some popular dancing sensation which was considered shocking for its time.

Rotary Club Heard Address By Rev. Bashore

The Tecumseh Rotary Club voted to send a boy to Boys State again this year at its meeting Tuesday night. James McDowell, president, presided at the meeting.

District Governor Ralph Lynn was present and told of plans and the program arranged for the District Convention to be held March 17-18 at Dearborn.

Gail Fisher was in charge of the program for the evening and presented Rev. Blair Bashore who gave an interesting and educational talk on Civilian Defense in Lenawee County. Rev. Bashore is Civilian Defense Director. He said the things to worry about in this area are storms, fires, floods, etc. The chief function of the county unit is to take care of people from disaster areas in nearby cities and to educate people on how to take care of themselves in time of disaster.

Robert French will be in charge of next weeks program. Rural-Urban Night will be April 2.

LAUNDROMAT
WITH REVOLVING AGITATOR THAT PASSES THE SAND TEST

The test: On "live" TV, 2 cups of sand representing heavy oil are dumped on towels in three well-known center-post agitator washers and in a Revolving Agitator Laundromat. After all complete their cycles, center-post machines leave towels and washers in a sandy mess. Laundromat leaves not a grain of sand in towels or washer.

HERE'S WHY THE LAUNDROMAT IS BEST . . .

Washes Cleaner! There's no old-fashioned center-post. Clothes go inside Revolving Agitator which lifts and plunges them 50 times a minute.

Rinses Better! Revolving Agitator lifts clothes while soil and dirty water drain away from them. Center-post machines strain it all back through them.

Cleans Itself! Because of its patented design, the Laundromat cleans clothes ,then cleans itself—automatically! All sand, scum, lint go down the drain.

a bow tie), Ralph Edwards, Mayor Cobo, Perry Como, the United Nations and many others.

The section of the hall allotted to young fry entertainment enjoyed great popularity. Approximately 1600 tickets of various prices were sold for the Fish pond and at least 460 children saw the movies.

One of the many heart-warming incidents at the Fair was the purchase of the aquarium with tropical fish by Mr. McDowell, Superintendent of Schools, on behalf of the School Board for presentation to Patterson School. The aquarium was donated to the Sun Room by Mr. and Mrs. Garth Hall.

Patterson School PTA expressed its deep gratitude to the public who supported this large project with its presence, its purchases and its friendliness. Mrs. F. M. Dickinson, Jr., General Chairman, is to be highly commended for her efficient job of coordinating all the committee's efforts and for maintaining the spirit of good will which was evident throughout. Committee chairmen cooperated to the fullest in preparing and handling their booth assignments and to them goes great appreciation. The Chairmen were: Tickets, Mrs. Betty Kempf; Pantry, Mrs. John Surratt; Sun Room, Mrs. Jack Metcalf; Den, Mr. and Mrs. Gibbs Barber; Linen, Mrs. Jane Andrews; Post Office, Roy Beasley; Aprons, Mrs. Don Purkey; Tot Shop, Mrs. Ray Schlegel; Check Room, J. D. Cook; Sweets, Mrs. Barney Fero; Movies, Orville Bishop; Snack Bar, Mrs. Byron Goodman; Rumpus Room, and Fish Pond, Stephen Illeck; Sewing Room, Sixth Grade Girls, with Mrs. Anderson and Mrs. Dickinson; Publicity, Mrs. Barney Fero. Boys of the Sixth Grade were very helpful in the check room, running errands and general assistance.

Special thanks were expressed by the Fair Committee to all the helpers who gave so much time and effort to make the Fair the success that it was; to everyone who made donations to the various booths; to Miss Pat O'Brien, of the school office staff, for her invaluable help with the necessary paper work; to Henry Young, custodian, for his cheerful assistance; to the teachers and to the school children for their infectious enthusiasm and to the Herald staff for their fine cooperation with the publicity chairman.

to be known as the home of Girl Scouting with the latch string out to all Girl Scouts and their families when visiting in historical Savannah.

The primary purpose of scouting is to teach the girls the value of developing their talents and skills in order to meet situations along life's way in a sensible and spiritual manner, therefore, their motto is "Be Prepared".

The hand-work of the Brownies and Girl Scouts will be displayed in the windows of a business house all week under the direction of Mrs. Howard Morris and Mrs. Ernest Hammack.

Rebekah Lodge Heard Talk By Helen Gray

The Rebekah Lodge met Friday evening with the noble grand, Mrs. Jesse Nichols, presiding. Helen Gray, of Ypsilanti, president of the Rebekah Assembly of Michigan, was present and gave a very interesting and informative talk. Other out-of-town guests were Gale Rhinehart of Hudson, a member of the Youth Club of the jurisdiction of Michigan, Gladys Cazier of Ypsilanti, past president and one from Dundee.

It was announced that the District Memorial meeting will be held in Tecumseh, May 19. After the meeting, refreshments were served in the St. Patrick's Day theme in honor of the March birthdays of Arlie Becker, Margaret Southwell and Alice Collum. The meeting of the Past Noble Grands will be held at the home of Mary Ferguson March 13 instead of the usual date on March 12.

Third Annual Square Dance Review Presented

The third annual Square Dance review given by the fifth and sixthe grades of the Patterson and Central Schools presented these numbers on the program: "The Old Pine Tree", "Alabama Jubilee", "Comin' Round the Mountain", "Turkey in the Straw", "Red Wing", "Ocean Wave", "Marching Thru' Georgia", "I Want a Girl", and the "Virginia Reel". Michael Cook announced the program at the Patterson School, on Thursday and Gail DeMass at the Central Building on Friday afternoon.

After the demonstration, the trophies were awarded to the Patterson children who were winners of the poster contest, by Mr. Gillam. For the fifth grade Michelle Anderson and Susan Whitney were the winners. Mary Ann Mead and Jan Val Valkenburg were the winners for the sixth grade.

Grade School News

SUTTON SCHOOL NEWS

First and second — Mrs. Leonard

We have been drawing large figures of our community helpers for Social Studies.

We made soap carvings of circus animals.

A large valentine tree decorated our room for February. Hearts were hung on the tree on which the children's pictures had been put. These were given to their mothers.

We drew portraits of each other in Mr. Hicherson's art class.

COLVIN SCHOOL NEWS

Second — Mrs. Renfro

Debbie Black has just returned from a trip to Florida. She brought us an interesting collection of shells, some snow-white sand, Georgia red-clay, and some cotton for our Science Corner.

We are glad to have Tommy Brown come to our school. He was a second-grader at Central School.

We have "Talking Time" every Monday. It is fun to tell about the things we do over the week-end.

We are planning a trip to the library next week.

TIPTON SCHOOL NEWS

First and Second — Miss Whelan

Spring is about here and those few warm days we had last week put us all in a mood to study about spring. We decided spring just couldn't be without having kites, so now our room is nearly flying with its many pretty colored kites.

We have been studying about brothers and sisters and ways we can help our mamas take care of them. We made a poster from cut-out baby pictures, which could be our brothers and sisters.

We have been talking about community helpers and how we can be a help in our community. This week we are finishing it by making a policeman out of stuffed paper bags and crepe paper. We are going to let him stand in our room to remind us to watch for traffic while crossing the road.

The first grade have been studying about good healthy breakfasts and are now keeping a chart on who eats a good breakfast before they come to school.

Miss Whelan went to the library and brought some good books back for us. After we finished all we had, we exchanged them for some Miss Whelan's sister had gotten for her children in Ridgeway.

We still have a few out with measles but most of us are back now, just filled with spring fever.

RIDGEWAY SCHOOL NEWS

Kindergarten — Mrs. Holtz

The boys and girls in Mrs. Holtz's kindergarten at Ridgeway School have learned many things so far this year. Our main interest now is learning to print our own names in manuscript printing. The first letters of our names are capitalized, and all other letters are printed in the lower case. When a child can print his name in this way, he will print his own name on his KINDERGRAPH workbook.

The morning section of kindergarten has lost two classmates and gained one in the two weeks. Joe Bryan and Allen Roper have moved away, and Carolyn Cook has joined the class since she moved in near Holloway.

The afternoon section will be joined March 11 by Dianna Schroeder, who is moving to Ridgeway.

First and Second — Miss Whelan

Miss Whelan's first and second grade have been talking about some winter birds and their habits. Michael Linn brought in a tiny nest that we think belonged to a chipping sparrow.

Five people in our room have had birthdays recently. They are John Spreeman, Nancy Marks, Patricia Fultze, Francis Bird, and Janie Martinez.

We are quite interested in learning to march. We have a "rythm band" with lots of instruments that make a lot of noise.

MY PET CAT

Linda Sue Tilton

Her name is Blackie. She catches mice and they are all alive. She plays with them and then she eats them.

MY NEW PET

John Anderson

I have not had my new dog long but I have taught him to stand on his hind legs. His name is Lucky.

MY POLICE DOG

Susan McKee

His name is Candy. He can carry things. He likes children.

OUR PUPPY

Thomas Gallant

Brenda and I go out to see our puppy every morning. When we go to school Lassie follows us out to the road. We go across and Lassie stays there.

MY DOG

Philip Van Valkenburg

I have a dog that can do tricks with me.

SIGNS OF SPRING

We have two new baby lambs.

Michael Jackson

I saw many flies in our school window.

Carl Brighton

I saw a bumble bee at home.

John Anderson

I saw a robin building a nest.

Girl Scouts To Sell Cookies Next Week

During Girl Scout Week, the four troops of Senior Scouts will be the only ones selling Girl Scout Cookies. There is no restriction on orders taken in advance as far as territory is concerned before Monday but beginning on March 11th each troop will be confined to the section of the city of Tecumseh assigned to it. These Senior Scouts will visit your neighborhood with sandwich creams and mint thins this year at a nominal price. The Tecumseh Girl Scout Association hopes that the general public will welcome this visit with interest and courtesy because the profits from the sales of these cookies will be used for worthwhile projects by the girls.

Troop No. 7 under the leadership of Mrs. Julius Vincze will sell in the northwest section; Troop No. 9 with Mrs. John Cameron as leader will cover the northeast; Troop No. 11 with Mrs. T. Rentschler will have the southeast; and Troop No. 5 with Mrs. Victor Lawson is assigned to the southwest. Chicago Boulevard is the dividing line north and south while North Union and Adrian streets will divide the city east and west. The Senior Scouts will concentrate their efforts in the residential areas the fore part of the week and then, if the supply holds out, they will sell in public places on Friday and Saturday. Each troop will receive profits only on what it sells. Girl Scout cookies will not be sold again this year.

Saturday, March 16th, the Senior Scouts will send representatives to sell cookies at Field's Store in Jackson as their part in helping Hope School there which is for retarded children. Jackie Rucker is chairman of the Jackson project for that day.

New Store Will Soon Open Here

A new store will open soon in Tecumseh. It will be known as Rushia's and will handle infants, toddlers and ladies wear. The location will be 131 E. Chicago Blvd., the building formerly occupied by Lenawee Surplus. The building has been remodelled and is nearly ready for the opening. Mrs. Larry Coscarelli is the proprietor.

February Police Report Made Mon.

During February, Police department reported 16 accidents investigated, 21 complaints received, 25 traffic summons issued, 10 meter violations, 4 arrests, and 5 liquor inspections.

Revenue in the following amounts was collected: traffic fines and costs $198.70, meter violations $9.50, meter collections $393.50 for a total of $601.70.

Former Tecumseh People Aboard Disabled Plane

Col. John Anderson and his wife, U. S. Army retired of Texas, were aboard the American Airlines DC-7, in flight from New York to Dallas, Texas, Tuesday, when the runaway propellor tore the roof off the plane. The plane was cruising at 335 mph when the accident occurred. The accident happened over Tenn., the damaged craft landed at Memphis.

Col. Anderson is the son of Mrs. R. K. Anderson of Tecumseh. He called his mother to report they were O.K.

St. Peter's Guild Met For Dessert Card Party Thurs.

The St. Peter's Guild met at the home of Mrs. Thomas O'Hara last Thursday for a dessert card party in place of thier regular meeting. Hostesses for the luncheon at 1:30 p.m. were Mrs. Lloyd Rhein, Mrs. Clarence Brock and Mrs. O'Hara. There were five tables of bridge and one of canasta. Winners at bridge were Mrs. Russell Carey, Mrs. Herbert Newman and Mrs. Carlos Jones. Jane Wray won at Canasta. The next meeting will be held at the Parish House after the Lenten luncheon and service on March 14.

Dr. C. E. DeVol To Speak At Friends Church

Dr. Charles E. DeVol, a minister of the Friends Church who has spent many years in missionary service in China and who is under appointment for missionary service in Formosa, will be the speaker at the Tecumseh Friends Church on Sunday evening at 7:30 p.m.

Dr. DeVol was born in China. His parents were medical missionaries. He was educated in the United States and graduated from Marion College, Marion, Ind. He holds the degree of doctor of philosophy granted by Indiana University. During the latter part of his stay in China, he was interned in a Japanese internment camp in Shanghai. His brother, Dr. W. E. DeVol also a former missionary to China, is now serving as a medical missionary at the American Friends Mission in Chhatarpur, Central India. Dr. Charles Devol and his wife plan to leave for Formosa in April. In all probability, this will be their last visit to Tecumseh prior to leaving for the orient. The public is cordially invited to hear Dr. DeVol.

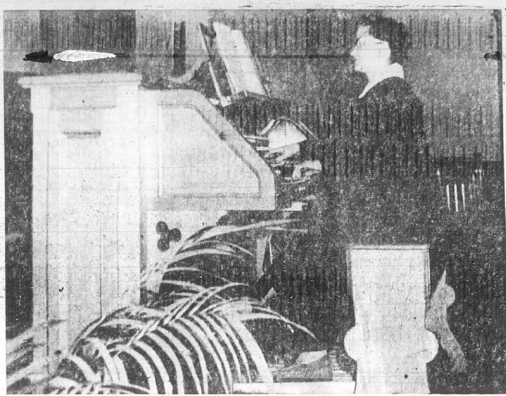
Christian Science Sunday Service

Permanent health and happiness — gained through the spiritual understanding of man's true relationship to God — will be dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon on "Man" is the Golden Text from Romans 8:16): "The Spirit itself beareth witness with our spirit, that we are the children of God."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (243:-32-3): "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error."

Matthew's account of Christ Jesus' healing of the man "sick of the palsy, lying on a bed" (Matthew 9:2-8) will be included in the readings from the King James Version of the Bible.



Mrs. Kenton Hunt, organist at the Tecumseh Methodist Church, is shown playing the new pipe organ recently installed. The organ was played for the first time in Tecumseh at the recital Sunday.

Organ Recital At Methodist Church A Success

The Organ recital which was held at the Tecumseh Methodist church last Sunday was an enjoyable success. The program featured Dr. F. Dedleigh Vernor on the new pipe organ. Dr. Vernor is the organist-director of the Metropolitan Methodist Church in Detroit. Two hundred and fifty people attended the Recital from the surrounding area.

The program consisted of: Prelude and Fugue in C Minor—Bach, Tuba Tune in D Major—Lang, Sonata in G Minor—Becker, Prelude—Improvisation — Choveaux, Fountain Reverie—Fletcher, Allegretto—Guilmant, Chinese Boy and Bamboo Flute—Spencer, Fantasie on the Hymn Tune "St. Clement" — McKinley, Improvisation on "He Leadeth Me"—Thompson, Toccala—Bonset. Dr. Vernor played Sweet Heart of Sigma Chi, a tune which he wrote, for his encore.

Circle 7 Met Tuesday Evening In Sisson Home

Circle 7 of the Presbyterian Church met Tuesday evening at the home of Mrs. William Sisson. Mrs. Wilbur Boyce presided at the business meeting in the absence of the president.

Plans were made for serving the Business and Professional Women's dinner on March 25. Mrs. Stanley Kruse and Mrs. Albert Bagshaw were appointed as a ways and means committee. Devotions were led by Mrs. Walter Morden and the program, "Why Should Christians Be Concerned About The United Nations?" was presented by Circle 3.

Refreshments were served by the hostess assisted by Mrs. Donald Parrett, and Mrs. Harold Kempf. The April meeting will be held at the home of Mrs. Donald Ketteman.

Dedication Held For Meeting Delegates Mon.

The Mens Council of the Presbyterian church will sponsor a family spaghetti supper Monday, March 11, at 6 p.m. in the Fellowship Center. A short program of dedication for the men who plan to represent Tecumseh at the National Council of Presbyterian Mens 9th Annual meeting in Chicago will follow the dinner.

The spaghetti, which will be supplied by the Quaker Oats Co. through its manager, Donald Nixon, will be prepared by Don Smith of Don's Grill. The proceeds or any contributions received will be used toward meeting the expenses of delegates who will attend the Chicago meeting. Those planning to attend are Lloyd Wescott, Dave Watson, Herbert Maynard, Harold Hammel, Merlow Milosh, William Frownfelder, Harry Spencer, Al Williams, John Saling, David Van Winkle, who is at present a student at McCormick Seminary in Chicago, Charles Cottle, and Robert Ries. They will hear talks by outstanding Christian leaders and discussion around the theme, "I am not Ashamed" from Romans 1:16.

Presb. Circles 1 and 3 Met Tues.

Miss Alice Hopkins presented the program, "What does the United Nations Do?" for the Presbyterian Circles 1 and 3 Tuesday evening and will present the same program for the remaining circles at their April meetings. It was stated in error last week that these Circles would have the program "Why Should Christians Be Concerned with the United Nations?" as did the other circles.

The strength of faith—a parental bequest no money can give

Something so priceless you give it away

Art Linkletter, famous TV personality, tells this story about faith. A little boy, busy with crayon and sketchbook, was asked what he was drawing.

"*Just a picture of God,*" said the boy casually.

"*Nobody knows how He looks,*" said Linkletter.

"*They will,*" replied the boy, "*when I get through.*"

What he lacked in ability, that boy made up in faith. The faith of children, once firmly founded, is a lasting faith. This is why it's vitally important that parents start early to give their children a faith to live by.

Only *you* can do this job as well as it must be done. No other provision you make for your family will *ever* take its place.

Worship together this week, *every* week, at your church or synagogue for a happier, more satisfying life all year long. Perhaps you don't know what God "looks" like now . . . but you *will* . . . when you get through.

Build a stronger, richer life...worship together this week

Tipton Lalapa Losers Engaged In A Contest

The weekly meeting of the Tipton Lalapa Losers (TOPS) was held Wednesday, Feb. 27th at Jean Smith's. They are engaged in a contest with the Sand Creek Topspots. On March 6th, a similar contest begins with the Britton Trim Tops.

Mrs. E. W. Bell of Onsted conducted an interesting discussion on weight control, comparing TOPS to the A. A.'s. She advocated living for today instead of a long range reducing plan which to most people is highly discouraging.

Chest X-Rays To Be Given By Health Dept.

The Lenawee County Health Department, the Lenawee County Medical Society, and the Michigan Tuberculosis Association today warned Lenawee citizens that tuberculosis is a communicable disease which plays no favorites.

Urging 100 per cent participation in the community X-ray survey that begins in Morenci, March 11, Dr. Roger Hanna, Lenawee health director stated, "The one person—your friend, a member of your family, the man you work with, or yourself—who doesn't get a chest X-ray may be the one who needs it the most."

An X-ray unit of the state health department is completing a survey of Lenawee County industries and will begin to X-ray other people in the communities on March 11. The X-rays are free, paid for by taxes. Organization and promotion are a service of Christmas Seal funds.

"Lenawee County is in the high incidence area of Michigan. Last year, almost 50 cases were found," Werle said. "It's up to everyone to get a chest X-ray, and to urge their family, friends, and neighbors to have one. That's the only way Lenawee County can lick tuberculosis. That's the only way everyone will be safe."

The X-rays require only a minute. It is not necessary to undress. The public schedule follows: Friday March 22, Tipton 10:00 a.m. to 4:00 p.m., Madison Township at the Madison School for the public, Tuesday April 2 from 10:00 in the morning until 4:00 in the afternoon and in Adrian on the following dates, April 2, 3, 4, 5, 8, 9, 10, 11 12. The Mobile unit will be located downtown and will be open from 10:00 a.m. to 6:00 p.m.

Pack 73 Committee Works Out Plans For Pack Meeting

The committee meeting for Pack 73 was held Monday evening at the home of Mr. and Mrs. Stanley Kruse. The Den Mothers meeting was held that same morning in the home of Mrs. Jack Smith.

Both meetings consisted of the working out of plans for the March Pack meeting which will be held the 18th beginning promptly at 7 p.m. The time has been changed because of the lateness of the hour that Cubs were arriving home after the meetings. It is hoped that members will make note of this time change and be prompt so that the effort will be worth while on the part of the leaders. The Indian theme promises to hold a lot of interest for Cubs and their parents for this meeting.

The next Den Mothers meeting will be held at the home of Mrs. Lowell Wise on Brown St. April 1 at 10 a.m. and the Pack Committee meeting in the evening at the home of Mrs. Neal Brazee at 7:30 p.m.

Mr. and Mrs. Ray Harrison and family of Wayne were guests in the home of Mr. and Mrs. Harry Cregar Sunday.

Week-end guests at the home of Harold Koons and family of West Chicago Blvd. were Mr. and Mrs. Wilbur Koons and son Kenneth of Saline, Mr. and Mrs. Wilbur Koons, Jr. and daughters, Rose, Ruby and Donna Marie of Ypsilanti. Out of town guests were Mr. and Mrs. Darrell Brenneman and sons, Gary and Johnny of Livonia and Mr. and Mrs. Jack Brenneman and daughter Kathy and son Danny of Detroit. The guests were gathered to celebrate Danny's ninth birthday.

Mr. and Mrs. Charles Howe in the company of Mr. and Mrs. Ed Nelson are leaving Saturday for a tour of the state of Florida.

Those attending the Sunday School Conference in Cleveland at Malone College from the Friends church were Mrs. Perry Hayden, Mrs. Percy Slater, and Mrs. Richard Woodcox. Mrs. Edward Escolme accompanied the group and visited her daughter, Beppy and family, of that city.

Mr. and Mrs. Edward Boss returned to their home here Tuesday after a short stay in St. Petersburg, Florida.

The number of Robert Gillespie's room in the University Hospital is 4 East rather than 40 E as stated last week.

Promotions Can Hardly Keep Up

Specialist third class Edward M. DeLisle son of Mr. and Mrs. E. W. DeLisle of rural route 1 Tecumseh has been doing so well in the Army that his promotions can hardly keep up with him. We stated in last weeks Herald that he had recently been promoted to PFC but the fact is that he received his second promotion in January and his rating is Specialist Third Class.

Boysville Starts Tournament Play

On Wednesday night the Boysville team came up against some tough competition when they meet the Summerfield High hoopsters at the Adrian Gymnasium at 9:00. This was one of the games scheduled in the Adrian Tournament.

Although the results aren't known at present, the Knights should come out on top if everyone is in form. Victory would mean a meeting between the winner of the first game of Wednesday's activity.

Britton Tories Won League Honors By Defeating Ida

The Britton Tories defeated Ida 49 to 37 Friday night to win first place in the Tri-County League. They finished with a 13-3 overall record and an 8-2 league record. The Tory reserves lost by the score of 55 to 35.

Twenty-five successful free throws out of 43 attempts helped put the Tories in the winners circle. However, they were able to chalk up only 12 field goals. Ida scored on 16 field goals but on only 5 free throws.

Britton, after a slow start, led at the end of the first quarter 13 to 6. The Tories and Bluestreaks matched points in the second quarter and tallied 10 each. In the fourth quarter, Ida tied the score at 27 all with only 3 minutes remaining. Shortly thereafter the Bluestreaks took the lead, 29-28, when Bob Beyman scored on a field goal. Britton then started to drive and widened the margin to a 36 to 29 lead at the end of the quarter. The Tories added 13 to their total in the last quarter while Ida had to content itself with 8 points and a 49 to 37 loss. The loss gave the Bluestreaks a two-way tie for third place with Catholic Central and removed them from a second place tie.

Karl Kimerer and Jim Kniffen each tallied 12 points for the Tories. McClue scored 11 points and Benedict scored 10. Tom Geyman scored 9 points for Ida while Paul Yarger and Tom Monaghan scored 8 each.

ARMS STORY

Some years ago, when modern super weapons were largely in the blueprint and research stage of development, it was felt that they might substantially cut the costs of providing an adequate national defense. That feeling was based on the theory that the new weapons would be so powerful that a comparatively small number of them would be sufficient, and that a permanent arsenal could be created requiring a minimum of manpower and upkeep.

This was a pleasant prospect. Unhappily, however, it hasn't happened — and, so far as anyone can see now, it isn't going to happen.

U.S. News & World Report tells the present-day arms story in its issue of February 15. And it is a story of "a fantastic rise" in costs.

The article starts out with the case of the B-36—the great intercontinental bomber which was the backbone of our defense for the eight-year 1948-56 period. This was a marvelously potent weapon, with a 10,000-mile range and an overall performance beyond that of any known comparable plane. We built 383 of these machines, and the cost, including spare parts and engines and other needs, came to $2,589,600,000.

Today this bomber is virtually obsolete. U.S. News says that it ". . . . is being scrapped, taken out of service as fast as replacements can be built." A few will be used for atomic-engine experiments. The rest will soon be good only for salvage.

Its place is being taken by the all-jet B-12—a far superior machine on all counts. These cost $8 million each—more than twice the cost of a B-36. And it is likely, before many years go by, that the B-52 will grow obsolete and worthless in turn.

The point is, the magazine continues, that in past eras weapons normally lasted as long as 20 years. When changes came they usually amounted to modifications only. Now weapons rarely last as long as 10 years, and radical new types take over.

All kinds of examples can be cited. The F-86 jet, costing $250,000, was the mechanical hero of the Korean War. It is being replaced by a new $640,000 model. When World War II ended, we had a great fleet of $90 million aircraft carriers. But they too are going into retirement. The new supercarriers, such as the Forrestal, cost $200 million. And coming types, atomically-driven, will carry a much higher price tag.

Intense work is being done on missiles, to take the place of certain present weapons used by all three of the forces. These missiles will soon be in large-scale production, and they are almost unbelievably costly—several times as costly, in every case, as the weapons they will replace.

U.S. News covers the general situation in these words: "What's happening . . . is a major speed-up of the rate at which weapons become obsolete, with nearly every new weapon involving a basic change that increases costs in rising progression over the cost of the weapon replaced. There is, moreover, no apparent end to this revolution in weapons anywhere in sight." This is one of the grimmer facts of life in a world which seems to have embarked on an arms race tha knows no limits. U.S. News sums up by saying: "The result is a record for peacetime spending for defense, planned at $38 billion for military outlays alone in the year ahead."

INCOME TAX FACTS No. 7

Not All Income is Taxable

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Michigan Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

Taxpayers make more mistakes in listing their income than any other type of error, according to a survey made by the Internal Revenue Service. It is important to know what to include and what NOT to include. Look at this list and see if you can tell which should be listed on a tax return:

Dividends from an insurance policy
Social Security Benefits
Gifts
Payments received under Workmen's Compensation laws

The answer is that NONE of the above should be listed as taxable income. There are other forms of exempt income, too, which you will find listed in the official instruction book. Some of them are:

Inheritances and bequests (the estate may be taxed but not the recipient)
Railroad Retirement Act benefits
Certain health and accident benefits
Damages awarded by a court or paid out of court for personal injuries
Government payments and benefits to veterans and their families, except nondisability retirement pay and interest on terminal leave bonds.

How Prizes Are Taxed

If you won a prize, watch this fine distinction: the prize is taxable if you were required to exert even the slightest effort to earn it; on the other hand, if it was made in recognition of scientific, literary or other achievement you would have performed anyway, the prize is considered a gift and you are not taxed on it.

Most scholarships and fellowships are exempt unless they are paid as compensation for services, such as teaching and research. Another point to remember in connection with scholarships: in figuring support for a dependent you do not have to count scholarships received by a student.

Some income, such as limited amounts of "sick pay" and the first $50 of certain dividends, must be explained in the tax return, but are not taxed.

If you have an annuity from life insurance, pension plan or other source, the portion which you may receive tax-free depends on your life expectancy and the amount you paid for the annuity. The Internal Revenue Service will furnish actuarial tables upon request to help you figure this out.

Anyone who owns stock needs to know about the dividend exclusion and credit. This applies only to dividends from corporations which are subject to United States corporation income tax and does not include dividends from savings and loan associations, credit unions or foreign corporations.

Your first $50 of qualified dividends is tax free. Husband and wife are each entitled to exclude the first $50 for dividends on stocks that each owns.

If you received dividends beyond this amount, you are entitled to a "dividends received credit". This credit is 4% of the remaining dividends, but it cannot be more than 4% of your taxable income, or more than the amount of tax otherwise due. The credit is not just a deduction from your taxable income — it is actually subtracted from your tax.

For example, if you received $550 in dividends, you can exclude $50 from your taxable income, and subtract 4% of $500 — or $20 — from the tax you would otherwise pay. The last page of the tax form provides a schedule for figuring the amount of your credit.

The instruction book which comes with your tax forms gives further information. Help is also available by telephone or at offices of the Internal Revenue Service. The Revenue Service urges you to consult a properly qualified advisor if you decide to seek outside help.

"We've outgrown our house," said Jim Burton. "Twelve years ago, Milly and I got married. We bought a nice little two bedroom home right after the war."

"Yes," Milly added, "and it seemed real nice, as if all my dreams had come true. I guess it was all the house we needed then, and certainly all we could afford. But we have four youngsters now and our house seems to shrink a little more every day."

Naturally we discussed bigger homes and, of necessity, the financial requirements too.

Jim grinned. "Well, I guess we've made a little financial progress in our married life. Despite the four kids, we have a late model car and only owe three more payments. And a whole houseful of furniture and appliances—all paid for. I'm making about three times as much per month as when we were first married. So with the bigger income, and the equity we've built up in our present home, I know we can swing the financial load."

Within a couple of months, Jim and Milly (and the four children) were enjoying the extra fun and comfort of a home built for six!

Perhaps, it is time your family solved its "space" problem too. We would be pleased to help you find the right home—and then sell your smaller one.

News From The Tecumseh Grade Schools

CENTRAL NEWS

Do-si-do and away we go! On Wednesday of last week the fourth graders at Central School invited their parents and friends to a gym program. The third graders were also guests as the fourth graders performed the folk dances they have learned in their gym classes. They also did one square dance, "Poy Goes the Weasel". Most third graders were excited in the anticipation of participating in similar activities next year. One boy, however, was over-heard saying, "I'm allergic to girls."

On Friday the fourth graders became audience as their group enjoyed watching with parents and friends while the fifth and sixth grades square danced.

Miss Lukens and her first graders were glad to welcome back four of the seven children who had been absent with chicken-pox.

The children's number book has been dealing with measuring so the children went a little farther and did some real experimenting with liquid measurement. One fact they discovered was how important it is when comparing measurement to have containers of exactly the same size.

Steve Maples raised everyone's curiosity when he told the class that a pint was the same as two cups. When the children actually experimented, they found he was correct and from there they found out that two more cups equaled a quart. It was fun working with actual equipment in an effort to answer a question that was really useful.

Miss Lukens had told the children that soon they could occasionally read stories to the class in place of the story she reads each day while the children have milk and cookies. Linda Oberlin was the first to read to the class and her story was "We Live On a Farm". She did a very nice job of reading the story and everyone is looking forward to the time when they, too, [illegible] the teacher for story-time.

Mrs. Neitling's first graders are having a twenty minute writing period every morning now. Their manuscript is beginning to look very neat and well-spaced.

Six new books are being enjoyed by the third graders in Mrs. Thomas' room. They the the Golden Nature Guides for Trees, Flowers, Reptiles, Mammals, Insects, and Birds.

Fred Kachur has had chicken-pox. Welcome back to school, Freddie! We missed you.

Mrs, Whiting's fourth graders enjoyed showing how well they could do the dances they had been learning the past six weeks. Some of the mothers visited their room after the program: Mrs. Glenn, Mrs. Creger, Mrs. Dusseau and Betty, Mrs. Lawson and Bobby, and Susan Leighton's grandmother, Mrs. Exelby.

The fifth graders in Mr. White's room have brought some intresting items to show and discuss; Vicki Gooding brought a colored book about birds, and Sandra Petrovish a book about dogs. Jim Cubberly and Mike Wilson had planes. Jim's was a W.W.I. and Mike's a P-51. Tom Matteson showed a first-aid kit, Elizabeth Frost some cotton seed, Jim Brown a large map of the United States, and Glenn Green some tractors. Inara Roberts played a record. They have bought two new books for their room. Clifton Doyle has moved to his new house.

PATTERSON NEWS

The first grade are working hard on their word kites. Six of the kites we can see and two we can see only the tails. But the tails are the most important because on them we have the words most of us have learned this year. Would you believe it that we have more than one hundred and thirty words on our brightly decorated kites with real string tails. Of course, we have our kites right in the front of our room because we like to look at them. We, also, use them in playing many different word games. The game we like best is "Name that Word" because if we can name the word the "teacher" says we can ring the bell.

Steve Hollar and Cynthia Tatar celebrated their ninth birthdays. They treated our third grade with ice cream and cake.

We were real happy to win the ticket sale for the Home Fair and wish to thank the P.T.A. for the lovely treat. We also like our trophy real well. We have it in the case in our room for all to see.

Both Beth O'Neil and Calvin Richard are back now. Judy Caldwell has left us and is now back in school in Alabama.

While on our imaginary visit to Minneapolis, the fourth grade learned that flour milling, is one of the main industries there. We saw a film called "The King Who Came to Breakfast", from which we learned many more things about wheat.

On Wednesday our parents were invited to see the games and folk dances that we have been doing in our gym classes. Many of them came and we hope they enjoyed watching as much as we enjoyed doing them.

Some of our mothers came to visit our room after the program, and we were very happy to see them.

Our unit on China has been very interesting, and we have some lovely things from China in our display case. It is fun to draw pictures showing how the Chinese people live, too.

Washington's birthday, Mrs. Updike's Kindergarten class visited our fifth grade room wearing their Washington hats and carrying flags. They gave a little program for us which we all enjoyed.

Last Thursday P.M. our class and Mr. Gilliam's sixth grade gave a dancing demonstration for our parents and friends. We have enjoyed our dancing classes and are sorry they are ended.

Mrs. Murdock, our girls' gym teacher, is leaving us this week and we will have a new teacher in her place, Monday. We are sorry to lose her.

Miss Joyce Hadsell, a student teacher, visited the fifth grade last Thursday afternoon.

Dorothy Nettleman brought a Korean doll to show us. She belongs to the "Doll-of-the-Month Club".

We have started to decorate our room for St. Patrick's Day.

Thursday our sixth grade enjoyed putting on a square dancing program for our parents. And awards were given to the winners of the poster contest.

Our room is to be the fish pond for the Fair Saturday, so we have our room decorated with fishing scenes.

At the first signs of spring the boys and girls are playing marbles. Many robins and other spring birds have been seen already.

Our sixth grade has now sold 33 dollars and 80 cents worth of tickets.

We are enjoying our big *number* papers in kindergarten. We like to work and think hard, finding the right number that goes with the right picture.

We hope that our long planned on trip to a farm will materialize in March. We have talked about it for a long time.

One day we made large pictures of ourselves. We were glad that our mirror was low enough so we could make sure of the color of our eyes and hair.

We have a new chart in our room. Some of us know our address and our name goes up for all to see. Mrs. Updike pretends that she is a policeman and finds us. We tell her where to take us home if we really know our address. Many of us know our telephone number, too.

*A message from Ralph Hodges, 'Your Pharmacist'

IT IS THE RAPIDLY BEING ACHIEVED WISH of both the professions of medicine and pharmacy to not only be able to help you when you are sick, but also to prevent any serious illness.

IN THIS WONDERFUL AGE many new discoveries have been perfected that assist your body to resist disease.

VITAMINS ARE IMPORTANT in helping to increase your ability to fight off sickness. To benefit most from their use be cautious about using the products of manufacturers who have no established reputation with the medical world.

WHILE THE LABEL ,as required by law, specifies the strength when packed, the only positive assurance you have that the available potency is still there when you take it is the reputation of the maker, and the person from whom you get it.

IN OUR PHARMACY we stock the products of the reliable drug manufacturers who originally perfected vitamins and whose products your physician approves. We also personally guarantee the potency and freshness of the vitamins we supply. We welcome questions about them.

NEWS OF THE FARM

Agricultural Agents Weekly Column . . . .

More productive farm work time is lost through sickness and accidents than most people think, according to C. C. Ingerson, Assoc. county agricultural agent.

A recent study showed that one out of every three farmers surveyed in the state lost time from work because of illness and accidents.

Three fourth of the men reported losing 22 days or less of work and 6 per cent reported an average loss of 53 part days. But the survey researchers point out that these part-time losses do not include periods when the ill farmer tries to work—then has to quit completely to stay home full days.

Agent Ingerson believes that much of the time lost through accidents comes during heavy work periods when farmers can least afford to lose time. Extra caution during these times would help cut Lenawee county's share of farm work time lost.

Be The First To Market With Produce

Remarkable new plant growth stimulators may move the boundaries for successful production of many crops further north in Michigan. Called gibberellins, the chemicals are now undergoing extensive tests. These unusual chemicals make plants grow two to five times faster than the normal rate. As a result, many types of plants can be made to mature sooner.

For instance, celery can be matured two to four weeks earlier. Marketable heads of broccoli have been produced 10 to 15 days earlier and field beans have matured about a week earlier. Stocks, a greenhouse flower crop, has flowered three to six weeks earlier.

Another test of the chemicals also indicates their promise in helping farmers plant crops earlier. Seed soaked in a gibberellin solution germinated more rapidly and seedlings came up earlier. This stimulation is particularly pronounced at low temperatures.

At least six promising applications for Michigan are producing earlier market maturity in some crops, speeding up the flowering of such annuals as lettuce and radishes for seed production, hastening the germination of seed and promoting fruit set in crops such as tomatoes and cucumbers.

Increasing the stem and leaf growth of a crop such as celery. In tests, gibberellins increased the thickness of the leaf surface and almost doubled the length. Fresh and dry weights were increased up to 50 per cent.

The gibberellins are effective over a wide range of concentrations and do not appear to harm foliage or deform fruit when applied in low dosages. Market storage, and eating quality does not seem to be affected but more tests must be completed before definite recommendations can be made for using the materials in vegetables. However, commercial preparations are now available for use on flower, vegetable and fruit crops.

Because of their still high costs, the most immediate uses for gibberellins will likely be with the high value greenhouse, nursery and garden crops, as a fruit setting agent and in seed production.

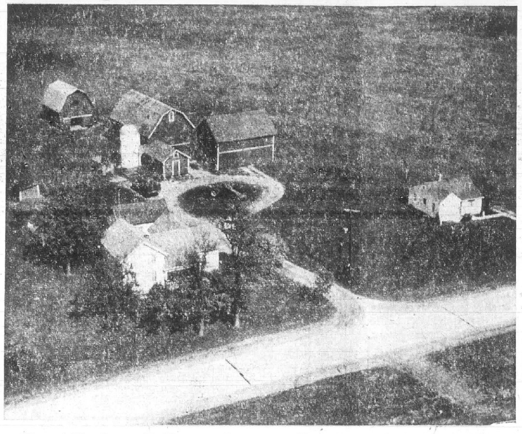
"Mystery Farm" Owned By The Brablec's



Mr. and Mrs. George Brablec were the owners of last week's "Mystery Farm". The 135 acre farm is located 1 1/4 miles east of Britton on M-50. It was first identified by Roy Richard of Route No. 2 Tecumseh, who received a free two year subscription to the Herald.

The Brablec's have been on the farm for the past eleven years. It was previously owned by Carl Brablec and Frank Brablec before Carl. Frank and Carl are brothers to the present owner. Recent changes include inside and outside house remodeling.

George Brablec married the former Inez Scott in 1940. They have three sons: Barry "Pug" who is 15, Douglas who is 12 and Dennis "Chug" who is 7. Mr. Brablec belongs to the Oddfellows, Mrs. Brablec belongs to the Rebecca's. They also belong to the ABC Club. Another outside activity of Mr. Brablec's is Auctioneering.

They engage in general farming with the main crops being wheat, oats, corn and beans. All together, they farm over 300 acres. The Brablec's own another 91 acre farm.

The family received their free aerial photo from the Herald and will receive $5.00 worth of merchandise from Tecumseh Electric.

Lenawee County Dairy Princess To Be Chosen

The Lenawee County Dairy Committee announces that applications from sponsoring organizations for candidates for the 1957 Lenawee County Dairy Princess should be in the offices of the Lenawee County Agricultural Agent, Lenawee County Court House by March 18, 1957.

Any farm, civic, service or school organization may sponsor a candidate. Applications are available at the Lenawee County Agricultural Extension offices. Candidates must be unmarried, seventeen to twenty years of age before June 1, 1957, have a dairy farm background and reside in Lenawee County. Candidates are to be Judged on, poise, ability to meet the public, speaking voice, farm background and civic and school activities. Candidates must be able to travel the state for the coming year, should she be picked as the State Dairy Princess.

County Dairy Princesses from the State of Michigan will attend the State Dairy Princess Contest at Kellogg Center, Michigan State University on May 7 and 8. The State Dairy Princess will be chosen from this group.

Two Cows Set Prod. Records

The Holstein-Friesian Association of America has announced the completion of outstanding official production records by registered Holstein cows as follows:

John R. Dunne's Cowhaven Dewey Pearl 3779772, milked twice daily for 303 days, produced a total of 14,929 lbs. of milk and 528 lbs. of butterfat as a 4-year-old. Mr. Dunne is from Hudson.

Carl E. Emmons', Mapleton Clover Leaf Star 3414871, milked twice daily for 299 days, produced a total of 14,273 lbs. of milk and 483 lbs of butterfat as a 4-year-old. Mr. Emmons is from Sand Creek.

Michigan State University working in close cooperation with the national Holstein organization, supervised the weighing and testing of production as a part of the Herd Improvement Registry program. This official testing program, commonly referred to as HIR, provides continuing lactation and lifetime production records on every cow in participating registered Holstein herds.

Registered Holstein breeders in all 48 states are currently utilizing this basic information provided by their official records as a tool in the wise selection of individuals, families and bloodlines necessary to continued improvement of their herds.

Farm, City Living Costs Are Compared

How much does it cost to live on the farm compared to the city? This is one of the questions that farm youth want to consider when deciding whether to stay on the farm or seek a job in the city.

For the things they buy, farm and city families pay about the same, according to James Nielson, farm economist at Michigan State University. But city families must pay cash for several important items that farmers receive as part of their living from the farm.

Most farm families eat some of the products they produce on the farm. The value of these home-used products averages about $400 per family per year. The farmer, whether he rents or owns a farm, has the use of a house on the farm. Most wage earners pay from $30 to $125 per month for housing whether they buy or rent. The farmer lives near his work. Any expense which he incurs traveling to and from town on his business is charged to the farm account, and is not figured in his net income. Wage earners spend from $150 to $500 per year getting to and from work.

On the basis of these figures, Nielson says that a net income of $3,500 on the farm would provide about the same standard of living that $100 per week would in the city.

Protane Manager Attended Meeting

Paul J. McManis, District Manager of The Protane Corporation in Tecumseh, attended a four day meeting of managers at the headquarters office of his Company in Cleveland, Ohio.

Reporting on the meeting, Mr. McManis stated that The Protane Corporation is now geared to supply bottled gas for fork lift trucks and many other industrial applications in addition to the present uses which include home heating, cooking, water heating and automatic clothes drying for homes in suburban and rural areas.

Typical Reno Dude Ranch Built For New Movie

A reproduction of a typical Reno Dude Ranch was constructed on one of M-G-M's largest lots for scenes in the all-star comedy-drama, "The Opposite Sex" starting Sunday at the Strand.

Based on blueprints and photographs of a number of Nevada's most popular "divorce hostelries," the ranch set covers ten acres complete with a boating lake. And to insure the authentic touch, set designer Daniel B. Cathcart imported truckloads of desert sand, 75 desert-types trees and 45 varieties of shrubs natural to the Nevada landscape.

The luxurious ranchhouse interiors feature pony-skin upholstery, hand-tooled leather saddles, silver accessories and Indian designed rugs.

June Allyson, Dolores Gray, Ann Miller and Agnes Moorehead are four of the ladies in "The Opposite Sex" who live at the ranch while awaiting their respective divorce decrees, and the setting is a scene for a no-holds-barred, hair-pulling, nail-clawing and shin-kicking battle between the Misses Gray and Miller over—natch—a man.

Also starring in 'The Opposite Sex" are Joan Collins, Ann Sheridan and Joan Blondell, with Leslie Nielson and Jeff Richards as the film's male leads. Sam Levene and "guest stars" Harry James, Art Mooney, Dick Shawn and Jim Backus complete the featured names.

Buyers Want Lean Meats Not Too Lean

Consumers like meat with a small amount of fat but they don't want it eliminated completely, according to a recent MSU study.

Henry Larzelere, R. D. Gibb of the department of agricultural economics and L. J. Bratzler of the department of animal husbandry found this to be true when they surveyed about 125 Detroit consumers. This group was offered the choice of five pork chops that had fat covers of 1/8, ¼, 3/8 and ½ inch. One sample had no fat.

The group showed a fairly strong preference among the no fat, ¼ inch and 3/8 inch samples but the chops with the ½ inch cover were decidedly less favored by the group.

These results are a part of a larger study being conducted by Larzelere to learn about the consumer's ability to distinguish quality levels in poultry, eggs, apples, pork chops and potatoes.

Field and Stream

The raw product of 10,000 uses—is rapidly becoming one of Michigan's most important modern-day resources.

Michigan forests went from boom to bust during the period 1860 to 1920. During those years, timber was systematically stripped from much of northern Michigan. The land was left unplanted and unwanted.

Then came terrific fires that sometimes burned more than 1,000,000 acres annually. In one year—1908—more than 2,300,000 acres burned.

But after Smokey Bear and his legions got disaster-type fires reduced to a rarity, Michigan forests began to grow back slowly.

To speed this growth, Michigan set up three nurseries to produce young trees for reforestration purposes.

These are the 60-acre Wyman nursery near Manistique, the 47-acre Higgins Lake nursery near Roscommon and the 40-acre Hardwood nursery near Boyne Falls.

Together, these Conservation Department - administered nurseries will produce 25-35 million young trees this year. Other nurseries, both government and commercial, will produce another 15-25 million during the year. Ninety percent of these will be pine trees.

Regardless of who produces or who plants these young trees, the total of 60,000,000 seedlings and transplants available this year is strong evidence that the people of Michigan are vitally interested in rebuilding their forests.

Young trees are generally planted about 1000 per acre, so a maximum 60,000 acres may be planted this year.

These trees will provide some poles and pulpwood 18-25 years from now. By 1990-1995, cabin logs and more pulp will come from these trees. Sixty to 80 years from now, lumber and more pulp will be produced. During all these years, Michigan will enjoy the scenic and wildlife values that forests provide.

TECUMSEH INDIANS DISTRICT CHAMPS

Editor's Corner . . .

By Phil Belleville

MICHIGAN WEEK

May 19 to 25 has been announced as the fourth annual Michigan Week. There will be a preliminary meeting Thursday (tonight) at the Sage building in the Chamber of Commerce offices for representatives from all of the Tecumseh Service Clubs at 7:00 to work out plans for the event. This worthwhile annual affair should be wholeheartedly supported and worked on by all of the Clubs due to its significance. Surely it is everybody's responsibility to honor our great State at least once a year. It is hoped that plans will be made and cooperation secured at the meeting tonight. "If it is worth doing, it is worth doing well."

One of the highlights of Michigan Week is the Exchange of Mayors. "Each year, about two months before Michigan Week, the names of nearly 500 cities and villages are placed in a large drum and drawn in pairs by the Governor as honorary chairman of Michigan Week and the Lieut. Governor and Speaker of the House of Representatives as honorary co-chairmen." The Exchange has become an outstanding part of the annual program and a great many communities have benefited materially through knowledge obtained by their officials in visiting other communities. The main purpose is to get Michigan towns better acquainted with one another.

Many cities and communities have gone all out in their program of welcome for the visiting mayor and his party with tours, parades, banquets and other civic events.

Pairings are entirely by chance in the drawing. No effort is made to match cities of equal size or of close geographic location. In many instances the mayor or village president of a tiny village changes places with the chief executive of one of the state's largest cities.

Each year has witnessed a broadening of the exchange to include officials other than the mayor or village president and representatives of schools, clubs, etc.

ON KNOWLEDGE

As odd as it may seem, one of the most important things a good education does for a man is to make him realize how little he really knows. Many young people seem to go through a three stage maturation of their knowledge. When they are young enough, they usually realize how little they know. How-

Casey Clark Jamboree At Union Hall Tuesday

Fine entertainment for the entire family will be presented by the Casey Clark Jamboree under the sponsorship of the V.F.W. Tuesday evening, March 19, at 8 p.m. in the Tecumseh Products Union Hall. Casey Clark, a television star on Channel 9, with about 10 other members in the Troop, will arrive on a chartered bus from Detroit and present a two hour show of country music and comedy.

Jaycee Minstrel Show March 22-23

Reports indicate that there is a laugh a second in store when the Tecumseh Jaycees present their Minstrel Show March 22 and 23. There will be a variety of fine singing, story telling and lots of traditional "minstrel show fun". It has been quite a while since Tecumseh has had one of these old fashioned affairs.

The show will be held at the Tecumseh Products Union Hall at 8:00 p.m. Tickets are on sale from any Jaycee member. Proceeds will go to the Youth Activities Fund.

77 Teachers Have Signed Contracts For Next Year

James McDowell who has been connected with the Tecumseh School system for the past 11 years, 6 years in the position of Superintendent, has been given a contract by the Board of Education for another year. Neville Hart, principal, has also signed a contract. He has held a position in the local school system for the past 17 years.

Earl Greene, supervisor of the Elementary Grades except Patterson and Central was given a contract by the Board. Mr. Greene is just finishing 6 years here. Wayne Kiser, Principal of Central for the past 6 years, and a member of the school system for 7 years, has signed a contract for another year as well as Rufus Gillam, Principal at Patterson, who has been connected with the School 1 year.

Mr. McDowell states that 77 teachers of the present staff have signed contracts. This leaves 8 positions to be filled at present.

Four additional teachers will be hired next year due to the growth

Indians Defeated By Inkster In Regionals Tuesday

After winning the District Title Saturday night (see sports page), the Tecumseh Indians were defeated by Inkster Tuesday night in the Regional Tournament held in Detroit. by the score of 75 to 51.

Ken Miller, John Elliott, Bill Hansen, Larry Yokum and Ray Larned started for Tecumseh. The Indians started off with a bang and led 16 to 13 at the end of the first quarter, however even at this point, Inkster's height and accuracy were making the going rough despite inspired Indian play. In the second quarter after a good start, the Indians lost a 6 point lead and fell behind 29 to 28 at half time. After a see-saw battle and a 35 to35 tie in the third quarter, Inkster caught fire and left the Indians behind 45 to 38 with two minutes remaining before the end of the quarter. Bill Hansen fouled out in the quarter which ended with Tecumseh trailing 47 to 39. Inkster had a 11 point lead in the last quarter with only six minutes re-

Art Exhibit 19th-21st

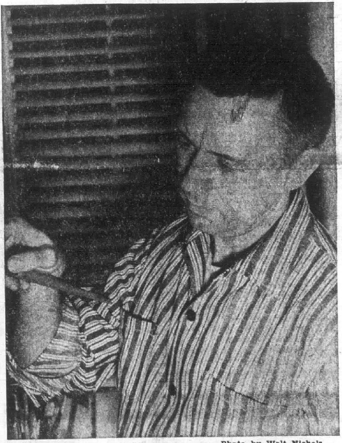

Photo by Walt Nichols

There will be an art exhibit of oil paintings March 19, 20 and 21 at the Strand Theatre by Russell Steinke, recognized Michigan artist and teacher.

Mr. Steinke was born in Ann Arbor, Michigan. He attended the University School of Music and studied piano before entering the army for 5 years. While teaching piano in Oklahoma, he acquired an interest in painting. He spent his summers in Tecumseh and went to the University of Michigan School of Architecture and Design for 1 year. Mr. Steinke then attended the Art Students League in New York for 3 years and was placed on the Board of Control for his last year. The Board of Control at the League is composed of 12 members, 4 of which are students. It is the main governing body of the school. Mr. Steinke bought a house located off W. Brown Street at the south end of Red Mill Pond in Tecumseh 2 years ago. He now teaches art in Tecumseh and Ann Arbor.

The art exhibit may contain as many as 27 of Mr. Steinke's Paintings, some of which are borrowed from their owners. They are all oils in the traditional technique. Previously, he has had an exhibit at the Tecumseh Country Club, a one man show at Hudson's in Detroit and won two prizes in Oklahoma. Local persons owning Mr. Steinke's works include H. H. Hanna, Walt Nichols, Mrs. Bonner, Joseph Galazzi and Mrs. Frank Smith.

The doors of the Strand Theatre will open at 6:30 p.m. during the

$175,000 Fire Destroys Elevator

Tecumseh Herald photo

The elevator at Cone owned by Mr. Jerrome Squires, burned Sunday night in what is estimated as a $175,000 fire. Fire departments from Tecumseh, Dundee, Milan, Saline, Britton and Clinton were called in to battle the blaze whose cause is unknown.

The fire was noticed around 8:00 p.m. by a passing motorist. Fire Chief Alderdyce reports that the Tecumseh Department was summoned around 8:40. The local department rushed to the scene with the new pump truck and the tank truck and the emergency vehicle. This was the first rigorous trial of the new truck and it was reported that performance was excellent. The tank truck kept the pumper supplied with water from Milan.

Only two warehouses attached to the 60 foot grain elevator were saved. In addition, approximately 6 carloads of grain were destroyed. The glow could be seen as far away as Tecumseh. The large crowd of spectators and cars drawn to the fire caused traffic problems. Cone is located only a few miles down the railroad track from Britton where the Walper and Son Elevator recently was destroyed by fire.

Lewis R. Greenman Given Terrifying Ride Thursday

Mr. Greenman, of the Lewis R. Greenman Excavating and Land-clearing company, had a terrifying ride over the fields of the Harold Kniffen farm near Britton in his bulldozer last Thursday about 3 p.m. He was piling brush when a stick must have punctured one of the fuel lines underneath the dozer and fire broke out catching Mr. Greenmans coat, gloves and the seats on the machine. He tried using the fire extinguisher but this did not seem to be working successfully and so, thinking quickly, he threw off the burning coat. gloves and seats and rode the burning dozer to a well about 150 ft away which fortunately contained water. Several men who had been watching the bulldozing operation formed a bucket brigade and soon were able to put out the fire.

Mr. Greenman was very fortunate in escaping this incident with only a singed hand and that the well contained water since it only has water in it during January, February and March. A pick up truck belonging to the Greenmans miraculously escaped damage when a patch of grass beneath it caught fire and burned like a dynamite fuse. It burned all around the vehicle but did not damage it at all. This all happening while Mr. Greenman was on the bulldozer turning off fuel lines and driving with what remaining fuel was left in the lines of the diesel tractor to the well. Some grass fires were started in adjoining fields. A change in the wind caused all of this difficulty. Although the bulldozer is completely out of commission, it was covered by insurance and will be in condition to resume work in a couple of weeks.

Fire Department Answered Five Calls During Week

The Tecumseh Fire Department answered five calls in the past week. On March 8 they answered a call at the Earl Smith residence at 107 Cairns Road. A short in a TV set caused the alarm. No other damage was done. Then March 9th. they were called to the Shelton residence on N. Adrian Highway to a grass fire. There were 2 other grass fires March 9, one was at the Bernard Poucher place ½ mile west of the Pink school on M-50, and the other was at the Frank Kish home 408 S. Adrian road.

On Sunday, the department was called to the Cone Elevator fire.

Tecumseh Police Report For The Week Of March 11

The Tecumseh Police Department has been busy this past week with several accident investigations. On March 9, a car driven by Douglas Grady, Britton and a car driven by Jackie Watson, Belleville, collided on N. Evans Street causing about $800 worth of damage to each vehicle. Mr. Grady was taken to Herrick Memorial Hospital with neck injuries. Watson was arrested for driving under the influence of intoxicating liquor and appeared before Justice Robert French and pleaded not guilty and was released on bond to appear for trial March 20th.

A car driven by Donald Farmer. Clinton and another driven by Fate Shelton, Hazel Park, collided on W. Chicago Blvd. No one was injured but about $50.00 worth of damage was done to both cars. Shelton was ticketed for failure to yield the right of way.

On March 11th, a car driven by Carl Beattie, Tecumseh and a car driven by William Starkey, Tecumseh, collided on the corner of Union and W. Chicago Blvd. There were no injuries but about $400 worth of damage was done to the Beattie vehicle. Starkey was ticketed for running a red light and

City Manager Discusses The Local Situation

City Manager E. J. Nelson has prepared the following report to the people to discuss past accomplishments in Tecumseh as well as future plans for the city.

Mr. Nelson says, "A few weeks ago I attended a City Manager's meeting held in Ann Arbor, there were about 85 City Managers present from all parts of Michigan and needless to say it was a very interesting meeting and very instructive. However, aside from that fact, I felt better after the meeting than before since after hearing of the problems other cities are facing compared to Tecumseh's, the problems that I anticipated were great seemed minor. However, it still doesn't mean that Tecumseh does not have many problems facing it but I can say that many large problems that are worrying other cities are behind us, such as the new disposal plant, inadequate sewer system, inadequate water mains and water supply, swimming pool, recreation field and others. Some cities are bonded to the limit and the fifteen mill limitation cannot raise the money that is necessary to meet their needs".

"As of last January, we have been a city for three years and I would like to give some of the things that have been accomplished and where your tax dollars have been spent".

"In the past three years, we have installed 49,000 feet of curb and gutter and used 200,000 gallons of asphalt and 300,000 tons of crushed stone in seal coating streets where curb and gutter was installed".

"We have a long way to go to get adequate streets, however, if we continue our program as in the past, a marked improvement will be noticeable in a couple of years. During the past three years, we have spent $134,000 of our local tax money on streets and equipment, besides the many hundreds of feet of sewer installed by subdivisions. Forty-five hundred feet of sanitary sewer has been installed and 7,500 feet of storms sewer".

"Considerable improvement has been necessary on our water system although several thousand feet of water main has been installed and paid for by the subdividers and by special assessment. The City

Klapperich-Touborg Wedding

MRS. F. L. KLAPPERICH JR.

The Tecumseh Presbyterian church was beautifully decorated last Saturday afternoon for the impressive ceremony that united in marriage Margaret Monroe Touborg, daughter of Mr. and Mrs. Jens Touborg of Tecumseh and Frank Lawrence Klapperich Jr. The groom, an Ensign in the U.S. Navy, is the son of Mr. and Mrs. Frank Lawrence Klapperich of Green Bay Road, Winnetka, Illinois.

Lighted tapers in tall candelabra, interspersed with emerald palms and white carnations lined the aisles, arrangements of foliage and flowers decorated the window ledges and white snapdragons, and carnations filled the vases and hampers which, with palms and candelabra, banked the altar before which the Rev. George E. Walworth performed the marriage service at 4:30 in the afternoon.

Dr. James Spencer of Adrian, at the organ, played traditional music before and during the service and "The Lord's Prayer" was sung by Mr. Arthur Schwartz when the marriage vows had been spoken.

The bride, given in marriage by her father, was preceded down the aisle by her maid of honor, Miss Margaret Kilgore of Westfield, New York; her junior bridesmaid and cousin, Barbara Colgrove and her six bridesmaids; Miss Greta Porter of Tecumseh, Miss Mary Brain of Detroit. Miss Karen Sue Koether, Pelham, N.Y., Mrs. David Martin, Elsie, Mich. and the Misses Mary and Jane Colgrove, her cousins of Tecumseh.

Howard Helms of Winnetka, Ill. was Mr. Klapperich's best man and the ushers were the bride's brother, Nicky Touborg, Tom Jarvis and Henry Price of Winnetka, J. J. Walper of Tecumseh, David Martin of Elsie and the groom's cousin, George Kidston of Eprata, Wash.

The bride's gown, a "Maude Bell Original", was of Italian silk taffeta made over layers of tulle. Hoops supported the skirt which swept into a full chapel train from a fitted waistline, accented by a pouf of the silk. in a bustle effect. Point-de-Leon lace, whose motif was traced in pearls formed the sabrina neckline and overlay the front of the bodice. The brief sleeves were supplemented by long mitts and the waist length veil was held by a narrow crown of pearls. She carried a cascade arrangement of Phaelanopis orchids and lilly-of-the-valley mingled with strands of ivy.

All the attendants wore gowns of silk organza and lace in sea-foam green made on princess lines with the added interest of large bows at the back. Large picture hats matched the dresses as did their shoes. They wore short, white gloves and carried crescent shaped bouquets of violets, edged with miniature pink rosebuds and finished with loops of pink velvet roping, tying clusters of violets.

Mrs. Touborg wore beige embroidered linen with matching accessories and a corsage of pink camellias and bouvardia. Mrs. Klapperick's gown was poie de soie and lace in toast color and her flowers were golden cymbedium orchids. Mrs. A. R. Shigley, grandmother of the bride from Fremont, wore navy with a cluster of violets.

After the church service, a reception was held at the Tecumseh Country Club where guests were greeted by Mr. and Mrs. P. G. Colgrove and Mr. and Mrs. C. M. Brown. The hosts were also assisted at the church and reception by Messrs. and Mesdames H. H. Hanna. Dale Bowen, William Damon, Jack Brown, Alan Russell and William Macbeth.

Arrangements of snapdragons, iris and carnations decorated the club rooms. The mantle was banked with foliage and blossoms while spring flowers and smilax were arranged on the serving tables.

The cake table was draped in white organdy over pink taffeta and edged by strands of smilax and clusters of gardenias. The cake, encircled by a wreath of camillias and gardenias, was cut by Mrs. O. W. Farver and Mrs. Donald Cobb. Mrs. Karl Schneider, Mrs. Robert Moore, Mrs. M. R. Blanden. Mrs. Charles Butler, Mrs. C. W. Gilman, Mrs. Ned Baldwin, Mrs. L. W. Larsen and Mrs. J. F. Furry assisted with the serving while Mrs. F. C. Hanna, Mrs. E. C. Boss, Mrs. Paul Ammer and Mrs. D. D. Walper poured. Rita Crosby, assisted by sorority sisters of the bride. served the punch. Gifts were in charge of Nanette Walper and Susie Rohweder while Diane Dillon and Sondra Phillips of Albion presided at the guest book.

When the bridal pair left on a trip to Williamsburg, Va., the new Mrs. Klappernich was wearing a lilac suit and matching hat with black accessories and a corsage of violets.

The bride, who is a graduate of Tecumseh High School, attended Stevens College and received her degree from Albion College where she was a member of the Kappa Alpha Theta sorority. Ensign Klapperich graduated from Princeton University and belongs to the Charter Club. They will be at home at Newport, Rhode Island where the groom is stationed.

Guests attended the wedding from Winnetka and Wilmette, Ill., Detroit. Lansing, Albion and Fremont, Michigan as well as many more local points.

Friday evening before the wedding day, Mr. and Mrs. F. L. Klapperich, parents of the bridegroom entertained 32 members of the wedding party for the rehearsal dinner at the Country Club.

ever age seems to bring a stage of development where everything has to be very clearcut, where doubts don't exist and an unlimited volume of knowledge is acknowledgedly possessed by the subject. However, as the years roll by and the knowledge rolls in, it seems that the horizon moves out and the so-called complete knowledge becomes a mere scratch on the surface.

three day exhibit. It is being held during the showing of "Lust for Life," M-G-M drama depicting the life and career of the world-famed painter, Vincent Van Gogh, gives filmgoers a close-up view of some 200 original Van Gogh paintings in full color.

The art treasures are the property of 94 public and private collections in the United States, England, Scotland, France, The Netherlands, Germany, Switzerland, Austria, Italy, Sweden and Brazil.

Through the courtesy of the collectors and museums, the studio was able to photograph the originals for use in "Lust for Life" and, through a new photographic technique, still transparencies of the paintings were transferred to CinemaScope film in all the brilliance of their original hues.

Kirk Douglas portrays Van Gogh, with other principals enacted by Anthony Quinn, James Donald and Pamela Brown. The picture was directed by Vincente Minnelli and was produced by John Houseman.

paid a considerable amount for the extra large main which was necessary to carry the large volume of water further from the area as well as two new wells drilled and developed giving us a capacity of over 4,000,000 gallons daily".

"Many things have happened which made it necessary to spend money on items which were not expected such as Polly Phosphate, Dutch Elm Spray, State Trunkline and many others. However, we did purchase the new City Hall site for $18,500 and the Parking lot for $10,000. reassessment $12,300, all of which will be helpful in years to come".

"This year we started paying for a new fire truck which was badly needed, also, we expect to have a new bridge on Evans St. We have enough curb and gutter petitioned now to expand the amount of money alloted for this installation this year, however, the majority of these petitions are on our local streets system therefore, it would be impossible to install all curb and gutter that was petitioned this year".

"We would appreciate having a few petitions on major streets so we can balance the expenditure which we are alloted from the State Highway Department fund which is 70 per cent on Major streets and 30 per cent local".

"Major streets that need curb and gutter are Union from Shawnee to Brown; Kilbuck Street; VanBuren to Adrian; Maumee street 100 block north and 300 block south; Pearl street from Logan to Bidwell. The above streets are major streets and received heavy traffic. We would like to work in these blocks with curb and gutter to improve conditions which are now bad".

"Our hopes are to get things caught up so more time can be spent cleaning up city streets but it is impossible when mud is carried from one street to another".

"Although we have had some rough going the past few years, I want to thank all citizens for your fine cooperation and hope we can make things better in the future".

Say you saw it in The Herald.

This Is Sponge Week At The High School

Bright off color clothing heralded the beginning of Sponge Week, Monday at the High School. Tuesday was "dress up day" and Wednesday, "toy day" A large array of stuffed animals and toys of all kinds paraded to school with the students. Thursday (today), is "old clothes day" and it is remarkable what a few will find to wear in place of their regular dress; Friday, "gun and candy day" is expected to help keep the dentists in business and parents moaning.

The boys seem to be the ones that really benefit from all this, since the femininity about town will carry their books, open the doors, pay the bills all week, and escort them to the Sponge Dance on Friday evening. Well its a lot of fun and no one seems to be any the worse for the experience so parents might as well sit back and be glad it only comes once a year.

Extension Clubs Held Spring Tea In Ridgeway

The North East District of Lenawee County Extension Clubs held a spring tea at the Ridgeway Methodist Church Tuesday, March 12, at 2 p.m. Members and guests were welcomed by Mrs. Hugh Mitchell. Miss Faye Nichols, home demonstration agent, was introduced and asked the group to check their calendars for Home Makers Camp which is to be held June 19 to 22 in Ohio. Mrs. Raymond Bird, program chairman, presented the Downing sisters, Linda, Nancy, and Dianne, who sang two numbers.

Customs of Pakistan were related by the speaker of the day, Richard Schroeder. Mr. Schroeder is County Extension Agent at large and has spent the last two years with the foreign service under the point 4 program in Pakistan; leaving just ten days before the Gaza Strip situation. Those attending found his talk very interesting, and would like to hear him again.

Mrs. Virgil Lowry was re-elected to serve on the County Extension Council for another two years. The enjoyable afternoon was closed with group singing and refreshments.

The bearers were Howard Everhart, Ned Lanning, Roy Cadmus, Charles Patterson, LaVern Steele and Wallace Whiting.

Christian Science Sunday Service

The fact that the man of God's creating is not at the mercy of accidents, chance, or discord of any kind will be emphasized at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon on "Substance" will include the account of Paul's healing of Eutychus "who fell down from the third loft, and was taken up dead" (Acts 20:7-12).

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (424:5): "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and thus bring out harmony."

The Golden Text is from Ecclesiastes (3:14): "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor anything taken from it."

80 Attend World Day of Prayer, Friday

Eighty from the Tecumseh churches attended the World Day of Prayer held at the Friends Church last Friday afternoon. Leaders from the various churches were Mrs. Clifford Curran from the Baptist church, Mrs. Lynn Hubbard from the Episcopal church, Mrs. Perry Hayden from the host church, Mrs. McPherson from the Assembly of God, Mrs. James Barton from the Presbyterian church and Mrs. Walter Hizer from the Methodist church. Mrs. Edward Escolme presented the film strip which was shown in all services of this kind throughout the United States, "While Earth Rolls Onward Into Light".

It was said that the content of the program used this year was one of the finest ever presented. Each year, the National World Day of Prayer committee of United Church Women invite one or more women from a given country to write the service for the year. This year's service was written by Serena Vassady formerly of Hungary and was taken from her experiences from behind the Iron Curtain. It held deep spiritual meaning for those attending. Mrs. Ernest Hammack and Mrs. Ronald Van Valkenburg acted as ushers.

Falls Are Very Expensive To You

A slip of the foot can cost a farm family more than a slip in the price of agricultural commodities, according to the National Safety Council.

The Council points out that falls are the leading source of all injuries to residents of rural America, and that they account for 25 per cent of all injuries to farm people. Injuries from all mishaps, including falls, are expensive. A study in Iowa shows that the medical costs associated with 3,060 injuries amounted to $216,401, an average of $105 per case. Furthermore, lost time averaged 10 days per injury. Piled on top of the medical cost is the expense of hired labor which is sometimes necessary if the accident occurs at a critical work period on the farm.

Prosecutor Addressed Rotary Club, Tuesday

Mr. Kenneth Glaser, Prosecuting Attorney of Lenawee County, was the guest speaker at the Tuesday night meeting of the Rotary Club. He spoke on his duties and the problems confronting the county, which proved very educational and interesting. Attorney Robert French had charge of the program for the evening.

George Green, Jr., will have charge of next week's meeting, with Mr. Allan Seager, local author, the guest speaker. Virgil Tucker presided at the meeting in the absence of the president James McDowell.

Musicale Held In Youth House Sunday Afternoon

The musicale sponsored by the Tecumseh Music Club Sunday afternoon was held in the Baptist Youth House at 3 p.m. The president, Mrs. Lula Waldron, welcomed those assembled and then led as all repeated the club collect.

Marie Wintersteen, chairman of the afternoons program, introduced those taking part in the program and each one announced his or her own numbers. Miss Jackie Rucker sang two vocal solos accompanied by Dennis McKenzie. He also played a piano solo. A two piano arrangement of "The Prelude to the 3rd Act of Lohengrin" by Wagner was played by Mrs. Fred Oberlin, Mrs. John Hamilton, Mrs. Arthur Schwartz and Mrs. Wilfred Waldron. Shelia Sprague sang a vocal solo accompanied by Marie Wintersteen, followed by a trio from the High School composed of Ruth Meads, Vennie Penrod and Sharon Munn, who sang 2 numbers. Mr. Bennett was then introduced by the chairman and led assembly singing followed by the singing of a vocal solo by Mrs. Ivan Mulvaney accompanied by Mrs. Waldron.

Ronald Rhees, a pianist from Manchester, presented several selections and the afternoons program closed with the serving of punch and cookies by Mrs. Perry Hayden and her committee.

Farm Bureau Met Monday

The Newburg Farm Bureau met Monday evening, March 11, at the home of Mr. and Mrs. Ed Solarski with the chairman, Mr. Don Buell, presiding. Eleven members enjoyed a discussion of the topic, "Local Versus State Control of School Policies". The ladies of the group have been assisting with a statewide survey of accidents happening in 1955 by contacting members of the group and compiling the data received.

It was announced that the next meeting will be held in the home of Mr. and Mrs. James Tonneberger, April 9.

Exchange Club Held Discussion

The Tecumseh Exchange Club met Wednesday evening in the Eagles Hall with president Wallace Whiting presiding. The program for the evening was general discussion. Plans for Ladies Night were presented to the group by Russell Garno. They will be announced at a later date.

Democrat Ladies To Meet Saturday

A meeting of the Regional Democratic Women's Legislative Conference will be held at the High School on North Maumee St. in Tecumseh Saturday from 9 a.m. until 3 p.m. Luncheon will be served at noon. Mrs. Wyman Campbell of Milan is the chairman. The Region covers Lenawee, Monroe, Jackson and Washtenaw counties.

Support Needed For Little League Baseball

Wednesday's Kiwanis club meeting was presided over by president Fred Hadley. Guests present were John Paboda and Bob Breniff.

It was decided to have two members meet with other clubs to discuss Michigan Week program for Tecumseh, at which time we exchange mayors with another city. It was reported that the Kiwanis Road Signs are on their way, being donated to the local club by Adrian and Blissfield Kiwanis Clubs. John Mills was appointed to see to erecting them.

Guest speaker was Robert Breniff, athletic coach at Tecumseh High School. He spoke on the need of support for the Little League Baseball, age limit and things needed for the project. Selection of players will be made by a spring tryout similar to Major League ball clubs. A league board will supervise the program. There will be a major and minor league setup enabling a minor league player to advance to the Major League. It was voted at the meeting to sponsor a team in the local Little League.

Legion Auxiliary Hostess At Hospital Tuesday

Members of the American Legion Auxiliary were hostesses for the monthly birthday party held for the Veterans at the Ypsilanti State Hospital last Tuesday evening.

Each month a party is conducted at the Hospital by one of the Units from the surrounding area under the direction of the District chairman, Mrs. Nealy of Milan. Prizes and refreshments are furnished by the Units besides money for the gum and cigarette fund.

The local Unit served ice cream and cake and Mrs. Fred Oberlin furnished piano music that was enthusiastically accepted by the patients. They enjoyed singing, clapping hands, and tapping feet to their rollicking tunes, both new and old. Those attending from Tecumseh were Mr. and Mrs. Thomas King, Mrs. Robert Lowe, Mrs. Oberlin, Mrs. John Zarnoch, Mrs. Otto Baaske, Mrs. LaVern Seizert, Patricia Maynard, Mrs. Lawrence Vanderpoole, Mrs. Bartlette Aiuto, Mrs. Ruth Baker, Mrs. Robert Brown and Mr. and Mrs. Lyle Grigg.

'Man Alive!
What a Dream Car TO DRIVE!

KNOW what you're bossing when you put this Buick CENTURY through its paces?
A big and substantial automobile—sure.
A low and handsome traveler that has a brand-new body with *full* Buick roominess—correct.
But most of all, you're holding rein on action *plus*.
How come? Because we put most of our hard-cash millions into *performance*.
So here you toe-touch the 300 H.P. might of a brand-new engine.
You smooth along like skis on snow with the brand-new action of a Variable Pitch Dynaflow* that's literally *instant* in response.
You corner, steer, brake like never before.
One tryout in a new Buick will tell you for sure: *this is the dream car of the year to drive.*
Prices start at a level just a few dollars more than a smaller car—so man or woman—see your Buick dealer today!

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.
†Safety-Minder standard on ROADMASTER, optional at extra cost on other Series.

Brand-NEW 'Built-in Conscience' SAFETY-MINDER† It buzzes when you reach the miles-per-hour you preset for yourself. You won't want to drive without it.

Brand-NEW V8 ENGINE 300 H.P. Highest horsepower, torque and compression ever

Brand-NEW DYNAFLOW PERFORMANCE —Instant Response —even without switching the pitch

Grade School News . .

Grade School News Ludlow Head

All grade school news is written and prepared by the teachers of the various grades and schools. Any schools not in now are welcome to be included. More School news will be found in Section 2.

LANNING SCHOOL NEWS

We have been making books that show pictures of foods that help make strong bones and muscles and healthy teeth. We hope by eating lots of these foods to keep strong and well.

We are having fun in arithmetic subtracting large numbers.

Jimmy Brown had appendicitis and has been absent from school for some time. We shall all be glad when Jimmy is able to be back with us.

We drew portraits of each other in art class. After we put them on the bulletin board it was great fun to find each ones portrait.

We have been reading about the fishing industry off our Pacific coast, and Michael Mead brought some interesting pictures of a fish hatchery he visited and told us about it.

KELLY SCHOOL NEWS

What, Who, When??? Those are the headings on our "Signs of Spring" posters. It is about one half filled with peoples names and the wonderful things that tell us spring is coming. We have discarded our winter bouquet of pine and bitter sweet, sprayed with artificial snow and have a beautiful vase filled with pussy willows.

We had a very pleasant surprise, Edward Gottschalk has returned to school. He has had a bad year so far and we all hope it will be good for the rest of this year. He has had an appendix operation, chicken pox, and has just recovered from virus pneumonia. Billy Barker will attend the LeRoy School for the rest of the year. Judy Robison has entered our first grade from Central School. We are very happy to have her in our group.

Our third graders are finding borrowing in subtraction quite difficult. but with some willing helpers we will soon all be able to do the problems easily.

Our first grade has each made a calendar of March and each day we will record the weather with signs such as the umbrella for a rainy day, mittens for cold, clouds and the sun. We are anxious to see if March will go out like a lion or a lamb. The third grade science class has planted seeds and we are preforming experiments with them.

GRUBB SCHOOL NEWS

The third and fourth graders have been enjoying their school year working and playing together. There are thirty of us now with 14 in the third grade and 16 in the fourth grade. On March 4th Larry Ries, a third grader, came to us from Sand Creek, and Bobbie Imes, a fourth grader, came to us from Toledo. Ohio. We are very happy to have them with us.

We have enjoyed our new books and subjects this year. Social Studies and Science are new to some of us.

In our social studies, we have had several interesting projects. On February 19, Dianne Spycher's father showed us slide pictures of their recent trip to Switzerland. Afterwards we wrote reports on what we had seen in the pictures. On February 22 our group visited the Tecumseh Library. We were encouraged by Mrs. Fosbender to make use of the Library. All of us have enjoyed reading the books we obtained. Recently the fourth graders have been making reports on railroads. Kay Becker is chairman of our committee.

In order to learn more about making correct change, borrowing in subtraction, and carrying in addition, the third graders have collected articles and made a grocery store. In their arithmetic, the fourth graders are working on 7's in multiplication.

Both grades find science a particularly interesting subject. The third graders are experimenting with the growing of seeds in order to find out the needs of our plants. The fourth graders are studying the earth and the heavens surrounding it. Our Weekly Readers are supplying us with more information that we can use in our science discussions.

Our music and art classes are highlights of the week. We enjoy the singing, folk dancing. and records for listening. Our designs that we made for art help decorate our room.

We appreciate the Herald's asking us for our news.

INDIANS TAKE DISTRICT TITLE

Bedford, Milan And Monroe C.C. Fall To Tecumseh

TECUMSEH VS BEDFORD

In the first game of the 1957 District number 9 Tournaments, Tecumseh swamped the Bedford Mules 47 to 39. The Indians took an early lead and did not relinquish it at any time after the first few minutes of the game. The starting lineup for Tecumseh was Ken Miller, Larry Yoakum, Bill Hansen, John Elliott and Ray Larned.

The Indians led 17 to 10 at the end of the first quarter, aided by 10 points contributed by John Elliett. By the end of the half, the Indians were leading 29 to 20 despite Bedford's excellent control of the backboards. The Mules outscored the Indians 11 to 7 in the third quarter, with Elliott scoring all of Tecumseh's points. In the last quarter, aided by eight points from Elliott and Hansen, the Indians maintained their lead and pulled away to a 60 to 52 victory.

John Elliott was able to net 29 points for Tecumseh. This was a large boost in what turned out to be the first of three great team victories to win the Indians the District Title. Bill Hansen contributed 13 to the total.

TECUMSEH VS MILAN

The Indians won the second game of the tournaments by defeating Milan 50 to 44 after several threats from the Big Reds.

At the end of the first quarter, Tecumseh led 15 to 7. Then in the second quarter when Tecumseh led 19 to 8, the Big Reds from Milan started a drive and scored 10 points while the Indians didn't score. Tecumseh's Elliott then came through with four timely points to put the Indians in the lead 23-18 at half time. In the third quarter, Milan started up their scoring machine and at one point established a 33 to 26 lead over the Indians. However, Tecumseh got back into the game and trailed by only two points at the end of the quarter. In the final quarter, the Indians took the lead and maintained it using a stall to in the final minutes and won 50 to 44.

John Elliott again took scoring honors for Tecumseh with his 14 points while Larry Yoakum closely followed with 13. Milan's Schultz scored 19 points.

TECUMSEH VS MONROE C. C.

In the final game of the District Tournament Saturday evening, the Tecumseh Indians literally rolled over Monroe Catholic Central defeating them 69 to 42. This victory gave the Indians the class B District title and a chance to compete in the Regional Basketball Tournament in Detroit at the Southfield High School located at the corner of Lahser and West Ten Mile Road.

The starting lineup for Tecumseh was John Elliott, Larry Yoakum, Ken Miller, Ray Larned and Bill Hansen.

The Indians surged ahead to a 25 to 10 lead at the end of the first quarter. Monroe C. C. made a light comeback in the second quarter but trailed 39 to 26 at halftime. The school spirit and team backing by the Tecumseh students and rooters was a great help in keeping the team fired up throughout the entire game. The Indians led 59 to 33 at the end of the third quarter. In the final quarter, Coach Lawson let every man on the team play.

John Elliott took scoring honors for the Indians again by scoring 27 points. He scored 70 points altogether during the three tournament game. The entire team is to be given credit for what this reporter terms a great "team victory." They have brought honor to themselves, their fellow students and their city. Our hat is off to the entire team, Coach Lawson and others connected with this great effort. We wish you every luck in the Regionals.

Tecumseh Played Inkster In Regionals Wed.

In the drawing for the Regional Tournament No. 8 in Detroit, Tecumseh drew Inkster and played Wednesday night. See page 1 for the results since they were unavailable at the time this section was printed. Other teams in the Tournament are Garden City, Melvindale and River Rouge.

Tecumseh last went to the Regional tournaments in 1951 when they were defeated by Hastings.

Britton Edged By Adrian Catholic Central

By Frank Prochaska

Catholic Central of Adrian edged Britton 47-42 in the class D tournament games last Thursday night. Adrian C. C. was defeated by Clinton Saturday evening who won the class D title.

The Britton-Central game was a see-saw battle until the third quarter. Then Central dropped in 18 points while Britton could only manage to get 6 points.

In the last stanza, the Tories came back and outscored Central, 16-8, losing by the final score of 47-42.

The Irish hit 15 free throws while Britton could only sink 8 of the charity tosses.

High scorer for the night was Dick Szeman of Central with 17 points. Benedict and McClue hit 11 and 10 points respectively for Britton.

Boysville Lost To Summerfield Wednesday Night

The Boysville Fighting Knights were defeated 64 to 40 Wednesday night by Summerfield in the class D. District Tournament at Adrian College.

Despite excellent play, the Knights could not seem to score when needed. They only trailed 27 to 21 at halftime. A Summerfield burst in the third quarter won the game.

Valasquez was high point man for the Knights with 15 points closely followed with Taylor's 11 tallies.

SUEZ QUICKSANDS

Acceptance by Israel of the demands of the UN, the US and the Arab "summit" conference at Cairo, for immediate troop withdrawal from Aqaba and the Gaza Strip (as confidently predicted at this writing) seems unlikely to pour the anticipated oil on Suez waters.

Presumably the Israel acquiescence was purchased by US promises to defend freedom of navigation in the Gulf of Aqaba and to protect Israel against Egyptian raids from the Gaza Strip. At the same time, the four Arab leaders, King Saud of Saudi Arabia, King Hussein of Jordan, President Kuwatly of Syria and President Nasser of Egypt, concluded their conference by signing a joint statement of neutrality which demanded the immediate and unconditional withdrawal of Israel from Gaza and the Aqaba straits and pledged mutual support of "the sovereignty of Arabs over their lands and territorial waters". The joint communique emphasized the sovereignty of Egypt over the canal, while Egypt maintains that the Gulf of Aqaba, lying between Egypt and Saudi Arabia, belongs to the two Arab nations.

These developments would appear to leave the Middle East just as tense as it has been since the Franco-British-Israeli invasion — and place the US in a position of deeper involvement and greater confusion, officially and unofficially.

Americans are asking (as HUMAN EVENTS says President Eisenhower asked when he was called back from his Georgia vacation for secret conference with Congressional leaders): "How on earth did we get into this mess?"

More difficult and considerably more important, however, is the question: "How on earth do we get out of it?" The diplomacy of expediency which we have been pursuing since the first London conference on Suez seems only to have drawn us deeper into the mid-East quicksands.

NEW TYPE HAIR CURLER

Former President Hoover, secretary of the Treasury Humphrey, Senator Margaret Chase Smith and others with national prestige and responsibility are joining in the demand that inflation be halted before it leads to national depression and the weakening of security, reports the Portland Oregonian. "President Eisenhower encourages the reduction by Congress of his own budget—except in the essentials of U. S. security and world peace."

To say that it is difficult to make substantial cuts in the budget is to say the obvious. But to say that such cuts cannot be made is to fly in the face of all the available evidence—including the exhaustive and invaluable reports of the Second Hoover Commission. And these cuts would in no way affect the national defense or any other essential activity.

The prime problem lies in the sad fact that everyone wants economy—so long as it affects the other fellow only. According to Mr. Hoover there are, incredible as it may seem, more than 1,000 active pressure groups in Washington seeking higher federal spending for one purpose or another—as against exactly two which are working to reduce expenses! The budget is a reflection of this situation.

The Oregonian suggests that "the administration and Congress can co-operate more closely than heretofore in whittling away at unnecessary expenditures attributable to in-efficiency, bureaucracy and empire building." Unless this is done, and done now, there is every prospect of more inflation and an acceleration in the rate of inflation. And that ,as Secretary Humphrey vividly points out, could lead to a depression that would "curl your hair."

INCOME TAX FACTS No. 8

Start Now to Plan Next Year's Tax

(This is one of a series of articles on federal income tax filing. These articles are based on information provided by the American Institute of Accountants, and the Michigan Society of Certified Public Accountants in cooperation with the Internal Revenue Service.)

Often the greatest tax savings are to be made during the year by planning your decisions with tax considerations in mind, rather than at the end of the year when you have your tax form in hand.

Here are some possibilities for reducing your tax which you can't do anything about after the end of the tax year, but which might reduce next year's tax return:

(1) If you are providing nearly half the support of someone who might qualify as a dependent, consider providing more than half so you will be entitled to the $600 exemption. The extra amount you contribute may be less than the tax savings.

(2) Remember that unless a dependent is under 19 or a full-time student, you will lose the exemption if his income is $600 or more. Be sure to check the income of everyone you expect to claim as a dependent.

(3) If you are planning to be married, a wedding before midnight December 31, 1957, will give you the privilege of filing a joint return for 1957. This probably would result in substantial tax saving.

(4) A baby born before midnight, December 31, qualifies as an exemption for the full year.

(5) If your medical expenses are likely to be over 3% of your income this year and you expect them to be less next year, pay as many medical bills as possible before the end of the year, up to the maximum allowable deduction. If you borrow to do this, remember that you can also deduct the interest.

(6) If your medical expenses are over the maximum deduction, perhaps you can defer part of the payment until after the end of the year.

(7) Borrowing to pay your taxes can sometimes let you take the deduction a year earlier.

(8) If you sell your home at a profit, remember that you do not have to pay a capital gains tax if you pay more for a new home within a year than the price you get for the old one.

(9) When investing money, remember that stock in a domestic corporation offers the possibility of dividend exclusion and credit.

(10) If you sell securities or other "capital assets" at a profit, it is usually better to wait until you have held them at least six months so that the profit will be taxed at the capital gains rate instead of as ordinary income.

(11) When buying bonds, consider not only the interest rate but the fact that interest on state and municipal bonds is exempt from federal income tax.

If any of these points is likely to make a substantial difference in your tax, it will probably pay you to discuss your problems with the Internal Revenue Service, or to seek professional tax advice. Anything you pay for assistance in preparing your tax return is deductible from your taxable income.

But beware of any "tax expert" who claims he can cut your tax below the amount you really owe. It's a good idea to pick someone who has had experience in dealing with the Internal Revenue Service, just in case the government should raise some question about your return.

"I'm not selling this building because I want to exactly, but I need the money in another venture," Joe Morgen said one day in front of a downtown property.

"Actually, I'm going through the 'tortures of the damned', because I have thoroughly enjoyed owning it. It has given me more pleasure than any other investment I ever made, apart from my home. Also, I think it will continue to rise in value."

"I can appreciate your feeling," I replied. "But it has served you well. And someday, you'll probably accumulate enough money to buy another good investment property."

Mr, Morgen nodded. "I suppose that's the philosophical way to look at it," he said. "But handle the sale quietly. I wouldn't want anyone to think I was anxious to get rid of it, because I'm not."

Before long, we were talking with another investor about the building. "I've always had my eye on that property," he admitted, "I think I'd consider buying it." He considered—and bought.

"I feel a little better," Mr. Morgen said later, "now that I know my property is in good hands."

If you have reason to sell your favorite income property (whether it is a downtown building, apartment house, or motel) let us know. We'll try to place it in "loving" hands!

Red Cloth

For many centuries there was a false belief that red cloth hung in a room either prevented or helped cure diseases, especially smallpox. Today, vaccination against smallpox as well as many other diseases is a very simple procedure which insures protection.

The knowledge necessary to properly dispense medicines is taught to pharmacists at college. Four years of study is required before we can secure our license to practice pharmacy.

Every medicine, whether in a prescription or not, should be at its best when you take it. Only a pharmacist is taught how to compound, protect and dispense them. It is our legal and willing duty to make certain that you do not use them improperly.

You benefit by our knowledge when we pharmacists supply your medicines.

News From The Tecumseh Grade Schools

CENTRAL NEWS

This roving reporter notes a predominance of kites shamrocks, and leprechauns as decorations this week, so March is being ushered in in traditional manner.

Since Christmas, the children in Miss Luken's first grade room have enjoyed taking turns as the teacher for sharing for three days of the week. Their job as teacher is to choose people to share who look and act ready.

Riddles have become an interesting way to share for several children. One boy really had the children guessing when he described his riddle as something white that flies in the air. He received all kinds of answers — from snow flakes and white butterflies to ghosts. The particular answer he had in mind, and which no one guessed, was a white eagle! Several children have played piano selections for their sharing. The class really enjoys this and are glad to see classmates in such a worthwhile pastime. So far, Stephen Maples, Linda Oberlin and Kristine Humble have shared short musical numbers.

The boys and girls are learning the ordinals, or placement of numbers in sequence, such as first, second, third, etc. They have a chart with a duck family on it showing mother and father duck and their eight little ducklings. The chart is helping them learn the ordinals first through tenth.

The children are counting to 100 now, and two have a chance each morning to count to 100 correctly and write their name on a chart. Then if they also write their numbers to 100, they get a star in front of their name. Some are so anxious they have their numbers all written and ready to hand in the same morning they get to count out loud.

Louann Geringer read a story for story time this week. She chose a story about some new children named Alice and Jerry.

Two reading groups in Mrs. Neitling's first grade have finished reading **Fun With Dick and Jane,** and are now reading **Our New Friends.**

We made kites to fly in our room and decorated them with our crayons.

We are keeping a weather chart for March. Each one will have a turn to mark the chart.

The third graders in Mrs. Schwartz' room have also made kites to decorate their room. They made the designs with crayons, then went over the entire kite with a water-color wash.

They are happy to be starting on multiplication in Arithmetic.

Mrs. Miller's fourth grade is busy discovering a number of things about magnets. Magnets have a North and South Pole, and they repel as well as attract objects.

After a hard struggle for some of us, we have reached the end of multiplication combinations. The 9's weren't nearly as difficult as we had supposed.

If you are in doubt as to a good "fun" reading book, come into our room. We have written book reports and they will give some good suggestions for interesting reading.

The children in Mrs. Baily's room, as well as in many other rooms, are working on the Poppy Posters. It is fun to think up slogans and draw pictures that will go together.

In Arithmetic the boys and girls have completed learning about the "eights" and "nines", and are now working hard to get them all learned real well. In science they are studying about the stars, constellations, and moon. They are learning many interesting things about boys and girls in other countries in reading.

The boys and girls in Mrs. Whiting's fourth grade enjoyed making a movie of **King Peramund's Wish** for their art work. Each drew pictures depicting some scene in the story. We picked out 14 and taped them together. Three of our boys made a stage. On Friday Anne Drake as narrator, with Jimmy Lawson, Terry Keith and Joel Rutherford as stage hands, visited each of the rooms in Central School to entertain them with our "home made" movie. We hope to do another later when we find one of our reading stories that we think will make a good one.

The show case in the lower hall has an interesting display of the Hobbie of the boys and girls in Mr. Sawyer's fifth grade. Each grade has the case for two weeks during the year and we have had many beautiful as well as educational displays.

PATTERSON NEWS

The Kindergarten children are very busy building a zoo. We think it may turn into a circus after a while. We have made cages, and painted them, and made signs for them. We turned our play house into a trained animal show. Bears, monkeys, tigers and dogs are all a part of the show. In our work books is a circus wagon with clowns which we like to count.

The second grade visited Mrs. Garth Hall to see the tropical fish. Mrs. Hall told us many interesting things about the fish and we thank her for inviting us to see them.

We have started cursive writing and are very happy about it. Most of us are not finding it very hard to write this new way.

This is such an exciting time of the year for second grade! We are busy watching for birds and other signs of spring, our temperature and wind velocity chart has to be filled in each day, and most of us are now able to spell enough words to write stories.

The fourth grade is having more experience in poster making, having begun their poppy posters this week. Ideas are coming thick and fast—now all we have to do it to put them on paper.

Linda Spooner was one of the winners of a door prize at the School Fair. She won a pen and pencil set and is very proud of it.

We started making American Legion Auxiliary Poppy Posters this week in the Fifth Grade Art Class.

We have a box of tomato plants that we started from a box of prepared material. They came up much sooner than we expected them to.

Last Friday we had a spell down on the names of South American countries, rivers, and mountains. Sue Fuller, Peggy Morris, and James Osburn were still spelling when the noon hour came and we had to stop.

Now we are learning to add fractions with denominators that are entirely different. This is our first week of them and hope to have an easier time than we did with the others.

We are happy to see and feel signs of spring in the air. It's a sure sign that it won't be too long before summer vacation will be here again.

In sixth grade we are studying dividing and multiplying fractions. Our class chart for self testing drills has gone up to a record of eight, which gives us a rating of "good" for the class average. We are very proud of this because we have been working hard trying to improve.

In geography we are learning about central and southeastern Europe. This includes such countries as Hungary, Czechosloavakia, Switzerland, Austria and others.

In language we are studying verbs, verb forms, and pronouns. They are a little confusing and difficult to understand.

We have our bulletin board decorated with pretty designs of crepe paper and abstract pictures which we made for art. We will begin to work on poppy posters next.

The first grade is this week enjoying the tropical fish aquarium which was purchased at the Patterson Fair by Mr. McDowell on behalf of the School Board. This will be used by the different rooms in Patterson and Central Schools. We surely like to watch the fish because they are so pretty and they look so happy as they swim back and forth.

Protect Yourself From Polio By Vaccination

The Lenawee County Health Department reports that, despite all efforts by doctors and other health authorities, many hundreds in our community have not had the protection of vaccination against polio. It supports an intensified statewide effort to get everyone to go to his doctor and get the shots now, while there is enough vaccine on hand and while there's still time to get protection before the summer polio season starts.

"Moreover," said Dr. R. J. Hanna, Director of the Health Department, "figures now available for 1956 show that the number of polio cases among adults has been steadily rising and in the future it may be concentrated in the upper age group, where it is most severe. We now urge that everyone 45 and under have the three inoculations, at the same time pointing out that there is no contraindication to its being given to those older."

The Director warned that in 1956 Lenawee County had approximately twice as many cases of polio as in the previous year and that the coming year could be a bad one. In Detroit there are already 10 new cases, five of which are adults. Only once since 1913 have there been that many cases reported during the first two months of the year.

It takes only a minute to get a polio shot; most doctors are charging a nominal fee and you probably won't get any kind of reaction from the vaccine. If you are one of those families who have put off getting your immunization against paralytic polio, do it now.

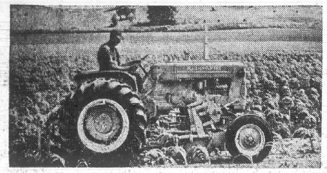
NEWS OF THE FARM

New Tractor Is Announced



A new low-line, high-crop clearance 3-plow tractor weighing approximately 4,100 pounds, said to be a new concept in tractors, is announced by Allis-Chalmers according to Partridge Implement Co., Allis-Chalmers dealer who attended a sales meeting in Toledo, March 6 where this new tractor was introduced.

Owen Partridge says this new Model D-14 gives farmers the conveniences of a low-profile tractor, easy to get on and off, but with as much cultivating clearance as a high-wheel row-crop tractor.

Some of the other exclusive features in this tractor are a new power control system that permits shifting on-the-go to high or low range, providing 8 forward speeds; completely enclosed hydraulic system; unusual comfort, security, and vision with the new easy-ride seat and wide roomy platform; and new Power-Crater engine rated at 35 hp plus (manufacturer's rating).

A new roll-shift front axle which also changes the spacing of fornt wheels for row widths is now available for the first time in a tractor. This combines with power-shift rear wheels introduced by Allis-Chalmers in 1948 so that all wheel spacings can be changed without blocks or jacks.

Among other Allis-Chalmers "firsts" included in the new tractor are two-clutch power control; automatic Traction Booster; and Snap-Coupler hitch.

A brand-new line of "ROLL-IN" quick-hitch cultivators that can be rolled into position and quickly put on or removed without wrenches has been designed for the D-14. These are a part of the complete line of implements available for this tractor.

Michigan F.F.A. Meets At M.S.U. March 25, 26

Michigan's 11,000 Future Farmers of America will send their representatives to Michigan State University March 25 and 26 to conduct business, vie for honors in contests and receive awards for outstanding achievements in the past year.

Each of 245 F.F.A. chapters in the state will send two delegates to the 29th annual convention of the Michigan Association Future Farmers of America. Other chapter members will accompany the delegates to take part in the convention's many activities. One of the convention's top award highlights will be the naming of the Star Farmer of Michigan, the most outstanding youth to receive the state farmer degree from the Michigan F.F.A. in 1957. Fourteen adults who have made substantial contributions to the F.F.A. will be recognized when the farm boy organization awards them honorary degrees. Other convention highlights include the presentation of a pageant depicting the historical frontiers of Michigan, and an address by Jerry Ringo, Kentucky, national vicepresident of F.F.A. Most of the convention sessions are to be held in the M. S. U. auditorium and are open to the public.

Agricultural Agents Weekly Column . . . .

HAVE PROBLEMS?

More than 450 publications, most of them available without charge, are listed with the Lenawee county extension office.

According to L. G. Hall, Lenawee county agricultural agent, these publications deal with methods of farming and problems farmers encounter in their business.

There are also many, many booklets that deal with various phases of homemaking and gardening, he said.

Most of these publications are on file in our office, and a telephone call, or an office visit may place in your hands a booklet explaining the very problem you are now facing.

These booklets are written by specialists in various fields who explain the situation, how the best approach is made according to research findings, and suggestions to solutions to common problems.

FUTURE TREND

More commercial calf feeds are being used by the state's dairymen than ever before, according to C. A. Lassiter, Michigan State University dairy specialist.

E. C. Ingerson, Assoc. county agricultural agent, points out that this trend will swing upward in the future as less expensive products are developed.

Calf feeds which replace milk are high priced. Dried skimmilk is the costliest ingredient, he said.

One of the reasons for this high cost is the use of relatively costly proteins. To solve this problem research workers are concentrating their programs to find more economical protein sources.

One such study is that conducted at Michigan State University, Ingerson said.

There researchers are studying the enzyme, pepsin. They hope that it will make possible the use of less costly plant proteins instead of higher priced animal proteins.

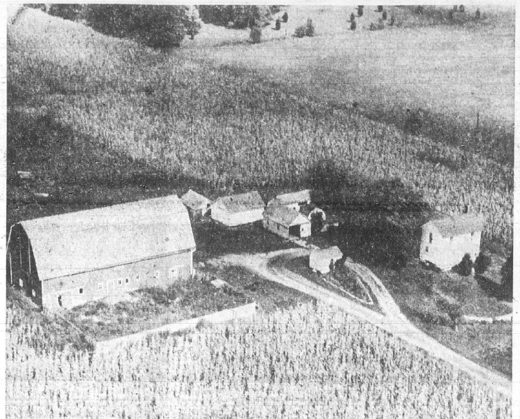
1957 Agriculture Conservation Funds Available

T. O. Brittain, Chairman of the Lenawee County ASC Committee, announced today that Agriculture Conservation funds are still available. Practices such as Liming, Field Stripcropping, Planting Trees or Shrubs, Permanent Pasture Improvement, Permanent Fences to Protect Farm Woodland From Grazing, Establishing Sod Waterway, Special Purpose Vegetation for Protection Against Erosion, Field Diversions, Structures for Erosion Control, Tile Drainage, Farm Ponds, Winter Cover Crops, Green Manure Crops, Establishment of A Vegetative Cover to Protect Cropland Throughout 1957 Crop Year, can still be carried out before the experation date of these practices.

In connection with the lime practice, a soil test is required of each field intended to be limed. A sample is to be taken to the County Agents Office, located in the basement of the Court House, Any farmer who has not previously applied for a payment for the cost share of ACP practices, if he will make that application now or as soon as possible he will receive a cost share. Applications concerning these practices are to be filed at the Lenawee County ASC office, at 118 West Church Street, Adrian, Michigan.

Farmers must get their request into the county ASC office before the starting of any of the above practices. The ACP funds are intended by Congress to be spent in the interest of additional conservation to obtain the maximum conservation benefits. There are many times as many conservation practices that should be carried out in Lenawee County as there are available funds. Any farmer who will perform additional conservation practices with the use of this cost-share that has been appropriated by Congress should make an application just as quickly as possible.

Mystery Farm Owned By Clair A. Morse



Roger Gillespie of Route 1, Tecumseh first identified last week's Mystery Farm Thursday morning as the Clair A. Morse farm located 3 miles west and 1 1/2 mile south and 1/2 mile west on Robbins Road. He won a two years free subscription to the Herald for being the first to identify the Mystery Farm.

Mr. and Mrs. Morse have owned the farm since March 1956. The Morse's have a son Michael who is 5 years old. Mr. Morse belongs to the Fairfield Mason Lodge, Mrs. Morse belongs to the Fairfield Order of the Eastern Star and they belong to the Congregational Church and the Britton Grange.

The Morse family was given an aerial photograph from the Herald and are entitled to $5.00 worth of merchandise courtesy of French's Market.

Meeting On 1958 ACP Is Planned For March 15

Recommendations for conservation practices to be offered to Lenawee county farmers for cost sharing assistance under the 1958 Agricultural Conservation Program will be made at a meeting March 15 at 1:00 P.M. in the Supervisors Room, Court House in Adrian.

T. O. Brittain, Chairman of the county Agricultural Stabilization and Conservation Committee, said that the county ACP group, consisting of county agent, members of the county ASC committee, Soil Conservation Service, Farmer's Home Administration, Soil Conservation District Directors, representatives of farm organizations and others, will hear recommendations of the community committeemen. The ASC committeemen, both community and county are elected by farmers. Community committeemen and others will offer their recommendations to the group. "Farmers are invited to give their ideas on what they think the 1958 ACP should provide to their community committeemen so it can be considered at the county meeting," Chairman T. O. Brittain said.

Detroit Market Only One Over Federal Order

In a report summing up stormy price negotiations Glenn Lake, president of the Michigan Milk Producers' Association, said that the Detroit market is the only major market in the nation to have premium milk prices over the Federal Order.

Lake said this premium will amount to 73c per hundred over Federal Order prices during March and April and 52c during May, June and July. Last spring the premium over Federal Order prices averaged 20c per hundred.

Other figures in the summary of price negotiations showed that Detroit Class I milk prices will average 53c per hundred over Toledo and 95c per hundred over Chicago.

Action by MMPA delegates in realigning prices for the next five months came about as a result of cheap milk competition from Toledo and the threat of a flood of milk from the Chicago market.

Lake also pointed out that a firm stand by MMPA on the issues voted by delegates forced Detroit dairies to reduce the retail price of milk by 1c per quart.

MMPA demands were not accepted at first, he said. Several large dairies attempted to add strings to aggreements and MMPA promptly refused. Later the dairies agreed to the terms as spelled out by MMPA.

A letter from one of the large dairies to MMPA stated: "As we have indicated on several occasions, we are very much opposed to the practice of paying more for milk than the price specified under the Federal Order. We feel, however, that under the circumstances we have no alternative but to agree to the price schedule outlined to you."

Last week Lake called on dairies of the Detroit market to do their part and meet competition and thus protect the market.

Signed price agreements from dealers were officially accepted by the Detroit Sales Committee.

Annual Blood Bank Club Meeting Held Recently

The annual meeting of the Odd Fellow and Rebekah Blood Bank Club was held at Garden City. The meeting was for the purpose of reporting the blood supply in the Bank at University, Oakwood and Mt. Carmel Mercy Hospitals and electing officers for the coming year.

Britton, Onsted, Dundee, Ogden, Adrian and Tecumseh along with seventeen other Odd Fellow Lodges and four active Rebekah lodges participate in the club.

Sixty lodge representatives attended this important meeting. Bernard Bishop, of Britton, is District Chairman and Vice President of the Blood Bank Club.

The Blood Donor Committee of the Grand Lodge of Michigan met in Ann Arbor on February 17th and reviewed the work being done by the Club, for the purpose of establishing similar operations throughout the state.

The Blood Bank Club plans on donating blood to the Children's Leukemia Foundation, Simpson Memorial Hospital, Ann Arbor (for research on blood disease) Children's Hospital and to other worthy causes.

In 1938, more than eighteen years ago the Oddfellows and Rebekahs of Michigan were the first in the world to organize volunteer blood donor groups. Since that time they have had a prominent hand in pioneering many developments in the blood donor field.

When World War II came, the technique of using blood plasma had been developed and it was planned to use this technique in the saving of thousands of lives on the battle fronts of the world. The problem, however, was to find the donors, because at that time the pubuim had not been sold on the idea of giving blood. Representatives of the United States Army and the American Red Cross came to the Oddfellows of Michigan for help. The organization volunteered 10,000 pints of blood, to start off the blood plasma program for the National Red Cross. Then came more development, it was found that whole blood could be successfully stored, under proper refrigeration, for a period of about three weeks. Oddfellows and Rebekahs gave the blood to set up the first blood bank of Michigan, at Harper Hospital, Detroit. Shortly afterward, they donated the blood to set up the first blood bank at University Hospital, in Ann Arbor.

In July, 1946, the first Oddfellow and Rebekah Blood Bank Club was organized. On July 9, of that year, the first blood was deposited and the Blood Bank Club has since been in successful operation.

Britton Rebekah Lodge Held Regular Meeting

The Britton Rebekah Lodge met Tuesday evening with Mrs. Forrest Weichner presiding. The Lenawee County Memorial was announced for May 19 and will be held in Tecumseh at the Youth House, with the Britton Lodge introducing the association officers.

Committee reports were given on the benefit games. A benefit card party was announced for Saturday evening March 16 at the Odd Fellow Temple, with Pearl Smith, Mrs. Charles Fairbanks and Mrs. Herbert Maynard in charge. It was voted to send $4 to the Memorial fund for the home in Jackson. The Odd Fellows and Rebekah lodges are planning to serve a supper with Pearl Smith, Mrs. Joseph O'Neil and Mrs. Tom Korican in charge. Refreshments were served after the meeting.

CITY OF TECUMSEH
COUNCIL MEETING
March 4, 1957

Present: Mayor Hanna, Councilmen Brazee, Hamilton, Powell, Purkey, Schwartz.

Absent: Kelso.

Meeting opened with the invocation by Councilman Schwartz.

Minutes of the meeting held February 18, 1957 read and approved.

Motion Brazee and seconded Purkey the bills as follows be approved and orders drawn up for the same. General Fund $13,324.11; Water Operation and Maintenance Fund $1,702.54; Water Deposit Fund $10.00. Motion carried unanimously.

Motion Schwartz and seconded Purkey to reject the Waskin Subdivision Plat and a notice to this effect be sent to them. Motion carried.

The following ordinance was presented for the first reading

ORDINANCE

WHEREAS the consideration of prospective and final plats which subdivide land within the City of Tecumseh occasions divers duties on the part of the City Planning Commission, the City Administrative Force, and requires the expenditure of monies for attorney opinions and filing fees in connection therewith; and

WHEREAS the City of Tecumseh is authorized by statute to require a fee of not to exceed $60.00, the same to be paid by the sponsor of the plat prior to the time when said plat is first presented to the City Planning Commission.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. 7.405 INITIAL PLAT FEE. Effective 1 April 1957 any plat presented for consideration and approval to the City of Tecumseh shall be accompanied by a filing fee of $25.00, the same to be paid into the General Fund of the City.

Motion Purkey and seconded Powell the petition from property owners on East Chicago Blvd. between Evans and Ottawa streets for the alley at the rear of the stores to be paved with concrete with gutters to carry off the water from said store buildings, be acknowledged and the city manager prepare costs on the project. Motion carried unanimously.

The following ordinance was presented for the first reading

ORDINANCE

WHEREAS proper development of the City of Tecumseh and adequate protection to the property owners residing therein is deemed to be encouraged and enhanced by the enforcement of certain minimum standards of building construction.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. That the following provisions be enacted:

a. Section 7.401 BUILDING STANDARDS. Effective 1 April 1957 no building may be repaired, altered, or erected unless the same shall conform to minimum standards established by the Federal Housing Administration for the general area of this city. Said minimum standards as so established being incorporated into this Ordinance by reference thereto. Violation thereof shall be deemed a misdemeanor.

b. Section 7.402 BUILDING INSPECTION FEES. Effective 1 April 1957 a building inspection fee shall be charged by the City of Tecumseh to the applicant for a building permit at the rate of $5.00 for the first $1,000.00 of the estimated project cost, and $1.00 for each additional $1,000.00. Said fees shall be paid by the applicant at the time the building permit is requested.

Motion Powell and seconded Hamilton the communication from Charles Hensen be referred to the City Attorney. Motion carried unanimously.

Motion Schwartz and seconded Powell the revised plat of the Waskin Subdivision be approved at the discretion of the city attorney. Motion carried unanimously.

Motion Purkey and seconded Schwartz to accept the city manager's report and the same be placed on file in the city office. Motion carried unanimously.

Motion Hamilton and seconded Purkey the meeting adjourn. Motion carried unanimously.

Mayor: H. H. Hanna
Clerk: Naomi Sallows

WILDLIFE HELPED

Generally moderate temperatures during February helped Michigan wildlife get through a normally difficult time of year. The most troublesome time for birds and animals usually is late winter, when energies are low and snow is deep. Food is scarce and the first greenery of spring is a long way off. This is the time when starvation and exposure take their tolls.

The western upper peninsula still has 30 inches of snow in many places and 10 inches is reported at Marquette. And in the lower peninsula, snow still holds in deep woodlands, though this portion of the state is largely snow-free. But deer appear to be ranging freely in the lower peninsula, while still confined to swamps and protected areas in the upper. Conservation Department biologists say a cold, snowy March could mean serious trouble for upper peninsula deer. One starved deer already has been reported in the Baraga district.

There was some concern earlier that squirrels, especially in the northern lower peninsula, would be in trouble in late winter because of a general acorn crop failure last year. With snow removed, squirrels can sniff up other food, so the threat is lessened.

Other species welcome the open winter, too, except perhaps the snowshoe hare. He is still garbed in traditional white winter fur and therefore is garishly conspicuous to friends and enemies alike.

☆ ☆ ☆

TREES AVAILABLE

Michigan farmers and other landowners are reminded that the Conservation Department's forestry division is taking orders for reforestration trees to be delivered for the spring planting season.

More than 6,000,000 of the seedling and transplant trees have been allotted to fill orders received to date, but about 15,000,000 trees still are available. Forestry officials urge that landowners place their orders now for trees to be shipped during the planting season which gets under way in early April.

Ample amounts of trees are on hand to fill the needs of landowners, but the supply of some species probably will be exhausted before the planting season begins because trees are allotted as soon as orders are received.

These trees can be purchased by persons wishing to participate in the U.S. Department of Agriculture Soil Bank and A.C.P. programs, as well as other landowners who wish to plant trees for reforestration or Christmas tree production. The trees may not be used for ornamental plantings.

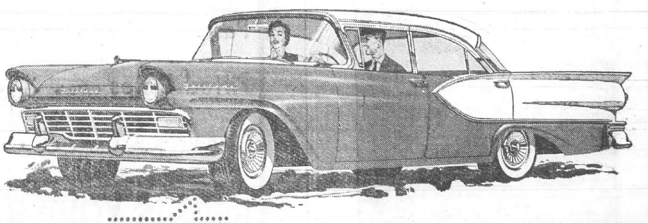
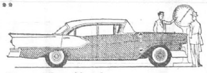
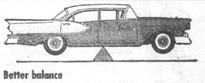
How come the new Ford rides so smooth and solid?



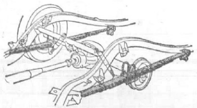
It's the new inner Ford that gives you a big-car ride at low Ford prices
● Folks just naturally love Ford's lower, sleeker silhouette. And they love Ford's new Thunderbird V-8's and Mileage Maker Six. But the thing that's really got 'em buzzing is Ford's new ride. In the new kind of Ford, vital riding features team up to give you the smoothest going in the whole ride world. For example:



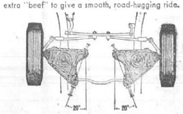
More weight and length
Head for the roughest road in the new kind of Ford. Notice how the biggest bumps lose their "thump"! One reason is that this biggest, longest, heaviest Ford has the extra "beef" to give a smooth, road-hugging ride.



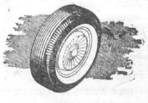
Better balance
One of Ford's nicest back-road habits is to make believe the rough spots aren't there. Proper weight distribution and precise balancing let Ford iron out bumps far better than many of the higher-priced cars.



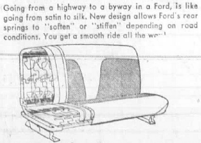
New automatic variable-rate rear springs
Going from a highway to a byway in a Ford, is like going from satin to silk. New design allows Ford's rear springs to "soften" or "stiffen" depending on road conditions. You get a smooth ride all the way!



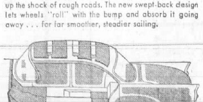
New swept-back Ball-Joint front suspension
Ford's new, stronger front suspension is designed to soak up the shock of rough roads. The new swept-back design lets wheels "roll" with the bump and absorb it going away . . . for far smoother, steadier sailing.



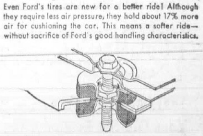
New lower-pressure tires
Even Ford's tires are new for a better ride! Although they require less air pressure, they hold about 17% more air for cushioning the car. This means a softer ride—without sacrifice of Ford's good handling characteristics.



More comfortable seating
There's no sag when you sit in a Ford . . . even on long trips. Comfort-contoured seats, rigidly anchored, have advanced springing for greater comfort and longer life.



More body insulation
Ford has more body insulation—protection against weather, dust, and noise—than any car in the low-price field. You ride through city traffic in library-like quiet.



No metal-to-metal chassis and body contact
Only Ford in its field uses 20 Cushion Quiet rubber body mounts . . . more than any other low-priced car. It all adds up to a smoother, quieter riding car.

COMMUNITY CLUB

The Macon Community Club will meet on March 19, at the home of Mr. and Mrs. Bert Bruder in Tecumseh for a potluck supper at 7:00.

JOINT MEETING HELD

The Alice Jane Circle and the Women's Society of Christian Service Day group held a joint meeting Wednesday evening in the Church. Mrs. Rose Gilmore led the devotions. Mrs. Ruth Howell, Mrs. Bessie Travis, Mrs. Marion Ayres, and Mrs. Evelyn Hawkins sang "Rock of Ages" while Mrs. Luella Bigelow did a pantomime in front of a large Cross. Mrs. Helen Thomas accompanied them on the organ. Mrs. Donald Bates gave the prayer. The groups then seperated for their individual business meetings. The Women's Society of Christian Service will hold their annual spring Ann Arbor District meeting in Milan, April 3. Reservations are to be made by March 29. The Mother and Daughter Banquet will be Friday, May 10, at the Church. Alice Jane Circle will have charge of the program. Mrs. Joseph Sheward the menu; Mrs. Lois Jordan, tickets; the dining room committee will be announced later. The group decided to give the church treasurer one hundred dollars to be used for Church expenses. The groups gathered together in the church dining room for a short program at the close of their business meetings. A kitchen shower was held for the church. Many useful gifts were given. The Alice Jane Circle served refreshments at the close of the program.

IRISH BOX SOCIAL

Mr. Elwood Bush and his committee are arranging an Irish Box Social to be held at the Tecumseh Grange on Friday, March 15 at eight o'clock. Mr. George Brablec of Britton will be the auctioneer. There will be fun for everyone. Come and bring your friends.

PUBLIC SUPPER

The Alice Jane Circle is having a Public Swiss steak supper on Friday, March 29. The committee met with Miss Hallie Jane Mehler and made the final arrangements.

CONCERT

The Macon Methodist church Choir is sponsoring a concert to be given March 17 by the Ann Arbor Methodist Choir. Dr. Lester McCoy will direct the forty-five voice choir. Dr. Lester McCoy has directed the choirs in the past in their presentations of the "Messiah". The public is cordially invited.

LOCALS

Recent guests in the Carl Thomas home were Mrs. Maud Vorhees, Mr. and Mrs. Linford Drakes and family, Mr. and Mrs. Albert Williams and family of Tecumseh, Dr. William Taves of Banning, Calif., Mr. and Mrs. James Thomas and son of Clinton.

Merl Sanch has returned home from the University Hospital in Ann Arbor.

Joseph Bock has returned from a vacation in Florida.

Mr. and Mrs. Harold Kuder and Mr. and Mrs. Hamilton Moore Sr. spent Wednesday in Blissfield visiting Mr. James Moore and Mrs. Pearl Kuder.

A large group attended the monthly church Fellowship dinner on Sunday. Mr. and Mrs. Dyke Helms and Mr. and Mrs. Dean Moore served.

Mr. and Mrs. Charles Gorton and Mr. and Mrs. Charles Bigelow were in Milan Saturday afternoon for the funeral of Mrs. Marie Libbey.

Mr. and Mrs. Harold Van Valkenburg of Ypsilanti visited his mother, Mrs. Mary Van Valkenburg in the Herrick Memorial Hospital.

Mr. and Mrs. Harold Gibson are vacationing in Florida.

Jerry Rhoades, son of Mr. and Mrs. William Rhoades is ill with chickenpox.

Mr. and Mrs. E. James Mitchell and son Floyd, of Royal Oak, spent the weekend with Mr. and Mrs. Hamilton F. Moore. Other Sunday guests were Mr. and Mrs. Charles Fetterman and three sons or Adrian, Mr. and Mrs. Dean Moore and Mr. and Mrs. Harold VanValkenburg of Ypsilanti.

The Macon community was saddened by the death of Guy Collins. He will be greatly missed by all his relatives and friends.

Future Of P. T. A. To Be Decided By Vote March 28

A meeting of the High School P.T.A. will be held Thursday evening, March 28, in the High School study hall. A discussion will take place as to whether it is advisable to continue the P.T.A. meetings or not. Mr. Neville Hart, high school principal, attended the National Conference of Principals in Atlantic City in February and made it a point to find out what other high schools are doing. He found that the majority of schools in this area do not have P.T.A.'s, but do hold open house in the spring and fall similar to those that have been held here. A vote will be taken at this meeting and it is hoped that a good attendance will be present.

Ralph Comfort To Show Pictures Sunday Evening

Ralph Comfort, who recently returned from a tour that took him around the world, will speak and show pictures Sunday evening at 7:30 p.m. in the Tecumseh Friends Church. Rev. Chester Stanley of Damascus, Ohio, who is the Missionary Superintendent of the Ohio Yearly Meeting of the Friends Church, accompanied Mr. Comfort on the tour. The purpose of the tour was to investigate conditions in India and Formosa and make recommendations to the Missionary Board of which Mr. Comfort is treasurer. The problem in India is to turn the American Friends Mission of long standing over to the Indian christians as rapidly as possible. In Formosa the problem is that of a very rapidly expanding Friends Mission.

Jaycees To Present Show Fri. And Sat.

The Tecumseh Jaycees report that everyone is going to the Minstrel Show Friday and Saturday at the Products Union Hall. Performances begin at 8:00 p.m.

Those who have seen sneak previews report that it will rival last year's extremely successful Wonanless Wedding for laughs and provide some wonderful singing as well by persons never suspected to have talent as well as by some well known local talent. It has even been reported that another Elvis Presley ala Minstrel Show style might well be discovered one of the two nights.

Since the announcement of the cast in the March 7th issue of the Herald, the cast has changed somewhat in organization. However names such as Demont Poley, Jr., Preston Caswell, Ray Shelton, Robert Murray, Robert Mohr, Don Brazee, Wally Whiting, Jerry LanenKamp, Duncan Oliphant, Fred Dickinson, Art Schwartz, Al Williams, Dick Beemer, Del King, Bob Laidlaw, Charles Cottle, Mac McCluskey, Dick Kahle, Ed Ferguson, Ray Puffer, Jr., Bill Pace, Steve Illeck, Pete Dermeyer, James Freckelton, Fred Dickinson, Al Williams, Art Schwartz, Duncan Oliphant, Joe Conway, Tom Corkery, Jack Osburn, Phil Belleville, Jack Shutt, John Babcock and Merlyn Downing are still there.

Tickets are available from any Jaycee member. Proceeds will go to the Youth Activities Fund.

Outstanding Citizen For 1957

Tecumseh Herald photo

Adrian Lodge No. 429, B.P.O. Elks, presented its Outstanding Citizenship Award for 1957 to Ray W. Herrick (receiving the award), chairman of the Board of Directors of the Tecumseh Products Company and well known philanthropist, Thursday night at a dinner in Adrian. Others in the picture are Mr. Herrick's son Kenneth on the right and Wayne Sowers, past exalted ruler of the Elks, presenting the award and plaque on the left.

Mayor Hanna was introduced and congratulated Mr. Herrick in behalf of Tecumseh. Ray Herrick, in his acceptance speech after the presentation by Wayne Sowers, said that it was the 2nd greatest thrill in his life. The first greatest thrill was when he was awarded an honorary degree from Purdue. He gave his parents a good share of the credit for the success that has filled his life. When he left his parents, he carried a suitcase tied together with cord. His father gave him a piece of philosophy that has been his guiding light: "don't worry what you get out of America, worry about what you can put in and God will take care of the rest". He said that he had always tried to help those who couldn't help themselves since most of the rest are able to manage pretty well on their own. He spoke briefly of his interest in Maple Lane Manor and Adrian College.

The Citation presented Thursday night, reads as follows:

"The amazing story of your success is a combination of factors which parallel the success of your community, the City of Tecumseh. The businessmen and other citizens of your community gave evidence of their early faith in the future of yourself and your business, which faith has proven to be well founded."

"Your success has been due to many factors, but your deep faith in God, your strong conviction that your success is due partly to the American way of life, and your tremendous drive and hard work are factors which have contributed to your picture of an "individual ruggedism."

"However, this Citation is not given to you because of your success as an industrialist, but in recognition of Ray W. Herrick as an individual and a citizen. You are known to your friends and associates as a man with an explosive personality, but extremely sensitive and softhearted. True, yours is a story of "Horatio Alger" success, and yet, you have not lost sight of the needs of your fellowman."

"Having had but an eighth grade education, you have realized the importance of higher education to citizens of our community, and have assisted many of our younger citizens in attaining the higher education so important to the continuation of our American way of life. You have taken an interest in the rehabilitation of those citizens among us who have strayed from the straight and narrow path,

March Of Dimes Nets $5,252.74

Mrs. Harold Easton, chairman of the Tecumseh-Raisin area March of Dimes campaign for 1957 reports a total or $5,252.74 collected for the City of Tecumseh. Mrs. Easton and Mr. and Mrs. Charles Stevenson attended the annual meeting at the Lenawee Hotel in Adrian. The check was turned in at this time.

The County chapter is launching a campaign urging folks to get their Polio Shots before June 15. Watch this paper for further details on the drive.

Newly Organized Flying Club To Meet Saturday

The newly organized Flying Club will meet Saturday afternoon at 2:30. Anyone interested in flying or joining is invited to come.

When the membership reaches 10, an individual interested in promoting flying in Tecumseh has offered to purchase a two place airplane for the group to be paid back by dues, initiation fees and margin over expenses on a non profit interest basis. The initiation fee is $10.00 and dues $5.00 per month. Flying time including fuel will be approximately $4.00 per hour until the plane is paid for.

At last count, there were 7 paid members and many interested persons ready to join. Membership will be limited to 15 persons to eliminate overcrowded scheduling.

ON MOTIVATION

I wonder how high taxation can go before motivation is destroyed to the point of destroying the main spring of the free enterprise system? The answer is impossible to come by except by trial and error. However, it definitely can be said that there certainly is a limit where taxation reaches or will reach a point where it slows down or prevents economic expansion.

Businessmen can be heard daily saying "why should I go after more business when I would only be throwing myself in another bracket and would realize very little or nothing for my added efforts." This is what I mean by taxation destroying motivation. When it gets to the point where all businessmen everywhere feel there is no incentive to expand, then we have a very serious problem indeed. It would seem that we would have a growing population needing everincreasing amounts of goods and services having to compete for more or less a fixed supply intended for previous levels of population. When we have more dollars chasing less goods, inflation seems to be the necessary result. An inflationary spiral of course brings on suffering from fixed income groups which is not tolerable in a country like ours. Of course another serious problem of a growing population with the motive for economic expansion destroyed is an ever increasing amount of unemployment as young people out of school are not able to find jobs and older less efficient people are forced out of jobs due to the abundance of unemployed labor. We might even have the odd result here of

Red Cross Drive Underway In Lenawee County

The Annual Red Cross Fund Drive is now underway in Lenawee County and while Tecumseh has contributed their share through their Community Chest Fund, there may be others who would like to feel personally that they have contributed to the less fortunate.

As Disaster strikes, the National Organization, moves into action, and already enormous sums have been spent on the Disasters in southern Virginia, Kentucky and Tennessee. The destruction, the terror, the feeling of utter futility in the face of nature's terrifying forces can only be imagined. Last year the American people through

Three Tecumseh Churches Have Pipe Organ

A few weeks ago, the Herald stated that the Methodist Church had the distinction of being the only Church in Tecumseh to have a pipe organ. Actually St. Peter's Episcopal Church, St. Elizabeth's Catholic Church and the Methodist Church all have pipe organs.

At the present time, organ men are repairing and tuning the pipe organ in St. Peter's Episcopal Church. The workmen discovered that the pipes of the organ were made in 1878 on August the 2nd and 3rd. This date is stamped on the pipes.

Council To Let Bids For Needed Building

Tentative plans and sketches of the proposed City Hall and Police Department (above) were submitted to the City Council Monday evening for their study and approval. The plans were drawn by Lyle Zisler and Associates, Detroit architects.

A $40,000.00 anonymous gift to the city for the building plus the architect's fee was accepted by a unanimous vote of the Council. They also voted to submit the specifications of the structure for bids as soon as possible so that construction can begin as soon as possible. Total cost of the structure is estimated at $70,000.00.

The tentative plans call for a 74½ ft. by 72 ft. structure with the City Hall facing E. Chicago Blvd. and the Police Department facing North Maumee St. It will contain a Council Chamber, General City Offices, Clerk's and Treasurer's Office, Mayor's Office, City Manager's Office, an office for the Building Inspector and the City Engineer and Assessor, a Police Department, an office for the Chief of Police, a jail, several vaults and storage places and public rest rooms according to the tentative sketches.

A representative from the business district was present at the Council meeting to ask if something could be done to prevent customers of local stores from being ticketed for double parking when picking up merchandise in the stores. The Council was of the belief that the present enforcement of double parking was necessary. It was pointed out that there are twelve-minute parking meters in the business section to help relieve the parking situation especially designed for those who wish to run into stores for only a few minutes to pick up their needs.

The Council approved the change-over order on the drilling of test water wells because the test wells drilled so far have not been successful. The new contract OK'd drilling a well in Herrick Park and one on the east side of Maumee Street near the river.

The new addition to the Fire Hall to house the new fire truck was discussed and an expenditure for a new 2-stall addition 30 x 30 feet at a cost up to $4,000 was approved.

Assessors plat No. 5, a parcel of existing land east of M-52 and North of M-50, was presented and approved at the discretion of the City Engineer.

Sprague-Watson Vows Spoken In Double Ring Ceremony

The Rev. Horace James performed the double ring ceremony uniting in marriage Shirley June Watson and Douglas Warren Sprague Saturday, March 16th at three in the afternoon in the First Methodist Church of Tecumseh. The bride is the daughter of Mr. and Mrs. Stewart Watson of Tecumseh and Mr. and Mrs. Carroll C. Sprague, also of Tecumseh and formerly of Hudson, are the parents of the groom.

The altar of the church was beautiful with baskets of pink and white carnations and snapdragons against a background of palms, behind the lighted altar candles.

The bride approached the altar on the arm of her father and was dressed in a spring suit of soft grey with white accessories and carried a bridal bouquet of miniature pink rosebuds outlined with white carnations. Her only jewelry were pearl drop earrings, a gift from the groom. Miss Shelia Sprague, sister of the groom, was her maid of honor and wore a pale pink suit with matching accessories and carried a bouquet of dark pink carnations. Miss Shirley Sprague, another sister of the groom, served as bridesmaid and wore a suit of turquoise with white accessories and carried a bouquet of pale pink carnations.

Gerald Watson, brother of the bride, served the groom as best man and Lloyd Watson, another brother of the bride and Donald Sprague brother of the groom, served as ushers.

Mr. Gerald Henricks presided at the organ preceding and during the service and accompanied Miss Shelia Sprague, the maid of honor when she sang "Whither Thou Goest" and "The Lord's Prayer".

The bride's mother was dressed in a blue and lavender silk print dress with accessories of white and wore a corsage of miniature rosebuds and violets. The groom's mother was dressed in a beige silk dress with biege accessories and wore a corsage of gold emypedium orchids. The groom's grandmother, Mrs. Millie Sprague, was dressed in Navy blue with white accessories and wore a corsage of pink carnations.

After the wedding, a reception for the guests was held at the home of the bride's parents, which was beautifully decorated with bouquets of spring flowers. Miss Vicki Johnston was in charge of the guest book and Miss Josephine Furgusen assisted with the many lovely gifts. Miss Karen Beach cut the wedding cake and Miss Gay Teske presided at the punch bowl. Mrs. Lillian Fielder and Mrs. Betty Lake served the groom's cake and coffee and ice cream in the shape of wedding bells. Guests were present from Brooklyn, Hudson, Adrian, Clayton, Prattville, Pontiac, Lapeer and Tecumseh. The groom's brother, A/1c Alfred R. Sprague of the USAF of Mt. Home, Idaho was unable to be present.

Mrs. Sprague is a graduate of Tecumseh High School and is employed by the General Telephone Company. Mr. Sprague is a graduate of Hudson High School and is employed by Tecumseh Products Company. He also served four years with the United States Airforce, serving both in Korea and Japan and is now a member of the Air Reserves.

Mr. and Mrs. Sprague left on a week's honeymoon in the southern States and the bride was wearing a corsage of American Beauty rosebuds. Upon their return, they will reside in their recently purchased new home at 712 Winonah St., Indian Acres, Tecumseh.

A rehearsal dinner for twenty-two guests was held in the home of the groom's parents on Friday evening before the wedding. The tables were centered with bouquets of sweetpeas and pussywillows and places were marked with pink hearts and tiny pink cupids. Miss Brenda Sprague and Miss Janice Saling served.

The bride was honored also by prenuptial showers given by Mrs. Chester Beach and daughter Karen, and also by the girls at General Telephone Office.

Delmar Finch's Host To Good Cheer Class

Mr. and Mrs. Delmar Finch opened their home Friday evening to the Good Cheer Class when twenty-one were present. Miss Elizabeth Chase led in prayer and Mrs. Bess Rector continued with the devotions. Mr. Finch spoke very interestingly on Early American History. Refreshments were served from a tea table decorated in the St. Patrick Day theme with Mrs. Ernie Van Vleet and Mrs. Fred Sheldon pouring.

The next meeting will be held in the Van Vleet home and Miss Chase will again present the devotions. Mr. and Mrs. E. H. McConnell will have charge of the program. an inflationary spiral in goods while wages were going down due to an oversupply of labor fighting for jobs. At first glance, it might seem that profits would be where the gains would be made. However, this would not be the case. If the tax structure were high enough to completely destroy motivation for expansion, it would be high enough to tax away most of the higher percentage of profit due to the discrepancy between prices and wages (the greatest portion of cost in many industries).

Although we have just "let ourselves go" and manufactured a hypothetical situation, I think it illustrates that the successful operation of our free enterprise system depends on the unhampered operation of motivation. Let us hope that the Hoover Report and other recommendations for better government at a lower price are thoughtfully considered by our ruling bodies. There is a limit! We are not there yet but are close enough to see the warnings.

Tecumseh Police Report Accidents For The Week

The Tecumseh Police Department reported a three car accident March 16th on Adrian Street, when a car driven by Robert King, Jr., Tecumseh and owned by Elwood Simon, Adrian ,another car driven by Harry Bush, Jr., Tecumseh and one driven by Glen W. Dens Of Pack 73 Presented Interesting Program Mon.

The regular meeting of Pack 73 was held Monday evening, March 18th at the Products Union Hall at 7 p.m. The theme for the month, Indian trails, found all cubs arriving in full Indian regalia that had been made either in their den meetings or at home.

The scene was set with a large tepee, work of den 8 and an artifical camp fire that put all in the real Indian spirit. As war drums made by den 10 and played by Robert Seitz and Tom Elliott sent out their sounds, all braves did a toe-heel dance around the fire giving their chief and parents a good view of all their finery. After paying respect to their Chief Akela by giving the scout sign and saying Akela, we'll do our best, they sang John Brown had a little Indian.

Each Den choose a tribe to study and portray and as Akela called roll by tribes, the boys answered with yells about their particular tribes: Sioux — Den 1, Apache — Den 2, Iroquois — Den 3, Pueblo — Den 4, Mochians — Den 6, Shawnee — Den 8, Navajo — Den 10, Ottawa — Den 12, Potawatami — Den 14, Cheyene — Den 16, and the Webelos.

Skits were given by Dens 1 and 6. Den 1 portrayed life of the Sioux and Den 6 demonstrated life of young boys in several tribes all narrated in prose.

The den chief, Tom Dickinson of Den 1, fulfilled a number of requirements of the Indian Lore Badge by making his costume, the sketch for his make up and then presenting, during the skit,, explanations of various Indian games and Indian Music besides generally helping as a den chief should with the very fine skit. As Mrs. Fred Dickinson narrated, Mrs. Roy Beasley took the part of the Sioux Indian woman stirring her cauldron and the Cub Scouts danced the Buffalo dance around the Council fire.

Five boys from the Webelos under the direction of Charles Lewis gave a knot tying demonstration being timed as to their speed in doing six. Murray Richardson and Tom Wilson tied with a time of about 3 seconds followed by Howard demonstrating amazing speed by tying the six knots in 27 seconds.

Den 6 with den mother, Mrs. Lowell Wise narrating, presented a delightful skit of six little Indians hiding in a forest, made by their own hands, capturing pale face, Davey Crockett and tying him up. After the capture they did an Indian dance around the victim. Mrs. Kingersmith is the assisting den mother.

Awards were presented with very impressive Indian ceremonies. The following boys received awards.

Lee Hannibal wolf badge, Tim Dickinson silver arrow, Jeffery Robison gold arrow, Douglas Gillies silver arrow, Larry Kiser silver arrow, Russell Blanden gold and 2 silver arrows, all under wolf badge. Ernesto Sanchez wolf badge and gold arrow. Douglas Beasley, David Day, Marlow Elliott, Glenn Green III, Walter Zarnoch and Doyal Hannibal all received Bear badges. Randy Fergus bear badge and gold and silver arrow, Carson House bear badge and gold arrow, Michael Montgomery bear badge and gold arrow, Dennis Richardson gold and silver arrow under bear, Robert Glenn silver arrow under bear and a two year service star. Terry Haughn Lion badge, Richard Graham, Thomas Wilson, Michael Wilson, Murray Richardson and Tom Matteson all received their Webelos badge and were inducted into Boy Scouts Troop 73 by the Scoutmaster Howard Wilson and boys of the Troop in a candlelight ceremony.

Den 8 closed the meeting with a sign language benediction. Carson House explained a air-rifle plan to parents and the vote carried to set up a air rifle training program for boys of the Pack.

Their will be a skating party at the Adrian Skating Arena this Saturday, March 23 from 2 to 4. Boys are to meet by 1:30 at the scout cabin. The next committee meetings are to be held April 1st: morning at Mrs. Lowell Wises 10 a.m., evening Mrs. Neal Brazees at 7:30 p.m. Plans will be made for a fun night program for April Pack Meeting to be held on April 15th.

Cubby became the property of Den 2 for the month since they had a 95 percent parent attendance.

Committee men and Den mother also dressed in Indian costume.

Rotary Club Well Attended Tuesday Night

There was a good attendance at Tuesday night's Rotary Club meeting and those present enjoyed hearing a talk by Mr. Allan Seger of Tecumseh, a professor in the English Department at the University of Michigan. He is also an American novelist and short story writer. He told of a trip he enjoyed with his family through France, visiting interesting and historic places. They traveled about 3600 miles by auto throughout that country. He stated that accommodations were not as good as in this country, but that the food is better. However food is not as cheap as in the United States although the portions are large.

It was of interest to learn that pork chops in France are $1.10 per pound, veal $1.20 per pound, bacon 80c. The average worker takes home about $100 per month in his pay check. Mr. Seger also pointed out that the population in France has increased 1,200,000 since the war. He concluded his talk by saying "aside from all the troubles in France, he believes it to be the most beautiful country to travel in throughout the world."

Announcement was made of the new officers for the ensuing year as follows: President, Virgil Tucker; vice president, Carlos Jones; secretary, Lester Rogers, re-elected and treasurer, George Green, Sr.

Clifford Knudson was taken into the club as a new member.

New Child Study Club Held 2nd Meeting Thurs.

The second meeting of the new Child Study Club was held Thursday evening at the home of Mrs. H. Lee Prettyman. The Club will be known as Tecumseh Child Study Group 2 so it will not be confused with civic working organizations.

To become better acquainted each member gave her name and the names and ages of her children. Mrs. Prettyman conducted the meeting and members voted that the membership be closed with the limit at 25 since that number can comfortably be accomodated in the homes. Any one interested in becoming a member may sumbit their name as the club has a waiting list. The group was invited to combine their April meeting with that of the original club in order to hear the Michigan Child Study Club State President, Mrs. John O'Brien.

The next meeting will be held April 8 at the home of Mrs. Howard Truesdale with Mrs. Frank Humble and Mrs. Robert Breniff assisting as hostesses. Mrs. Jack Trudeau and Mrs. Douglas Tate will assist with the childrens favors.

The election of officers was held and the following elected: Mrs. H. Lee Prettyman, president; Mrs. Ray Schlegel, vice president; Mrs. Jack Trudeau, recording secretary; Mrs. David Murphy, corresponding secretary; Mrs. Donald Van Camp, treasurer; Mrs. Breniff, membership; Mrs. Richard Lask, sunshine; Mrs. Donald Purkey, publicity.

You'll Be Old, Baby William . .

Give or take a few years, a baby born after July 1, 1958, is likely to be a grandfather before the nation's staggering debt load is worked off.

That is by calculation of Budget Director Brundage, given before the House Appropriations Committee recently. Estimating a $269 billion debt as of June 30, 1958, he forsees the debt paid off in annual installments in 59 years—or by 2017.

But it may be longer, according to Committee estimates. Figuring on a debt at the $275 billion statutory limit, they say it could be paid of fin either 94 years (2062) or in 144 years (2102).

Take your choice but its a long time (and a lot of money) any way you look at it.

Guild To Meet March 28th

Mrs. E. C. Dickin presided at the meeting of the St. Peter's Guild last Thursday. Mrs. W. W. Ring presented the worship service. Mrs. Herbert Gilmore read from the book "We Believe" and refreshments were served by the hostesses, Mrs. Ring and Mrs. Glenn Williams.

The next meeting will be held March 28th when Mrs. C. B. Brock and Mrs. LaVern Russell will be co-hostesses. The Guild held a breakfast at the home of Mrs. Koelbel March 19th, when Mrs. Theodore Rundell was co-hostess.

Plant Shrubs With Space For Growing

If you are planning to plant some shrubs around your house, be sure to get them far enough away from the wall, advises Joe Cox, Michigan State University extension specialist in landscape architecture.

Two main problems arise from planting too close to the house. They are crowding of the plants, and lack of water.

If a shrub is planted too close to the house when it's small, it will crowd up to the walls when it is mature. It should be far enough away from the wall that it will not have to pruned and trimmed away when it matures.

The other problem, lack of water, is a result of the eaves on the house taking moisture away from the plants. The building protects the shrubs from much of the rain from which they might otherwise benefit.

Many persons like to plant their shrubs one and one half times as far away from the building as their mature diameter. In other words, if a plant will mature to four feet in diameter, it should be planted six feet from the wall.

The size that a plant will be when mature can be determined from a foundation plant key prepared by Cox, and available from the department of landscape architecture at Michigan State University, East Lansing.

W. C. T. U. March Meeting Held

The March meeting of the W.C.T.U., with 11 members present, met at the Friends church Tuesday March 11. The meeting was opened with the group singing, "Lead on O King Eternal." Girl Scouts Take Field Trips

Girl Scouts of Troop Number 12 enjoyed a trip recently to the Talon Zipper Factory where they were shown how the product is packaged, a machine that folds and glues them and also how the girls employed fold and staple them. Mrs. Clifford Knudson and Mrs. Robert Rutherford are in charge of the Scout Troop.

Troop 17 of the Girl Scouts also enjoyed a trip to the same factory last week and a visit to the Clinton Woolen Mills where they were shown through the plant and given samples of the beautiful woolen materials. Mrs. Thomas King is the leader of this troop of girls who are very appreciative of her efforts in their behalf.

Bongo Board Good Fun For Kirk Douglas

Kirk Douglas is an actor of many skills. He proved his prowess as a boxer in "Champion" and as a trumpet player in "Young Man With A Horn." Now, in Warner Bros.' "Top Secret Affair," Douglas shows that he is quite a man on a bongo board.

The comedy starring Douglas and Susan Hayward arrives soon at the Strand Theatre.

According to the script, Douglas is supposed to establish a record in balancing on the precarious board while being interviewed by red-haired Susan Hayward in her role of a beautiful-but-dangerous magazine publisher. Douglas stands securely on the board holding a drink in one hand as he gives lengthy answers to loaded questions asked by Miss Hayward. Susan is trying to write a disparaging article on Douglas, the army's toughest general.

Douglas hadn't mastered the mysteries of the bongo board the first time. On three previous evenings at home he had been teetering back and forth on the board. After he mastered it, he balanced on the board while rehearsing his dialogue for the scene, which reportedly is one of the laugh-highpoints of the film.

Raisin Bees Extension Club Had Meeting Mon.

The Raisin Green Bees Extension Club met at the home of Mrs. Robert Beevers, Monday, March 18 at eight o'clock with eleven members present. The semi-annual report of group activities was filled out and returned to the Extension office. Each member was urged to support the project to build or remodel the Home Economics Building at Michigan State University at East Lansing by writing Representative Rollo Conlin, of Tipton, Michigan. Extension Clubs are endeavoring to increase membership in their individual clubs and assist with the organization of new clubs.

Mrs. George Halberstadt distributed the identification tags which she made which will be worn by all members on Achievement Day, May 1. Announcement was made of a special interest meeting "Shortcuts in Home Sewing," to be held at the Consumers Power Building, April 2.

Participation in the Red Cross Home Nursing course was postponed until April 15.

A tour through the Toledo Museum or some other educational point of interest was discussed for an event of the near future.

Final plans for attending the Television Program Ladies Day, April 19, were completed. The lesson, "Your Part in Family Living", was presented by Mrs. Orman Socks and Mrs. Edward Osburn. Refreshments were served.

George M. Foster To Speak Mar. 25

George M. Foster, candidate for State Highway Commissioner, will be in Adrian, March 25. He will attend a luncheon being given Monday noon at the Eagles Club where he will speak on "Michigan Highways." Mr. Foster has had 25 years experience in the State years as Chief Deputy.

W.S.C.S. Meeting Held Recently In Church Parlors

The Woman's Society of Christian Service met in the church parlors Wednesday, March 13th with fourteen members and one guest, Mrs. Alta Daly of Dundee, present. President, Mrs. Carlos Jones, was attending the North Central Jurisdiction Conference at Central Church, Detroit and in her absence, the meeting was called to order by vice president, Mrs. Edward Leighton. The group was led in worship by Mrs. Clyde Smith. A note was read from Mrs. Horace James expressing her thanks for the good wishes extended to her while she was in the hospital. It was voted that the group continue serving the Rotary dinners for the ensuing year. It was voted also that the group raise the missionary pledge for the ensuing year.

The following announcements were made. The District meeting will be held at the Milan Church, Milan, April 3. Reservations are to be made by March 28.

The annual White Breakfast will be April 11, in the church dining room.

The Mother and Daughter Banquet will be in May. The definite date will be announced later.

The mission study class will meet at Albion July 8 to 12.

The World Fellowship Conference will meet July 28 to Aug. 3

Program leader, Mrs. Clyde Smith, assisted by the members, led in the topic "Church and Mental Health." The group heard how Christianity applied by Christian people can help each other.

The meeting was closed in regular form followed by dainty refreshments in keeping with St. Patrick season served by the committee, Mrs. Hefler, Mrs. Powell, Mrs. Eggleston and Mrs. Adams.

Calendar Sale Progressing Well

The Band Boosters Community Calendar sale is progressing very well. Most of the organizations in town contacted thus far have listed their meeting dates and special events. The listing of birthdays and anniversaries is progressing as fast as the teams can make contact. Anyone not contacted may call one of the committee members or Mrs. Harry Beland, chairman, before April 1. These listings are what will make the calendar of community interest and are also the Band Boosters method of raising money. The regular meeting of the Band Boosters is to be held Thursday, March 28.

Ridgeway P.T.A. Heard E. Hannula

The Ridgeway Area P.T.A. met March 13 at the Ridgeway School when the president, Mr. James Baker, conducted the meeting and appointed Mrs. LeFere, Mrs. Harold Ruhl and Mrs. Clarence Schroeder as the nominating committee. Mr. Baker asked that all P.T.A. manuals be turned in at the next meeting to be held May 8.

Mrs. Edward Hannula of Adrian, Director of District 3 of the State of Michigan, gave a very interesting talk on P.T.A. and its purposes. Refreshments were served by 3rd and 4th grade mothers.

Indian Theme Predominates At Pack 4 Meeting

Pack 4 of the Cub Scouts held their regular meeting Monday evening in the Youth House with an Indian theme predominant. After the grand march by all Indian Cubs and Den Mothers with drums, hatchets, war clubs, bows, and arrows, they were all seated in a semi-circle near an Indian teepee. Den 1 presented the Indian Chief Dance under the leadership of Mrs. Wallace Rutherford and Mrs. Warren Sharpe. Den 2 played "Swat the Mosquito" and displayed Indian articles under the leadership of Mrs. Richard Brighton and Mrs. Elwyn Merx. An Indian dance was presented by Den 3 under the guidance of Mrs. Pat Hallor and Mrs. Ted Pihl. Den 4 presented a short history of two Indian tribes with Mrs. Fielder reading the narrative as the boys displayed their costumes and Indian articles. Another dance was presented by Den 5 with the assistance of Mrs. George Anderson and Mrs. Lee Kaynor. Den 6 played the following Indian games under the direction of Mrs. Fred Boike and Mrs. Harvey Carpenter; Antelope Race, Skin the Snake, and Rabbit race with boys of Den 9. Den 8 displayed and explained a totem pole under the leadership of Mrs. Glenn Work, Mrs. Douglas Hall and Mrs. Fred Butler. Den 9 presented a frog race; den mothers are Mrs. Paul Bame and Mrs. Bruce Osburn. Den 7, under the leadership of Mrs. Hal Warren and Mrs. Pat Hatch, gave an Indian sign closing, and had charge of the opening and closing flag ceremonies. Mrs. Eugene Fisher, a former den mother in Den 2, has started a new den of Tipton boys who have been meeting with the Tecumseh Pack 4. Den 4 won Cubby with the highest percentage of parents present.

Cubmaster Dustin began the Award ceremony with the induction of Dennis McClue into the Pack. With the assistance of the awards chairman, Elwyn Merx, Dr. Dustin presented Eddie Roe with 2 silver arrows under the Wolf badge and a bear badge with one gold arrow; Larry Merx with one gold arrow under the bear badge; Tracy Oliver with a silver arrow under bear and a denner stripe; Richard Stearn, an assistant denner stripe; Lynn Gomez, a wolf badge; Hal Warren, a silver arrow under Wolf and a one year service star; Michael O'Donnell, a silver arrow under Bear; Paul Gomez, a 2 year service star; Richard Duffin, a Bear Badge; Earl Cook, a denner stripe; Douglas Wilcox, an assistant denner stripe; Steven Butler, a gold arrow under a Wolf badge and Dennis Beamer, a silver arrow under the bear badge.

Indian arrowheads, pictures of the Navajo and Shawnee tribes and Indian costumes, loaned by Mrs. E. H. McConnell, were displayed with other Indian regalia on the display tables.

Farmers Get $10 For Extra Dollar Spent

Though Vernal alfalfa seed is selling for $10 to $12 more per bushel of seed than is Ranger alfalfa seed, farmers will more than make it back in the first year's cuttings. According to Leyton Nelson, Michigan State University farm crops department, Vernal will yield an extra half ton of hay which is worth about $10.

The extra cost for seed will run to about $1 per acre if the grower uses improved methods of seeding—banding the seed in at the rate of one bushel per ten acres. The supply of Vernal is short. And farmers who want to plant this variety had better buy their seed now for at planting time they might well find the supply gone. Under average growing conditions, Vernal will yield a half ton of extra hay per acre. And, will outyield Ranger on the second year by slightly more than a half ton.

Though Vernal is superior to Ranger, in the interest of conserving seed, farmers should plant it on fields they expect to keep in alfalfa for more than two years. It is a long-life, winter-hardy, wilt-resistant, high-yielding, good-appearing, well-adapted alfalfa. It has a great deal of resistance to leaf spot disease and farmers will not have anywhere as much leaf drop on the second cutting. This also adds up to higher yields, he said.

White Replaces Traditional Black

Why do you buy the things you do? That's a question psychologists are exploring today, seeking the reasons behind our buying habits.

A few years back, they point out, the average American preferred a solid black car two-to-one over all other colors. But today's free-and-easy times have brought changes, and one of them, reported recently by one of the nation's leading auto manufacturers, is the emergence of white as the most popular single-tone car on the road.

Psychologists account for the change by saying that the average American wants his personal possessions to reflect his personality, pointing to the overwhelming demand for deluxe two-tone combinations.

100 Percent Protection Is Now Possible

One hundred percent protection against Polio is now possible for Lenawee County Children.

The Lenawee County Medical Society in their monthly meeting this week promised that no child need suffer disease from lack of immunization. While their immediate concern was the need to accomplish polio protection before the polio season onset in early summer, it was emphasized that protective shots against Whooping Cough, Diphtheria, Tetanus and Small Pox are included

Doctors will furnish the immunization without charge for children of parents unable to afford this protection. The only requirement in cases of need, it that a recommendation slip be obtained from the County Welfare Department, in the basement of the County Office Building or in out-lying areas from a local representative. The parents will take this slip to their family physician who will arrange for this treatment at his office.

This program covers all children in the age group from one through fourteen.

Matthew Harden of Ann Arbor officiated at the service assisted by Rev. James Fortress of Jackson and Rev. Carl Swanger of Hudson.

Mrs. McDonnell was fifty years old, born May 6, 1906 in Toledo, Ohio. She and Mr. McDonnell were married Sept. 2, 1920, and spent most of her life in Petersburg, before moving to Tecumseh two years ago. She was a member of the Lower Light Mission Church.

She is survived besides her husband, Rev. Cyrenus McDonnell, by three sons, Arnold, at home, Wayne of Tecumseh and Alvin of Petersburg; three daughters, Shirley at home, Mrs. Junior Fouts of Tecumseh and Mrs. Lois Hoover of Petersburg; her mother, Mrs. Abbie Bliss of Maumee, Ohio; a sister, Mrs. Robert Bender of Anderson, Indiana; four brothers, James, Ralph, Clark and Byron Bliss, all of Toledo and seven grandchildren. She was preceded in death by a daughter, Betty Jane and a son, Dale Howard.

Mrs. Lorraine Harden accompanied by Mrs. Baughey sang, "After", and "Beyond the Sunset". The body was at the Green Funeral Home until 11 a.m. Saturday when it was removed to the church. Burial was in the Pleasant View Cemetery in Petersburg. The bearers were Donald and Frank Lawson of Ypsilanti, Jr. McDonnell of Ann Arbor, William Bender of Anderson, Indiana and Harold and Donald Stevens of Petersburg.

S. C. May Died Friday

S. C. MAY

Sylvester C. May, former printer and pressman for the Tecumseh Herald from 1921 until 1944, died March 15 in Muskegon's Hackley Hospital at the age of 91.

Mr. May was born in St. Johns, Michigan on July 10, 1865. He was a printer in Owosso for a number of years before moving to Tecumseh. Mrs. May, who also worked at the Herald, was the former Caroline Bonnell. The couple was married in Owosso on September 5, 1906. They have one son, Elwin, who resides in Twin Lake, Michigan. They went to Muskegon, Michigan after leaving Tecumseh. When Mr. May retired there at the age of 80, he was one of the oldest printers in the state. He leaves his wife, son and four grandchildren.

Funeral services were conducted by the Rev. Paul Schanzlin, pastor of Wood Avenue Methodist church. Burial was in Oak Hill at Owosso.

Sam R. McClure Has Passed Away

Sam R. McClure, brother of the late Henry McClure of Tecumseh, passed away in Pittsburgh last week at the age of 88. He broke one hip recently and never recovered.

Mr. McClure used to be in the grocery business with his brother many years ago in Tecumseh. He sold his share of the business to his brother and moved to Pittsburgh. There he married Vita McCulla, deceased, and has one son, and 4 grandchildren.

Saturday, March 30, Missionary Symposium at Adrian Armory, with fifteen southeastern Michigan churches cooperating.

Christian Science Sunday Service

Man's God-given dominion over material laws of sickness and limitiation will be emphasized at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon on "Matter" will include the following from Isaiah (33:20, 22): "Look upon Zion, the city of our solemnities: thine eyes shall see Jerusalem a quiet habitation, a tabernacle that shall not be taken down; not one of the stakes thereof shall ever be removed, neither shall any of the cords thereof be broken . . . For the Lord is our judge, the Lord is our lawgiver, the Lord is our king; he will save us."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (380:32-1): "Every law of matter or the body, supposed to govern man, is rendered null and void by the law of Life, God."

The Golden Text is from Colossians (3:2): "Set your affection on things above, not on things on the earth."

Guy S. Collins Laid To Rest

Guy Samuel Collins, 80 years old, died at 1 a.m. March 9, at Herrick Memorial Hospital after an illness of a few days. Mr. Collins was born in Saline Township Dec. 30, 1876, the son of Timothy and Elizabeth Collins.

He farmed the homestead property for many years, later moving to Macon where he was employed by the Ford Motor Co. More recently, Mr. Collins was employed in the Plant Protection Service at the Tecumseh Products Co.

He was a member of the Macon Methodist Church and also attended the Tecumseh Friends Church.

Mr. Collins is survived by two sons ,Russell of Macon, and Richard of Hudson; a brother, Guernsey of Ann Arbor; a sister, Gertrude of Dearborn; seven grandchildren, three great grandchildren, two nieces, and several cousins.

He was preceded in death by his wife, the former Lulu Day, in 1938, a daughter, Bertine in 1928 and a sister Grace. The funeral services were held at the Macon Methodist Church with Rev. Escolme officiating assisted by Rev. Bates. Bearers were -Ray Hendershot, Ray Gilmore, Ray Smith, Clayton Bigelow, John Crittenden and Michael Robison. The honorary bearers were Tim Neill, Harry Hoffman, Alva Meyers and Kenneth Ross. Burial was in Macon cemetery.

Notes From Grace Evangelical Lutheran Church

The Ladies' Aid meeting of Grace English Evangelical Lutheran Church was held Thursday and was well attended. The gift of $25 for the African mission was acknowledged. According to a previous decision, the L. A. has decided to make one monthly payment on the church debt until it is paid.

FAMILY NIGHT

March 26th was designated as Family Night, the occasion on which Pastor Koeninger of Lansing will speak as he presents the Lutheran Pioneers. This night will also be Recreation Night for the children. There will be refreshments for the children after the potluck supper which is to begin at 6 p.m.

BANQUET

The Ladies' Aid set the date of May 9th for the Mother and Daughter Banquet.

COUNCIL MET

The church council met on Monday evening, March 18th. The council decided to purchase 25 chairs for the Sunday School in addition to the 25 being purchased by the Ladies' Aid. Upon the pastor's suggestion, the council agreed to change the date of registration for pre-confirmation instruction from April to September. The date of confirmation in the future will be set by the calendar committee. Confirmation this year takes place on Palm Sunday. A class of 14 is to be confirmed.

MEMBERSHIP CLASS

The adult membership class met on Monday evening at 7 p.m. About 16 persons, including some of our members, attended. The next meeting takes place next Monday at 7 p.m.

BAPTIZED

David Arthur Linden and Donald Eugene Linden, sons of Mr. James Linden, were baptized on Tuesday, March 12th. Miss Marjorie Linden was present as witness.

MID-WEEK SERVICE

The mid-week lenten services take place on Wednesday evening at 8 p.m. The theme of the sermon on March 27th will be: "In Christ We Overcome Evil".

The Sunday School teachers will meet Thursday evening, March 28th at 7 p.m. All Sunday School teachers are urged to be present. Confirmed members, young and old, are also welcome to these meetings.

HUNTING ACCIDENTS

Fifteen persons were killed and 210 injured in hunting accidents during Michigan's 1956 deer and small game seasons. The death toll was the lowest since 1931.

In comparison with 1955, the accident total last year was exactly the same—225—but fewer fatalities were recorded in 1956.

During the 1956 small game seasons, with 753,200 hunters afield, four persons were killed and 169 wounded. Another 10 persons were killed and 39 injured during firearm and archery deer seasons which attracted 488,200 hunters. One fatal and two non-fatal casualties resulted from out-of-season deer hunting.

Accident averages during small game seasons showed one fatality for every 188,300 hunters and one wounding per 4457 hunters. The casualty average for deer season was one fatality for every 44,300 hunters and one wounding per 11,900 hunters.

Careless gun handling again was a leading cause of hunting accidents. In each of the four small game season deaths, the victim was within 10 yards of the fatal weapon and two of these persons were killed by accidental discharge of their own firearm. Four o fthe deer season deaths also were caused by a weapon discharge within 10 yards of the victim.

The belief that hunters often are shot when mistaken for deer is not borne out by accident statistics. Only five of the 52 deer season casualties were the result of mistaking a human for game. The majority of accidents was caused by careless gun handling while hunting, or when loading and unloading weapons.

A breakdown of casualty figures by age groups reveals that persons under 21 caused 71 of the 158 hunting accidents where the age of the person responsible was determined.

Troop 73 Scouts Enjoy Weekend At Winter Camp

Winter Camp at Kanestake was well attended by the Scouts from Troop 73. Thirty scouts, Howard Wilson, Jr., scoutmaster, Joe Kellogg, assistant scoutmaster, and Fred Dickinson, committeeman spent the weekend of the 8th, 9th and 10th of March at the Camp.

While there, the boys passed a number of requirements of the second class scouts and went ice fishing. Compass reading was the main achievement at the camp, learning the proper use of the compass and writing down the compass readings. The three Patrols used compass readings to discover flags distributed by the scoutmaster and returned to camp by the same method. The Patrol leader attending from the Apache Patrol was Ross Stephenson assisted by an acting assistant, Keith Kruse; from the Buffalo Patrol, Tom Dickinson assisted by Donald Sniffen and from the Woodpecker Patrol Dennis Irelan assisted by Michael Osburn. Two senior patrol leaders, Larry Titley and Bruce King also attended Saturday noon, the boys cooked their dinner by Patrols over open camp fires. A lot of fun was had by all attending and the Troop is very thankful to all who made the trip possible especially to Chuck Irelan who helped with the transportation.

The Troop is planning a weekend camping trip to Duncan Oliphant's farm the later part of April in preparation for the Boy Scout Camporee.

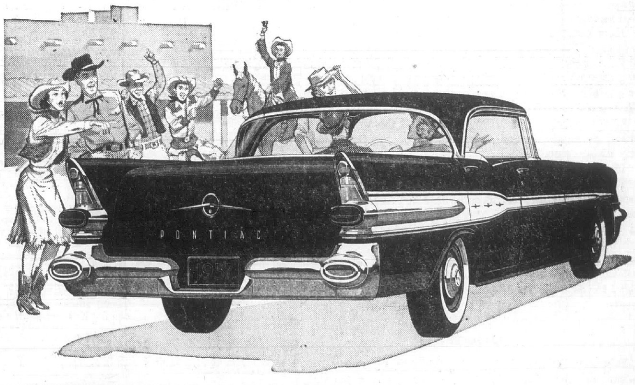
Look who upset the "Low-price" Applecart!



This one's had them rubbing their eyes ever since it landed smack in the middle of the "low-price" field! The handsome rebel you see right here is upsetting tradition right and left on what a modest budget should buy. It's pricing a big 122-inch wheelbase right down with cars from four to seven inches shorter! It's adding a big bonus of extra road-hugging heft—and powering it with an all-new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 for highest horsepower per pound in the field! A lot of might and muscle for sure—but it's gentled like nothing else on the road by Pontiac's exclusive Level-Line Ride and Precision-Touch Controls. And remember—the Chieftain's standards of luxury and quality were set by the same men who gave America the incomparable Custom Star Chief Catalinas. What we're leading up to is this: If smaller cars have gotten you down, you can actually buy a Chieftain Pontiac for less than 30 models of the "low-price three"! Why wait any longer to give your spirits and your budget the lift of a lifetime?

SOVIET UPHEAVAL

"We are now seeing the first of a long series of upheavals generated by the internal contradictions of the Soviet economy. For Soviet Communism has turned out to be a kind of capitalism—a kind that won't work." That is the substance, developed in great detail, of an article by Gilbert Burck and Sanford S. Parker in the February issue of Fortune.

The writers begin with a striking analogy—"The Kremlin today is like a reckless corporate board of directors that has become obsessed with the ambition of making its company the biggest in the world; having expanded plant and equipment too fast, it must now adjust its ambitions to reality." Every Soviet effort has been dedicated to overtaking and surpassing the United States in military and economic fields. The process has been one of forced, not normal or logical, growth. Russia's very real achievements, in other words, have been obtained by such iron-handed stratagems as collectivising the farms, forcing peasants into the factories, and holding production of consumer goods to minimum levels.

However, Messrs. Burck and Parker state, the nation can no longer grow by the same devices. Little if any more manpower can be taken from agriculture to serve industry. Population growth has been retarded by famines, war losses and deaths in slave-labor camps. So increased industrial production can come, for the most part, only by increasing productivity per man-hour—a fact which the latest Five Year Plan recognizes. But, as the writers put it, there is a big dilemma here: "Because popular resentment is actually beginning to affect production, the Kremlin must now make real concessions to consumers. But if the Kremlin makes such concessions, it cannot keep pace with, much less surpass, the military and economic progress of the U. S."

The Fortune article is illustrated with some revealing charts and tables. The Soviet labor force is half again as large as ours—yet produces only a third as much. The way the labor forces are divided is also highly significant. Both nations employ about the same number of people in government. But Soviet agriculture employs about seven times as many workers as we do, and Soviet industry 10 per cent more. On the other hand, Soviet workers in trades and services number less than a third of the U. S. total—which in itself clearly shows why Soviet living standards are so low.

In no field of consequence does Soviet production rival ours, even though she has managed to greatly increase her industrial output over the years. Russia produces less than half as much steel; about a third as much energy, and only a tiny number of automobiles, comparatively speaking. Her farm output as a whole is but half of ours, and meat production but a quarter. As for Russian consumers, this observation is made: "Never in modern history has a big economy vouchsafed so few crumbs to so many consumers."

How can the Kremlin relieve its tremendous economic pressures? It can continue its emphasis on heavy industry—but that, as the authors say, ". . . would require a new crackdown on the people and might end in violent revolution." Or it could place the emphasis on consumer goods—"Yet a real shift toward consumer goods, because it would end the myth of the necessity of absolutism, would pave the way for the gradual downgrading and disintegration of the Communist party dictatorship."

In other words, the Kremlin hasn't much choice. Matters might reach a state of desperation which would result in World War III. However, these writers believe, the crisis is more likely ". . . to spawn a long period of stopgap measures, and hoc policy changes, and Kremlin reshufflings. These might, over a period of years, effect a substantial and primary peaceful change in the Soviet system; or they might whet the people's appetite for faster and greater change and so lead to coups d'etat and popular uprisings."

REVENGE!

February 25th marked an important anniversary. But it wasn't one that was received with cheers. It was the 44th anniversary of the federal income tax.

A look backward is in order. In 1913, in the tax's infancy, the normal rate was one per cent and the highest surtax was six per cent.

Today the tax starts at 20 per cent, on the lowest taxable incomes, and rises to a high of 91 per cent.

The Portland Oreganian makes this wry and apt comment: "We didn't invent the income tax . . . The British started using it to support their military campaigns in the late 1700s, shortly after we licked them at Yorktown and won our independence. Well, they have their revenge."

New Fiction:

"The Homecoming Game," Nemerow, H.
A humorously written story based on the dilemma of a professor at a small college who meets opposition to his high principles in the form of the current footmall star and his henchmen.

"The Believers," Giles, J.
The author continues her series about the settling of Kentucky with a moving story of love and marriage in a Shaker community.

"The Etruscan," Waltari, M.
The author of **The Egyptian** gives us another historical novel, this time concerning the mysterious Etruscans who dominated the Italian peninsula over 2500 years ago, and of the adventures of the hero in piracy, love, and war.

'A Ticket for a Seamstitch," Harris, M.
A baseball story written in the vernacular which catches the mood of the shirtsleeved crowd in the big city ball parks.

"Underdog," Burnett, W.
A tense yarn of underworld intrigue and suspense—swift, unsentimental, exciting to the last page.

"Marry Me, Carry Me," Kennelly, A.
This is the story of a marriage, its near-failure and ultimate salvation.

"Tower in the West," Norris, F.
A dramatic story of the generation that went as young men to the First World War, and watched their children dealing with the aftermath of the second.

"The Guns of Navarone," Maclean, A.
Five men were chosen to silence these guns in one swift, secret stroke, and this is the robust and exciting account.

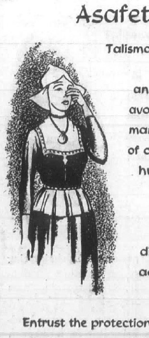
Asafetida Amulet



Talisman, charm, and amulet were all worn by our ancestors in an effort to avoid the plague. Not too many years ago, the bag of odorous asafetida was hung about the neck as protection against contagious diseases. It kept friends at a distance, but whether it acted the same against disease is doubtful.

Entrust the protection of your body against disease to your physician only. Your doctor and pharmacist should be selected with care and relied upon with confidence.

A nationally-known columnist recently commented on the "boomlet" in land under way in several sections of the nation.

He observed: "For every real millionaire there are dozens of MEMORY MILLIONAIRES. The men who mourn "If I only had This oft heard phrase "expresses someone's regret over being asleep when opportunity hammered on the door like thunder, then passed on, perhaps never to return".

Right here in Tecumseh, we have met several "MEMORY MILLIONAIRES," or at least "MEMORY HUNDRED-THOUSANDAIRES". People who remember when all classes of property could have been bought for a fraction of the present prices. "If I only had - - - - - - -" they say. But they can't turn back the clock—those particular opportunities are gone forever.

Fortunately, though, new opportunities exist. Many national economists predict a rather constant inflationary trend. While prices seem high to us now, "We ain't seen nothing yet". For one expert, predicts a doubling or trebling of prices by the end of the 1960's.

We don't guarantee that his prediction will come true. Nevertheless, the long range national price trend is definitely upward.

We do feel, however, that well-selected real estate is a good investment anytime. So take steps now to prevent joining the ranks of the future "Memory Millionaires". Let us help you find a good property.

One of the most important discoveries of this miracle age of new medicines is the right use of vitamins. Properly taken they are a blessing to mankind.

Be cautious about claims made for their use by untrained door-to-door salesmen and stores that sell them under the name of food supplements. Compare the potency, prices and quality of the vitamins they sell with the reliable brands we pharmacists offer.

Be wise. Ask your physician or pharmacist for the answer to your vitamin questions. We both are dedicated to consider your health more important than quick profits.

News From The Tecumseh Grade Schools

CENTRAL SCHOOL NEWS

Everywhere around the school there are signs of Spring—children jumping rope, windows open, pussywillows in vases and the results of the March wind.

The March Wind busted into windows all through the school and especially disturbed the "Poppy Poster Makers" in each of the Fourth, Fifth and Sixth grades. In spite of him, there are many colorful posters ready to be entered in the Poster Contest sponsored by the American Legion Auxiliary. They are made to help advertise the sale of poppies.

If the Wind had breezed through Mrs. Becker's sixth grade room he would have seen a miniature airfield complete with control tower, runway, wind sock, hangers and airplanes.

He could have watched the children multiply fractions by whole numbers during the Arithmetic class.

Buzzing across the hall he would have heard Mrs. Crawford reading parts of the Iliad and the Odyssey and he would have noticed how these stories helped her sixth graders understand the early peoples who influenced our lives.

He slowed down and heard Max Quinn being chosen as their good citizen of the month.

Dashing down the upper hall he entered Mr. Kelty's fifth grade room just long enough to see their Poppy Posters and whizzed out the door again.

In Mr. Sawyer's fifth grade room he would have had to circle around several times to get a good look at the transportation unit project. Construction paper road signs, especially Richard Fielder's speed limit sign, Marilee Kiser's M-50 road sign and also Carol Campbell's stop light would have made him take notice. Model cars were also in the display.

Then there was Charles Saling, Edgar Pate, Clark Nichols, and Gary Naugle's bulletin board on the "Tecumseh Indians" with newspaper clippings about our team which would have made him stop for sure.

In Mrs. Baily's room he would have been very much at ease hearing the fourth graders talking about the sky at night. He could even have offered to help them find some of the stars at night.

Across the hall he rustled Jim Lawson's paper as he wrote a letter to Mr. Touborg inviting him to show the movies of his African Safari. Mrs. Whiting's fourth grade is treating all the 4th, 5th and 6th grades to the movie and if March Wind could have stayed until Friday, March 15th he would have enjoyed it immensely.

The wind wound down the stairs to the first floor and as he blew by Mrs. Miller's room he would have heard several children in her fourth grade discussing happenings in her room.

Bonnie Strahle was talking about their Tooth Brushing Chart. Each day the roll is called and if a child forgets to brush his teeth in the morning a black spot is placed beside his name in the space for the day.

He would have found the fourth grade children in Mrs. Callihan's room so interested in watching a perfect Polymephemos moth come out of a cocoon they wouldn't have noticed him. The children watched as the moth completely unfolded its wings. Fritzalynn Van Norman brought the cocoon to their room last fall.

When the excitement died down they had returned to the study of Minneapolis in Social Studies. They also discussed the farming done in the Tecumseh area.

Taking just a moment, Mr. Wind whirled around the steps to and would have entered Mr. White's room. He would have seen Jean Preston showing her bird book, Jeanetta Holland photos of Mobile, Alabama, and Linda Callihan and Sandra Petrovich samples of rayon.

If he hadn't been so impatient he would have seen how these fifth graders were proving that carbon dioxide is heavier than air and that it can put out a fire.

March Wind felt he must hurry as he had seen other children dashing outside for recess. So, he whizbed out an open door and circled the playground. He would have heard many things if he had listened carefully. This is what would have been discused as the day went on: Mrs. Schwartz' third graders have been doing experiments with levers to learn how they make work easy. They have found that levers reduce the force needed to lift objects. The nearer the fulcrum is to the weight lifted, the less force is necessary. If the fulcrum is moved toward the force, more force is needed but the weight can be lifted higher.

Mrs. Thomas' third graders were happy to welcome Linda George back to school after her recovery from chicken pox.

They are starting their unit on plants. They have learned that the most important factory in the world is a plant. Without plants they would be unable to live. They are growing plant seeds and bulbs for their window garden and to watch them grow.

Mrs. Van Winkle's room is decorated with pretty kites, each child designed his own. The second graders are looking forward to flying them down at the athletic field.

The cursive alphabet is up on the wall now. As they learned the letters they would put the card with that letter on the wall. They are writing words and soon will be writing sentences.

Sherryl Harper's mother and little brother, Gary, were recent visitors in Mrs. Puffer's room. These second graders have been interested in learning more about healthful foods to eat. They have learned that "something green and something yellow to eat each day" is a good rule. They have a bulletin board display of body-building foods.

Friday Miss Lukens brought her first graders into Mrs. Neitling's room and they enjoyed stories on film strips. Since they remembered their manners, they will have another movie Friday. They particularly enjoyed the story of "Tar Baby".

The **first** and **last** name blackboard is nearly filled with lovely green shamrocks. When a child can write his first and last name without a mistake he puts it on a shamrock and puts in on the board for everyone to see.

Sheryl Gartee surprised the children with Dixie Cups the afternoon of her birthday. It was Sheryl's first birthday party.

Mr. March Wind took a fancy to Miss Lukens' first graders and decided to go with them back into the room.

Here he heard Barry Lamkin and Gary Easton read their stories to the class. He rustled the pages in their book and then he noticed something that made him stop short. He was nicely "chalked up" in a pretty March scene on one of the blackboards. Barry Lamkin's mother delightfully surprised the children with a chalk picture showing Mr. Wind puffing away as a small boy tries to fly a kite. "The March Wind Does Blow" is the caption for the picture.

After viewing this March Wind decided to end his tour of Central School and with a swish left by the read door.

PATTERSON SCHOOL NEWS

We are happy and excited! On March 20 the kindergarteners are making our trip to a farm. We have been looking forward to it for a long time and we like to talk about all of the things that we want to see.

Our zoo, that we have made has been fun, too. We have made up many little animal dances and songs. Many new words have been added to our vocabularies that we like to use.

Tommy Marine has left our morning group and we will miss him.

Kathy Jo Hammack brought a nice St. Patrick's Day treat for her classmates in first grade. Each one received a red sucker in a large shamrock leaf. Kathy Jo made the shamrock leaves of green construction paper.

Last Friday we made some finger puppets. They were little Irish dancers. We put them on our fingers and went into the kindergarten and put on a show.

Leroy Schlegel's mother brought some live lobsters to school to show us. They surely had large pinchers and many legs.

Miss Pat O'Brien, the girl who works in our office, has been very interested in our Irish decorations. So she has been sharing her leprechaun doll, Timmy, with us for two weeks. He surely looks like a mischievious little fellow. Miss O'Brien told us she has had him for six years and that he really came from Ireland.

Our third grade room is literally flying away with kites. All of us made a kite from construction paper and then to fly our kites we made ourselves. These we drew and cut out. We have them on our bulletin board with a large windy cloud blowing them.

We have started a "Signs of Spring" showcase for science. So far we have some moss, a branch that has budded out, clay figures playing marbles, and kites flying. We want to add lots more to it. We have planted different seeds to watch them grow and to experiment with as a to light, water, soil, etc.

In language we have been working on book reports. There are a lot of interesting and exciting books we want to read after hearing the reports.

Cynthia Tatar, Linda Brazee and Calvin Richard treated us on their birthdays.

John Dixon is a new pupil in our fifth grade. We now have thirty-four in our room.

We have finished our American Legion Auxiliary Poppy Posters in Art class and are planning to start Easter Decorations soon.

Last Thursday we had a Fire drill and we cleared the building in about a half a minute.

The Knitting Kneedle 4-H girls made St. Patrick Day hats for the patients at Parrett's Nursing Home.

The March wind doth blow, the kites doth fly, and the balmy March weather doth bring out the balls and bats. And so its a joyous and festive time for all.

Young hearts are eager for the summer holiday season which is fast approaching. Sixth graders at Patterson feel that the year has passed rather quickly and now we begin to feel the pangs or feelings that accompany the thoughts and realization that our days spent here are swiftly ebbing away. In a sense we are eager to pass on to a new experience in life, yet a bit apprehensive because we know that things will not be the same. We assume, however, that our new experiences will be equally as fruitful and challenging as those have been in the past, therefore we are hopefully looking forward t Junior High.

RIDGEWAY SCHOOL NEWS

FIFTH AND SIXTH GRADES

MISS YOUNGLOVE

We fifth and sixth graders are having an easy time with fractions We think they are fun.

Mr. Greene, our principal brought Mr. Max Green, a police man from the Tecumseh Police Force, to talk to us about bicycle safety. We appreciated the books he brought and the advice which he gave us. We are glad he came.

All of us are glad that Ann Marks, a member of the sixth grade, is able to be home from the hospital. We hope Ann will soon completely recover from rheumatic fever.

Everyone in our room enjoys having Mr. Bennett, our music teacher, visit our room each Monday afternoon. We like the music program. A few days ago we were quite thrilled to hear the broadcast of the music program which we took part in when we visited the University of Michigan Radio Station W.U.O.M. at Ann Arbor.

In art class we made portraits of each other. We look forward to having Mr. Hickerson, our art teacher, come to our room each Tuesday afternoon.

Miss Younglove, our teacher, brought us a bouquet of pussywillows from her home.

Almost everyone of us have seen some signs of spring. Jim Baker and Juan Flores have seen red-winged blackbirds. Ronald Majtyka and Darrell Marsh saw a butterfly flitting across the playground.

NEWS OF THE FARM

Future Farmer of the Month

DARRELL A. LOWERY

The Future Farmer of the month is Darrell A. Lowery. He is the son of Mrs. Sarah M. Lowery and the late Mr. Virgil Lowery. They live at 3618 North Rogers Hwy. on a 60 acre farm.

Darrell's projects include a registered swine breeding project, which he received through the F.F.A. Pig Chain and he has a 1/3, 2/3 partnership with his mother on 10 acres of wheat, 17 acres of corn, 8 acres of soybeans and 3 acres of seed rye.

Darrell is President of the F.F.A. and in charge of the Supervised Farming Program and point system. He has participated on the Farm Forum and Parliamentary Procedure teams in the District and Regional contests, attended the state F.F.A. Convention at Michigan State University and the Livestock International Exposition at Chicago. He was reporter for the chapter in 1955 and is a Junior at Tecumseh High School.

County Group Hears Talk By Tecumseh Editor

Philip Belleville, editor of the Tecumseh Herald, addressed the County Farm Bureau at family night in Adrian Tuesday evening. Mr. Belleville, a Phi Beta Kappa with a degree in economics from the University of Michigan, and winner of the Chicago Tribune Award in 1955, spoke on "The Implications of the 2nd Hoover Report in Regard to High Taxation".

A delicious potluck dinner was served to those in attendance.

Public enemy number ONE is the stop-sign passer. — DRIVE SAFELY

Agricultural Agents Weekly Column . . . .

Horizontal silos can be fitted to save one of two things—money or labor, according to L. G. Hall, county agricultural agent.

The self-feeding variety costs up to $1,000, five to ten times more than the storage type. Most self-feeding silos are about six feet deep and 16 feet wide compared to eight or ten feet deep and 10 to 16 feet wide for storage silos.

Most of the added cost for the self-feeding silo goes into weather resistant floors and walls of wood or concrete. Earth will do the job in the storage silo.

A good bunker type silo requires adequate drainage above all else, according to Agent Hall. Ground near the silo should slope away from it at the rate of at least three feet in every 100 feet. The floor should slope toward the open end at rate of two feet per 100 feet of length.

Be sure that the silo is far enough away from farm buildings. A distance of about 20 feet from the nearest building may be needed for machinery movement.

The distance from a barn or feeding area will depend partly on the method of feeding. If the silo is located near a feedlot, the open end can be pointed toward the housing area. Be sure that spring and summer winds will not blow odors toward the farm house.

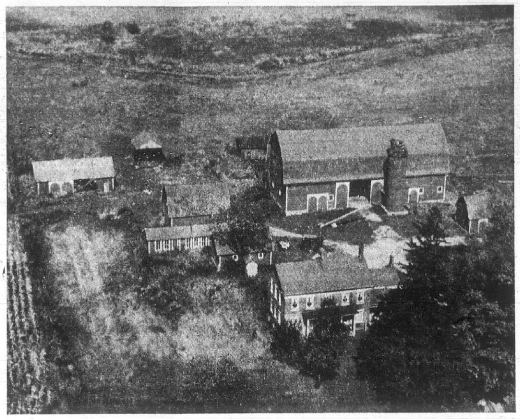
If you build on a hillside, the silo may be entirely below ground. On more level land, most silos should be partly or entirely above the surface.

Horizontal silos are making a comeback, believes Agent Hall. They are well adapted to grassland farming. Construction costs are low and improved equipment has made filling and unloading easier than in past years.

As dairy herds become larger and larger, more and more farmers feed supplemental grass silage in the summer. The silage is cut in early June while it has high protein value.

This method starts the second cutting growth early so that many late summer and early fall rains are avoided during the second harvest.

"Mystery Farm" Owned By Mrs. C. Brown



Last week's Mystery Farm is located at Holloway and is the property of Mrs. Clyde Brown who lives on Route 1, Britton. The farm was called the Frank Gobba farm. Mrs. Gobba, Mrs. Brown's mother, lived on the farm for 85 years.

Mr. August Scholzen of Route 2 Britton first identified the farm and was given a two year subscription to the Herald.

Recent changes in the farm include tiling of the land and remodeling of the house. Mr. and Mrs. Clifford Brown and family, Mrs. Clyde Brown's grandson, lives on the farm at present. The Clifford Brown's have two children; Susan 4 years old and James Clyde 1 year old in August. Mr. Brown works in Dundee at the old Ford Mill. His hobby is race horses.

The type of farming engaged in is general grain farming.

Producers Should Watch Market For Advantage

The U. S. Department of Agriculture urge soybean producers to watch soybean market prices closely during the next several weeks for possible advantageous redemption and price support loans on 1956-crop soybeans.

In many areas, market prices have been above support prices thus enabling producers to pay off their loans and market the soybeans at a higher price than the support. Last fall, the USDA announced a selling policy for any soybeans taken over under the 1956-crop price-support program aimed at helping maintain a stable soybean market.

Specifically, no 1956-crop soybeans that may be taken over after the May 31 maturity date for loans and purchase agreements will be sold for either domestic or export use at less than the 1956-crop support price at the point of production plus carrying charges at the following rates per bushel: June 1.5 cents, July 3 cents, August 4.5 cents, and September 6 cents. Actual selling prices, however, will be the higher of this price or the Market. As announced last fall, this pricing will be continued at least until October 1, 1957, when a reappraisal will be made of the soybean situation. This policy statement is further amplified by today's announcement which includes the actual carrying charges per bushel and defines the "current support price" used in the original policy statement as the county 1956-crop support rate where the soybeans were produced.

While the CCC has no soybeans in its inventory at present, substantial quantities from the 1956-crop (52.4 million bushels under farm and warehouse-stored loans and 1.1 million bushels under purchase agreements) were under support as of January 15.

o

1956 Corn Price Support Usable Until May 31

Loans and purchase agreements will be available through May 31 for the 1956 corn crop, T. O. Brittain, Chairman of the Lenawee Agricultural Stabilization and Conservation Committee, has announced. Unlike price-support programs for most of the "basic" crops, the corn loans and purchase agreements will be available to all growers of the 1956 corn crop, both within and outside the 840-county "commercial corn" area.

The top support, averaging $1.50 per bushel nationally, Chairman Brittain explained, will be available to growers of the 1956 corn crop in the commercial area who compiled either with their farm acreage allotments or with Soil Bank corn base acreage requirements. These base acreage requirements are that the grower must have complied with his farm's base acreage for corn and that he also include within the Soil Bank an acreage of cropland equal to 15 percent of the farm's corn base acreage. The national average rate of $1.50 cents per bushel represents 84 percent of the October 1, 1956 parity price. The rate in Lenawee County is $1.55 cents per bushel.

Growers in the commercial corn area who did not comply with either allotment or soil bank corn base acreage requirements are eligible for support at an average of $1.25 per bushel, which is 70 percent of the October 1 parity price. The rate for non-cooperators in Lenawee County is $1.30 cents per bushel.

NOMADS MET

The 1st meeting of the El Misti Santh No. 63 Nomads was held at the Pythian Hall in Tipton Thursday evening with a very good attendance from Ypsilanti, Ann Arbor, Milan, Tecumseh, Adrian and Hillsdale. Mrs. Gladys Wanty of Milan presided at the business meeting.

One application for membership from Tecumseh was received. A special meeting will be held April 4th to give three candidates their work. By-laws were amended to make the move from Milan to Tipton and dues were raised $1.00. The Michigan Society will hold a ceremonial at Pontiac May 18th. The Southeastern area meeting of Pythian lodges is March 20th at Waldron. The International meeting is at Statforf, Canada for all lodges of Michigan and Canada. All Dokies and Nomades and families are invited. Lunch was served by the Tecumseh group.

GRANGE

The regular meeting of the Grange was held Friday evening with 45 guests from Adrian and about 50 members from Tipton present. The lecturer was Mrs. Mildred Sellers. The program was presented by North Adrian. On Saturday the 23rd Tipton is to take the gavel to Rome. Members are to take salad or vegetable and pie.

PYTHIANS

The Pythians met last Wednesday evening at the hall. It was announced that a group would go to the Veterans Hospital in Ann Arbor March 26th, leaving about 5:30 p.m. Those who have no way to go are to call Mrs. Richard Platt. Dorothy Baker, Mrs. Charles Driffill and Mrs. Roy Willnow, with the civic committee of the Garden Club, will start the landscaping around the hall this spring. Miss Dorothy Baker and committee served the refreshments. Any one who wishes to turn in dolls for the crippled children may do so to Mrs. Ronald Muckenstrum.

MINNIE MIX CLUB

The Minnie Mix Club, who were entertained by the Past Chiefs Saturday night, attended from Adrian, Jackson, Tecumseh, Ann Arbor, Ypsilanti, Milan and Detroit. The business meeting was conducted by Mrs. Edwin Swift of Tecumseh. The next meeting will be in October. Games were played and prizes given, with Mrs. Mildred Bailey and Mrs. Lililan Benedict in charge. Lunch was served from tables beautifully decorated in the St. Patrick's Day theme. Mrs. Frank Crosby, Mrs. Charles Driffill and Miss Dorothy Baker were in charge of lunch.

Organizations Invited To Appoint Chairman

The coming season will mark the tenth consecutive year in which world-famous concert artists have been brought to Lenawee County. Four concerts have been presented each season in Adrian. Membership is open to music lovers of all ages, but is limited to the capacity of the auditorium, which is, at the present time, the Baptist church in Adrian.

The artists are booked through the Columbia Artist Bureau which has promised an exceptionally fine series for the coming year in honor of the tenth anniversary of the local association. Dr. Bernard Patmos is president of the Executive Board, which includes members from several Lenawee communities and operates on a strictly nonprofit basis. Any local organization wishing to appoint its own concert membership chairman to contact its members is requested to send the name and address of the appointee to Mrs. Henry P. Vaughan, Route 1 Clinton before March 27. The committee will also welcome requests for a representative to visit the various organizations and give them more detailed information about the concerts.

The Centennial Citizenship Club met March 11. The president, Dennis Maxtinus, called the meeting to order. The Club was divided into three groups, Art, Science, Wood Craft. Each group is hoping to have a project finished by the end of school.

Nancy Martinus—5th grade

The Centennial fourth, fifth and sixth grades formed a Student Government. Students from each grade are chosen to act as a jury. (Everyone gets a chance to be on the jury—if that many students have to be tried.) The teacher acts as a judge. Those who do not obey the rules are brought before the Student Government and tried.

We decided to form this government before any trouble arrives, and help relieve the teacher of problems at school.

Leland Green—5th grade

LAMKIN SCHOOL NEWS

The Lamkin fifth and sixth graders are having their first experience in a school group of children their own age. They like it. There are thirty-five, thirteen in the sixth grade and twenty-two in the fifth.

The children have enjoyed all the new books but science seems to be the favorite. The social studies books are also well liked.

At present the whole group is particularly air-minded. The fifth grade has just completed a unit on transportation in social studies while the sixth grade science class is studying airplanes and how they fly.

Both classes have found the new arithmetic texts much more difficult than the ones used last year, but almost everyone is getting quite used to the harder problems and find fractions both challenging and interesting. The fifth graders can add and subtract fractions with unlike demoninators while the sixth graders are multiplying and dividing fractions.

The music program from Ann Arbor has been especially enjoyed because of Mr. Bennett's added help and Mr. Hickerson has presented many interesting art projects.

In the field of recreation the enjoyment of "jacks" has been nearly replaced by the more seasonal game of ball and everyone is agreed that spring will be quite welcome so noon and recess periods can all be spent out in the sunshine.

It's What We Learn
That Is Important...

The length of time does not matter. Whether it is a year, or a hundred years that we have served you, can mean but little.

The past is only a schooling — a time in which to learn to better serve you in the future. Though we look back upon our first hundred ten years with pride, the years ahead are more important. Our experience will guide us to a better future.

ACTION STARTED right from the day people first saw our price in print. They looked—and hurried in—and what they found was a marvelous car at a marvelous price.

For we didn't stop with creating fresh new body styling and wide, wide vision—and a new look all over.

We put plenty of millions into making this SPECIAL fun to drive as well as a beauty to look at.

We started with a dazzling new performance team—a brand-new V8 and a brilliant new Dynaflow.* We built a brand-new nested ride chassis that gives you plenty of room inside—yet keeps road clearance the same. And for good measure, we made handling easier and stopping more level with a new suspension system.

So if you want the dream car *to drive*—this is it.

See your Buick dealer and find that out—*today*.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.

Brand-NEW "Built-in Conscience" SAFETY-MINDER† It buzzes when you reach the miles-per-hour you preset for yourself. You won't want to drive without it.

2 State Farmer Candidates

RICHARD COX

FRANK PROCHASKA

Richard Cox and Frank Prochaska are two of the 218 young Michigan Farmers who will be awarded State Farmer Degrees. This will take place at the State Convention of Michigan Association of F.F.A. at East Lansing, Michigan March 25, 1957. They are both seniors at the Britton-Macon School.

Richard is the son of Mr. and Mrs. Lester Cox of Britton and will graduate this May 31. He has been active in the local F.F.A. by serving as Chapter sentinel, Junior President and President for the past three years. He has been a member of various committees such as Earning and Savings and Community Service. Also he was on the Farm Forum Team that took second place in the regional Farm Forum contest. His farming Program for the past 3 years consists of 9 steers, 49 acres of corn, 24 acres of wheat, 36 acres of soybeans and 14 acres of oats.

Frank Prochaska is the son of Mr. and Mrs. Joseph Prochaska of Tecumseh. He will receive his graduation this year and he too has been an active member serving as sentinel and Chairman and member of the co-operative Activities Committee. Frank was the chairman of the Farr Forum team that placed 2nd. in the Regional contest. His Farming Program includes 15 Beef Steers, 17 head of swine, 30 acres soybeans; and 46 acres of corn. Frank is working with his father and plans to attend college next year.

Recent guests of Mrs. E. G. Miller and Edna were Mr. and Mrs. Ervin Miller of Garden City, and Mrs. Albert Adrian, Jacqueline and Larry of Blissfield.

The Tina Marie, Rheta Rho Girls Club sponsored by the Rebekah lodge attended the district meeting at Lincoln Park Saturday.

Mr. and Mrs. Duaine Betz and daughter of Toledo were weekend guests of Mr. and Mrs. Donald J. Ries and family.

Mr. and Mrs. Roy Kempf entertained at a family gathering Sunday for dinner. Guests were Mr. and Mrs. Forrest Gray and family of Waldron, Mr. and Mrs. Glenn Griewahn and family of Tecumseh, and Mr. and Mrs. Lawrence Faust and family of Britton.

BIBLE SCHOOL

Vacation Bible School Instructions will be held in the First Christian Church in Adrian on Thursday, March 28 at 9:30.

DINNER

The Alice Jane Circle of the W.S.C.S. will have a Public Swiss Steak supper on Friday March 29 in the Church dining room. Start serving at 5:30.

BOARD MET

The Macon Church Official Board met Tuesday and discussed problems. Members of the Board were divided into two teams. The two teams are going to try and raise $2500.00 before May 10. It is hoped that everyone in the Community will help. If anyone is not contacted by one of the team members please see Robert Osborne or Rev. Bates. The losing team will give the winners a supper. The Fourth Quarterly Conference will be Sunday May 26, at 2:30. Available land and house are still being considered for a Church Parsonage.

LOCALS

Several ladies of the Church served supper to the family and relatives of Guy Collins, after the funeral on Tuesday, in the Church dining room.

Mr. and Mrs. Martin Keasel Jr. are the parents of a new son born in the Herrick Memorial Hospital on Saturday.

Mr. and Mrs. Richard Santure have a new son also.

The Macon M.Y.F. and the people of Macon were entertained by the Senior Choir Sunday Evening. The Ann Arbor Methodist Choir, under the direction of Dr. Lester McCoy, gave many fine selections of appropriate music for the Lenten Season.

The Sunday School Class of Mrs. Gorton enjoyed a Chicken Supper in the Church dining room on Friday evening. A social evening followed.

On Sunday the Macon Campfire girls attended Church in a group. Their parents and friends entertained them at a dinner immediately after the Church Service. This was in observance of the Campfire's Fifty-seventh birthday.

Mr. and Mrs. Roger Gillspie and family were Sunday dinner guest in the Charles Brown home in Tecumseh. They helped Mr. and Mrs. Clare Gillspie celebrate their 40th Wedding Anniversary.

Mr. and Mrs. Lilburn Burleson flew to Pittsburg, Pa. on Wednesday morning and returned by plane late Thursday.

Mrs. Reva Godfrey and her Committee entertained about forty friends at a Breakfast on Tuesday.

Mr. and Mrs. Delmar Bruder and family of Ypsilanti, Mr. and Mrs. Dean Moore of Tecumseh were Sunday guests of Mr. and Mrs. Hamilton F. Moore.

Mrs. Russle Van Valkenburg returned home from the Herrick Memorial Hospital on Wednesday.

Miss Lorna Dicks is home from the University Hospital in Ann Arbor.

Mrs. Mary Howell and Mrs. Mildred Moore were in Adrian on Monday. Mrs. Howell visited the John Howell's and Mrs. Moore attended the funeral of Mr. William Barnes.

Mr. and Mrs. Harold Greer and daughter have moved to a farm near Adrian. Mr. and Mrs. Arthur Carney have moved into the house vacated by the Greers.

The New Methodist Discipline's are now out from the printer's. If you would like one please contact Rev. Bates. It is on the Belief's, the law's and the rules of the Methodist Church. They cost $1.50 for the cloth binding.

Mrs. Carrie Payne is spending a few days with her nephew William Camburn.

A yellow rose was placed on the church alter Sunday, in honor of the new son of Mr. and Mrs. Richard Santure, by the Alice Jane Circle.

Home Agent Recommended For Appointment

Coming to Lenawee County from the state of Iowa is Miss Alice Lord to assume her new duties as a Home Demonstration Agent. She will have the responsibility for the Girls 4-H Club program and other Home Demonstration activities.

Miss Lord is a native Iowan. Her parents Mr. and Mrs. Louis L. Lord, live on a farm near Iowa City, where she graduated from High School and completed 8 years of 4-H club work in Home Economics and Livestock projects.

She is a graduate of Iowa State College 1953 in Home Economics Education; taught Home Economics 1 year at Durant, Iowa; then trained in Jones and Des Moines before assuming a position as Home Demonstration Agent in Buchanan County, at Independence, Iowa, where she served two years.

Miss Lord attended a Cornell University summer session at Ithaca, New York, in 1956 under a Horace Moses 4-H scholarship taking courses in "principals in the development of 4-H work" and "communications in Extension work."

She was engaged in work with dress designing and dressmaking in Denver, Colorado for the past 6 months.

At a meeting held last Friday with the Board of supervisors Cooperative Extension Service and representatives of the 4-H Club and Home Economics Councils. Those groups advised H. J. Foster East District Extension Director that he recommend her to the State Board of Agriculture Michigan State University governing body, for appointment. She replaced Mrs. Barbara Johnson who resigned last November and has moved to Battle Creek.

ON CONFORMITY

Conform—conform; swim with the other fish; don't let the brighter fish break away from the school, make them swim in the mass for that way the inferior fish will not realize it; eliminate individuality.

This is not a lesson on the biology of fish. It is a complaint against certain aspects of progressive education and modern society in fact. We are privileged to live in a country which has reached a material stage of development never before attained by any people. (Unfortunately it is debatable whether the same statement can be made concerning spiritual development.) A very large portion of the credit due in our tremendous achievement can be credited to our Free Enterprise system with its emphasis on the INDIVIDUAL. Men have been allowed to stand out from the mass with their individual achievements and rewarded for them with success (not necessarily monetary). Success has been the motivation to spur individuals on to their great achievements. Our country has run and cannot run without incentives and motivation. Those that can achieve more than the average man must be made to do so. They will not if there is no reason to.

Even in communism and the other isms, despite their volumes of doctrine to the contrary, incentives must be introduced in the form of medals, vacation trips or the like. They profess to nothing but a mass but end up with a totalitarian dictatorship and a mess.

Today I think too many people want to be like everybody else. They fear to deviate in their thinking, their dress and their action. It is so much easier to go along with everybody else. Why swim, its easier to float. One of the most serious aspects of this tendency is that it can be seen in progressive educational thought today. Honor rolls become a thing of the past to avoid pressure on the student who does not make it. Perhaps this policy avoids parential jealousy but it does not help raise the kind of individual our country needs to survive in the years to come. Why shouldn't the superior student be recognized and given the incentive to remain so? Why not give the student who has to work harder to get there some incentive to do so? Let them be INDIVIDUALS not the mass. Give them reason to develop their superior capabilities. Don't make them suppress them, lose interest and coast through life. We need leaders and INDIVIDUALS more than ever before today.

Our country was designed to work with INDIVIDUALS and will not work with a mass. Let us not let the growing conformity consciousness in our social lives spread to the point where it endangers the very livelihood of our country and in turn our people. If we were intended to achieve nothing more than common mediocracy then our Creator would have created us with common capabilities.

John's Gulf Service Was Sold to R. Morley

John's Gulf Service, owned by John Hamilton for the past nine and a half years, has been sold to Raymond Morley. Mr. Morley took possession March 11th.

Mr. Morley has been employed at the station for the past year and a half and has been connected with service station work for approximately six years. He states that the only change at the present time is that the station will be open seven days a week.

Mr. Hamilton has accepted a position with the Gulf Oil Co. as sales representative in the Ann Arbor, Ypsilanti and Wayne territory. The family will retain their residence in Tecumseh.

Don't Forget To Vote Monday

In 1956, in the presidential election, there were approximately 171,000 votes cast in the 2nd Congressional District. Whereas, only 87,000 votes were cast in the spring election for state offices in 1955. State and local offices are very important to your welfare. Don't let history repeat itself, get out and vote Monday.

Builders Page New For The Herald Starting This Week

The latest addition to the Tecumseh Herald is the builders page starting this week (Sec. 2 page 1). Due to the rapid expansion of the Tecumseh area and the public interest in building and remodeling, the publishers felt that the incorporation of such a page would be worthwhile and beneficial to both the reader and the advertiser.

It will contain houseplans, stories of general interest to home owners and prospective home owners and stories concerning local construction whenever possible. This week, the recently completed home of Dr. and Mrs. Bowers on Red Mill Drive is featured. Don't miss this new page.

Cancer Drive Opens April 1st Reports Chairman

"Nothing is impossible in this great century of medicine which has seen the conquest of many diseases once considered 'hopeless'. Give our scientists the tools and they will win the war against cancer, too."

This statement was made today by Mrs. Charles F. Stevenson when she urged an all-out effort in the 1957 Cancer Crusade which begins April 1. Mrs. Stevenson briefly reviewed some of the medical achievements of the past fifty years.

"Where there's life there's hope. Let's change it a little, let's say where there's research, there's hope of life," said Mrs. Stevenson. "It's a fact that fifty percent of all cancer cases could be cured if the disease is detected in time and adequately treated. This wasn't true a few years ago. But scientists believe that eventually they will one day find a means for cure of the other fifty percent. If you doubt it, just look at the record of conquered diseases.

"Thirty-five years ago diabetes was fatal. The diabetic never had long to live. Then in 1921, insulin was discovered by two great medical men, Dr. Frederick Banting and Dr. Charles Best. They won the Nobel prize — and ever after the gratitude of diabetics who now live useful lives instead of waiting to die."

The chairman of the Cancer Society's fund raising campaign listed other diseases that have been cut down by science, including pernicious anemia, pneumonia,

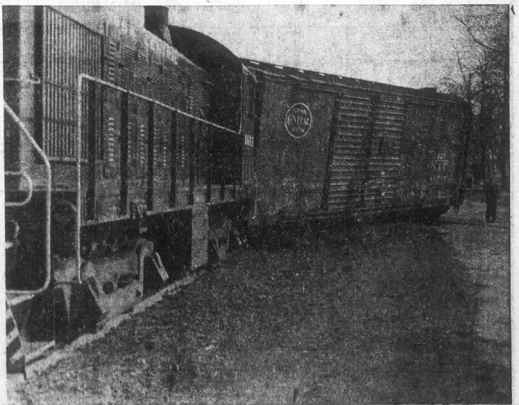
Unsecured Switch Caused Accident



Tecumseh Herald photo

Last Thursday afternoon, at 1:45 p.m., one boxcar was completely derailed and another as well as the engine were partially derailed when a pin was not secured properly in a switch. The incident occured alongside of the Bruce Foundry where the siding cuts over to the Hayden Fuel and Supply Company.

The 16 car train was traveling north at about 3 miles per hour, reported engineer F. K. Reganall, when the switch vibrated open after the engine had passed over it. When this happened, the engine kept going on the north south track while the cars started to turn down the siding thus causing the derailment of the first car as it was dragged by the engine and the partial derailment of the second car. Tow wheels on the left hand rear side (B side) of the Diesel were off the track as the result of the derailed car causing the track to twist.

Cause of the switch pin not being secured is not known, however, engineer Reganall said it was probably caused by a child playing in the area.

The Business And Professional Women Had Style Show

About ninety members of the Business and Professional Women's Club and their guests were very pleasantly entertained Monday evening by a spring style show, following their monthly dinner meeting at the Presbyterian Fellowship Center.

Introduced by Mrs. Duaine Service, program chairman, Mrs. Cecile Smith, Mrs. Ronald Harris, Mrs. C. W. Hanna and Mrs. Mary Drake modeled costumes from the Watkin's Shop while Mrs. Donald Smith, Mrs. Cal Damon, Mrs. Ted Sisson and Mrs. William Damon displayed spring fashions that are available at Cal's Tog Shop.

Suits in lovely pastel shades, trim dressmaker blouses and skirt combinations, bouffant prints with contrasting sweaters and jackets sport and resort costumes which included slacks and shorts as well as demure afternoon dresses and sedate costumes for the mature woman followed one another in a colorful array of fabrics. All had accessories to complement and accent their interest, with hats, gloves purses and jewelry from the respective shops. Hair does of the models had been styled by The Beauty Bar, Joyce Beavers, Anna Blessing, Betty Goodman and Helen's Beauty Shop.

Music for the parade of fashion was supplied by Edna Staulter, at the piano and was staged against an attractive background of greens, plants and flowers supplied by the Tecumseh Greenhouses. The program committee included Mrs. Service, Mrs. Howard Truesdale, Mrs. Mervyn Boltz and Mrs. Alice Randall. Mrs. Mel Partridge was chairman of the hostess committee.

The program was appropriately opened by two tap dance numbers given by Jana Barron and Jo Ann and Gloria Green, dressed in colorful costumes and accompanied by Mrs. Glenn Driscoll and was closed with readings by Clara Waldron depicting the seamier side of spring fashions.

During the brief business meeting, preceding the program, it was voted to sponsor the Mayor's dinner during Michigan Week in May and new officers were presented by the nominating committee and accepted by the club. They are as follows: president, Mrs. Lucille Hawley DePuy; first vice-president, Mrs. Charles O'Neill; second vice president, Mrs. Alice Randall; recording secretary, Mrs. Ben Hammock; corresponding secretary, Frances Baker and treasurer, Mrs. Ralph Sager.

Sharon Fielder Honored With Party Saturday

A number of friends of Sharon Fielder enjoyed celebrating her 14th birthday with her in the Baptist Youth House Saturday evening. Games and dancing were enjoyed. The punch served from a huge punch bowl and the four tiered cake, made by Mrs. Fielder and decorated by Mrs. Harry Beland, were the center of attraction on the white covered table. Lollypops in various colors surrounded the cake, the punch bowl and rabbit balloons that decorated the corners of the serving table. The cake was decorated with pink roses and white candles. Small tables decorated with pink, blue and white with balloon and candy mint centerpieces were scattered about the room for the convenience of the guests. Miss Fielder received several lovely gifts and a record player from the group. Mrs. Stuart Watson and Mrs. Lester Sweet assisted Mrs. Fielder with preparations for the party.

Patterson PTA Met Thursday For March Meeting

The Patterson Parent-Teachers Association met on Thursday for the regular March meeting. Paul Snyder, Webelos Cub Scout and Sue Hammach, Brownie, led the group in the salute to the flag. During the business meeting, led by President J. D. Cook, the Nominating Committee for 1957-58 officers was selected: Mr. Gibbs Barber, Mrs. Raymond Osburn and Mrs. Lowell Wise. Mrs. Harry Richard reported that the search for suitable stage curtains had been successful and the final arrangements are to be made on March 25. As a result of the overwhelming success of the recent Fair, a greater sum is available for the curtains.

It was noted that the originally scheduled Gym Demonstration for April has been cancelled. Therefore there will be a regular meeting on April 25 and the Patterson Square Dance students will be invited to present their dances. The PTA members then voted to support the Band Boosters Community Calendar.

Attendance count gave the award for March to the second grade and they were also given recognition for making the colorful St. Patrick Day napkins used by the March refreshment committee.

Mr. Earl Green presented to the group Miss Sue Schoenlein, the new Physical Education teacher. Mr. R. T. Gillam announced that Jack Dick, Captain of the Patterson Safety Patrol, had represented the school and had won second place in the Safety Patrol Essay Contest. Mr. Gillam displayed the impressive plaque which was the award.

Dr. John Dawson, President of Adrian College, spoke to the PTA group, his theme being "The Three R's". His "three R's" are Responsibility, to the group of which one is a part; Respect, demonstrated respect for others and for values; and Reverence, which is also love—reverence for greatness seen and known. By adding these newer "three R's" to the better known readin', writin' and 'rithmetic, young America has a better chance of fulfilling a greater destiny, Dr. Dawson said.

At the close of the meeting, refreshment of St. Patrick's Day cupcakes and coffee were served from a gaily decorated table. Mrs. Byron Goodman was assisted by Mrs. Clifford Deaner and Mrs. William Powell. Cakes were donated by Mrs. Frank Horton, Mrs. Jerry Coffey, Mrs. Charles Mensing, Mrs. Neri Hollingsworth and Mrs. Herman Hoag.

Father And Son Banquet Held Mon. In Youth House

One hundred seventy fathers and sons attended the banquet Monday evening in the Youth House of the Baptist Church. The speaker of the evening was Capt. William Roberts of the Salvation Army in Detroit.

Rev. Blair Bashore gave the invocation, Laine Holden gave the toast to the sons and his son, David, gave a toast to the fathers. Group singing was led by Vern Manwaring accompanied by Mrs. Steve Maples who also accompanied three little ladies dressed in baby check costume as they sang, "Nelly Bly". They were Miss Katy Maples, Miss Pamela Brooks and Miss Linda George. Recorded dinner music was furnished by Robert French, the decorations were made by Mrs. Harold Kelso, Mrs. Robert Smith, and Mrs. Carl Kempf. Each boy took a little clown home as a souvenir.

Prizes were awarded to the oldest father present who was "Dad" Montgomery, 90 years old; the youngest son present who was Richard Scott Lask, 9 months old and the fathers with the most sons present were recognized. They were Mr. Ray Puffer, Sr. with Raymond, Warren and Jack present; Mr. Lawrence Holdridge with Terry, Ricky and Pat present and Mr. Dale Whelan with Michael, Donald and Larry present. There were no families represented with four or more generations.

Rev. Bashore introduced Capt. Roberts who told of the work of the Salvation Army in Skid Row. He told of 15,000 men in the six city block area with 25 taverns. A man can get a bed for the night for as little as 35c. He also said that he had never met a man there who actually wanted to be in this situation and if they can be shown a way to get back into society they will take it. After men are rehabilitated they come back to help others make the steps to rehabilitation.

The dining room committee for the banquet was Mrs. Vern Manwaring and Mrs. J. D. Cook. Those in charge of the kitchen were Mrs. Floyd Barrett and Mrs. Mills Swick. Ticket arrangements were in charge of Mrs. Lillian Owen, Mrs. John Surratt and Mrs. B. O. Bashore.

Johnny Kotts Given Party

Mrs. John Kotts entertained at a birthday party for her son, Johnny, who was celebrating his seventh birthday anniversary last Saturday at their home south of Billington's corners. The guests were the first grade children of the West Branch School which Johnny attends. There were 21 present. Games were played and prizes awarded. A decorated birthday cake was featured as well as favors for each little guest and the honored boy received many nice gifts from his classmates. Mrs. Kotts was assisted by Johnny's sister, Miss Shirley Kotts.

To Be Judged This Week

The Poppy Posters that the children in the art classes in the schools have been working on have been completed and will soon be judged so that the winners may be announced in next week's edition of the Herald. The judges are Mrs. Carl Thompson, Mrs. R. C. Osburn and Mrs. L. S. Fogelsong, Jr. The winning posters in each of the two classes will be sent to the District competition and the winners there to the National Convention where $100.00 prizes will be awarded in each class. Prizes are also awarded in each class participating by the local unit of the American Legion Auxiliary.

Mrs. Dorothy Westdyke said that 287 students had taken part in the poster contest with a lot of enthusiasm. It is hoped that Tecumseh can produce a winning poster in the state competition this year. The posters will be displayed in the down town section as soon as they have been judged.

Explorer Scouts Received Charter Monday Evening

The Explorers No. 87 held their regular meeting Monday evening at the V.F.W. Hall when the charter for the reactivated Post and their flag, which had been renumbered, was presented to the members by Erwin Richardson. Four of the committeemen were there, namely: Charles Lewis, Carroll Conklin, Kenneth Hinkleman and Howard Wilson, Jr., scoutmaster. Mr. Francis Packard will help to lay out the program for the Explorers, but an advisor for this group is needed. Any one interested in working with boys from 14 to 18 years of age in the Explorer program will be welcomed by the boys and the committee. The flag was presented to Jerry Irelan, crew chief of the Post, and the charter was presented to Mr. Hinkleman, chairman of the Post committee.

Dean Jones Addressed The Exchange Club

The Tecumseh Exchange Club enjoyed their usual fine dinner at the Eagles Hall Wednesday evening. After the regular business meeting, Leon Williamson, program chairman for the evening presented Mr. Dean Jones. Mr. Jones is employed by the Tecumseh Products Co. He gave a talk, illustrated with pictures on his recent trip to Europe.

Sponsor Little League Team

The usual fine dinner was enjoyed by the Rotary Club Tuesday evening in the Methodist Church parlors, followed by singing led by Robert Moore with Mrs. Glenn Driscoll at the piano.

Robert Breniff, football coach and director of the summer recreation program, presented plans for the summer program this year and explained the plan for the Little League baseball program. The cost is $165.00 to sponsor a team which includes uniforms, bats, balls, referees and upkeep of the field. He said the Jr. Chamber of Commerce, the Exchange Club and the Kiwanis Club had agreed to sponsor a team and asked the Rotary Club if they would like to sponsor one.

The club voted to sponsor a team in the Little League baseball program. Mr. McDowell spoke in regard to school taxes and legislation being worked on in Lansing at the present time. He stated that many schools will go into the red this year with the decrease in sales tax revenue. He urged all members and their friends to write or telegraph the legislators to do something about the school finance situation without raising property taxes.

Officers Elected At Flying Club Meeting Saturday

Election of officers was held at the newly formed Tecumseh Flying Club meeting Saturday afternoon. Membership at the present time is 10. Five more applicants can be accepted for membership before the maximum of 15 members is reached.

Richard Jacobs was elected president; Forest Abner, vice president; Philip Belleville, secretary and John McVay, treasurer. Bob Kennedy and Jack Gooding were each elected directors.

A board of directors meeting was called for tonight to study bylaws. Anyone wishing to join should contact any of the above officers. The group is in the process of locating a two place airplane for sale.

Over Night Hike

John Twiss, scoutmaster of Troop 4, the Long Horn Patrol with Jerry Chase as patrol leader, Micky Dinius, Robert Fisher, Jim Graham, David Hohenstein and William Fielder took the Freedom Trail from Tecumseh to Adrian and back. They left Saturday morning, camped outside of Adrian over night and returned Sunday afternoon.

DR. J. G. VAN DEUSEN

Next week's Rotary Club meeting will be Rural-Urban Night when farmers will be guests of Rotary Club members. The speaker for the affair will be Dr. John G. Van Deusen, lecturer, author and teacher of Hobart College, Geneva, N. Y. He has been a teacher of history for 35 years. During most of this time, he has also engaged in public lecture work, largely in the field of international politics. Believing that the Middle East would be one of the world's chief trouble spots, he recently spent 10 weeks in this area. He was in Cairo when Egypt negotiated her arms deal with Czechoslovakia He visited Lebanon, Syria, Jordon and passed through the Mandelbaum Gate into Israel. The author of seven books, he is well fitted to discuss the significance of current affairs in the Middle East from the standpoint of a trained historian.

50 Attended Leg. Co. And Adj. Meeting Friday

The 2nd District Commander and Adjutants meeting of the American Legion was held Friday evening at the Tecumseh Post Home with about fifty members in attendance. Department Commander, William Clarahan, and Department Adjutant, Lisle Alexander, both of Detroit, were present and committeeman, Roswell Burr from Adrian presided.

This meeting was a prediscussion meeting for the 2nd District meeting, and therefore no action was taken. Information was gained and carried home to each post so that members would know what business to transpire in the regular meeting. Membership was a popular subject with Tecumseh's Post holding fourth place in the Department or state with 91 which is 36% of quota. There were 7 Posts over their quota announced Britton was one of them with an all time high.

Richard Beasley, Jr. assisted as acting Sargeant of Arms. Refreshments were served by Donald Maves. After the meeting, a number of the members paid a call to Louis Schneider.

"If you consider all respiratory, contagious and infectious diseases that have been brought under control by antibiotics, the list is long and heartening.

"I don't think anything dramatizes what I am trying to say better than the long hard fight against polio, a battle made possible by the generous cooperation of the American people. Year after year, they gave scientists the tools with which to fight polio. They aren't sorry."

Mrs. Stevenson concluded, "The research war against cancer can be won too. With the American public standing behind our great men of science, they cannot fail to bring under control this disease which is the number two killer in the United States today."

very much.

Second; I find that being a Councilman is interesting and above all very educational.

Third; I am very much concerned in the City of Tecumseh and what is happening to it while it is growing.

Fourth; The City has projects that are in progress, and some that are about to start, and I am interested to the point that I would like the opportunity to see these projects through to the finish as a Councilman.

Fifth; We have a great City and we are making tremendous progress, I feel in the right direction, and I wholeheartedly would like to represent the people of Tecumseh as a Councilman in the next year or two."

than average background to better qualify them to watch the hard earned taxpayers dollars. I as a candidate, feel so qualified, since my daily business dealings at my job require using good judgement.

As a property owner, taxpayer, married with two children, I am ever conscious of need to use our tax dollars to the best efficiency possible, and to keep taxes as low as possible and still do a good job for all of us.

I am presently serving on the planning commission an important function in our government. Recently initiated a tree planning program, having started with Maple Street and to continue throughout Tecumseh as trees become available. Active in P.T.A. as well as Junior Chamber of Commerce. Member of local fraternal and church organizations.

Your vote will place me on the council, to serve and secure you the lowest tax dollar possible."

would receive my support and it is my hope that I might contribute in some manner to furthering the progress they have already made."

HERBERT L. MAYNARD

(Continued from Page 1)

This first hand experience of the growth and tradition of Tecumseh has prompted me to volunteer as every responsible citizen ought to in representative government."

"A number of areas of concern can best illustrate the interest which makes me seek the office of city councilman."

"1. When the city charter was drawn up, promises were made particularly to the annexed areas which have been subject to controversy. It would seem reasonable to have a full scale review of the progress made in the development of these areas."

"2. Altho we should be especially grateful to the individual and group benefactors which have so generously supported special projects, Tecumseh and its residents should never depend upon such gifts. The economy of any City Government should be so established and planned that it is self-supporting."

"As an example, though we be given a new City Hall, and a new Fire Truck and all the attachments, and are not responsible citizens, it will profit us nothing."

"3. Further, it is my belief that honest bookkeeping is the only orderly way to manage any business, for example, if the Curb and Gutter allocations are not sufficient for the proposed program, it is a very dangerous thing to transfer funds from another account."

"4. Property Improvement should be a major concern of every citizen of Tecumseh. Yet within the very Heart of the City we find several money-hungry individuals who maintain buildings and practices which should have been condemned long ago. The blight of degraded real estate is the most dangerous disease of any city, and with concientious government this could well be avoided or eliminated."

"The above represents but a few of the problems which beset any municipality which is growing as fast as Tecumseh. However, with immediate concern and long range planning many of our difficulties can be the very source of future development and strength."

"In conclusion, it is my firm belief that every decision made by the City Council should be in the total community's interest. My support is pledged to what is right rather than party or personal interest."

Herbert "Barney" Maynard

I wish to thank all those who called, sent cards, gifts, plants, and flowers, and in any way added to my comfort during my stays in the Hospitals and while I have been at home since the accident. This kindness was much appreciated.
26-c Bernice Hardy.

The family of Florence McDonnell wishes to thank their friends and neighbors, also Mr. Herrick, Tecumseh Products Union, Welding Dept., Police Dept., Green Funeral Home, and Rev. Matthew Harden for their kind words and deeds and for the beautiful plaque and flowers during the loss of our beloved wife and mother. The Rev. Cyrenus, Arnold, Wayne, Alvin, and Shirley McDonnell, Mr. and Mrs. Louis Hoover, and Mr. and Mrs. Junior P. Fouts. 26-c

I wish to express my sincere appreciation to Dr. Claxton and assistants, the nursing staff, and aides of Herrick Memorial Hospital for their fine care and to all those who sent flowers and cards during my stay at the Hospital. Your kindness and thoughtfulness will always be remembered.
26-p Mrs. Arthur Lewis

I wish to thank Dr. Cook, Dr. Dustin, Dr. Phelan, the nurses, nurses aides and all who helped in any way to make my stay at Herrick Memorial Hospital a pleasant one. Also would like to say thank you to my relatives, friends and neighbors for the flowers, cards, and gifts. All were deeply appreciated.
26-c Mrs. Oscar Meads

I would like to thank all those who sent cards, flowers, and gifts while I was a patient at Herrick Memorial Hospital. Delbert Marsh. 26-p

In Memoriam

In memory of the late Mr. and Mrs. John Marsh, who would have celebrated their 50th wedding anniversary, March 18, 1957. Held in loving remembrance by their family, James, Ronald, Charles, Frank, Harry, Ray, and Nina. 26-p

Model for model, right across the board

The Fairlane Club Victoria is a brilliant example of the Mark of Tomorrow styling and built-in plus-values that have made Ford the best-selling car in the nation.

FORD is the lowest priced of the low-price three!

Everywhere you look in the new Ford, you see plus-value features. And these advanced features that make Ford your best buy today . . . also make it your best buy for the years ahead.

There are many plus-values in the all-new "Inner Ford!"
You don't ordinarily see many of the plus-value features that are built deep down into the all-new "Inner Ford." For example, such features as the new, sturdier, contoured frame and new suspensions, front and rear.

There's a big plus-value in Ford power for '57!
This year, you can pick a Ford engine to suit your power needs from a whole new family of mightier Ford V-8's. Or you may choose the new Mileage Maker Six.

Ford is worth more when you sell it!
The years-ahead styling and rugged "Inner Ford" features that make Ford worth more now are the features that will make it worth more when you are finally ready to sell it or trade it in.

Ford is priced right!
Comparison of manufacturers' suggested retail delivered prices proves that model for model, Ford is the lowest-priced, full-size car.

Action Test a Ford . . . and see for yourself!
The only way to get fully acquainted with a car is to get behind the wheel and drive it. And we will be happy to have you come in and Action Test a '57 Ford at any time.

COME IN TODAY...get a great deal on the NEW KIND of FORD!

Subterranean Living Is One Of The Modern Trends

The increase in the size of families in recent years and a decided swing to home centered recreation has stimulated "subterranean" living, according to architectural consultants who make it their business to keep abreast of housing trends.

The basement, once used only as a place for the furnace and laundry equipment, has been changed into a center for many family activities.

One reason for the move underground is that increased costs of labor and materials have made compact, functional construction increasingly important and almost every available foot of above ground area is utilized. Therefore, if still more space is needed, about the only place left to go is into the basement.

A few builders have begun to design such things as a work shop, laundry,, recreation room and play space into the basements of their homes. In some cases they have included tile floors, spacious windows and a fireplace to add a cheery note to the recreation room.

Large windows, set at ground level in the foundation, admit more light than the usual window wells. Often, larger expanses of glass for the basement can be provided without affecting the front of the house by careful grading of the land.

Movable partitions of patterned glass are another feature being used in contemporary "activity" basements. These partitions can be shifted around to enlarge one area or another. At the same time, use of partitions does not cut off light from the "screened-off" portion of the room.

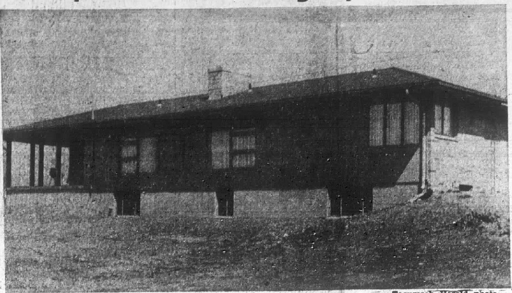
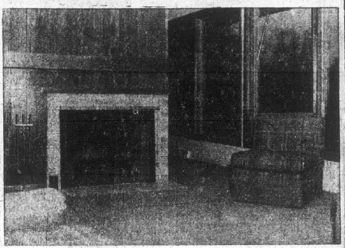
Exceptional Planning by Owners



Tecumseh Herald photo

The "front" of the ranch type home faces Red Mill pond. This side of the house is frame construction whereas the other sides are light brick.



Tecumseh Herald photo

This scene was taken in the family room looking toward the large picture window and fireplace dividing the living room and family room.

The recently completed home of Dr. and Mrs. Robert Bowers located at 603 Red Mill Drive is an excellent example of exceptional planning by the owners. The 1600 square foot 6 room brick and frame ranch type home is located on a slightly larger than two acre lot at the corner of Red Mill Drive and North Evans Street.

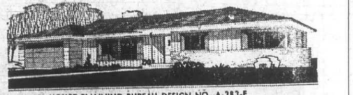
The family room and living room are divided by individual fireplaces for each room. Walnut paneling in the family room above the fireplace adds an air of casualness. A large porch facing Red Mill pond, that is later to be screened in, is accessible from the family room through full length sliding glass doors. The kitchen is also accessible from the family room. A large window extending nearly the full length of the living room and family room yields an unobstructed beautiful view facing the pond. It is covered by a sheer white drape with an electrically operated outside awning for added protection from the sun. The hearth is raised in the living room which also includes a built-in planter. Both the living room and the family room as well as the hall are carpeted with a sandlewood color wool carpeting. The walls in these two rooms are an off white beige with a "pond scene" mural on the south living room wall. Window trim is walnut with white draperies. The entranceway is floored with green slate.

Ample coat and storage closets are found in the hallway leading to the bedrooms and bath. The master bedroom is carpeted with an avocado colored carpet. Drapes are also avocado colored. One wall is papered with an avocado and white pattern that adds appreciably to the distinctive room. A second bedroom is carpeted with a beige-gold colored carpet with tan walls and white ceiling. Drapes in this room are white and gold. This room also features a cedar closet. The sewing room is located to become a third bedroom if desired. It is decorated with light green walls, white ceiling and white carpet. The drapes are gold and white. Mrs. Bowers planned all of the color schemes herself.

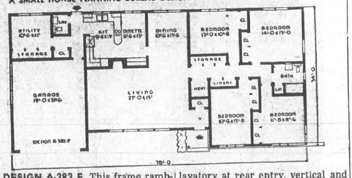
The full bath is a beautiful room done in sandlewood colored ceramic tile featuring individual built-in washbowls with drawers and cabinets below and a huge mirror covering nearly the whole wall above. The walls are painted a dark sandlewood color with a gold star pattern rolled on. Another half bath includes a shower.

The kitchen is another high spot of the house. It features stainless steel built-in stove, refrigerator, freezer and dishwasher. Counter tops are pink. The walls are papered with an abstract pink charcoal and white design on a white background. All cabinets are wood done with a blond finish as are doors throughout the house. All lighting throughout the house is recessed.

The full basement has large windows on the west side of the house with the ground at eye level due to terracing at the back. An oil forced air system supplies the heat. The unit is set up for conversion to gas. An attached two car garage faces Red Mill Drive.



A SMALL HOUSE PLANNING BUREAU DESIGN NO. A-383-F



DESIGN A-383 F. This frame rambler is built on an insulated concrete slab, without a basement. The through living-dining room separates the sleeping section from the kitchen and utility room portion.

Kitchen cabinets include a built-in oven, a stove, a refrigerator, a sink and a china closet. There are four exceptionally fine bedrooms with twin wardrobes. Additional closets include coat closets, storage walls in hall and utility room and a central closet for heating equipment.

Plans also call for window-walls, fireplace, attached double garage, lavatory at rear entry, vertical and wide bevel siding with brick trim.

The floor area, not including the garage is 2067 sq. ft. with cubage of 23,771 cu. ft.

For further information about DESIGN A-383 F, write the Small House Planning Bureau, St. Cloud, Minn. In Canada, the Small House Planning Bureau of Canada, St. John, New Brunswick.

Front Hall Is Now Coming Back

During the hectic building pace of World War II and its aftermath, the front foyer practically disappeared. But now that the home building has slowed to some extent, the front hall is having a revival.

The foyer adds a touch of gracious hospitality to a house, plus insulating against outside blasts of hot or cold air. A rugged, attractive surface material should be used in the foyer and can be extended to the entrance and front steps.

Remodeling Aided By Plumbing

A modern plumbing system makes a bathroom remodeling or expansion program simple and economical.

To remodel an old bathroom, install new fixtures and redecorate. To add a second bathroom, select a room directly above, below, or next to the bathroom or kitchen.

This keeps piping costs at a minimum because the new fixtures usually need only be connected to the existing plumbing system.

More 2-Bath Homes In 1956

Exactly 21 per cent of houses built during the first quarter of 1956 had two or more bathrooms as compared with only 12 per cent in the first quarter of 1955. These figures from the U.S. Department of Labor are cited by the Plumbing and Heating Industries Bureau as indicative of the trend toward the two-bath-room house.

Wood Cabinets Most Prevalent In New Homes

Wood kitchen cabinets — many in ponderosa pine — were installed in 88 per cent of all new homes built during the first quarter of 1956, according to a survey by the Bureau of Statistics, U.S. Department of Labor.

One of the chief reasons for this is a growing preference by women for soft, natural wood tones in the kitchen. Clear ponderosa pine is ideal for kitchens since it stains readily in any light or dark finish. It can also be easily painted.

More Renovation

Banks in all but one of the 12 Federal Reserve districts report they did more home renovation financing in 1956 than the year before. Increases ran from 13 to 30 per cent.

FATHER-SON BANQUET

Ninety-one attended the father and son banquet Saturday night at the Raisin Center Friends Church. Ralph Comfort of Tecumseh showed pictures of his recent trip around the world and of mission stations in Central India and Formosa, which are supported by Ohio Yearly Meeting of Friends.

World globes were used for centerpieces and tiny suit cases "packed" with mints were at each place. Suspended from the ceiling above the tables were numerous model planes and illuminated cylinder maps upon which were marked the route and cities visited by Mr. Comfort.

Forrest Kinney gave the invocation. Harlow Anderson acted as toastmaster. Don Mitchell gave a toast to the fathers and his father, John Mitchell gave a toast to the sons. Louis Westgate sang a solo and a men's chorus sang. The benediction was given by Rev. L. Shreve. Gifts were presented to Joe Studnicka, as father having the youngest son, Marvin Mitchell the youngest grandfather, and to J. J. Morton and O. K. Morton for the most sons.

Arrangements for the banquet were made by Jean Shreve and Florine Kinney, program committee: Louis Westgate, Jim Mitchell, Dick Mitchell, Don Meyers, Harlow Anderson and Welcome Morton, invitation committee; Edith Haviland, Irene Anderson, Joyce Sayler and Helen Claypool, dining room and decorations; Helen Mitchell, Virginia Meyers, Nina Westgate and Dorothy Mitchell, dinner committee.

Cadillac

Old Friends in a New Light!

Let's assume you've known them for some time.

And now—in the moment of a glance—you first behold them in the company of a Cadillac car.

There's just no question about it . . . something wonderful happens!

For the presence of a Cadillac car underscores —and most dramatically so—many of the things that enable you to think well of them.

It goes almost without saying that their Cadillac lends form and substance to whatever measure of achievement life may have brought them.

Certainly, it reveals their interest in the safety and well-being of their fellow passengers.

And, most assuredly, it evidences the wisdom with which they select their personal possessions.

Incidentally, you may have noticed, of late, that the Cadillac car has cast its revealing light on an ever-growing number of your own friends.

There is every reason why this should be so.

Its original cost is remarkably modest—and several models are, in fact, priced competitively with those of lesser makes.

Its operating economy is extraordinary—with a record of dependability and longevity that is without equal in the industry.

And *its resale value* stands at the very summit in used-car markets all across the land.

Certainly, this triumvirate of Cadillac economies deserves your personal investigation—and your dealer will be delighted to tell you the whole wonderful story at any time.

Stop in soon—for a *ride* and a *revelation!*

Helen Marshall Laid To Rest

Funeral services were held last Tuesday afternoon at the Collins Funeral Home for Mrs. Helen Marshall who passed away Saturday evening, March 16, at the Herrick Memorial Hospital. The Rev. Dicken officiated. Bearers were George, Louis, Gary and John Underwood, grandsons of the deceased. Burial was in Riverside cemetery in Clinton.

Bearers Reported

Bearers for the funeral service of Mrs. Henry McLain, which was held last Thursday, were Jule Blackburn of Adrian, Fulton and Robert McLain of Manitou Beach, Neal and Douglas McLain of Downers Grove, Illinois and Howard McLain of Oakridge, Tennessee. Rev. Horace James officiated and Fred Dickinson, Sr. sang a solo, "The Old Rugged Cross." The services were held at 2 p.m. at the Green Funeral Home and burial was in the McLain family cemetery south of Tecumseh.

St. Peters Aux. Met Thursday

The Woman's Auxiliary of the St. Peters Church met Thursday in the Parish Hall with the president, Mrs. Karl Schneider, presiding. Mrs. John Damon read from the book, "Women of the Bible", the chapter concerning Martha and Mary. Mrs. R. K. Anderson and Mrs. Lynn Hubbard had charge of the worship period. Mrs. Harry Richard, who is co-chairman with Mrs. Jack Brown for the Kitchen Tour, May 16, announced the chairmen of the committees to work in the different homes. It was also announced that the chancel choir of the All Saints Church in Detroit will sing Palm Sunday evening in the St. Peters Church. They will sing Stainer's "Crucifixion", directed by Ian Thompson, organist and choir director. This service will be open to the public.

Christian Science Sunday Service

God's infinite goodness will be brought out in the Lesson-Sermon entitled "Reality" at Christian Science services Sunday.

Scriptural selections will include the following from the Gospel of John (1:1, 3): "In the beginning was the Word, and the Word was with God, and the Word was God . . . All things were made by him; and without him was not any thing made that was made."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (472:-24-26): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made."

The Golden Text is from Psalms (18:32): "It is God that girdeth me with strength, and maketh my way perfect."

Christian Workers Class Met For Business Meeting

After a bountiful potluck supper, the Christian Workers Class of the Baptist Church held their business meeting Friday night with the president, H. Lee Prettyman presiding.

Plans for the Box Social and Square Dance, to be held Saturday evening, March 30, in the Youth House, were completed and tickets distributed among the members to be sold to the public. They will also be available at the door. The evenings activity will begin at 8:30 and end at 12 p.m.

It was announced that the next meeting will be held April 26 with Mr. and Mrs. Harry Beland as hosts and Mr. and Mrs. Max Elliot in charge of the program. The program, arranged by Mr. and Mrs. George Green, consisted of devotions led by Mrs. Green and group participation games. Hosts for the evening were Mr. and Mrs. Warren Puffer and Mr. and Mrs. Richard Lask.

Methodist Circles Held Joint Meeting Last Wed.

Forty people attended the meeting of all of the Circles of the Methodist Church that was held at the home of Mrs. Carroll Sprague last Wednesday evening when the Naomi Irene Circle entertained. Rev. Francis Mitchenson, the minister of the First Methodist Church of Hudson, was the speaker and kept those assembled very amused with his account of his experiences while serving as a missionary in Newfoundland.

Once while driving his dog team he was able to rescue an American pilot, Capt. Mackey, and nursed him for some time until he was able to be flown out. After this it was reported in the paper that Capt. Mackey had passed away so it was with great surprise and happiness that Rev. Mitchenson happened to meet him in Florida, hale and hearty. Rev. Mitchenson was born in the British Isles and several years ago the congregation in Hudson sent him home where he had not been for 25 years. He has many beautiful pictures of England and the Netherlands.

Mrs. Artman, chairman of the Naomi Irene Circle, presided during the meeting, and Mrs. Sprague led the devotional period which included 2 solos by Miss Shelia Sprague, "Teach Me to Pray" and "I Heard a Forest Praying". Mrs. Kenton Hunt accompanied her at the piano.

Announcements were made of the District meeting to be held at the Milan Methodist church April 3 for which reservations are to be in by today, the annual White Breakfast April 11, the Mission Study Class held in Albion July 8th through the 12 and the World Friendship Conference July 28 through August 3.

Rev. Horace James spoke briefly and refreshments were served by the committee including the hostess, Mrs. Sprague, Paul Radsell, Mrs. Clifford Deaner, Mrs. Maynard Lucas, Mrs. George Blanchard, and Shirley Sprague.

Guests for the meeting were Mrs. Stuart Watson, Mrs. Ralph Atchison, of Tecumseh and Millie Sprague of Adrian.

Hans P. Hensen Laid To Rest Sunday March 24

Hans Peter Hensen, passed away at the home of a son, Elwin, in Stanton, Michigan March 22, 1957. Mr. Hensen was born in Nanskoo, Denmark on November 27, 1867. He came to the United States at the age of 19 and settled in northern Michigan as a copper miner. He has lived south of Tecumseh for 28 years. In 1889 he married Louella A. Clark. She passed away in 1949. He was a graduate of the Raisin Valley Seminary.

He is survived by two sons, Elwin of Stanton, Mich. and Everett of Tecumseh and six grandsons, Hans, Chester, Charles, Richard, Donald and Peter.

Reverend H. B. Peters officiated at the funeral in Collins Funeral Home, Sunday, March 24th. Burial was in Raisin Valley cemetery at Birdsall.

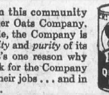
What do these famous products have to do with TECUMSEH

...besides please homemakers from breakfast to biscuits?

"Employees are always glad to see a company diversify its products. Making more kinds of products that people want and need is good insurance against standing still or losing ground, and it makes jobs more secure. We are glad that The Quaker Oats Company makes over 200 products—ranging from pet foods to a ready-mix for tortillas, from cereals to chemicals that go into nylon and plastics," says one of the Quakers, Otto Baaske, in Tecumseh.



Many folks here in this community work for The Quaker Oats Company. Known far and wide, the Company is famous for the *quality* and *purity* of its products. And that's one reason why the people who work for the Company take such pride in their jobs . . . and in *all* Quaker products.

Products like Quaker Oats and Mother's Oats fill a *need* of local homemakers for *quick, nourishing breakfasts.* New Quaker oatmeal is on the table in *one minute*—extra-creamy, high in protein. Bread and biscuits made with Quaker family flours are another "success story" (see box).

As you enjoy Quaker products "from breakfast to biscuits", you'll see why your "Quaker" friends and neighbors say, "If The Quaker Oats Company makes it, it's *got* to be good!"

Q. Who bakes the best biscuits known to Man?
A. Women—using Aunt Jemima, Quaker Best, and other superior-quality Quaker family flours!

These flours are in demand because they give you whiter, fluffy biscuits, finer-textured cakes. They are milled just that much finer-whiter-lighter. Backed by generous guarantees, they're the best flours you can buy at any price!

No Wonder Drugs For Every Day Life...

There is little question that advanced drug development has induced some carelessness in health care. Confidence of easy cure has made many disregard common sense precaution.

Such confidence is simply a product of ignorance — failure to know all the facts. One treatment with some drugs renders the patient immune in the future. No drug has near to a 100% success on any disease — so still observe common sense precaution.

AUTO DECATHLON PROVES—

CHEVY'S THE CHAMPION OF THE ROAD!

Drive the car that proved its superior steering, braking, cornering, road-holding and passing ability in the world's first Auto Decathlon, a ten-way test of the driving qualities you want.

Chevy proved it's the champ in the world's first Auto Decathlon, certified by the NATA.* It showed how beautifully it handles, how quickly it recovers from emergency situations—like quick turns and stops—which can cause a car to lose its even-keel stance on the road.

Chevy waltzed through some of the roughest challenges ever laid down to measure how a car behaves when the going is tough. Everything else in the low-price field was left in the lurch as Chevrolet finished first! Chevy even beat the higher priced cars that were tested, too!

That's Chevrolet's sure and solid going for you. And it's combined with V8 engines that deliver championship performance. Chevy recently proved that at Daytona Beach by taking the top performance award. Come in and drive the winner.

Over $21 Billion To Be Spent On Modernizing

Modernization, repairs and maintenance of all types of construction will reach the huge total of $21,300,000,000 this year, far more than the anticipated total of private new residential building, and 32.18 per cent of the total of all construction.

So says, William C. Bober, economist, in the March issue of the American Builder, magazine for builders.

Bober states that $45 billion will go for new construction this year, which will make a total of $66¼ billion which will be spent on construction by the time 1957 draws to a close.

He takes issue with those who neglect to include modernization in this year's construction estimates.

Estimates of the U.S. Departments of Commerce and Labor show that sums spent for additions and alterations for the first two months of this year already exceed those expended in the corresponding period of 1956, while the total for new homes in down.

Broken down into segments, this is how the economists sees the 1957 construction picture:

Private new residential, $13,200,000,000, or 19.94 per cent of the total; private new non-residential, $16,700,000,000, or 25.23 per cent; public construction, $15 billion, or 22.65 per cent; modernization, repair maintenance, all types, $21,300,000,00, or 32.18 per cent. Total, $66,200,000,000.

Bober points out that the stepchild of all building activity phases is the under-estimated and neglected modernization section of $21.¼ billion. Yet it alone comprises almost a third of the huge construction business.

Indeed, it is a most important member of the building family. The favored child — new construction — has been known to dawdle sluggishly in low gear or suddenly spurt ahead in high.

Modernization, however, goes along at a steady clip each year.

The country can look forward in 1957 to a picture of $425 billion in gross national product or output. Of this amount, construction's contribution of $66¼ billion is 15 per cent of the gross, and it is increasing by leaps and bounds.

What are the factors contributing to this spectacular growth of construction? Bober believes it is due to the increase in population since before World War II. The myrials of war and postwar babies are springing up into adults of home-wanting age.

From 1920 to 1940 the number of children aged 14 or less actually declined by about two-thirds. However, the birthrate rose to an unprecedented 50 per cent in the succeeding years. By 1960 the number of children will have increased by almost 21,000,000. Never before in our history has such a growth been recorded.

"The repercusion on construction," says Bober, "will be almost beyond calculation. Very few of us have yet grasped its full significance. Even fewer have projected their minds forward into the next two decades in order to grasp what this change will do for the market for homes."

Builders will be erecting two million homes a year by 1970.

TO PROVE TO YOU WHAT THE EXPERTS ALREADY KNOW ABOUT AMERICA'S NUMBER ① ROAD CAR!

Drive the Champ!

First the automotive writers said, "Keep your eye on Pontiac . . . this one's a sleeper"! Then the California Highway Patrol chose Pontiac after three days of grueling competitive tests of six of America's top performers. Next, in the top stock car event of the year, NASCAR's 160-mile Daytona Grand National*, Pontiac outperformed everything on the beach including super-charged and fuel injection cars!

NOW IT'S YOUR TURN—Slip into that roomy driver's seat. Gently nudge the accelerator and feel Pontiac's barrel-chested 347 cu. in. Strato-Streak V-8 go into action. Put its instant response and Precision-Touch Control to a traffic test. Choose your own rough stretch and feel it disappear under Pontiac's Level-Line Ride. Then head for the open road and give that deep-breathing power plant a chance to show its mettle in the fresh open air. *Man—you've got a champ on your hands for sure!* And to make it even more fun—there's a chance to win a free Pontiac! Just follow the instructions at the right—*you* may be a winning driver!

HERE'S ALL YOU DO!

1 Go to your nearest authorized Pontiac dealer during April and test drive the 1957 Pontiac.

2 Fill out the official entry blank and deposit it with your dealer.
That's all there is to it!

The Annual Spring Ann Arbor District meeting of the Women's Society of Christian Service will be in Milan on Wednesday, April 3rd. All the Methodist women are invited and urged to attend.

COMMUNITY CLUB

The Macon Community Club met at the home of Mr. and Mrs. Hamilton F. Moore's on Tuesday evening instead of with Mr. and Mrs. Bert Bruder. Following a cooperative supper, Mr. Bigelow conducted the business meeting. Mrs. Travis gave the secretaries report and the flower fund report. It was decided to try and get some new members and also try and get the old members more active. This is a social club for the people of the Macon Community and is a good way to become better acquainted. Anyone wishing to join is welcome. It meets on the third Tuesday evening of every month except December. Miss Barbara Maddux of Tecumseh played several selections on her accordion, several told Irish jokes, repeated poetry and two games were played.

LOCALS

The rose on the Altar Sunday was in honor of the new son of Mr. and Mrs. Martin Keasel Jr. They were placed on the altar by the Alice Jane Circle.

Mr. and Mrs. Donald Schroeder are the parents of a baby daughter. Mrs. Schroeder was formerly Margaret Kimmer.

Mrs. Jesse Ross of Hillsdale and Mrs. Ralph Krebs of Tecumseh surprised their sister Mrs. Lilburn Burleson Wednesday for her birthday. They spent the day visiting.

Recent callers in the Mrs. Mary Howell home were Clifford Tingley Sr. and his son Clifford of Detroit.

Several ladies have been busy this past week in Macon Township collecting for the Red Cross. If anyone has been missed or not at home when they called and wish to contribute, phone Mrs. William Gibson by March 30 and someone will collect it.

Mrs. Truman Jordan and her daughter Lenora of East Lansing are vacationing in Indiana and Tennessee. They left Friday.

Miss May Baker, of Macon, left last Friday morning for a trip through Arizona, California and New Mexico, going by train from Ann Arbor. Her sister, Mrs. Melvin Travis talked with her by telephone Sunday afternoon and learned that she had gone through the southwest storm area and arrived safely in Phoenix where she will spent some time with friends whom she had formerly known in Toledo.

The Macon Cubscouts met at the Church Monday evening with their parents. Dr. Dustin of Tecumseh, showed pictures and told about fishing.

Mr. and Mrs. Charles Fetterman and sons of Adrian spent Sunday with Mr. and Mrs. Hamilton Moore, Sr.

LINK REPORT . . . .

BY LEO BISHOP

The 1957 golfing season has begun at the Tecumseh Country Club. The mild weather of last week found quiet a few of our golfers trying out their new clubs and their grip and new swings on the golf course for a few rounds before the official opening.

The greens were all mowed Friday and from the golfers view point the course played fairly good.

The golfers will find a few changes on a couple of holes which will be a little more interesting for a 9 hole layout.

This is just a false spring golfers, so beware this weather will not last too long.

COMMITTEES

Now to mention all of our officers and committee's which have been doing such a splendid job so far this year, in organizing the 1957 programs.

Our Vice President and greens chairman Frank Rice, has organized one of the best all around committees in the history of the club. Believe me his job is a tremendous undertaking with many many hours to organize all these committees plus the new additions which are now being built on to the club house.

To our manager Roy White goes a lot of credit in organizing his employees to coordinate their services in to this new streamlined kitchen. This kitchen is a work of art with all the new equipment that science has invented for better eating enjoyment, and with the help of the club chief Eddie Ruppert, our members and their guests will agree that there in none finer, since the club reopened its kitchen a couple months ago, it has served dinners up to 400.

The club staff and committee chairmen are: President, Mrs. Frank K. Smith; Vice President, Frank Rice; Secretary-Treasurer, Charles Newell; Manager, Ray White; Pro-Greens Supt., Leo Bishop; Greens Chairman, Frank Rice; Caddie Chairman and Co-chairman, Vic Lawson and Art Botham; Handicap Chairman and Co-chairman, Roger Linger and Ray Ernst; Golf chairman and co-chairman, Al Russell and Joe Horvath; Membership Chairman, Don Smith; Entertainment chairman, Robert Hanna; Ladies Golf Co-chairmen, Pauline Moore and Ruth Hanna and Ladies Entertainment Chairman, Sugar Woods.

With Mrs. Frank K. Smith son Kirk and daughter Jane at the helm, we do certainly expect a wonderful year at the Country Club for 1957.

PETERSBURG OPEN

Our boys and yours truly did a pretty good job in representing our club at the St. Petersburg, Fla. Open March 14-17. We all qualified for the open and for a couple of days it looked like the Tecumseh boys would take some of the money.

Scores:

Baseball Under-Way At Boysville

One week of baseball is at an end. Saturday afternoon saw the same thirty-two prospects trot off the practice field who had trotted on last Monday. Enthusiasm for the sport is running high because no one has turned in his suit yet.

And enthusiasm is not the only reason for this perseverance. There are only three regulars back from last year's team, and Coach Roman, a "first-year" man himself at Boysville, has said that all positions are open—wide open, and anyone has a chance of winning a starting place on the team when it opens against Manchester on April 25th.

Most of the practice in the past week has been concerned with getting in shape and having a little batting practice. As the weeks go by, though, the program will tighten up and concentrated work on particulars will be undertaken.

ATTENTION ARCHERS

Lists of Michigan waters open to spear and archery fishing during a special spring season are now available from the Conservation Department's fish division in Lansing.

During the spring season, spears and bows and arrows may be used to take carp, mullet, suckers, dogfish, redhorse and garpike from certain waters from April 1 through May 31 in the lower peninsula and during the month of May in the upper peninsula. Artificial lights may be used for spearing on some of these designated waters.

Another spearing and archery season, May 1-August 15, will be open for the taking of carp, dogfish and garpike in designated water in both the upper and lower peninsulas. Artificial lights may be used on all waters open for summer season spearing.

Lists of waters open to spearing and bow and arrow fishing can be obtained from: Conservation Department Fish division, Lansing 26. areas can be obtained by contacting the local conservation officer.

FISHING SEASON

Thousands of Michigan fishermen soon will be testing their skills as spring fishing seasons get under way.

Smelt, walleyes and suckers will provide the first sport, followed closely by special rainbow trout fishing in certain waters in the upper peninsula and the statewide trout season opening April 27.

The special rainbow season opens April 13 in designated waters in the U. P. only; no early rainbow season will be held in the lower peninsula.

Smelt runs, expected in late March or early April, attract thousands of persons to Michigan streams to net the tasty little fish. The exact time of the spawning runs depends on water temperatures and varies from year to year.

Usually, the first smelt activity in streams occurs near the beginning of April, as soon as ice disappears, and spawning runs hit their peak in the latter part of the month. The earliest smelt runs generally are reported in Grass Creek, Antrim county, and Green Creek, Grand Traverse county, and these streams serve as a "get ready" signal for smelt fishermen in other areas.

A complete listing of streams where smelt dippings is permitted is available from the Conservation Department's fish division, Lansing 26.

Sucker spawning runs are expected to begin about April 1 in the southern lower peninsula and near mid-April in northern portions of the peninsula, depending of course on weather conditions. These runs also hit their peak during the latter part of the month and taper off around the first of May.

The main walleye run, in the Muskegon River, usually occurs in early May. Some walleyes often are in the stream before the actual spawning run begins and several catches have been reported during the past two weeks.

'Not As Stranger' To Be Shown Here

"Not As A Stranger," opening on Tues. April 2 at the Strand Theatre through United Artists release, is a screen adaptation of one of the best-selling novels of all time. Morton Thompson's 948 page book dealing with the loves, the aspirations, the heartaches and the triumphs of a doctor, has been read by an estimated four million people, and it's still selling at a tremendous rate.

Stanley Kramer, who produced "Not As A Stranger," also makes his debut as director. The stars of the picture are Olivia de Havilland, Robert Mitchum, Frank Sinatra, Gloria Grahame, Broderick Crawford and Charles Bickford. The large featured cast is headed by Myron McCormick, Lon Chaney, Jesse White, Harry Morgan, Lee Marvin, Whit Bissell and Mae Clarke.

CAN'T FOOL THIS GIMMICK

Whether you like it or not, word from the Southland is that sports are going scientific. Electronics is taking over at the southern training camps to render tougher judgment on recruits and veterans alike than the old pros were ever capable of.

We have it from Manager Lou Boudreau of the Kansas City Athletics, now training at West Palm Beach, Fla., that, from here on, he is going to know exactly how fast a rookie is — either at pitching or batting. These answers will come from a traffic radar outfit that is clocking pitched and batted balls from a position either behind or beside the catcher.

"Since the hand is quicker than the human eye," says Boudreau, "you can imagine how much faster a pitchedd ball is." He reminds us that scouts checking prospects over the country rate their speed visually at one, two or three, which is "a not very accurate guide". While it is still "too early in the season to permit our pitchers to use full steam", the new portable Radarscope has recorded pitching speeds up to 70 miles an hour. Thus, before the season is over, we shall know for the first time, just how fast a baseball travels — whether from the whip of the pitcher's arm or the smack of the bat!

This baseball speed-meter is essentially the same unit as that developed after three years of research by engineers for the use of state, county and municipal traffic safety authorities in their war against speeders — the acknowledged highway killers. In traffic use the meter is set for any desided speed limit from 25 mph upward, and operates only when the object on which it is focussed exceeds that speed. Whether the beam from the Radarscope, travelling at 186,000 mph is reflected back to its antenna from a speeding car or a baseball, the velocity of the object is recorded accurately on a dial calibrated up to 100 mph.

No doubt this new scientific aid will be a fine thing for the national game. Certainly the Radarscope will have the rookies and the eager beavers in the farm clubs on their toes, since it will be standard equipment for Athletics scouts—and doubtless for other clubs soon—when they range around the landscape looking for talent. Nor will any regular be doing less than his best with the electronic eye on him.

But most significant of all, we think, will be the reaction on our highways. If the radar speed meter can clock the speed of the kings of the diamond, Joe Doaks should finally accept the idea that it can nail him too when he drives too fast. It could mean a return to reason!

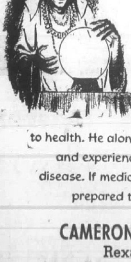
CAN'T SAY "WHOA" NOW

An all-star cast of Teamster union officials, uneasy public servants, informers and underworld characters of both sexes, supported (or vice versa) by lie-detectors, secret tape recordings, the missing papers, the Fifth Amendment and even the FBI, has been presenting a melodrama unequalled in the long history of Senate investigations.

While the nation awaited the subpoena of Teamster President Dave Beck, as promised by Chairman McClelland of the Select Senate Committee investigating racketeering, F.B.I. Agents arrested Vice President James R. Hoffa, teamster number two and arch rival of Beck in a Washington hotel lobby. He will be tried in Federal court on a charge of bribing a Government counterspy to steal Committee records.

The Teamster playlet is merely the curtain-raiser, we are told. But it may be moving further and faster than expected —and provide a feature-length show.

Is There One Answer?



As Thomas B. Read once said, "People will tell you the truth is simple. Half-truths are simple. The whole truth is the most complicated thing in God's universe." The same applies to the complex problems of health and disease. Avoid the quack, charlatan, and cure-all type of healer. They can do you no good. Look, rather, to your family physician in all matters pertaining to health. He alone is qualified by training and experience to diagnose and treat disease. If medication is required, we are prepared to render prompt service.

A friend of mine asked a Hungarian refugee recently "What one thing impresses you most about the U. S. standard of living?"

The refugee's surprising reply: "The big roomy houses." Then he added, "Next, of course, are the many automobiles. And, the free way of life. It is so relaxed and peaceful. At first, I found it hard to believe that policemen wouldn't be around bothering us every few days. I had the impression Americans lived a good life, but I didn't realize it would be this good."

Concluded the young refugee, "In Hungary, the houses are built of stone. There's only 1 or 2 small rooms for the entire family. Our people would be overwhelmed with many features of America, but I'm sure they would envy most your roomy homes."

Do you enjoy this unique feature of American life — the roomy, spacious home? If not, and you'd like to own one, come in and talk things over.

At the present time we have a nice selection of roomy family homes for sale.

FORAGE CROPS

Michigan dairy farmers are not making greater use of forage crops despite the fact that such crops can do an excellent job of lowering feed costs and thus increasing net income.

Acreages of crops for hay and pasture have stayed about the same for the past 15 years, according to C. R. Hoglund, farm economist, and M. B. Tesar, farm cropsman, at Michigan State University.

Poor quality of the forage produced and low yields have discouraged some farmers from making greater use of forage crops, according to L. G. Hall, Lenawee county agricultural agent.

Many farmers have not been satisfied with the yields of the companion crops needed to establish seedings.

Two adjustments can be made to increase yields of companion crops: change the method of harvest, or, use a different companion crop.

For instance, oats harvested as silage yields twice as much feed nutrients as when harvested for grain, making oats more nearly competitive with corn.

Proper timing in harvest is extremely important to the making of top quality oats silage, the M.S.U. specialists point out. The harvest period for oats silage is rather short compared to legumes. Earlier harvest as a result of making oats silage generally improves the stands of legumes.

Dairymen may also increase forage production by seeding alfalfa-bromegrass in oats in August and then grazing or harvesting the forage in October. This method may be somewhat less profitable, particularly on highly-productive soils, than the oats silage method. But, it may be well adapted to farms where extra work is needed to reduce serious weed problems before legumes and grasses are seeded and it gives good stands.

The specialists offer two suggestions for different companion crops: Sudan grass to be harvested for silage, green-chopped or pastured; and wide row corn.

Sudan grass, grown on heavy soils and harvested for silage, yields about twice the feed value as oats harvested for grain. The success of a seeding made in Sudan grass depends on mid-May seeding and harvest in the grass silage in early July before it offers too much competition for light and moisture for the new seedings.

Seeding in Sudan grass harvested for silage appears to be less profitable than seeding in oats used for silage on the less productive soils. The risk of obtaining good seedings is higher. However, Sudan grass may be a more attractive crop for a farmer followng a green chopping system because of its mid-season production.

Using wide-row corn as a companion crop appears to be the most profitable on highly-productive soils when forage yields are at least 9 0per cent as good as those established in oats for grain.

Experiments have shown that forage yields of seedings established in wide rows (60 inches) were only six per cent lower than those established in oats. Seeding in corn is not recommended for lighter soils.

Oats Seeded To Alfalfa Is Good Feed

Oats in alfalfa plantings will supply farmers with a good silage feed. Oats as a companion crop for alfalfa seedings will supply a good silage feed almost as high in nutritive value as corn silage, and will help you establish a better alfalfa stand. But for the benefit of a better alfalfa stand, but must harvest oats off the land before July 4. Best time is from July 1 to 4, in the late milk or early dough stages.

With present wide use of field choppers, or forage harvesters, labor is greatly reduced and will give a higher total oat yield of a fine quality feed for silage. And, you will get a good alfalfa stand.

The reason for better alfalfa stands is that you remove competition for alfalfa from both oats and weeds. New alfalfa seedings are usually lost after July 4 due to competition from oats, weeds and drough. Yields that growers might expect would run around 8 to 9 tons of silage from a 65-bushel oat crop.

To get this feed production where oats are planted at a rate of two-bushels per acre, add from 350 to 400 pounds of fertilizer, high in potash. Band seed alfalfa. Then, following four to six weeks, apply 20 to 25 pounds of supplemental nitrogen.

With this approach, advantage of hihg yields can be taken and still reduce risk of lodging or competition from oats. And, by harvesting oats early, before July 4, alfalfa stands will be greatly improved.

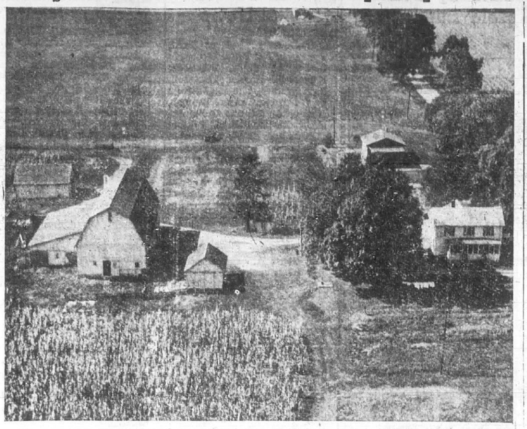
Rodgers Homestead Was Mystery Farm



Mr. and Mrs. M. T. Fairbanks are the owners of last week's "Mystery Farm" located 1 1/2 mile west of Holloway on Holloway Road. It is a CentennialFarm, having been in the family more than 100 years. The farm is known as the Rodgers Homestead.

The Fairbank's have three children: Roland who has built a home on the farm, Mrs. Mahlon (Joyce) Gray of Adrian and Gerald Fairbanks of Lakeland, Florida. They belong to the Holloway Presbyterian Church, the Farm Bureau and are active in community affairs.

General farming is practiced on the 160 acre farm. It was first identified by Mrs. Walter German of Route 3 Adrian Thursday morning. She was given a two year free subscription to the Herald. The Fairbanks family, who are in Florida at the present time, were given an aerial photo (via their son Roland) and $5.00 worth of merchandise courtesy of Jerry's Market.

MMPA Reports On February Prices

Dairy farmers who supply milk to Detroit jointly shared nearly a million dollars in negotiated premiums over the Federal Order during February, according to a report of the Michigan Milk Producers Association.

The million dollar figure represented the highest point ever reached by negotiated premiums in the Detroit market, it was revealed by H. F. Simmons, Secretary-Manager of the Association. He said the prices negotiated by MMPA during the past six month period has increased Detroit area farmer's milk checks by more than $4,200,000.

The base price for milk delivered during February averaged $4.98 per hundredweight f.o.b. Detroit, Simmons said. Class 1 (drinking) milk was $5.35 per hundredweight, while the Federal Order Class-price was $4.357. Thus the price negotiated by MMP was nearly $1.00 per hundred over the Federal Order price.

Simmons also reported that while Class 1 sales in the Detroit market were up slightly over January, a trend of the past five years was reversed when February, 1957 Class 1 sales dropped 1/2% below February of last year.

Wheat Loans Mature March 31

Chairman, Mr. Brittain of the County Agricultural Stabilization and Conservation Committee have reminded producers that March 31 is the maturity date for 1956 crop wheat price-support loans.

Market prices for wheat have been at or above support prices in many areas. Chairman, T. O. Brittain said that it might pay farmers who have wheat under loan to look into the possibility of redeeming their loans and selling the wheat in the market. This would help reduce the Government's costly storage and disposal operation. Producers who let the Government take over the grain in satisfaction of the loan are paid any difference that the market on the maturity date is above the loan price plus interest and charges. Chairman, T. O. Brittain pointed out, however, that, by carefully watching the market producers might be able to better this price to their own advantage.

Chairman Brittain also points out to producers who have wheat under purchase agreements that they must notify their County ASC Office not later than the March 31 maturity date for loans if they decide to turn over their wheat under purchase agreements to the government. Many producers in Michigan have redeemed their 1956-crop loans. As of February 15, 511,997 bushels of the 1,176,389 bushels of wheat placed under loan had been redeemed by producers.

Natural GAS
YOUR SILENT SERVANT

Your Natural Gas Comes A Long Way

The natural gas you get at the turn of a valve has traveled hundreds of miles. Laying pipelines to carry it to you presents many engineering problems.

Rivers are only one of the hazards which must be overcome on the pipeline's cross country journey. Since gas is lighter than air, 30 pounds of ballast are used for each foot of 30-inch pipe in a water crossing.

Corrosion is another headache engineers have minimized by coating and wrapping the pipe before it goes into the ground.

Millions of dollars in equipment join with labor and know-how to keep natural gas flowing to your home or place of business. Natural gas is your dependable low-cost servant.

Word has been received of the death which occurred Monday morning of Samuel J. Preston in Indianapolis, Indiana.

Higher Hog Prices In 1957 Is Outlook

Prospects are good for higher hog prices well into 1957, say farm economists. The low supply of hogs on Michigan farms is the reason. The spring crop of pigs in 1956 was down eight per cent from 1955, and it is expected to be down another three to five per cent this spring.

This will be a change from the over-supply of 1955. The over-supply resulted in lower prices which discouraged hog producers and resulted in lower production last year.

It is a good time for a little expansion in the hog business, providing you have the facilities for it, according to farm economists. But they advise not to go too far and keep in mind that buyers want No. 1 meat-type hogs. They are probably the most profitable for Michigan producers.

Bloodworms Are Hard To Treat

Adult bloodworms cause an irritation in the skin of infected sheep. Affected animals scratch the irritating area, opening sores which can become infected with other organisms, according to the Journal of the American Veterinary Medical Association.

The bloodworms lodge in the arteries of sheep where they are not affected by sprays, dips or worming drugs. The irritation occurs in the skin area fed by the arteries housing the parasite. If the worms settle in the large artery of a leg, the lower extremity of the leg swells and sores result from the scratching.

Some sheep ranchers have tried to break the life cycle by destroying the visibly infected sheep but other cases in the incubative stage usually keep on showing up. Treatment of infected animals by veterinarians is effective in relieving irritation — but it generally requires a high protein diet to offset the toxic effect of treatment compounds, the Verterinary Association said.

Prog. Payments

Wool and unshorn lambs marketed not later than March 31, will be eligible for payments to be made this summer under the 1956 wool incentive program, Chairman, T. O. Brittain, of the Lenawee County Agricultural Stabilization and Conservation Committee, states. Marketings after March will be eligible for the 1957 wool program, which runs through March 1958.

Applications for payment under the 1956 program must be filed not later than April 30 at County ASC Offices.

Present, HON. L. B. KUNEY, Judge of Probate.

In the matter of the estate of LOLA H. MARSH, deceased.

On reading and filing the petition, duly verified, of John R. Marsh, husband and heir at law of said deceased, praying that administration of said estate may be granted to petitioner or some other suitable person, and that the legal heirs of said deceased be determined.

It is ordered that Monday, the 15th day of April next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in The Tecumseh Herald, a newspaper printed and circulating in said county of Lenawee, for three consecutive weeks previous to said day of hearing.

L. B. KUNEY, Judge of Probate.

Reserve Deadline

April 15 is the last date that farmers can sign Soil Bank Conservation Reserve contracts to begin in 1957, according to T. O. Brittain, Chairman of the Lanewee County ASC Committee. Orginally, the deadline was a month earlier.

Suburbs Swallow Up Rural Land

Suburbia is swallowing up Illinois and Michigan rural families at the rate of 15,150 a month, according to figures released by Robert R. Justus, Chicago Regional Director of the Post Office Department. Post Offices in the two states, excluding the Upper Peninsula of Michigan, served 181,814 fewer families on rural routes at the beginning of 1957 than they did a year previous, postal records show.

Farm folks aren't necessarily moving away, Justus pointed out. They are being surrounded by city dwellers moving out into the open spaces. As a result, in the past 12 months, postal headquarters in Chicago established 509 new city carrier routes, most of them in mushrooming suburban areas.

News From The Tecumseh Grade Schools

PARAGON

Our school, Paragon, opened in September with eleven pupils in the fifth grade and eleven pupils in the sixth. We have now increased our numbers to thirteen and sixteen respectively.

In November we visited the University of Michigan's radio station. We talked with Miss Edythe Albert, our radio teacher, and participated in a radio program. Carol Basinger sang a solo.

January found us taking part in the West Tecumseh P.T.A. program. We participated in the singing and did a dance, the Virginia Reel, under the direction of our music teacher, Mr. Bennett. Those taking part in the dance were: Caller, Carol Basinger; dancers, Bobby Baker, Gary Linger, John Jeffers, Don Becker, Dick Carter, Bill Fisher, Charles Boyce, Ward Cornell, Judy Olhman, Janice Whelan, Judy Ruttkosky, Vickie McVay, Jane Thielan, Mary Thielan, Paula Echelbarger and Erma Hurst.

The fifth grade has just finished a unit about the United States and are ready to study about our other lands.

The sixth grade has just finished a unit on airplanes. We enjoyed this very much, for we saw why air power is important to us and to our county.

Our art teacher, Mr. Hickerson, has been giving poster work and designs with water color to us.

Recess time finds the boys practicing broad jumps. Bill Fisher is the leader, being able to jump over thirteen other boys. The boys are also practicing some wrestling holds. The girls are playing ball, and practicing broad jumping.

We appreciate the Herald asking us for news.

PATTERSON SCHOOL NEWS

Our trip to Mr. O'Pravil's farm was a great success. We enjoyed the bus ride and seeing our different schools on our way. Mr. O'Pravil was very kind to us and showed us all of the interesting things on his farm. We each had a ride on the pony—played for a while in the barn where we could look up high and see the hay-loft. We saw the cows, the pigs, the chickens, and the tractor. We were all surprised to see two beautiful peacocks, too. Now we hope we can find a picture of one so we will not forget how they look.

The fourth grade bulletin board is beginning to look like Rabbit Hill! We are making an Easter mural with cut paper figures, and it is growing every day.

The boys have been doing some tooth pick sculpture, and have some very original creations. Some of the children have made characters and buildings from milk cartons. We will display our work in the case in the hall next week.

In our arithmetic class we have made some very interesting discoveries about nines. We have decided that nine is a magic number! We think the study of fractions will be very interesting, too.

We have several children out of school because of illness, and Toni is spending some time in Florida. We hope they will all be back soon.

In art class this week our fifth grade made vases of pussy willows.

In Arithmetic we took Self-testing Drill No. 13 this year. We are quite proud of it.

Thursday morning we were invited into the new Kindergarten room, by the Sixth Grade, to see a movie about Russia. It was very interesting and gave us a good idea of the contrast in the ways in which people live over there.

JUNIOR AMERICAN CITIZENS CLUB

The meeting was called to order by David Dustin the president.

Roll called by Barbara Colgrove, Secretary.

Also we sang the Star-Spangled Banner along with the Pledge of Allegiance led by Dorothy Nettleman.

We said the Junior American Citizens Creed.

We brought some pictures about sports. The people who had something about sports were, Susie Whitney, John Mensing and David Dustin.

In the sixth grade we are studying about Russia in Geography. There are six different belts of land. They are the Tundra, Taiga, Black Earth, Steppe Country, Belt of Desert, and Mountain Lands. Russia is a vast country. It covers 1/6 of the world. We saw a movie about the Russian people and the way they live. It helped to give us a better understanding of that country.

In Science we are learning about how the airplane flies. We have tried several experiments about the affect air pressure has on lift.

We are learning poems in English and many of us are having a difficult time memorizing them. This is our first experience this year. We are allowed to choose our own poem.

For art we drew a picture which represented the thought of the poem we had memorized.

Jack Dick, captain of our Safety Patrol, went to a dinner Wednesday, March 20, which was sponsored by the Lenawee Traffic Club at the Eagles Hall in Adrian. There were boys from all over the county that attended. Each boy was asked to write a theme about Safety. The winners were awarded a prize. Our own Jack Dick had the honor of receiving second prize. First prize was given to a sixth grade pupil from McKinley School, Adrian and third prize winner was a sixth grade pupil from Garfield School, Adrian.

The second grade has helped Ricky Wraight, Debby Purkey, Nancy Caffey, and David Kennel celebrate their eighth birthdays. We now have twelve boys and girls who are eight.

We are happy to once again have the P.T.A. Attendance Award. We had the largest percentage of parents attending the last P.T.A. meeting. It was our privilege to decorate the corner for the serving table and the napkins and we are pleased that so many of our parents could come to the meeting.

We made a scene to illustrate a poem about kites for the hall case. Each of us made a cut-out picture of ourself flying a kite.

The aquarium has been an interesting spot in our room for the past week. We have learned to recognize the fish and some things about their care.

In Arithmetic we have been learning to recognize a correspondence between groups of things. We have brought pictures to school for our bulletin board to illustrate that "two out of every three automobiles in each group are passenger cars". We have made pictures to show that "three out of every five balls are red" and similar situations. Our mothers and fathers would call this concept which we are learning "ratio", but we don't use that word yet.

Mrs. Hochrein and Mrs. Collingsworth have been visitors in our room recently. We are always happy to have our parents come to visit school.

CENTRAL NEWS
SPRING

It's the first day of Spring,
And what do we find?
Snow on our roofs and snow on our swings.
And so to our bird friends, we must be kind.

On the first day of Spring Mrs. VanWinkle's second grade composed their first poem. We think it was pretty good and we wanted to share it with you. Perhaps we will do a better one before the year is over.

Mrs. Caterina brought an autoharp to our room. Many of us got to play chords in it. We hope she will bring it again.

Spring is also the time for pets! Erie Kelly's mother recently brought four little black and white puppies to visit Mrs. Puffer's room. The very next day Danny Hare's sister brought Danny's puppy to show Danny's classmates.

Diane Lake is out of school because of a tonsillectomy, but all her Second Grade friends hope she will soon be back.

Louann Geringer and Lynn Cavin, two of the first graders in Miss Luken's room brought in cocoons one day last week. One of them is still in the room and the children are hoping that some spring day, a moth will emerge from the littel brown egg-shaped cocoon.

Most of the children can tell time by the hours and this week a little time was spent on telling time by the half hours. Learning to tell time is not actually a first grade project but several of the children were interested to learn at least the hours. Miss Lukens found severela good library books that involve time and clocks, such as: ALL KINDS OF TIME and TOMMY ON TIME, which the children enjoyed.

Trudy Curtiss, Mike Smith, and Kristine Humble were the story readers this week.

Here is news of a spring trip. Mrs. Neitling's first grade went to the Public Library last Friday. It was fun. Mrs. Fosbender helped us choose books we could read. We also learned about crossing the street at the stop light.

Spring decorations are in the showcase. Mrs. Thomas' third grade enjoyed planning and decorating it.

They are pleased to welcome Albert Gimson, to their group.

Ricky Gartee sent them a letter that was very nice. It was fun to hear from him. He was in their room and is now at West Branch.

Here's another sign that Spring is coming! A Polyphemus moth emerged from his cocoon in Mrs. Schwartz' room. The boys and girls enjoyed the story of the one-eyed giant for whom the moth was named.

Mrs. Baily's Fourth graders say, "Although it was cold and there was snow on the ground, we enjoyed talking about spring on its first day. We were glad to welcome it and look forward to warmer weather.

For the Junior American Citizenship club meeting in Mrs. Whiting's room, Linda Easton gave an interesting talk on Girl Scout Week, explaining what each day signified.

Susan Hohenstein, Joel Rutherford, and Larry Whelan have had birthdays this month.

We find another room turning to the study of poetry. In Mrs. Miller's room we are reading and memorizing poems of well known poets as part of Language class. While looking for poems, several children looked into their parent's old books. It has been interesting to see how different they are from ours.

We had to laugh at the real old books Laura Seager brought for us to see.

And we see a bit of spring house cleaning in Mrs. Callihan's room. Our American Flag went out to be dry cleaned so we gilted our standard and tip while it was away. Now we feel that we are especially proud to say the Pledge of Allegiance and sing of our country each morning.

For our Junior American Citizen Club meeting we chose to learn a bit more of Ireland and of Saint Patrick's Day.

If anyone saw us come into the school with pieces of coal this week they might think we were cold. But we are really studying about the mining of coal as we study the growth of Pittsburgh. We are interested to find that many of our classmates know people who are working in mines. Our library has several books to help us in this study.

Mr. Kelly's fifth grade will begin the carving of soap figures. They have drawn the patterns they will use. These patterns will be transferred to the soap and then the figure is carved from the soap.

Mr. White's fifth graders have been discussing some interesting things. Elizabeth Frost found a beautiful butterfly and moth book in the library. Cheryl Maynard let the class enjoy a bit from a riddle book. Sandra Petrovich showed the large book of games found at the Public Library. In connection with the study of the Western States Clifton Doyle had a toy gun; Jean Preston brought a View Master to show the Yellowstone Park Pictures; Glenn Green had some iron ore and field glasses; while Beverlyl Miller chose to let the class hear her record of "Little Doggie".

All of the fourth, fifth, and sixth grades certainly enjoyed seeing Mr. Touborg's African pictures and thank him for showing them to us.

Mrs. Becker's room have added new tropical fish to their aquarium.

Two new pupils have come to our room. They are Phyllis Deline and Robert Nuvell. That gives us 39 pupils.

Mrs. Becker brought a question and answer board to school. We can use it for review and drill in several subjects.

We are multiplying and dividing measures, and reducing answers to simpliest forms.

From Mrs. Crawford's room we hear that our school Safety Patrol captain, Tim Sisson, was a guest of the Lenawee Traffic Club at dinner March 20th. The representatives of 27 schools were honored for doing a fine job. The captains submitted essays and the winners were awarded trophies.

This sixth grade class is studying the use of adverbs. For fun we are un-scrambling letters. If an adverb is formed it is put on the bulletin board.

Mr. Sawyer's fifth grade have completed several road signs in corrolation with their Social Studies unit on Transportation. Such signs as "No Right Turn", "Stop", "Quiet Zone", and "M-50" have been made and may be seen posted around Room 308. They are prepared to better acquaint us with the recognition and understanding of their meaning so that we may practice more safety on our streets. Alho in relation to this unit, Charles Squires brought in several models of very old automobiles. We have these displayed on a flat board with a setting of city streets, park and parking lot colored to represent a part of town. This was prepared by Charles Squires and Gary Naugle.
weznsrep-

Roy Sparks has written a list of all types of transportation and communication.

Clark Nichols gave a very interesting report about the saber-tooth tiger.

Sharon Gillen told about a current book she is reading "All About Strange Beasts of The Past".

Pictured above is the new modern ten unit Jack Pine Motel located on West Chicago Blvd. It is said to be one of the most modern units in this part of the state. It features television in each room, hot water heat, air conditioning and ceramic tile showers. Everyone is invited to attend the open house of the Motel and Drive-In twins which will be held Saturday, April 6 from 1 p.m. until 8 p.m.

Hamilton, Purkey, Freckleton And Schlegel Were Elected

A light turnout of 790 Tecumseh voters journeyed to the polls Monday for the State and Local Election. Locally, incumbents John Hamilton and Donald Purkey were reelected along with James Freckleton and Raymond Schlegel to posts on the Tecumseh City Council.

Hamilton led the balloting with 613 votes. He was followed by Purkey's 542 votes, Freckleton's 448 votes and Schlegel's 414 votes. Runners up were John Saling with 293 votes, Stephen Illeck with 291 votes and Herbert Maynard with 213 votes. Hamilton, Purkey and Freckleton were elected for two year terms and Schlegel for a one year term.

Last year, 1372 voters went to the polls and two years ago 1298 voters turned out. Poor weather and the lack of local issues were blamed for the poor response this year.

A breakdown of votes for Councilmen according to precincts is as follows:

	1	2	3
John Hamilton	166	233	214
Donald Purkey	139	203	200
James Freckleton	134	163	151
Raymond Schlegel	111	149	154
JoJhn Saling	72	121	100
Stephen Illeck	75	93	123
Herbert Maynard	62	64	87

Results of the local election in Tecumseh Township was as follows:

Supervisor—
William Waldron (R) 44

Clerk—
A. W. Merz (R) 47

Treasurer—
Arthur Eaton (R) 45

Trustees—
Wilbur Boyce (R) 41
Ernest Harris (R) 39

Justice of Peace—
Fay Van Valkenburg (R) 44

Member Board of Review—
Leo Robison (R) 44

Ridgeway and Macon Township results can be found on page 5 of this section.

Despite the trend for the state as a whole, Republican candidates for State offices led their opponents by more than two to one in most cases in local voting.

Regents of the University of Michigan—

Ethel Jocelyn Watt (R)	482
Alfred B. Connable (R)	477
Carl Brablec (D)	263
Irene E. Murphy (D)	229

Superintendent of Public Instruction—

Edgar L. Harden (R)	500
Lynn M. Bartlett (D)	217

Member of State Board of Education—

George W. Dean (R)	506
Chris Magnusson (D)	201

Members of State Board of Agriculture—

Frederick H. Mueller (R)	504
Frank Merriman (R)	500
Don Stevens (D)	212
Jan B. Vanderploeg (D)	204

State Highway Commissioner—

George M. Foster (R)	504
John C. Mackie (D)	217

In the non-partisan election, candidates received the following votes locally:

Joseph A. Moynihan	332
Robert E. Childs	323
Michael D. O'Hara	301
Talbot Smith	295
Thomas M. Kavanagh	213
John D. Voelker	187

The Board of Election Canvassers met at the Council Building Tuesday April 5th to canvass the votes. An organizational Council meeting will be held Monday.

For the state as a whole, the Democrat candidates captured all of the offices at stake. Victorious for State Highway Commissioner was John C. Mackie; for State Superintendent of Public Instruction Dr Lynn M. Bartlett, Chris Magnusson for the state board of education, Irene E. Murphy and Carl Brablec as members of the University of Michigan Board of Regents and Don Stevens and Jan Vanderploeg for the State Board of Agriculture.

On the non-partisan ballot for State Supreme Court, Democrats Thomas Kavanagh, Talbot Smith and John D. Voelker were victorious.

ON PARTICIPATION

The 790 voters who turned out for Monday's election were certainly far from what one would expect in a Democracy where the voice of each citizen counts. However, I don't think that it is a great calamity. It seems that a Democratic citizenry is aroused to wholehearted participation only when it feels its interest is vitally at stake. Thus when the issues are few, the minority usually rules. However, the will of the majority can never be violated because it is aroused to participation when necessary. There would be a real turnout if the issue were whether the right to vote should be retained or not.

CHARACTER

I wonder why it is that a weak man almost always in his groping takes up lying which in turn only serves to make him weaker. They always in the end reveal the true nature of the tellers who seek an impression of strength in an impossible manner. Truth is an intregal part of character and strength. No amount of falsehood can pierce its armor for long.

☆ ☆ ☆

WANTED INITIATIVE

Tecumseh is still drastically in need of a Chamber of Commerce or like organization. Facilities, equipment and all of the requirements are available except leadership and assured support from the business and professional men. There is absolutely no organization or agency in town at the present time that can perform the badly needed functions of attraction of additional industry, special business promotions and the like.

When past efforts have failed, the best technique is to try new approaches and methods rather than give up and be content with nothing. At least it wouldn't hurt to pick up the ball and try again. There is so much to gain and nothing to lose. How about it, who has the initiative?

SPRING

Here it is spring again, the time when a young man's fancy turns to what the girls have been thinking about all winter long.

Local Police Work Reported For This Past Week

The Tecumseh Police Department reported the following investigations during the past week. A car driven by Donald Gallant, R. 3 Tecumseh and a car driven by Duane Locke, Tecumseh, collided on W. Chicago Blvd. on April 1st. On March 29th, a car driven by Ida J. Hartley, Tecumseh and another driven by Johnny R. Gean, Adrian, came together on Chicago Blvd. There were no injuries reported, however, there was $50.00 worth of damage to the Hartley car and $50.00 worth of damage to the Gean vehicle.

On March 30th, Clair Walter, Grass Lake, was picked up for the State Police for violation of parole. Carl Edward Campbell, Hamtramck, appeared before Justice Robert French and was fined $20.00 and costs of $8.60 or 30 days on a drunk and disorderly charge. Joseph Lee, Hamtramck, appeared before Justice Robert French on a reckless driving charge and was fined $50.00 and $8.60 costs or 30 days.

Five Churches To Hold Combined Easter Services

The setting for the annual Easter Sunrise service will be Hidden Lake Gardens. The service will begin at 6:15 a.m. with five Tecumseh Churches participating: Methodist, Presbyterian, Friends, Nazarene, and Baptist. Dalton Van Valkenburg will be the speaker. After the young people return to Tecumseh, breakfasts will be served in the various churches. The Tecumseh Electric Co. is furnishing a public address system so that everyone will be able to hear and each church will appoint 2 boys to act as ushers. In case of inclimate weather the service will be held in the Presbyterian church.

Cancer Dance Saturday

A dance for the benefit of the Cancer Society will be held at the Tecumseh Grange Hall Saturday evening, April 6th, from 9 p.m. until 1 a.m. with Fred Dickinson's orchestra playing. The public is cordially invited and all proceeds will go to the Cancer Fund.

Eleven Tecmseh Students Won Writing Awards

Again this year Tecumseh High School has cause to be proud of the result of the entries in the 1957 Scholastic Writing Awards, which is sponsored in this area by The Detroit News. Eleven students in our Junior and Senior High School won awards. In view of the fact that there were almost seven thousand entries this year, from public and private schools in Southeastern Michigan, this is a very good record.

The awards were as follows: Key award (the highest) to John Dewey, eleventh grade, for his short short story. Honorable Mention to two tenth graders, Astride Freimanis for her autobiographical article and Greg Mason for his short story and to two eighth graders, Jane Hodges for her essay and David Grigg for his letter. Commendation to four ninth graders, Jon Cook, Marilou Layton and Joan Mumaw for their essays and Barbara Bayliss for her autobiographical article and to two seventh graders, Richard Meads and Rudite Roberts for their original one-act plays.

Three of the eleven won recognition in last year's contest also — John Dewey won a Key Award, and Astride Freimanis and Jane Hodges won Commendation.

This year's Awards will be presented by The Detroit News at the Rackham Memorial Auditorium in Detroit on Wednesday evening, May 8.

Gift Shop Under New Management

Mrs. W. W. Ring, of Tecumseh, has purchased the Ousterhout Gift Shop. She took possession Monday of this week. The firm in the future will be known as Bee Ring's Gift Shop. The Ring family live on W. Chicago Blvd. Mrs. Ring is the daughter of Mr. and Mrs. Lester Rodgers.

Mrs. Burt Ousterhout has been the owner of the gift shop for the past 23 years and will now devote her time at the flower shop helping Mr. Ousterhout.

Donald Whelan Farm Designated Centennial Farm

A tract of land in Franklin Township, Lenawee County, has been designated a "centennial farm" by the Michigan Historical Commission.

This newly-designated contennial farm is owned and operated by Donald Whelan, Route 1, Tipton, Michigan and has been in his family since 1833. Originally, it was purchased by Leonard Whelan, great-great-uncle of the present owner, from the United States Government.

This farm adjoins another centennial farm owned by Alton F. Whelan, father of Donald Whelan, which was taken up from the Government by John Whelan, a brother of the Leonard Whelan mentioned above. This farm has displayed a centennial farm sign since 1951.

Block Chairmen Chosen For The Cancer Canvass

The following women are scheduled to work as area and block chairmen for the Lenawee Cancer Association. A door to door canvass will be held during the month of April.

Mrs. Charles Stephenson, Mrs. Earldean Roe, Mrs. Ben Gillies, Mrs. Burton Poucher, Mrs. Lucille Limes, Mrs. Gerald Baker, Mrs. George Van Camp Jr., Mrs. Ruth O'Neill, Mrs. Gibbs Barber, Mrs. Duaine Murphy, Mrs. Lowell Edwards, Mrs. Frank Glenn, Mrs. John Hamilton, Mrs. Edythe Louden, Mrs. Erwin Marsh, Mrs. Robert Hamilton, Mrs. Elmer Harper, Mrs. Harlan Dicks, Mrs. Robert Anderson, Mrs. Leon Williamson, Mrs. Al Bagshaw, Mrs. Harry Hoffman, Mrs. Walter Mueller, Mrs. John Hartley, Mrs. Clyde Smith, Miss Ruby Preston, Mrs. Bobbie Robison, Mrs. Raymond Kempf, Mrs. Rinehart Radant, Mrs. Vern Manwaring, Mrs. Joe Kellogg, Mrs. Douglas Hall, Mrs. Stanley Miller, Mrs. Francis Packard. Mrs. Harold Milosh, Mrs. Walter Wonderly and Mrs. Frederick Dickinson.

If there is anyone who would be willing to canvass a small area, please contact Mrs. Mahlon Sebring, phone 502J, who is chairman of the door to door canvass in this drive covering Tecumseh and Tecumseh township. These women and many many more working with them have very willingly volunteered their services to this great cause. The American Cancer Society does not benefit from any other fund raising campaign, so please be generous when volunteers call. They are giving both time and money, states Mrs. Charles F. Stevenson, Chairman, Tecumseh Chapter, American Cancer Society.

City Manager Nelson Made Report Monday

City Manager E. J. Nelson reported Monday evening that the Highway Department has been hauling gravel on streets and the parking lot. They have also cleaned a catch basin and have been patching streets.

The crane has been overhauled and work will start on curb and gutter on Union street between Chicago Blvd. and Pottawatamie street as soon as the weather permits. Mr. Nelson is going to confer with Ann Arbor Construction Company this week regarding black topping the alley and what they have to offer in the way of asphalt curb and gutter.

Department Was Called

The Tecumseh Fire Department was called to the residence of Charles Schneirla at 624 N. Union on March 31st. It was a grass fire, with no damage being done.

Beginners Enrollment Will Be Held May 6

Kindergarten enrollment, for the school year 1957-'58, for Tecumseh Schools, will be held at the Patterson School, the week of May 6th. Any child who will have reached his fifth birthday on or before December 1 is eligible to attend kindergarten. At the time of registration, it will be necessary to present the child's birth certificate.

Police Report For Month Of March

Tecumseh Police for the month of March had 14 accident reports, 32 complaints were received, 54 traffic summons issued, 22 meter violations, 10 arrests, 5 liquor inspections and 32 double parked cars.

Revenue collected from traffic fines and costs totaled $438.50. Eleven dollars and fifty cents was collected for meter violations. Meter collections totaled $964.70.

City Council Meeting Was Held This Week

A petition was submitted to the City Council Monday night at the regular bimonthly meeting asking for curb and gutter on the north side of Russell road at the Waskin Subdivision. The petition was accepted and referred to the City Manager for scheduling.

The claim turned in for damages done to the car of Charles Henson when he hit stones on a City Street, which were covered with snow, was turned down on advise of City Attorney J. C. Beardsley.

The following figures were turned over to the Council on the assessed valuation of the city: Real estate $11,709,000; Personal $4,992,800 for a total of $16,701,800.

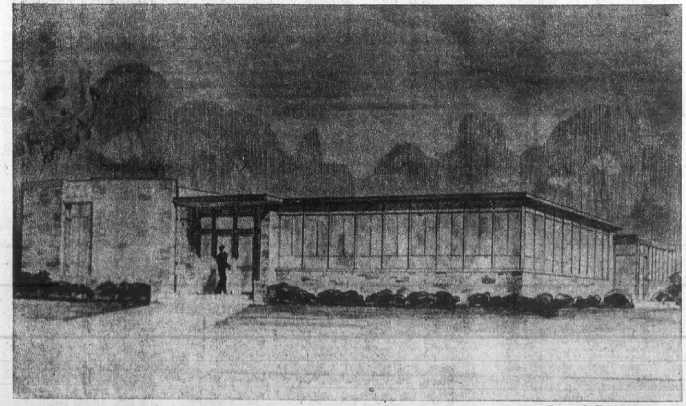
City Attorney Beardsley reported that according to his findings in regard to adequate space for playgrounds, 1 acre for each 800 population is recommended. He said that Tecumseh should devise some formula in the near future. No action was taken but it was the belief that the Planning Commission should set up recommendations before any action is taken.

The City Managers report was read and accepted. It was voted to have the trees sprayed within the next week for Dutch Elm disease at a cost of $1.40 per tree. Anyone having elm trees should notify the City Manager at once. Mr. Nelson reported that work was to start on the Fire Hall addition Tuesday.

A communication was received by the City Manager from Andrew J. Smith who submitted a bill for architectural drawings on the proposed city hall amounting to $329.00. It was voted to pay the bill out of next years budget.

The pay for members of the Board of Review was set at $20.00 per day. There was considerable discussion regarding the recreation program and finances. Some time was spent looking over the proposed budget for the next fiscal year that will be presented for approval at the next Council meeting. There will be a reorganizational meeting next Monday night.

Final City Hall-Police Dept. Plans Shown



Tecumseh Herald photo

The final sketch of the new City Hall - Police Department is shown above looking from east Chicago Blvd. Tentative plans were shown in the March 21st issue of the Herald. Changes are slight with the Council Chambers enlarged and trim altered. Work is expected to begin around May 1st. Bids are not out as yet.

Annual Easter Egg Hunt Will Be Held April 20th

The annual Easter Egg Hunt sponsored by the Girl Scout Association will be held April 20 at the Recreation Field. Many more eggs will be available this year and two hunts will be held: one at 1:00 p.m. for the kindergarten, preschool, and 1st grade children and one at 3:00 p.m. for the children in the 2nd grade through the eighth grade.

Mrs. Junior Fouts is ticket chairman and tickets will be available from both Brownies and Girl Scouts and may also be purchased at the Herald office.

Twenty two hundred Easter eggs were laid last year and more than twice that many will be used to make the recreation field bloom with color this year the day before Easter. With the separation of the younger children from the older, it is hoped that the children will enjoy the hunt to the fullest extent and that all will go home with eggs. Prizes will be awarded in both groups for the most eggs gathered by one participant, for the gold eggs found, for finding another specially colored egg and to the Brownie and Girl Scout who sell the most tickets.

Letters have gone out to the leaders and chairman of each troop's committee women explaining the mechanics of the hunt. If questions arise, please call Mrs. Julius Vincze 423W or Mrs. Lyle M. Grigg 303J.

Rural-Urban Night Held By Rotary Club Tuesday

Rural-Urban Night was observed by the Rotary Club, Tuesday evening with about 80 Rotarians and farmer guests in attendance.

The in-coming district governor, Mr. Frank Henderson, was a guest and introduced the speaker of the evening Dr. J. H. Van Deusen, lecturer, teacher and author, of Hobart College, Geneva, N. Y., who gave a very interesting talk on the Middle East situation and its past history.

Dr. Van Deusen stated that France was a big power in the Middle East at one time but that her power has now somewhat evaporated, however, she still owns some interest there. Russia is seeking control of the railroads from north to south in her drive for more power. Other points of his address included the statement that the Middle East is important because it is the keystone in military defense.

Among the things the West has to defend in the area are air fields, oil and the Suez. The protection of land to the approach to Turkey is vital and the Middle East in general is vital because from here are the bases where Russia must be fought in case of World War III. The importance of the Suez Canal has been debated as it would be easy to obstruct it, however, it is vital to movement of troops and supplies, saving many miles in travel as well as time.

Dr. Van Deusen stated that the Suez is controlled by stock from the different countries and that Brittain holds 46 per cent of that stock. A great deal of stock is held by France as well as by interests in our country. He stated that Israel is in a state of preparedness. She can have 50,000 troops ready to fight in two hours time. The talk concluded with this statement: "As long as Great Brittain and the United States work together, there will be great hope for the free world."

Kiwanis Club Well Attended Wednesday Noon

There was a good attendance at the Wednesday meeting of the Kiwanis Club. President Fred Hadley presided at the meeting. The resignation of Gene Tuckey as secretary was accepted and Harold Kopka was appointed the new secretary.

Dr. Richard Coak is the chairman of a bake sale to be held at Butler's Garage in the near future. Plans were also discussed for a White Elephant Sale to be held at a future date with Dick Meyers as chairman.

Several members will attend a Kiwanis meeting in Adrian, today Thursday) at 6 p.m. in the Eagles Hall.

Exchange Club Saw Movies Of Travel In U. S.

The Tecumseh Exchange Club was served dinner in the Eagles Hall, Wednesday evening. After dinner and a short business meeting, Mr. Kenton Hunt, program chairman of the evening, presented Mr. Herbert Ott, of Monroe. Mr. Ott has traveled extensively. He gave a short talk on travel in the United States and showed a travel film of the Western United States.

The Exchange Club has given its approval to sponsoring a Little League baseball team this summer.

Jehovah Witnesses Register Protest To Russians

Charging that Soviet officials "may perhaps be found fighters actually against God," a strongly worded letter of protest from officials of the Watch Tower Bible and Tract Society, legal governing body of Jehovah's Witnesses, has been sent to Premier Nikolai A. Bulganin of the U.S.S.R.

Kenneth Ball, presiding minister of the Tecumseh congregation of Jehovah's Witnesses, in announcing the contents of the letter, cited the wholesale arrests and mass movements of Jehovah's Witnesses to slave labor camps in Siberia.

"For many years now," Mr. Ball quoted the letter as saying, "Jehovah's Witnesses within the Soviet Union have endured great difficulties and heavy persecution. They have constituted committees and delegations from among their own ministers for the purpose of registering their religious organization according to the statutes in force, but on each occasion they have been rebuffed and instead of being allowed to register their Christian organization they have had ministers in the delegation arrested."

Asserting their purpose was to inform the world of the bitter Christian persecution that still rages behind the Iron Curtain, Mr. Ball revealed, "A full report is being published in the April 15 issue of The Watchtower, official magazine of Jehovah's Witnesses. This issue will have a stepped-up world circulation of 10,000,000 copies in 45 languages, which is three times normal circulation. Plans are being made by the Tecumseh congregation of Jehovah's Witnesses to call at every house in Tecumseh with this report."

State Columbians Pledged To Give Boysville $125,000

During the past ten years the members of the Michigan State Council, Knights of Columbus, have contributed $700,000 to Boysville, and now are pledged to donations of $125,000 a year, according to an announcement just released by Wilfred T. Connelly, state deputy.

Boysville, near Macon, is a school for boys who are the victims of disrupting emotional forces in home life. It provides a state-accredited eighth grade through high school training, and is under the direct supervision of Edward Cardinal Mooney, and the four bishops of Michigan.

"We wish to stress again, as we have in the past, the Michigan's Boysville is not a corrective institution in any sense of the word, or by any stretch of the imagination," explained Connelly. "It's students definitely are not problem boys, but are innocent victims of problems in their lives, such as broken homes."

The school's program includes standard academic studies, complete athletic activities, trade topics, shop practice, and a 40-piece band, all with a farm background. It is staffed by Brothers of the Holy Cross, assisted by lay instructors in the nonacademic branches.

Women's Clubs Held Scholarship Contest Saturday

The Lenawee County Federation of Women's Clubs held its 4th annual Interlochen Scholarship Contest Saturday March 30th at the Adrian High School. Twenty-five students participating represented 12 Federated clubs in the County.

Judges were Mr. Orion Dalley, School of Music, University of Michigan and Dr. Arthur Leam from the University of Michigan.

A two weeks paid tuition was given to the first place winners in the Band Division, Piano Division and Vocal Division

The Vocal winner was Kathleen Shirley of Tecumseh, representing the Tecumseh Monday Club. She is 15 years old and in the 10th grade at Tecumseh High School.

Band winners were Stanley Towers of Adrian, representing the Adrian Progressive Woman's Club. His instrument is the tuba. He is 15 years old and in the 10th grade at Adrian High School.

Piano winner was Elizabeth Goll of Hudson, representing the Hudson Woman's Club. She is 15 years old and in the 10th grade of Hudson High School.

V.F.W. Officers Were Elected For The Coming Year

Nomination and election of officers were held by the Hall-Slater Post of the Veteran's of Foreign Wars on Wednesday evening at the Post Home. Commander Warren Filter presided at the meeting.

Officers elected for the coming year were as follows: Commander, Clifford Curran; Senior Vice Commander, Carl Kempf; Junior Vice Commander, Charles Smith; Quartermaster, Lee Coffey; Three-year Trustee, Charles Lewis; Surgeon, Harley Slick; Chaplain, Gaga Kish and Judge Advocate, Warren Filter. Three new members were elected to the Club Committee they are John Sisson, Ronald Henkle and Ralph Wagner. All officers will be installed at the next meeting on April 10, 1957. A supper will be served by the Ladies Auxiliary and Past Commander Carson House will be the Installing Officer. Reservations for the dinner are to be made by April 6, 1957 with Warren Filter, Clifford Curran or at the club.

Preliminary plans were discussed concerning the showing of a film entitled "Touring Glorious Michigan" by Glennis Glen Cooper; the creator of the TV program "Realm of the Wild". If this program is possible, all proceeds will be voted to the Bleacher Fund.

The V.F.W. would like to remind the public that they still have flags to sell. It is a policy to have flags available for the public at all times. A 3 x 5 flag with staff and bracket to attach to the house is available, also the larger or street size is available. They would like to see a flag in front of every home and in front of every store on Memorial Day.

Receive Degrees

Marian Hittenrauch, daughter of Mr. and Mrs. Herman Titley, of Route 1, Tecumseh and John M. Sisson, son of Mr. Sam Sisson of 3624 Turnes Road, Tecumseh have recently received their Bachelor's degree from the University of Michigan. Marian Hittenrauch received her B.A. in English while John Sisson received a B.S. in Physical Education.

NOTICE

THE CITY IS HAVING SIMMONS NURSERY SPRAY THE ELM TREES ONCE AGAIN FOR DUTCH ELM DISEASE. THE STATE DEPARTMENT HAS ADVISED US THAT SPRAYING EARLY IN THE SPRING WOULD GIVE US A BETTER PROTECTION. LAST YEAR QUITE A NUMBER OF PEOPLE THAT HAD ELM TREES ON THEIR PROPERTY HAD THEM SPRAYED AT THE TIME THE CITY HAD THEIRS SPRAYED.

THEREFORE ANYONE THAT WANTS THEIR ELM TREES SPRAYED PLEASE CALL THE CITY OFFICE SO ARRANGEMENTS CAN BE MADE TO HAVE SPRAYING DONE.

Circle 7 Met Tuesday Evening

Circle 7 of the Presbyterian Church met at the home of Mrs. Donald Ketteman Tuesday evening with 16 members present. They voted to sell vanilla and pepper. On Sunday, April 7th, coffee will be served after the worship service in a "get acquainted" hour with the new members.

Circle 5 was in charge of the program, "What Does the United Nations Do?" with Miss Alice Hopkins speaking on the subject. Hostesses for the evening with Mrs. Ketteman were Mrs. Orrie Gilbert and Mrs. Douglas Sisson. Mrs. Stanley Kruse had charge of devotions.

The next meeting will be held at the home of Mrs. Iva Marsh in May.

Pack Committee Held Meeting Mon.

The Pack Committee meeting for Pack 73 was held Monday evening and the Field Day date set for May 25th for the Cub Scouts. Winners of the various activities will go to the District Field day to participate. The Pack meeting will be held April 15th at the Union Hall and the Pack Committee decided to assist the Band Boosters by placing the dates of the Pack meeting on the Community calendar.

It was decided to delay the rifle program until fall because of the length of the program which would run into the summer. Ten new applications of boys for the Cub Scout program were submitted and placement for these boys was discussed as well as the reorganization in the fall when the present cubmaster Erwin Richardson, will be resigning his position to take up another in the Boy Scout program.

The next Pack Committee meeting will be held May 6th and there will be no Den Mothers meeting for this pack next month when the cubs will be visiting various points of interest in the community.

A meeting for Dads only will be held Monday, April 8th at the V. F. W. Hall to discuss and make plans for the weekend Camp Out with the Cubs this summer. All who can are urged to attend.

The annual Lenape District Appreciation Banquet will be held at the Eagles Hall Wednesday, April 10th, at 6:30 p.m. Any interested Scouter is invited to attend.

Band Boosters Hear Talk By Howard Bond

The Band Boosters Club met Thursday evening in the Band Room at the High School. Mr. Howard Bond, the Blissfield Band Director, gave a very interesting talk and brought written outlines of money raising projects. The calendar project committee reported that four out of the twenty districts have reported seventy calendars sold. The regular meetings of the Boosters are held the last Thursday of each month.

Senior G.S.A Took Camping Trip

The Tecumseh Senior Girl Scouts were invited to accompany the Jackson Senior Girl Scouts on a camping trip to "Camp of the Hills." The girls who attended were Judy Truesdale, Sally Vincze, Ann Cameron, Sonja Oyer, Judy Hoyniham, Alice Titley, Jean Wagner and Janice Wilbar. The girls were accompanied by Mrs. L. H. Titley and Mrs. Howard Truesdale.

PROCLAMATION

Realtor -- Build America Better -- Week

America's realtors have, through positive action manifested most poignantly in their Build America Better program. sought to aid in the struggle to wipe out slums and blighted areas throughout the nation. Our country needs the help of every group willing to join in this important fight which also includes the cooperative action of subdividers, builders, suppliers, finance groups, labor organizations and governmental agencies.

An appropriate code of ethics has been developed by local real estate boards and the Michigan Association of Real Estate Boards designed to maintain proper standards in connection with every phase of commercial transactions and the important responsibilities that devolve upon the profession of realtors. In connection with their efforts to protect high professional standards. realtors throughout the nation have joined together in setting aside a special period to call attention to their aims.

Therefore, I, G. Mennen Williams, Governor of the State of Michigan, do hereby proclaim the period of March 31 through April 6, 1957. as Realtor—Build America Better—Week in Michigan, and take the occasion to call the attention of our citizens to the groups in our society that are concerned with providing better housing for America and to urge their continued activity in assisting in finding a solution to the problem of housing in this nation.

G. MENNEN WILLIAMS, GOVERNOR

Presbyterian Father And Son Banquet April 8

The date for the Father and Son Banquet of the Presbyterian Church has been set for April 8th at 6:30 p.m. Dinner will be served in Fellowship Center by the Woman's Association. Speaker for the evening will be Rev. McKay Taylor or Northminister Presbyterian Church of Birmingham, Michigan which is a new church in a new community and Rev. Taylor will speak of his work in organizing the new area. The church is now meeting in a Christian Education Building which will be a part of a larger modern unit featuring a circular sanctuary. Rev. Taylor was a classmate of the pastor of the local church, Rev. Walworth, at McCormick Seminary.

Council Proceedings

CITY OF TECUMSEH
COUNCIL MEETING
April 1, 1957

Present: Mayor Hanna; Councilmen Brazee, Hamilton, Kelso, Powell, Purkey, Schwartz.

Absent: None.

Meeting opened with invocation by Councilman Schwartz.

Motion Kelso and seconded Purkey the bills as follows be allowed: General Fund $9,115.48; Water Operation and Maintenance Fund $1,461.87; Water Improvement Fund $2,107.85; Water Deposit Fund $10.00; Water Capital Expenditiure $9,556.36. Motion carried unanimously.

Motion Purkey and seconded Brazee to accept the petition for curb and gutter on the north side of Russell Rd. between Waskin Drive and Janice Streets, and the same be referred to the City Manager for scheduling. Motion carried unanimously.

The following ordinance was read for the third and final reading

ORDINANCE

WHEREAS the consideration of prospective and final plats which subdivide land within the City of Tecumseh occasions divers duties on the part of the City Planning Commission, the City Administrative Force, and requires the expenditure of monies for attorney opinions and filing fees in connection therewith; and

WHEREAS the City of Tecumseh is authorized by statute to require a fee of not to exceed $60.00, the same to be paid by the sponsor of the plat prior to the time when said plat is first presented to the City Planning Commission.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. 7.405 INITIAL PLAT FEE. Effective 1 April 1957 any plat presented for consideration and approval to the City of Tecumseh shall be accompanied by a filing fee of $25.00, the same to be paid into the General Fund of the City.

Motion Schwartz and seconded Powell to approve the foregoing ordinance. Motion carried unanimously.

Motion Kelso and seconded Schwartz to adopt the following Ordiniance. Motion carried unanimously.

ORDINANCE

WHEREAS proper development of the City of Tecumseh and adequate protection to the property owners residing therein is deemed to be encouraged and enhanced by the enforcement of certain minimum standards of building construction.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. That the following provisions be enacted:

a. Section 7.401 BUILDING STANDARDS. Effective 1 April 1957 no building may be repaired, altered. or erected unless the same shall conform to minimum standards as established by the Federal Housing Administration for the general area of this city. Said minimum standards as so established being incorporated into this Ordinance by reference thereto. Violation thereof shall be deemed a misdemeanor.

b. Section 7.402 BUILDING INSPECTION FEES. Effective 1 April 1957 a building inspection fee shall be charged by the City of Tecumseh to the applicant for a building permit at the rate of $5.00 for the first $1,000.00 of the estimated project cost, and $1.00 for each additional $1,000.00. Said fees shall be paid by the applicant at the time of the building permit is requested.

ORDINANCE DECLARED ADOPTED:

Attest:
Clerk, Naomi Sallows

Motion Schwartz and seconded Hamilton that the claim presented by Charles E. Hensen, be denied acting on the advice of the City Attorney. Motion carried unanimously.

Motion Hamilton and seconded Kelso authority be given the City Manager to proceed with the tree spraying program. Motion carried unanimously.

Motion Kelso and seconded Purkey to accept the City Manager's report. Motion carried unanimously.

Motion Purkey and seconded Powell that the bill presented by Andrew J. Smith in the amount of $329.00 be allowed, and paid from 1957-1958 budget. Motion carried unaniimously.

Motion Powell and seconded Hamilton the members of the Board of Reviews be paid $20.00 per full day. Motion carried unanimously.

Poppy Poster Winners Are On Display At Bank

The Poppy Posters have been completed by the students of the art classes in the City schools and the winners may be seen on display in the windows of the United Savings Bank. The posters were judged Wednesday evening at the Legion Home by Mrs. R. C. Osburne, Mrs. L. S. Fogelsong Jr. and Mrs. Almond Curtis. They were judged according to the rules submitted by the National and State joint Poppy committees of the American Legion and Auxiliary and the following scale for judging was used: Appeal-50 points, artistic ability-15 points, originality-25 points and neatness-10 points. Two classes were submitted from the Tecumseh schools; the 4th, 5th and 6th grade make up class 1 and the 7th and 8th grade the second class. Both classes will receive a first prize of $3.00, second $2.00 and third $1.00 from the local Auxiliary and the posters will be sent on for judging in the District contest where prizes will also be awarded. One hundred dollars will be awarded in the national contest for the best poster in each class. Mrs. Dorothy Westdyke, local art teacher, supervises the program in the art classes assisted by the various teachers. The winners were not determined at presstime.

Flying Club Directors Met

The Tecumseh Flying Club Board of Directors met last week at the home of John McVay. By-laws were drafted based on C.A.A. recommendations. Another meeting was held Wednesday evening at the Jacobs home at which time by-laws were further studied and aircraft operation rules adopted. The group is in the market for a two place aircraft and hopes to have one in the near future.

Mrs. Montgomery Laid To Rest Last Saturday

Funeral services were held Monday at the Green Funeral Home for Mrs. Florence Montgomery who passed away Saturday, March 30, at the Herrick Memorial Hospital where she had been a patient for one week. Mrs. Montgomery was 82 years old and made her home at 113 N. Maiden Lane in Tecumseh. She had been a resident of Tecumseh for 70 years.

Mrs. Montgomery was born in Ypsilanti, April 15, 1874, the daughter of George B. and Mary Elizabeth Raymond Mize Montgomery. She was married to Allan J. Montgomery, October 26, 1904, who passed away in 1934.

She was a member of the Presbyterian Church for 68 years and a teacher in the Sunday School. She was a life member of the Tecumseh chapter, O.E.S., serving three years as worthy matron and was the oldest past matron of the chapter. She also served as president of the Lenawee-Monroe Association of the Eastern Star for two years.

Mrs. Montgomery is survived by a brother, Ernest E. Mize and a nephew, Elwood S. Mize, both of Toledo. She was preceded in death beside her husband by two brothers, C. Bert. Mize and William Mize.

Rev. Edward Escolme officiated at the services. Burial was in Brookside cemetery. Bearers were Lester Rogers, Orville Farver, Owen Partridge, Gayle Fisher, Yale Kerby of Tecumseh and LaVern Russell of Britton.

Edith Hunt Laid To Rest Tuesday

Edith Irene Hunt passed away Saturday evening at 7:30 p.m. at Herrick Memorial Hospital where she had been admitted the day before. Her home was on Murphy Road East and North of Tecumseh where she lived for the past twelve years. She spent her entire lifetime in the Tecumseh area. Mrs. Hunt had been in failing health for the past five years. She was a member of the Tecumseh Grange, the Harmony Home Makers Club and the Tecumseh Friends Church.

She was born in Palmyra Township October 25, 1891, the daughter of George P, and Emma Parry Fluhrer. She was 65 years old.

Survivors are her husband, Clarence, one daughter, Mrs. George (Margaret) Phillips and several nieces and nephews. She was preceded in death besides her parents by two sisters, Mrs. Edna Gavey and Mrs. Mable Lewis, also one brother, Frank Fluhrer.

Services were held at the Green Funeral Home Tuesday at 1:30 p.m. with Rev. Edward Escolme officiating and burial was in the Palmyra cemetery. Bearers were Thomas Murphy, Elmer Spreeman, Charles Allen, Harold Miller, all of Tecumseh, Art Lewis of Holloway and Albert Procknow of Blissfield.

Christian Science Sunday Services

The supremacy and allness of God, Spirit, will be emphasized at Christian Science services Sunday.

Scriptural selections to be read in the Lesson-Sermon entitled "Unreality" include the following from Exodus (20:2,3): "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (200:4): "Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind."

The Golden Text is from Ecclesiastes (5:7): "In the multitude of dreams and many words there are also divers vanities: but fear thou God."

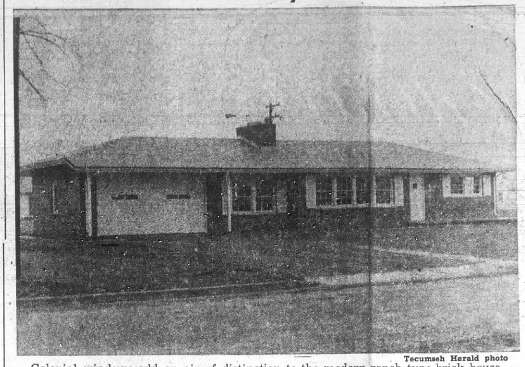
Town and Country Offers A Wide Variety



Tecumseh Herald photo

Colonial windows add an air of distinction to the modern ranch type brick house.

Variety of price range, location and design keynote Town and Country Homes, Inc. in Tecumseh. The firm has been building new home here since 1946 and are now building in Ann Arbor, Milan, Monroe, Jackson and Adrian as well.

Models at the present time for sale range from $12,300 to $24,200 in Tecumseh. Locations include River Acres, Indian Acres and Tecumseh Acres.

The model shown above is located on Red Mill Drive. It contains 1244 square feet of living area plus a full basement and a two car garage on a 112.5 x 150 ft. lot. Construction is brick with a poured monolithic concrete basement. The six room house contains 3 bedrooms, living room, family room, kitchen and bath.

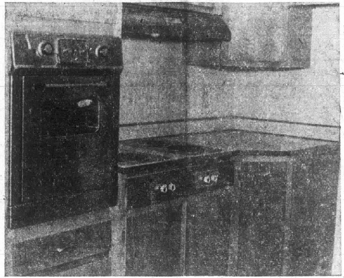
The kitchen features red birch cabinets by Merillat and built in waist high oven and counter top stainless steel stove. A combination copper exhaust fan and hood and light extends over the stove and guarantees a smokeless kitchen. The double sink is equipped with a garbage disposal system and spray attachment. Counter tops are pink formica with the exception of one cabinet equipped with a cutting board.

The family room is paneled in Philippine Mahogany. The floor is a cork pattern tile. A blond brick double fireplace opens into the living room and the family room. There is a built in bookcase next to the fireplace in the family room. Both the kitchen and the living room open into the family room.

The rest of the house has hardwood floors. Both the front entranceway and the hearth are green slate in the living room. Colonial type windows are found throughout in this particular model. All light switches are the silent mercury filled type.

The bathroom is done in pink ceramic tile with a tub shower combination and built in wash bowl. There is a formica vanity around the bowl and cabinet beneath. A sliding door separates the living area from the sleeping and bath area. All of the bedrooms feature ample closet space and recessed light fixtures. The master bedroom has two closets.

Other features include Lennox automatic oil heat and a gas hot water heater. All plumbing throughout the house is copper. The electrical service is 100 amps. and has a circuit breaker fuse panel for safety and convenience.



Tecumseh Herald photo

Birch cabinets and built in appliances make a pleasant efficient kitchen.

The basement is equipped with a waste line for a future stool and lavatory. It has stationary wash tubs and a large enclosed storage space and fruit cupboard. The garage walls are drywalled and painted. (plaster in the house is all wet plaster). Crushed stones and a paved driveway approach lead to the garage. The price of $24,200 includes curb, gutter, paved street, sewer and water.

Other models in the Town and Country line include a frame construction contemporary design on River Acres Drive which sells for $18,225. It is a three bedroom house on a 112.5 by 150 foot lot containing most of the features above. There is no family room in this model. The kitchen comes equipped without the built in oven and range and hood exhaust fan. The living room has a large thermopane window covering the north wall which faces out into a fenced in patio.

The models in Indian Acres range in price from $14,250 to $14,475. They are 988 square feet on an 80 by 132 foot lot. These houses do not have an attached garage but come in either regular or studio type ceiling and contain many of the features found in the more expensive houses. The hardwood floors, silent type switches, exhaust fan, birch cabinets, ceramic tile bath and full basement are still found in these models.

Models in Tecumseh Acres are priced at $12,300. They contain 3 bedrooms, living room, kitchen and bath on a concrete slab floor. The frame construction houses are 936 square feet. They feature birch cabinets, tile and inlaid linoleum floors and bath with plastic tile.

It can be seen that Town and Country offers a wide variety of houses geared for nearly every pocketbook and taste. Any of these houses may be seen through Kohler Real Estate, exclusive sales agents for Town and Country homes in the Tecumseh area.

Watch the builders page for more features on private construction as well as other builders in Tecumseh.

Big Chance Lost By Lack Of Paint

A good-sized Indiana town lost its chance recently for thriving prosperity because of its shabby, unpainted appearance and apparent lack of progress.

In rejecting the town as the site of a multi-million-dollar assembly plant employing 3,500 an automotive official said that one of the reasons was that many of the town's properties had not been painted in 25 years.

Small Pipes Can Cause Noise

Noise in the plumbing system usually is traceable to water rushing at high velocity through the piping behind the walls.

Piping that is too small is the main cause of this condition, the Plumbing and Heating Industries Bureau said.

Undersized piping can cause starved faucets, vacuum formation and back-siphonage of wastes into the fresh water supply under certain conditons. For that reason, it's potentially dangerous, besides being a nuisance.

FHA Down Payments Were Lowered To The 1955 Level

It was announced by the White House last week that it was returning to the 1955 legal minimum down-payment requirements on homes bought with FHA-insured loans.

The down payment requirement is 5 per cent of the first $9000 of house value and 25 per cent of the amount in excess of $9000. This means a drop of two percentage points. An immediate modification of Federal Home Loan Bank Board regulation was ordered to allow insured savings and loan associations the privilege of extending their mortgage loan operations outside a previously restricted 50-mile zone around their principal offices.

A bill was approved by a House Banking Subcommittee lowering down payments on new homes and providing 1 1/2 billion of new mortgage-financing aid. This bill will be considered by the full committee this week.

All of these moves are a result of the fact that, in February, the number of new homes started dropped to a rate of 910,000 dwellings a year compared with 1,100,000 in 1956 and 1,300,000 in 1955. A top government official interpreted the relaxing of credit terms on home loans as an indication that an inflationary trend has been halted. The White House announcement said that it was decided to return to the 1955 level "in view of the reduction since that time in the rate of home building and in the use of mortgage credit".

KOHLER REAL ESTATE
is a charter member of the "Lenawee Multiple Listing Bureau". The multiple listing bureau, created by the Lenawee County Board of Realtors, was organized and put into operation May 17, 1956.
Only those real estate brokers who have pledged themselves to the established code of business ethics and have been accepted for membership by the Lenawee County Board of Realtors are eligible for participation in the "Multiple Listing System". Not every broker is a realtor.
Through the "multiple listing bureau" all properties listed with them are placed with all realtors in Lenawee County, thus offering a much larger coverage, and faster sale for listed property.
Members of the "multiple listing bureau" use only the standard approved listing and sales agreement forms which have been approved by the Michigan Real Estate Association and the Michigan Corporation & Securities Corporation. This assures protection for both buyer and seller.

NEWBURG KINDERGARTEN NEWS

We are all very happy now that Spring has come. In our room we have a nice vase of pussy willows that were brought by Mary Lou Wells, Karen Davenport and Shirley Allen. After admiring the nice pussy willows, we each made our own using construction paper, a black crayon and cotton.

Susan Buell brought us a shamrock plant for St. Patrick's Day and we have been enjoying its lovely pink blossoms. Also, Michael Turlukowski brought a cacoon to school which we are watching closely.

Last week we worked very hard learning our color words and on Friday we completed our note books. They were all very nicely done.

There have been several children absent with the measles, scarlet fever and colds. We miss them and hope they will be back soon.

We always enjoy having the mothers visit us and we hope those that haven't been to see us will try to come soon.

On April 8th is the next Mothers Club meeting. We do hope you will be able to come.

BROWNVILLE KINDERGARTEN NEWS

Spring is here! At least our room shows signs of it even though the weather man fools us now and then. Our Spring garden says, "Sow the seeds in kindergarten", and the tulips which are growing in it have our pictures on them. We have some real pussy willows. We have many nice Easter things, too, and are looking forward to the arrival of the Easter bunny.

One morning Mr. and Mrs. Beal visited us and showed movies of the first day of school, our Halloween party, and our Christmas party. They also showed us a funny cartoon about 'The Little Bears". We laughed and laughed.

Jan Snyder brought a coconut from Florida so we each had a piece of it.

Our mothers bought us a new toy chest which we use for dolls clothes. We like it very much. We really enjoy our new record player, too.

Susie Randolph has moved to Petersburg and Elizabeth Brown has moved to Alabama. We miss them.

We each had a turn to play a pencil and paper game. We thought it was lots of fun.

Our Dads will be guests at the next Mother's Club meeting April 23rd. Mark the date on your calendar.

Have you visited us yet? We'd each like a star in front of our name.

Post Office System Expanding

In the past twenty months the Post Office Department has moved into, or has contracted for, more new buildings than at any other similar period in history, according to Robert R. Justus, Regional Director of the 2,164 post offices in Illinois and Southern Michigan.

The Department has furnished its patrons with 65 new Post Offices in Southern Michigan and 57 in Illinois since July 1, 1955. Twenty-three of the latter are in Chicago and its suburbs, Justus said. In every case new facilities were necessary because old buildings were bursting at the seams from suburban growth or were so dilapidated they were hazardous to employees.

New postal facilities in Lower Michigan include: Algonac, Athens, Baldwin, Bath, Charlevoix, Clawson, Corunna, Detroit, Eastland Center Station, Detroit Oak Park Station, Flat Rock, Flint Station, Gladwin, Holt, Hudsonville, Imlay City, Lansing Annex and Garage, Lincoln Park Plaza Station, Michigan Center, Midland Montrose, Orchard Lake, Plainwell, Romulus, South Lyon, Tawas City, Trenton, Warren Whitmore Lake, Atlanta, Au Gres, Barryton, Birch Run, Copemish, Ferrysburg, Fowler, Galien, Hanover, Hesperia, Merrill,, Novi, Pierson, Ubly, Olivet, Homer, Centerville Marcellus, White Pigeon, Mendon, Clio, Waterford, Oscoda, Dexter, Stanton, Counstantine, Jonesville, Grandville, Elk Rapids, Deckerville, Hazel Park, Marine City, Harrison, Standish, Indian River Lake Odessa, Evart.

Varnish Is Classified By Percent Of Oil

Varnishes are composed mainly of oil and resin. They are classified for use according to the amount of oil in their formulation.

Spar varnish, designed for exterior use, contains a large proportion of oil and produces a flexible film that has high weather resistance.

The less flexible varnishes, designed for use on floors and indoor furniture, contain less oil, dry faster and get harder, but have less resistance to weather.

News From The Tecumseh Grade Schools

PATTERSON SCHOOL NEWS

The first grade have been very busy putting up Easter decorations. We have made many Easter bunnies hard at work painting eggs. We have, also, been styling Easter hats. Even Mrs. Duck and Mrs. Hen are wearing fancy bonnets.

Most of us have finished the first unit in our reader called **Our New Friends.** In numbers we are learning to recognize number groups to ten. We are very proud of the way we can spell and write words.

The third graders enjoyed having the aquarium in their room. It was interesting to watch the fish, especially when the snail ate one of the fish that died.

We are doing multiplication in arithmetic and like it real well. It is not as hard as we thought it would be.

Our first reading group have completed their two basic readers, and are now reading supplementary books.

In social studies we are reading a story about the building of a new school for the village of Centerville. After reading the chapter that told about the heating system, we wondered how ours worked so we asked Mr. Young if he would tell us. It was the first visit for some of us to see the boiler room. Mr. Young explained to us how the boiler worked and how our rooms were heated. We asked many questions which he answered for us. It was very interesting.

Lynn Gomez treated us to ice cream and cake on his birthday.

We are fixing up the case in our room with different means of transportation, which we are studying about in our Fifth grade social studies class.

In art class we made rabbit heads from paper plates, cotton and manila paper. Some of them are rather frightening, others resemble cats, but they all have long ears, so you can tell they are rabbits.

Guy Boss is in the hospital in Ann Arbor again.

We are trying to learn how to take notes and make reports in our language class.

Fractions are becoming quite easy for us. We like them much better than we did long division.

Our second grade has been reading about roads in our Weekly Readers. We have decided to find out all that we can about the roads in Michigan. We know that some of them are old Indian trails and want to find out about those as well as the new ones. We want to know if there were reasons for building the new ones in the places where they now are. We hope to learn about the proper ways to use our highways while we are learning about Michigan roads.

We are learning the meaning of the hundreds and that each hundred is made up of ten tens. Most of us can read and know the meaning of numbers up to 999.

Our list of Spring Signs is growing longer as are the lists which show the boys and girls who have seen these signs.

We expect Robin Snyder back in school almost any day now. He has been absent because of the mumps. So far, Robin has been the only second grader to have the mumps.

CENTRAL SCHOOL NEWS

Here I am again! Did you guess what I was when I seemed to appear several weeks ago? No, I am sure you didn't. It has been so cold that I have left my work to other "somethings" such as I. Now it is warmer and I have been around Central Building listening and observing. I have found out about many activities, I am sure you would like to know about.

Some junior scientists have been at work in Miss Luken's first grade room this past week. The children discovered that a box and a glass which looked completely empty were really "full to the brim" with something very real—air. By using a small aquarium so all could see better what happened under water, they actually saw air leaving as bubbles when a glass full of air was tilted while submerged under water. A few other simple experiments really proved to the children that air is very real and they could understand why trains were streamlined so they could "push away" the air faster and why when mother pours liquid from a small-mouthed jug, she tilts the jug just a little so some liquid can go out while air comes in to take its place at the very same time. They found that when the jug is tipped too much there is a loud gurgling sound since the air has to try to get in at the same time the liquid comes out.

Friday brought a field trip to the public library where Mrs. Fosbender showed the children which books they might enjoy reading. Those who did not already have library cards took one home for parents to sign. The children were really glad for this opportunity to find more books because in their room now are Mr. and Mrs. Gingerbread, two big dolls with everyone's name on them. The big dolls will help the children keep track of how many books each one has read because every time they finish a book, they write the book's title on a slip of paper and Miss Lukens records the title under that person's name. Right now each doll has just one title on it but the children expect to make the dolls look more like a printed newspaper by the time school is out!

Patricia Damon, Sonja Sprague, Chuck Gillies, and Lindsay Russell read stories to this class this week.

There is a new pupil in Mrs. Neitling's first grade room. His name is Bruce Brown and he came from Toledo. Ronald Randolph has moved to Petersburg.

Almost all the children in Mrs. Puffer's second grade can now tell time. They have been working with small, individual cardboard clock faces which have helped them to learn.

Last Wednesday each third grader in Mrs. Schwartz' room sampled fresh cocoanut and the milk. John Snyder's grandparents had brought the cocoanut from Florida. Some of the boys and girls also tasted roasted grasshoppers that Josephine brought to show. Wouldn't that be an unusual treat? I was much interested.

The children in Mrs. Whiting's fourth grade have been seeing and watching interesting things. Bobby Williamson brought the jaw bone of a cow and Nina Robinson brought a shell fossil. Dean Linder is growing a gourd plant from a seed which came out of a gourd which Carolyn Rentschler brought to school one day. The plant is about three inches high already and Dean just planted it a couple of weeks ago.

Across the hall is Mrs. Baily's fourth grade room, the children have been drawing the states in which the cities they have been studying are located. They are on the last one—Arizona in which is located Phoenix—the city that has grown largely because of irrigation. The others are, New York City, New York; New Orleans, Louisiana; Seattle, Washington; Minneapolis, Minnesota; and Pittsburgh, Pennsylvania. It has been very interesting learning so many things about some of our large cities and why they grew.

In Mrs. Becker's sixth grade room, the boys and girls are working on nouns, pronouns, verbs, adjectives, and adverbs. They are beginning to understand this better.

These sixth graders have made a mural of Indian. Mrs. Becker brought a filmstrip on India. They are also making three dimensional pictures of flowers for spring.

After reading this don't you think the children keep busy in the Central Building? I just know that the teachers would like to have parents come to see the children at work in their various classes.

BAPTIST CHURCH SCHOOL NEWS

First Grade

We are all so happy that Spring is officially here. It was an important day on our calendar. We had made pictures of winter trees and now that we are all seeing buds on trees and bushes we are adding buds to our tree pictures. We will be watching for the first little green leaves outside so we may add leaves to our trees too.

Several of our mothers have visited school recently and we enjoy reading for them. Some of us are reading in our new First Reader "Our New Friends." Most of us have library cards and go to the library often. We find many books we can read by ourselves now and when we are ready we have a turn to read a new story to everyone.

We are learning to spell many words. We have some games we like to play while we are learning to spell. Sometimes we bounce a ball while we spell, and sometimes we choose teams. The first person on the team runs to the blackboard and writes the first letter of the word, runs back and touches the next person, etc. Of course the team who finishes the word correctly first wins the game.

We have been writing some original stories this week and we thought you would like to read some of them.

MY SCHOOL

It is spring at school. My school is a good school. I have milk at school. I have friends at school.

Jill Holden

MY FAMILY

My family is happy. I have two brothers and two sisters. We have a bird.

Tommy Koons

MY BIRTHDAY

My birthday is April 23 and I will be seven years old. I will get a bike.

Gary Stalls

MY BIRTHDAY

My birthday is on July 5. It is in the summer. I have a twin sister. She will have a birthday too. We will be seven years old.

Joyce Holden

MY PET

My pet likes to play with me. She is a cat. She is black.

Dennis Kayner

LIBRARY

Second Grade

The second graders in the Library have been studying animals in Science; mammals in particular. We are making Animal Books.

Terry Packard is back with us after having the flu. We are all glad to see him return.

Linda Alaniz and Mario Sanchez had a birthday this week. We all enjoyed the treat Linda and Mario brought for us.

Next week we will begin a unit on birds.

WEST BRANCH

Third Grade

The March Lion may be roaring outdoors here at West Branch this week but inside our rooms everyone agrees that spring is here.

One of our reading groups is enjoying a reader called "Enchanting Stories". They'e all make-believe. We've acted-out some of them and is that fun! Another group is reading, "Finding New Neighbors". The pictures and stories are really interesting in this book too. Our third group is reading the last few stories in "More Streets and Roads".

We have finished our unit on machines and now we are watching closely to see how fast about 60 baby fish grow in our aquarium. They are three weeks old now and they've learned to come to the top for food when we tap on the top.

We have 50 word spelling quizzes every Thursday. Twenty-three out of thirty-six of us had every word correct. Fifteen are new words to us and thirty-five are review words. On Friday we play spelling games. The girls won twenty-nine to twenty-five in three innings of spelling baseball.

Mrs. Westdyke surprised us this week by coming to our room and telling us about mobiles. We each made one to decorate our room.

We had a time test in arithmetic. There were twenty-eight problems in multiplication. Two persons did them in just four and one half minutes. Their answers were right too. Fourteen of us were done in less than five minutes.

We are having two weeks of book reports for language. Everyone in our class has a library card. Many of us read a book from the library every day. We like to tell our friends about each book we read.

Only by a new attitude of mind ruling within it can the state attain to peace within its borders.

MOTHERS! DADS!

TAKE YOUR FAMILY FOR POLIO SHOTS!

There is enough vaccine for you and your children — see that you get your share NOW. Protect your own family before polio strikes again.

REMEMBER . . . adults need polio vaccine as well as children. Severe cases occur among those 20 to 35 years and over.

REMEMBER . . . it takes at least eight months to complete a series of three shots. Start NOW with two shots, spaced two to six weeks apart. Then get your third (or booster) shot seven months to a year after the second. IMPORTANT! If your child has already had two shots, make certain he gets his booster shot as soon as due.

Call your physician now and make an appointment while ample stocks are available.

*A message from Ralph Hodges, 'Your Pharmacist'

ACCORDING TO THE NATIONAL CANCER INSTITUTE it is possible for one-third of all living Americans to develop some form of cancer. Cancer is not to be feared, but must not be disregarded.

IF THE DIAGNOSIS IS EARLY cancer can be controlled or cured. Don't wait for pain to occur, but check with your physician if you have:

1. **Any lasting lump, especially on the breast.**
2. **Irregular bleeding or discharge.**
3. **Persistant indigestion.**
4. **Unexplained changes in usual bowel movements.**
5. **Unexplained weight deviations.**
6. **Changes in the color or size of a mole.**
7. **Any sore that does not heal promptly.**

THE ENTIRE MONTH OF APRIL is Cancer Control Month. Do not worry about the possibility of cancer. Go to your physician for a check-up and relieve your mind.

Step into a new world of Pure Luxury

ROADMASTER 75
Custom Built by Buick
NOW ON DISPLAY

A NEW CONCEPT in motorcar excellence awaits your inspection in the ROADMASTER 75 just introduced.

You will see what we mean the first time you glimpse the interior.

The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent.

The seats, for example.

They are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather. They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft.

The doors present a new standard of luxury and restfulness—fully upholstered and softly cushioned from floor line to window.

The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car.

The complete interior is matched by the mechanical excellence that is ROADMASTER tradition.

Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a ROADMASTER 75—from the instant response of its brilliant new Dynaflow, to the smooth obedience of its all-new air-cooled aluminum front brakes — *newest and the finest in the fine-car field.*

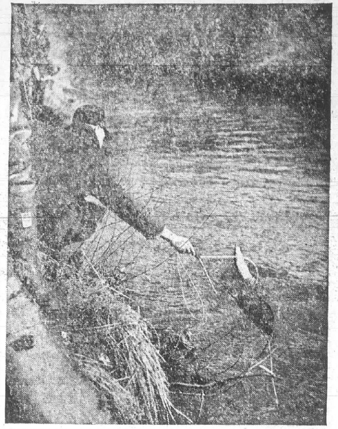
Spring Rainbow Season



Spring rainbow trout fishing is still available in the upper peninsula this year, though the season in the lower peninsula has been suspended because of lamprey depredations to the Great Lakes rainbow population. The U. P. season opens April 13.

Wayne Man Rejects Chance At Fame And Fortune

"All glittering offers are not necessarily golden opportunities." Dr. Raymond J. Murphy of Wayne State University paraphrased in declining an invitation to apply as a contestant on NBC's quiz show "Twenty-One".

Dr. Murphy, professor of Business Law, on the basis of college degrees alone was a likely choice as candidate by this show. He has earned B.S., LL.B. M.A., Ed.M., M.B.A. and J.S.D. degrees by attending St. John's University, Columbia, Michigan, Harvard, Yale and Oxford. He has done extensive traveling throughout the world, has training in six foreign languages and has won awards in sports and music. "I would prefer to sacrifice any fame and fortune that might result from my appearance on a quiz program and devote my competitive drives to more useful and meaningful pursuits," said Dr. Murphy.

"Many professional people in the arts and science meet the requirements for these shows—some are interested enough to appear, he continued. "Often these men fall before someone of no stature or much less stature." According to Dr. Murphy this type quiz show tends only to establish that the successful candidate remembered one or more things that the other candidate did not. "But, it does not reflect any great intellect, or reasoning power, or a logical mind," Dr. Murphy continued.

"It is not unlikely for a brilliant scholar or an acknowledged expert to appear deficient, unknowing or uninformed, when a child or someone without any formal training is able to answer questions he cannot answer.

"Obviously no one would consider replacing an Einstein with a 10-year-old kid on any serious project.

"Being able to remember facts is wonderful, but the real value lies in being able to relate and translate this information into something that is meaningful," Dr. Murphy said.

Potter Asks For Tax Break For Teachers

A tax break for America's school teachers is the aim of a bill introduced recently by Senator Charles E. Potter, Republican of Michigan.

The Potter bill would amend income tax laws to permit a teacher to deduct for costs of higher education. Tuition, books, other equipment, travel and living expenses while away from home would be allowable.

"Ball players and firemen deduct the cost of uniforms and equipment," Senator Potter stated. "Business executives dine on pheasant and live in fancy hotel suites, chalking it up to necessary expense. Theatrical people even deduct the cost of a pair of spangled tights. Why, then, are we discriminating against our underpaid teachers when they attempt to develop themselves professionally?"

Under present law a teacher may deduct summer school or other higher education costs only if she proves that such study is necessary to hold her job. If she takes advanced training in order to qualify for a higher position, her expenses are non-deductible. Senator Potter described these tax provisions as "unfair" and "short-sighted".

"This nation faces a crucial teacher shortage," he declared. "We should be turning every stone to offer inducements and advantages to the dedicated people who choose teaching as a career. Right now we are placing an outrageous burden on these valuable professionals. We stifle the ambition of teachers by denying them the tax privileges we give to burlesque artists. Let's get this situation corrected promptly."

A companion measure was introduced in the House of Representatives by Representative Robert J. McIntosh (R. Mich.)

BUILDING PERMITS

With the coming of spring and the building season the zoning committee of Tecumseh Township wants the residents of the Township to know that a building permit is needed to build a home.

To get a permit a plan of the first floor is needed, this plan will be kept by the building inspector, who is, Clifford J. Curran, 9531 Newburg Hwy. (North Union St.).

Also required is a Electrical Permit, which can be secured from the City Engineer of Tecumseh. These permits are necessary before any building is started.

MICHIGAN MOOSE

Michigan can be sure of a moose population of perhaps two or three animals. Otto DeWaard, Conservation Department district game supervisor at Newberry, said tracks in a Carp River deer swamp southwest of Trout Lake indicate the small herd.

He and Joseph Vogt, a Department deer biologist, found tracks of the moose in the snow. They said there were a large number of tracks, but these were probably made by only a few animals, "perhaps two or three." This is the second winter moose tracks were found in the area. Moose were common in Michigan before heavy logging operations in the last half of the Nineteenth Century. Since then, they have been infrequent to rare.

SHANTY REMOVED

If fishermen failing to comply with the law which requires removal of ice shanties before the ice is unsafe, may be assessed costs of removal, in addition to fines and court costs.

Two men, residents of Gaylord and Cheboygan, recently were convicted of violation of ice shanty regulations. Each was assessed an $8 fine, in addition to $4 in court costs in a Cheboygan justice court. The two men were among the 51 persons listed on the latest weekly report of conservation law convictions. The violators paid a total of $833 in fines and another $389 in court costs. All money from fines for conservation law convictions goes to the library fund in the county where the fine was assessed.

30 Boys Out For Track Under Coach Brazee

Track coach Don Brazee reports that he has 30 boys out for track this year. Returning lettermen are seniors Dean Andrews (sprints), Dick Baker (hurdler), Allan Dickinson (quarter mile) and Bruce McDowell (quarter mile); junior Ray Miller (half mile and high jump) and sophomore Mike Walters (broad jump and relays). There are some promising sophomores and freshment out this year in addition to the returning lettermen.

Dual league meets are tentatively scheduled as follows: (all here)

Date	Opponent
April 10	Airport
April 17	Bedford
April 24	Monore C. C.
May 1	Hillsdale

Additional meets may be scheduled for Milan and Hudson.

Last year, the team finished 3rd in league competition. They won two dual meets and lost two and took 3rd place in the league meet.

Knights Honored At Assembly In Manchester

Last Thursday, all the Knights holding honors on the All League Team in both Football and Basketball, were invited to Manchester to receive their awards.

Members of other league teams who won awards were also present. The Knights along with the other league schools saw the trophies for both Football and Basketball go to the Dutchmen of Manchester. Brother Romain, secretary and treasurer of the League of the Lakes, made the presentation. Mr. Max Lee, head football and basketball mentor at Manchester, accepted the awards.

After the presentation of awards and the certificates there were refreshments served to all the athletes who represented a school on the gridiron or the hardwood.

Congratulations to all the Knights who placed on the League Team!

"That proves it to me . . . the J-2 Rocket is like two engines in one!"
GOLDEN ROCKET 88 HOLIDAY COUPE

HE: Right! This J-2 Rocket* is really a new driving experience!

FRIEND: Well, I've handled a Rocket Engine before, but nothing like this. They've always had pep, but this one's got that *extra* pep when you need it!

HE: Don't forget economy.

FRIEND: Yes, but you can't *feel* economy.

HE: Feels pretty good to the pocketbook.

FRIEND: Right! But it beats me how you get economy with a big car like Olds.

HE: Easy. For cruising around, you just use *one* dual-barrel carburetor.

FRIEND: Bet that waters down your performance some.

HE: Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need *more* power . . .

FRIEND: Then what?

HE: Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got *three* dual carburetors dishing up more power and torque.

FRIEND: Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.

HE: Checked the price lately? You'd be surprised how easy it is to own.

*277-h.p. Rocket T-400 Engine standard on all models. J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., available at extra cost.

FREE MONEY??

Federal grants-in-aid to the states and to local government—which are now made for all manner of purposes, running the gamut from airports to traveling libraries—are "the biggest con game in politics." And it is an ever-expanding con game, which is currently adding $5 billion a year to our federal tax bill.

That is the opinion of a man who has had considerable experience with these grants-in-aid — Alfred E. Driscoll, former Governor of New Jersey. His account, written in collaboration with Charles Stevenson, appeared in a recent issue of The Reader's Digest.

Governor Driscoll defines grants-in-aid as "nothing more than our own taxes which federal bureaus distribute to states and localities for specified services, usually with the requirement that the recipients put up some matching cash." In an earlier era, the grants involved comparatively small sums of money, and most of that was earmarked for roads. Today, by contrast, they have become, in his words, "the fastest-growing gimmick in politics" and they embrace some 50 different programs.

The grants have come in for heavy attack from authoritative quarters. The Governors' Conference have demanded their curtailment time and time again. The Commission on Intergovernmental Relations, created at President Eisenhower's request early in his first administration, came up with all kinds of evidence of waste, "Yet," says Governor Driscoll, "pressure groups and politicians, lacking the ability or courage to sell their projects to their own home-town or home-state constituents for financing at home, prevail upon Congress to hand out more and more federal tax money."

There is, as the article makes clear, nothing "free" about this money. In the first place, government rules concerning wages and other matters tend to run the costs up. Payments to contractors may be long delayed, so bids are frequently increased to compensate for this. According to a Missouri official, "In most cases a community could build an adequate facility for less than its half-share of the federal-aid project." Then there are so-called concealed costs, such as federal administrative overhead. No one knows how big this total comes to—but an investigatory commission found that for every dollar granted for slum clearance, about 22-1/2 cents went for federal overhead and the figure for low-cost housing is estimated at 39.9 cents.

Governor Driscoll disputes the claim that the grant money goes to areas so poor they can't supply their own essential services. He says, "Since qualifying for a grant usually means putting up matching funds, the biggest returns go to those states which repudiate economy and, at the sacrifice of real requirements, put the bulk of their cash into Washington-blessed programs designed to produce handouts at the expense of somebody else."

The root-trouble of the grant-in-aid concept seems to have been well summed up by James F. Byrnes in these words: "Whenever a state or county receives a grant which officials can spend without the responsibility of collecting the money by taxes, you are certain to have extravagance." Governor Driscoll quotes that and concludes, "Let us destroy this free-money myth before it destroys us."

SUMMER IS TOO LATE

The chances are that somewhere in your vicinity next summer an ambulance may go clanging down the street and the next day you will learn that a neighbor has been stricken with paralytic polio.

Then you will remember that in the spring you had read about a polio vaccination drive. Of course, you had **meant** to get your family and yourself inoculated. But somehow you had put it off. It wasn't convenient just then; you'd do it later; it slipped your mind.

So, at the height of the summer polio season, you find yourself unprotected. A cold shiver comes over you as you recall pictures of young limbs in metal braces, young faces protruding from iron lungs.

Anxiously you telephone your doctor. Yes, he says, the Salk vaccine is effective against paralytic polio. "But," he adds, "it takes seven to 10 days for the first shot to take effect, then a wait of two to six weeks for the second shot that will provide reasonable protection for this polio season."

You load your family in your car and you get your first injections. But days pass while you wait—and fear gnaws at your heart. Suppose the disease strikes before the vaccine builds up its defenses? How could you ever forgive yourself?

If you act **now**, you need suffer no such fear and guilt. This is one time when delay may literally be fatal.

Realty Views

Many of Benjamin Franklin's observations are just as valid today as when they were first made. Others, however, are not quite as accurate.

For example, Ben's statement on "used merchandise." He observed: "Rich widows are the only secondhand goods that sell at first-class prices."

Of course, rich widows are still in demand. But today, we enjoy a strong market on other "secondhand" goods, such as late-model cars, and well-maintained homes.

And speaking of homes, we specialize in getting you a first-class price for your property when circumstances dictate a change. Naturally, through everyday experience, we are in touch with the real estate market. So we can help you to set a price which is "fair" to both seller and buyer, and yet 'first-class".

Because of constantly changing conditions, it frequently takes real "know-how" to realize the best price for your home.

That's another reason we can help you. If you wish to sell your house, please call on us!

One of the reasons why the average life expectancy is increasing each year is that people now are wise enough to consult their physician at the beginning of an illness. To delay proper treatment can be dangerous.

Grandma's home treatments were often helpful, but remember how long a cure took, and how weak they left you.

Don't handicap your physician's ability to help you. Always visit him at the beginning of an illness. Delay can be dangerous.

Witch's Brew

For many centuries the apothecary's art was little more than a witch's brew. The hoof of the wild ass, the tooth of the swine, the heel of the greyhound, when properly brewed, were variously prescribed for headaches, baldness, and to "purify the blood." Out of this medical rag bag of the centuries has come the pharmacy of today. We are not qualified by either education or experience to diagnose disease or prescribe treatment, but we are thoroughly qualified to supply whatever medication your physician prescribes. When he writes you a prescription, bring it to us to be filled.

Mrs. Harriott Hostess To Extension Group

The L. & M. Extension group met last week with Mrs. Minerva Harriott who lives on county line road. A potluck dinner was served at noon to 13 members. A very interesting lesson on 'Your Part in Family Life" was given by Mrs. Orris Tubbs, the club leader.

Plans were made to attend Achievement Day in May and tickets can now be obtained. A discussion was held on increasing the membership of the group. It was voted to give $2.00 to the Red Cross. The flower fund was taken and tickets were bought for the Mystery Prize, which was awarded to Mrs. Edward Kanous.

F.F.A. Seniors Work On Their Mail Box Project

F.F.A. members of the senior class at the Britton-Macon school are shown working on their Mail Box project. Advisor Russell Spalding is on the extreme right. Boxes in various stages of completion are shown in the background. The reinforced concrete base and post and wood box frame sell for $5.00 or $8.00 complete with box. They are available for anyone wishing to purchase them. The goal is to produce 50 or more.

The first step in production is to pour the steel reinforced concrete posts in the form (foreground above) which makes 4 at a time. A steel bar is set through the bottom of the post to which a steel framing is welded after the posts have cured 3 days or more. The posts are then stood upright and a circular base poured around it with the help of circular forms. After several more days of curing, the wood base for the box is bolted on, the blue and white paint is applied and the outfit is ready for delivery. The whole process takes about 8 days.

Three members of the class (from left to right) Frank Prochaska, Dick Cox and LaMar Spohr are shown at the right delivering one of the finished boxes to the Lawrence Ash centennial farm located at 872 Ridge Road.

FFA Convention Delegates

ROGER PALMER

BOB LONG

The Tecumseh chapter of the F.F.A. was represented at the State Convention held in Lansing March 24-26 by Roger Palmer and Bob Long. Roger Palmer is the son of Mr. and Mrs. Medford Palmer and Bob Long is the son of Mr. and Mrs. Herbert Long.

The boys along with Paul Burns, F.F.A. advisor and agricultural instructor, drove to Lansing in the F.F.A. pickup truck donated by Schneider Brothers Garage.

The boys engaged in several activities while at the Convention. Roger Palmer was on a special nominating committee for state officers. Bob Long represented the Tecumseh chapter with official business.

Burning Off Pastures Is Wealth Loss

Burning off fields to get rid of dead plant material is like pouring part of your wealth down three drains. You waste decaying plant life that supplies humus to your soil; you destroy wildlife; and you make it easier for rain run-off to get away from your land.

It has been proven that burning off grasses can reduce regrowth yields by as much as 50 to 70 per cent and not enhance the new year's growth. Burning may be easy. It may get rid of last year's deal plant material. But, it also removes humus that supplies plant food for your crops as it decays. Allowed to grow back naturally, or plowed down, vegetation gives back to the soil some of the elements that have been removed. And, it increases moisture holding qualities of the soil.

Many farmers feel burning helps to control weeds. This is not always true. The results may be just the opposite since burning under some situation would develop a good seed bed for weed growth. And, burning on steep hillsides is also a bad practice. When this is done, conditions are set-up for the beginning or accentuating of soil erosion. Spring fires, set to remove dead vegetation, often get out of control and cause damage to fence posts and wire fencing. And, each spring, fire destroys wildlife food and cover, as well as wildlife itself. Further, burning requires a permit by law. Any time there is no snow cover on the ground, a permit must be secured from a conservation officer. And, with or without a permit, should the fire get out of control, the person starting the fire is legally responsible for any damage caused by the fire.

Agricultural Agents Weekly Column ....

CATTLE CYCLE

The downward swing in cattle numbers this year is just entering its typical cycle, but experts feel that it is not expected to last as long as in previous periods. This report from C. C. Ingerson, Lenawee county agricultural agent, indicates that this cattle number drop will be short lived.

Numbers of cattle on U. S. farms usually runs in cycles — with numbers falling over a period of years and then rising again to new heights over another period of years. After a seven year upswing, cattle populations for the first time this year are showing a downward swing. This drop applies to all classes of animals with milk down one per cent, calves down one per cent, beef cattle down two per cent and steers down four per cent. Most of the decrease has occurred in the Great Plains region stretching from Canada to the Rio Grande and the Gulf of Mexico. Drouth is part of the answer, but lower prices and reaching grazing capacity is also a part of the cause for this drop back in production. Normally, cattle cycles continue downward for a few years—this one will probably do the same — but present prospects are that the decrease this time may be slower, tending toward a shorter cycle than those of the past.

MONEY MAKERS

Meat-type hogs, produced and sold off-season, might be a real money maker for you, suggests C. C. Ingerson, Lenawee county agricultural agent. There are not enough meat-type, No. 1 hogs produced in Michigan, according to packers. They have to go out of the state for this kind of hog that their market demands.

Many packers buy No. 1 hogs exclusively. And No. 1 hogs are long, meaty animals, neither fat nor thin. They weigh about 200 pounds. The hog supply is fairly abundant in Michigan in April and May, October and November. During the remaining months, it becomes necessary for packers to buy in other states in order to fill their requirements. Hogs sold in July or August must be farrowed in February and March, and those sold in January and February must be born in August and September.

SOYBEAN CHOICE

Better select your soybean variety very carefully this year; your profits may be at stake. Yield, maturity, standability, and, in some cases, height of plants, should be considered, points out L. G. Hall, Lenawee county agricultural agent. If the growing season is short, or if you want to plant wheat after the beans are off in the fall, maturity time should be considered. It may be worthwhile to sacrifice a couple of bushels per acre to get them ripe and off the field.

Taller varieties usually carry the lower pods higher from the ground than do shorter ones, and this may make for easier harvesting of the beans. Less shattering and fewer cull beans will be the result. Mandarin, for example, has a good yield record, but it is short stemmed ,and difficult to harvest and obtain all the beans.

Michigan State University farm crops specialists make the following recommendations:

Chippewa is an early variety, but it has equaled or surpassed the yield of later beans on fertile soils in southeastern Michigan. In Ingham and Gratiot counties, it has given excellent yields and if planted on well drained soils should be ready for harvest by wheat planting time.

Harosoy, a relatively new bean, is on the early side of the group of late maturing beans. It has an outstanding yield record. The lower counties in Michigan and well-drained areas in the Saginaw valley and central Michigan can use this bean. On heavy, well drained soils, Harosoy may lodge.

Hawkeye is a reliable variety with a good yield record which stands well for combining. It can be used in the lower counties.

Certified Michigan seed is available for all the recommended varieties except Norchief.

On mineral soils, these varieties will mature about as follows: Chippewa, 117 to 120 days; Harosoy, 125 to 130 days, and Hawkeye, 128 to 132 days.

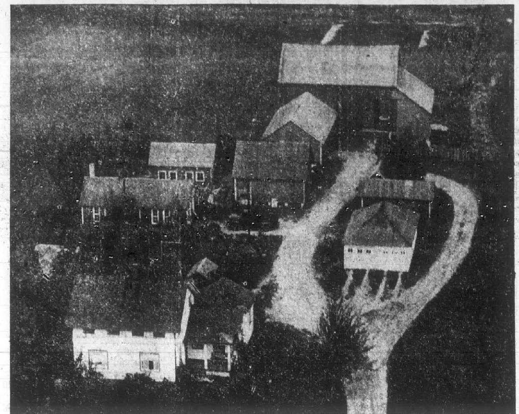
Summer Hog Price May Reach $20

Hog marketings will continue under last year's numbers until late spring, report Michigan State University farm economists. The early-to-market hog will again bring the best prices this summer, which may reach a peak of $20 per hundredweight.

Indications are that farmers in the Corn Belt may increase farrowings later this spring and summer over last year. If this happens, hog prices next November may again drop below $15 per hundredweight.

Mystery Farm Identified Last Week



Mr. Charles Aebersold of Route 1, Tecumseh was the first to identify last week's Mystery Farm correctly and was given a free two year subscription to the Herald. It was the Albert Gebarowski farm located southwest of Tecumseh on Sheppard Road. The Gebarowski's have owned the 87 acre farm for nearly twenty-five years.

Albert Gebarowski and his wife Mary have been married over 45 years. They have eight children: Peter Gebarowski of Tipton, Mrs. John Ukainski of Chicago, Stanley Gebarowski living in Oregon, John Gebarowski at home, Mrs. Louis Greski of Detroit, Joe Gebarowski of Route 1 Tecumseh, Mrs. Robert McKie of Route 1 Tecumseh and Bud Gebarowski at home.

Changes in recent years on the farm include remodeling the house, new garage, new corn crib, new tool shed, new grainary and new chicken coup. One building has been remodeled into a tool and die shop called the "Rural Machine Tool". Mr. Gebarowski, Bud and John operate the business. Wheat, soybeans and oats are the main crops raised. They have 2 cows for their own use.

The family has received their free aerial photograph from the Herald and will receive $5.00 worth of merchandise courtesy of Green's Clothing Store.

Farmers Are Urged To Check Stored Crops

"Now is the time for farmers to take a good look at farm-stored crops that are under CCC loan or price support purchase agreements," Henry VanDeusen, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee recently stated.

He emphasized the point that the farmer is responsible for maintaining the quality of farm-stored grain under price-support. Chairman VanDeusen also declared that the farmer himself is the one who stands to gain most from protecting his commodity with safe and sound storage. This is true because the quality and condtiion of the crop determines the money value the farmer obtains from his crop regardless of whether the loan collateral is redeemed and sold on the open market or whether it is delivered to CCC in payment of the loan.

"Damage by insects, rodens or weather to a stored crop due to the farmers neglect might result in a discount of the loan value to such an extent that the delivered commodity would not fully satisfy the amount of the loan. Such a producer might find himself actually owing CCC for a part of the money obtained as a loan even after delivery of his crop. In the case of a purchase agreement, damage to stored crops might result in outright rejection of the crop to be delivered. When the loan maturity date comes around, it will be too late to do anything about damage. The time to insure against reduced prices later, is right now," Chairman VanDeusen stated.

Who rates *what* for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (*right, below*) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smoothness of ride and other driving qualities you want in a car.

Then, Chevy won the Pure Oil Performance Trophy at Daytona (*left, below*) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen cat-quick response of power and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

FATHER-DAUGHTER BANQUET

Ninety fathers and daughters attended the banquet at the Holloway Presbyterian Church Thursday evening, March 28th. The following program was presented: Invocation by Dr. Howard Emerick; group singing by Leslie Calhoun; vocal duet, Karen Richards and Beth Emerick; toast to the daughters by Lyle Calhoun; toast to the fathers, Jane Calhoun; presentations talk by Mrs. Howard Emerick and benediction by Dr. Emerick. Robert German was the toastmaster. Mrs. Howard Emrick, as speaker of the evening, gave a very fine talk pertaining to the father-daughter relationship.

Flowers were presented to Stanley Doty as the oldest father present. He had two daughters, six granddaughters, and two great granddaughters present. Also receiving rewards were Ned Swift as the youngest father present and the father with the youngest daughter. Mrs. Kenneth Kopke as the "oldest daughter who would admit it".

Raymond Frost as the father with the most daughters and Joe Glenn and daughter Donna as the father-daughter team coming from the greatest distance.

Mrs. Elwyn Green acted as general chairman and took charge of the kitchen committee. Mrs. Mildred Gritzmaker and her committee had charge of the dining room. The tables were beautifully decorated in spring pastel shades. African violets were used as centerpieces and later were presented to those receiving rewards. The speakers table had an arrangement of snapdragons which were presented to Mrs. Emerick.

MOTHERS CLUB

The Mothers Club meeting will be held at Mrs. Elizabeth Keeling's of Britton Tuesday, April 9th at 7:30 p.m. Co-hostesses are Mrs. Harriet Austin and Mrs. Rose Rohra. The leader is Mrs. Fairbanks.

MEETING

A combination meeting of trustees and elders of Holloway Presbyterian Church will be held Sunday night April 7th at 8 p.m. at the church.

SEWING CIRCLE

Raisin Sewing Circle will meet with Mrs. Aug. Marks on Grovenor Rd., Friday, April 12th at 2 p.m. Project is piecing a quilt.

WHO HOLDS TITLE

It has been called to my attention that there is some dispute as to whether Evansville, Indiana or Tecumseh is The Refrigeration Capital of the World.

These statements by a Mr. Bish Thompson appeared in the Evansville paper some time ago: "Our claim is based on the production here of refrigerators." "Currently, the Coldspot and the Servel." "Until recently, the dear departed I-H." "We here (in Evansville) claim the original title." "But I think we would be amicable enough to go along with a plan to declare Tecumseh The Condenser-for-Electrical-Refrigerators Capital of the World." "If they could find a signboard big enough that is."

Before we make any comments, let's look at the definition of refrigeration. The American College Dictionary says refrigeration is the process of producing low temperatures, usually throughout an appreciable volume. With this bit of factual wisdom I think it can be clearly seen who the just holder of the title is. Our condensers are found throughout the whole field of refrigeration and indeed help make refrigeration as we know it today possible. We do not supply one limited element in the field of refrigeration such as refrigerators here in Tecumseh. We supply perhaps the most essential part necessary for refrigeration to the whole field. Since it seems that we are in the drivers seat for the present, we might allow Evansville the title of Refrigerator Capital of the World providing some of the other Refrigerator making cities in the United States don't object.

Police Report Busy Time Over The Past Week

The Police Department had a busy time the last week with the following investigations and reports. On April 4, a car driven by Eliner Frust, R.F.D. Tecumseh and a car driven by William Felter, Tecumseh, collided on S. Maumee St.

On April 7, on the corner of Evans Street and Chicago Blvd., a car driven by David Loveless, Tecumseh and another driven by Paul Clement Covell, Britton, collided. There were no injuries, however $125.00 worth of damage was done to both cars. Paul Covell was arrested for failure to have his car under control.

On April 9, Gerald Arthur Miller, Tecumseh, was ticketed for speeding 50 miles per hour in a 30 mile zone, He will appear before Justice Robert French within 7 days. Clyde Burleson, Clinton, was ticketed for a stop street violation. Thomas Hamilton, Tecumseh, was ticketed for reckless driving on Chicago Blvd. and Evans Street.

Whitney Hunter, Battle Creek, was arrested for driving with an expired drivers license.

Louise Livingston, 3898 N. Union, was arrested April 9 on an assault and battery charge. She pleaded guilty in court and was fined $15 and $8.60 costs or 30 days in jail. The fine and costs were paid.

A three car accident occurred Wednesday morning on the corner of Brown and Evans Street. Drivers of the cars were Vidak Celoric, Royal Oak, David Roberts, Lincoln Park and Clifford Fillion, Rockwood. No one was injured.

BOARD OK'd $724,820 BUDGET

Library Board Members Talk With School Board

Several members of the Library Board were present with Allen Seager as spokesman at the Board of Education meeting Monday evening to discuss next year's budget as well as the remainder of this year's funds. It appears that library officials understood that funds for the remainder of the year would not be forthcoming as budgeted. Actually, the funds will be available as soon as the State Aid is in according to the Board of Education.

Superintendent McDowell gave a brief review of Library financing history in Tecumseh. In 1942 the Library was badly in need of funds. At that time a 5 year 1 mill local tax for the Library was passed. It was passed again in 1947 but forgotten thereafter. As a result, the Tecumseh Public Schools now collect taxes for the Library.

Superintendent Mc Dowell presented the thought that State School Officials and others would prefer that the Library again be put on a local separate tax.

Allen Seager presented the thought that members of the School District in outlying areas could be provided adequate library services with the aid of a Bookmobile. In the opinion of the Library Board, this would be much more economical and practical than branch libraries. They also feel that the present budget of $21,636 is inadequate for future years.

Ridgeway Man Killed In Auto Accident Tuesday

Ernest W. Wright, 78, of Ridgeway was killed Tuesday morning when the car he was driving failed to negotiate a curve and struck a tree and a utility pole on M-50 about seven miles southwest of Jackson. Mr. Wright was alone in the car.

Empty insulin cases found in completely demolished automobile led State Troopers to theorize that he may have been a diabetic rushing to get a new supply of insulin.

Mr. Wright was born at Charleston Four Corners, N. Y., May 17, 1878. He was the son of James and Mary Wilber Wright. Most of his life was spent in the Ridgeway area.

Survivors include his widow, Annie; two sons George and William of Tecumseh and one granddaughter.

Funeral arrangements are incomplete as the paper goes to press.

Council Re-Organized

A re-organizational meeting of the City Council was held Monday night in the Council Chambers. The newly elected members of the Council, James Freckelton, Raymond Schlegel and re-elected members, John Hamilton and Donald Purkey were sworn into office by City Clerk, Naomi Sallows.

There were 7 ballots cast for the office of Mayor with H. H. Hanna receiving six votes and Harold Kelso one. Mr. Hanna, after being re-elected, responded overwhelmingly and extended his thanks to the Councilmen for their confidence. This is his fourth term as Mayor.

There were 7 ballots cast for Mayor Pro-Tem with Harold Kelso receiving four votes and Donald Brazee three. Mr. Kelso was proclaimed elected to the post.

Nc Holy Week Services To Be At Methodist Church

Noon day services will be held during Holy Week at the Tecumseh Methodist Church Monday through Thursday from 12:20 to 12:50 p.m. The services will be preceded by a 10 minute organ meditation presented each day by various organists of Tecumseh. These services are a united project of several of the Tecumseh Churches. Dismissal will be promptly at 12:50 p.m.

On Monday the speaker will be Rev. Edward Escolme of the Friends Church and the organist will be Mrs. Harold Every; Tuesday Rev. E. C. Dickin of the St. Peter's Episcopal Church will speak and Mrs. F. C. Dickinson will be the organist; Wednesday Rev. Horace James of the host church will officiate and Mrs. Kenton Hunt, the church organist, will play and on Thursday Rev. McPherson of the Assembly of God will speak and Mrs. Amos Wilson will be the organist.

If anyone would like to bring their luncheon and eat in the church dining room, coffee will be provided and a speaker from the sanctuary will make it possible for the diners to hear the organ meditation and the message.

The Union Good Friday Service will be held at the Baptist Church from 12:00 until 3 p.m. Seven churches of Tecumseh are cooperating. They are the Baptist, Episcopal, Friends, Methodist, Nazarene, Assembly of God and Church

Easter Egg Hunt Arrangements Are Nearly Completed

Final arrangements are being made for the annual Easter Egg Hunt sponsored by the Girl Scout Association April 20 at the Recreation Field. As announced last week, two hunts will be held: one at 1:00 p.m. for the kindergarten, preschool and 1st grade children and one at 3:00 p.m. for the children in the 2nd grade through the eighth grade.

Each committee woman is responsible for the safe arrival of the eggs that her troop will furnish for the hunt. Each registered member is asked to donate one dozen colored eggs this year so with 25 Troops averaging three committee women per troop, beside the leaders and assistant leaders, the eggs donated would make quite a mountain if all were placed together in one big heap. It is hoped that with this great number of eggs every boy or girl participating may take home a number in his basket and that not one will be disappointed. The association will appreciate it if each sponsoring organization will provide two dozen eggs for which the committee woman from the organization will be responsible.

It has been reported already that one Girl Scout has sold 68 tickets. It would appear that she would like to win the Easter Basket prize. With this knowledge in mind, others will know what the

$31,000 Deficit If State Aid Is Cut

The Tecumseh Board of Education approved a budget of $724,820.00 subject to the approval of the Board of Supervisors for the Tecumseh Public Schools and Public Library at the Board meeting Monday evening. Total actual disbursements for the school year ended June 30, 1956 were $611,537.32.

If the State Aid is paid off at $190.00 per child as voted by the Legislature for this year, Tecumseh Public Schools will not have a deficit. However, at present it does not appear that State Aid will be paid off at $190.00 per child but at about $178.00 per child. Thus, Superintendent McDowell reports that the budget must be prepared "to take care of a portion of this probable deficit and hope to make it up in two years." The general fund deficit for this year will be approximately $31,000.00 if the State Aid is cut.

Estimated receipts for the 1957-58 School Year are as follows:

Total State and Federal Aid	$465,074.72
Library (Penal Fines)	350.00
Miscellaneous Receipts	12,100.00
Property Tax (Operating)	1,500.00
Delinquent Collections	
Current Tax Requirements	260,400.00
Total Estimated Receipts	$739,424.72
Less possible deficit	31,000.00
Total Estimated Receipts Less possible deficit	$708,424.72

Estimated expenditures for the 1957-58 School Year are as follows:

General Control (Board of Education and Administration)	$ 31,150.00
Instruction (Instruction Salaries, Supplies and Tuition)	$510,770.00
Auxiliary and Co-ordinate (Transportation etc.)	51,400.00
Operation of Schools (Janitors, Fuel, etc.)	90,500.00
Fixed Charges (Rent, Insurance etc.)	6,000.00
Maintenance (Repairs and Replacements)	9,000.00
Capital Outlay (Improvements and Equipment)	26,000.00
Total Estimated Expenditures Including Balances	$724,820.00

The Board was also presented with a model of the structure and layout desired by the Shop Department. The addition would double present facilities in size. They were also shown proposed plans for improving the Recreation Field in cooperation with the Recreation Board. Included are a basketball court, several tennis courts, a softball diamond, parking area and picnic ground.

The purchase of the Amiel Teske property located at 312 James for $9500.00 was approved.

George Bailey has been hired for park work. Superintendent McDowell reported that the school needs a trailer for hauling the tractor to outlying schools for lawn mowing. Another tractor is needed as well since the F.F.A. tractor is busy now with projects.

Hospital Auxiliary Scholarship Award Is Now Available

Attention is called to the Herrick Memorial Hospital Auxiliary Nursing Scholarship award of $200 which is available for next fall to any high school graduate of this vicinity accepted for entrance to an accredited Nursing School. Candidates applying should be at least tentatively acceptable to the school of their choice and should be in need of some financial assistance in meeting the costs of their freshman year. Reapplication may be made to the Auxiliary committee for further aid after successful completion of the first year's training, if necessary. Please contact, by Tecumseh telephone 539, Mrs. E. C. Boss, Scholarship Chairman.

Poppy Poster Contest Winners Are Announced

HELP THE VETS

POPPIES ARE TOO
I'VE GOT MINE

Tecumseh Herald photo

The Judges of the local Poppy poster contest were suprised to receive the news that the first prize in Class 1 in the contest this year went to the same contestant that won it last year. Her name is Vickie Gooding, (left) a fifth grade student. The judges were different people than last year's and had no way of identifying who made the posters. The judge concluded that Miss Gooding has the meaning of the "Poppy" well in mind as well as an exceptional way of presenting it to the public. Other winners were second prize in Class 1, David Dustin, another fifth grade student and third prize in Class 1, Dianne Bartonslager, a fourth grade student. In Class 2, first prize was won by Donna Cubberly (right) of the 7th grade. Alice Villaneva of the eighth grade won second prize and Joy Bennington, another eighth grade student won third prize.

Those taking first, second and third place in the various grades are as follows: 8th grade 1st, Alice Villaneva, 2nd Joy Bennington, 3rd William Ross; 7th grade 1st, Donna Cubberly, 2nd Brenda Whelan, 3rd Carolyn Morden; 6th grade 1st, Bonnie Oyer, 2nd Letha Kimerer, 3rd Francine Bogatin; 5th grade 1st, Vickie Gooding, 2nd David Dustin, 3rd Patricia Shwede; 4th grade 1st, Dianne Bartonslager, 2nd Christine Pence and 3rd Jeffry Noe.

The judges of the contest were all members of the local unit of the American Legion Auxiliary as specified by the District rules. They were Mrs. R. C. Osburn, Mrs. L. S. Fogelsong Jr. and Mrs. Almond Curtis who replaced Mrs. Carl Thompson, who was not able to be a judge because of illness.

They have been on display in the windows of the United Savings Bank this past week and it is with a great deal of pleasure that the local unit presents the prizes of $3, $2, and $1 dollars to the winners in each of the two classes.

Many appealing posters had to be disqualified because of misspelled words and abbreviations. The students did a splendid job with these posters and it was too bad that the judges had to disqualify so many posters for the above reasons. However if it were not done in Tecumseh it would be in the district contest. Therefore, every effort is made to select posters that have the best possible chance of winning the district contest. Members of the local unit would like very much to have one of the Tecumseh students win the national or department prize for $100. or any of the lesser prizes. The District judging will take place at the meeting in Monroe, Michigan, April 28 and the department judging the latter part of May.

"Silly Chapeaux Tea" April 24

Tecumseh Herald photo

On April 24, a "Silly Chapeaux" tea and card party will be held at the Country Club with Mrs. Harold Kelso (left) and Mrs. Fred C. Dickinson (right) as co-chairmen. They are making "Silly Chapeaux" above in the Kelso home.

This event is the first real "bang up" party since the opening of the Club after the remodeling and the chairmen are busily making over last year's Easter bonnets into creations of unheard of splendor as well as other preparations to fill the day with gayety for all those attending.

The hostesses will be Mrs. Gertrude Stevenson and Mrs. Ray Sluyter. Prizes will be awarded especially for the silliest hat so ladies may let their imaginations run rampant and residents should keep sharp guard on the lonely posy in their back yard.

Hospital Aux. Heard Speaker On Leader Dogs

Mr. Will McCready, a field representative for Leader Dogs for the Blind was guest speaker at the April 9th meeting of the Herrick Memorial Hospital Auxiliary. Mr. McCready told of the three month training period that the leader dogs must undergo and followed up with incidents which have occurred when blind students and leader dogs learn to work together. The Leader Dog school is supported entirely by contributions from the public. Anyone who would like to make a donation can send their contribution to—Leader Dogs for the Blind, Rochester, Michigan.

After the program for the evening was completed, a regular business meeting was conducted by Mrs. Richard Coak in the absence of Mrs. Fuller. Devotions were read by Mrs. Donald Purkey. A report was given on the Chicken supper, which will be held April 25th at the Union Products Hall. Tickets will be on sale at Baldwin's Hardware April 19 and 20 or reservations may be made with the committee: Mrs. D. G. Ketteman, Mrs. Fred Randall, Mrs. Clarence Gillman, Mrs. Wilbur Andrews or Mrs. Warren Jack. The dinner will be entirely by ticket or reservation. Those who wish to attend are asked to have their ticket or make their reservation by the 23rd of April.

Mrs. Will Caruso, Mrs. Earl Roe and Mrs. Lawrence Gunn are new Auxiliary members. Hostesses for the evening were Mrs. John Thompson, Mrs. Charles W. Hanna and Mrs. Ogland Lay.

Golden Anniversary Celebrated Sunday In Methodist Church

About 200 attended the reception held at the Methodist Church Sunday from 2 until 5 p.m. for the Edward Leightons who were celebrating their Golden Wedding Anniversary. Preceding the reception, their daughter, Mrs. Dwight Hodges, served a cafeteria luncheon at her home on South Union St. Seventeen members of the family attended the morning church service before the luncheon.

Decorations for the reception were all in keeping with the anniversary colors. A seven tiered cake centered the serving table and was flanked by candelabra with gold candles and floral arrangements. Mrs. Ena Whaley and Mrs. Kenton Hunt poured tea from one end of the table and Viola Marks and Vera Gilbert at the other. The The W.S.C.S. from the church had charge of arrangements for the reception under the direction of Mrs. Hodges. Mrs. William Nicholson of Blissfield and Mrs. Harold Iffland of Tecumseh, granddaughters of the honored couple cut and served the huge cake. Two granddaughters of the Leightons presided at the gift table, Miss Ann Wilson and Mrs. Jane Hodge. Two grandsons, Kenneth Iffland and Charles Wilson had charge of the gift book and Eddie Hodges assisted his father, Mr. Dwight Hodges, in receiving the guests.

A delightful charm bracelet was presented to Mrs. Leighton in honor of her birthday which occurs soon. The bracelet has the names and birthdates of the grandchildren engraved upon it and room for more.

Guests were present from many surrounding towns, and the honored couple received many gifts, flowers, plants and 129 anniversary cards.

Newburg Mothers Heard Talk By Probation Officer

Mrs. Faun Platt outlined her duties as juvenile probation officer for Lenawee county when she addressed the Newburg Mothers Club Monday evening at Patterson school. Because they deal with neglected and dependent children as well as the so-called delinquents, much of the work of the juvenile department involves the placement of children in suitable boarding homes. Broken homes are the leading factor in delinquency, according to the speaker. Mrs. Platt also answered questions following her talk.

An open house for families of members will be held Friday evening, May 10. Mrs. Merle McVay, Mrs. Richard Eisenminger, Mrs. Harold Anderson and Mrs. Richard Platt are the committee in charge.

Wedding Vows Spoken Saturday

MRS. RUSSELL H. HUBBARD

On Saturday, April 6, at 7 o'clock in the chapel of the First Baptist Church of Houston, Texas, Miss Johnnie Fern McLelland, 4814 Rockwood, Houston, Texas, daughter of Mr. and Mrs. J. E. McLelland of Route 5, Prescott, Arkansas, became the bride of Lt. Russell H. Hubbard, Box 797, EAFB, Houston, Texas, son of Mr. and Mrs. L. A. Hubbard of 512 Outer Drive, Tecumseh, Michigan.

The altar space of the chapel was lighted with tapers in seven branched candelabra and held baskets of white gladioli, white stock and white lilies. Rev. Travis W. Key, assistant pastor of the church officiated and the nuptial music included the songs, "Always", "Savior Like a Shepherd Lead Us" and "The Lord's Prayer". The bride given in marriage by her father was beautiful in her wedding gown of white Chantilly lace and tulle over satin. It was floor length with a Sabrina neckline beaded with seed pearls, long sleeves and a lace peplum over the tulle skirt. Lace appliques beaded with seed pearls were scattered over the tulle. The fingertip illusion veil fell from a halo type headdress of beaded lace fashioned with scallops with teardrops between each one. The bride carried a white Bible topped with an orchid.

She was attended by Miss Shirley Hoffman, maid of honor and two bridesmaids, Miss Joan Hixson and Miss Barbara Goodin, all friends from Houston. Miss Hoffman wore a gown of medium blue crystalette over taffeta with a full skirt and pleated drape from the neckline. Her small hat was enhanced with roses on one side and she carried a bouquet of pink Delight roses. Miss Hixson and Miss Goodin wore gowns of the same design in light blue crystalette with roses on their small hats and carried American Beauty Delight roses.

Richard G. Hubard, brother of the groom, from Platina, California, assisted as the best man and the ushers were Lt. George Laing and William Milligan, both of Houston.

Mrs. McLelland wore a light blue lace gown for her daughter's wedding with navy and white accessories and a corsage of tiny roses. Mrs. Hubbard wore a rose colored gown with navy and white accessories and a corsage of tiny roses.

After the ceremony, dinner was served for twenty at the Ding-How restaurant in Houston. A candelabra with floral arrangement centered the bride's table which was covered with a satin cloth with greenery worked in the skirt. At the reception, punch was served by Billie Rose of Houston, cake by Marvine Shoemaker also of Houston and Mrs. Billy Wilson of Arkadelphia, Arkansas was in charge of the bride's book.

The new Mrs. Hubbard wore a light blue linen suit of the boxy type with navy and white accessories for traveling with a white

Safety Award Honors Quaker Oats Plant

Photo by Dixon

The Quaker Oats Company's plant in Tecumseh was honored Monday for its amazing safety record. For 10 years, employees at the plant have not had a single lost-time accident.

Plant manager Nixon (center) is shown receiving the award from Jack Kelley (right) who is a representative for the Liberty Mutual Insurance Company. On the extreme left is Ralph M. Hartmann, Manager of Training and Development for the Quaker Oats Company.

Mr. Nixon told the assembled group of approximately 30 employees, "I know you are proud of this record. And I share this pride with each one of the men and women who are responsible for this safety achievement. Every single employee has helped to win this award. This award belongs to you. You have done a wonderful job."

157 Pontiacs Will Be Given Away In April

"One hundred 1957 Pontiacs will be given away in a national 'Drive the Champ' contest during the month of April," according to G. H. Fisher, of G. H. Fisher Pontiac Motors, local Pontiac Dealer.

"This contest, which requires the contestant to test drive a 1957 Pontiac and report his impression of the car's performance on a special entry blank, is open to everyone licensed to drive. "Pontiac this year set new 24 hour endurance records. In addition, the car was subjected to a grueling 100,000 mile continuous driving test. Just recently Pontiac won the NASCAR Grand National 160 Mile Beach-Road Race at Daytona Beach, Florida."

Four winners will be selected from each of the 25 Pontiac Zones throughout the country. Official entry blanks must be obtained from a Pontiac dealer. G. H. Fisher Pontiac Motors is offering additional prizes locally. The contest closes at midnight April 30th.

Presbyterian Banquet Held

Rev. MacKay Taylor of Birmingham, Michigan spoke at the Presbyterian Father and Son Banquet held Monday evening in the Fellowship Center after a bountiful chicken dinner was served by the Women's Association of the church. The decorations were in the spring motif and a capacity crowd was in attendance. Rev. Taylor spoke of his experiences in Church extension work done in Detroit.

Legion Now Has 355 Members

The Underwood Orr Post No. 34 of the American Legion met for their regular meeting Thursday, April 4th.

It was reported that the membership is now 355. This figure exceeds the 1957 quota. However, there are still many renewable memberships that are not in. A nominating committee was appointed to select candidates for the annual election which will be held at the regular May meeting. It was decided to assist the Woman's Auxiliary on the poppy sales this year for a more complete coverage.

A discussion was held on the monthly dance which will be on April 27th. Proceeds will be given to the Junior baseball fund. Tickets are available at the Post or from members at fifty cents each.

440 Girl Scouts Now Registered In Tecumseh

The Tecumseh Girl Scout Association met at the Scout Cabin in Elliott Park last Wednesday morning from 9:30 until 11 o'clock with the president, Mrs. Howard Truesdale, presiding. The treasurer, Mrs. John Saling, reported that twenty-five troops of scouts have been registered in Tecumseh with the Girl Scouts of the U.S.A. They number four hundred forty girls, leaders, assistant leaders, committee-members and officers. This is the largest number ever registered in Tecumseh with prospects of several new troops next year. All work done by the adults is free gratis. Revisions to the Constitution and By-Laws of the Association were adopted.

Reports of the Brownies skating party and the six troops who spent aweekend at Cedar Lake in the Waterloo Recreation Area were satisfactory and showed that the girls appreciated these cooperative special activities provided at the expense of the Association. The rest of the Intermediate Scouts and Seniors will spend this weekend at Cedar Lake.

Other chairmen of special activities announced that plans were well under way for the Easter Egg Hunt to be held on Saturday, April 20th; for the Outdoor Day of all county leaders and assistant leaders scheduled for Wednesday, April 24th, on the premises of the Tecumseh Country Club and for the Court of Awards which will be held in the Tecumseh Products Union Hall on Friday evening May 3rd. The Association will hold its annual meeting on the first Wednesday in June.

Mrs. Robert Anderson, Mrs. Edwin Bunge and Mrs. John F. Dennis were the hostesses during the coffee hour.

go have already applied for admittance and are getting ready to leave family and friends and embark on what will be a new life full of strange new ideas, customs, etc.

The decision as to where to go to school has been or will be made by various methods. A few feel that they must go where their parents went. Some have been told by a "friend" that this school or that school is a "snap". Some are under the assumption that it is better to go to a small school than a large school. No matter how they decided or will decide, they are convinced that their decision is the right one.

I think that it is a real pity that not all of their decisions and motivations are the right ones. The so called "snap" schools that they are looking for give less of an education than the name implies. A perpetuation of high school is not only a waste of junior's time but of dad's hard earned cash. There junior is not busy enough to usefully occupy his mind except on how to become a swollen headed egotist. His education will not be adequate enough to make him understand the significance of a college education and prepare him for the future.

However, the day of reckoning arrives. It arrives for those who are "goof offs" in the good colleges and it arrives for many who go to so called "snap" schools. The "goof off" in a good school more than likely will not graduate. If he does graduate, he will join his kin from the "snap" schools in looking for a crying towel when they see the jobs offered to them.

Companies give their good jobs only to those who show in college that they have what it takes. Rah rah is worth nothing to them. They want brains that have been tried and proven. They want to run a company, not a party.

My point is, go to school by all means. It is something you will never have cause to regret. A whole new horizon will open up to you and improve your life by many score. However, choose wisely when you select a school. Remember that the main purpose is education and preparation for the future. The future catches up some day. Be ready for it.

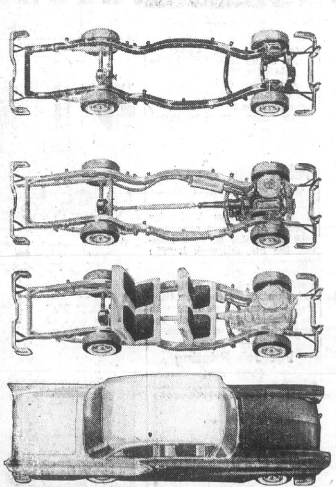
Here's what makes it a new kind of Ford



The frame is wider . . . wheels are lower

(Lets you ride sweet and low)

Never before has a low-priced car hugged the road so well. Partly, it's because the frame is sturdier. Partly, it's because the wheels are smaller. Partly, it's the way front and rear suspensions take tilt out of turns. Mostly, it's because there's a whole new smoother-riding quieter-going "Inner Ford."

The power is bigger

(Most power in Ford's 25 years of V-8 leadership)

And what a V-8 engine! You can have the kind of Thunderbird power that smashed records at Daytona . . . set a new stock car mark at Indianapolis . . . traveled 50,000 miles in just 20 days at Bonneville, Utah!

The comfort is greater

(You've never had it so plush)

You sit in the lap of luxury There's head room, hip room, leg room galore. And wait till you get a load of those new upholsteries and color schemes!

The body is "beefier"

(Up to 9 inches longer, 4 inches lower, with full head room, full road clearance)

From top to floor, front to rear, this body is built like a "battleship." You ride surrounded by new strength.

. . . and best of all it's the lowest priced* of the low-price three !

Well Known Resident Passed Away Saturday

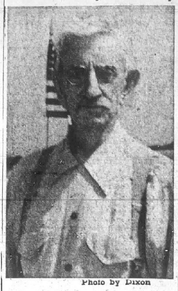

Photo by Dixon

A well known pioneer resident of Tecumseh, Arthur B. Harding, passed away Saturday evening at 8:15 p.m. in the Parrett Neursing Home where he had hade his home for the past two years. He was 87 years old, born May 23, 1869, in Maysville, Michigan, the son of Abel William and Lydia McRae Harding. Mr. Harding was employed by the Belding Funeral Home for many years and later by the city street and police departments. He also operated a draying business at one time.

Mr. Harding was a member of the Methodist Church, a 50-year life member of Tecumseh Lodge 190, Knights of Pythias, an honorary life member of the Dokies and a member of the Nomads of Avrudaka and the Exchange Club.

He was preceded in death by his wife, the former Lena Sizer, who passed way June 10, 1942, his parents; a brother; the Rev. William F. Harding; a sister, Anna and a niece, Miss Ruth Harding. His father was also an ordained Methodist minister. He is survived only by cousins.

Funeral services were held Wednesday at the Collins Funeral Home at 2 p.m. with the Rev. Horace James officiating. Burial was in the Brookside cemetery with the Knights of Pythias conducting graveside services. Bearers were Ed Nelson, Carl Barnes, Wallace Whiting, Elmer Bryan, Russell Garno and John Saling.

Mrs. L. Lamkin Laid To Rest Mon. Afternoon

The funeral for Mrs. Lottie Lamkin who died Saturday morning at the home of her daughter and husband, Mr. and Mrs. Dewey Berry of Blissfield, were held Monday at one o'clock at the Mann Funeral Home in Blissfield and at 3 o'clock in the Tecumseh Baptist Church.

Mrs. Lamkin was born May 22nd near Three Rivers, Michigan. On May 4, 1898 she married Ira Lamkin and settled near Tecumseh where they lived until failing health forced them to sell their farm in 1945. With the exception of one year they have lived with their daughters, Mrs. Dewey Berry of Blissfield and Mrs. Robert Hutton of Houghton Lake since that time. Mr. Lamkin preceded her in death on Jan. 13, 1953.

She is survived by 2 daughters, 5 granddaughters, 1 grandson, 1 great grandson and one sister, Mrs. Claudia Harwood of Tecumseh.

The bearers were Herbert Munger, Dean and Fay VanValkenburg, Chauncey Harrison, Floyd Billington and Herbert McClure. Burial was in Brookside cemetery.

Sunrise Service Plans Are Being Completed

Sharon Muhn, Bonnie Penrod and Ruth Meade of the Tecumseh Friends Church will sing for the Easter Sunrise Service which is to be held in the beautiful Hidden Lake Gardens April 21, at 6:15 a.m. Dalton Van Valkenburg will be the speaker, and a member of the neighboring churches have been invited to attend, Springfield among them. An attempt is being made to provide a bus for the transportation of the young people to the service and then back to Tecumseh where breakfast will be served in the individual churches.

The planning committee consists of Marilyn Manley and Willis Kilborne, Friends Church; Gary and Ann Cameron, Methodist Church; Mary Lou and Mike Walters, Baptist Church; Mary Jo and Catherine Holdrige, 'Nazarene Church; Judy Kempf and Sharon Ries, Presbyterian Church. This service is sponsored by the Youth of Tecumseh and the public is invited to attend.

Funeral Services Held Saturday

Funeral services were held Saturday at the St. Elizabeth Church for Harry H. Shaner, 65 years old, who passed away Thursday at the Herick Memorial Hospital where he was a patient for nearly two years. Mr. Shaner made his home at 212 S. Pearl St., and was employed by the city of Tecumseh before his illness. He was a member of the Chief Aerie, Fraternal Order of Eagles.

Mr. Shaner was born in Hart, Michigan, Nov. 1, 1891, the son of John and Catherine Koph Shaner. He is survived by three sons: Lavern, Wilbur and Peter and one daughter, Marjean, all of California; three brothers, Raymond, Arthur and Peter and three sisters Lena, Laurie and Elvira, all of the Hart area. His wife's death occurred in 1945.

The Rev. Fr. Thomas Collins officiated for the service and the body was at the Collins Funeral Home until Saturday morning. Burial was in the Brookside cemetery with the service in charge of the Chiefs Aerie, Fraternal Order of the Eagles. Bearers were Lawrence Drewyor, George Seitz, Floyd Russell, Roger Wilson, Harry Graham and Verdi Skinner.

Jennie Collins Passed Away

Mrs. Jennie M. Collins, 71 years old, died at the LaBounty nursing home at 1 p.m. on April 6th. She was a patient at the nursing home for three years. Born July 10, 1885, in Macon, she was the daughter of Gaius and Alice Miller Squires. She lived in Tecumseh most of her life, making her home at 212 North Union Street until her illness.

She was a past noble grand of the Rebekah Lodge and a past oracle of the Royal Neighbors. For several years she owned and operated a real estate agency.

Her husband, John A. Collins died March 27, 1953. She was survived by a daughter, Mrs. Alice Johnson; a grandson, Cap Orr of Cumberland University, Lebanon, Tenn. and a brother George Squires of Macon.

Funeral services were held at the Collins Funeral Home on Tuesday, April 9, with Rev. B. O. Bashore officiating. Burial was at Ridgeway cemetery. Services were in charge of Rebekah Lodge No. 338.

of God. Each clergyman will have a section of the service and the choir from the Methodist Church will sing "For God So Loved the World" by Stainer during the opening hour.

Christian Science Sunday Service

How sickness as well as sin can be overcome through spiritual understanding of God, divine Principle, will be brought out at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" is the Golden Text from Psalms (103:2-4): "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction."

In addition to passages from the King James Version of the Bible, selections will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy including the following (406:1-6): "The Bible contains the recipe for all healing. 'The leaves of the tree were for the healing of the nations.' Sin and sickness are both healed by the same Principle. The tree is typical of man's divine Principle, which is equal to every emergency, offering full salvation from sin, sickness, and death."

C.A.P. Presented Assembly To High School

The students at Tecumseh High School were entertained at a Civil Air Patrol assembly last Wednesday. C.A.P. Marshall Boike introduced Lt. Richard Jacobs, commander of the local Civil Air Patrol, who spoke on "Search and Rescue". Lt. Richards illustrated his talk with a radio demonstration. A film on a practice rescue mission with local participants was shown.

Major Issit, deputy Director of Materials of Wing headquarters, spoke on Civil Air Patrol cadets and their activities.

Rotarians Saw Vacation Movies Tuesday Evening

President James McDowell presided at the Rotary meeting Tuesday night. There was a fair attendance and the usual fine dinner served by the ladies of the Methodist Church.

Program chairman, Virgil Tucker, presented Harold Kelso who entertained the group with pictures of a vacation trip last summer in Maine which were very interesting and educational. He also showed pictures of the destruction done last week by the Tornado at Dallas, Texas.

Rev. Edward Escolme will address the club at next week's meeting. Ralph Comfort is program chairman.

Eminent Explorer To Come Here

The Tecumseh Veterans of Foreign Wars will sponsor a film entitled "Touring Glorious Michigan" narrated by Dennis Glenn Cooper May 3rd. Mr. Cooper is an eminent explorer and travel lecturer. All proceeds will be donated to the bleacher fund.

orchid corsage. They will go to Sacramento, California where they will reside after May 1. The bride is a graduate of Prescott High School, in Prescott, Arkansas and the groom is a 1951 graduate of Tecumseh High School and also the Michigan College of Mining and Technology in 1955.

Among those who attended the wedding were guests from Prescott, Arkansas; Arkadelphia, Ankansas; Tecumseh, Michigan and Platina, California.

O.E.S. Regular Meeting Was Held Thursday

Mrs. Ralph Westgate, Worthy Matron, presided at the regular meeting last Thursday of the Tecumseh Chapter number 51 of the Order of the Eastern Star. The charter was draped in memory of two life members, Mrs. Florence Montgomery and Mrs. Helen Marshall. The Worthy Matron read a poem in memory of the deceased sisters.

Officers of the Lenawee-Monroe Association were honored guests of the meeting and each was presented with a gift from the Chapter. The Chapter voted to contribute one hundred dollars towards the purchase of new dishes for the dining room. It was reported that the Grand Worthy Matron's project netted $168. One half of this money will be given to the Michigan O.E.S. Charities. The other half of the money will be used for improvements in the local Chapter. It is planned to use the money to help pay for the new dishes.

The past Electas were introduced and presented with gifts. Mrs. Westgate read from Henry Drummond's book, "The Greatest Thing in the World"—the nine ingredients of love. Mrs. Melvin Smith read the history of Electa and Mrs. Cecil Viele read the history of the sign and color. In conclusion, Fred Dickinson sang "The Song of Electa."

Refreshments were served in an Easter theme by Mr. and Mrs. Clyde Bailey, chairman and Mr. and Mrs. Russell Liddell, co-chairmen and their committee.

Janet Lawhead On Honor Roll

Miss Janet F. Lawhead, daughter of Mr. and Mrs. Charles R. Lawhead of 515 Russell Road, Tecumseh, Michigan, has been placed on the mid-term honor roll at Olivet Nazarene College, Kankakee, Illinois, it was announced today by Dr. Willis E. Snowbarger, dean of the college.

The honor roll is made up of students with an average of B or above. Janet is a Sophomore at Olivet Nazarene College where she is enrolled in Elementary Education.

31 Area Bus Drivers Awarded Certificates After Program Here

Thirty-one area school bus drivers were awarded certificates for completing the recent Michigan School Bus Driver Education Program at Tecumseh.

The "graduates" successfully met all the requirements of the 12 hour course, which included instruction in first aid, safe driving practices, the Michigan Vehicle Code, emergency procedures and the role of the school bus driver in the total educational program.

Those receiving certificates were: Allen K. Belknap, Frank G. Kovach, William L. Saxton, Lee W. Spohr, Veril F. Lidster, Charles H. Bigelow all of Britton-Macon Area School; Dearle J. Brugger, Harold B. Covell, Wendell R. Dickinson, Eddie A. Kirkland, Kenneth A. Martin, Leon D. Schwartz, Linn C. Weaver, Franklin W. Wood, Clinton Community School; Frank R. Beal, Lawrence E. Cunningham, Rex Daniels, G. Owen Dunn, Adolf Frohriep, Robert H. Ostrander, C. Blair Parker, L. Dale Redfield, Clifford Tripp, Hollis F. Woerner, Onsted Community School; Claude E. Vandevender, Sand Creek Community School; Bessie M. Adams, Maurice C. Evans, Robert V. Glascock, Fay G. Kempf, Harold D. Kempf, and Agnes M. Woods, all of Tecumseh Public School.

Merton J. Turck, instructor in the College of Education Michigan State University, provided classroom instruction using training aids, films, discussions and practical demonstrations.

"Those receiving certificates should be better trained to do their jobs, and equipped to provide greater protection for children riding school busses," Mr. Turck maintained. Now in its fifth year, the program was initiated during the 1949-50 school year, with M.S.U. and Central Michigan College the participating institutions. The county superintendent's office cooperated with Michigan State in this program sponsored by the Department of Public Instruction, Lansing, and Michigan colleges and universities.

Easter Egg Hunt

(Continued from Page 1)

competition is. Every child in town will have fun at this annual community event so ticket sellers, the field is wide open.

Real live Easter bunnies will be awarded as prizes for the hunters, as well as decorated cakes and the Scouts and Brownies will receive 5 cents from each ticket that they sell to place in their own troop treasury.

Mrs. Ernest Hammack is assisting Mrs. Junior Fouts with the tickets for the Easter Egg Hunt sponsored by the Girls Scout Association. She will have charge of tickets to be sold by the Brownie Troops and leaders may call her for additional tickets as well as Mrs. Fouts or the Herald office.

The committee is very grateful to all the workers who are helping to make this event one of great pleasure for the children of Tecumseh as well as the means of furthering the scouting program in this city. The Easter Egg Hunt originated in Tecumseh with Mrs. William Snook ably assisted by Mrs. Julius Vincze and the association is grateful for the opportunity to carry on this project which allows every little Brownie as well as all other members of the organization to assist in making the money which along with community chest funds does the financing of the girl scouting program. Committee women are taking over as many responsibilities as possible from the leaders to ease their work load for this program.

DO YOU PAY YOURSELF FIRST?

Do you find that the many demands on your income, and the cost of living generally, leave very little over at the end of the month?

The answer is simple, to people who will make use of it. Set aside a certain amount out of your paycheck in a savings account and treat it the same as you would a bill.

Putting savings First, instead of Last, will do a splendid job in building a worthwhile fund you can use for future enjoyment, to profit by opportunities, or to meet emergencies.

Small amounts, saved regularly, add up to substantial sums, and our interest compounded quarterly keeps your account growing.

For real liquidity, availability and service, you are invited to use this bank.

Capital Funds exclusive of reserves exceed $900,000.00.

Grade School News

CENTRAL SCHOOL NEWS

4th

Mrs. Whiting reports, "One of our cocoons finally have given forth a beautiful polyphemus moth! Bobby Glenn brought his cricket cage and we are keeping it in that. We have other cocoons which we are anxiously watching.

Kathleen Mitchell and Caroline Morley had birthdays this week and brought us cupcakes for a treat."

1st

The children in Miss Lukens' first grade room were very interested in the box of things from the West that John Hamilton's grandfather sent to John and his family. It contained weeds and plants that really showed what vegetation there must be like. Some of the plants included were mesquite, mistletoe, a cactus leaf, blue bonnet—the state flower of Texas, some cotton and an interesting yellow-flowered plant called "scrambled eggs".

The people who read stories to the class this week were Beth Frownfelder, Meryl Eaton, and John Boldon.

1st

In Mrs. Neitlung's first grade room bunnies are peeking from every corner. We have each made a pretty egg and every time we do something exceptionally well we get to put a star on our egg. We hope to have many stars by Easter time.

We read how Jane and Dick made puppet animals. Some were very good.

We are learning to make many new words from old ones by substituting initial consonants. Most of us recognize initial consonant and final consonant sounds.

6th

Mrs. Becker says," we are making flowers by painting eggs and arranging them on pipe cleaners. We had an art class using torn paper.

For English we are making reports on native birds.

In Social Studies we are studying China. Some of us are making relief maps out of salt and flour. We have a bulletin board display on China. Our electric question board drills us on important places in China. We are making chop sticks and are going to try eating some Chinese food with them.

Susan Snyder brought us a pretty bouquet of Pussy Willows."

5th

The pupils in Mr. Sawyer's room are learning many things about our local government as well as state and national. Charles Saling brought a copy of Tecumseh's City Charter to show the class. Mary Brockley and Roy Sparks gave an interesting report on "Washington D.C." Other reports included "Democracy" by Sharon Gillen; "Facts About Our Government" by Dennis Linden; "What Can We Do to Improve Our City Government" by Richard Fielder; "How Do Foreigners Become an American Citizen" by Karen Goller; "Democratic Government" by Marilee Kiser; "What Is Democracy," by Patricia Roe; and "How Our City Is Governed". We have made two bulletin boards, "Our Government" and "Michigan". Marilee Kiser showed the class pictures of the "Four Freedoms".

Judy Martin, Sharon Gillen and Patricia Schwede have "A" papers in writing on display in our room.

4th

Mrs. Callihan's fourth grade has been painting. Our first try was a crayon picture and the second with a crayon picture and the second one with a thin paint wash. Mrs. Westdyke helped us later with two types: one a wet painting and the other using dry paint. Our results are quite good.

Phoeniz, Arizona is an interesting part of our country where the way of living is different from ours. Cora Murphy showed us some things she had from there.

Our multiplication and division of numbers through nine have been almost learned so we are making change and working with large numbers.

The stories in our "More Lines and Places" have taken place in various parts of the country. We are making a map showing these places with pictures showing the kind of land and climate there.

GRUBB SCHOOL NEWS

Since our last news report we have had several people absent because of illness. Some have had 3-day measles, some scarlatina, some pneumonia; we have had several tonsillectomies. We are glad to have Danny Dewey back after his long siege with pneumonia. On April 2, 1957, Barbara Hurst of our third grade left for Dearborn, Michigan. We hope she likes her new school.

Our fourth graders have been enjoying experiments with magnets in science class. The third graders have been learning more about the use of wheels and levers.

The third graders are making rapid progress with borrowing in subtraction and carrying in addition. Our fourth graders are doing well with more difficult division problems.

The city of Seattle, Washington has proved to be an interesting place to visit in our tour of the United States through fourth grade social studies. The third graders have made library cards for themselves in order to keep track of the books they borrow from the school library. They also have made booklets to keep a record of the various books they have read.

We are pleased that our school has been chosen to participate in the Highland Schottishe dance at the Music Festival to be held in May.

In art we have been making paper mache objects. Many of us are making rabbits; while the rest are working on crosses.

We're all anxious to have good weather! The boys would like to be out playing ball. We will be able to visit Hidden Lake Gardens to see Spring flowers when they appear.

RIDGEWAY SCHOOL NEWS

Since our last news item the fourth grade at Ridgeway have been working on writing business letters. Each member of the class chose a different place to write. At the present time the following students have received answers to their letters. Nancy Bird and Diane Handy who wrote to Lansing for information on our state capitol, Beverly Meyers who wrote to California for information about Disneyland; Janet Bird who wrote to the Audubon Society, Cathy Brown who wrote to the Campfire Girls, Judy Weimer, who wrote for information about the state of Tennessee, Ted Teide who wrote for information on the Junior Red Cross, and Diane Ries who wrote to the Adrian fire department concerning safety rules for fires. As a result of Diane's letter Mr. Bishop of the Adrian fire department came and talked to the class. He also invited our room to come and visit the fire department. Both the third and fourth grades are looking forward to their visit there Tuesday.

Additional news for Macon, Colvin, Lanning and Kelly schools have been delayed until next week because of lack of space.

--- NOTICE ---

Readers — Residents — Voters — Taxpayers

....The entire Michigan Nursery Industry has gone on record as opposing the building of another nursery in Southern Michigan by the Michigan Conservation Department, Forestry Division, for the following reasons:

Commercial nurseries in the same temperature zones can and will produce all the stock needed—without spending one cent of tax money! Michigan Conservation nurseries already sell over 75% of the stock produced by them to the public—some 30 million.

Private nurserymen feel it is a waste of money for the state to increase production one-third or to 40 million. The cost of a state built nursery is too high; $181,000 of Soil Bank money thru the Clarke-McNary Act will be granted and government payrolls will be expanded.

Businessmen claim they can build the same production facilities for approximately 25% of the amount wanted by the state and some nurserymen can expand for $10,000.

All the nurserymen want to do is to stay in business without government competition, while paying taxes.

If you don't feel you should help your neighbor plant trees with your tax money, write to your Representative, c/o The House, Lansing, Michigan and your Senator, c/o The Senate, Lansing, Michigan. A postcard will do—but do it now!

Behalf of: Michigan Seedling Growers and the Nursery Industry by Gordon McCurdy.

Field and Stream

Early flights of migrating waterfowl, returning from the south, signal the coming of spring, but many thousands of ducks, geese and swans spend the entire winter in Michigan.

Conservation Department game workers, conducting the state's part of a continental waterfowl survey this year, estimated that some 198,000 ducks, geese and swans established winter quarters throughout the state.

The continental census is designed to estimate populations and concentrations of waterfowl — important factors in determining the breeding potential for the coming year. Winter populations within a single state may vary with weather conditions and food supply, so a study of breeding potential must encompass the entire North American continent.

This year's waterfowl count in Michigan represented the second-highest winter population in the last nine year, topped only by the unusually high concentrations of 1955 when some 300,000 waterfowl remained in the state during the winter.

These "stay-at-home" birds usually congregate in four major areas: the Toledo to Port Huron area of the Great Lakes, the Oakland-Livingston-Washtenaw county area, the St. Joseph and Kalamazoo River valleys in southwestern Michigan, and the Muskegon River valley from Houghton Lake to Lake Muskegon. About 70 percent of this year's winter population concentrated in these areas.

The success of the current breeding season will have to be studied before basic regulations can be set for the waterfowl hunting season next fall. The U.S. Fish and Wildlife Service establishes the framework of regulations for each flyway, including season length and bag limits, and the individual states then select their seasons within this framework.

Northville Gets Ready For April 18 Opening

Opening night at Northville Downs is April 18, a week from today. Preparations are at a fevered pitch at the suburban half-mile track.

General Manager John J. Carlo predicts there will be 800 horses on the grounds when the starter sends off the first race for the earliest meeting in Michigan history. It will be the only Michigan racing until runners open at Hazel Park on May 24. Northville, which races 38 nights through June 1, finds itself without competition except for its final week. Approximately 200 horses have wintered and put in early training at Northville despite the snow, rain and cold which has plagued horsemen in recent weeks. Another 300 horses arrived over the weekend and early this week.

In the front row from left to right is Dick Baker Alfred Dick, Allen Dickinson, Bruce McDowell, Ray Miller, Dean Andrews, Gary Hanna and coach Donald Brazee.

Robert Breniff To Play In Alumni Game

Tecumseh football coach Robert Breniff has been chosen one of the 60 former Michigan State University football players to participate in the first Alumni-Varsity football game May 4th at 2:00 p.m. The alumni ranks are well filled with professional players and former All Americans so it should be a real contest.

Pontiac
Springs Another "First"!

-Lowest Priced Car with Tri-Power Carburetion!

Pontiac started 'em all talking by tagging this eye-popping Chieftain below 30 models of the low-price three. Now Pontiac has tossed another firecracker into the low-price field . . . with Tri-Power Carburetion available at extra cost on any model. Pontiac alone at so low a cost offers this sensational track-proved* carburetion system that has officially outperformed super-charged and fuel injection cars. Here's how it works: For normal driving, only one of three double-barrel carburetors is in operation. When you want a safety-surge of power, press your toe and pronto!—the other two carburetors pour out a bonus of go as long as you need it. Ease up . . . and you're back to the gas-saving economy of one-carburetor operation! In short—your new Pontiac Chieftain can be tame or terrific—at the touch of a toe! Try it, and you'll see why they're biting their nails in the low-price field. Check the car . . . check the price . . . and all bets are that you'll graduate to Pontiac with plenty left over in your budget to celebrate the occasion!

REGULATION—SUBSIDIZATION

Ae recognized authority in his field, Roger A. Freeman, formerly Research Director of the Education Committee of the U. S. Commission on Intergovernmental Relations, refutes a number of commonly held conceptions concerning the nation's schools.

One fallacy he cites is that schools are being discriminated against in the allocation of public funds. Actually, education has for many years been the largest item of public expenditure in this country, save only for the national defense. The United States spends a larger share of its national income on schools than any other country of record.

Another fallacy is that the teacher shortage grows worse and worse. The teacher-pupil ratio in 1900 was one to 36.7, in 1930 it was one to 30.1, and in 1955 it was one to 26.9. He adds, "Much of the teacher shortage is due to inefficient use of the available teachers."

Another fallacy—and an extremely important one today—is that the states and communities lack the fiscal capacity to meet school needs, so the federal government must provide support. Mr. Freeman quotes the Education Committee with which he was associated as reporting no state is unable to support an adequate school system, and that federal aid is not necessary.

Finally, Mr. Freeman points out that if the government is going to pay for the schools, it is ultimately going to run them. As a U. S. Supreme Court decision said in 1942: "It is hardly lack of due process for the government to regulate that which it subsidizes."

ANIMAL PAINTING!

The sale of finger paintings by a Chimpanzee in the Baltimore Zoo opens up all sorts of fascinating possibilities. Betsy ,the chimp, had a one-chimp show, and some of her paintings sold for as high as $50.

If the American public runs true to form, this will start a rash of paintings by animals in all parts of the country. Kindly little old ladies will have their tabby cats making paw print designs. Various canines will be producing toenail etchings as relaxation from a dog's life. Pet turtles by the score will doubtless trail their foot-and-tail prints across paper spread with exotic color.

We forsee a great national exhibition, to choose the best animal painting versus one of the so-called modern art paintings.

FRIENDSHIP

We may not agree with many things Prime Minister Jawaharlal Nehru has said and done, but we sure hand him the accolade for a remark he made the other day: "The test of friendship is to keep it when we do not agree." If we could do that little thing, how different would be the story of man's relationships with his fellowmen!

"LIFE SAVERS"

After sending a parcel to European relatives, a farm family received a very grateful letter with this paragraph: "If you can, please send me more of these little pills. We didn't know what they were until Cousin Anna came—she had studied English, you know—and read the name for us. Then we gave them all to Uncle Paul, who suffers from rheumatism. He feels much better now, and says it is the best medicine he ever took. If you don't remember the name of the pills, they're called 'Life Savers.' "

Is Disease Natural?

Disease and the organisms causing disease are as old as life itself. Disease is one of the most natural things in the world, for it has been on earth even longer than man.

Many of the diseases which only a few years ago were great threats to every household are now of little concern.

New Fiction:

"The Scapegoat," du Maurier, D.
A new novel of impersonation, of mystery and suspense.

"Bon Voyage," Hayes, M.
The gay adventures and misadventures of an American family in Europe.

"Sprig Muslin," Heyer, G.
As light as sprig muslin itself, this gay new novel is laid in early 19th century England, whose manners and modes are delightfully violated by a charming and irresponsible miss with a too-active imagination.

"Manhunt," MacKenzie, D.
The story of the pursuit of a clever criminal seen through the eyes of the quarry.

"The Linden Affair," Albrand, M.
Suspense, intrigue and romance in the shadow of the Iron Curtain.

"The Big War," Myer, A.
The tough and tender story of the Marines in the South Pacific.

"The Last Angry Man," Green, G.
A powerful and moving novel of a strange doctor in the grimy Brooklyn district.

"The Hope of Refuge," Johnson, S.
The chronicle of a brave man who refused to run when hatred and intolerance threatened those he loved.

"The Sword and Scalpel," Slaughter, F.
Frank Slaughter has created another masterly, exciting novel, lively on two levels; the physical action at the front in Korea, and the emotional tension of the courtroom.

Local Telephone Man Taking First Aid Course

Herbert Barnes of Tecumseh is one of the General Telephone Company employees being trained in the skills of first-aid in cooperation with the Red Cross. Mr. Stanga, first-aid and water safety field representatives for Michigan is conducting an eighteen hour course in first-aid instruction for fourteen Michigan General Telephone Company men who in turn will become first-aid instructors for Company employees.

Safety training supervisor, Frank E. Johnson of the utility stated that the program has a two fold purpose, "We want our employees to be able to render first-aid to each other on the job, but also to be prepared to serve the public on the highways and at home."

"I don't know what to do," Biill Ferdinand confessed. "We've added on to our home once but we still need more room. But if we add on again, our house won't look like a $15,000 place. Yet, we'll have that kind of money in it. Also, the other homes around it are not in that price range. Do you think we should?"

"Bill," I replied, "I know your house and district. Your family's growing, but your income has grown a lot too. I think remodeling would be a mistake. You should buy a place that's large enough for your family. Pick a nice location. It'll probably cost you $20,000."

"I was afraid of that," Bill said. "Well, that wouldn't be so bad if the payments weren't over $75 per month."

"Bill, there's no use of stringing you along. That isn't in the cards either. If we sell your home so that you get your $6,000 equity out of it, you'll need a $14,000 or $15,000 loan. We're talking about payments of $100 to $115 per month. You might as well know it now as later."

"I was afraid of that, too," Biill replied with a grin. "But I like your frankness. Oh, well, there's no doubt in my mind I can make payments of that size. Why don't you go ahead and work out the problem for us."

May we work out your realty "problem" too?

News From The Tecumseh Grade Schools

PATTERSON SCHOOL NEWS

We have been having a good time making our lollipop tree into an Easter Egg tree in kindergarten. Our colored eggs look like the Easter Bunny has already arrived. We have made up a new Easter story, too, and we know that our eyes start on the left side and move to the right.

Our kindergarten work book and our new number pages keep us very busy. We all wish that we had more time during each day to do all of the things that we have planned.

The first grade made a large Easter card to go in the case in the hall. It shows a big bunny making a tree full of eggs. We call the bunny Peter and we think he looks pretty. He is made of chicken wire on a wooden frame. His body is of cotton and his coat is of crepe paper. The tree is pussy willow branches and the eggs on it are real egg shells colored many pretty colors. The large paper eggs in the back we cut out of paper that we had finger painted. Some of them have the letters, HAPPY EASTER.

The fourth grade celebrated two birthdays this week. Karole Davis and Jeffrey Noe each brought a treat which was very much enjoyed.

We have been learning about fractions in arithmetic. Next week we are going to begin multiplying by two-figure numbers. We don't think we'll have much trouble with that.

We have been keeping a science notebook sinme the beginning of school. Because it's Spring, we are adding some flowers and insect pictures each week. We have read about each one and have found answers to questions about them.

In our reading books we have stories about animals. Each of us has found an animal story or a book about animals in the library. When we can read it well, we may read the story to the class.

The play area here at Patterson seems to be the stopping place for birds this spring. It is not at all unusual to look out the window and see the trees so full, or the ground so covered, that it seems as if it has been raining birds. The robins and red-winged blackbirds have made us several visits.

Guy Boss is back with our fifth grade again after an absence of two weeks because of illness.

Susie Whitney made a little girl from a quart milk container. She is very cute with her long golden hair.

JUNIOR AMERICAN CITIZENS CLUB

The meeting was called to order by David Dustin, president of the Club.

We said the Junior American Creed, Prayer, and the Pledge of Allegiance to the Flag.

We sang the Star-Spangled Banner led by Steven Freckelton.

Barbara Colgrove, the secretary, called the roll.

Fawn Choske took up the dues while we had a discussion about correcting the mistakes in our schoolroom.

We collect something for science.

The time is drawing near for school ot come to a close, but we have to work harder to finish our books.

Asia is our next subject in Social Studies.

We are having our review test for spelling this week.

We will start a new unit in science soon.

Mr. Gilliam is to go to a principals meeting, so Rev. Brazee will be our teacher for Thursday afternoon and Friday.

Easter is coming soon so we are making Easter decorations for our room.

RIDGEWAY SCHOOL NEWS

The children in Mrs. Holtz's kindergarten at Ridgeway have been watching for signs of spring. Debby Graff reported seeing one one of the first robins, and since then the other children have noticed several different kinds of birds. The children have talked about other signs of spring, and have made spring gardens filled with tulips for our bulletin boards.

Now that April has arrived, our activities will be centered around Easter. We will be talking about the reason for celebrating this holiday, and about the Easter Bunny and his treats for boys and girls. Also, we will have many songs, games, stories, and creative activities to add to our learnings about Easter.

The children are showing much interest in earning a candle for our birthday cake which is centered on one bulletin board. Each child may earn his candle by being able to tell the class his own birth date. Beginning today each child may also earn his own shoe for our "I can tie" bulletin board by showing the class how to tie his shoe.

The morning section has been joined by two new young men. Tommy Marine is a transfer from the Patterson kindergarten, and David Cavins has moved here from the Monroe area.

The boys and girls in the afternoon class were very pleased to have visitors with them lately. Ricky Ruhl's mother and sister, Lorraine, spent one entire afternoon with us. Also, Diana Schroeder's mother and sister, Linda, spent an afternoon with us. We are always very happy to have visitors!

The second grade are learning cursive writing. We can all write our own names and most of us can write all of our letters.

We have a new girl in our room. Brenda Marine is in the second grade.

We have some squirrels in the tree outside of our window that we love watching. When they play "tag" we all forget about our class to watch them.

Mr. Bennett brought us the record of Snow White and we enjoyed listening to it several times.

We can all sing the "Star Spangled Banner" all the way through.

PINK SCHOOL NEWS

Science has the spotlight in our room this month. In our display, you can see five bird's nests representing homes of a barn swallow, meadow lark, chipping sparrow, robin and one we have not been able to identify.

In addition we have a variety of interests namely, acorns, nuts, weed seeds, rotten wood, bark, tar, rusty iron, porcupine needles, feathers, a bird's wing and foot, jaw bone of a hog with teeth attached, cornstalks with roots, twigs of budding trees, pussy willow and others. Also a large collection of native rocks.

Pupils make thoughtful use of information they have gathered. They relate facts, disagree and look more closely to clarify disputed points. We report, list, discuss, and do our creative writing from our science contributions.

Another highlight in this month's work was our visit to the library. Our interest in outside reading has been greatly improved. A rewarding outgrowth of our visit also is independent visits to the library with our parents. We wish to thank our librarian for a most pleasant and informative half hour.

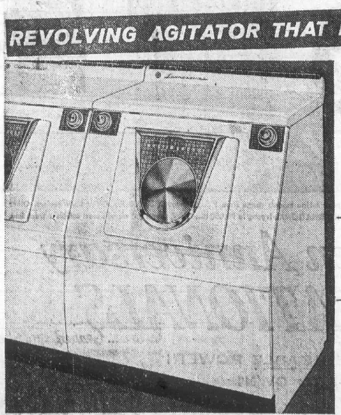
WESTINGHOUSE LAUNDROMAT®
REVOLVING AGITATOR THAT PASSES THE SAND TEST!



The test: On "live" TV, 2 cups of sand representing heavy soil are dumped on towels in three well-known center-post agitator washers and in a Revolving Agitator Laundromat. After all complete their cycles, center-post machines leave towels and washers in a sandy mess. Laundromat leaves not a grain of sand in towels or washer.

HERE'S WHY THE LAUNDROMAT IS BEST...

Washes Cleaner! There's no old-fashioned center-post. Clothes go *inside* Revolving Agitator which lifts and plunges them 50 times a minute.

Rinses Better! Revolving Agitator lifts clothes while soil and dirty water drain *away* from them. Center-post machines strain it all back *through* them.

Cleans Itself! Because of its patented design, the Laundromat cleans clothes, then cleans itself—automatically! All sand, scum, lint go down the drain.

NEWS OF THE FARM

Lenawee Co. Agricultural Agent's Column - - - -

ALFALFA SEEDINGS

Lenawee county farmers should consider making alfalfa seedings in August using the band seeding method rather than attempt to seed in wheat this spring, suggests County Agricultural Agent Hall.

He points out that getting good stands of alfalfa in wheat has always been a problem. Alfalfa doesn't like the heavy shading of the wheat which has a head start in the spring. And the heavy application of nitrogen that's usually needed to get good wheat yields makes the shading even heavier. The competition is then just too much for alfalfa, especially on the lighter soils.

A good solution to the alfalfa seeding problem may be to plow immediately after combining and prepare the soil for the August seeding. With band seeding, alfalfa seedings made up to August 31 will usually be better than seedings made in wheat in the spring. If the August seeding idea doesn't fit in with your farming system, make the alfalfa seedings in oat or barley in the spring.

On the other hand, June or medium red clover doesn't seem to mind the heavy shading from heavily-fertilized wheat. Good stands can usually be obtained with red clover under conditions making alfalfa a failure or near-failure.

If your red clover stands are fair but not good enough, here are two easy changes you can make in seeding.

First, try drilling in early April at an angle to the wheat rows rather than broadcasting. The seed should fall in the drill disk furrow by setting the drill to cut one inch deep.

Second, give the clover a "shot in the arm" by drilling 100 pounds of 0-20-0 or 0-20-10 per acre in contract with the seed.

These two helps in getting better red clover stands will also help in getting better alfalfa stands, adds Agent Hall.

Egg Prices Will Probably Go Up

Fewer new pullets and smaller egg supplies are indicated by recent reports on baby chick hatchings, according to farm economists. In January and February, 1957, hatches were 26 per cent below the figures for the same two months last year.

As a result, prices to producers may fall in the range of 40 to 50 cents per dozen for large eggs in the last four months of 1957. It's possible that prices might move above 50 cents per dozen for a short period, say the economists.

Standardized Farm Barns Are Flexible

Farmers are now offered plans for construction of a packaged, precut, clean-span farm utility building at a package price, reports James S. Boyd, agricultural engineer at Michigan State Uuiversity.

This farm building standardization has been developed at M.S.U. by agricultural engineers Boyd, M. L. Esmay, and B. F. Cargill in cooperation with West Coast Lumberman's association. Plans for package farm utility buildings have two-way flexibility engineered into them. There are four choices of building widths: 24, 30, 36 and 40 feet. And, each plan is designed to allow any desired length in units of four feet, Boyd said. This gives farmers oportunity to select needed building plans, yet keeps certain uniformity for easy cost estimating.

With the plans is a handy estimator on which a lumber dealer can figure total materials costs for any size building. Basic design for the standardized utility farm buildings is for clear-span construction. Clear-span buildings have no posts, or supports, on the floor area other than those used in outside wall construction. Farmers hail this type of construction because it simplifies floor utilization, cleaning, storage, and eliminates time-consuming nuisance of maneuvering around posts or poles used as supports in other building designs, he said.

By using wood truss rafters, clear-span buildings cost no more than ordinary pole supported construction, Boyd said. Savings by eliminating interior posts and roof purlins and from reducing the size of some parts, will offset any added cost of the trussed roof. Reduction in size of truss members is made possible by adequately engineered joints.

Plans for this type of flexible, standardized, farm utility building are available from most lumber dealers of from the agricultural engineering department at M.S.U. in East Lansing.

A bulletin, which completely describes and shows construction methods of truss rafters, is available from local county agricultural agents. Ask him for Farm Building Series Circular 732, Clear-Span Roof Construction. There's no charge.

Warm Weather May Bring Spoiled Corn

Spoilage of stored corn is a strong possibility this year. And, this spoilage is likely to develop when warmer weather comes. Corn spoilage is expected by agricultural engineers because of the relatively high moisture levels of corn put into storage last fall.

As long as growers have corn in cribs that are no wider than six feet there will probably be enough air movement for natural drying. If moisture levels do not drop, or if cribs are wider, then growers will have to employ assistance. This help can be secured with a fan. A small one horsepower fan with a 24-inch diameter blade is large enough to dry 1,000 bushels. In temperature ranges of from 60 to 65 degrees, this type fan can remove one per cent moisture in about ten hours of operation. When used during warm afternoons for a week, growers can expect a drop in moisture levels of two to four per cent.

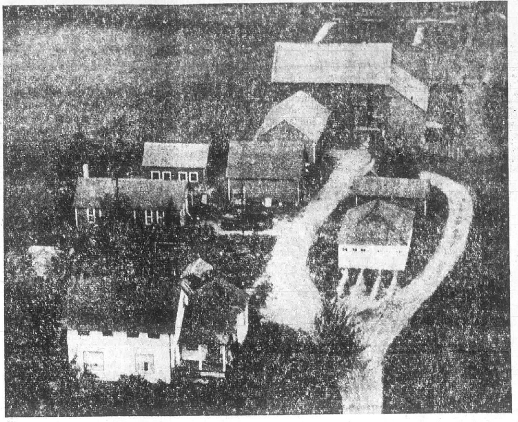
As a substitute use any power take-off fan, a sprayer has one, and operate on warm afternoons for a week. Then, have grain tested for moisture level. There is no accurate way to determine how much moisture these substitute fans will remove except by testing grain after some drying.

There should be no more than six feet between flue and crib side. Then, a 12-inch diameter flue, bottom resting on tight floor, going up center of crib will generally give adequate ventilation for natural drying. A flue going all the way to top of grain with trough at bottom is of very little value from a ventilation standpoint.

Substitute flues can be made with potato crates, or with wire covering a triangular frame. These will help natural air movement for drying.

Ask your county agricultural agent for further details. He has bulletins that are available without charge that show and explain various drying methods.

Mystery Farm Was Van Valkenburg's



Last week's Mystery Farm was the 80 acre farm belonging to Percy Van Valkenburg located on M-52 south of Billington's Corners. Tenants on the farm are Mr. and Mrs. Forest Bordine. The farm has been in the Van Valkenburg family since 1904. Mrs. Van Valkenburg is the former Henrietta Gady.

Dairy cattle are raised on the farm along with general farming.

The farm was identified by George Ruhl of 3948 Kaiser Road who received a 2-year subscription to the Herald. Mr. Ruhl was the first of many calls that kept the Herald's phones busy all day Thursday. The Van Valkenburgs have been given their free aerial photograph and will receive $5.00 worth of merchandise courtesy of Hayden Flour Mill.

Dan Dailey Shows That He Is a Fine Actor Also

Dan Dailey, like all song-and-dance men and clowns, has always wanted a role that would prove he coud do any kind of acting, comedy or tragedy. In "Oh, Men! Oh, Women!," the Twentieth Century-Fox comedy hit coming to the Strand Theatre Sunday, he proved that he is a fine actor as well as a comedian when he delivered an an eight-minute monologue without a break. It was one of the longest scenes ever played in straight continuity at the studio and when he finished, Dailey was applauded by his co-stars Ginger Rogers, David Niven, Barbara Rush and Tony Randall.

In the scene Dailey combined the elements of both comedy and pathos. As a "great lover" of stage and screen, he is emotionally upset because his wife is leaving him and compares herself to Nora in Ibsen's "A Doll's House." Dailey makes his long speech to David Niven, the psychoanalyst, and involves the whole problem of wives, psychiatrists, Ibsen and home-loving husbands

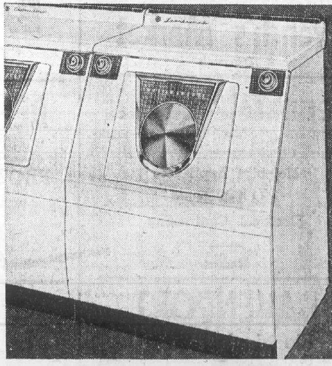
SEE IT HERE!
DELUXE! LOW PRICE!
WESTINGHOUSE LAUNDROMAT®
REVOLVING AGITATOR THAT PASSES THE SAND TEST!

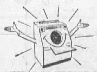


The test: On "live" TV, 2 cups of sand representing heavy soil are dumped on towels in three well-known center-post agitator washers and in a Revolving Agitator Laundromat. After all complete their cycles, center-post machines leave towels and washers in a sandy mess. Laundromat leaves not a grain of sand in towels or washer.

HERE'S WHY THE LAUNDROMAT IS BEST . . .

Washes Cleaner! There's no old-fashioned center-post. Clothes go *inside* Revolving Agitator which lifts and plunges them 50 times a minute.

Rinses Better! Revolving Agitator lifts clothes while soil and dirty water drain *away* from them. Center-post machines strain it all back *through* them.



Cleans Itself! Because of its patented design, the Laundromat cleans clothes, then cleans itself—automatically! All sand, scum, lint go down the drain.

Magazine Tells Of Marvels To Come In The Future

The day isn't far away when a housewife can pick up a telephone at her hairdressers, super-market, or even while driving her car, dial her unoccupied home and say: "Start cooking dinner . . ." at such and such a time.

Her voice and command will activate electronic controls in the kitchen. At just the right moment the range will be flicked on. The evening meal will be ready to serve when the family gathers.

According to Practical Builder, a magazine for the light-construction- industry, this is one of hundreds of electronic "miracles" the nation's appliance manufacturers hope to have ready for general use before 1980.

ELECTRONIC'S CHAUFFEUR

On the drawing boards now, for example, is an electronic "chauffeur" which, when a button is pressed in the house, will start the family car parked at the curb or in the driveway, wheel it unerringly into the garage, shut off the engine, and close the garage door.

Pressing another button sets an automatic control which starts the car at a chosen hour in the morning and has it warmed up by the time it's needed.

In the house of the future it will be possible to go away with all the windows open without fear of a sudden rainstorm, Practical Builders says. Built-in, sensitizing instruments will be constantly on guard, assembling weather information and sending messages out to doors, windows, awnings and the like to adjust themselves accordingly.

FAMILY DOORS

A gadget to put burglars out of business will be fool-proof doors without key-operated locks. Instead, an electronic "ear" will "recognize' 'the voices of the family members, and will open only at a spoken pasword, which can be changed daily.

Practical Builder, which is currently publishing a series of articles for builders on appliances and electric living, said housewives oon will have a kitchen incinerato which will dispose of all garbage and trash without odor, ash smoke or noise.

Another appliance of the near future will enable the family to draw a choice of beverages, including coffee and soda, from a tap. Special kitchen cabinets will keep foods at an even temperature, even though they do not need refrigeration. There also will be dry sections for keeping crackers and cereal crisp.

NO BLANKETS

For the bedroom, designers are working on a heat-producing canopy which folds out of the wall near the bed, eliminating the need for blankets. Another bedroom appliance-of-the-future is an electric blanket in reverse. This one will keep the sleeper cool on hot nights.

Television fans, says Practical Builder, will be able to rent tapes which, when played through their sets, will produce dramas, operas, symphonies, even children's programs, on the screen.

Also promised are screens for each room, which will be serviced by a central set able to operate on a number of channels at once, and an electronic tube which will eliminate unsightly outdoor and indoor antennas and give perfect reception, the magazine says.

Highlights of this modern living home are the unusual dining room arrangement with folding curtains and the corner fireplace in the living room. Also note the den or third bedroom included in this plan. The living area of this house is 1,180 square ft. Plans are available at local lumber dealers for this home with or without basement.

Small Plaster Cracks Are Easy To Repair

For all its neat, hard smoothness, a plaster wall has one big drawback. Sooner or later, holes and cracks will appear in the wall. When they do, the neatness is gone.

Small surface cracks are easily filled; just wet them down and thumb them full of patching plaster, spackle, or plaster of Paris. To make the plaster hold, it may be necessary to undercut the crack slightly with a beer can opener or other sharp pointed tool.

Large cracks or holes must be cleaned out so that no loose material remains. Then, undercut the edges with an old chisel so that the patch will be slightly larger at the back than at the front. This locks the hardened patch in.

Sandpaper the patch level when dry with a fine paper over a block of wood. Before refinishing the patch or wall, mix a thick glue size (obtainable at paint and hardware stores) and seal the patch.

Rear Basement Entrances Wanted

America's housewives want more serviceable rear entrances to their houses, according to the official report of the Women's Congress on Housing which has recently been released.

The report says women "want more consideration given to the basement in terms of improved livability" and that basements should be more accessible to the outdoors.

Home Ownership Is Easy In This Country

It is interesting to read the impressions gained by visitors to America since often they spotlight features of American life which we take for granted.

Recently a French actor, Claude Dauphin, worked with Bing Crosby in "Little Boy Lost." He bought a home in Hollywood. "I found the most wonderful thing — the mortgage," the French actor exclaimed. "It made me a homeowner without much money in my pockets. America is wonderful." Dauphin said in France you usually need all cash to buy a home. Or else you pay exorbitant interest. Perhaps the ease of financing explains why America leads the world in home ownership. Now 54% of our families own their homes, and the percentage is even higher here in Tecumseh.

Home owning is easy. All it takes is a comparatively small down payment. The balance of the purchase price may be financed by a long-term mortgage, with regular monthly payments just like rent. The big difference is that you do create an "equity" or hidden savings account and ultimately own the home free and clear.

Bright Entrance

A brightly painted front door—especially if your house has a flagstone patio and terrace—gives a nice touch of emphasis to the entrance area. The same color, repeated in a floral border, will add further charm to the scene.

—o—

Brushes Dry Out

Be careful about storing paint brushes for too long a period in either kerosene, turpentine or benzine. These liquids evaporate unless the container is tightly sealed and you may find that it's all gone and the brushes dry and hard.

Trees May Be Worth $1000 Or More To You

Though many home owners may not realize it, they often have thousands of dollars tied up in trees on their property, according to the National Arborist Association.

The home with healthy trees may bring 20 per cent or more in the real estate markets than one without them. Trees can be a liability, however, if dead and dangling limbs and deseased foliage are prominent.

* * *

ONLY HEALTHY trees are real assets, with many single trees carrying values of $1,000 or more. So beyond providing welcome shade in warm weather, as well as beautiful flowers and palatable fruits from certain species, trees have a practical monetary value and should be properly cared for.

All shade trees at sometime or other need pruning, spraying for insects and diseases, and fertilization.

A thorough inspection by an arborist or tree expert is the only answer to whether or not the shade trees on a property require specific and timely attention.

Is Staying Out Of Prison An Improvement?

In what is probably the most involved mis-use of an FHA-insured loan on record, the government is suing a man who, allegedly, took out a home-improvement loan on a home he didn't own, and then used the proceeds to defend himself against charges of burglary and armed robbery.

The defendant might possibly argue, reports Building Business, that since a state prison is not a particularly desirable residence, any attempt to stay out is home improvement of a sort.

This pretty little lady, all dressed up in her Easter finery, seems to have had an early visit from the Easter Bunny who was not supposed to arrive until the Easter Egg Hunt Saturday at Recreation Field. She is Dona Jean Bowser, the four year old daughter of Mr. and Mrs. Arthur Bowser of 1351 W. Monroe Road, Tecumseh. The rabbits belong to Marvin Ery who shows them and is supplying them for prizes at the big hunt Saturday.

$348,046 PROPOSED CITY BUDGET

County Property Valuations Have Increased Over '55

Lenawee County property valuations increased three percent this year, according to the County Board of Supervisos.

Real and personal valuations total $141,172,200, a rise of $5,500,000 over 1955. After the figures are studied a tax rate will be set. Tecumseh had an increase of $1,018,700 to make a total of $16,701,800. Township valuations included Clinton, $4,304,000, Franklin $2,313,110; Macon, $1,984,539; Raisin, $2,940,750; Ridgeway, $2,671,400 and Tecumseh $1,707,000.

Stores Will Close

Most of the Tecumseh business places will close Friday for the Good Friday services from 12 noon to 3 p.m.

Central P.T.A. To Meet Thursday

The final meeting for the year of the Central P.T.A. is scheduled for Thursday night, April 25, 1957. Mr. James Wilkins, who is Special Activities Counselor of the State Prison of Southern Michigan, will be the speaker.

Teachers will again be in their rooms at 7:30 p.m. to discuss any problems that parents might have regarding their children. The general meeting will be at 8:00 p.m. in the Auditorium. As this meeting will conclude the Central P.T.A. year, it is hoped that there will be a record attendance.

New Neon Sign

A large new neon sign has been erected in front of the Jack Pine Motel recently opened on W. Chicago Blvd. The sign's background is a large arrow which shows up for a long distance up the highway.

Inclement Weather Has Curtailed Repair Program

City Manager E. J. Nelson in his report to the City Council Monday night stated that the inclement weather had curtailed the street repair program that was scheduled. The intent had been to repair the holes in the streets with hot asphalt and crushed stone but due to the bad weather, it was necessary to purchase patching to repair them.

Storm sewer on Sunset and Pine Streets was completed last week. The City plans to install a storm sewer on South Maumee Street. G. and J. Wood Products Company is having trouble with water running over the drive approach into the Plant. There is no other place for the water to drain except across the drive and in freezing weather it breaks up their pavement, so the City thought best to correct this matter. Storm sewer is also planned for Pottawatamie Street between Democrat and Adrian Streets.

Several water and sewer services have been installed during the past two weeks. Most of them were on streets that had curb and gutter installed and the street was in good condition. Mr. Nelson pointed out that in order to repair the area where trenching is done, it is necessary to go back several times to fill in, then, it takes $25.00 worth of patching to cover when the settling is done. The charge of a sewer tap is $5.00 and it costs the city at least $50.00 for each repair job on the street. Thus City Manager Nelson recommended that the city charge 50c per square foot on streets that all improvements have been made on before sewer hookup.

Richard Close has asked if the city would permit him to hook up to the city water main and sewer service on Russell road. He is thinking of subdividing his ten acres in the west side of the Railroad which is in Raisin township.

Police Report Investigations During The Week

The following are the investigations of the Tecumseh Police Department during the past week. On April 12, a car driven by Virginia McDonnell, Tecumseh and a car driven by Gerald White, Tecumseh collided on Chicago Blvd. and Evans Street. The McDonnell vehicle was damaged to the extent of about 150 and the White car of about $50.00. Gerald White was ticketed for failure to yield the right-of-way and having no license on person.

On April 13, Loyd Sexton, driving south on N. Evans Street, could not steer his car due to a mechanical failure and went into the east side of the bridge. Richard Shrader of Brooklyn was ticketed for a stop street violation on Brown and N. Union Street. George Cubberly, Clinton, was ticketed for having no tail light. William Every, E. Munger Road, was ticketed for reckless driving (racing with another car on W. Chicago Blvd.) Kenneth Mangus, R. 1 Tecumseh, was also ticketed for reckless driving (racing) on W. Chicago Blvd.

Frank Kent, Tecumseh, appeared before Justice Robert French on an asault and battery charge, April 14th. He pleaded guilty and was fined $25.00 and costs of $8.60 or 30 days in jail. He paid the fine.

Anticipated Income For Year Is $366,815

The proposed City Budget of $348,046.50 was submitted to the City Council for study at their regular meeting Monday evening by City Manager E. J. Nelson. A hearing will be held on May 6 and the final approval made at that time. It is as follows:

JULY 1, 1957 THRU JUNE 30, 1958

	Anticipated Income 1957-1958	Anticipated Expenditures 1957-1958
General City	$134,567.00	$ 84,475.00
Police Department		34,934.00
Fire Department		13,525.00
Highway Department	101,160.00	100,560.00
Sewer Department	14,250.00	10,050.00
Cemetery Department	12,150.00	10,620.00
Sewage Disposal Plant	18,100.00	10,200.00
Sewage Disposal Sinking Fund	20,000.00	19,146.00
Hospital Sinking Fund	2,338.00	2,224.00
Water Department	$64,250.00	62,312.50
	$366,815.00	$348,046.50

Among other business conducted at the meeting, Mr. Mel Partridge was present in behalf of the Cemetery Board to tell the Council their plans to keep the cemetery in first class condition. He stated that another man is needed in the program, thus additional funds to finance the program are needed. The Council instructed the Board to submit their plan in full at their earliest convenience and assured them that the Council would cooperate in any way possible.

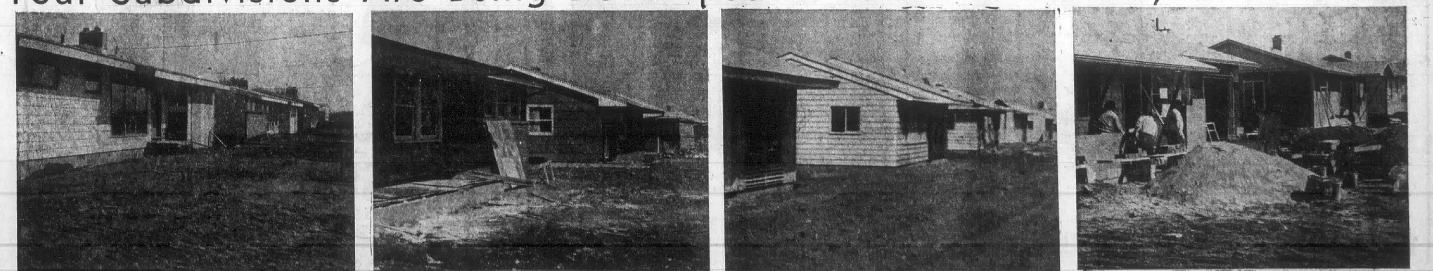
James Freckelton submitted his resignation as a member of the Planning Commission because he was recently elected to the Council. The resignation was accepted effective May 1 when a new member will be appointed to fill the vacancy.

The signs appearing in the residental area and animals kept within the City Limits were discussed in detail. The Council believes something should be done about it, since an ordinance in effect prohibits such practices. The ordinance went into effect in 1946.

A petition was submitted asking for a curb and gutter in the 100 block of Outer Drive. The petition was accepted and referred to the City Manager for scheduling. A resolution was read and accepted to change the names of streets in the Waskin subdivision as follows: Jeanne Street to Stafford, Janice Street to Stacey, Elaine Street to Hutton and Robert Street to Blanchard. It was voted to accept the resolution. The managers report was read and accepted.

It was voted to authorize charging the property owner the cost of repairing streets after the streets have been torn up for water and sewer installations in addition to the regular installation charge of $5.00.

Four Subdivisions Are Being Developed At Present In The City of Tecumseh



Tecumseh Herald Photos

As spring rolls around, we find four different subdivisions being developed simultaneously in Tecumseh as well as a considerable amount of private building.

On the extreme left is a group of National Homes being built by Tecumseh Homes, Inc. on Cairns Street, Pine Street and Pottawatamie Street. Next is the Waskin Development on Russell Road at Adrian Street. The next development is one of Town and Country's local developments located in Indian Acres. On the extreme right is a group of homes built by Haeussler Contracting on Seminole Drive.

Don't miss the Builders Section of the Herald for building news of general interest, reviews of local private and development building, house plans and guides to quality products at reasonable prices.

Preparations Completed For The Easter Egg Hunt Saturday

The Easter Bunny and two helpers will be present at Saturday's egg hunt to make merry the event.

Egg gatherers will assemble to the notes of "Easter Parade" and "Peter Cottontail." Pre-school children will enter the recreation field at 1 p.m. from the James street entrance. Kindergarten, and 1st grade at the Ottawa St. entrance. At 3 p.m. 2nd and 3rd grade students will enter from the James St. entrance and 4th, 5th, 6th, 7th, and 8th from the Ottawa St. entrance. Tickets may be obtained from either gate.

Prizes will be awarded as follows: Easter baskets for the most eggs gathered in each of the preschool, kindergarten, and 1st grade groups; the most eggs gathered in the 2nd and 3rd grades; the most gathered in the 4th and 5th grades and the most found by a student of the 6th, 7th, and 8th grades. Live rabbits will be presented to the finders of the gold eggs in each hunt and decorated Easter cakes to the finders of the silver eggs in each hunt. An Easter basket will be awarded to the Brownie and one to the Girl Scout who sells the most tickets.

Rev. B. O. Bashore will assist with directions over the P. A. system so that everyone may enjoy the fun and Mrs. Howard Truesdale, president of the Girl Scout Association, will present the prizes.

Approximately 5,880 eggs will be donated for the hunt by the girls and their adult helpers. In case of inclimate weather, the hunt will be held at the same time and place Monday, April 22nd.

Committee women who have not been contacted should call their leaders to assist with this project. A lot of adult help is needed on the protection committee under the direction of Mrs. Victor Lawson. Her number is 810-J.

Bake Sale Sat.

The Kiwanis Club of Tecumseh is having a Bake Sale, Saturday, April 20, at Butler Motor Sales. Club member's wives are furnishing the baked items. Dr. Richard Coak is general chairman.

W.S.C.S. Meeting Held Last Week

The W.S.C.S. of the Methodist church met in the church parlors Wednesday at 8 p.m. with twenty-two members present.

The meeting was called to order by Mrs. Carlos Jones. Mrs. E. Collins led the Worship. A note of Thanks was read from Mr. and Mrs. Edward Leighton for the lovely planter full of plants they received from the W.S.C.S. officers on their anniversary. A financial gift was made to the Cancer Society.

The Detroit conference W.S.C.S. annual meeting will be May 21 at the Pontiac Methodist Church. The Missionary study meeting will be in Albion July 8-12. The Mother and Daughter Banquet will be held in the church May 2, with Mrs. Eileen Hizer in charge of tickets.

Members are especially urged to attend the next regular meeting May 8, at 8 p.m. The Circles will be redivided, the missionary Mable Lawrence plans to attend and an interesting program is being planned. There will be a Seminar at the Clinton Methodist Church July 25.

Mrs. Tillman, new District President of the W.S.C.S., asked for a donation above the regular pledge for the Crusade scholarship fund. The group responded with a gift.

Mrs. Carlos Jones and Mrs. Edna Codling, who were delegates to the North Central Jurisdiction conference at Detroit, gave a very interesting report. Mrs. Edith Leighton gave an interesting report from the World Federation of Women. The program leader, Grettle Collins, gave the study topic, "Our Plus becomes a Cross-Home Missions in the National News." The meeting adjourned in regular form followed with refreshments served by the committee, Mrs. Hunt, Mrs. O'Brien, Mrs. Warren and Mrs. Packard.

Bridge Winners

Winners at duplicate bridge at the Country Club last Thursday evening were Mr. and Mrs. Dale Bowen for the east and west and Mr. and Mrs. Allan Russell for the north and south. Because this is Holy Week there will be no bridge this evening.

Bridge Luncheon Winners Announced

Winners at the Country Club Bridge luncheon last week were Mrs. Fred Dickinson, Sr., the door prize; Mrs. James McDowell, 1st bridge and Mrs. Charles Stephenson and Mrs. Earl Woods at Canasta. There were six tables of cards played. Hostesses for the next luncheon held May 1 will be Mrs. Allen S. Russell and Mrs. Ted O. Pihl.

Cheer Class Met In Hoagland Home

The Good Cheer Class held their regular meeting Friday evening in the home of Mrs. Lillian Hoagland with Mrs. Carrie Morley assisting. A short business meeting was held with the president, Mrs. Roscoe Hewlett presiding. Members voted to give $10.00 to the Cancer Fund and $24.00 to the general fund of the church. Rev. Bashore spoke to the group concerning the coming church meetings to be held. The program consisted of colored slides shown by Mrs. E. H. McConnell, of Michigan scenes. Refreshments were served.

Jr. High May Party Planned

Plans are being completed for the Jr. High May Party by Mr. and Mrs. R. C. Osborn and Mr. and Mrs. George Green who are in charge of these dances. A King and Queen will be chosen and decorations will add to the festivities.

Chaperones for the dance last Friday evening were Mr. and Mrs. Herbert Cleveland, Mrs. Sam Sisson, Mr. and Mrs. Green and Mr. and Mrs. Osburn.

Lenten Cantata Presented Tonight

"Gethsemane to Golgotha," a Lenten cantata by H. Alexander Matthews, will be presented by St. Andrews Choir of the First Presbyterian Church on Maunday Thursday evening April 18th, at 7:30 p.m.

Soloists will be Mr. James Miller, Mr. Arthur Schwartz, Mrs. Al Merz, Mrs. Fred Oberlin and Miss Julia Boyce. Mr. Jerry Langenkamp is the director of the choir and Mrs. Fred Dickinson is the organist. The public is cordially invited.

Garden Club To Meet April 26

The regular meeting of the Garden Club was postponed until Apr. 26 when the hostess will be Mrs. Joseph O'Pravil assisted by the committee chairman, Miss Mary McWilliams, Mrs. Victor Voorhees and Mrs. Grace Coffey. The program will be a book review by Mrs. Fred Dickinson and the roll call will be "Your Pet Seed Catalog."

Daughters Of St. Peter's Met In Parish Tues.

The Daughters of St. Peter's Church met April 16 in the Parish House for their regular meeting. Members voted to provide a sum of money to be used for altar flowers for Easter and also toward the Easter offering. The Daughters will assist with the Kitchen Tour to be held May 16 and also at the Convocation meeting to be held in the Tecumseh church, April 30. The rummage sale was postponed until May 23 and 24.

The religious thought was presented by Mrs. W. E. Bly and the Lenten study by Mrs. Harry Schuch. The next meeting will be a potluck supper held May 7. Refreshments were served by the hostesses, Mrs. A. H. Brown and Mrs. Purnell Osburn.

Tim Fero's 8th Birthday Was Celebrated Sun.

Eight young men enjoyed an interesting trip to the Military Inn Sunday afternoon accompanied by Mr. Barnard Fero and Mr. Fred Dickinson, Jr. The excursion was in celebration of Tim Fero's 12th birthday which occurred Monday. The boys were Tim and his brother, Kelly, Tom Dickinson, Billy Bishop, Jack Dick, Michael Rice, David McDonald and Norman Grigg.

The Inn was built from old bricks and timbers that were used in the old Detroit Arsenal and is now owned by Andy Palmer. The boys enjoyed his famous gun collection and also meeting Roy J. Scates who is one of the last of the West's old time fast draw artists. Mr. Scates has been chief of detectives of the Wayne County Sheriff's Department for 20 years.

Upon returning to the Fero home, the boys enjoyed dinner featuring a birthday cake in the shape of an Easter egg served by Mrs. Fero assisted by Mrs. Dickinson. Favors were in the shape of nests made of chocolate and filled with tiny eggs. Tim received many nice gifts from his friends and a bow and arrow from his mom and dad.

Mothers To Hold Fathers Night

The Brownville Mothers Club will hold Fathers Night Tuesday, April 23, at 8 p.m. Miss Bugbee will speak and show pictures of her trip to England and movies of both the morning and afternoon classes that have been taken by interested parents will also be shown. Mrs. Jean Kemp and her committee will serve refreshments at the conclusion of the program.

D.A.R. Meeting Held Friday

Mrs. Herbert Munger opened her home for the meeting of the Abi Evans Chapter of the D.A.R. Friday evening. Twenty-two were present. Mrs. Arthur H. Brown, regent, presided during a short business meeting.

Mrs. Joe Rice, chairman of the National Defense committee gave her report and also reported on the State Conference held in Grand Rapids in March, as she was the only local representative. She stated that there are now 62 chapters in the State of Michigan. Mrs. O. W. Laidlaw gave a report on the D.A.R. approved schools. Mrs. Hoyt Whelan presented a program of D.A.R. projects past and present. Reports were given on Constitution Hall in Washington by Miss Edith Ingersoll, Mrs. Bert Newman and Mrs. Whelan.

Tea was served following the meeting by the hostess assisted by Mrs. Roy Whiting, Mrs. George Wittrup, Mrs. Earl Lindsley and Mrs. Charles Mensing.

The next meeting will be the annual spring luncheon. It will be held at the home of Mrs. Charles Mensing at 1:00 p.m., May 10. Members are to bring their own table service.

Regular W.C.T.U. Meeting Held In Munger Home

The regular monthly meeting of the W.C.T.U. was held recently at the home of Mrs. Herbert Munger with 12 members and one guest present. Mrs. Jessie Brown presided at the business meeting and also conducted the devotions which included a song, "Walking with the Lord", and reading from the book of Matthew. Bertha Hoag led in prayer.

Florence Van Valkenburg had charge of the program and read the proclamation of Gov. G. Mennen Williams on Youth Temperance Week. Mrs. Emma Day read an article on Mixed Up Youth and Mrs. Munger read the chapter, "The Most Excellent Way", from the study book. Mrs. Alice Everhart sent a report of the work accomplished in the unit this year to the County Federation of Women's Clubs in Blissfield.

The next meeting will be held with Mrs. Lillian Hoagland May 14th.

Music Club Postponed

The April meeting of the Music Club will be held Tuesday, April 23, rather than the 16th due to the illness of the hostess, Mrs. John McColl.

Girl Scouts Had Outing At Lake Over Weekend

Seven troops of Girl Scouts enjoyed an outing at the Group Camp at Cedar Lake this past weekend. Mrs. Julius Vincze had charge of the event and the troops participating were Troop 16 chaperoned by their leader, Mrs. Robert Smith and Mrs. Charles Beland; Mrs. Thomas King's Troop accompanied by Mrs. Owen Smith; Troop 5 led by Mrs. Victor Lawson and Mrs. Frank Robinette; Troop 8 led by Mrs. Howard Morris; Mrs. Clifford Knudson's troop accompanied by Mrs. Robert Rutherford; Troop 7 led by Mrs. Vincze and Mrs. Clifford Cameron's troop accompanied by Mrs. Arthur George.

A Saturday noon hikers lunch was enjoyed by the girls during a hike to gather wood for the evening cook out when the menu consisted of chicken and potatoes cooked over coals, tossed salad, homemade pie and milk. A record hop with Troop 16 in charge was enjoyed in the evening.

On Sunday morning, the flag ceremony was conducted by Troop 9, and Scouts own service by Troop 7. During the weekend Troop 8 earned their campcraft badge with Troops 7, 9 and Mrs. Rutherford's Troop assisting them with lashing and making carryalls in which to bring back the wood.

Thanks was extended by the girls and their leaders to those who assisted them with transportation for this eventful scouting experience.

THANK HEAVENS

It seems like everytime a visiting friend comes to town and we are showing them around and telling them what a progressive city Tecumseh is, we pass our present "City Hall" at the time our enthusiasm reaches its highest point. The subject needless to say is usually changed at that point. Thank heavens work on our new modern City Hall - Police Department building will soon begin.

☆ ☆ ☆

NO TAKERS YET

As yet, no brave souls have ventured forward to reincarnate the Tecumseh Chamber of Commerce. Perhaps a better word choice would be to rebuild the organization. The old weaknesses must be realized and combated with new approaches and techniques. However, before we talk any more in these generalities, a leader is needed. Surely somebody can make time to start the wheels rolling on a project that would mean a great deal to the whole city!! It must be remembered, however, that after an initiator is secured, it cannot succeed without the wholehearted cooperation of all of the business and professional men.

☆ ☆ ☆

STICK TO IT

The pastures aren't necessarily greener on the other side of the fence. Quite to the contrary, usually the bare and brown spots come into view upon closer inspection.

☆ ☆ ☆

NEVER SATISFIED

It seems that spring and fall are the only two seasons of the year when we Mid-westerners are even close to being satisfied with the weather. In the winter, it is too cold. In the summer it is too hot, or cold, or wet or dry. Even in the spring and fall we are not completely satisfied due to anticipation of the uncomforts to come in the summer and winter. The horrible point here is that it seems imposible even to think up an ideal weather that everybody would be satisfied with all of the time. Human nature is "screwey" but it relieves the monotony at least.

☆ ☆ ☆

BEST FRIEND?

A dog might be man's best friend. As a matter of fact today their possession is quite a trend. However, if I had a human friend that was as big a mooch as my pooch, I think that friendship would end.

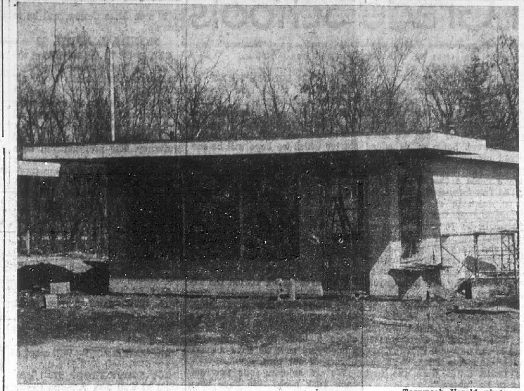
Barber Shop Nearing Completion



Tecumseh Herald photo

The above structure nearing completion will be the new home of the Carl Henkel Barber Shop on North Evans Street. Mr. Henkel states that he expects to move to the new location on either May 15th or 22nd.

The 20 by 30 ft. building is of frame construction, will have a Darlington brick front and aluminum siding. The fixtures will be rebuilt and all new mirrors will be installed for the 4 chair barber shop. Mr. Henkel has lived in Tecumseh since 1924 and has been in the same location 14 years. Before that he was located in the building now occupied by Kerby's.

Rotarians Hear Talk By Rev. Edward Escolme

Rev. Edward Escolme, pastor of the Tecumseh Friends Church, was guest speaker at the Rotary Club meeting Tuesday night. His talk was entitled, "Why Was Jesus Put To Death" which was a very appropriate and inspirational message during this Holy Week. Rev. Escolme was introduced by Ralph Comfort, who was in charge of the program for the evening. It may be of interest to know that Rev. Escolme has been pastor of the Friends Church here since 1918 and will be leaving here the latter part of August for another charge in connection with the church.

Next week Ladies' Night will be observed by the Rotarians when a colored sound film on the Netherlands entitled "Four Letters From Holland" be be shown. A. C. Hamaker will have charge of the program.

United Sunrise Service Easter Morning At 6:15

Tecumseh youth have made final plans for the Sunrise service which is being held in Hidden Lake Gardens on M-50 west of Tipton at 6:15 a.m. on Easter morning. Dalton Van Valkenburg will be speaker and members of neighboring church have been invited to attend. Four members of the High School Band will present a musical number. They are Les Vescelius, trombone; Willis Kilbourne, baritone and Sharon Muhn and Nancy Day, cornets.

A bus has been secured for transportation and will be in front of the Methodist Church at 5:50 a. m. The young folks will return to their own churches for Easter Beakfast.

Rev. Horace Pames, pastor of the Tecumseh Methodist Church has worked on the plans with the committees from the Methodist, Baptist, Nazarene, Friends and Presbyterian churches.

In case of bad weather the service will be held in the Presbyterian church.

Mystery Farm Feature Changed

The Mystery Farm feature, which has been appearing in the Herald since last Fall, has been changed this week to a different form. Hayden Flour Mill is now sponsoring the feature which will be found on the farm page. They will give the large glossy picture of the farm to the owner as well as a 2 year subscription to the Herald with their compliments. The farmer should stop in at the Mill on either Thursday or Saturday and identify himself and receive the large picture free of charge, then come to the Herald office and get credit for a renewal or new subscription. At that time information can be secured for a writeup about the farm and family the following week.

The first person identifying the farm each week will receive a 2 year subscription from the Herald as in the past. Call the Herald as soon as you identify the farm since competition is keen. Last week, more than 20 people called before Thursday noon.

Boy Scout Notes

Britton Boy Scout Troop 23 enjoyed a "Splash" party held in the Adrian High School pool recently.

At a Troop Board of Review, two scouts, David Graham and Richard Sommers achieved their second class rank. Russell Cadmus and Larry Ruhl were awarded their second class rank a short time ago.

Mr. and Mrs. Lester Ruhl attended the Scouters Appreciation Banquet held in the Adrian Eagles Hall, sponsored by the Wolverine Council, B. S. A.

Scoutmaster Lester Ruhl was a guest at the Birdsall school where he presented the charter to Troop 32. Mr. Ruhl helped to organize this troop which is sponsored by the Birdsall P.T.A.

Scoutmasters To Meet Saturday

A Cracker Barrel Session of all the Scoutmasters in the Wolverine Council will be held tomorrow and and Saturday, April 19 and 20 at Camp Kanesatake. This is a session of considerable value for the men as they exchange ideas to use their various troops. Those attending from Tecumseh will be Howard Wilson, Jr., Almond Curtis, Clyde Cook and Joe Kellogg.

News From The Tecumseh Grade Schools

CENTRAL ELEMENTARY SCHOOL NEWS

The Central P.T.A. will meet at eight p.m., Thursday, April 25, in the auditorium. Mr. James Wilkins from Southern Michigan Prison will be the speaker. Mr. Wilkins is the Special Activities Counselor at the prison. All parents are urged to attend.

The first graders in Miss Luken's room have been working hard on writing stories for their story folders. They are quite proud of some of their efforts because they often write while others read and it's really "independent" writing for the most part. It often surprises the children as well as Miss Lukens how quickly some children can "unlock" new words from old ones they already know. Sometimes they illustrate their own stories or use pictures cut from old scrapbooks. Some of the stories are quite original and even humorous. Gary Easton wrote a nice story last week about Dick and Father playing football and how when Father kicked the football, his shoe came off.

The children are hoping their parents will all be able to come to the last P.T.A. meeting this month so they can see their story folders as well as their spelling folders and other books.

John Hamilton brought to school a miniature flag of Texas that his grandfather had sent from there. Several of the boys made a clay standard for it so now the children have two flags in the room; one with one star and one with forty-eight stars.

The story readers for this week were Joyce Patterson, Gary Wiley and John Hamilton. Each of them did a very nice job and the children really enjoyed the stories.

Mrs. Whiting's fourth grade have been making individual Easter baskets for Art this week, as well as Easter murals for our room.

In arithmetic, we are having a great time learning to reduce common fractions, such as 4/6 to 2/3.

We are in our last unit in our reading books and are making poetry booklets for penmanship.

Mrs. Miller's fourth grade gave a program on Tuesday for the other fourth grades. We used puppets we had made and said poems we had learned for Language. We also acted out parts of the stories we had read in our reading books.

News from Mr. White's room show that many interesting and varied things have been brought in to show the class. Chris Kelley showed a boxing bear toy; Vicki Gooding, San Diego photos; Mike Wilson, a model B-29 plane; Harley Byers, photos in science book; Mike Higgins, book about the Rangers; Harry King, steel bearings; Cliff Doyle, a toy gun; Paul Kruse, a toy lantern and photos of desert animals; Christine Solarski, sea shells and fossil; Gerald Carpenter, rocks and fossil; Tom Matteson, guns, viewmaster, chess and science book; Glenn Green, guns and Salt Flats race car; Elizabeth Frost, book about butterflies; Josilyn Snook, portrait by a firend; John Oberlin, baseball ring for the finger; Jenetta Holland, photos of Mobile, Alabama.

Mr. Sawyer's fifth grade are having fun learning about Alaska in Social Studies. A large map was made with a pantograph (enlarging machine) by Judy Martin and Patricia Schwede. Some very good pictures of totem poles as may be seen in Alaska were drawn by Karen Goller, Eldon Miller, and his brother made. Slides of Alaska were shown in corrolation with this unit.

Gary Naugle. Keith Kruse showed us a map of Alaska that he and

We were all very happy when we finished our reading book and got our new reader to finish out the year.

Some very novel and interesting abstract chalk designs were made for Art by the class and are on display.

The first copy of our new newspaper, "The Friendly Get-Together", rolled off the press last week. It is a one page paper written and edited by our class It is produced for our parents and we hope you enjoy it.

Mrs. Crawford's sixth graders are making a mural showing life in the Middle Ages. So far we have two fine castles and several colorful knights. We also are enjoying a miniature castle equipped with drawbridge, scaling ladders, catapult, jousting knights, and king's men. The mock battles become a bit noisy now and then but that seems to be part of the game.

LANNING SCHOOL NEWS

At Lanning the fourth grade have been very interested in the study of coal. Samples of hard and soft coal have been brought in. Richard Bilby brought some iron ore and also some copper ore that he got while on a trip in northern Michigan.

In arithmetic we have been studying the nines. We found out many interesting things about them which made us learn them very easily. We are also very proud of our improvement in the Self-testing Drills. We each keep our own scores. We are always anxious to find out if we are nearer the top than we were in the previous drill. We have reached No. 12 now.

In the third grade we are planting bean and tomato seeds in connection with our Science. Some seeds are planted in good soil, others in stones. We will find out which ones grow best. We are also going to compare plants grown in the dark with those grown in the sunlight.

Many of us have been absent on account of measles this month. We will be glad when all can be here once more. Robert Randolph is absent with a mastoid infection and Cheryl Aebersold, Stacy Anderson, Tommy Creger, Nancy McKee, Hugh Wright and David Tilton are absent on account of illness.

We have all been talking about the signs of Spring that we have seen. Carol Davenport brought some lovely pussy willows for our room. We have seen that many of our birds are back with us now, and have heard their welcome songs. Most of us saw the Whistling Swans at Porter's Pond and Cynthia Feight brought a bird book that told us about them.

We enjoyed hearing Marilyn Solarski read a story that told how the robin got his red breast.

We have been listening to poems about Spring and now we are trying to compose some of our own.

KELLY SCHOOL NEWS

Our "Signs of Spring" poster is filled with many different signs. One of the nicest is the pair of Mourning Doves building a nest just outside our window. A bright red cardinal whistles to us from his safe perch, high in a tree.

Our reading groups have each picked a part of the room and we are enjoying our extra reading books. Sometimes we have oral reading, sometimes we read silently and ask yes or no questions. As a review we will draw a picture about the story we liked best, and see if our friends recognize the story from the drawing.

In third grade arithmetic class we are feeling very grown up! We not only know what multiplying by two and three means, but we are able to multiply hundreds by two or three. In second grade we learned the meanings of hundreds using our colored beads. We found ten strings of ten beads make one hundred. Our workbooks provide us with many other illustrations in piles of ones, tens and hundreds. Our first grade has used the peg boards with different colors to show rows of tens to one hundred. It is fun to play our, "what comes before — after —?"

We were very interested in Mr. Hickerson's art class of mosaic work, or surface decorations made by placing small colored pieces to form a picture. We turned out some fine demonstrations of this work, one the scene from Calvary, another the familiar Easter rabbit scene and many others. Mrs. LeFevre showed us a pin with a mosaic flower design, and we felt the tiny stones by rubbing our fingers over the surface.

Mr. Bennett and our radio music teacher Miss Edythe Albert, are reviewing the songs we will sing at the Spring Festival at Adrian, May 8th.

In first grade science class we are studying about trees, so we drew a large tree as it looks in the winter season, then with a sponge and using powder paint we made spring leaves. Some of us added colored blossoms and some made fruit in the trees. The second graders made a thermometer and we had fun moving the red paper up or down to show what the temperature of the various seasons would be. In third grade we are continuing our seed experiments and we have some healthy looking plants. We have discussed vegetables as plants and garden plans. We may be able to help you, Mother and Dad!

MACON SCHOOL NEWS

The only way in which we can tell that spring is here is that some of the boys are sporting new "butch" hair cuts. Michael Theeke and David Bates were the first boys to be "shorn."

Congratulations to Mary and Arjelia Lopez! They have a new baby sister, Theresa, who was born on April Fool's day.

We have been doing a mural on transportation and so far, we've finished "In the Olden Days". Laurel Godfrey, Timmy Collins, Mike Gillen, Dennis Graf, David Csokosy, Don Davis, David Bates, Sue Ann Wheeler, Joan Socha, Earl Goodin, Steve Moore, Darlene Kittle, and Glenn Betzoldt worked on the horses, canoe, covered wagons, stage coaches and early trains. Other members of the class will work on "Modern" and "Future" transportation.

MACON SCHOOL NEWS

Our little folks are eagerly watching for signs of spring. Some of our seeds are up and growing into interesting plants. We have several other experiments started which we hope will be successful.

I was very pleasantly surprised by the boys and girls in my room when they planned and put on a very lovely birthday party for me.

Many thanks again, boys and girls, it was swell!

Billy Spence is enjoying a vacation in Florida.

COLVIN SCHOOL NEWS

On March 12 we visited the Tecumseh Public Library. Mrs. Day told us many interesting things about the books. She took us on a tour of the building. Each of us chose a book to take back to school, and now we have a small library of our own.

We are enjoying our new science work books. We have been studying about the earth, gravity, the wind, and the weather. We made some cumulus and nimbus clouds out of fluffy white cotton. We have kept a March weather chart, and we have found March to be a month of all kinds of weather.

Last week we took a trip to see the flock of whistling swans which stopped to rest on a pond near our school. We saw them swim, and duck their long, white necks for food. When we heard them whistle, we thought they sounded like clarinets.

Farmers Pay Two Billion On Diseases

Plant diseases cost farmers in the United States an estimated 2½ billion annually. Nearly 35 million is spent on purchases of fungicides alone according to Michigan State University extension plant pathologists.

They see future developments in chemical control of diseases chiefly through the treatment of soil instead of with surface protection of foliage, fruits and seed. Antibiotics show promise for systemic vegetable disease control for bacterial diseases of corn, tomato, potato and bean plants and for early blight, a fungus disease on tomatoes.

200 Attended Confirmation Service Sunday

Two hundred persons attended the Confirmation service at 10:30 a.m. Palm Sunday morning in the Grace Lutheran Church. Two selections were sung by the choir and the chancel was beautifully decorated with palms and Easter lilies. The rite of Confirmation was conferred on 14 young people: Dorothy Mackey, Carolyn Tonneberger, Ruth Frost, Jean Hoag, Mary Hunter, Carol Grieman, Ray Goodwin, Glenn Klingensmith, Donald Linden, Gary Haviland, Stephen Kruger, David Linden, George Heeman and Gerald Rhoades.

Baptist Women Host To Girl Scout Troop 16

Forty members and guests were present at the meeting of the Baptist Women's Society last week when Girl Scout Troop 16, sponsored by the organization, was invited to a planned potluck supper. The leaders of the troop, Mrs. Robert Smith and Mrs. Charles Beland who are also members of the organization, were hostesses assisted by Mrs. Priscilla Brown and Mrs. Kay Monagin. Mrs. Clifford Curran presided at the business meeting and devotions were led by Mrs. Jean Miller and her daughter, Helen. The troop presented a short program, including Indian chants that they were taught at Girl Scout Camp, several group songs and Sharon Fielder gave a review of the year's activities including a trip to the Ford Rotunda, Detroit and over the Ambassador Bridge into Canada.

Election of officers for the coming year was held and those elected are as follows: Mrs. George Van Camp, Jr., president; Mrs. Earl Wood, vice president; other vice presidents are Mrs. Llewelyn Sisson, Christian service assisted by Mrs. Charles Beland and Mrs. Floyd Bryan; Mrs. Lillian Hoagland, Missions; Mary Snedecor, Literature; Mrs. Lee Prettyman, Christian training; Mrs. Lillian Fielder, secretary; Mrs. John Surratt, treasurer; Mrs. Anna Morse, Missionary treasurer; Mrs. Floyd Barrett, Ms. Mills Swick and Mrs. Roscoe Hewlett, Ways and Means and Mrs. Harold Kelso, Mrs. Carl Kempf and Mrs. Robert Smith, Decorationg committee. The officers are all included on the Calling committee.

During the meeting, members voted to make another payment on the building fund pledge; donations to the Lake Louise Cabin Maintenance Fund; the Mexican Fund which assists ministers' wives to go to the Baptist House Party; Missionary Refit Fund, which is assistance for missionaries who spend long terms in the fields to take supplies with them rather than having them sent; Lenawee Migrant Relief Fund of which Mrs. E. H. McConnell is a local representative and the Cancer Fund. Members also voted to have the meeting dates placed on the Band Boosters Calendar.

Announcement was made of the all-church rummage sale to be held April 25, 26, 27 with Mrs. Anna Grigg and Mrs. Glenn Griewahn in charge. Anyone wishing to have rummage picked up may call Mrs. Grigg, 215-J when the things are ready. The Mother-Daughter Banquet was announced for April 29th.

After the business meeting Mrs. Llewellyn Sisson read the diary of the "love gift" in celebration of the 25th anniversary of the project. The love gift is an over and above missionary offering which goes to help support all of the Baptist Christian Centers including schools and hospitals in the American Baptist Convention in the United States plus their missionary work throughout the world. Through the years, this project has grown until the Baptist Women had given last year just under 1/2 million dollars, At the Monday evening meeting, the love gift received was $36.90 which brought the love gift of the local organiaztion for the year to a total of $212.26.

Christian Science Sunday Service

The vital importance for men today of Christ Jesus' victory over death will be emphasized at Christian Science services Sunday.

Readings from the King James Version of the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Doctrine of Atonement." From John will be read the account of Christ Jesus' crucifixion and resurrection.

Correlative passages from Science and Health include the following (45:16): "Glory be to God, and peace to the struggling hearts! Christ hath rolled away the stone from the door of human hope and faith, and through the revelation and demonstration of life in God, hath elevated them to possible at-one-ment with the spiritual idea of man and his divine Principle, Love."

The Golden Text is from I John (4:10): "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins."

Presbyterian Men To Participate In Meeting

The Men's Council of the First Presbyterian Church has been invited to participate in a Presbyterian-wide Men's meeting to be held at the First Presbyterian Church in Adrian Sunday, April 28. Registrations will begin at 3:30 p.m. The meeting will be called to order by the president, Harold Knudstrup of Mason at 4 p.m. Dinner will be served by the Mariners group of the Adrian church at 6:15.

Rev. Harry DeYoung of Redford Ave. Presbyterian church in Detroit will be the speaker for the evening program. He will talk about the phenomenal growth of Redford Ave. church under a plan whereby new members take part in a program of visitation evangelism. They tell others why they joined the church and what has happened in their lives as a direct result of this decision.

Delegates are expected from thirty churehes that make up the Lansing Presbytery which covers an area bounded by Battle Creek, Hastings, Lansing, Howell, Blissfield, Adrian and Hillsdale.

St. Peters Guild Met Thursday

The St. Peter's Guild of the Episcopal Church met at the Parish House Thursday afternoon with Mrs. E. C. Dickin presiding. Worship was conducted by Mrs. Glenn Williams and Mrs. Herbert Newman read from the book, "We Believe." Mrs. Lloyd Rhein and Mrs. Williams were hostesses and refreshments were served.

The next meeting will be held April 25 with Mrs. Paul Ammer and Mrs. Glenn Driscoll as hostesses.

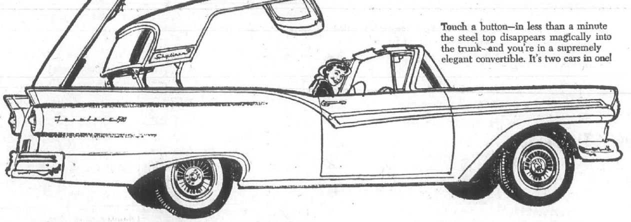
A new age of automobiles begins with this car



Touch a button—in less than a minute the steel top disappears magically into the trunk—and you're in a supremely elegant convertible. It's two cars in one!

Here Today! The FORD SKYLINER—world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction.

The first model "A" Ford was such a car...
The first Ford V-8 was such a car...
The first Ford Thunderbird was such a car.

Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The *Skyliner*—world's only hide-away hardtop.

If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the *Skyliner* is evidence of the engineering skill you get in *every* Ford model.

The Ford *SKYLINER*, the *only* all-steel hide-away hardtop, is a car for history.

This is an old dream of Detroit, a dream of two generations of motorists.

And today Ford has made that dream come true—in steel.

But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they kept striving toward the goal long after others had given up the chase.

To understand this Ford spirit you must go back to 1908. That was the year when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude . . . so low in price that no man making a good salary will be unable to own one."

And they did.

Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced.

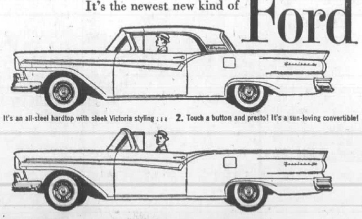
But Ford did it.

It was December 1956—after eight years of research, planning, experimenting and testing—when Ford unveiled this masterpiece . . . unveiled it amid all the pomp and splendor of the New York Automobile Show.

And now this history-making car, this prototype of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers.

Plan to see it soon. And ask your Dealer to show you the exciting advances in *all* models of the new Ford line for '57.

It's the newest new kind of Ford



1. It's an all-steel hardtop with sleek Victoria styling ... 2. Touch a button and presto! It's a sun-loving convertible!

My Favorite Prayer

SUBMITTED TO
THE LAYMENS' NATIONAL COMMITTEE
By REV. ARTHUR J. BROWN, New York City
Executive Secretary Presbyterian Board of Foreign Missions
(for 35 years prior to 1929)
On Dec. 3, 1956, Dr. Brown observed his 100th birthday

Eternal God, in this time of world confusion when suspicions are rife and angry voices are in the air, we pray for the men who bear the burdens of government and for ourselves as citizens. Endue us all with vision, understanding and loyalty to the right as Thou givest us to see the right. Evoke in us a great hope, a great faith, that underneath the troubled surface of the world runs the mighty current of Thy purpose of righteousness and peace.

Two Separate Programs Are Offered At Interlochen

Over 700 talented Michigan high school students will attend the University of Michigan's all-state music and drama program at the National Music Camp at Interlochen this summer, says Prof. Allen Britton, director of the U-M division of the camp.

The University's all-state program has served Michigan's musically gifted youngsters for the past 21 years. It has provided inspiration and technical advancement to students from almost all Michigan's secondary schools, has helped them to assume leadership in their own schools, and has set new standards for individual achievement.

This year two separate programs are being offered. The first will include Intermediate Band (June 24-July 7; Charles Hills, Jr., Fowlerville, conductor); High School Band (July 8-July 21, Clarence Sawhill, University of California at Los Angeles, conductor); High School Orchestra (July 22-Aug. 4, Roland Johnson, University of Alabama, conductor); High School Choir (Aug. 6-Aug. 18, George Putnam, Pontiac, condictor); and Intermediate Orchestra (Aug. 5-Aug. 18, Lawrence Guenther, Midland, conductor). The second will include: Drama (July 22-Aug. 4) and a two-section Piano Institute. Sec. 1, June 24-July 7, and Sec. 2, July 8-July 21).

This will be the second summer of theater experience and play production sponsored by the University Department of Speech. The program will again be crammed full of acting, scene designing and building, make-up and costuming. Enrollment will be limited to 24 students. There will be a few assistantship grants available, especially to boys.

Applications for the all-state program may be sent in any time until May 24, on which day the memberships of the 1957 all-state organizations will be determined. Application blanks must be approved by the school music and drama director and the principal. The general fee is $92.50, which includes everything except private instruction in music.

Applications may be secured from music or drama directors or from Orien Dalley, School of Music, University of Michigan, Ann Arbor.

The Tri-Town Extension Group Met Monday

The Tri-Town Extension Club met at the home or Mrs. Harold Meade Monday evening. The roll call was answered with "The way you would like to spend your vacation". Mrs. David Ousterhout presented the topic "Good Grooming" giving demonstrations with cosmetics and accessories. Mrs. John Robinson assisted her acting as a model.

Members voted to give $2.00 to the Cancer fund and a white elephant sale was conducted to reimburse the sunshine fund. The sale was so successful that it was decided to continue these for the next several meetings. Refreshments were served by the hostess.

The next meeting will be held at the home of Mrs. Duaine Bihlmeyer May 20 when Mrs. Ousterhout will present a project of flower arrangements.

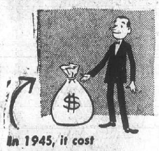
Last Frost Soon

In an average year, the last time the thermometer hits freezing temperatures in the Detroit area is April 22. Gardeners use this as a guide in sowing seed and setting out plants, but it can't be taken as a guarantee, of course.



Today, it costs
THIS MUCH

You would pay almost *twice as much* today to buy or build your home as you paid 12 years ago. To put it another way, you can build only *half a house* in 1957 with the money it took for a whole house in 1945.

How about your fire insurance? Have you enough today—on house and contents—to meet any loss?

We are qualified to help you determine just what insurance, and how much, you need on your home and furnishings. Phone us right now—we'll be glad to discuss your insurance problems with you.

And remember, if you're not fully insured—it's not enough!

Indians Lose Season's Opener

Tecumseh Herald photo

A Monroe player is stopped in the midpoint of his swing at Larned's pitch by a 1/400 lens setting.

The Tecumseh Indians baseball team was defeated by Monroe Catholic Central 4 to 2 in Tecumseh Monday in the local season opener. Larned pitched for Tecumseh and Goethe for Monroe.

The starting lineup was as follows: Larry Yoakum, short stop; Steve Kruger, third base; Tony Kasik, catcher; Ray Larned, pitcher; Ed Covell, left field; Lee Marsh, first base; John Weakly, second base; Fred Deaner, center field; Richard Stevenson, left field.

Monroe scored a run in the first inning, two runs in the sixth inning and one in the seventh. Tecumseh scored one run in the second inning and one run in the third. Tecumseh's Marsh came through with a triple. Monroe's Marshall had a triple and a double.

Coach Dermont Poley Jr. said that the team looked pretty good considering it had two freshmen and three sophomores out of the nine team members". He said, "we're going to win some this year".

There was a game Tuesday night with Milan at Milan. See section one for the details.

Field and Stream

The fish situation in some Michigan waters resembles the oldtime boarding house—as the number of tenants increases, the food portions get smaller.

Rapidly increasing panfish populations often create overcrowded conditions in lakes and streams, with sharp competition resulting for a stable food supply. Unlike animals, fish do not starve, so an increase in numbers just means less food per fish.

The result of this conditon is an overabundance of little fish, stunted by lack of food. Many lakes contain thousands of tiny perch or bluegills only three or four inches in length.

These stunted fish create a serious problem in fish management. Fishermen consider them too small to keep and as long as they remain in the lake, the food shortage continues.

One remedy being tested by the Conservation Department is chemical treatment of lakes. Fish division workers "poison out" overpopulated lakes, remove tons of undersized panfish and then restock the lake.

In the restocking part of the program, panfish will be planted along with some suitable predator, such as northern pike, to keep the panfish populations in balance with the food supply. The surviving bluegills and perch each get a better share of the available food and grow larger—to the delight of fishermen. Of course, the pike also provide plenty of sport for the angler.

Chemical treatment was carried out on four lakes last summer and eight others are due for treatment this year. In the four lakes tested, preliminary findings show that bluegills from three to seven years of age were running two or more inches short of normal growth.

AN ACCURATE YARDSTICK

Human nature being what it is, we frequently remember "the good old days" with nostalgia. Among our fond memories are the prices things used to cost in long past times.

For the most part, those prices were much lower than the prices we pay today—in terms of dollars and cents. But there are other and better yardsticks of price than money alone.

A tabulation concerning meat prices from 1919 to 1956 is an excellent example. The tabulation lists the average retail price of meats in each of the year, along with the workers' average hourly earnings. From this, the amount of working time that was needed to buy a pound of meat is computed.

The war years are not included in the tabulation, because the artificial conditions and restrictions then in effect make accurate comparisons impossible. In 1947, 28.3 minutes of work went to buy a pound of meat. Then a steady decline set in. And last year, the average worker could earn his pound of meat for only 17.5 minutes of labor—which was the lowest figure ever recorded.

In other words, prices have risen—but wages have risen much more.

HAPPY WITH HIS LIBRARY

During the traditional early morning walk on his latest visit to New York, former President Harry Truman revealed to the customary trail of reporters that: "I wouldn't take New York if you gave it to me." Which, of course, should settle any plans of that sort which New Yorkers might have been making.

He also revealed that he walked for exercise and "would walk even though you fellows did not come along with me". Maybe he would, too.

☆ ☆ ☆

WHY WAIT TILL 1960?

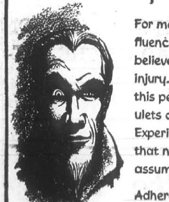
Perhaps it is only a coincidence, but within days of the return of Prime Minister Harold Macmillan from his cozy Bermuda chats with President Eisenhower, Her Majesty's government announces that the Queen's battleships will be scrapped, her armed forces cut from 690,000 to 370,000 men within the next five years under a plan that will end the military draft by 1960!

Further development of supersonic bombers and fighter planes will also be halted in the expectation that they will be replaced by guided missiles. It is mentioned that some of these will be furnished by the US, as reported to the press in Bermuda. British troops are to be withdrawn from Korea "fairly soon", and more gradually from Libya. A cut of 13,000 in British strength in West Germany had been approved previously by the allies. The savings expected from what a British white paper calls "the biggest change in military policy ever made in normal times" are reported at $785,000,000 for the year 1957-58.

But do not expect that our "mutual security" aid will show similar savings. First thing, there are those guided missiles to replace Britain's manned aircraft. South Korea will have to be beefed up — at least with weapons — to meet both the British withdrawal and the powerful Red build-up in North Korea reported by Chairman Radford of the Joint Chiefs of Staff. And the rest of the same old trouble spots grow rapidly no better from the free world point of view.

Still, it's nice to know that the British government considers these are "normal times".

The Evil Eye



For many years the influence of the "evil eye" was believed to cause blight or injury. As protection against this perilous influence, amulets or charms were worn. Experience has revealed that neither of these assumptions is correct.

Adherence to the rules of personal hygiene (cleanliness, adequate diet, and rest) and regular medical examinations are the best ways to add years to the normal span of life. The physician and pharmacist have always been leaders in the field of preventive medicine. Only your physician is qualified to diagnose and treat disease. The filling of prescriptions is our responsibility as pharmacists.

The Olsen's wanted to sell their home. So naturally, they called on us to look it over.

After inspecting it, I filled out a listing agreement and asked them both to sign it.

"Why are both of our signatures necessary?" Mr. Olsen asked.

"Not long ago," I replied, "a man asked us to list his house for sale. We stopped by to inspect his home and his wife was quite hostile. 'You'll have to wait for my husband,' she said. 'Selling out must be his idea. We haven't talked it over. I don't like the thought of selling at all.'

"Later, their views were reconciled and they happily agreed to the listing. Now, just as a matter of good business, we like to know we have the permission of both husband and wife to sell a home. It sets the stage for close cooperation in helping you to achieve your objective—selling out."

Mr. Olsen smiled, "I wasn't arguing," he said, "just asking. Naturally, we're both glad to sign it."

May we sell your home, too?

NEWS OF THE FARM

Lenawee Co. Agricultural Agent's Column - - - - -

Giving peach trees plenty of nitrogen can greatly improve quality of fruit for canning, reports L. G. Hall, Lenawee county agricultural agent. This has been shown by studies on Elberta peach trees which received applications of nitrogen varying from none to two pounds per tree annually.

Leaf analysis to determine amount of nitrogen present in tree showed a range from 1.59 to 3.2 per cent. Trees under this test were grown on orchardgrass, rye, or vetch. Samples of their fruit were harvested, processed and then rated for quality both by chemical tests and by taste panels. Trees with high-nitrogen content in leaves produced high quality canned fruit with good color and texture. By contrast, low-nitrogen peaches were sour, fibrous, soft and frequently unpalatable when canned, even though fruit had a firm and attractive condition in fresh state. High-nitrogen peaches also retained much better shape than low-nitrogen fruit when steamed before peeling.

Researchers working on this study point out several things that should be watched for when Elberta trees are heavily fertilized with nitrogen. There is greater variation in timing of fruit maturity and greater possibility of preharvest drop. For low-nitrogen trees, one or two pickings may be enough, but with high nitrogen trees four or five pickings is probably more desirable. Also, because high-nitrogen Elbertas are riper than their color indicates, they should be picked with much more green color than low-nitrogen fruit to avoid bruising.

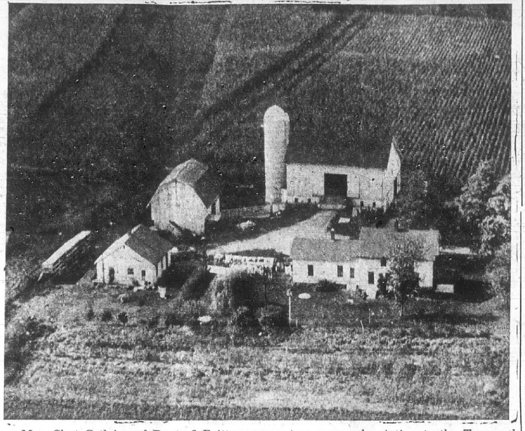
"Mystery Farm" Was Lester Baker's



Mrs. Chet Godzina of Route 2 Britton won a two year subscription to the Tecumseh Herald last week by identifying the Mystery Farm as the Lester Baker farm located 4 miles west of Tecumseh on M-50. Tenants on the farm are Mr. and Mrs. Gordon Barrett and children Pamela, 5 and Leon, 3.

Lester Baker has owned the 113 acre farm since 1936. He lived on it from 1929 to 1953. He is the Michigan Representative of the Armour Fertilizer Works. The main activity on the farm is dairy cattle with farming mostly for feed.

The Baker family is entitled to $5.00 worth of merchandise courtesy of Tecumseh Electric. They also received an aerial photograph from the Tecumseh Herald.

High Yield Cows Can Up Dairy Profits

There's more to developing an efficient, profitable dairy operation than adding more cows to the herd to boost output per man.

The most important single factor in producing milk profitably is the inherited capacity of the cow to convert feed into milk. Net income from a 25-cow dairy herd is more than three times as high when the cows produce 10,000 pounds of milk a year rather than 7,000 pounds. A farmer with a 25-cow herd producing an average of 10,000 pounds a year with average forage production practices could increase net income by $1,100 through using improved forage harvesting, storage and feeding practices. A shift to a 48-cow herd and no improvement in forage quality would add only $400 to net income.

If average forage practices were in use, the net income from a 25-cow herd producing 13,000 pounds of milk would be greater than from 48 cows producing 10,000 pounds of milk. Good environment aids efficiency of milk production, too. Use of the best barn arrangements, improved equipment and work methods can add to the comfort and productivity of the cow and at the same time cut labor requirements.

Carefully-kept records, intelligently used are other important factors in producing milk at greater profit. Records are necessary to adjust the operation to new techniques and weed out low-producing cows. Experiences of many dairymen have shown that 20 or 30 minutes a day spent on records have made important contributions to successful and profitable operations.

Soil Conservation Photo Contest Is Announced

Announcement was made of the 1957 Soil and Water Conservation Photo Contest by Lloyd Ruesink, Committee Chairman. The contest is sponsored by the Michigan Association of Soil Conservation Districts and Michigan State Grange. Any amateur photographer under 20 years of age as of January 1, 1957 is eligible to enter the contest.

An entry shall consist of a set of four mounted glossy prints, with captions for each picture in ink or as follows:

1. Two prints showing the need of conservation practices.
2. Two prints showing good conservation practices applied.
3. Prints must be in black and white.
4. Prints must be no smaller than 2½ x 3½ (no extra points for larger ones).
5. Prints must be taken within the contest period by the participant.

Scoring will be based on subject matter 40 points, photographic skill (framing, clearness, focus) 40 points and 20 points for captions and neatness. All entries shall be submitted to the State Soil Conservation Committee, 412 Agriculture Hall, East Lansing, Michigan, by October 1, 1957. Winner determination by the judges shall be final and all entries shall become the property of the Michigan Association Districts. Former winners are not eligible for prizes in this contest.

Mr. Ruesink recommends, "That all captions be printed or typed for neatness and that captions be brief. Captions may include place picture was taken. Prints should be mounted in a manila folder for uniformity in exhibition. If possible, include negatives with entry. Be sure to include your name and complete address."

Winner of the event will receive $15.00, second place $10.00, third place $5.00 and the next 20 places each receive $1.00. For further information or assistance, contact Lenawee Soil Conservation District Directors, Leland Brighton, R. No. 2, Brooklyn, Clarence Ehlert, Palmyra, Hal Benner, R. No. 2, Clayton, Clarence Kleidinst, Jasper, Mr. Ruesink, R. No. 3, Adrian or Woodrow Burclay, Soil Conservationist, Court House, Adrian.

Pictures Got Twisted Last Wk.

Last week gremlins got into our Farm Page and the picture of the Gebarowski farm got rerun with the VanValkenburg farm story.

We are sorry this happened but it did prove one thing, people are really reading this farm feature, judging by the number of phone calls we got calling our attention to this error.

125 Attend The 50th Anniversary Of Mr. And Mrs. Ranous

More than 125 relatives, friends and neighbors of Mr. and Mrs. R. B. Kanous gathered at the I.O.O.F Hall recently for the observance of their fiftieth wedding anniversary.

Preceding the reception at the hall, Mr. and Mrs. Kanous with their seven children and families enjoyed a dinner at the Britton Hotel.

Mr. and Mrs. Kanous and their family consisting of two sons, Kenneth and Edward and five daughters, Mrs. Carl Brablec, Mrs. Charles Herrick, Mrs. Joseph Simecek, Mrs. Louis Allegrina, and Mrs. Paul Bailey welcomed the guests.

Granddaughters of the honored couple, Mary Ann and Linda Kanous registered the guests; Barbara Herrick, Diane and Carol Bailey were in charge of the gift table. A picture of the couple when they were bride and groom and one as they are now was the center of attraction at this table. Mrs. Carl Brablec and Mrs. Charles Herrick cut the four tiered wedding cake.

The gold lace covered tables were beautiful with a flower arrangement of yellow roses, chrysanthemums and white snapdragons circled by golden candles and two wedding cakes, one a gift to the couple. Small tables covered with gold cloths placed around the room were centered with white candles in crystal encircled with yellow gladiolus and white honeysuckle. The punch bowl was encircled with yellow mums and green leaves and was served by Mrs. Louis Allegrina.

Mrs. Kenneth Kanous and Mrs. Joseph Simecek poured. Mrs. Paul Bailey and Mrs. Edward Kanous served the ice cream, decorated with a yellow bell. Mrs. Theodore Zornow, Mrs. Earl Smith, Mrs. Andrew Crutchfield, Mrs. Merle Cross and Miss Pearl Smith, Rebekah sisters of Mrs. Kanous, assisted in serving.

Gift bouquets were attractively aranged around the room. Mr. and Mrs. Kanous received many lovely remembrances of the occasion and cards of congratulation, among which there were greetings from the President of the U. S. and the Governor.

Guests from out of town besides the immediate family were: Mrs. Florence Shurtz of Tampa, Fla., Mr. and Mrs. Clarence Kanous and Mr. and Mrs. Charles Kanous and son of Toledo, Ohio, Mr. and Mrs. Leonard Beasley of Durand, Mr. and Mrs. Leon Beasley of Monroe, Mr. and Mrs. George Larner of Roseville, Mr. and Mrs. George Beasley of Wayne, Mrs. Genevieve Reganall, Mr. and Mrs. Keith Pettit of Ann Arbor, Mr. and Mrs. Charles Gorham and son, Mrs. Martha Gorham of Hanover, Miss Shirley Grace of Ypsilanti, S/Sgt. Larry Kanous of Rantoul, Ill. and Keith Simecek of Kalamazoo. Several from Dundee, Tecumseh and Milan also attended.

Juniors Present Mystery Farce

Tecumseh Herald photo

Britton-Macon Juniors are rehearsing scenes for their annual Junior Play. From left to right is Dean Clement, Floyd Avery, Richard Palmer, Barbara Bryant, Ronnie Richards, Rosella Vallie and Linda Kanous.

This year's play will be presented April 26 and 27 in the Britton-Macon High School Gymnasium. It is "Gentle Hearts and Murder," a mystery farce in three acts by Tom Taggert. The plot involves a correspondent course private detective (Johnny Holmes); who flunked the test to become a policeman. He thus lives in a small town and competes with the local policeman for the attentions of his cute secretary. Half of his building is rented to a matrimonial agency. Finally he gets a client who turns out to be a gunmoll hiding out and needing protection. She is shot and later turns up seemingly alive. Only the play itself can untangle this mystery.

The cast is as follows: Johnny Holmes, a private eye, Ronnie Richards; Dulcy King, his secretary, Gayle Bottoroff one night and Barbara Bryant the other; Joe, the office boy, Richard Palmer; Bull Durham, a policeman in love with Dulcy, Tom Conrad; Cupid Cradle, a marriage broker, Linda Kanous; Rose Thorn, a gangster's moll, Emilie Korican; Muggsy Jones, a Chicago gunman, Dean Clement; Aunt Effie Dithers, Dulcy's aunt, Mary Ann Miller; Henry Quaker, an inspector, Floyd Avery and Norma, an unknown woman, Rosella Vallie one night and Katie Lewis the other night.

Ridgeway Church Program April 28

A dramatic reading entitled "Fifty Golden Years of Progress," will be presented by members of the Young People's Society at the Ridgeway Church of the Nazarene at Ridgeway Sunday, April 28, at 7:00 p.m.

Narrator for the reading will be Bill Bearinger. Musical background will be presented by Eula Avery. The public is invited to the program.

A part of the observance of Christian College Sunday, a day set aside by all Churches of the Nazarene in America, to do honor to the seven American colleges sponsored by the denomination, the program will be held in celebration of the Golden Anniversary of the founding of Olivet Nazarene College, Kankakee, Illinois.

The current enrollment is approximately 1000 per year. Since purchasing the St. Viator campus more than a million dollars in assets have been added through the building of Williams Hall, a women's residence with a capacity of 220 girls, the Memorial Library, built to accommodate 1000 students, and the addition of other property purchases adjacent to the campus. Students from 26 states and 5 foreign countries, representing twenty-four denominations are in attendance this year.

Rebekah Past Noble Club Met

The Rebekah Past Noble Grand Club met Thursday night at the home of Mrs. Fay Hindes with eleven members and two guests present. Mrs. Earl Smith conducted the business meeting. Refreshments were served.

Tranquilizer Stunts Chicks

A tranquilizing drug, readily available for human consumption and used effectively by veterinarians to calm nervous dogs and monkeys, was used in an attempt to quiet excitable Leghorn chicks and improve their feeding efficiency.

Reported in the Journal of the American Veterinary Medical Association, meprobomate at 0.4 per cent of the ration and at larger percentages, failed to calm the birds and tended to inhibit their growth.

Britton-Ridgeway Good Friday Union Service

The Britton and Ridgeway Union Good Friday Service will be held at the Ridgeway Church of the Nazarene at 1:30 p.m., April 19.

The program will be as follows with Chorister, Naomi Spohr and Pianist, Eula Avery: Hymn No. 70, "When I Survey the Wondrous Cross"; Responsive reading No. 6, Rev. Belleville; Invocation Rev. Woodall; Special Number by the Congregational Christian Church; Rev. Priest speaking on "The Meaning of the Cross"; Hymn No. 277 "The Old Rugged Cross"; Offering for the "Care Program", Rev. Belleville; Special Number by the Methodist church; Rev. Woodall speaking on "It is Finished"; Hymn No. 14, "Are Ye Able"; Special number by the Nazarene church; Rev. Belleville speaking on the "Two Malefactors" and the Benediction.

WHEN BETTER AUTOMOBILES ARE BUILT
BUICK WILL BUILD THEM

If you're one *who goes for spirited performance*, you'll find the vivacious 1957 Buick Century speaks a language all your own.

Because, this year, we wanted to bring you even finer performance. Engineered a brand-new V8 engine with the "power-pack" built right in, at no extra cost—and teamed it up with a new version of Variable Pitch Dynaflow* that's *instant* in response.

Get behind the wheel and you'll understand why we say this 1957 Buick is the dream car *to drive.*

You sit there with 300 horses at your beck and call, complete control at your finger tips, and the surety of powerful new brakes at your toe touch.

You smooth your way over hills that seem to lose their tops.

You ride relaxed and composed—in creature comfort and supreme command.

But the Century—like *all* 1957 Buicks—speaks also of fresh, new styling—the look you like, the longer you look. And of new luxury—inside and out. New stretch-out roominess—new solid torque-tube steadiness of travel. New buoyancy of ride, and a glorious new ease of handling.

Come let this magnificent new Buick do its own talking. You'll find it sweet listening—right down to the price-talk.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Ranch Style And Split Level Homes Most Popular

The most popular type of house is something worth knowing about whether you plan to build, buy or sell.

For many years the one-story, so-called ranch style has been way out in front of the more economical two-story house. Today split-level structures stand virtually side-by-side with one story ranchers on the national scene.

Just about the same number of people show interest in split-levels as in ranch houses. The difference in popularity is only three in 1,000 in favor of the one-story home.

This is based on an analysis of 383,260 inquiries to newspapers about house plans within the past year—a very impressive response when you compare it with a year's total construction of about one million homes.

The same analysis shows that one-story houses are about 8 per cent more popular than 1½-story homes—the expansion attic, dormer window style—and fully 24 per cent more popular than two-story dwellings.

However, thousands of families are interested in each of the four types. All types are being built in volume. So no matter how many stories you like, you are not out of step with everybody.

Even though cottages always were popular, the spread of the ranch house exceeded all expectations. This type called for more land, more foundation, more roof and more heat than the two-story home. It could boast of eliminating stair-climbing.

Now stair-climbing seems to be making a comeback in split-levels. And in many sections of the country two-story homes are gaining in favor.

However, for every 760 two-story houses built, there apparently will be 1,000 new ranch houses, 997 split levels and 920 Cape Codders or other 1½-story models.

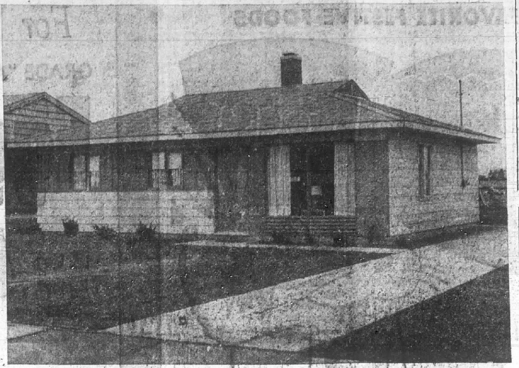
Economy Highlights Developement



Tecumseh Herald photo

The Waskin Development located on Russell Road at Adrian Street offers economy in cost with a wide variety of alternates from the basic structure.

The basic house priced at $12,500 is a 936 square foot 3 bedroom structure on a lot measuring approximately 80-115 ft. It is built on concrete slab with asphalt tile floor. The living room features a large picture window in the front. Walls are of drywall construction with decorator plywood paneling in part of the living room. The kitchen bosts Merillat birch cabinets, formica counter tops and an exhaust fan. Sliding closet doors are found in all three of the bedrooms as well as ceiling light fixtures and ample wall plugs. The bath has plastic tile walls. Heat is forced air oil.

Alternatives at extra cost include full basement, carport or full garage, oak floors, brick front, garbage disposal, and washer and dryer. The price of the house complete with all alternatives is $14,800. FHA and VA terms are available.

Streets will be paved as well as curb, gutter and sidewalk. Other features are city sewer and water. All utility poles are at the rear of the houses. The new Tecumseh Acres School will be near at hand and the developers are negotiating at the present time for a shopping center located at the corner of Russell Road and Adrian Street.

The Thomas Knight family was the first to move into the expected 123 house development. They moved Saturday from Britton. Mr. Knight is employed at the Tecumseh Products Company.

F.H.A. Co-Op. Mortgages Were Given Boost

Middle income housing under FHA's co-operative housing program should be stimulated by legislative action last week which increased by $50 million the government's authority to purchase FHA-insured co-operative housing mortgages, Federal Housing Administrator Commissioner Norman P. Mason said.

The new law, an amendment to the National Housing Act, permits the Federal National Mortgage Association to increase to $100 million the amount of FHA co-operatiev housing mortgages it may purchase under its special assistance functions. The former ceiling was $50 million.

In addition, the amount of FNMA commitments that may be outstanding at any time to purchase these co-operative housing mortgages in any one state was increased to $10 million from its former limitation of $5 million.

Mason said that many builders with applications pending for FHA-backed financing can now proceed. Co-operative groups in many areas unable to make use of the original $50 million authorization will now be able to participate in FHA's co-operative housing program.

Asphalt Shingles Give All Year Home Protection

In all seasons, the roof takes more punishment than any other exterior surface of a house. In summer, the hot sun gives the roof a beating. In spring and fall, heavy rains pummel it, and in winter, sleet, snow and ice grind away at the roofing material.

To give the roofs the greatest protection possible from the weather, asphalt shingle manufacturer's combine two natural materials which strongly resist the weather—asphalt and stone.

Even in the present atomic age, science has failed to find a better waterproofing agent than asphalt, which is the basic ingredient of asphalt shingles.

Stone, which is applied to the surface of the shingles in tough granules colored by a ceramics process, is nature's most wear-resistant material. Besides guarding against undue wear from the impact of rain, sleet, snow and ice, the rock particles are opaque, keeping the sun's rays out of the asphalt.

o

Paint Woodwork Same As Walls

It is still good decorating practice to paint walls and woodwork all one color. Using the same color on walls and woodwork of a small room makes the room look larger.

It is advisable in rooms where the woodwork is not well placed. By making the woodwork blend with the surrounding walls, its deficiencies are less noticeable.

Improvements Up Buying Down Forcast For '57

Consumers are optimistic about the future, but a slight decline was noted in the proportion who plan to buy houses in 1957, compared with 1956 or 1955.

This is indicated in preliminary findings of the 12th annual survey of consumer finances made in January and February by the Federal Reserve Board.

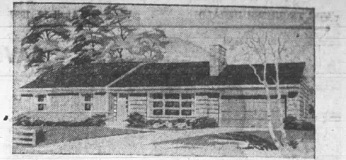
Of the 2,700 "spending units" interviewed in 66 areas throughotu the country, 8.4 per cent said they plan to buy a home this year. For each of the past two years, the figure was 9.4. However, in 1954 it was 6.6.

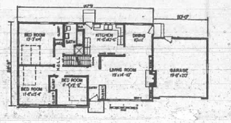
Significantly, there was an increase among those who said they plan home improvements and maintenance in 1957. The report said 24 per cent expect to fix up their homes, expanding a median of $460.

Last year, 22 per cent said they intended to spend a median of $370 for this purpose.

A trend toward increased saving was indicated. The survey found 75 per cent of the families hold checking accounts, savings accounts, savings and loan or credit union shares, or U.S. government securities.

This compares with 72 per cent a year earlier. The increase was primarily among those with liquid assets of less than $500.





Perfect for the family requiring three bedrooms, this plan is also ideal for those desiring a fourth bedroom now or at some future date. In brief, here is a home you'll be proud to own.

WHAT IS ADVERTISING

"Advertising is the education of the public as to: Who you are, where you are, and what you have to offer, in way of: skill, talent or commodity. The only man who should not advertise is the man who has nothing to offer the world in the way of commodity or service." (Elbert Hubbard.)

COLOSSAL BACKFIRE

There are those among us that misconstrue the meaning of competition to a misuse of personal freedom and the right of self advancement at the expense and violation of the rights of others. We can be very thankful that most of the people take exception to such attempts and produce a colossal "back fire".

☆ ☆ ☆

ON SUCCESS

"No stock ever looked good to me until it was selling ten points higher than when I was told it was good." It seems to me that one of the main characteristics of successful people is the ability to see what the future holds. It is very easy to get into a rut and see the present situation prolonged indefinitely into the future. However this is not a true picture. We live in a dynamic world with very few relationships remaining the same in the long run.

☆ ☆ ☆

DON'T RUST OUT

"It is better to wear out than to rust out". Men's minds too readily become dull and unproductive if they are not used and challenged continually. They become like a tree in a forest with roots holding them in place and refusing to let them escape their environment. Thought revolves around daily routine and cannot escape these limits. New problems are approached with old techniques and thought whereas new, different and dynamic approaches are needed. I know of nothing that requires more work to keep it functioning at its best than a man's mind.

Accidents Plague Police Department During The Week

The Police department had a busy week, with several accidents and investigations. On April 19, John McAuliffe, Ann Arbor appeared before Justice Robert French and reckless driving charge. He pleaded guilty and was fined $50.00 and $8.60 costs or 30 days in jail. He paid the fine. L. Lajiness, Monroe, appeared before Justice French on a drunk and disorderly charge. He pleaded guilty and was fined $15.00 and $8.60 costs or 15 days in jail. The fine was paid. On April 19, a car driven by Carolyn LaLonde, Tecumseh and owned by John McKenzie, hit a pole when the driver attempted to mis sa tire lying in the road.

A head-on collision occurred on Russell road, April 19 when a car driven by Raymond Negrete, Adrian, passed a truck on the left side, hitting a car driven by Mary Drake, Tecumseh. Mary Drake received cuts and bruises and internal injuries. Larry Delapas, Adrian, suffered a broken left arm, cuts and bruises while Negrete suffered a crushed chest and punctured lung. All were taken to Herrick Memorial Hospital. Both cars were a total loss. Negrete faces a reckless driving charge when he is released from the hospital.

On April 20, a car driven by Allan Barrett, Britton and a car driven by George Cox, Jr., Tecumseh, collided on the corner of W. Chicago and Maumee St. The Barrett car was damaged to the extent of $300 and the Cox car to the extent of about $100. Cox was ticketed for failure to have his car under control. Cars driven by Jessie Anelid Enlinger, Tecumseh and Michael Sisson, Tecumseh collided April 20 on W. Chicago, doing

More Than 500 Attended Easter Sunrise Services

Rev. Horace James reported that between five and six hundred persons attended the Easter sunrise service at Hidden Lake Gardens last Sunday. A brass quartet composed of Les Vescelius, trombone; Willis Kilbourne, baritone; Sharon Muhn and Nancy Day, cornets presented special music and accompanied the hymns for the service. This was arranged by Mr. Donald Johnson, high school band instructor. The service began with a prelude by the brass quartet, the invocation was given by Barry Packard, the welcome by Al Taylor, the scripture reading by Nick Touborg, prayer by Dave Van Valkenburg and the benediction by Lowell Nichols. A girls trio from the Friends church composed of Ruth Meads, Vonnie Penrod and Sharon Muhn presented vocal selections and Dalton Van Valkenburg of Taylor University, in Upton, Indiana was the speaker.

The public address system was furnished by the Tecumseh Electric Co. and operated by Mr. Forrest Abner enabling everyone to hear all of the service. Mr. Fred Freeman, the caretaker at Hidden Lake Gardens, was very helpful to the committee in making arrangements and reservations have already been made to hold the service next year in the gardens. It is hoped that it may be established as an annual event sponsored by the Youth of the various churches in the city and that perhaps more of the surrounding towns will participate another year. Two busses provided by the school furnished transportation for those who did not have another way to go.

Breakfast was served in the individual churches after those attending returned to Tecumseh. Mrs. George Van Camp, Jr. had charge of the breakfast served in the Baptist church, Mrs. John Hamilton had charge at the Presbyterian church, Miss Shirley Sprague at the Methodist church and the Welcome Class under the direction of Lois Kelly, Margaret Wiemer and Edith Muhn served 83 at the Friends church.

Golf Team Took Their First Two Matches To Start The Season

The Tecumseh High School Golf Team is off to an excellent start again this year. They started off by soundly defeating University High of Ann Arbor last Thursday.

Tuesday they defeated Jackson St. Mary's and Jackson St. John in a double dual meet. Total strokes for Tecumseh were 324. Jackson St. Mary's had 327 strokes and Jackson St. John had 345 strokes. Jackson St. Mary's Mike Hill shot a 73 which was the low for the boys in the 18 hole match. Tecumseh's Dave Lamkin shot a 76 for the 18 to come out second best. Ron Gurtzweiler shot an 81, Max Smith shot an 83 and Dick Baker and Dave Elliott tied with 84 each for the 18 holes.

The next match is Friday with Brighton and Clarenceville at 4:00 p.m. at Brighton.

Danny Ford (left) son of Mr. and Mrs. William Ford of 409 East Logan Street is shown with the Easter basket that he won for finding the most eggs in his section. Larry Bush and his mother Mrs. Daniel Bush of 106 S. Wyandotte St. are shown with the cake Larry won for finding one of the silver eggs.

Over 1100 children attended the annual Easter Egg Hunt at recreation field Saturday sponsored by the Girl Scout Association.

The winners at the Hunt received their prizes from the president of the Girl Scout Association, Mrs. Howard Truesdale, Saturday afternoon at Recreation Field. Easter baskets were awarded to Danny Ford, Karen Knudson, Cherl Ann Gartee, Dennis Richards, Ernest Wrangler and Sandra Brown for finding the most eggs in their sections. Real live bunnies were awarded to Mary Jo Nykodym, Bruce Smith, Peggy Loughney, Jean Bachtal and Linda Spooner for finding the gold eggs. Beautifully decorated Easter cakes were presented to Larry Bush, Margaret Barrett, Anne Sage, Dean Hebb, Jim Lawson and Nancy George for finding the silver eggs. Four Easter baskets were awarded as prizes to the Brownies and Scouts for selling the most tickets. Charlotte Elliott and Sue Hammack were the winners in the Brownie section and Michele Anderson and Judy Purkey in the Girls Scouts.

The three bunnies who performed on the field made a very pretty spectacle weaving in and out among the colorful eggs laid on the green grass and in the twinkling of an eye the eggs disappeared. As soon as Mr. Lawson shot the starter gun it was as though a huge vacuum sweeper swept up the bits of color.

The Girl Scout Association expressed thanks to Rev. Blair Bashore for his assistance with the P. A. system, Mrs. Charles Mensing for her mimeograph work, Mr. Lawson for marking the field and the many others who helped to make this hunt a successful event.

It is estimated that about $220.00 will be realized for the use of the Brownie and Girl Scouting programs in Tecumseh. Mrs. Junior Fouts assisted by Mrs. Ernest Hammack did remarkable work as ticket chairmen. Any leader still having money should turn it in to the association treasurer, Mrs. John Saling, immediately.

Teen Age Road-e-o To Be Held Here May 19

The road-e-o consists of a course set up to test safe driving skills such as parking, driving a straight line, stopping. Applications may now be obtained from any Jaycee member or one of the following Road-e-o committee: John Robinson, Chairman; Robert Brennif, Don Roadhaver, Walt Davenport, Jack Babcock, Pete Dermeyer, Dwight Helms, or Dick Kahle. All applications must be received by May 12.

The local winner will receive a plaque and the next two runners-up will receive an award.

The first place winner will be given a three day trip, all expenses paid, to Detroit, to compete in the State Road-e-o. While there, he or she will attend the Detroit-Boston baseball game and tour the Plymouth Motor Car Company and do many other interesting things.

The state winner will receive a $500.00 scholarship and be sent to Washington, D.C. to compete in the National Road-e-o for $4,500.00 in scholarships.

Girls can also compete, so Tecumseh girls — Come on out! Lets show the boys that there are some good women drivers also.

Fire Department Answered 2 Calls During The Week

The Fire Department was called to the home of Charles Aebersold at 2203 Russell Road Monday at 8:40 p.m. when an oil furnace blew up. Considerable damage was done by the smoke and soot.

On April 19 a call was answered at 412 N. Maiden Lane when a car driven by Mrs. Joseph Layton was on fire. No damage was done.

Last Monday Club Meeting Of The Year Held Mon.

The Tecumseh Monday Club closed their 1956-57 year April 22 with a luncheon at the Episcopal Parish House. A delicious chicken dinner was served by the ladies of the church at 1:00 o'clock. The long tables were centered with lovely arrangements of spring flowers. At each officer's place, there was a gift wrapped package from the president, Mrs. Bonner. The officers presented her with a potted plant.

During the business meeting, the following names were presented for the year 1957-58: president, Mrs. Robert Bonner; 1st vice president, Mrs. John Quigley; 2nd vice-president, Mrs. Howard Truesdale; recording secretary, Mrs. Ted LaBounty; corresponding secretary, Mrs. Clarence Brock; treasurer, Mrs. Lynn Hubbard and executive board, Mrs. James Artman and Mrs. Edna Codling.

Diane Dillon Became The Bride of John L. Brown

MRS. JOHN L. BROWN

Easter lilies and lighted tapers enhanced the chancel of the First Presbyterian church of Tecumseh Sunday, April 21, at 4:30 p.m., when Miss Margret Diane Dillon became the bride of John Louis Brown. Miss Dillon is the daughter of Mr. and Mrs. Herbert Dillon of 503 W. Brown St. and Mr. Brown is the son of Mr. and Mrs. Seymour H. Brown of 16718 Sunderland, Detroit, Michigan.

Hampers of white snapdragons and Easter lilies banked with palms further decorated the church and the pews were marked with white satin ribbons, Easter lilies and palm leaves.

The Rev. George E. Walworth, pastor of the church, performed the ceremony, Mrs. Frederick Dickinson presided at the organ playing the nuptial music and accompanying Ralph R. Radford of Okemos, Michigan, fraternity brother of the groom, as he sang "The Lord's Prayer."

The bride, given in marriage by her father, was lovely in a princess style gown of candlelight peau de soie with reembroidered Alencon lace forming a sabrina neckline and edging the brief sleeves. The back fullness fell into a full chapel train and she wore a fingertip veil attached to a matching lace crown and short white gloves. She carried a white lace Bible topped with amazonian lilies and interspersed with stephanotis and ribbons.

Miss Grace Elizabeth Moore, cousin of the bride, was the maid of honor and wore a white silk organdy gown over taffeta. The bodice had a rounded neckline, brief sleeves and a pleated cumberbund ended in a wide panel that fell over the back of the full ballerina length skirt. She wore a small white silk organdy hat with pleated brim, white shoes, short white gloves and carried a white wicker basket filled with snapdragons, daisies and pale yellow carnations in a spring arrangement.

The bridesmaids were Jane E. Dillon, sister of the bride; Joan A. Pfaus, a Tecumseh friend of the bride and two of her sorority sisters, Mary Towle from Grand Rapids, Michigan and Marilyn Matthews from Spring Lake, Michigan. They were beautifully gowned in white silk organdy over taffeta fashioned in identical design to the maid of honor's gown and all carried the white wicker baskets of floral spring arrangements, as well as wearing small white organdy hats, white shoes and short white gloves.

Susan Gathmann, cousin of the bride, from Jackson, Michigan was the flower girl and was daintily attired in white organdy over pale yellow taffeta with a bustle bow in back, a tiny white organdy hat with pleated brim, white shoes and gloves and she carried a miniature wicker basket filled with spring flowers.

Richard S. Brown of Detroit served as his brother's best man and the ushers were Verne Vackard of Pontiac, Douglas Gembis and Orland Wysong of Detroit and Max Gozenbach of East Lansing.

For her daughter's wedding, Mrs. Dillon wore a sea green silk shantung sheath in princess style with an Italian neckline, three quarter length sleeves with tiny white edging, matching shoes and hat and her corsage was white gardenias. Mrs. Brown wore a pale blue gown with full skirt, three quarter length sleeves, matching shoes and hat and her corsage was also white gardenias. Mrs. Mae Dillon, paternal grandmother of the bride, wore an aqua dress with black accessories and a pink camellia and Mrs. C. F. Gould the maternal grandmother, wore navy with light blue accessories and a pink camellia.

Approximately 250 wedding guests attended the reception held in the Fellowship Center following the ceremony. Each window in the Center contained an arrangement of a white cross banked with Easter lilies and palms. The bridal cake was edged with tiny easter lilies and encircled with flowers and greens. The table was further enhanced with a silver candelabra holding yellow tapers. Kathleen Davenport and Gretchen Stultz, two sorority sisters of the bride poured the coffee; Mrs. Richard S. Brown and Mrs. Theodore Benson poured the punch; Ann Sterling and Shirley Ginebaugh, sorority sisters of the bride and Mrs. Richard Fielder, cousin of the bride, cut and served the cake; Gretta Porter had charge of the guest book; the gifts were received by Miss Ann Gathmann, cousin of the bride, and others assisting were Mr. and Mrs. D. A. Gathmann of Jackson; Mr. and Mrs. A. A. Gould of Huntington, Indiana; Mr. and Mrs. R. H. Moore of Tecumseh and Mrs. Henry Chavy of Traverse City.

For their wedding trip to Miami Beach, Florida by plane the new Mrs. Brown wore a navy blue wool suit with navy accessories and a white breton with the amazonian lilies from her bridal bouquet. After a weeks stay in Miami, the couple will make their home at 13557 Centralia, Detroit, Michigan.

The bride will receive a B.A. degree in elementary education from Michigan State University in June and is affiliated with the Alpha Chi Omega sorority. The groom will receive a B.S. degree in physical education from Michigan State University in June and he is affiliated with Sigma Nu fraternity.

Mr. and Mrs. Seymour H. Brown entertained the members of the bridal party and their guests for dinner and the evening at the Tecumseh Country Club on Saturday evening following the rehearsal.

Guests attending the wedding came from Detroit, Jackson, Hudson, Traverse City, Huntington, Indiana, New Holstein, Wisconsin, Grand Rapids Spring Lake Battle Creek, Adrian, Ligonier, Indiana, East Lansing, Okemos, and Tecumseh.

Easter Sunday was an especially appropriate day for this wedding as the bride was born on Easter Sunday April 21, 1935, the day is the wedding anniversary of the bride's parents, Mr. and Mrs. Herbert W. Dillon and also the birthday anniversary of the groom's mother, Mrs. Seymour Brown of Detroit. It has also been reported that Easter Sunday will not occur again on April 21 until the year 2019.

Horton - Handley Wedding In Macon Church Saturday

Palms and potted flowers decorated the Macon Methodist Church last Saturday, April 20, at 2:30 when Miss Linda Lee Handley and Marvin L. Horton spoke their wedding vows before the pastor, Rev. Donald Bates. The bride is the daughter of Edward Handley of Britton and Mrs. Margaret Handley of Ypsilanti and the groom is the son of Mr. and Mrs. Zearl Horton of Rt. 1, Britton, Mich.

The bride was given in marriage by her father. She was attended by Norma Faust of Britton. The bride wore a white dress with a red rose corsage and the attendant a lilac colored dress with red and white carnations. Mrs. Carl Thomas played the organ and the best man was the bride's brother, Richard Handley of Britton. Mrs. Handley woer a light blue dress with a yellow rose corsage and Mrs. Horton black with a red rose corsage.

A reception will be held at the Grange Hall on Sunday, April 28. On Saturday evening following the ceremony, the couple were honored by some of their friends at a party in the American Legion Home in Britton. They will take their wedding trip at a later date this summer.

Both the bride and groom attended the Britton-Macon High School. Mr. Horton is now employed by the Clinton Machine Company. They will reside at 12762 Britton Highway near Britton.

Exchange Club Heard Talk By Allen Seager

The Tecumseh Exchange Club held their regular weekly meeting Wednesday evening in the F.O.E. hall.

Final plans were announced for the ladies' night on May 1. Clarence Beach and Skip Rex were appointed to the inter service club committee to work on community projects at last week's meeting.

Russell Garno, program chairman for the evening, presented Mr. Allen Seager, a member of the University of Michigan faculty, who gave an interesting and informative talk on a recent trip to Europe.

Odd Fellows And Rebekahs Camp Opens In June

The first group of boys of the ages 12 to 15 years will invade the Odd Fellow and Rebekah Camp on Sunday, June 23rd for the opening of the 1957 season. The second and third weeks will be for the boys of 10 to 13 years and the fourth and final week for them will be for the 8 to 11 years old group. The boy's season will end on Sunday, July 21st. The same age brackets in the same weekly order will be used for the girls starting Sunday, July 21st with the camping season ending on Sunday, August 18th.

Sunday, July 21st is known as Pilgrimage Day at which time the change over is made from the boys season at the camp to that for the girls. It is also set aside in the Order for a visitation by lodges and members and friends to see the operation of the Camp and note improvements and changes made each year for its betterment.

About one half of the total number of campers each season are sent by the lodges of the fraternity. Others come through individual sponsors. Many of our campers are boys and girls whose parents or sponsors do not belong to any branch of the Order. Again as in past seasons other groups such as the Girl Scouts will attend the Camp.

Programs at the camp include swimming, boating, tennis, baseball and many other sports with hikes and camp-outs as weather permits. The Camp handles about 900 campers a season. Mrs. Louvia Fox, P.P. 1132 Rathbone, S.W., Grand Rapids 9, Michigan is the secretary to whom correspondence should be sent regarding camper applications.

GOOD, BAD AND INDIFFERENT

"One and the same thing can at the same time be good, bad and indifferent, e.g., music is good to the melancholy, bad to those who mourn and neither good nor bad to the deaf". How true this quote from Spinoza is. Nearly everything in nature is completely relative to the situation and subject. This is the core of the matter why Communism and Utopian Societies of any sort must fail. There is no general will. We are all individuals thinking, reacting and acting quite often differently than another individual.

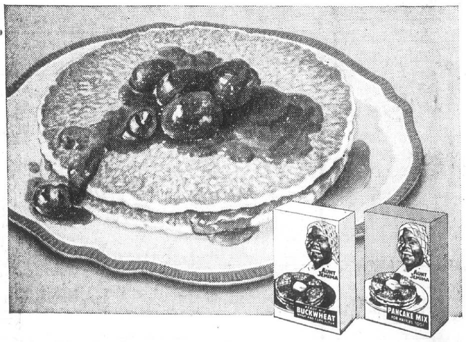
What do these famous products have to do with TECUMSEH



. . . besides help homemakers plan new dessert surprises?

"The character of a company is shown by the people who work for it. At our plant here, the people who work for The Quaker Oats Company take an active interest in community affairs. We are active members of civic, charitable, church and youth organizations. We are proud of our community and constantly strive to make it a better place to live and work in," says one of the Quakers, Mary L. Furgason, in Tecumseh.

Aunt Jemima Pancakes (and buckwheats) are among the most *versatile* foods you can prepare. They're good at any meal. They "go with" a great variety of good things from syrup to sausages. And they're also delicious as a *dessert*, with fresh or frozen fruits and berries. So light, so tender, so *tasty!*—And the secret is a special blend of four flours, found only in Aunt Jemima Pancake Mix.

Folks *right here* who work for The Quaker Oats Company are proud of the quality, the purity and the *versatility* of Quaker products. They enjoy working for a company that is so responsive to people's wants and needs, and so insistent on customers' complete satisfaction.

Q. Why is "FLAKO" a magic word in so many U.S. homes?
A. Because it means the easiest-to-use mixes you can buy—for pie-crust, cup cakes, corn muffins, cheese cake, popovers and cream puffs. And it means *extra quality* in the finished baked goods, because Flako Mixes are products of The Quaker Oats Company!

SUBMITTED TO

THE LAYMENS' NATIONAL COMMITTEE

By WENDELL B. BARNES

Administrator, Small Business Administration, Washington, D. C.

Dear God, when we seek peace must we defeat
Ourselves as caution's voice makes double sound,
And cheering freedom then condemned to treat
Its death as unimportant all around?
In this confusion give us grace to greet
The Christ who comes to heal now our soul's wound.
(Rev. Charles D. Kean, 1956)

Passed Away Monday Morning

Funeral services were held Wedesday at 2:30 p.m. at the Green Funeral Home for Mrs. Harriet A. Knight who passed away Monday at 6:30 a.m. at the home of her daughter and husband, Mr. and Mrs. Floyd Bryan at 409 W. Logan St. Mrs. Knight was 94 years old and had spent the last twenty years of her life in her daughter's home after the death of her husband, Fred G. Knight, which occurred March 9, 1926.

Mrs. Knight was born in Monroe county October 16, 1862 the daughter of Charles and Ann Maria Packard Bartholomew. They came to Tecumseh in 1883. After her marriage to Mr. Knight, they lived most of their married life in Adrian and Jackson before coming to Tecumseh in 1921.

Mrs. Knight is survived besides her daughter (Phoebe), Mrs. Floyd Bryan, by one sister, Mrs. Lillian Packard of Detroit, six grandchildren and 19 great grandchildren. She was preceded in death besides her parents and husband by one son, Charles Knight and two brothers, George and Burt Bartholomew.

She attended the Baptist church when health permitted but has been confined to her bed since this past December. Rev. Blair Bashore officiated at the services and burial was in the Brookside cemetery.

Bearers were Russell Knight of Northville, Norman Orr of Plymouth, [illegible] Chrysler of Brighton, Frederick Bryan of Britton, E. H. McConnell and Carl Kempf of Tecumseh.

Christian Science Sunday Service

Man's God-given right of progress will be emphasized at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon entitled "Probation After Death" will include the following from Isaiah (9:2): "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

The following selection will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (233.1): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by the power of Spirit, as Jesus destroyed them. This is an element of progress, and progress is the law of God, whose law demands of us only what we can certainly fulfil."

Banquet Date Set For May 15

The Presbyterian Woman's Association met April 17 when announcement was made of the Presbytery to be held today, April 25 The date of the Mother and Daughter banquet was set for May 15 in the Fellowship Center. Ticket chairman for the banquet will be Mrs. Anne Rozelle and Mrs. Jessie Sluyter will be in charge of the program.

During the meeting, it was decided to divide the nursery into two groups with Miss Judy Murphy in charge of the babies up through 2 years old and Mrs. William Sisson in charge of the 3, 4 and 5 year olds.

The program, "Christ's Way Every Day in the Church" was presented by Circle 7 with Mrs. Wilbur Boyce in charge and devotions were led by Mrs. William Sisson. Refreshments were served by Circle 7.

Notice Of Sale

$1,900,000.00.

TECUMSEH PUBLIC SCHOOLS

Lenawee County, Michigan

SCHOOL SITE AND BUILDING BONDS

Sealed bids for the purchase of general obligation bonds to be issued by Tecumseh Public Schools, Lenawee County, Michigan, of the par value of One Million Nine Hundred Thousand Dollars ($1,900,000), will be received by the undersigned at the Office of the Superintendent, High School Building, in the Village of Tecumseh, Michigan, in said School District, until 8:00 o'clock, p.m., Eastern Standard Time, on the 7th day of May, 1957, at which time and place said bids will be publicly opened and read.

Said bonds will be dated May 1, 1957, will be coupon bonds in the denomination of One Thousand Dollars ($1,000) each, will be numbered consecutively in direct order of maturity from one (1) to one thousand nine hundred (1,900), both inclusive, will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on the first day of October, 1957 and semi-annually thereafter on the first day of April and October in each year. Said interest rate for bonds maturing in any one year shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

$ 60,000 on the first day of April in the year 1959
$ 70,000 on the first day of April in the year 1960
$ 80,000 on the first day of April in the year 1961
$ 95,000 on the first day of April in the year 1962
$ 95,000 on the first day of April in the year 1963
$100,000 on the first day of April in the year 1964
$105,000 on the first day of April in the year 1965
$110,000 on the first day of April in the year 1966
$115,000 on the first day of April in the year 1967
$115,000 on the first day of April in the year 1968
$120,000 on the first day of April in the year 1969
$120,000 on the first day of April in the year 1970
$135,000 on the first day of April in the year 1971
$135,000 on the first day of April in the year 1972
$140,000 on the first day of April in the year 1973
$150,000 on the first day of April in the year 1974
$155,000 on the first day of April in the year 1975

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds.

Bonds numbered one (1) to three hundred five (305), inclusive, maturing in the years 1959 to 1962, both inclusive, shall not be subject to redemption prior to maturity.

Bonds numbered three hundred six (306) to one thousand nine hundred (1,900), inclusive, may be redeemed prior to maturity at the option of the School District in inverse numerical order on any interest payment date on or after April ,1 1962, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

$30.00 on each bond called for redemption prior to April 1, 1964;
$25.00 on each bond called for redemption prior on or after April 1, 1964, but prior to April 1, 1966;
$20.00 on each bond called for redemption on or after April 1, 1966, but prior to April 1, 1968;
$15.00 on each bond called for redemption on or after April 1, 1968, but prior to April 1, 1970;
$10.00 on each bond called for redemption on or after April 1, 1970, but prior to April 1, 1972;
$ 5.00 on each bond called for redemption on or after April 1, 1972, but prior to April 1, 1974.

No premiums on bonds called for redemption on or after 1, 1974.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from June 1, 1957, to the date of maturity for all bonds maturing prior to the year 1974; to April 1, 1965, for all bonds maturing in the year 1975; to April 1, 1968 for all bonds maturing in the year 1974; and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from advalorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of $38,000.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Miller, Canfield, Paddock and Stone, 525 Hollister Building, Lansing 8, Michigan, Attorneys for the School District.

The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Grade School News

PATTERSON SCHOOL NEWS

We have had a happy Easter in the kindergarten — Ronald Fogge and his mother brought each of us a darling baby chick to take home. When we came to school on Thursday our Easter baskets were not where we had left them! We had to hunt for them and there was a surprise in them for us. We had a beautiful parade in every room in our school, wearing our Easter hats that we had made and we carried our baskets.

Our work books had a nice page about the little red hen which we made to take home. Mrs. Updike took our pictures in our Easter Hats.

The first grade had a big Easter parade. Some of us made our hats pretty and some of us made them funny. We each carried our baskets. Most of us made our baskets out of cottage cheese boxes. We covered them with crepe paper and put on a big handle. Last we put on paper decorations and fancy bows.

Second grade made an Easter rabbit which was five feet tall including his ears. We used paper bags stuffed with newspaper and pasted strips of paper over this to make his body and legs. Then we covered him with small pieces of white cotton batting. He looks just like a real Easter rabbit. We also made Easter baskets and dyed Easter eggs.

Philip Browne has joined our eight-year olds this month.

We were happy to have Mrs. Purkey, Mrs. Collingsworth, and Mrs. Pihl visit our room recently.

Stephen Ring has been absent for a tonsilectomy. Bob Powell has been in Florida, and Carl Collingsworth is absent with the measles. We expect to have all of them back in school after Easter.

We are very interested in watching the men prepare to build the addition to Patterson School. They will be working right close to our room so we will be able to watch it closely.

In arithmetic we have been learning how to add or subtract a one, a ten, or a one-hundred from a number. One or two things about this make it necessary for us to work very carefully but most of us understand all about it now.

Henry Mensing and Brenda Hoekstra have new glasses and are very glad to be able to see so much better.

We are learning to multiply and divide decimals in the sixth grade, we don't find it too difficult.

In English we are studying adjectives and adverbs.

In science we are studying about plants and animals which is very interesting and may prove especially helpful to us this spring.

Mary Ann Mead, Annette Linger, Nancy Nixon, Bonnie Oyer, Gail Sisson, Karen Penrod, Penny Head, Ruth Furgason, Gary MacKenzie, Bill Bishop, Mike Cook Barry Hall, Tommy Dickinson, Eugene White, Bob Wilbar, and Roy Caldwell will participate in the square dance exhibition, which will be given at the Patterson School's P.T.A. Program Thursday.

Ann Surratt brought little statues of all the presidents of the United States. We are studying about our government. We have the statues in our display case.

In our last Self-testing Drill our class average was above eight. Ten is the highest a class can average on these drills.

Our class, with the help of Mr. Young, made an egg mobile. We plan to put other things on the mobile after Easter.

We are dramatizing a play from our reading books: THE BRAHMIN AND THE TIGER.

The fourth grade has been enjoying the aquarium this week. We had a new family of guppies, and all the fish are very interesting.

Our Junior American Citizens Club met on Thursday. After the business meeting, several girls and boys presented a spring program.

Our booklet of Spring Flowers is nearly finished. We expect to begin one of insects next week.

CENTRAL SCHOOL NEWS

The first grade of Miss Luken's have been learning to count and write by 2's, 5's, and 10's. They have found that they can reach 100 much faster by using these numbers.

Each child was pleasantly surprised by receiving a seashell and interesting stories from Marta Puffer, who had spent a week in Florida with her family.

Easter animals were the topic of the room one day this week when Mrs. Lamkin visited and drew on the blackboard.

Carol Elliott, David Beaty, and Yolanda Sanchez enjoyed being story readers this week.

Mrs. Puffer's second graders were very busy at Eastertime making an egg tree, a large mural of Eastertime on Pleasant Street, miniature wheelbarrows and entertaining a real bunny.

Spring is beginning to appear in the form of a window garden. Pumpkin seeds, onions, peanuts, cotton, and lettuce have been planted and are growing nicely.

The boys and girls of Mrs. Whiting's fourth grade will miss Sandra McCarley who is moving to the country. She will be going to Centennial School for the rest of the year.

If you should chance to visit the fourth grade you would find Easter bunnies and baskets, April Calendars, and two murals made in art.

The students of Central School were surprised to smell Chow Mein and see chop sticks, but Mrs. Becker's sixth grade enjoyed eating with the wooden chop sticks that they had each made.

John Hartley attended the National U.A.W.-C.I.O. convention in Atlantic City with his parents last week. One of the interesting experiences at Convention Hall was an address by Eleanor Roosevelt and the singing of Marian Andehson.

This week the sixth grade have been spending a great deal of time on parts of speech and multiplication and division of decimals. Mrs. Westdyke presented, in art, the use of the broadline crayon.

Visitors this week were Marie Boyce, Mrs. Rozelle, and Mrs. Forrester.

RIDGEWAY SCHOOL

Fifth and sixth grade

In our art class we have been making rabbits of papier mache. It has been rather messy work but some of them have turned out quite well. We expect to paint them this week.

Several of us are members of the Ridgeway Sunnyrays 4-H Club and exhibited our work at the local achievement which was recently held at the schoolhouse.

Two members of the Gideon Society visited our room and presented several of us with copies of the New Testament.

Diamantina and Juan Flores, who have been members of our fifth grade have moved to Deerfield. We miss both of them.

Consuelo Mata is the only one in our room who has a birthday during the month of April.

We are eagerly looking forward to our trip to Greenfield Village and have been reading the literature which Mr. Greene, our principal, brought to us about the main features of the museum.

The boys and girls in our room think we are quite fortunate to have Mr. Williams for our janitor. He takes a lot of pride in keeping our building in good conditon. Every day we find our room clean. One morning last week he washed all of our windows before we came to school.

LAMKIN SCHOOL NEWS

The news from Lamkin School could be dominated by listing the measles patients. We won't go into detail, however, except to say that few have escaped. We miss Margaret Bayless who has been having rheumatic fever, but we are happy to learn that she is improving rapidly and may be able to come back to school before the end of the year.

Both grades have recently had some social studies lessons by film strips. Mrs. Baker showed pictures of life in China to help the sixth grade learn about the customs and ideas of the Chinese people. The fifth grade learned more about our nation's capital and our government's work by seeing film strips. One especially helpful one was on our Bill of Rights.

We have a Citizenship Club which meets the first Monday of each month. We can carry on a very grown-up business meeting now. Our president, Bonny Staup, and our secretary, Rhea Fischer, do an exceptionally fine job.

We are all looking forward to our trip to Greenfield Village on April 24th and are quite interested in the literature about it so we may understand as well as enjoy our experiences.

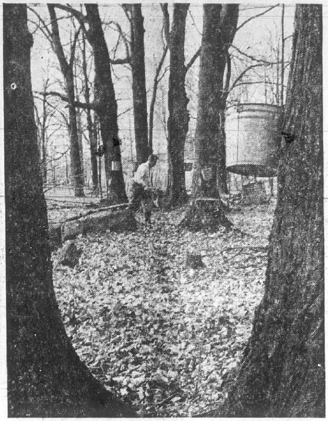
Maple Syrup Season



Each spring, Michigan maples are tapped for their usually rich store of sap which is boiled down into maple syrup and sugar. Here a worker gathers buckets full of the tree juice from a southern Michigan sugarbush. It takes about 50 gallons of sap to produce one gallon of syrup

Thinclads Took First Meet From Bedford 66 To 43

The Tecumseh Indian thinclads met Bedford here last Wednesday for their first track meet of the season and defeated them 66 to 43.

Ray Miller took first place in the broad-jump by leaping 18 ft. 7 1/4 inches. Mike Walters took second. Dean Andrews captured the honors in the 100 yard dash with a time of 11 seconds. Eugene Damon took second place honors. Ken Miller captured first place in the mile run with a time of 5 minutes 11 seconds. Jerry Kruse took third place honors. Al Dickinson ran the 440 with a time of 58.2 seconds. Dick Bager ran the 120 yard high hurdles in 18.6 seconds. Al Dick captured third place in the event.

Al Dick won the low hurdles event with a time of 24.3 seconds. Dick Baker took second. Dean Andrews won the 220 yard dash with a time of 25 seconds. Eugene Damon took third place. Tecumseh took all three places in the half mile event. Ray Miller took first place with 2 minutes 21 seconds. Gary Hanna came in second and Garry Elliott third. Al Dickinson, Bruce McDowell, Eugene Damon and Dean Andrews won the 880 yard relay with a time of 1 minute and 43 seconds. Ray Miller and Mike Walters tied for 2nd in the high jump. Jerry Crunk took third place in the pole vault.

Coach Don Brazee reported that the track was in a very wet poor condition thus accounting for the slow times. The team met Monroe Central Wednesday here and will face Blissfield here Friday.

On Saturday Coach Brazee will take nine boys to Hastings to take part in a Relay Carnival.

Bright Comet Visible Here During April

The rare opportunity of seeing a bright comet is possible during the month of April, a University of Michigan astronomer declares.

"A comet discovered by Arend and Roland in Belgium last November is in the spring sky," says Hazel M. Losh, U-M associate professor of astronomy. "Comet Arend-Roland is visible to the naked eye from now to May 15th." "During its period of greatest brightness," the astronomer continues, "It might equal the spectacle provided by the famous Halley's Comet in 1910." Giving a calendar of where the comet will be located, Professor Losh says "It is best seen about an hour before sunrise. The head of the comet is below the horizon but it has developed a large and bright tail which may be seen rising nearly vertically from the horizon somewhat north of east. After April 30, the professor says the comet will become circumpolar—that is, it will be visible throughout the night.

Describing comets, Professor Losh says they are sometimes called "a bag full of nothing. A well developed comet consists of a small bright nucleus, surrounded by a diffuse, misty envelop or coma. A tail develops and always extends in a direction nearly opposite that of the Sun—sometimes attaining a length of many degrees and a real length of many millions of miles."

NO DOG TRAINING

State law prohibits dog field training from April 15 through July 15. The law protects young game animals and nesting birds from over-zealous hunting dogs. Each year, state conservation officers must arrest some dog owners who forget or overlook this statute. Dog training is permitted after July 15, during the hours from sunrise to sunset.

OUT FISHING!

A Tennessee fisherman got quite a surprise recently when he landed his catch—a full-grown raccoon. Apparently Mr. 'Coon was doing some fishing himself, and liked the other fellow's bait.

BELLS HELP

Out in Idaho, the clanging of a sheep bell may mean there is a big game animal in the vicinity. In addition to tagging and releasing animals for game management studies, Idhao game biologists sometimes attach a bell around the animal's neck to assist people in spotting them in wooded or brushy country. In addition to the conventional ear tag, an animal also might carry a colored disk on its ear to make identification easier. These markings help to supply information on animal distribution and movements. Idaho biologists say the bells, the type ordinarily used on sheep, have no apparent effect on the animal's activities and are ignored by both predator and prey species.

FISH PLANTING

Michigan fish hatchery workers are busy these days planting the first of 1,500,000 legal-sized trout, most of which anglers will catch during the coming fishing season. The general trout season opens April 27. About 250,000 of the total will be released during April. The fish are being trucked from most of the state's 20 hatcheries and rearing stations to hundreds of release points on lakes and streams throughout the state. Some hatcheries which work only with warm-water, or non-trout, species are not included in the annual big release project. The releases include brook, brown and rainbow trout of various sizes and age groups. These fish, added to the natural reproduction of Michigan trout streams and lakes will make enticing targets for the state's 235,000 anglers. The plantings will continue throughout the summer and fall.

The Bel Air Convertible—one of 20 new Chevies!
There's more to be proud of in this one!
You'll be proud of Chevy's sweet, smooth and sassy way of going. And you'll take extra pride in Chevy's look of substance and character, its careful construction, its fine finishing touches you don't find in other low-priced cars. For one thing, the others don't have Body by Fisher. For another, they can't hold a candle to Chevy when it comes to performance. Chevrolet, you know, won the Pure Oil Performance Trophy at Daytona Beach as "best performing U. S. automobile." Automotive experts decided that. Bet you agree with them once you stop by your dealer's and drive a new Chevrolet yourself! Soon maybe?

NEW RESPONSIBILITY

Early in April, news dispatches from London told of serious political problems faced by Prime Minister Macmillan—and of what was termed a "new wave of Anti-Americanism."

These two developments are closely related. They stem from a British fear, which finds many influential voices in the country's principal newspapers and magazines as well as government, that England is becoming the tail to the U. S. kite. For example, our agreement, made at Bermuda, to supply England with guided missiles, drew this comment from the Sunday Express: "The Bermuda deal gives rise to fears that the rocket defense of Great Britain is virtually handed over to American GIs."

The root of all this lies in the profound change that is taking place in Britain's role in the world. The British are a proud people and for good reason. Behind them is a magnificent history. What is shocking to traditionally-minded England is that the days of vast empire and power are also behind them.

U. S. News & World Report puts it this way: "Great Britain, in all except economic relations with Commonwealth nations, is drawing back to the status of an island country—still with great strength and great resources in capital and in people, but no longer a power that leads." It adds that the islands are military volunerable in this age of hydrogen weapons, and, on top of that, are self-sufficient in very few of today's basic national needs.

The magazine traces what has happened to the old Empire—that Empire on which the sun never set. It came to its zenith in the great age of Victoria, who was the ruler of a quarter of the globe. Then the colonies, beginning with Australia, began to gain their independence. One new and independent nation after another has been created. Today the population of remaining British colonies is but 80 million—where as recently as 1939 it was 563 million.

Britain's economic power and military power have declined accordingly. Once the British Navy ruled the waves. At the peak or her sea power, in 1914, she had 195 capital ships. In 1939 she had 122. Now she has 48, and but 20 are currently in operation.

What this means is that much of the authority Britain used to exert in the world has passed to other hands. She remains an ally of the United States, and to most students she is the most important and reliable ally. But her capacity to pursue major policy purely on her own hook and in accordance purely with her own judgement is gone—as the Middle-Eastern crisis, and the resignation of Prime Minister Eden, dramatically demonstrated.

What importance has this fateful evolution to the United States? The answer is: Every importance, whether we like it or not. When vacuums exist in the world, they must be filled. Only two powers are capable of filling great vacuums—the United States and the Soviet Union. These are the sole powers with the wealth, the weapons, the populations, the strengths of all kinds. Americans certainly want no empires. But basic responsibilities of empire have fallen upon us.

GIDDAP!

According to the Citizens Committee of the Hoover Report, the government has now accepted 39 per cent of the Hoover Commission's recommendations.

But wait a moment before you cheer. The accepted 39 per cent involves only 9.6 per cent of the possible dollar savings. More than 90 per cent of the dollar savings (which would reach $5 billion a year) are in the 61 per cent of the recommendations that still lie dormant.

ANNONNCEMENTS

The Alice Jane Circle will meet on Wednesday, May 1, at 8:00.

The Macon Women's Society of Christian Service will meet on Thursday, May 2 at 1:30.

RHOADES SOLOIST

James Rhoades, son of Mr. and Mrs. Floyd Rhoades was the soloist at the Good Friday services. He was accompanied by Mrs. Carl Thomas who also played other Easter music. Rev. Bates gave the message. This was the first Good Friday service in several years but it is hoped to make it an annual program.

OVER 100 ATTENDED

Over 100 attended the Macon Sunrise Service at 6:30 on Easter Sunday. Special numbers were sung by the Junior and Senior Choirs as well as solos. The scripture was read by Judy Hawkins, the prayer by Richard VanValkenburg, the Easter Story by Miss Joan Ayres, Miss Kendra Frost and Warren Naugle. Rev. Bates gave the meditation and benediction. Breakfast was served in the church dining room following the program by the Alice Jane Circle. The tables were decorated with a large Lily plant, a Bible and candles. Part of the tables were in the form of a Cross. Guests were present from Adrian, Lansing, Saline, Tecumseh and Ridgeway.

LOCALS

Jimmie Collins returned home from the Herrick Memorial Hospital on Saturday.

Mrs. Melvin Travis entertained a few ladies Wednesday afternoon in honor of Mrs. Donald Bates' birthday.

Sunday guests of Mr. and Mrs. Russell VanValkenburg and son Richard were Mr. and Mrs. Harold VanValkenburg and son of Ypsilanti, Mr. and Mrs. Floyd Lindsley and sons of Clayton, Mr. and Mrs.

Realty Views

The home mortgage picture is confusing to a lot of people. However, most are not as badly muddled as the applicant for a real estate license in Oregon who attempted to define a blanket mortgage.

He wrote: "A blanket mortgage is one which covers both the husband and the wife." Actually, of course, it is a single mortgage on two or more different properties under the same ownership.

The house mortgage outlook is getting a little more encouraging. The Wall Street Journal recently quoted several experts to the effect that some "loosening" of the tight money policy may be expected—but that it is at least 3 months away. In addition, it is often possible to buy "on contract", and even to "trade" when a suitable loan is unavailable.

We are always glad to explain "How" to go about buying a home. Naturally, it depends on many things, so no formula can be set forth here. Come in and we'll try to provide an answer "tailored" to your own situation.

In recent years there has been a great change in the practice of medicine and pharmacy.

To keep pace with this change we pharmacists are continuously studying the drug and medical journals. As soon as a new drug is released we not only stock it, but learn all about its dosage, action, proper compounding, and preservation.

That is why we are prepared to compound any prescription, prescribed by any physician, no matter how distant, exactly as he specifies.

YOUR PHYSICIAN CAN PHONE TECUMSEH 245 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

"To understand the present, one should examine antiquity."

It is obvious that things would not be as they are now had it not been for discoveries made in the past. Smallpox, for example, was the first disease for which immunization was available. However, ignorance and prejudice often prevented health authorities from giving mass immunizations during the early years. Fortunately, this is no longer a problem under our present enlightened system of health care.

The luxurious
Ford Fairlane 500
There is nothing like it in the low-price field

The decision of Arthur Maxwell

There once was an intelligent young man named Arthur Maxwell. He thought he would like to "step up" to a "medium-priced" car. So he went and looked at a model just "a few dollars more" than a Ford. At first glance it looked good. But when he got inside he exclaimed, "No radio? No heater? No automatic transmission? You call this Luxury??" He soon saw that a "MEDIUM-PRICED" car with equipment he wanted became a HIGH-priced car. So, being an intelligent young man he dashed off to his Ford Dealer and bought a Ford Fairlane 500—the true luxury car in the low-price field—with all the equipment he wanted *for less money than the stripped-down model he had thought he wanted.* Why don't you do as Arthur did?

HOLSTEIN SHOW

The Lenawee County Holstein Breeders Association will hold their annual show Saturday, April 27, 1957, at the Lenawee county fair grounds, according to William Routson, President. Preliminary selections for the state 4-H Club show will be chosen at this time, so Ray Peffers advises all 4-H club members with registered Holsteins to participate in this show.

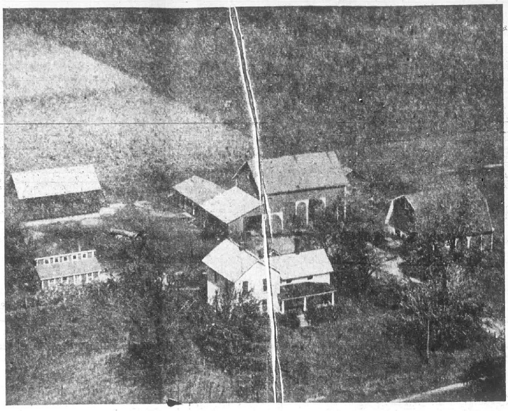
Mystery Farm Was Joe Brosamer's



The Joe Brosamer farm located 3 miles east of Holloway on Holloway road was identified first last week by Kenneth Marks of Route 2 Britton. Mr. Brosamer was given an aerial photo of his farm and a two year subscription to the Tecumseh Herald by Hayden Mills, Inc., sponsors of the Mystery Farm contest. The Tecumseh Herald gave Kenneth Marks a two year subscription to the Herald for being the first person to identify it.

The farm has been in the family for 60 years. It was owned by his parents, Mr. and Mrs. Chas. Brosamer, up to the last three years. Mrs. Joe Brosamer is deceased. Mr. Brosamer has 7 children and 16 grandchildren. Sons and daughters are: Roy of Holloway, Raymond of Devils Lake, Helen Forsythe of Holloway, Harold of Grand Rapids, Donald of Holloway, Mrs. Mary Hawley of Sand Lake and Bernard at home.

Farming activity is mostly general grain farming done by Bernard Brosamer. Recent changes include a new tool shed, corn crib and grainary combinaton with a place for car.

Good Marketing Job Stressed

Producers were again cautioned today by Office Manager, Paul F. Roekle, of the Lenawee County Agricultural Stabilization and Conservation Committee to continue their efforts to get the best possible price in selling their wool. The higher the market price the producer gets for his wool, the higher his incentive payment will be under the Government Wool Program.

This results from the method of making payments, which is on a percentage basis. The percent is determined according to the amount needed to bring the national price all producers received for wool up to the incentive level of 62 cents per pound, grease basis.

Under the 1955 program, this payment percentage was 44.9 percent, which meant that producers received a payment of $44.90 for every $100 received from the sale of wool. Lamb payments are determined from the incentive payment for wool and under the 1955 program amounted to 77 cents per hundred-weight for unshorn lambs marketed.

Plant Rates And Yields Run Together

High plant populations of corn on fertile land and high yields per acre run hand-in hand, but unless you hold your planting ground speed to three miles per hour you will have many skips.

According to Robert G. White, agricultural engineer at Michigan State University, the best way to get high planting rates with corn is to overplant by about 10 per cent. A 16,000 plant population per acre shows in tests to be about the best planting rate. In order to be sure of getting this planting rate it is necessary to overplant to about 17,600 plants per acre. Overplanting makes up for losses that develop from poor seed germination or emergence, from insect damage and from mechanical damage in cultivating, he said.

White admits that ears will be smaller when corn is planted at this rate, but maintains there will be increased numbers of ears for a higher number of shelled corn bushels per acre. To get this high planting rate, kernels should be spaced at slightly less than nine inches apart in the row. Extend this spacing by as little as one-fourth inch, and yields will be reduced by a bushel and a half per acre, or population by as many as 500 plants. He points out even though the right planter plates of 16 cells are used with correct sprocket drives, the expected plant population is sometimes not secured.

This problem is often traced to a too-high ground speed at which the planter is operated. At four miles per hour ground speed, a 16-cell planter plate turns about 30 revolutions per minutes. At this rate about 17,600 kernels are planted in 40-inch rows over an acre. But at four miles per hour the planter plate turning rate is too high. A seedbox turbulence is developed so some seed cells will fail to fill and some seed cells pass under the knocker so fast they fail to drop. This develops a skip in the row. As the ground speed increases, skips also increase. Trials show that with each extra mile per hour above three miles per hour speed, there is an average loss of 800 plants per acre.

Jalousies Are Not New Idea

The jalousie window did not make its bow in the United States until 1935, but its basic idea is so old that it is lost in antiquity.

Spanish countries have used wooden louvers for centuries, calling them "Persianos." The Italians call them "Romanillos." Marco Polo brought gold-plated louvers from China to the Queen of Venice. And the French have used them, especially in North Africa, for many hundreds of years.

When jalousies were first introduced into this country in Florida, they were made of wooden slats set in brass clips.

Improvements were rapid, with the biggest development coming in 1945, when glass jalousies won immediate acceptance because they gave added visibility as well as extra ventilation.

Jalousies are still made with wooden or aluminum louvers, but the most popular is the glass louvered jalousie with aluminum frames and screens.

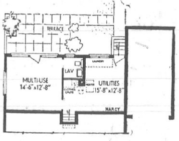
MAIN LEVEL AND UPPER LEVEL



LOWER LEVEL

The tri-level "Marcy" is designed for the utmost in living enjoyment. In addition to the many appealing features on main and upper levels, this design also provides a play room and patio located on the lower level. This practical indoor and outdoor recreation area can be completed in the future, if desired.

The living area on the lower level is 448 sq. ft. On the main level it is 766 sq. ft. and 448 sq. ft. on the upper level for a total of 1,662 sq. ft. Plans are available at local lumber dealers.

Lots Of Home Improvement Loans Are Available Now

The home owner is in a secure credit position today despite the ravages of "tight money" on the building industry.

The reason is the home improvement loan program. At the height of the credit shortage there was plenty of loan money for home improvements.

There are several types of loans which can be obtained from banks and building and loan associations. Perhaps the most popular is the loan through the "open-end" mortgage. Under this plan the home owner can either increase his monthly payments or the length of time he will take to pay off his present mortgage in exchange for an improvement loan.

The advantages are many and obvious. Improvement money is provided when the home owner may not be financially able to take on a new note—usually at the same rate of interest he is paying on his mortgage. Government housing experts have estimated 70 per cent of the mortgages written today have the open-end provision.

Next most popular improvement loan is the government-backed FHA "Title I" loan under which the owner of a single home can borrow up to $3,500 for a little over three years to repair or renovate his house.

Veterans have another alternative through the G.I. mortgage plan under which they may set aside a part of the government-backed loan for improvements.

The home owner may use an improvement loan to provide many changes that will enhance his home's life, value and comfort. A popular improvement is remodeling to create more living space or recreational room, or construction of additions. Interior painting and redecorating also are popular.

Why Not Finish Your Attic For Additional Room

If you feel that your family is outgrowing your home, take a second look around the premises.

According to the Southern Pine Association, there are about 10 million unfinished attics in U. S. homes, also millions of basements and garages that are pulling only a fraction of their weight in usefulness.

Their remodeling often can double and even triple the available living area. Additional bedrooms, family rooms and the like can be brought into being economically by adding southern pine wall paneling and ceiling planking to the existing structure.

FHA Says Martial Woes Cause Many Home Losses

Contrary to popular opinion it is not usually financial difficulties that cause families to give up their homes so that the Federal Housing Administration has to acquire them, FHA Commissioner Norman P. Mason said in discussing the results of a credit survey by the Federal Housing Administration.

"Martial difficulties, death and illness account for more than half the cases where families fall behind in payments on FHA insured mortgages," Mason said.

Other causes of defaults include changing jobs to a different city, inability to sell the house, dissatisfaction with neighborhood and disregarding the obligation to pay.

The actual figure on delinquencies caused by martial breakup, death and illness was 52.5 per cent. Largest percentage otherwise was 14, covering delinquencies stemming from disregard of contractual obligations.

The FHA has insured home mortgages worth $28.5 billion with losses of only one-twentieth of one per cent.

False Economy

Built in haste, rebuild at leisure—and at high cost.

Keep this in mind and avoid the pitfall of false economy, the temptation of substitute temporary improvisations for permanent materials.

Take bathrooms, for example, the most expensive areas of the home to build. Here pennies may be "saved" and dollars wasted by misguided efforts to economize on wall and floor covering. The initial use of a permanent, water proof material avoids cost of redecorating or replacement later.

Plain Rug Helps

A plain rug or one with an unobstructive pattern helps make a room seem larger, if the rug covers most of the floor. And when draperies match the wall color or are a little lighter shade, the same larger look results.

What a Buick!
What a Buy!
What a Dream to Drive!

THE more you look at a new Buick, the more you realize what a spectacular car it is.

It has a suave new body, ingenious new frame, 150 new features in its chassis alone. It's so low, *you* feel inches taller. And there's headroom, legroom, *footroom* galore.

But what you can't see—what you simply have to *feel* for yourself—is what happens when you take this beauty to the road. *Any* road.

We came up with a new kind of steering, new "nested" torque-tube ride, new braking that's smoother, surer, more powerful.

We poured our engineering skills into a completely new V8 engine with the "power-pack" built right in, at no extra cost—a fire-breather, for fair.

And we capped the climax by building a new Variable Pitch Dynaflow* that can't be beat for snap, sparkle, smoothness.

Granted, you've heard about dream cars, and maybe seen a few at Auto Shows. *But here's the first honest-to-greatness dream car to drive!*

You can afford a Buick if you can afford any new car. So drop in on your Buick dealer today.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Auxiliary Convocation Here

The Southwest Convocation of the Woman's Auxiliary of the Episcopal Diocese of Michigan, met in St. Peter's Episcopal Church Tuesday, April 30th.

Some of the ladies are shown above looking at a display board with Mr. Jack Chapin, Director of promotion for the Episcopal Diocese of Michigan. From left to right are Mrs. E. C. Dickin, wife of Rector Dickin of the local Episcopal Church and Dean of the Southwest Convocation; Mrs. Karl Schneider, President of the local St. Peter's Ladies' Auxiliary; Mr. Jack Chapin; Mrs. L. W. Larsen, President of the Southwest Convocation; Mrs. Royce Howes, Woman's Editor of the Diocese and Mrs. Robert Durham, President of the Diocesan Woman's Auxiliary of Michigan.

Over one hundred enthusiastic women from Christ Church, Adrian; All Saints, Brooklyn; St. Michael and All Angels, Cambridge; St. John's, Clinton; Christ Church, Henrietta; St. Aiden's, Michigan Center; Grace Church, Jonesville; St. Peter's, Hillsdale; St. Paul's, Jackson and St. Peter's, Tecumseh attended the meeting.

Holy Communion was celebrated by the Rev. Peter Carroll of Christ Church, Adrian, in the absence of the Rev. E. C. Dickin. Immediately following the service, the regular business meeting was held with Mrs. Lawrence W. Larsen, President of the Convocation, presiding.

At 12:30 luncheon was served in the Parish House with the Women of St. Peter's Auxiliary acting as hostesses. Mrs. Karl Schneider, President of the Auxiliary, was in charge with the following ladies assisting: Mrs. Jack Curtis, Mrs. Wilbur Andrews, Mrs. Paul Ammer, Mrs. Lynn Hubbard, Mrs. Clarence Brock, Mrs. Charles Irelan, Mrs. W. E. Bly, Mrs. Phil Colgrove, Mrs. A. H. Brown and Mrs. Herman Koelbel. The room was beautifully decorated with spring flowers, and each guest was presented with a small corsage of violets by Mrs. Thos. O'Hara.

The Michigan Diocesan Committee for the Washington National Cathedral, headed by Mrs. George Syler of Detroit, exhibited many pieces of exquisite needle point and Petit Point which are to be used in the National Cathedral. It was fortunate that they were available as this is the last week they can be seen in Michigan. The work on these rare pieces was all done by Episcopal women of Michigan. There was also a display of books and periodicals from the Cathedral Book Shop in Detroit. Mrs. Robert Kennedy, Detroit, explained the meaning of the many symbols and patterns used in the needle point and told how they would be used in the Cathedral.

An unusually interesting program was given by Mrs. Robert Durham, President of the Michigan Branch of the Woman's Auxiliary to the National Council, assisted by Mrs. Royce Howes and Mr. Jack Chapin. The subject of the program was "Communism". Four Workshops were held after the program, led by Mrs. Lee Lincoln of Jackson, Mrs. Harold Sherman of Adrian and Mrs. Richard Duffin, of Tecumseh. The women discussed the best methods of communicating the good news of the Christian Religion and the work being done along that line by the Episcopal Church in their communities. Reports were made of their findings to the whole group and co-ordinated by Mr. Chapin.

Mrs. Larsen then announced the following dates to be marked on their calendars: (St. Peter's, Tecumseh)

May 16th—The Annual Kitchen Tour from two to five p.m. Maps and tickets were available.

June 18th — Parish Presidents' meeting and picnic to be held at the home of Mrs. Larsen, 1009 Red Mill Dr., Tecumseh.

Aug. 7th — Convocation Board Meeting, 10:30 a.m. All Saint's Church, Brooklyn.

Oct. 9th—Southwest Convocation Meeting, Michigan Center, St. Aiden's.

The Rev. Peter Carroll announced a "Teaching Mission" which will be held December first through December 5th in Hillsdale.

The meeting was closed with a Special Litany by Mrs. Robert Durham.

V. F. W. To Sponsor Program Friday For Bleacher Fund

Dennis Glen Cooper, explorer, travel photographer and television celebrity, will show his own exclusive color motion pictures and speak on "Touring Glorious Michigan" at 8 o'clock at the High School Gym Friday evening. Cooper appears under the auspices of Hall-Slater Post of the V.F.W. The Michigan color motion pictures represent a score of expeditions by boat, plane and motor car. They show Michigan's famous lakes, forests, waterfalls, and world-famed recreational areas in the Upper and Lower peninsulas.

Among the highlights are scenes in and around Detroit; a canoe trip on the Au Sable River; many lovely waterfalls of the north country; a visit to primitive Isle Royale; a stay at Blaney Park Resort and at world famous Mackinac Island and a ride in a "Dune-scooter" over the enormous white sand dunes north of Muskegon. Cooper accompanies the picture throughout with an exciting, rapid-fire narrative.

Dennis Glen Cooper was born and educated in Detroit. In 1933, Wayne University granted him its first Master's degree in geography. During World War II he rose to the rank of major, was Chief Rescue Intelligence Officer of the Fifth Air Force. Important mili-

Patterson Addition On Schedule

Tecumseh Herald photo

The ground was broken for the Patterson School addition shortly after Easter. The foundation was poured last week and the first blocks were laid Monday. If everything goes according to schedule, the building will be completed by September 1.

Jaycees Dump C. of C. Duties By Unanimous Vote

The Tecumseh Junior Chamber of Commerce voted unaminously Thursday evening at the regular monthly meeting to end acceptance of the responsibilities of the Chamber of Commerce taken over at the time the organization was disbanded.

It was the feeling of the group that such responsibilities were not consistent with the purposes of the Junior Chamber of Commerce and could not be performed adequately on such a basis. All funds in escrow for community parties and similar projects are to be returned to the Community Fund.

Enroll Children For Kindergarden May 6-10

Kindergarten enrollment will take place at the Patterson School from 2 p.m. to 4 p.m. next week. To be eligible for Kindergarten, a child must be 5 years old on or before Dec. 1. You must bring a birth certificate.

The schedule is as follows:

Monday, May 6 — last names starting with the letters A through E

Tuesday, May 7 — last names starting with the letters F through J

Wednesday, May 8—last names starting with the letters K through R

Thursday, May 9 — last names starting with the letters S through Z

Friday, May 10 — any who did not come on the scheduled day.

Beauty Bar In New Building

Mrs. Richard Kelley, who recently purchased the building formerly occupied by the Dairy Queen on N. Evans Street from Ed Clark, has completely remodeled the structure and moved her Beauty Bar there from the Driscoll Building where she has been located for the past 2 years. New equipment and furnishings have also been installed. Mrs. Kelley has operated a beauty parlor in Tecumseh for the past 6 years.

Tecumseh Bank Notes Were Found In Chicago

Stephen Illeck, credit manager of the Tecumseh Products Company, purchased two 1835 Bank Notes issued by the Tecumseh Bank. One is a $5.00 note and the other is a $1.00 note. He found them while browsing through a stamp shop in Chicago. The $1.00 note has a picture of the Sage Building on it. Both are in excellent condition.

Girl Scout Court of Awards Friday

The Tecumseh Girl Scout Association will hold its annual Court of Awards on Friday evening at 7:30 o'clock in the Products Union Hall. Three hundred fifty Brownies, Girl Scouts, and Senior Scouts are eligible for membership stars, badges and other forms of recognition provided by the Association. All parents, relatives and friends are cordially invited to attend. Mrs. Melvin Purple is chairman of the arrangements and is assisted by Mrs. Frank Robinett, Mrs. Edwin Bunge, and Mrs. Jack Nichols. A rehearsal will be held on Thursday at 4 o'clock.

3 Deer Spotted

Mr. John D. McColl, who lives west of the city, reported seeing three deer early Wednesday morning grazing on his lawn. Two of them were full grown and the other about half grown. The barking of his dog sent them galloping back to the woods.

HEALTH STUDY DELAYED

Fund Consideration Put Off Until Fall

Dr. Horton from the University of Michigan Department of Public Health and Director of the Health Study to be done in Tecumseh reported this week that some parts of the project have been started however the major parts of the study are halted until funds are made available for it.

Representatives from the National Institute of Health advised him recently that consideration for funds would be delayed until the next meeting of the National Advisory Health Council in November. In the meantime, they have requested more information concerning plans related to specific diseases the institutes are interested in such as heart disease and mental disease.

Dr. Horton stated that other fund sources are being mentioned such as the Rockefeller Foundation.

However, some of the projects associated with the study are underway now with funds already made available. The Virus Laboratory at the School of Public Health is studying the local sewage for disease producing virus. A study has been completed to establish the trading area for Tecumseh using data obtained from church memberships, retail store trade, telephone company service and students going to Tecumseh Public Schools.

Other projects that may be started in the near future include getting information from smaller groups than the whole community in such areas as disease outbreaks. There are many questionaires, check sheets and similar forms that must be worked out before the major study begins.

AMERICAN LEGION AUXILIARY

Tecumseh Herald Photo

The winning Poppy posters from the Tecumseh Schools were sent to the 2nd District Meeting of the American Legion and Auxiliary last Sunday in Monroe. The two above were selected as winners in the district contest. Joy Bennington's poster on the left won 2nd place and Alice Villaneva's on the right won 3rd place. Only first place winners were sent to the Department contest.

Closed Saturdays

Beginning Saturday May 4, the Tecumseh Herald offices, as in previous years, will be closed all day Saturday through the summer. The offices are open 8 a.m. until 5 p.m.

Blanks Appliance Has Been Sold

Blanks Appliances in Tecumseh has been sold to Mr. Ben Ruffer of Adrian who took possession May 1. The store offers a bottled gas service and sells Norge appliances. The new owner comes to Tecumseh with several years of business experience. Mr. and Mrs. Robert Blanks have been in business here 4½ years.

Mr. Blanks has accepted a position with Michigan Bell Telephone on advertising in the yellow pages for the Ann Arbor District. They plan to move there in the near future.

The new owner states that he took over the warranty and service and will endeavor to give the same fine service as the store has been noted for in the past.

Census Being Taken

The school census will be taken beginning May 1 through the rest of the month. Mrs. Victor Lawson and Mrs. Donald Brazee will be calling on Tecumseh residents and annexed areas.

TIME FOR ACTION

Now that the Jaycees are no longer responsible for any of the duties of the Chamber of Commerce (see story elsewhere on this page) who is going to accept them? There is a considerable amount of mail from persons and industries wishing information about Tecumseh for possible locations. Now there is no one to answer this mail or do any of the other all important functions. The Jaycees felt, and justly so, that they could not handle adequately the many duties of a Chamber of Commerce and remain consistent with the purposes of their organization. It seems like now is the time for action if there is ever going to be any! The welcome sign falling down at our north city limits attests to the need for an active Chamber of Commerce with a full time Secretary.

WHAT WAS ACCOMPLISHED?

I wonder if the recent uprisings in Hungary showed the world that the oppressed behind the iron curtain can successfully rebel against their enslavers or if it showed the world that with modern weapons and applied force an oppressor can control indefinitely an unwilling people. I hope that the former is true but would not rule out the latter at least for now. We have the peculiar situation where we do not dare answer the calls for help from those people controlled directly by the opposing power since it would mean total war and probably total elimination of civilization. At the present time, our hopes must rest greatly on the ability of the oppressed to eventually rebel.

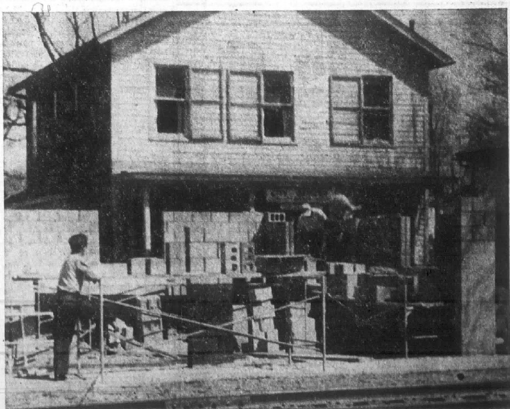
WHAT HAPPENED?

The Farmers Almanac says that it will be fine weather until Monday at which time it will turn cool until the 13th of May. However, I wouldn't bank too much on these calculations. It said that we would have the last big snow of the year between April 22 and April 30. What happened?

Addition To House The New Truck



Tecumseh Herald photo

City Engineer Cal Zorn reports that construction on the new 30 by 31.8 foot Fire Hall addition will be completed within a month. The one story addition will house the new fire truck as well as another vehicle. It will have two 12 foot overhead doors and concrete floors. For the time being, the front will be cement block.

United In Marriage

MRS. RICHARD CRESWELL

The wedding of Miss Janis E. Boltz, daughter of Mr. and Mrs. Mervin Boltz, of 112 E. Kilbuck St., and Richard William Creswell, son of Mrs. Ruth Creswell of 3655 Judd Rd., Milan; was Saturday, April 27, at 7:30 p.m. in the First Presbyterian Church of Tecumseh, Michigan. White snapdragons and white Supreme pompoms filled the altar vases, and with hampers of the same blossoms and lighted candelabra formed a beautiful setting at the altar. The traditional white aisle runner was used and the pews were marked with white snapdragons, Emerald foliage, and white satin bows.

The bride entered the church on the arm of her father who gave her in marriage. Rev. George Walworth performed the ceremony. Mrs. Fred Dickinson played the nuptial music and also accompanied Mrs. Albert Alexander from Jackson who sang "The Lord's Prayer" and "Because".

Miss Boltz was lovely in her bridal gown of white lace over satin designed in princess style with a full length skirt enhanced by seven short tiers of lace forming a train. The gown had a square low neckline, long sleeves, and satin coved buttons extending down the back. She wore a sweetheart cap of lace and pearls, a fingertip length lace veil, a pearl necklace and earrings which were a gift from the groom. She carried a white lace covered Bible enhanced with a petite crescent of white Butterfly roses, white stephanotis and a white orchid with tufts of white nylon tulle and narrow satin streamers tied with lover's knots.

Miss Merene Boltz, a student at M.S.U. was her sister's maid of honor and was lovely in a gown of laurel crystalette in ballerina length with a fitted bodice. The bride was attended by four bridesmaids: Miss Inez Boltz, her sister; Miss Sharlene McClintic, a roommate at college; Miss Doris Tresser, a friend from Detroit and Miss Diane Whitecotton, also a friend of the bride. Little Jackie Murphy, daughter of Mr. and Mrs. David Murphy, was the flower girl.

George Creswell of Milan served as his brother's best man with two other brothers, Carl from Central Michigan College at Mt. Pleasant and Claude from Ann Arbor, acting as ushers. Melvin Boltz, brother of the bride from M.S.U. and Peter King of Milan also served as ushers.

For her daughter's wedding, Mrs. Boltz wore a gown of light blue pure silk with cerise accessories and Mrs. Creswell wore a gown of medium blue lace with white accessories. Both mothers wore white orchids.

A reception for the 300 wedding guests was held at the Tecumseh Products Union Hall following the ceremony. The bride's table was decorated in silver and white with spring flowers and greens. The cake was cut by Mrs. Ed Rackley of Jackson and served by Miss Grace Moore. Mrs. Verna Johnson, Mrs. Barney Weatherman and Mrs. Pat Crawford poured tea and coffee while the punch was served by the Misses Freda Weatherman and Mary Pat McCann. Miss Mary Nixon had charge of the guest book and Mrs. Thomas Will, Mrs. Bud Young and Miss Kay Artley received the gifts.

Guests attended the wedding from Sault Ste. Marie, Jackson, Monroe, Toledo, Manitou Beach, Detroit, Ann Arbor, East Lansing, Milan, and Mt. Pleasant.

The bride wore a sheath dress and duster of silver charcoal and white with white accessories and the orchid from her bridal corsage when they left for a two weeks tour through the West including Grand Canyon. Upon their return, the newly married couple will live at 3430 Pennington Road, Clinton. The bride is a graduate of the Tecumseh High School and attended the University of Michigan for two years. The groom is a graduate of Milan High School and attended Eastern Michigan College.

The rehearsal dinner was given in the groom's home at Milan, Michigan.

Season To Open

Lady golfers will open the season Wednesday, May 8, at 9 a.m. All golfers are urged to come out. Six scores must be turned in before June 5 in order to establish a handicap.

Married Saturday

MRS. RONALD HENKEL

Kathryn Lorene Reid, daughter of Mrs. Ruth Kelley Reid of Battle Creek, became the bride of Ronald R. Henkel, April 27 in the Tecumseh Grace English Evangelical Lutheran church. The groom's parents are Mr. and Mrs. C. R. Henkel of Tecumseh.

Rev. A. Jeschke, pastor of the church heard the vows exchanged in the double ring ceremony at three o'clock in the afternoon. Mrs. Kenton Hunt was organist and played the wedding march and accompanied Donald Hartsuff of Brooklyn who sang "The Lord's Prayer." White spring flowers, Cathedral candles and palms were used for altar decorations.

The bride, given in marriage by Floyd Willnow of Clark Lake, was lovely in her floor length gown of tulle over satin fashioned with a bodice covered with imported silk Chantilly lace trimmed with seed pearls, a bateau neckline, short sleeves and dropped waistline shaping to a V. Her veil fell from a heart shaped cap covered with Chantilly lace and seed pearls. She carried a cascade arrangement of white carnations which were backed with lace leaves and strands of English ivy and a lace handkerchief that was carried by her great grandmother on her wedding day.

Mrs. Harold Anderson of Clark Lake was matron of honor. She was gowned in a seafoam silk Organza over satin fashioned with a scalloped neckline, shirred waist, matching cummerbund with floor length skirt. She carried a basket arrangement of pink carnations centered with purple iris. Cheryl VanCamp was flower girl. She was dressed in pale blue and carried a nosegay of daisies edged with blue net and tied with pink ribbon.

Richard Henkel served his brother as best man and Michael Murphy was the ring bearer. Ushers were Harold Anderson of Clark Lake, Donald Van Camp, Duaine Murphy and Jack Gillen of Adrian.

A reception was held following the ceremony in the church parlors with Mr. and Mrs. Paul Maves as hosts. Mrs. Richard Henkel had charge of the guest book, Mrs. Donald VanCamp and Mrs. Richard Shumar of Battle Creek the gift table, Mrs. Duaine Murphy and Miss Mary Lou Copp served the cake, Miss Francis Purser the punch and Miss Patricia Burns the coffee.

After a wedding trip in northern Michigan, the young couple will make their home in Tecumseh. Both are employed at the Tecumseh Products Co.

Dr. Bagshaw Reports Hopeful Cancer Treatment

Dr. Malcolm A. Bagshaw, a radiologist at Stanford University told the California Medical Association of hopeful results in the treatment of deep cancer with a small atom smasher.

All traces of malignancy in 48 out of 74 patients treated in a little more than a year have disappeared he reported. It is far too early to call these results cures because cancer could reappear. Five to ten years free of the disease would constitute what the doctors call a cure.

Dr. Bagshaw is the son of Mr. and Mrs. Albert Bagshaw of Chicago Blvd., Tecumseh and graduated from Tecumseh High School.

Realty Views

Jack Jackson wanted to sell his property. It was a large home, worth lots of money.

Accordingly, he was cautious in listing it for sale.

"Tell me, frankly," Jack asked, "should I give you a non - exclusive listing, or an exclusive listing?"

"It depends on one thing," I replied. "That's the kind of service you expect out of us. If you merely want us to know about it and sell it if a prospect happens in, that's one thing. But if you expect us to use our best efforts in promoting a sale, that's another."

"Well," Jack replied, "I naturally want results."

"Then, we need and expect an exclusive listing. We'll give it everything we've got, in the way of experience and know-how, to make a satisfactory sale. In taking an exclusive, we assume that responsibility. And, it's an obligation we don't treat lightly. Proof of that is our record of successfully completing many large sales."

"Fine," Jack said, "go ahead, on an exclusive listing basis."

May we sell your home too?

Kiwanis Members Heard Talk By Quaker Rep.

The Kiwanis Club had a very interesting meeting Wednesday noon when Stanley Woods, Lieutenant Governor of the State Kiwanis Clubs was a guest. There were four guests present from Adrian and one guest from Blissfield.

Announcement was made of the Anniversary Dinner next Wednesday night at the Country Club at 7 o'clock. Dr. Richard Coak is chairman of the affiar. There will be entertainment and a guest speaker. The usual business meeting will be held Wednesday noon.

The President of the Adrian Kiwanis Club, Dwight Horn, presented the Tecumseh club with two Kiwanis signs to be installed at the city limits. Another sign will be presented by the Blissfield club at a later date.

Mr. Donald Nixon, president of the Quaker Oats Co. here and Mr. Robert Todd and Mr. Stanley Birnstein were guests. They presented Mr. Val Gould who travels the country dressed in Quaker costume, the trade-mark of the company, who gave a very interesting talk. He stated the Quaker emblem was not connected with any religious group but was chosen as a trade-mark because the Quaker people were noted for their fair-dealing, etc., and this is what the company tries to live up to.

Mr. Gould spoke of juvenile delinquency. He stated that it was not a new problem but a more serious problem today. He believes that the main cause for delinquency is that homes were disturbed during the war and many children did not receive the proper care and discipline. The way to deal properly with delinquency has not been found and delinquents are mounting in numbers. However only 3 per cent of the total number of youngsters are getting into trouble with the law. He said today's youngsters are the finest generation in history. Mr. Gould spoke to the students at Tecumseh High School Wednesday.

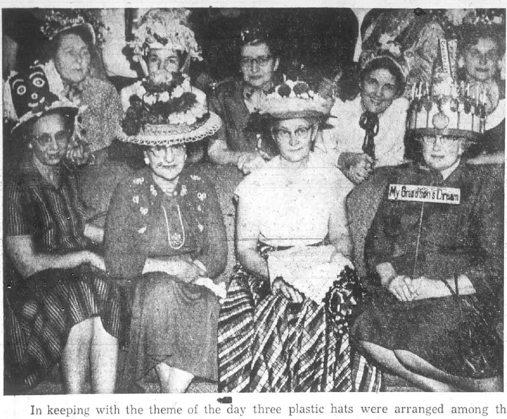
"Silly Chapeau" Winners Announced



In keeping with the theme of the day three plastic hats were arranged among the flowers at the "Silly Chapeau" tea Wednesday afternoon at the Country Club. The judges were Mildred Butler, Marjorie Wickwire and Katherine Krueger.

Ila Hanna, second from left above sitting, won the prize for the "silliest chapeau"; her creation was designed from an overturned basket with a fish bowl containing five gold fish surrounded and enhanced by flowers over the top. Peg Walter's, second from right above sitting, hat was selected as the most original. The deep crown held a birthday cake covered with icing decorated in floral design with candles. Rozelle Rice, left and Ayesha Laidlaw, right, received honorable mention. Other original and very clever chapeau were the "tea cup and saucer" arranged with metal dishes and fringed with tea bags; "my grandson's dream" an arrangement of candy, lollypops, cookies and stuff; a permanent hair waving machine made from a mop and curlers; the "flying saucer" and "man from Mars".

Tea was poured by Jessie Sluyter for the 40 persons attending with Gertrude Stevenson assisting as co-hostess.

The winners at bridge that afternoon were Edith Smith, 1st and Jean White, 2nd. Arneta Maves won at Canasta.

E. R. Service Honored With H. Russel Award

Elman Rogers Service, assistant professor of anthropology at The University of Michigan, is the winner of this year's Henry Russel Award. A native of Tecumseh, Dr. Service received a Bachelor of Arts degree with distinction in 1941 from The University of Michigan. He also studied at the University of Chicago and Columbia University, receiving his Ph. D from Columbia in 1950. A veteran of World War II, Service taught at Columbia from 1948 to 1953, when he joined the U-M staff as assistant professor of anthropology.

Announcement of the honor was made Tuesday (April 23) following the 32nd annual Henry Russel Lecture by English Prof. Louis I. Bredvold. The award is conferred upon the faculty member with the rank of instructor or assistant professor whose work as a teacher or researcher is outstanding and holds great promise for the future.

Christian Science Sunday Services

How sin and suffering are destroyed through spiritual understanding of Christ, Truth, will be explained at Christian Science services Sunday.

Scriptural readings in the Lesson1Sermon entitled "Everlasting Punishment" will include the following from Lamentations (3:39-41): "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord. Let us lift up our heart with our hands unto God in the heavens."

Correlative selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (391:13): "It is error to suffer for aught but your own sins. Christ, or Truth, will destroy all other supposed suffering and real suffering for your own sins will cease in proportion as the sin ceases."

Services Held For Laurance Van Gieson

Funeral services were held Sunday at the Proctor Funeral Home in Clinton at 2 p.m. for Laurance A. Van Gieson who passed away early Friday morning at the Herrick Memorial Hospital. He was 64 years old and lived at 11110 Tecumseh Rd. just south of Clinton where he had made his home since his marriage to Ella M. Ahrens Aug. 31, 1918. Mr. Van Gieson had been in failing health for the past three years.

He was born, Feb. 19, 1893 in Bridgewater Township, the son of Albert and Sara Dillingham Van Gieson. He was a member of the Masonic Lodge No. 175 of Clinton and the Clinton Farm Bureau.

Surviving besides his wife are a daughter, Mrs. Dorothy Jean Marsh of Clinton; a sister, Mrs. E. L. (Hazel) Thompson of Clinton; three brothers, LaVerne, a twin of Mr. Van Gieson, of Mt Clemens, Wylie of Detroit and Harold of Arcadia, California; two granddaughters and several nieces and nephews.

He was preceded in death besides his parents by an infant son and two sisters. Services were conducted by the Masonic Lodge and burial was in Riverside Cemetery.

To Organize Church

REV. ROBERT BERGMAN

The Rev. Robert Bergman has arrived in Tecumseh to begin development work for a new United Lutheran Church. The work is under the auspices of the Board of American Missions of the United Lutheran Church in America.

Pastor Bergman and his family moved from Cincinnati, Ohio, where he spent three years organizing a congregation and serving as its pastor through its first church unit building program.

A parsonage has been purchased at 504 Inner Dr., Tecumseh, by the Michigan Synod of the United Lutheran Church in America. This will serve as Pastor Bergman's home and office during the formative period of the new church. The Bergmans have three young daughters.

Russell Freshcorn Participated In Naval Exercise

Participating in operation "Green Epoch", the first North Atlantic Treaty Organization naval exercise to be held in the Mediterranean this year was Russell N. Freshcorn, seaman, USN, son of Mr. and Mrs. Clayton Freshcorn of 308 N. Pearl St., Tecumseh, Mich., aboard the destroyer USS James C. Owens.

The destroyer, a unit of Destroyer Squadron 22, arrived in the Mediterranean Feb. 6. The squadron assisted the USS Forrestal in her first appearance as a member of NATO's Mediterranean fleet by performing plane guard duty for the 60,000 ton super carrier during the operation.

Ships of the squadron have visited Naples, Palermo, and Salerno, Italy; and Corfu, Greece. They are scheduled to return to the United States the latter part of May.

Baptist Mother And Daughter Banquet Held

Two hundred thirty attended the Mother and Daughter Banquet held in the Baptist Youth House Monday evening when the men did all the serving and waiting on the tables. The invocation, "Father We Thank Thee", was sung by the little girls of the Sunday School as they stood at the tables. After the dinner, the toastmistress, Mrs. Earl Wood, led in group singing and then presented Mary Wing who gave the toast to the mothers followed by Mrs. Wing responding with the toast to the daughters. A trio composed of Pamela Brooks, Catherine Maples and Linda George sang "Nelly Bly"; Ann Marie Haughn presented a comical monologue and Mrs. Dean Jones, Mrs. Leslie Calhoun and Miss Olivia Noel sang "Que' Sera Sera" and "In The Garden" to Mrs. Jones' accompaniment on the guitar.

Following the program, the group honored the birthday anniversaries of Mrs. Robert Gillespie and Mrs. Kay Monagin. Potted plants were presented to the oldest mothers present, Mrs. Fred Sheldon and Mrs. William Swick; the youngest mother, Mrs. Donald Van Camp, with her daughter Cheryl, and the mothers with the most daughters present, Mrs. George Green Jr. with Carol, Jo Ann and Gloria; Mrs. Dow Bilby with Mrs. Norman Wonderly, Carol and Janet; Mrs. C. O. Bailey with Mrs. Warren Puffer, Mrs. Claude Sebring and Mrs. Duaine Murphy and Mrs. Laine Holden with Debbie, Joy and Jill. Several mothers with three generations present attended so the youngest one, Mrs. Harry Withrow, with 2 daughters, Mrs. Stanley Dermyer, with her daughter, Corrine, and Mrs. Harold Kopka with daughter Catherine was presented with the plant.

Huge bunnies with nests of eggs and musical notes decorated the walls of the Youth House, these were made by Mrs. Dean Jones and Mrs. Richard Lask. The tables were delghtfully decorated with tiny hats as centerpieces and favors for each guest. These were made by Mrs. Harold Kelso, Mrs. Carl Kempf, Mrs. Bernard Fero, Mrs. Robert Smith and Mrs. George Green, Jr. Mr. and Mrs. John Surratt and Ann had charge of the dining room and waiters assisted by Mrs. Charles Beland and Mrs. Robert Gillespie. The program was arranged by Mrs. Earl Wood, Mrs. Vern Manwaring, Mrs. Priscilla Brown and Mrs. George Green. Mrs. Glenn Driscoll was the pianist and tickets were in charge of Mrs. Lillian Owen and Mrs. Blair Bashore. The kitchen committee was Mrs. Floyd Barrett, Mrs. Mills Swick, Mrs. Roscoe Hewlett, Mrs. Ted McConnell, Mrs. Vern Brown, Mrs. John Snow, Mrs. Lillian Owen, Mrs. Arlie Becker, Mrs. Garland Gove, Mary Snedecor and Mrs. Bashore.

Robin Hood Theme Of Cub Pack Meeting

The theme of the Cub Scout Pack 4 meeting held April 24th at the Baptist Youth House was "Robinhood." All of the Cubs dressed in Robinhood costume and presented their numbers from a stage decorated by Den 7 as Sherwood Forest. A castle made by Mrs. Elwyn Merx and Mrs. Richard Brighton den mothers of Den 2 also helped to provide a very realistic setting.

The meeting was opened by the assistant cubmaster, Ernie Oliver in the absence of Dr. Dustin and Den 5 led the flag ceremony. Dens 1 and 8 presented a Robinhood pageant; Den 3 had charge of a dart game; Den 6 a Log Balance Den 9 presented a contest of staff wrestling between "Little John" and "Robinhood"; Den 10 presented a skit, "How Robinhood Got His Golden Arrow"; Dens 4 and 5 sang "Robinhood" between the acts and Den 5 retired the flags.

Mr. Ernie Oliver and Mr. Elwyn Merx, awards chairmen, presented the awards to the Cubs: Bobcats were conferred on Gregory Miller, Richard Bilby, Richard VanSickle, Fred Freeman and Danny Dewey. In Den 2, Ricky Brighton received silver arrows under both wolf and bear; Ronnie Nichols, a wolf badge, gold and 2 silver arrows; Donnie Nichols, a denner stripe; Larry Merx, an assistant denner stripe. In Den 3, Steven Hollar, a wolf badge, gold and silver arrow and James Wilbar, a wolf badge. In Den 5, Ronald Anderson receivel a silver arrow under lion; Keith Kilbourn, bear badge, gold and silver arrow; Douglas Kayner lion badge; Dale Brown, silver arrow under wolf and Richard Johnson, gold arow under bear. In Den 6, gold arrows were awarded to Roger Beal, Robert Berkley, Franklin Boike, Stephen Derby, Terry Lee Keith, Richard Nighswander and Terry Sisty. In Den 7, Lynn Gomez received a gold arrow under wolf; Hal Warren, a silver arrow under wolf and Richard Stearns and Paul Gomez received two year service stars. In Den 8, Gary Hall received a gold arrow under wolf; Steven Butler, a silver arrow under wolf; Randy Work, a wolf badge and Earl Cook, a denner stripe. In Den 10, Eddie Roe received a silver arrow under bear.

David Dustin of Den 4 received his graduation certificate and Webelos badge as well as a scout knife from the Pack. He was welcomed to Troop 4 by Scoutmaster, John Twiss. This troop accompanied by David went on the Waseon Hike Friday evening and returned Sunday evening.

Tin Can Cubby was awarded to Den 9 for having the highest percentage of parents present at the meeting.

Pack 73 Held Fun Night And Gave Awards

Fun night was held by Pack 73 of the Cub Scouts last week at the Union Hall with Den 2 presenting the opening flag ceremony. Den 3 had charge of a basketball relay in which all Cubs participated. In the absence of the scoutmaster, Stanley Kruse and Roy Beasley presented the awards.

The following ten boys received wolf badges and arrows under the wolf badge where listed: Eugene Boyers, gold arrow; William Meyers; Glenn Barton, one gold and two silver arrows; Larry Koons; William Hadley, gold and two silver arrows; John Snyder, gold and one silver arrow; Henry Howard, gold arrow; John Smith, gold arrow; Robert Smith and Steven Hunt, gold arrow.

The following boys received silver arrows under the wolf badge: Stanley Lewis, Edward Brazee, Jeff Robison, Tim Dickinson, Lee Selders, John Goodman, Michael Schultz, Wayne Brooks, John Davis, Glenn Green and Ernesto Sanchez, Richard Brown received a gold arrow under the wolf badge; Robert Seitz, a bear badge, a gold and silver arrow; Thomas Elliott, a bear badge, a gold and silver arrow; Kirk Lucas, a bear and a gold arrow; James Oberlin, a bear, a gold and silver arrow; Marvin Grigg, a bear, a gold and 2 silver arrows; Gerald Sniffen, a gold arrow under the bear badge; Ronald Clark, a gold and two silver arrows under the bear badge; Walter Zarnoch, a gold and a silver arrow under bear; Carson House, a gold arrow under bear; Paul Kuse, a silver arrow under Lion; Ronald Jones, a Webelo badge and he was inducted into Boy Scouting.

The following boys received 2 year service pins: Robert Van Vleet, Randy Fergus, Doyal Hannibal, Michael Montgomery, Dennis Richardson, Ronald Clark, and Carson House. Lee Hannibal received a one year service pin.

Following the presentation of the awards two games were enjoyed by the parents. One conducted by Den 2 was a relay in which each participant wore gloves to remove a package of gum from a paper sack, the paper wrapper from the stick of gum and then proceeded to chew the gum. Den 12 conducted a "clothespin in the milk bottle" relay for the cubs younger brothers and sisters.

Announcement were made concerning the Olympic run off to be held at Recreation Field May 25 and the Father and Cub Campout to be held the last week in June, the place to be announced later. The cost will be $2.00 per person.

Cubby was awarded to the Webelo Den who had the highest attendance of 86%, and the meeting closed with Stanley Kruse pronouncing the Scout benediction.

Meeting Held To Discuss Cub-Dad Camporee

A meeting to discuss arrangements for the Cub-Dad Camporee of Pack 73 was held Monday evening at the home of Franklin Fergus. The over-night camp-out is to be held June 28th to the 30th and all Cubs and Dads are invited to participate. It is requested that those planning to go register with the committee, Roy Beasley, Lowell Wise or Carson House no later than May 25th. The cost is $2.00 per person and a list of requirements and equipment will be forwarded to each registered person as soon as possible. Another meeting for final arrangements will be held June 10th.

The Cubs of Pack 73 will go hiking Saturday, May 4th, weather permitting. They are to meet at the Scout Cabin at 12:30 p.m. with a couple of hot dogs, buns and marshmallows.

Flying Club Meeting

The Tecumseh Flying Club will meet Saturday afternoon at 2:30 at the airport for their regular monthly meeting. There are still a few memberships open.

Scouts Took Hike

Boy Scout Troop 57 enjoyed a hike and tinfoil cook out Wednesday evening with their scout master, Almond Curtis. Since it rained that afternoon, it was a good time to try their skill in building a fire with wet wood. The food was furnished by Mr. Curtis and a good time was enjoyed by all.

Assist. Scout Master Honored

The Boy Scouts of the Buffalo Patrol honored the assistant scout master of their troop, Mr. Joe Kellogg, whose birthday anniversary was Tuesday with a surprise birthday cake and a gift during their regular patrol meeting Monday evening. A beverage was served by Mrs. Kellogg and the cake was baked by patrol leader Tom Dickinson's mother.

Troop Selling Kits

The Boy Scouts of Troop 57 with their scoutmaster, Almond Curtis, are selling first aid kits in various sizes and for various uses beginning this week in an effort to make some money for very necessary camping equipment.

The winning time was 9 minutes 9.1 seconds.

The Medlay Relay Team composed of Bruce McDowell, Eugene Damon, Dean Andrews and Allen Dickenson came in 3rd out of 16 schools entered with a time of 2 minutes 41.2 seconds. The winning time was 2 minutes 40.8 seconds.

Over 60 Attended Out-Door Day

More than sixty women who are leaders, assistant leaders and committee women of the Girl Scout Program in Lenawee County attended the Out-Door Day arranged by the Tecumseh Girl Scout Association at the Tecumseh Country Club last Wednesday. After Mrs. Howard Truesdale welcomed the guests, they witnessed demonstrations of primitive camping which included three types of fires prepared by troops No. 7 and No. 9 of Senior Scouts. A skit on First Aid was presented also in the forenoon. Then, all of the guests were divided into patrols and enjoyed a "cook-out" over open fire by preparing a stew with dumplings, bread sticks, ginger bread and coffee.

Mrs. Betty Bausch of Toledo gave an informal talk on the qualities of a good leader. Each of the twenty-five leaders of Tecumseh served on a committee for the occasion. Representatives from Hudson, Addison, and Clinton were present.

Tecumseh Indians Win Third Straight Meet

The Tecumseh Indians pushed their Track record last week to three straight wins. They defeated Monroe Catholic Central 77 5/6 to 31 1/6 Wednesday and defeated Blissfield Friday by the score of 66 2/3 to 42 1/3.

TECUMSEH VS. MONROE C. C.

In the Monroe Catholic Central meet, Bob O'Neill took 3rd place in the shot put event. Mike Walters took first place in the high jump with a leap of 5 ft. 6 in. Ray Miller took 2nd in a three way tie. Crunk tied for 1st place in the pole vault with a height of 9 foot. Jerry Fox tied for 3rd place in the pole vault. Ray Miller captured the honors in the broad jump with a leap of 18 ft. 1 3/4 in. Mike Walters came in 2nd and Jack Bryan 3rd. The Medlay Relay Team took first place with a time of 2 min. 58 1/2 sec. It is composed of Neil O'Hara, Dave Weakly, Ron Johnson and Mike Walters. Dick Baker took 1st place in the 120 yard hurdles with a time of 17.9 sec. Alfred Dick took third. Dean Andrews won the 100 yard dash with a time of 11 sec. Eugene Damon came in 3rd. Ken Miller won the mile run with a time of 5 min. 8 sec. The 880 Relay Team won with a time of 1 min. 42.7 sec. It is composed of Al Dickinson, Bruce McCowell, Ron Johnson and Dean Andrews. Al Dickinson took 1st place in the 440 yard run with a time of 56.4 sec. Bruce McDowell took second. Alfred Dick took 1st place in the 180 yard low hurdles with a time of 23.2 sec. Dick Baker came in 2nd with a time of 23.5 sec. Dean Andrews won the 220 yard dash with a time of 24.5 sec. Eugene Damon took 2nd. Gary Hanna won the 880 yard run with a time of 2 min. 16.8 sec. Gary Elliott took 3rd place.

TECUMSEH VS. BLISSFIELD

In the Blissfield meet, Gregory took 3rd place in the shot put with a throw of 36.6 ft. Ray Miller took 1st place in the high jump with a leap of 5 ft. 6 in. Neil O'Hara and Mike Walters took 3rd place honors along with a Blissfield man in a three way tie. Crunk tied for 1st place in the pole vault with a height of 9 ft. 3 in. Jerry Fox took 3rd place. Ray Miller won the broad jump with a leap of 18 ft. 11 in. Mike Walters took 2nd place. Dick Baker won the 120 yard high hurdles with a time of 17.9 sec. Alfred Dick took 2nd place. Dean Andrews won the 100 yard dash with a time of 10.6 sec. Ken Miller won the mile with a time of 4 min. 58.1 sec. Cruse took 3rd place. Bruce McDowell came in 2nd. The thinclads met Hillsdale Wednesday. Results were not in at press-time.

Field and Stream

The elk, most stately member of the deer family, has made an impressive and interesting "comeback" in Michigan. Heavy hunting and loss of natural habitat destroyed native elk in the state long ago, but re-introduction of a few animals less than 40 years ago created a herd that now numbers more than 600 elk.

In 1918, seven elk were brought in from the Jackson Hole region of Wyoming and released in Pigeon River state forest near Vanderbilt. This small herd multiplied and spread into surrounding areas, although the main concentrations are still in Otsego county.

The animals are protected from hunting, but a few are shot by inexperienced hunters who mistake the elk for deer. The veteran deer hunter, however, recognizes the difference easily because of the elk's size. An adult bull elk may weigh as much as 700 pounds — twice the weight of the biggest buck deer.

Railroad locomotives can present a problem for elk because the animals occasionally challenge an oncoming train and end up second-best in the battle. Just a year ago, five Michigan elk were killed by trains during a one-week period.

The elk herd continues to expand because the animals enjoy a diversified diet and have no enemies other than man. The "wapiti" feeds on grass, moss and other small vegetation as well as leaves, twigs and bark of hardwood trees.

Like moose, elk thrive only in more remote areas, far from the heavy inroads of civilization. It is doubtful if Michigan's elk herd will ever reach hunting proportions, but the animals provide plenty of enjoyment for photographers, tourists and naturalists.

Tecumseh Indians Defeated Bedford Here Monday

The Tecumseh Indians Baseball Team defeated Bedford here Monday by the score of 5 to 1. It was Tecumseh's first win of the year. They have lost 3 and won 1.

Bedford scored one run in the 6th inning while Tecumseh scored two runs in the 4th inning, two runs in the 5th inning and one run in the 6th inning.

Larry Yoakum pitching for Tecumseh allowed 6 hits, walked 2 batters and struck out 9. He also contributed a homerun to the cause in the 6th inning. Ray Larned got a triple in the 3rd. No one was on base for either extra base hit.

The team played Monroe Catholic Central at Monroe Wednesday. Results were not in at presstime. They play Milan here May 8th.

A message from Ralph Hodges, 'Your Pharmacist'

MOTHERS ARE LOVED all year long, but one day each year is always singled out to remind everyone of her importance.

THIS YEAR MAY 12th is Mother's Day. That is when she truly becomes everybody's "Queen for a Day."

"GOD COULD NOT BE EVERYWHERE, and therefore he made Mothers," an old saying tells us. Napoleon said, "The future destiny of the child is always the work of the mother."

We, TOO, WANT TO ADD OUR TRIBUTE TO MOTHERS. We know them well. When they visit our pharmacy it is usually to obtain something for the better health or comfort of their loved ones. We can testify to Mother's constant devotion.

OUR PHARMACY IS REALLY one of Mother's helpers. We are proud of the fact that she often calls on us for information about the health products we supply.

The awakening of Emily Wade

Emily Wade was a girl who had always dreamed of buying a new car. Emily watched her pennies so when she saw a "medium-priced" car advertised for "only a few dollars more" than Ford she went to see it. "My heavens," she gasped when she saw the car, "it doesn't even have automatic transmission; that's one thing I particularly need. And I do think power steering and power brakes are a must." So Emily's dream evaporated. Then Emily stopped in to see her Ford Dealer, an amiable fellow, who showed her how to buy a luxurious *Fairlane 500* with all the extras she wanted

DON'T FORGET! If price is your number one consideration, your Ford Dealer can still deliver a new '57 Ford for less than any full-size car in America

—and at a lower price than the stripped-down model of the "medium-priced" make.
"This is a car a girl like me really wants," said Emily. And she bought it right then and there. Now you know what Emily knows . . . for a luxury car, plus extras, at a sensible price, logic directs you to Ford.

WHEN IS INCOME NOT INCOME?

The wise-acres would doubtless wise-crack (and with real wisdom) "When it's all out-go," but the income tax boys apparently may call "income" whatever they wish.

For example, when a waiter receives tips that are his own, and for which he doesn't have to account to his employer, he must pay income tax on them. But they are not reckoned as income for social security purposes and they can't use them as a means of building up their hoped-for retirement benefits.

It's the old shell game—"Here it is: it's income. No, there it is. It's NOT income!"

You figure it out, our head aches!

☆ ☆ ☆

REVENGE IS SWEET

February 25th marked an important anniversary. But it wasn't one that was received with cheers. It was the 44th anniversary of the federal income tax.

A look backward is in order. In 1913, in the tax's infancy, the normal rate was one per cent and the highest surtax was six per cent. Today the tax starts at 20 per cent, on the lowest taxable incomes, and rises to a high of 91 per cent.

The Portland Oregonian makes this wry and apt comment: "We didn't invent the income tax—the British started using it to support their military campaigns in the late 1700's, shortly after we licked them at Yorktown and won our independence. Well, they have their revenge."

☆ ☆ ☆

LETTERS TO EDITOR

Naturally an editorial writer does not expect the majority of his readers to agree with him on every editorial. The average writer of editorials is not so naive to feel that his edits are read by all of the paper's subscribers. Of course he realizes that there will be disagreement and sometimes hurt feelings, especially when he is bold or stupid enough to print the truth.

There are times when it is a bad practice to have the editorials always written by one person. They are inclined to sound stale and oft-times in a rut.

For these reasons, this newspaper encourages that readers use the "Letters to the Editor" columns. The editorials contain the thinking of one person and he can be wrong. If your thinking conflicts with that of the writer to the extent "that he ought to be taken down a peg," it's very easy to do. Just write your piece, sign your name, bring or mail to the office. It will appear just as you have written it, unless it is necessary to strike out phrases or words that are not in good taste or border on libel.

The editorial pages are usually designed to stimulate thought and opinion. One way to do this is to have as much varied thought and opinion as possible.

SQUEEZE ON RETAILERS

A brief factual article in the "Business Roundup" section of Fortune magazine begins: "Right now retailers aren't sure whether they should be happy or unhappy. They are pleased by the prospect of increasing sales; they are disconcerted by a squeeze in profit margins."

Total retail sales, the article continues, are now running at a record rate of over $89 billion a year. The fourth-quarter rate is expected to be higher. Despite this, retailers are having profit troubles. They have not been able, in today's highly competitive market place, to pass on to consumers all of their increased costs of doing business. This is a serious matter to retailers of all kinds and sizes. At best, retail profits are moderate. Food chains often earn a profit of as little as one cent on each dollar of sales. Other retailers usually earn only a few cents. Under these circumstances, it is very easy for profit to disappear altogther—or even to be replaced by a loss.

News From The Tecumseh Grade Schools

BAPTIST CHURCH SCHOOL NEWS

April was such a busy month in our first grade. We had many things to do to prepare for Easter. We all helped make our Easter egg tree and the bunnies that stood all around it. The Easter Rabbit really fooled us when he hid our baskets and left a surpris in them.

We kept a weather map during the month of April. We think you would be surprised to see how many days were snowy ones in this spring month.

Almost all of us can now count and write our numbers to 100. We are working very hard in our reading and enjoy learning new words every day. We have found that we can make new words by changing the first letter of words we know.

Clifford Purple had a birthday in April and brought a treat for all of us to enjoy.

CENTRAL SCHOOL NEWS

Central School is certainly the busiest place in Tecumseh. There is always something to write about in the news.

The children in Miss Luken's first grade room have been quite pleased with their efforts in spelling. Beginning the first of April they have worked with five reading words each week. During the week they have at least one work paper concerning the words for the week and on Friday they have a chance to write the words in sentences and spell them without any help. They are keeping all their spelling papers in a little booklet which they can go to at any time and which they will take home at the end of the school year.

Gary Easton brought in some pussy willows that had started to turn to seed. It was interesting to see how different they look from the furry pussy willow buds.

The readers for this week were Stephen Maples, Sandra Sweet, and Lynn Cavin.

Many of the children have several book titles under their names on the gingerbread man and woman. This shows how many books they have read at home or at school with just a little or no help at all.

The children in Mrs. Neitling's first grade had many things to tell after Easter vacation. Some of them won prizes at the Easter egg hunt.

We have been working on the alphabet and spelling. Nearly everyone recognizes all the letters both capital and lower case. We can now spell and write about one hundred words.

Mrs. Van Winkle's folks had a lot of fun making and wearing our hats in the Easter Parade. The hats were so pretty that many of us wore them to Sunday school and church on Easter Sunday.

Robert Brown and his brother received a pair of Hamsters for Easter. He shared them with us on Tuesday. We are busy reading and giving reports on this interesting little animal.

"Springtime Fancy!" The children in Mrs. Puffer's second grade used that as the theme when they decorated the big showcase in the hall. Imaginative flowers, birds, a birdhouse that sparkles, and butterflies make a colorful display. The children's own pictures peeping from the blossoms in the grass helped to make this a most enjoyable activity.

Mrs. Thomas' room has a new book for everyone to enjoy. It is called "What Next." They got it as a bonus for sending in eighteen Sunners Weekly Reader subscriptions.

The girls and boys have been writing spring poems. It is fun getting them to rhyme.

Linda George brought a baby turtle to show.

Cathy Merx brought some forsythia.

The children had a chance to see a large bone from either a horse or cow. It was strong and hard just like our bones.

Mrs. Weitenhagen's room has been preparing for spring and summer by making a mural on our board about Summer Fun.

Nancy Ford brought her parakeet for us to see.

We have been writing spring poems too and illustrating them.

We also have been doing division with remainders.

Mrs. Callihan's fourth graders are glad to welcome back Dennis Knight.

In reading and social studies we are studying about famous people of long ago. George Washington, Daniel Webster, Boone, Franklin, and Lincoln are some of them.

Mrs. Callihan is reading the second "Miss Pickerell" book to us.

Suzanne Poley showed us an Easter rabbit about two months old and Shirley Kemp showed a garter snake. Vicki Kemp's mother was a recent visitor. Dale Lee is back after cutting his leg quite badly. Vera Fisher has returned after having measles.

The boys and girls in Mrs. Baily's fourth grade are studying about some of our great Americans, too. They have learned many interesting things about George Washington, Lincoln, Franklin, and Clara Barton.

In science they are making posters of different kinds of food that are especially good for growing boys and girls.

Mrs. Whiting's fourth grade had a live rabbit as a model in art class Tuesday. Raymond Freshcorn brought it.

We are on our last unit in our reading books and will start reading in "Today and Tomorrow" soon.

We all enjoyed our Easter vacation and are ready to tackle our last few weeks of school with renewed vigor.

Mr. Sawyer's fifth grade children have started a study of our North American neighbor — Canada.

Dennis Linden has made a thermometer chart for our room to match the boys and girls in oral fun quizzes. At the present time the boys and girls are tied.

In science we are studying methods of making and controlling fire. We conducted some experiments outdoors. Ronald Jones made a fire with flint and steel while Dick Graham tried making a fire with a magnifying glass.

Some of Mr. Kelty's children went on trips during the Easter recess. Janice Drummonds traveled to Montgomery, Alabama, by way of Nashville, Tenn. to visit a sister. Patty Bedore has been gone a week visiting in Minnesota.

Arrangements were made with the Toledo Museum of Art for a visit in May. We each wrote a letter in language class and Carol McClure's was chosen to send to the Appointment Secretary.

We all hope Mike Hanna is enjoying his vacation even though he had his tonsils removed.

Mr. White's boys and girls enjoy show an dtell. These items were displayed this week:

Billfold—Beverly Miller
Flint—Gerald Carperter
Utah salt—Sharon Korth
Plastic rain hat—Sandra Petrovich
Sugar cane—Vicki Gooding
Fossil—Jim Cubberly
Ball pen—Paul Kruse
Grapefruit—Elizabeth Frost
Fossils—Mike Higgins
First Aid—Mike Wilson

PATTERSON SCHOOL NEWS

The first grade mothers furnished and served the refreshments at the last P.T.A. meeting. The punch and homemade cookies were very good. We decorated the tablecloth in our room. On it we put large boy and girl dolls out walking in the rain. On the napkins we put pretty flowers.

Once again in third grade we are thinking of Florida. Philip Barber is vacationing there with his parents. However, we do enjoy the nice warm days here especially at recess time.

Our room is all decorated with May poles and spring flowers. Mrs. Westdyke helped us make May baskets in art class.

The first reading group have completed their basic readers and are in their second supplementary reader.

We have been learning to carry in multiplication and are now ready for division. We think multiplication is lots of fun.

For the display case in the hall, we drew imaginary fish in crayon on white paper. We then took them for a "swim". To do this, we floated paint on water and when we laid our fish pictures on the water, the paint clung to the paper resembling waves in water.

Sheldon Pease had the only birthday in April.

The boys who will be nine by June 1st are looking forward to joining the Little League ball team.

The fifth grade won the Attendance Award at the P.T.A. meeting last Thursday night.

Some of the boys and girls have been making spring wreathes for our room. We are using these with robins for a border in the front of the room.

The following pupils got stars in Self-Testing Drill 18: Terry Beland, Fawn Choske, David Dustin, Sue Fuller and Susie Whitney.

Merton Boss brought his live Easter rabbit to visit the second grade last week. He told us many things about the care of rabbits. The sun was shining that day and we took our big rabbit, which we had made for Easter, outdoors and had our pictures taken with him.

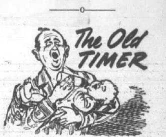
In science we are studying about leaves. We were surprised to find out how different they are. We hope to be able to tell what kind of trees we have around our school when they have leaves large enough to examine.

We are working on finding out more about our state of Michigan. Just now we have been hearing stories about the big boats which travel on our Great Lakes.

While learning about boats we became interested in the Mayflower II which has just started from England to come to the United States. We are saving one part of our bulletin board to use for newspaper stories about it.

Of course, we are interested in seeing the men work on the addition to our school. We now know where the new rooms and the entrance will be. We try to help the men by staying far enough away to be safe. We think they can finish the building faster if they don't have to watch out for us.

Many of us have seen the comet in our northern sky. The rest of us hope to see it before it leaves.



"Nowadays the hand that rocks the cradle usually gets a dollar an hour."

The big things you want cost less in a Mercury Monterey!

YOU HAVE TO PAY OVER $88 MORE to get a 4-barrel carburetor as standard equipment in any competitive car. And Mercury's Thermo-Matic Carburetor is the only one that controls the temperature of the air the engine breathes.

YOU HAVE TO PAY OVER $130 MORE to match the Monterey's brake size in any other car. The Monterey actually has bigger brakes than most of the *highest* priced cars!

YOU HAVE TO PAY OVER $150 MORE to match Mercury's standard 255 horsepower in any competitive car. And the Monterey's optional engine offers a blazing 335 horsepower!

YOU HAVE TO PAY OVER $200 MORE to get any other car with *real* dual headlamps. No other car at the Monterey's price even offers duals. You can get Quadri-Beam headlamps, a true 4-beam system, on *all 19* Mercury models.

YOU HAVE TO PAY OVER $500 MORE to match the Monterey's standard compression in any competitive car. Its compression ratio of 9.75 to 1 is close to the highest you can get in *any* car.

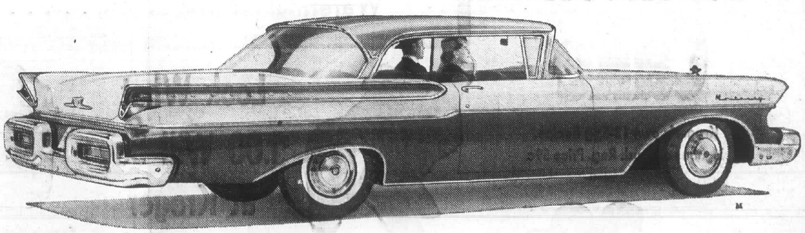
YOU HAVE TO PAY OVER $1,000 MORE to match The Big M Monterey's hip room and rear seat leg room. Mercury has the biggest size increase in the industry—bigger in every important dimension!

YOU HAVE TO PAY OVER $2,000 MORE to match Mercury's width in any other car. You can match it only in America's three costliest cars!

• • •

And no other car *at any price* offers you Mercury's exclusive Floating Ride and Dream-Car Design. Stop in today. Let us show you *all* the reasons why the Mercury Monterey is the easiest big car to drive, to ride in, to look at, and to *buy*.

The price comparisons stated are based on factory suggested retail delivered prices.



BIGGEST VALUE INCREASE IN THE INDUSTRY! The Big M is up in size, in power, in luxury, in everything that counts in a car. But the price is still low—just an easy step up from the low-priced three.

Lenawee Co. Agricultural Agent's Column - - - - -

PASTURE SYSTEMS

There's no best pasture system for all farms, but there is a best one for every farm, says Clayton Ingerson, Assoc. county agricultural agent.

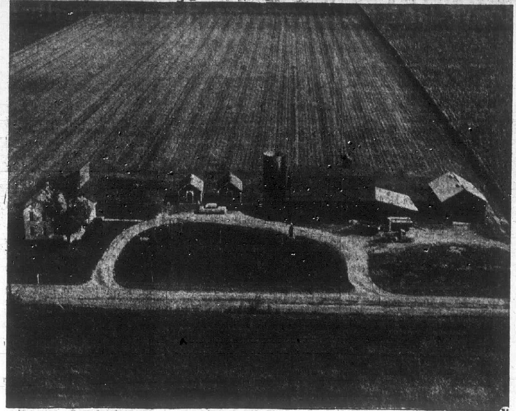
Pasture is one of the most important feeds the dairyman has, but it is one of the most neglected. A Michigan study showed that less than 20 per cent of cropland pastures rated excellent, although about 50 per cent of the meadows harvested for grass silage and hay rated excellent.

Improved use of fertilizer and different grazing systems are two methods that can be used to improve the productivity of pastures. The harvesting and storing of more hay silage for mid-summer feeding will boost pasture yields. Strip grazing, a new pasture system in Michigan, can increase carrying capacity of pastures by 15 to 20 per cent, if well managed. Chopping green grass every day requires the most investment and labor of any system but can increase the carrying capacity of the pasture land from 25 to 35 per cent.

Making silage and feeding it in the summer is about halfway between strip grazing and green feeding both in time and money invested and in increased production per acre. Perhaps some mixture of these plans will be best for your farm. But you can't afford to pass over a good pasture program.

Cutting traffic deaths to a low figure is not just a police matter, it needs your help and support.

Anthony Ivan Farm Identified Last Week



Last week's Mystery Farm belonged to Mr. and Mrs. Anthony Ivan and is located 2 1/2 miles east of Britton and 1/4 mile north on Downing Highway. They have owned the 110 acre farm for the past 15 years. Mr. and Mrs. Downing received their free aerial photograph and two year subscription from the feature's sponsor, Hayden Mills, Inc. The first person to identify the farm was Mrs. Wilton Gittus of Route 1 Britton. She received a free two year subscription from the Tecumseh Herald.

Anthony Ivan and his wife Stella will be married 17 years in June. They have four children: Janice, 15; Larry, 14; Karen, 8 and Cindy, 4. The family attends St. Irene church in Dundee. Mr. Ivan is a member of the I.O.O.F. and Mrs. Ivan is a Bluebird leader.

The Ivan's raise certified grain seed on the farm. Changes in recent years include a new corn crib, and remodeled barn for seed cleaning and processing.

Good Seed Is A Key To Crop Profits

Are you giving good seed the emphasis it deserves in crop production? Many farmers take seed for granted, yet it is one of the main factors in profitable crop production.

Where does seed fit into the crops picture? First, the seed must germinate, giving strong and healthy sprouts. Uniform seed size allows a better distribution of seed through the planter and results in a more uniform stand. If seed used for planting contains viable weed seeds resulting competition may cause reduction in yield and difficulty in harvesting. If diseased seed is planted, the plants frequently show disease symptoms.

All characteristics of a given variety are carried within the seed. Variety has much to do with yield, maturity, lodging resistance, disease resistance, winter hardiness and other grain quality factors. Variety plays a large part in crop production. The peak in yield and quality of the harvested crop may be reached only by planting pure seed of the best varieties. For instance, if seed of a late variety of soybeans or field beans becomes mixed with seed of any early variety, not all of the plants will mature at the same time. This could mean a delay in harvesting the early beans until the later beans were mature and a possible loss by excess shattering of the early beans. If the early beans were harvested when the later beans were green, the green beans would cause trouble in harvesting, storage—a resultant loss of both quality and yield.

The use of high quality certified seed is a way of getting the most from your crops, according to Hildebrand. In the production of certified seed, emphasis is placed on purity for variety. The foundation seed, an unbiased field inspection is made of the growing crop and a careful inspection is made of the cleaned seed to accomplish purity of variety. A mixture of seed of different varieties can sometimes be recognized in the seed itself. But more often, such mixtures can only be determined by inspecting the growing crop, points out Hildebrand.

Gives Recipe For 400 Bushels Potato Yield

A 400-bushel per acre potato yield is no problem on a good upland soil if a grower will follow practices that other growers have shown to be successful. According to Denny L. Clanahan, Michigan State University's farm crops department, growing potatoes is almost as simple as baking a cake—all you need to do is follow a recipe. Clanahan has a recipe proven by research and sworn-to by growers.

The recipe concocted by Clanahan should have started last summer—can still be started this coming summer for potato fields scheduled for next year's planting. Use your commercial fertilizer according to soil test results. If you didn't test your soil, then place 800 pounds of 5-20-20 on each acre. If clover, or alfalfa, was not included in the rotation then also put on a side dressing of from 125 to 150 pounds of ammonium nitrate per acre during the pre-bud stage. You can plant by calendar or by soil temperature. If it is to be by calendar, then plant from May 20 to 25; if by soil temperature, plant when soil is 45 degrees at seed bed level. Green sprouting speeds up emergence. Warm up seed in storage 10 to 14 days before planting. The short sturdy sprouts plant well, Clanahan says. Recommended planting method is to plant seed pieces deep in the soil—about four inches deep—then cover shallow with 1½ to 2 inches of soil.

There are many more points to Clanahan's recipe for growing 400 bushels of potatoes per acre and for handling the crop all the way to storage. And, his recipe is available by writing to him at farm crops department, Michigan State University, East Lansing.

Average House Cost $14,500 Government Survey Shows

The average one-family home built last year was a three-bedroom rambler selling for about $14,500, a government survey shows.

This continued the trend of recent years for bigger, more expensive new houses, the Commerce and Labor Departments reported.

For the past three years, the majority of new homes constructed have been in the $12,000 to $15,000 bracket, but since 1954 construction of homes selling for less have slumped while more expensive housing has risen.

New homes costing more than $20,000 held at about 10 per cent of all construction started through 1954-55. But last year they soared to 18 per cent.

In the $15,000 to $20,0000 group new starts have increased to 26 per cent, an increase of 10 per cent over 1954.

However the bulk of new starts have remained in the area of $12,000 to $15,000, despite a mild decline from 29 per cent in 1955 to 27 per cent last year.

The upsurge in building for the upper income brackets has all but kicked the bottom out of the low-cost housing starts. Three years ago, the survey showed, 11 per cent of all new homes were built to sell under $7,000. Last year's starts skidded to a negligible 4 per cent.

In the next group, ranging up to $10,000 in price, new starts slumped to [illegible] per cent from their 1954 level of 15 per cent. A mild slump was also registered during the three years in the $10,000 to $12,000 bracket.

Included in the downward trend in low-cost starts was the row house — long an urban housing fixture. The government housing experts said the "small number" of row houses begun were concentrated in the northeast and southern areas.

Tips Given On Helping Realtor Sell Your House

"Music is mellow, but not when showing a house. Shut off the radio and the television — they distract — and let the salesman and the buyer talk, free of such disturbances."

This is one of 20 tested suggestions to home sellers in "Showmanship Helps Sell Homes," published by the National Institute of Real Estate Brokers, an affiliate of the National Associaton of Real Estate Boards.

Under the injunction, "Let your house smile a welcome to folks who want to buy it," the folder observes that by co-operating with a realtor with whom he has listed his house for sale, the owner can be of material help to a quicker and more satisfactory sale.

Among the other key points for such co-operation listed in the "tip sheet" are suggestions to:

Keep the exterior of your home inviting—trim the lawn, cultivate the flower beds, remove possible refuse from the lawn and yard. First impressions are lasting impressions, and a pleasant exterior insures inspection of the interior of your home.

Decorate your home. Faded walls and worn woodwork reduce desire. Instead of telling the prospect how the place can be made to look, show him by redecorating first.

Fix loose door knobs, sticking drawers, warped cabinet doors, and the like — they are noticed by the prospect.

Remove all unnecessary articles from the attic and basement. Display the full value of your storage and utility space.

Check and double check your bathroom. Bright and clean bathrooms will sell many homes.

The kitchen is dear to the heart of the lady of the house. Colorful curtains in harmony with the floor and the counter tops will add appeal.

Stay in the shadows—do not tag along with the prospect and the salesman. He knows the buyer's requirements and can better emphasize the features of your house when alone. You will be called if needed.

Personality Can Be Identified With Colors

Personality and mood can often be identified with color, according to Faber Birren, famous New York color consultant.

Reds and pinks are the colors of extroversion and indicate interest in outgoing activities.

Shades of blue indicate sincerity and spirituality and are usually the preference of introverts. Yellow can mean intellectualism, and people who prefer it are usually the sophisticates.

Green, Birren says, is one of America's favorite colors. Green symbolizes growth and hope and is generally the favorite color of people who take part in community activities, an interest in church affairs — and in making money — but never to extreme degrees.

So, for best results, choose your paint according to your personality and mood.

Nearly 60,000 new houses will be built by Midwest farmers during the next three years, according to a survey of farmers' building plans.

1,000,000 New Homes In 1957

A recent survey conducted by the United States Savings and Loan League of the nation's 6,000 savings and loan associations throughout the country indicates an "approximate balance" of supply and demand on the home construction market. The League forecast a production of one million new homes in 1957.

Advice On How To Paint Screens Without Clogging

At this time of the year most homeowners are beginning to think about preparing window and door screens for the summer season.

Because of the extremely light construction of the average wood-framed screen, it is not unusual to find that they need a bit of fixing before they are painted. With this attended to, the screens are ready for painting and hanging.

It is often noticed that after three or four paintings, screens seem to become clogged, and the mesh partially closed. This naturally causes the screen to lose efficiency, and prevents proper circulation of air through the mesh and also tends to make the interior of the house darker.

In order to prevent this happening, the mesh should be painted on one side only, then turned over and done on the other side with a brush that is comparatively dry. There will be plenty of paint through from the first side to coat the other one, and the result will not be a heavy clogging coat.

Actual practice has shown that an upright screen is easier to paint properly than one that is laid flat. It has also been noted that the mesh should be painted first and the frame afterwards. This is because the painting of the mesh may cause some spattering on the frame, which can be wiped off later and the frame painted.

As a precaution against spattering the wall or other surface against which a screen is laid, it is good practice to lay drop-cloths on the floor or ground and carry them up behind the screen. Newspaper fastened with thumb-tacks makes an ideal protection.

For mushroom hunters — the Morel, with its lacy top, is perhaps the most easily identifiable of edible mushrooms. Unless you are an expert, check other types with someone who knows the difference between poisonous and edible kinds.

Paint Still Same

Prior to recorded history, paints were no more than natural deposits of colored earth found in many parts of the world and combined with a liquid. Today, these colored earths, or pigments, are still used in paint making.
